perceived quality of ambiguous message & confidence in correctness of interpretation, 5–6 yr olds, 12437
prefixation or suffixation of verbs, comprehension of tense & aspect, 2.6–3.6 yr olds, Poland, 860
proficiency at reconstruction of sequence of utterances in conversation, college students, 9888
program of vocabulary development with cognitive & affective & physical elements, enhanced comprehension, 4th graders, 2000
psycholinguistic characteristics of stages of understanding, 9499
relevance of characteristics for comprehension of spoken message & encoding, memory of physical characteristics of message, college students, 4944
reliability & interrelationships of measures of self definition, verbal comprehension & peer relations, 2 yr old males, 9989
revision & construct validity, Humor Perceptiveness Test, college students, 11672
role as hearer-addressee vs -spectator, comprehension of deictic words, 2.9–4.2 yr olds, 854
search behavior on multi-choice hiding tasks, 9–10.5 mo olds, evidence for infant comprehension of spatial relationships, 9957
sensitivity of cloze procedure to intersentential comprehension, criticism of article by T. Shanahan et al, 4739
sequence of written English preposition comprehension, severely to profoundly hearing impaired adolescents, 5983
simple vs expanded premise, inferential reasoning fallacies, 7 vs 10 yr olds vs college students, support for biconditional vs comprehension theory, 10009
simulations of physical limitations of elderly, understanding of aging process & older people, high school students, 13577
text elaboration, aural language comprehension, kindergartners vs 3rd graders, 10026
theory of comprehension of computer programs, structure of knowledge & hypothesis testing process, computer programers, 9243
understanding & insight in discourse, 4932
verbal labeling of random nonsense shapes, probe-type serial-recall task performance, high vs low comprehending reading disabled 10 yr old males, 8250
word classification & comprehension performance, hearing impaired 9–16 yr olds, 3755
word production & comprehension, 50–68 yr olds with Alzheimer's disease, 5991
Comprehension Tests
test administration under single vs double pass-paired sentences procedure, picture avoidance responses, 3–7 yr olds, 2466
Compressed Speech
speech compressed by microcomputer, comprehension, visually impaired students, 3719
time compressed vs noncompressed TV commercials, commercial & brand name recall & attitudes & buying intention, females, 4601
Compulsions [See Also Compulsive Repetition]
behavior modification, obsessions & compulsions, 10 & 12 yr old females, 6203
behavioral & drug treatment & reality-oriented psychotherapy, obsessive compulsive use of laxatives & enemas & weight loss, 59 yr old female, 6052
clonidine, growth hormone response, 18–57 yr olds with obsessive compulsive disorder & elevated 3-methoxy-4-hydroxyphenylglycol & norepinephrine levels, 10429
cognitive restructuring, extinction of fear & avoidance, 20 yr old male with micturition anxiety & 21 yr old obsessive compulsive female, 6209

differential reinforcement of incompatible behavior & overcorrection, obsessive-compulsive behavior, educable mentally retarded 18–31 yr old males, 1598
memory deficits & ability to distinguish memories of real vs imagined events, compulsive checkers, 12869
personal characteristics & reactions & coping & Gam-Anon affiliation, spouses of compulsive gamblers, implications for community based treatment services, 8660
psychoanalytic perspectives of K. Horney & distinctions between compulsive personality disorder & compulsive personality traits, 8123
Compulsive Neurosis [See Obsessive Compulsive Neurosis]
Compulsive Repetition
exposure therapy, clients with phobias & compulsive rituals & anxiety disorders, 10819
Computer Applications [See Also Artificial Intelligence, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Simulation]
Apple II microcomputer system & electronic interface, extension of automatic vocal transaction analyzer approach from dyads to groups, 11568
APTICOM & computerized multiple aptitude test for vocational evaluation, 7030
communication skills training for computer assisted career counseling, student peer counselors, 2151
computer applications, community mental health centers, literature review, 10939
computer applications, school psychological services & special education, 13677
Computer Assisted Library Index, organization of career information in library, 2184
computer system & high level laboratory-oriented language, control of psychological experiments, 11598
computer technology, job characteristics, biscuit making operators, Scotland, 11404
computer-based self recording, environmental-behavior interaction during leisure, 15–17 yr olds, 2383
computerized data collection devices for research in zoos, 2364
deterioration of general hospital psychiatric department after introduction of computer system of charting & record keeping, 13371
development of Computerized Travel Aid for blind persons, 9282
experiment control system using 6502 microprocessor, electrophysiological analysis of classical conditioning, rabbits, 11621
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
experimental system using microcomputers, control of experimental devices & response measurement, 2382
large-scale expandable input/output port for TRS-80 microcomputer, online control of experiments & data collection, 11614
microcomputer technique, analysis of animal behavior, 6962
organizational validity, management information systems, 4541
overview of existing systems & potential benefits & problems & implications, computer-assisted career guidance testing & assessment, 9278
programable multiple-tone generator, software control of auditory stimulation, 11608
psychiatric history assessment via computer, 19–63 yr old psychiatric inpatients, 9246
reconstruction using computer graphics of microtubular disarray in cortical dendrites & compared to normal microtubular array in mouse, cortical tissue from mentally retarded infants, 3632
regional brain physiology examined through positron emission tomography, normal 19–62 yr olds, 445
reliability of computer interview, collection of drug use/abuse data, high school students, 12904
speech compressed by microcomputer, comprehension, visually impaired students, 3719
styles of maternal involvement & proposals for manual & computer systems to record mother-infant movement, infant psychotherapy, infants & mothers, 6135
theory & practice in psychology & computer science & process control, design of representation of on-line computer systems, naive users, 4680
use of computers in education & cognitive therapy & rehabilitation, 6966
use of microcomputer to administer AMDP psychiatric rating system, 11594
validity, pleasantness & activation ratings of words presented by computer-sorting algorithm, volunteers, 2358
video interface for transmission of TV camera signals to minicomputer, behavioral recording of Ss' location, animals under observation, 11580
Computer Assisted Diagnosis
apomorphine & normal vs abnormal computed tomography scans, treatment of chronic schizophrenia, 21–44 yr old patients, 10848
automated examination & diagnosis, 23 yr old paranoid schizophrenic outpatient, 8153
brain stem auditory EPs & 4th-generation computerized tomography & air-computerized tomography cisternography, diagnosis of acoustic tumors, 51–62 yr old patients, 8308
cerebral asymmetries in computerized tomographic scans, 3.3–18.6 yr olds with infantile autism vs neurological disorders, 12883
clinical diagnosis vs computer assisted diagnosis based on French version of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, psychiatric inpatients, 10422
computed tomographic brain scan findings, 2–22 yr olds with infantile autism vs mental retardation vs childhood psychoses, 3536
computed tomography, diagnosis of CNS disorders, 31–61 yr old psychiatric patients, 1130
computed tomography of brain, patients referred for psychiatric consultation, 1124
computed tomography scanning & rescanning, cognitive function & ventricle brain ratio, patients with senile dementia, 2-yr followup, 6008
computerized image-processing system for analysis of data from 2-deoxyglucose autoradiography, 52
computerized postural stability & white noise rotational tests, diagnostic screening for dizziness, patients with Meniere's disease & other vestibular dysfunctions, 13091
computerized tomography scanning, identification of risk of post-traumatic epilepsy, patients with head trauma, 8287
computerized vs face-to-face vs self report formats for assessment of alcohol & drug & tobacco use, reliability & content of information & ratings of assessment experience, 14–62 yr old clients of addiction treatment center, 1897
computers, training in & practice of psychiatry, literature review, 11565
conventional clinical vs computer assessment, identification of phobia severity & assessment of behavioral targets, phobics, 8099
cortical brain atrophy determined by computerized tomography, somatosensory refractory period, 18–96 yr old patients, 5967
cranial computerized tomography, multi-infarct dementia, 3822
development & validity of Computerized Marriage Assessment, 21–40 yr old married vs divorced or separated mothers of at least 2 children, Australia, 2416
dexamethasone suppression test & computed axial tomography scan, differential diagnosis of true dementia from depressive pseudodementia & prediction of response to antidepressant therapy, depressed 55–84 yr olds, 8115
introduction to radionuclides & radiopharmaceuticals & detection systems & tracer techniques in positron emission tomography & clinical applications, literature review, 12757
neurological examination vs cerebral computed tomography vs EEG, diagnosis of cerebral atrophy, 25–65 yr old patients, 8303
peripheral visual fields & computerized tomography scans, neurological & hallucinatory palinopsia, 18–75 yr olds, 5985
pneumoencephalographic & computerized axial tomography scan changes, patients with severe affective disorders, 5822
psychiatric history assessment via computer, 19–63 yr old psychiatric inpatients, 9246
reactions to computer assessment, phobic patients, 8098
referral rate & psychiatric diagnosis & neurological findings, organic & neurological & functional psychiatric patients referred for computerized tomography scans, 3526
Rorschach test vs computerized tomography, diagnosis of psychoorganic syndrome, patients with cerebral atrophy, 1403
smooth pursuit eye movement velocity assessed by computerized EOG technique, 19–31 yr olds, 1462
validity of computerized MMPI interpretive system, 7046
validity of PRALP system, automated interpretation of Rorschach Test, psychiatric patients, 4781
Computer Assisted Instruction
attitudes toward computers & computer assisted instruction, students, 1976–82, literature review, 2081
cautions for use of computer assisted instruction, learning disabled students, 9046

cognitive style & ability & aptitude & computer-managed mastery learning, individual differences in achievement & learning rate, US Navy trainees, 11356
computer assisted instruction, special & remedial education, 11266
computer assisted reading instruction, teacher effectiveness & student engagement in learning, 13590
computer based vs lecture/laboratory instruction, renal diet therapy, dietetics students, 6646
computer controlled text on CRT screen vs traditional text, text comprehension, 5th graders, 13564
computerized mathematics vs spelling vs conventional remedial instruction, academic achievement, learning disabled 1st–6th graders, 6749
computerized training in cost consciousness, cost & quality of treatment scores, 3rd-yr medical students, 8918
computers, training in & practice of psychiatry, literature review, 11565
confidence testing procedures for computer-based multiple choice testing, 11284
current state & future possibilities of computer assisted education, 11207
need for multisensory computer programs for instruction to accommodate various perceptual learning styles, 8985
positive & negative aspects of use of microcomputers in schools, 8958
priorities for use of computers, learning disabled elementary school students, 6758
touch-activated input device for attachment to computer CRTs, school age children, 13555
training & testing & evaluation & time management & instructional design/development & student motivation & hardware, computer based training, literature review, 6880
use of computers in classroom & visual-tactical development & attention span & other visual skills, primary school students, 8973
use of microcomputer system in laboratory for introductory psychology course, 6583

Computer Programing Languages

English vs SEQUEL, solution of computer data retrieval problems, 18–30 yr olds, 13794
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
truncation vs vowel drop vs minimum to distinguish vs phonics vs user defined mechanisms to learn & encode & decode abbreviations in limited command-language lexicons, secretaries, 11453
user participation in design of command language & structuring rule, command recall, office clerks, 11458

Computer Programs [See Computer Software]

Computer Simulation

computer program used to develop tables of required sample size under indirect range restriction, criterion-related validity, extension of work of F. L. Schmidt et al, 11752
computer simulated speech reception threshold methods, older adults, 55
computer simulation & item response theory, development of "TESTLEN" to assess impact of criterion referenced test length on reliability & validity of test results, 9095
computer simulation model of pedestrian behavior, walkway design, 2357
computer simulation of limb segment functions, perception of human walking &/vs running gait, college students, 4883
computer simulation of sequential bias in randomized responses, comparison with human generated numerical sequences, college students, 9284
constant compass heading vs reorientation during autumnal migratory flight indicated by computer simulation, birds, North America, 12061
estimation of item & person parameters by computer program LOGIST allowing specification of prepotency level & assumption of unidimensionality with multidimensional latent trait space, 11638
procedure for measurement & analysis of visible articulatory movements & description of video speech synthesizer, visual speech perception, 9884

Computer Software

ability to estimate functional behavior of hidden variables, extension of work on Generalized Production Rules System for strategic decision making, 9253
APL program function, calculation of Cholesky factor of gramian matrix, 11600
application of Johnson-Neyman technique using SPSS on Biomedical Computer Programs, determination of significant treatment effects for 1 or 2 covariates, 2519
automated examination & diagnosis, 23 yr old paranoid schizophrenic outpatient, 8153
BASIC program, calculation of score ability estimates from item difficulty data, 2530
BASIC program, construction & administration & scoring of Likert scale questionnaires, 11603
BASIC program, decision support in identification of univariate nonseasonal nonmixed autoregressive integrated moving average time series, 11562
BASIC program, determination of optimal cutting scores for 2 group classification adjusted for user-defined base rates & classification utility, 2353
BASIC program for measurement of interrater agreement, 9267
BASIC program for study of paired associate learning, 4690
BASIC program, measurement of probability relations between variables in matrix, 11613
BASIC program, meta-analysis using Stouffer's formula, 4688
BASIC program, monitoring academic progress, students in objectives-based instructional program, 4430
BASIC program, nonparametric statistical analysis, 11631
BASIC program, rank order statistical analysis, 4686
BASIC-PLUS-2 programs, control of serial paired-associate learning experiments, 11610
behavioral recording system using portable data terminal, 11559
Biomedical Computer Programs statistical package, generation of bimultivariate covariation measures with limited interaction for partial & semipartial & bipartial models, 2518
computer & written literacy, 9876
computer aid based on Bayes' theorem, decision making, military intelligence analysts, 40
Computer Assisted Library Index, organization of career information in library, 2184
computer implementation of Theory of Model Dimension, syllogism solution, 9258
computer program, correction of baseline drift artifact in slow potential recording, 70
computer program for generalized adaptive filtering & algorithm for time series analysis, 2376
computer system & high level laboratory-oriented language, control of psychological experiments, 11598
control & execution structure complexities in computer programs, program comprehension, introductory programing students, 7151
data acquisition system for interpretation of clientele data at college counseling center, 2185
description of SAGE computer program, adaptive production system model of strategy learning, 9269
design issues & methods & human factors in interactive computer software, emergence of direct manipulation, 4696
electronic artificial visual neuron to simulate spike trains of cat retinal ganglion X-cell receptive field centers, evaluation of computer programs that track visual sensitivity & recording apparatus, 11617
experiment control system using 6502 microprocessor, electrophysiological analysis of classical conditioning, rabbits, 11621
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
experimental system using microcomputers, control of experimental devices & response measurement, 2382
FORTRAN IV program, calculation of dynamic individual & organizational proximity values for user-defined time intervals, 11589
FORTRAN IV program, sorting individual differences multidimensional scaling data, 4699
FORTRAN program, accumulation of test item reliability information & ancillary item statistics, 2391
FORTRAN program, estimation of parameters in random walk models for 2-choice response time tasks, 11579
FORTRAN program, maximum-likelihood calculation of threshold in adaptive psychophysical measurement, 11618
FORTRAN subroutine, computation of 1- & 2-sided probability values for Fisher exact test, 2355
FORTRAN 77 program, plotting mathematical functions within 1 plot frame, 11561
function of excursion tour sequence of operations in man-machine dialog systems, 4557
human factors considerations, computer graphics system design, 4558

interactive BASIC program, analysis of structural equations, 4704
interactive FORTRAN program, control of signal detection experiments, 4694
LISP program, calculation of similarity relations in letter displays based on similarity matrix or tachistoscopically-derived feature-set definitions, 11602
machine code for AIM-65 microcomputer system, displaying alphanumeric characters on oscilloscope screen, 11588
metric recovery capabilities of BICAL & LOGIST, 2489
microcomputer-based system, continuous automatic collection & storage & analysis of food intake data, rodents, 4698
models of data analysis & computer software for social sciences, 68
models of individual user characteristics, interactive computer software systems, 4691
modification of N. Jaspen's FORTRAN program & method, approximation of probabilities corresponding to values of F ratio between unity & median, 2359
modular BASIC & PASCAL programs, computation of 1-tail probabilities for z statistic for determination of significance of correlation coefficients, 2351
PDP-11 assembly language program, digitizing & sorting & averaging EPs, 11615
PL/1 program, generation of randomized stimulus & response sequences, 4679
RATFOR program, detection of proper resting structure in RATFOR programs, 4671
ruler measurements of graphical record vs Apple II/FIRST system, extraction of CR presence & latency in classical conditioning experimentation, 4684
SAS program, facilitation of keypunch entry of sparsely coded data sets, 4673
semantic similarity of names & commands, suggestiveness as implication of system actions, college students & computer programers, use of A. Tversky's model of featural similarity, 11457
Sinclair ZX81 computer with Byte-Back BB-1 software module & interface to Skinner box for experiment control, 4689
structural analysis & human factors & learning & use & "hierarchicalness" & congruence, design of command paradigms & naming, computer systems users & experimental Ss, 11449
theory & computer model, global structure analysis in early visual information processing, 53
theory & practice in psychology & computer science & process control, design of representation of on-line computer systems, naive users, 4680
theory of comprehension of computer programs, structure of knowledge & hypothesis testing process, computer programers, 9243
TRS-80 Model I & BASIC & assembly programs, tachistoscopic presentation & RT measurement, 4683
use of automatized logical play system in game-like psychological experiments, 4707
user friendly automated information retrieval system, 4559
Writer's Workbench computer programs for UNIX operating system, analysis of English prose to facilitate improved writing, 4682
Z-80 machine language technique & BASIC program for Model III TRS-80, synchronization of video displays & RT measurement, 4670

Computers [See Also Analog Computers, Digital Computers]
allocation of tasks between operator & computer, 13730
attitudes toward computers & computer assisted instruction, students, 1976–82, literature review, 2081
computer-based electronic message system, instructional interaction with teacher, college-level students, 8991
computerized portable test facility, analysis of motor performance during discrete positioning tasks, 7045
computers, training in & practice of psychiatry, literature review, 11565
design considerations & effectiveness of lightpen as means to interact with computer, children with mean age of 5.2 vs 10.8 yrs, 11554
direct & reflected glare & flicker & ambient & video luminance & video polarity, discomfort while viewing CRT display, college students, 9182
evaluation of Terminals for Managers computer system, university managers & computer services personnel, 9879
experimental system using microcomputers, control of experimental devices & response measurement, 2382
human factors considerations, computer graphics system design, 4558
impact of advances in communication & computer technologies on society, implications for career guidance, 4462
learning automaton model for congruence to joint strategy, fairness & profitability tradeoff, 4658
mental influence, computer pseudo-random number generation, 11515
microcomputer use in vigilance experiments, 4709
multiteacher environment & average weighted reward & reinforcement scheme, learning behaviors, variable structure stochastic automaton, 4662
neurophysiological studies, multiple levels of control of robotic arm movement & proposals for use of control theory, 2366
psychological stress, information processing rate, engineering students, implications for computer operator training, 6835
social implications of microchip electronics technology, implications for special education, 9247
training & testing & evaluation & time management & instructional design/development & student motivation & hardware, computer based training, literature review, 6880

Concentration
validation of short Orientation-Memory-Concentration Test of cognitive impairment, 65–105 yr old nursing home patients & elderly patients in health facility & senior citizens, 9340

Concentration Camps
Holocaust, family life, Jews born immediately after World War II, 12546
re-enactment in psychoanalysis of mother's traumatic experience, daughter of concentration camp survivor, 13134

Concept (Self) [See Self Concept]

Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]
active searching for common elements in stimuli, paired associate learning vs categorization of geometric figures, college students, 4908
age & IQ level, cognitive determinants of number series completion performance, college students vs average- vs high-IQ 4th & 5th graders, 12414
age & type of task, performance on hierarchical conceptual relationships tests, 5–9 yr olds, verification of E. Rosch's theory, 3206
age differences, ability to distinguish real vs apparent object properties, 3–5 yr olds, 811
categorization behavior, recognition of visual forms, 3–4 mo old infants, 3159
cognitive processes in hypothesis generation, 2620
cognitive style & knowledge of linguistic concepts, reading achievement, 1st vs 3rd graders, 5327
comprehension of temporal concepts in sentences, children, 3207
conflict resolution vs concept learning tasks, habituation of heart rate & pulse amplitude & EMG & skin conduction, 18–51 yr old males, 9711
consideration of need in allocations & justifications, preschoolers, 7676
contingency abstraction, concept learning, polytechnic students, 267
coordination of & distinctions between domains in social-cognitive development, children, literature review, 9931
definition of category & formulation of concept & reaction time & reasoning obstacles, verification of theories of L. E. Bourne & E. Hunt, 2617
degree of text explanation of statistics concept, concept learning, college students, 6627
development of conservation concept, object &/vs relation fractions, 4–12 yr olds, 9998
development of geometric concept of perimeter of square, children, 5373
development of natural phenomenon cognitions, 6–10 yr olds, 7760
development of stability of mathematics concepts, 3–11 yr olds, 3163
duration & variability of system response time, performance of selection concept-learning task, college students, 7148
function cues, judgment as chairs of objects on which one could sit, 3–5 yr olds vs college students, 9945
functional level in geometry concepts, ability to master higher level concepts, preservice elementary school teachers, 6565
fuzzy set vs stack versions of gradient theory incompatible with conceptual combination, prototype theory of concepts, evaluation of work of L. A. Zadeh & of G. V. Jones, 4921
genetic & environmental influences, development of Piagetian logico-mathematical concepts & other cognitive abilities, 4–8 yr old monozygotic vs dizygotic twin pairs, 9969
Halstead Category Test performance, learning disabled 9–14 yr olds with deficiencies in arithmetic & various levels of academic & neuropsychological performance, 5921
instructional procedure involving cognitive conflict to expose & extinguish erroneous preconceptions, learning of scientific concepts, students, 2032

live model vs doll vs photograph vs line drawings, ability to mimic & describe poses, 3–6 yr olds, 9982
mastery of anaphorical relationships, 4th vs 6th graders, 7726
methodology, measurement of structural knowledge of domain, college students, 6773
methods for developing conceptual thinking, deaf 2nd–5th graders, 13658
model of concept attainment using continuous values as defining attributes, 11893
motivation & cognitive failure & doxepin vs hydroxyzine therapy, concept learning, anxiety disordered male 20–50 yr old inpatients, 10861
multidimensional scaling & confirmatory nonparametric methodology, analysis of relationship between narrative materials to be learned & subsequent semantic knowledge organization, college students, 2504
peer vs adult & physically present vs videotaped model, observational learning of conservation, 6.2–7.9 yr olds, 12436
perceptual & linguistic factors & kinds of properties, performance on class inclusion tasks, 4.4–5.7 yr old nursery school students, test of Equally Detailed Alternatives hypothesis, 3197
personal construct theory applied to psycholinguistic data, psycholinguistic properties of constructs, 12338
psychoanalytic methods of studying formation of concept of authority, 4607
role of concepts & solution methods in solving 2-step word problems with ratio, 9–14 yr olds, 12435
stack vs fuzzy-set theory, basis of prototype theory of concepts, criticism of work of D. N. Osherson & E. E. Smith, 4916
stimulus delay & fading vs differential reinforcement, concept learning, mentally retarded 30–65 mo olds, 3906
strategy monitoring training, selection of effective memory strategies, 2nd graders, 3180
teaching methods, mathematical prototype formation & classification skill development, 3rd graders, 6652
theory of fuzzy sets as basis for theory of prototypes, criticism of work of D. N. Osherman & E. E. Smith, 4935
visual vs tactual training, cross modal & dimensional recognition, kindergarten vs 3rd grade males, verification of D. M. Lane & F. M. Rabinowitz's model, 3191
Western psychological trends, bourgeois concepts of personality formation, USSR, 12737
Concept Learning [See Concept Formation]
Concept Validity [See Construct Validity]
Concepts
ability to classify word concepts, 5th graders, 3208
algebraic structure of idea set, implications for knowledge acquisition, 290
Asian relational vs Western individualistic concepts, behavioral science, 11534
concrete vs abstract renderings & stereotypy vs creativity, production & discrimination of pictograms as representations of abstract concepts, college students, 11850
distinction between risk & uncertainty & ambiguity in risky choice & risk preference & planning & goals & aspirations & economic model, psychological concept of risk, 4972
evaluation of course content knowledge structure, 6596
free color associations to concepts, 4–6th graders, 12400
fuzzy set vs stack versions of gradient theory incompatible with conceptual combination, prototype theory of concepts, evaluation of work of L. A. Zadeh & of G. V. Jones, 4921
stack vs fuzzy-set theory, basis of prototype theory of concepts, criticism of work of D. N. Osherson & E. E. Smith, 4916
theory of fuzzy sets as basis for theory of prototypes, criticism of work of D. N. Osherman & E. E. Smith, 4935
validity of property dominance & typicality norms of nouns, college students, 11852
Conceptual Imagery
age, ability to complete story, 4 vs 5 yr olds, 12458
concrete vs abstract renderings & stereotypy vs creativity, production & discrimination of pictograms as representations of abstract concepts, college students, 11850
described vs undescribed images & memory set size & presentation to right vs left visual field, RT, right handed college students, 11839
mental rehearsal & visual literacy, implications for teaching, literature review, 2014
spatial vs linguistic processes, formulation of transitive inferences, learning disabled 7 vs 9 vs 11 vs 13 yr olds, 3635
text illustrations &/vs other graphic or mental imaginal aids &/vs oral prose, school learning, elementary through college students, literature review, 8980
Conceptualization [See Concept Formation]
Concussion (Brain) [See Brain Concussion]
Conditioned Emotional Responses
alpha-methylDOPA, blood pressure & heart rate following fear conditioning, spontaneously hypertensive rats, 7603
compound CSs & extinction of conditioned emotional responses, summation of undetected excitation, rats, 7240
context extinction using conditioned emotional response, latent inhibition, male rats, 4990
exposure to fear conditioning context with vs without reinforcement, fear of CS, rats, 5009
shock intensity, activity burst & subsequent freezing, female rats, 7521
Conditioned Inhibition [See Conditioned Suppression]
Conditioned Reflex [See Conditioned Responses]
Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]
activity changes in brain catecholaminergic system, elaboration & retention of defensive conditioned reflexes, rats with altered serotonin level, 7589
activity of hippocampal neurons during switching over of alimentary & avoidance conditioned reflexes, rabbits, 2852
amines & cholinesterase inhibitors, avoidance CRs & thermoregulation & brain acetylcholinesterase, male rats, 655
amygdalo-hypothalamus lesions, autonomic responses during alimentary CR & UCR, dogs, 9778
apomorphine & domperidone vs sulpiride vs pimozide, avoidance & escape responses, female rats, 12313
arrangement of multiple concurrent CSs, response distribution across CSs, pigeons, support for findings of P. L. Brown & H. M. Jenkins, 11954
backward conditioned reflex to electrical stimulation of visual cortex, neuronal responses, cats, 7409
benzodiazepine vs nonbenzodiazepine anxiolytics vs other psychoactive agents, punished responding, male squirrel monkeys, examination of conflict test, 3067
chronic phencyclidine administration & subsequent abstinence, disruption of operant behavior, male rhesus monkeys, 7622
conditioned reflex to beta-phenylethanol & differentiation of cumarin, guppies, 2712
drug class, intracranial self stimulation response decrement pattern, male rats, 3019
enkephalin, alimentary conditioned reflex, dogs, 3092
ethanol & tertiary-butanol, FR responding, male rats, 9869
excitability of CNS, time course of formation of CRs to water & food, unrestrained dogs, 7265
hippocampus & fornix lesions, internal inhibition & motor CR, cats, 12233
interactions among prefrontal cortex & hippocampus & caudate nucleus head & thalamic medio-dorsal nucleus during delayed reaction & trace conditioned reflex, monkeys, 2834
internal inhibition of conditioned activity during space flight, rats, 12175
intertrial intervals, response-reinforcer pairing viewed as stimulus event vs response strengthener, pigeons, 7274
iv diazepam, acquisition & performance of discrimination involving response chains, 24–25 yr old males, 638
lack of relationship between reinforcement rate maximization predictions & performance & ambiguous results from VI choice procedures & logical & mathematical problems, criticism of A. I. Houston's work, 7242
lesioning of globus pallidus, conditioned reflexes, cats, 2973
maximizing reinforcement rate on independent concurrent VI schedules & approximation to matching, application of optimality theory to operant behavior & reinforcement rate control of behavior, 7244
metkephamid dosage with vs without naloxone, operant conditioned responses, male pigeons, 661
motor CRs to acoustic stimulation, excitatory vs inhibitory synaptic inputs in Purkinje cells in paramedian lobe of cerebellum, rabbits, 7451
moving light as CS, CR following enucleation, goldfish, 7543
neuronal activity in caudate nucleus during formation of inhibitory CRs, cats, 7410
neurophysiology & CNS & CR theories, 12089
noise intensity, visual recognition, intact vs callosectomized rats, 7555
noninvasive technique for detection of sniffing frequency in classical conditioning to odors, rabbits, 6955

organization of cortical neurones in conditioned responding, 12113
orientation of angry facial expressions, extinction & electrodermal conditioning to facial stimuli, college students, 12148
paradoxical sleep deprivation, acoustic discrimination during conditioned food-procuring behavior, cats, 7499
phase of chain VI-VI schedule in effect, response to chain vs simple concurrent schedule, pigeons, 340
pimozide, leverpress vs wheel running responses for brain stimulation reinforcement, male rats, 9715
piracetam & GABA, defensive conditioned reflexes, frogs, 12285
piribedil vs haloperidol vs dextroamphetamine vs tetrabenazine methane sulphate vs alpha-methylparatyrosine, FI responding, pigeons, 660
preexposure & context, memory for CR, cats, 7272
prior pentobarbital-lithium chloride pairings, pentobarbital-induced hypothermia, male rats, 3093
psychoticism & extraversion & anxiety & stimulus intensity, eyelid conditioning, 16–58 yr old females vs males, 8011
sample-specific behavior vs sample hue, matching-to-sample performance, pigeons, 11946
signal-centered behavior & CS evoked response & physiology of higher nervous activity, translation of lecture from Pavlovian Society Meeting in Leningrad, 9553
spontaneous cortical unit activity & statistical relation to EEG in sensorimotor & visual cortices during orienting response & extinction & conditioned electrodefensive reflex, waking rabbits, 9640
stimulants of nervous activity, time course of forming conditioned avoidance reflex, rats, 703
stimulation of orbital cortex at frequencies of 1 vs 100 Hz, CR latency & volume of spontaneous vs conditioned salivation, dogs, 7363
tetrahydrocannabinol & morphine, locomotor activity & autoshaped behavior, male rats, 7630
visual &/vs auditory stimulus & conditioned reflex activity, prefrontal cortical unit activity, monkeys, 7418

Conditioned Stimulus
classical conditioning, defensive burying of CS, male rats, 7235
clonidine & alpha-2 adrenoceptor stimulation, production of discriminative interoceptive stimuli, male rats, 619
compound CSs & extinction of conditioned emotional responses, summation of undetected excitation, rats, 7240
conditioned signals, conditioned running to fresh vs salted foods, cats, implications for dominant motivation, 7231
CS preexposure with vs without low-level hippocampal vs cortical stimulation, latent inhibition in classical conditioning of nictitating membrane response, rabbits, 2957
CS-evoked representations of flavored substances, overshadowing & potentiation of conditioned taste aversions, rats, 2697
differential signal order reversal & extinction & punishment, multiple continuous escape-avoidance with vs without warning signal, male rats, 343
duration of CS preexposure & interference effects, toxicosis learning, rats, 2714
information, cooperative behavior, pigeons, 2698
intertrial intervals, response-reinforcer pairing viewed as stimulus event vs response strengthener, pigeons, 7274
moving light as CS, CR following enucleation, goldfish, 7543
number of constant elements in auditory click CS, stimulus control in avoidance & alimentary instrumental conditioning, dogs, 9564
presentation alone of tone previously paired with aversive stimulus, mediation strength in extinction, rats, 5002
primary vs secondary CS-UCS interval in 2-presentation conditioning, flavor aversion, male rats, 5005
prior conditioning to 1 component of compound CS & trace interval between compounds of CS, blocking effect in conditioned suppression, male rats, 11940
relationship between signal & noise stimuli in weight discrimination, 2570
response preconditioning, instrumental responding, male rats, 2708
sensory preconditioning & blocking, tolerance to morphine analgesia, male rats, test of Pavlovian conditioning model of drug tolerance, 12257
separate vs compound odor & flavor CS, CS potentiation/attenuation in toxiphobia aversion conditioning, male rats, 11964
single neuron activity during operant behavior guided by multimodal cues for food intake, functional properties & heterogeneity of neurons in dorsolateral prefrontal cortex, monkeys, 7346
stimulation of perforant pathway as CS, conditioned avoidance, male rats, 2955
visual &/vs auditory stimulus & conditioned reflex activity, prefrontal cortical unit activity, monkeys, 7418

Conditioned Suppression
behavioral conditioned suppression vs brain stem evoked response techniques, determination of hearing thresholds, rabbits with vs without cochlear lesions induced by noise vs kanamycin, 9242
compound CSs & extinction of conditioned emotional responses, summation of undetected excitation, rats, 7240
compound stimulus preexposure & stimulus salience, latent inhibition & acquisition of conditioned suppression, male rats, 7251
familiar vs novel available diet & chronic lithium chloride, conditioned suppression of food intake & preference, rats, 9717
illumination & dextroamphetamine vs pentobarbital, response suppression, pigeons, 7591
intensity of reflex-eliciting noise, startle eyeblink reflex, humans, implications for lead-stimulus inhibition, 12146
morphine & naltrexone & diazepam, suppression of drinking & saccharin solution intake, male rats, 9804
morphine vs codeine vs pethidine vs pentazocine vs aminopyrine, rapidly learned conditioned suppression of motor activity, male mice pretreated with naloxone vs levallorphan, 5212
prediction of success in voluntary suppression of conditioned GSR in avoidance of stress stimuli, Ss with high tested anxiety, 7482
prior conditioning to 1 component of compound CS & trace interval between compounds of CS, blocking effect in conditioned suppression, male rats, 11940
REM sleep deprivation, acquisition of conditioned feeding suppression, male rats, 5166
repeated exposure to UCS, retention & acquisition of conditioned suppression, male rats, 11957
schedule-induced polydipsia & autoshaped leverpressing as substitutes for eating, rats, 7230
statistical method to assess sensory thresholds obtained by conditioned suppression, dark-reared cats, 49
unilateral cortical-spreading depression, retrograde amnesia during conditioned suppression, rats, implications for memory confinement vs generalization decrement, 12219

Conditioning [See Also Autoshaping, Aversion Conditioning, Avoidance Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Escape Conditioning, Eyelid Conditioning, Operant Conditioning, Unconditioned Responses, Unconditioned Stimulus]
defense of Eysenck's theory of incubation, answer to P. J. Bersh's critique, 9221
delivery of signaled response-independent reward, leverpressing rate, male rats responding to DRL schedule, 333
general behavior regulation model of learned performance under schedule constraint, 9207
need for controlled experiments & failure of current data to support H. J. Eysenck's theory of incubation, professional criticism reply, 9212
photoresponse & association between darkness & food presentation, starfish, 2685
saline vs physostigmine injection, defensive burying conditioning & retention, male rats, 634
sensory preconditioning as model of associative learning, literature review, 4616
voltage response changes during retention of associative learning of eye photoreceptor cells, mollusks, 489

Conditioning (Avoidance) [See Avoidance Conditioning]
Conditioning (Classical) [See Classical Conditioning]
Conditioning (Escape) [See Escape Conditioning]
Conditioning (Eyelid) [See Eyelid Conditioning]
Conditioning (Operant) [See Operant Conditioning]
Conditioning (Verbal) [See Verbal Learning]

Cones (Eye)
color perceptual confusions & photoreceptor spectral sensitivity & importance of standard O data & fundamental response curves in research, dichromats, 1453
evolutionary basis for trichromatic color vision, 9623
individual variation, color discrimination & potential role of mechanisms at photopigment vs opponent-process neural level, normal vs color deficient Ss, 1378
individual variation in color vision as measured psychometrically & by cone pigment absorbance, squirrel monkeys, 454
psychophysical & electrophysiological distinctions between 3 cone types & model of sensitivity modulation by membrane ionic ratings & cardiotonic drug AR-L 115 BS, rhesus monkeys & humans, 493
short wavelength cone functioning, Ss with diseased eyes with foveolar fixation, 1399

spectral response curves of cones & quantitative relation with color opponent response of horizontal C-cells, walleye, 12081
Confidence Limits (Statistics)
formula to transform Fisher's z to r, 2495
hypothesis testing & confidence interval procedures for randomized response technique to reduce bias due to embarrassment in self report surveys, high school students, 2395
jackknife & bootstrap procedures, estimation of confidence interval for product moment correlations, 9403
modification of N. Jaspen's FORTRAN program & method, approximation of probabilities corresponding to values of F ratio between unity & median, 2359
modular BASIC & PASCAL programs, computation of 1-tail probabilities for z statistic for determination of significance of correlation coefficients, 2351
utility of reporting critical levels & p-values in psychological hypothesis testing, 7079
Confidentiality of Information [See Privileged Communication]
Conflict [See Also Violence, War]
benzodiazepine vs nonbenzodiazepine anxiolytics vs other psychoactive agents, punished responding, male squirrel monkeys, examination of conflict test, 3067
bind situations vs unpleasantness vs conflict, ambiguous &/or indirect &/or evasive verbal messages, college students, 5261
cognitive conflict & Piagetian equilibration, reply to criticisms by F. B. Murray & G. N. Cantor, 5411
community conflict over school desegregation, subsequent race relations, students & teachers in biracial high school, 4314
conflict & perceived stress associated with working with pregnant colleague, clinical faculty & residents in medical school, 11113
conflict & social perceptions, surfers vs lifeguards, Australia & New Zealand, 7984
conflict intensity, conflict management strategies, student & sponsor teachers, 11161
conflict paradigm using footshock punisher & water as reinforcer, evaluation of anxiolytics, 9271
conflict vs therapeutic harmony models, psychotherapy, recently divorced persons, 13170
cross cultural differences, conflict asymmetry & hierarchical complexity & degree of polygyny, 24 ethnographically described societies, 5497
divided loyalties in professional practice & implementation of social welfare policy, social workers, 8900
exposure to sexist statements & actions during conflict, sex role attitudes, college students, 12592
family conflict & stress, child's development, traditional vs nontraditional families, 12370
hypnotic suggestion with conflicting communication, response to suggestion, college students, 11927
influence of Freud's view of fundamental conflict between individual & society & study of modern American culture, critique of P. Rieff's work, 7828
interpersonal dynamics & individual differences, frequency & nature of games & conflicts, dyads of females from 22 to 25 mo old, 7812
kind of decision & amount of personal conflict & program content, use of evaluation information in decision making, school board members vs administrators, 11178
model for analysis of interpersonal conflicts, 7959
motivation & resolve & capabilities of protagonists, outcomes of interstate disputes, implications for conflict management & escalation, 10105
multiracial group characteristics & interracial conflict, Black & White maintenance employees, 12537
need for psychotherapy & conflicts in treatment & role of racism, Black males, 1511
Piagetian cognitive conflict vs social learning rule-consistent modeling, acquisition & transfer & retention of conservation, 1st graders, 5412
professional socialization, perceived organizational conflict & conflict reporting behavior, newly graduated nurses in hospital system, 1948
psychological factors in conflicts in commerce, 9164
satisfaction with relationship & individual investment & available alternatives, prediction of response to problems in romantic involvement, college students, 1063
sex & years of clinical experience & occupation, ethical conflicts related to clinical intervention, mental health workers, 6513
social learning based modeling vs Piagetian cognitive conflict, acquisition of weight conservation, 1st graders, criticism of article by B. J. Zimmerman & D. E. Blom, 5347
sources of discord in divorce cases, attorneys & therapists, 4158
suitability of use of cognitive conflict as operational definition of Piagetian equilibration, implications for conservation training, criticism of article by B. J. Zimmerman & D. E. Blom, 5384
usefulness of repertory grid measures of conflict, assessment of imbalance in construct relationships, 18–58 yr old neurotic outpatients, 11727
usefulness of therapist's countertransference in dealing with therapeutic conflict in group psychotherapy, difficult clients, 10754
work & interpersonal conflict & personality structure & physical complaint, psychodynamics & physiological correlates, patients with Crohn's disease & duodenal ulcers & ulcerative colitis, 6046
work overload & interunit conflict & intershift problems & resource inadequacy & role frustration & conflict & primary-care vs team-care, job attitudes & behavioral intentions, nurses with mean age of 33.8 yrs, 4182
Conflict Resolution
changes in laws to improve current court evaluations vs custody mediation outside judicial system as interventions in child custody disputes, 3339
conciliation as method of family conflict resolution, reduction in destructive impact of divorce, families, 10760
conflict intensity, conflict management strategies, student & sponsor teachers, 11161
conflict resolution vs concept learning tasks, habituation of heart rate & pulse amplitude & EMG & skin conduction, 18–51 yr old males, 9711
construction & reliability & validity of Rahim Organization Conflict Inventory II, measurement of styles of handling interpersonal conflict, executives, 7060
cooperative standards, predictive validity of bargaining set in 3-person games, 5633
criteria for organizational dispute resolution, managers & nonmanagers & police officers, 11428
dominance behavior & conflict resolution, implications for evolution of morality, 5483
factors in decision to mediate contested child custody & visitation issues, divorcing spouses, 3333
humanistic approaches of T. Gordon & C. Rogers, family conflict resolution & socialization of children, 12564
impression management vs self image conflicts, reward allocation, college students, 3368
interpersonal attraction & conflict management, college students, 5642
motivation & resolve & capabilities of protagonists, outcomes of interstate disputes, implications for conflict management & escalation, 10105
parental decision making patterns & conjugal conflict resolution techniques reported by offspring, middle-class urban high school students, India vs Ireland vs US, 10169
perceived appropriate responses to complaint letters, consumers & company branch managers, 4599
rhetorical game "playing the dozens", regulation of personal & social conflicts, Blacks, 12521
threat of nuclear war, need for interpersonal psychological approach to facilitation of intergroup conflicts, 929
TV programs, conflict resolution strategy in transmission of prosocial ideas & behavior, children, 7684
verbal compliance-gaining strategies in naturally occurring conflicts with peers, 2–5 yr olds, 12378
3rd party consultation in intergroup conflict resolution, literature review, 10230
Conflicts (Role) [See Role Conflicts]
Conformity (Personality)
amount of schooling, pressure to conform & cultural complexity, 4–12 yr old members of 186 separate cultures, 10097
conformity & lying, Machiavellianism, college students, 5690
conformity & self restraint & humility & holism in stereotyped personality, Taiwan, literature review, 1102
stage of ego development, acceptance of instructor's orientation to teaching, female preservice teachers, 6573
Confusion (Mental) [See Mental Confusion]
Congenital Disorders [See Also Cleft Palate, Drug Induced Congenital Disorders, Hermaphroditism, Spina Bifida]
binocular & monocular pattern onset visual EPs & monaural auditory brain stem responses, 6–31 yr olds with Chediak-Higashi syndrome, 10568
color vision testing for early detection of congenital color deficiencies, 4–6 & 6–13 yr old color normals & 5–11 yr old color defectives, 1445

physical activity levels at summer camp, 11–22 yr olds with Prader-Willi syndrome, 1307
previously undiagnosed congenital rubella, severe language & learning disability, major CNS disorders, 1–14 yr olds, 10576
psychomotor development, 1 yr olds with Werdnig-Hoffman disease vs Walton's congenital benign muscle hypotonia, 3775
sexual status, 14–18.7 yr old males with idiopathic adolescent gynecomastia vs 3.5–15.8 yr olds with congenital virilizing adrenocorticism, 10626
speech & hearing disorders resulting from congenital defects, 6028
speech & language characteristics & therapy, 5 yr old female with Prader-Willi syndrome, 1352
treatment, spinal cord vascular malformation causing perimenstrual symptoms & depression & dysphoria, 36 yr old female, 1465
Congenitally Handicapped
home environments, behavior & intelligence & expressive language & motor development, 4 yr olds with minor congenital anomalies, 10318
previous visual experience, structure of spatial representation, congenitally adventitiously blind 11 yr olds, 8292
Conjoint Therapy
behavioral marital therapy vs communication training in conjoint vs conjoint group modality, marital distress, 25–40 yr old couples, 6163
individual vs conjoint vs family treatment in divorce therapy, 3896
psychotherapeutic & cognitive behavioral conjoint treatment components, paraphilia, 13221
Connective Tissues [See Bones]
Connotations
personal vs standard connotative images of word concepts & personality traits & social desirability, college students, 5665
phonemic rhyme & semantic association norms for words, college students, 11849
validity of property dominance & typicality norms of nouns, college students, 11852
Consanguineous Marriage
patrilateral parallel cousin marriages, birth rate & divorce, Muslim community, Lebanon, support for Westermarck hypothesis, 12554
Conscience
conscience field & cerebral activity, 7412
guilt & self esteem & conscience, depressed & schizophrenic 17–67 yr olds, 10416
Conscious (Personality Factors)
acquisition of shamanistic status, conscious & unconscious mechanisms of psychological adjustment as seen in Rorschach responses, 50 yr old Apache female, 941
Consciousness Disturbances [See Also Autohypnosis, Delirium, Hypnosis, Insomnia, Narcolepsy, Place Disorientation, Sleep Disorders, Sleep Talking, Sleepwalking, Suggestibility, Time Disorientation]
complex partial status epilepticus simulating psychogenic or feigned unconsciousness, 30 & 77 yr old females, 10570
differential diagnosis of disturbed mind/body perception, 3531
historical & clinical & conceptual views of disorientation states, literature review, 3516
sleep disturbances, performance & mood, literature review, 5140
Consciousness Raising Groups
adult self image through consciousness-raising groups, social & professional interactions, females, 3346
ranking of services provided by male vs female consciousness raising groups, 19–52 yr olds, 6188
Consciousness States [See Also Attention, Awareness, Divided Attention, Monitoring, Selective Attention, Vigilance, Wakefulness]
age, perceived time duration & preferred walking rate, 60–88 yr olds, 841
biochemical & neurophysiological mechanisms underlying altered states of consciousness in ceremonials, North American Indians, 7858
concepts of awareness & consciousness, 9536
concern with consciousness in experimental cognitive psychology & relationship between consciousness & behavior, literature review, 9429
endorphins, altered states of consciousness, literature review, 7474
general systems theory analysis of consciousness & attention & meditation as nondichotomous states, 307
history of research on consciousness, implications for undergraduate psychology education, 2680
model of 2 modes of consciousness, implications for event related potentials & brain lesion studies, 11921
nature of creativity & enhancement by transcendental levels of awareness & use of transcendental meditation techniques, 8052
number of ECT treatments & sine vs pulse ECT & electrode placement, recovery of person & place & time orientations, literature review, 3787
psychotherapeutic & spiritual & consciousness-modifying methods, personality & attitude changes, author's autobiographical account, 10280
shamanism & stimulation of endorphins, analgesia & euphoria & amnesia & altered states of consciousness, 7865
theses which argue for materialistic examination of consciousness, verbal community concept of B. F. Skinner, 4622
transformation of consciousness in Kung experience of healing, Africa, 7860
Conservation (Concept)
acquisition criteria & model's statements & activity requested from Os, conservation learning when modeled judgments not supplemented with justifications, 5.9–7.5 yr olds, 9966
asynchronic development of play behavior & conservation of quantity ability, autistic 6–7 yr olds & 8–11 yr old schizophrenics, 8134
cognitive conflict & Piagetian equilibration, reply to criticisms by F. B. Murray & G. N. Cantor, 5411
conservation of number tasks, use of matching & counting in equivalence judgments, 4.5–5.5 yr olds, 818
counting skills & number conservation development, kindergartners & 1st graders, 12394
development of conservation concept, object &/vs relation fractions, 4–12 yr olds, 9998
development of conservation of number & mass & volume, rural vs urban 5–7 & 10–12 yr olds, India, 5341
feedback, performance of Piagetian conservation tasks, 6.5–7.5 yr olds, Nigeria, 12432
grade level & grades & visual aids & major vs minor vs atonal phrases, conservation of rhythmic & tonal patterns, 2nd–6th graders, replication of M. Zimmerman & L. Sechrest's experiment, 6685
inappropriate conservation judgments & Ss' confidence in response, 5–11 yr olds, findings contradictory to Piaget's theory, 9971
length conservation & graphic copying of single geometrical shapes, 3–5 yr olds, 821
liquid & number conservation problems, 4 yr old female chimpanzees with language ability, comparison with results of J. Mehler & T. G. Bever & of G. Woodruff et al, 5014
peer vs adult & physically present vs videotaped model, observational learning of conservation, 6.2–7.9 yr olds, 12436
performance on verbal vs nonverbal version of number conservation problem, 4 & 5 yr olds, 10010
Piagetian cognitive conflict vs social learning rule-consistent modeling, acquisition & transfer & retention of conservation, 1st graders, 5412
quantity conservation acquisition, 1st grade number conservers vs nonconservers, 825
situational context, preciousness & regression in number conservation comprehension, children, extension of analysis of M. Bovet et al & replication of J. McGarrigle & M. Donaldson's study, 5386
social learning based modeling vs Piagetian cognitive conflict, acquisition of weight conservation, 1st graders, criticism of article by B. J. Zimmerman & D. E. Blom, 5347
suitability of use of cognitive conflict as operational definition of Piagetian equilibration, implications for conservation training, criticism of article by B. J. Zimmerman & D. E. Blom, 5384
Conservation (Ecological Behavior)
demographic & attitudinal factors, proenvironmental behaviors, college students, 4584
housing structure & minimal energy use before program, failure of educational program to reduce energy expenditures, low income aged females, 4565
motivation of repetitive behavior to conserve energy, householders, 4574
personal cost of prosocial behavior, beliefs regarding & behavioral intentions toward energy conservation, graduate students, test of S. H. Schwartz's defensive denial hypothesis, 6892
viewing of water conservation films with high vs low message severity & stated efficacy of conservation, attitudes toward conservation, 38–48 yr old Ss, failure to support behavioral intention models, 13801
Conservatism
liberal vs conservative ideology, academic perceptions & beliefs, college students, 6698

membership in working class, conservatism on noneconomic social & political issues & authoritarianism, adults in US vs Australia vs England vs Scotland vs Philippines vs South Africa, results contradictory to S. M. Lipset's theory, 10115
mourning ritual obligations in traditional area of Naples, Italy, 12532
professional qualification, tolerance of ambiguity & interrelationship with political attitudes & conservatism, teachers, West Germany, support for authoritarian personality theory, 13522
Protestant work ethic, conservative beliefs, 18–62 yr olds, 7840
Conservatism (Political) [See Political Conservatism]
Consistency (Measurement)
aggregated scores, measurement of behavioral consistency, 11636
graphing technique & mean shifts & S group, judgment of behavior change from graphic display & intrarater consistency, college & graduate student & professional behavior analysts, 11590
internal consistency & temporal stability & construct validity of grid form of Role Construct Repertory Test, measurement of cognitive structure, college students, 157
latent trait method, estimation of intrajudge inconsistency in L. Nedelsky vs W. H. Angoff techniques of objective setting for mastery testing, 2403
multivariate analysis of data in activation design, covariation & consistency, male students, 4823
psychometric properties of Multidimensional Health Locus of Control Scales, male alcoholic inpatients with mean age of 45.5 yrs, 7066
reliability & consistency & comparison with Scholastic Aptitude Test verbal score, C. C. Brigham's 1932 synonym verbal test, college students, 11292
sex differences & consistency of factor pattern, Adult Nowicki-Strickland Internal-External Control Scale, college students, 6996
sex differences & test anxiety correlates & internal consistency & test-retest reliability, measurement of math anxiety, college students, 11290
Test-Retest Index, rating of consistency of MMPI responses, male psychiatric inpatients with high MMPI F scale scores, 2421
Consonants
analysis of consonant cluster abbreviation, 740
consonants in different vowel environments, auditory evoked potentials, 18–28 yr old female college students, 466
CV sequences in speech development, children, 10019
stop consonant sequences, bidirectional contrast in consonant perception, humans, 9493
stress position & phonetic environment & reactive recency of sound acquisition, accuracy of initial consonant cluster production in words, 4 yr olds, 800
Construct Validity
Bem Sex Role Inventory & Personality Attributes Questionnaire as measures of dominance & nurturance/warmth vs masculinity/femininity, arguments against view of androgyny as interactive concept, criticism of study of D. Lubinski et al, 4799
classification as Type A vs Type B personality on Jenkins Activity Survey, everyday behavior, college students, 4744
comparison & test of trait theory vs semantic bias hypothesis, personality factor structure validation, 8th–12th graders & monozygotic twins, 140
concurrent & construct validity of Hysteric & Compulsive & Character Disorder subscales of Multivariate Personality Inventory, assessment of personality-psychopathology relationship, female college students, 9385
construct & predictive validity of adaptive behavior assessment, mentally retarded 10–48 yr olds, 51
construct bias in WISC-R, low vs middle SES 7–12 yr olds classified as learning disabled or emotionally disturbed or educable mentally retarded, 9334
construct validity & factor analysis of M. Snyder's Self Monitoring Scale, assessment of relationship between social skills & self monitoring, normal & psychiatric outpatient adults & school children & nurses, Great Britain & South Africa, 7023
construct validity & scale reliability, measurement of social anxiousness, college students, 122
construct validity & structure of R. A. Hogan's model of counselor development & supervision, university counseling center staff & interns & trainees, 6518
construct validity, Child Abuse Potential inventory, college students, 7063
construct validity, determinants of subjective leisure experience, 18–61 yr olds, 2202
construct validity, effort avoidance tendency, 2667
construct validity of brain EPs, indicators of individual differences in cognitive style & ability & aptitudes, US Navy recruits, 12085
construct validity of career interest inventory emphasizing job activities & based on A. Roe's occupational classifications, college freshmen, 4413
construct validity of career maturity model of J. O. Crites as measured by Career Maturity Inventory Attitude Scale & Competence Test, 9th–12th graders, 4382
construct validity of COPSystem Interest Inventory scales based on Vocational Preference Inventory, occupational interest assessment, college students, 11316
construct validity of factor structure of Occupation Analysis Inventory, derivations of human work dimensions, 4738
construct validity of factors, Career Decision Scale, college bound high school seniors, 11298
construct validity of Masculine Gender Identity Scale, heterosexual vs homosexual vs transsexual females, 86
construct validity of primary abilities measured by Illinois Test of Psycholinguistic Abilities, learning disabled 7–10.3 yr olds, 4784
construct validity of Role Questionnaire, assessment of role ambiguity & conflict, special education teachers & guidance counselors, 9376
construct validity of self report personality development measures, assessment of crisis stages in psychosocial multistage theory of E. Erikson, college students, 2411
construct validity, scale of interpersonal orientation, college students, 2471
construction & construct validity, Dutch sensation seeking questionnaire, college students, Netherlands, 7018
construction & construct validity, Scale of Intellectual Development, college students, implications for W. G. Perry's scheme, 4745
definition of burnout construct & validity & reliability of Emener-Luck Burnout Scale, rehabilitation personnel, 9326
development & construct & concurrent validities of scale to assess sense of identity, assessment of figural & mimetic & symbolic imagery, college students, 4736
development & reliability & construct validity, comprehensive measure of perceived parental role responsibilities, fulltime college staff members, 7026
development & reliability & validity of Gable-Roberts Attitude Toward School Subjects measure, high school students, 4403
development & validity of construct of psychological involvement, 8048
empirical item structure of Basic Personality Inventory, construct-oriented heuristic measurement of psychopathology, normal adults & high school students & psychiatric patients, 3540
equivalence of scales & validity & utility of short forms & concepts of Bem Sex Role Inventory & Extended Personal Attributes Questionnaire, masculinity & femininity & androgyny, college students, 4773
expository vs narrative discourse mode & direct vs indirect response mode of writing tasks, construct validity of writing competence scale profiles, 11th–12th graders, 4426
external validity, theoretical consumer research, comment on articles by B. J. Calder et al & J. G. Lynch, 11499
factorial validity, Bem Sex Role Inventory, 24–60 yr old females, 11653
internal consistency & reliability & construct validity of Rasmussen's Ego Identity Scale, female vs male 13 & 17 yr olds, 9327
internal consistency & temporal stability & construct validity of grid form of Role Construct Repertory Test, measurement of cognitive structure, college students, 157
ipsative variability in expression of achievement motivational imagery, reliability & validity of responses elicited by TAT, male college students, 137
item & factor analysis & construct validity of short & long forms, German version of Beck Depression Inventory, college students, 9339
method of factor analysis, concept-scale interaction in factor structure determination in semantic differential, 5th graders, 2533
multidimensional scaling approach, construct validity of Aachen Aphasia Test for assessment of language performance, 21–77 yr old global & Broca's & Wernicke's & amnesic aphasics, 2482
normative data & construct & concurrent & predictive validity of Norbeck Social Support Questionnaire, 22–67 yr olds & graduate students, 7052
norms & reliability & construct validity of Restraint Scale, normal weight vs obese college students, 9370
revision & construct validity, Humor Perceptiveness Test, college students, 11672

role of external validity, theoretical consumer research, reply to criticism by B. J. Calder et al, 11497
sources of multidimensionality of achievement test scores & causes of changes in underlying structure between pre- & posttests, 7th graders, 4387
validity of A. Biglan's model, investigation of diversity in activities & attitudes, university faculty, 6572
validity of questionnaire to assess 3 dimensions of subjective orgasm, support for unitary nature of female orgasm, 18–58 yr old females, 12140
Consultation (Professional) [See Professional Consultation]
Consumer Attitudes
beverage color preferences & attitudes toward artificial food colors, consumers, 9205
celebrity endorsers, impact of alcohol advertising, 13–17 vs 18–77 yr olds, 4590
cluster analysis of consumer questionnaires, factor profiles of home-fashion shoppers, females, 11500
cognitive dissonance & expectations & product involvement & performance, product evaluations, college students, 2292
comparative value structures, female owners of household appliances, UK vs Germany vs France, implications for advertising campaigns, 2283
consumer satisfaction, behavior therapy, comments on articles by P. H. Bornstein & R. G. Rychtarik & R. J. McMahon & R. Forehand & C. A. Kiesler, 6222
consumer satisfaction, behavior therapy, implications for attitudes formation & change approach, 6212
consumer satisfaction, behavior therapy, reply to articles by P. H. Bornstein & R. G. Rychtarik & R. J. McMahon & R. Forehand & C. A. Kiesler, 6200
consumer satisfaction, child behavior therapy, literature review, 6218
correlates of word-of-mouth response to dissatisfaction, consumers, 4600
cumulative exposure & "straight sell" vs "mood" TV commercials, memorability & benefit perception & overall persuasion, consumers, 11485
expectations & attitudes toward patronizing & behavioral intentions, satisfaction & complaints, automobile repairs & service consumers, 2282
exposure to time-compressed vs normal-length commercials in clutter sequence with other commercials, recall of brands & main idea & attitudes toward featured product, adults, 2298
feelings & perceptions about buying sex, 27–52 yr old customers of prostitutes, 8195
industrial organization & consumer product satisfaction/dissatisfaction, 2288
neutral message about consumer product brand in context of predominantly positive vs negative messages about other similar brands, delayed evaluation of neutral brands, 2626
phase of choice process, strength & congruence & causal direction of relationship between brand attitudes & choice behavior, consumers, 11505
public attitudes toward oil companies & pre- vs posttesting in corporate advertising research, 4605
public service announcements about intent of TV advertisements, awareness & beliefs & perceptions of ads & associated products, 1st–2nd vs 5th–6th graders, 756
satisfaction with behavior therapy, adults, literature review, 6192
scarcity & valuation, consumer choice behavior, housewives, theory verification, 4604
time compressed vs noncompressed TV commercials, commercial & brand name recall & attitudes & buying intention, females, 4601
type of TV program, effectiveness of interruptive commercials vs those aired at natural breaks in program, 4597
validity of self explicated vs Huber-hybrid vs traditional conjoint vs hybrid conjoint models, prediction of preferences for health maintenance organizations based on multiple attitudes, 22–64 yr old community residents, 9197
Consumer Behavior
accessibility of prior information, brand choice, 18–25 yr old consumers, 11480
added product item, product choice, college students, 11491
age & sex, use of & reactions to teletext, Ss in households & public sites, 9874
awareness & comprehension & usage of unit pricing, Safeway supermarket shoppers, replication of E. M. Friedman's 1970 study, 4589
belief in media attributes, gratifications sought from media, college students, test of expectancy value theory, 717
cluster analysis of consumer questionnaires, factor profiles of home-fashion shoppers, females, 11500
cluster analysis, research on market segmentation & buyer behavior & product development, literature review, 9202
competitive structure analysis, brand substitutions, consumers, 11489
contextual specificity & conditional intention measures, prediction of purchase intention-behavior relationships, females, replication of P. R. Warshaw's study, 9200
correlates of word-of-mouth response to dissatisfaction, consumers, 4600
cost-benefit theory, measurement of potential difficulty of decision, consumers, 6902
cross cultural analysis, primary decision maker for family purchases, surveyed middle & upper class wives, implications for H. Rodman's theory, 2289
decorative female models, readership of magazine ads, males, 11503
economic market behavior, implications for consumer behavior & potential for theory development, critique of review by V. L. Smith, 6894
environmental ethics & consumer decision making, 11473
gratifications sought & obtained, dependency on network evening news vs 60 Minutes program, male & female household heads, 720
individual differences, information seeking, consumers, criticism of W. L. Moore & D. R. Lehmann's study, 11498
individual differences, information seeking, consumers, reply to N. K. Malhotra's criticism, 11496
interaction strategies in consumer environment, assertive vs nonassertive vs aggressive consumers, 11504
model of choice behavior, consumers, 6905
model of choice behavior, consumers, comments on H. C. Triandis's article, 6901
model of individual's decision processes, variables in decision to purchase electric car, Australia, 2510
model of information search behavior, new automobile purchasers, 2296
model of number of grocery stores visited & lower purchase costs, consumers, 2285
models, information search & choice behavior, consumers, 6898
models, information search & choice behavior, consumers, comment on R. J. Meyer's article, 6897
multinomial logit model of choice behavior, identification of seasonal & temporal & regional determinants of food store patronage, North America vs Europe, 9198
multiplicative competitive interaction models, choice behavior, consumers, 11483
patterns & sources of clothing fashion information seeking & personal characteristics, 15–44 yr old male purchasers of suits, 2295
perceived appropriate responses to complaint letters, consumers & company branch managers, 4599
personal values & product class & brand preferences, consumer panel members, 9201
phase of choice process, strength & congruence & causal direction of relationship between brand attitudes & choice behavior, consumers, 11505
price, utility judgments, consumers, 6899
price, utility judgments, consumers, critique of V. R. Rao and D. A. Gautschi's article, 6904
rational voter & household investment/consumption perspective, economic model of voting participation, 1010
resolving disagreements in purchasing decisions, spouses, 2302
sales & survey data, Iowa alcohol consumption, 1961 vs 1979, 10219
scarcity & valuation, consumer choice behavior, housewives, theory verification, 4604
selection & care of clothing, consumers who read vs did not read care labels, 11501
utility & substitutability of object, choice behavior, extension of R. D. Luce's model, 6893
visual & textual styles & drawing vs photography & overcrowding vs simplicity & brand name size, brand name recall, 18–25 yr old students, 4594
Consumer Protection
behavior analysis procedures, compliance in use of lead shields for X-rays, dentists, 1696
development & use of design safety review procedures & use of accident & ergonomics & user-testing & market feedback, consumer product design, 11346
public service announcements about intent of TV advertisements, awareness & beliefs & perceptions of ads & associated products, 1st–2nd vs 5th–6th graders, 756

use of product-relation accident data & ergonomics evaluation, design of safe powered domestic lawnmowers, 11452
Consumer Psychology
effects of advertising promotion vs other factors, cigarette consumption, female adults, comment on article by J. D. Matarazzo, 11481
Consumer Research [See Also Consumer Surveys]
accountability in advertising & consumer research, comment on C. Channon's article, 2286
age group cohort analysis, assessment of changes in soft drink consumption patterns, US, 1950–79, marketing implications, 186
Bayesian analysis combining self explicated data with conjoint data, estimation of individual-level conjoint models & application to marketing research, 166
cluster analysis, research on market segmentation & buyer behavior & product development, literature review, 9202
competitive structure analysis, brand substitutions, consumers, 11489
cross cultural analysis, primary decision maker for family purchases, surveyed middle & upper class wives, implications for H. Rodman's theory, 2289
cumulative exposure & "straight sell" vs "mood" TV commercials, memorability & benefit perception & overall persuasion, consumers, 11485
developmental stage approach vs nonverbal mode of questioning approach, recall & comprehension of TV commercials, 4–5 yr olds, 3183
experimental techniques, facilitation of increased rate of response to questionnaires in consumer research, 73
external validity, theoretical consumer research, comment on articles by B. J. Calder et al & J. G. Lynch, 11499
factor analyzed dimensions of self report measures of magazine readership, adults, 115
identification & importance & implications & suggested approaches, top priority advertising research questions, 11506
internationally applicable demographic information suitable for ascertaining social class in consumer research, 2299
interpretation & value of classical statistical significance tests, marketing research, literature review, 9204
misuse of within-Ss design in marketing research, literature review, 179
model of individual's decision processes, variables in decision to purchase electric car, Australia, 2510
multiple time-series models with diagonal autoregressive & moving average parameter matrices, forecasting in marketing research & comparison with univariate model estimates, 190
nonlistening attention demand concept, communication effectiveness of radio commercials, Ss aged 18 yrs & older, 4596
organizational environment & social psychology of marketing information, market research, 11502
panel attrition, parameters of structural econometric models estimated with consumer panel data, implications for market research, 9206
phase of choice process, strength & congruence & causal direction of relationship between brand attitudes & choice behavior, consumers, 11505
problems of sampling & interviewing, elderly persons, 13807
public attitudes toward oil companies & pre- vs posttesting in corporate advertising research, 4605
qualitative measurement of TV audience behavior, 716
qualitative vs quantitative research, development of advertising campaign for Trustee Savings Bank, England, 11490
recall data & theory of recall & validity of recall vs persuasion, assessment of advertising effectiveness, 4595
response rate, cost & accuracy of data from British Gas Corporation's National Domestic Equipment Survey, 11492
role of external validity, theoretical consumer research, reply to criticism by B. J. Calder et al, 11497
salience of relevant other, individual & joint preferences, graduate students & their household partners, 11495
scarcity & valuation, consumer choice behavior, housewives, theory verification, 4604
scheduling considerations & base ratio & response rate criteria & evaluation of methodology & data, telephone interviews, consumers 18 yrs of age & older, 11494
social psychology theory, market research applications, 2284
studies to track effectiveness of advertising, advertising awareness & sales effectiveness for individual brands, 11482
technical problems of unfolding model & proposed ordinal-linear approach, psychological market research, 6952
use of pretest market model, cost & risk of launching new consumer products, 11487
Consumer Surveys
aging, clothing preferences & needs, females age 65 & over, implications for education & clothing industry, 4602
cluster analysis of consumer questionnaires, factor profiles of home-fashion shoppers, females, 11500
importance of sampling unit & location sampling & time sampling, trade area maps drawn from shopper surveys, 4591
response rate, cost & accuracy of data from British Gas Corporation's National Domestic Equipment Survey, 11492
Content Analysis
analysis & autobiographical content of Freud's early essay "Screen Memories", 6930
analysis of behavior rules & goal values & images, day care center staff, Italy, 13517
analysis of C. B. de Holanda's "Little Yellow Riding Hood" according to M. Klein's theories of schizophrenic paranoia & depression, 12352
analysis of drawings, borderline patients, 12767
basic appeals to needs in advertising, 4593
content & process of survey feedback sessions & their relation to survey responses, employees of underground mining company, 11413
content analyses, stereotypic TV portrayals of social roles, 7637
content analysis, alcoholic beverage advertising in magazines, 4603
content analysis, nursing interventions in hypertension education program, 10703
content analysis of anxiety & hostility scales, stability of scores, 4768
content analysis of bias in introductory psychology textbooks, 8965
content analysis of community mental health ideology in high school health textbooks, 13505
content analysis of televised alcoholic beverage advertisements, 11488
content analysis, Polish sociological journals, 2347
content analysis procedures for teaching awareness & detection of social bias in books, students, 2054
context & rule manipulations, Wason selection task, college students, 264
contextual effects, test memory, 18–26 vs 60–89 vs memory-impaired 63–99 yr olds, 3198
development of automatically computable index of text abstractness for application to any written document, 737
evaluation of texts & text elements on semantic properties of concreteness & imagery & meaningfulness, 18–28 yr old trade school students, 2050
logical analysis & meaning of sentences that include fictional names, 7666
origin & function of conceptualization of "crowd" as object of study, analysis of late 19th century publications, 12623
process vs content aspects of employee turnover research, expansion & test of T. N. Martain's causal content model, medical laboratory employees, literature review, 13780
representation of females vs males in generically intended nouns & pronouns, college textbooks, 5589
syntax of clauses & announced subject matter, reading times & processing & memorization of explicit vs implicit temporal relations expressed in sentences, college students, 265
Content Analysis (Test)
interaction structure analysis as method of orthogonality evaluation of factorially simple structured tests, 11674
Contextual Associations
ambiguous vs informative referential communications & contextual information, judgments of functional acceptability of communications, 4–6 yr olds, 789
attention to background words, learning & memory of background & target words, college students, 4954
attention to context of verbal stimuli, learning of target words & incidental learning of background items & memory, college students, 4957
autoshaping & response production & association & old vs recent performance models, classical conditioning, literature review, 6920
conceptual similarity & quality of metaphor in isolated sentences vs extended contexts, college students, 9891
conflict between story context & temporal sequence of embedded lists & delay interval, retroactive & proactive interference in recall, 17–23 yr olds, 11790
conflict between story context & temporal sequence of lists embedded in stories, retroactive & proactive interference in delayed recall, college students, 11872
context associations & signaled vs unsignaled UCS, interference effects, male rats, 2691

context in pronunciation vs lexical decision tasks, decision time for word recognition, college students, 4928
contextual effects, test memory, 18–26 vs 60–89 vs memory-impaired 63–99 yr olds, 3198
contextual information & intonation, detection of irony, 1st vs 3rd grade vs college student listeners, 7706
critical vs above threshold presentation of primes related vs unrelated to target, recognition of targets presented for lexical decision, college students, 7147
development of automatic vs conscious components of contextual facilitation, 2nd vs 4th vs 6th graders vs adults, 7753
dual representation theory & context availability model in abstract & concrete sentences & words with vs without paragraph context, lexical decision time & reading time & comprehension, college students, 4927
duration of CS preexposure & interference effects, toxicosis learning, rats, 2714
elaboration vs mnemonic story condition & organization of internal cues & encoding specificity, free recall, college students, 4959
empirical & theoretical ambiguities in interaction between stimulus factors & contextual information, effect of sentence context on word recognition, college students, literature review, 7202
encoding constancy vs variability produced by use of 1 or more mnemonic devices & semantic context & semantic-orienting tasks, memory performance, college students, 2664
environmental context, judgment of duration & list discrimination & serial position, college students, 2642
exposure to fear conditioning context with vs without reinforcement, fear of CS, rats, 5009
generation of final word in determined vs undetermined sentences, recall, 6th–7th graders, 12408
GSR to conditioned meaning of polysemous word in attended vs unattended message, college students, 305
haloperidol vs 6-hydroxydopamine nucleus accumbens lesions vs apomorphine, dextroamphetamine-induced place preferences, male rats, 5164
long term recency & ratio & level-of-recall effects & contextual-retrieval hypothesis, memory, college students, 11877
neutral message about consumer product brand in context of predominantly positive vs negative messages about other similar brands, delayed evaluation of neutral brands, 2626
phonetic context & articulatory parameters resulting from coarticulatory effects, lipreading performance, hearing impaired 16–36 yr olds, 5942
pimozide vs haloperidol vs 6-hydroxydopamine nucleus accumbens lesions, cocaine- vs procaine-induced place preference conditioning, male rats, 5165
placement in middle of speech unit vs isolated from connected speech, perception of CV syllables, humans, Japan, 729
preexposure & context, memory for CR, cats, 7272
presentation of signs in cheremically vs semantically similar contexts, acquisition of meanings of manual signs of American Sign Language, college students, 7194
presentation of words in sentence context vs word list, word recognition, 2nd vs 6th graders, implications for dominance of semantic attributes, 12456
pretest cueing in training vs irrelevant contest, retention of active avoidance response, male rats, 354
sensory preconditioning & blocking, tolerance to morphine analgesia, male rats, test of Pavlovian conditioning model of drug tolerance, 12257
sentence context of target words, word recognition speed, college students, 7177
spatial adjectives & context, word recognition & ease of discrimination, Maori vs non-Maori 4 yr olds, New Zealand, implications for semantic feature hypothesis, 837
spoken ambiguous sentence fragments & subsequent reading aloud of verb, sentence comprehension, college students, 2640
stimulus onset asynchrony, interference vs facilitation effects of flanking context on visual classification RTs, college students, 7131
structural principles governing hierarchies of harmonic stability, contextual & memory effects in apprehension of musical structure, college students with 11.5 yrs average music experience, 7150
trait vs distinctive feature incidental learning, RT & recall vs recognition memory for context, college students, 11897
type of context, efficacy of vocabulary development using context method, 8962
use of context to infer sentence meaning, cognitively impaired patients with senile dementia vs cardiac patients vs normal elderly vs normal young adults, 10613
verb schemata, activation of instruments in sentence comprehension, college students, 2618
verbal elaboration, facial recognition, college students, 2651
verbal learning, similarity judgments of iconic concepts, implications for understanding of cognitive processes, 11855
visual angle & delay of position cue, letter identification in words vs nonwords, college students, 9521
weak vs strong pre-experimental association of cue & target words, recall of target words following extralist retrieval cues, college students, 11895
word order & inflections & discourse context, sentence comprehension, 2.6–3.6 yr olds, 861
Contingency Management [See Also Token Economy Programs]
behavioral incentive systems with vs without back-up contingencies & feedback, points earned for job seeking behavior, 20–48 yr olds in job search program, 11354
classroom DRO vs omission training vs positive reinforcement withdrawal vs contingent restraint, self injurious behavior, severely mentally retarded students, 4344
contingency based lottery system, classroom behavior, 13–16 yr old learning disabled & educable mentally handicapped in 9th grade special education class, 4367
contingency contracting & extinction & DRO procedures, tantrums & self cutting behavior, 28 yr old female chronic psychiatric inpatients, 13259
contingency contracting, drug abstinence, cocaine abusers with mean age of 29 yrs, 8784
contingency management program in clinical vs experimental setting, writing blocks, 31–55 yr old academicians, 1563
contingency management, reduction of alveolar carbon monoxide in tobacco smoking reduction strategies, 21–62 yr old smokers, 11054
contingency management, 6 yr old female with infantile migraine, 10810
contingency training program, monitors for personalized physics instruction, 8981
contingent reinforcement for reduced carbon monoxide levels, 21–54 yr old tobacco smokers, 11090
contingent reinforcement with external vs self determined standards, work completion on individualized curriculum, 5th graders, 11225
E- vs S-administered timeout, stuttering, adults, 6302
guidelines for use of natural & direct consequences for child's violent behavior, parents, 12556
home based group contingency system with reinforcement in school setting, destructive behavior, 8 yr old male mildly retarded special education student, 11264
monetary contingencies & social milieu, weight loss, 23–51 yr old co-workers, 8504
self control treatment with vs without proximal vs distal goals & financial contingency & group meetings, increase in study time & grades, college students, 13687
social skills training vs client centered therapy & contingent vs noncontingent reinforcement, social skills, male patients in maximum security psychiatric hospital, 13376
social skills training with vs without contingency management, classroom social adjustment & peer-to-peer skills, mentally handicapped 6–12 yr olds, 9086
Contingent Negative Variation
contingent negative variation & prolactin, schizophrenic 19–26 yr olds with initial acute psychosis & chronic schizophrenic 38–50 yr olds on vs not on neuroleptic therapy, 8579
meaningful vs nonsense syllables as warning vs imperative stimuli in decision task, RT & contingent negative variation, 2845
RT task, EEG potentials of contingent negative variation, schizophrenics with vs without tardive dyskinesia, 5776
Continuing Education [See Higher Education]
Continuous Reinforcement [See Reinforcement Schedules]
Contour [See Form and Shape Perception]
Contraception [See Birth Control]
Contraceptive Devices [See Oral Contraceptives]
Contraceptive Methods [See Birth Control]
Control (Air Traffic) [See Air Traffic Control]
Control (Locus of) [See Internal External Locus of Control]
Control (Stimulus) [See Stimulus Control]
Convergent Thinking [See Inductive Deductive Reasoning]
Conversation
Apple II microcomputer system & electronic interface, extension of automatic vocal transaction analyzer approach from dyads to groups, 11568
comparison of methods of studying group decision making through talk analysis, college students, 5619

conversation between mothers & their children, reply to criticism by L. Olsen-Fulero, 973
conversational patterns, same-sex pairs of 18–23 yr old friends, 10061
dilemmas of candor vs restraint in conversation, pairs of close friends with mean age of 24.7 yrs, 10254
dyadic language interactions during play, preschool age deaf vs hearing children, 5997
efficacy of conversational skills training, trainable mentally retarded 14–18 yr olds, 6447
group language training, increased rate of verbal interaction & generalization, 51–57 yr old socially isolated mentally retarded males, 4 mo followup, 13253
high vs low friendship, gaze & mutual gaze during conversation, 39–63 mo olds, 7795
importance of contextual variation, semantic analysis of intonational system effects in conversation, 730
intimacy of self disclosure of confederate in situation with goal of information exchange vs conversation with vs without liking, descriptive vs evaluative intimacy vs topical reciprocity in responses, female college students, 1048
language used in response to puppet speaking child's preferred vs nonpreferred language, bilingual vs limited 2nd language vs monolingual 41–69 mo olds, 9993
linguistic stress & pragmatic functions & natural phonological processes, speech delayed 4.8–6.6 yr olds, 5926
methods for encouraging holding of conversations, children, 5410
middle vs working class, frequency & type of question asked & answer given by teachers vs mothers, 3.8–4.3 yr old females, 3152
mother-child conversations as mode of informational exchange, criticism of study by C. J. Howe, 983
proficiency at reconstruction of sequence of utterances in conversation, college students, 9888
synchronization of voice frequency & speech parameters in conversation & quantitative computer analysis, dyads, 10241
syntactic & conversational characteristics during interaction with their 2 yr olds, fathers vs mothers, 974
teletype conversation characteristics, hearing impaired adolescents of varying degrees of verbal proficiency, 1320
Conversion Hysteria [See Conversion Neurosis]
Conversion Neurosis [See Also Hysterical Paralysis]
abortion, development of conversion disorder, 25 yr old single female, 8344
behavior modification, hemichorea-hemiballismus conversion reaction following head injury, 13 yr old female, 1587
conversion dysphagia, 8 & 9 yr old males, 10606
hypnotherapy, female with hysterical paralysis, 1675
incest & development of hysterical seizures, 1123
placebo-induced hysterical aphasia & pseudoseizures & coma, neurobehavioral & EEG reactions, female in her mid-20's, 5779
symbolization & identification with parental figures as defense process, conversion hysteria, discussion of cases described by Freud & J. Breuer, 3572
vomiting/weight loss as conversion disorder vs anorexia nervosa, patients with mean age of 22.9 yrs, 13018
Conviction (Criminal) [See Criminal Conviction]
Convulsions [See Also Audiogenic Seizures]
age, ECS-induced wet-dog shakes & face washing, preweaning vs older rats, 2953
bicuculline, enhancement of visual & auditory & somatosensory responses of neurons in brain stem reticular formation & pericruciate cortex, cats, 9810
chlordiazepoxide & flurazepam, behavioral convulsions & role of development of type 1 vs 2 receptors & antagonism by Ro-15-1788 vs trizolopyridizine, preweanling rats, 12245
diazepam vs other anticonvulsants, pentylenetetrazol-induced genetically determined stereotypic behavioral convulsions, C57BL/6J mice, 12323
hypnotic revivification of seizures, EEG patterns, 60 yr old male, 7214
hypoxia induced by pure nitrogen vs nitrogen-oxygen, transient amnesia with vs without seizures, male rats, 2915
icv nicotinic agonists dextro- & levonicotine & cystisine & dimethylphenylpiperazinium iodide & lobeline, convulsions & reversal by various nicotinic antagonists & role of central "C6"-like receptors, male mice, 12251
icv quinolinic acid vs d,l-kinurenine sulfate vs kynurenic acid vs niacin vs niacinamide vs excitatory vs inhibitory amino acids vs strychnine vs pentylenetetrazol, excitation & seizures & convulsions, rats vs mice, 5237
incest & development of hysterical seizures, 1123
incidence & onset of epileptic seizures, autistic 1–17 yr olds, literature review, 10331
intensive monitoring of intractable seizures, 13031
IQ, performance on Halstead-Reitan Neuropsychological Test Battery for Older Children, 9–14 yr olds with seizure disorders, 4793
limbic kindling, neural mechanisms & changes, animals, literature review, implications for human psychopathology & complex seizures, 7513
personality characteristics, 20–54 yr olds with multiple sclerosis vs 16–64 yr olds with neuromuscular disease vs 30–63 yr olds with rheumatoid arthritis vs 19–66 yr olds with complex partial seizures, 6044
principles for designing clinical trials on efficacy & toxicity, antiepileptic drugs, 9250
protein synthesis inhibition via chloramphenicol & thiamphenicol, REM sleep & seizure susceptibility, kindled & nonkindled cats, 5190
rotary vestibular stimulation, incidence of seizures, severely developmentally delayed nonambulatory 3.3–8 yr olds, 1482
SES & education & intensity & frequency of seizures, estimation of working capacity, epileptic patients, 13043
sleep-induced paroxysmal EEG abnormalities & changes in localized cerebral blood flow, 25–67 yr old males with complex partial seizures, 3708
total seizure estimates & neuropsychological functioning, 10–14 yr olds with major motor epilepsy, 1347
valproic acid, treatment of seizures, children, 13277
Cooperating Teachers
conflict intensity, conflict management strategies, student & sponsor teachers, 11161
Cooperation
absence of sharing vs cooperation vs consciously collectivistic activity, communication, 10261
audio vs audio-video teleconference & cooperative vs competitive tasks, perceptions of equipment & performance of self & others, middle & senior managers, literature review, 6817
business & private & educational cooperation, career education in Colorado, kindergarten through 12th graders, 2016
cognitive processes during task completion, 5–6 yr olds paired with peer vs adult, 9952
collaborative vs controlling vs lack of influence orientation, management decision making, college students, 13749
competition vs cooperation & coaction vs alone & sex & item difficulty, performance on Remote Associates Test, college students, experimental replication, 3394
competitive vs cooperative orientation, interaction patterns, same- vs mixed-sex dyads, 10237
conditions that foster academic mastery & cooperative character of school learning, strengths & weaknesses of B. S. Bloom's psychodidactic theory, 9014
cooperation vs competition on anagram task with high vs low competence male vs female, response to female competence, male college students, 12591
cooperative task with blind partner, change in attitudes toward blind, high school & college students, 3773
cooperative vs individualistic learning experience, achievement & interpersonal attraction & giving/receiving help & attitudes, minority & White 4th graders, 6612
cooperative vs individualistic learning experiences, interaction & interpersonal attraction & achievement, handicapped & nonhandicapped 11th graders, 4348
cooperative vs individualistic learning experiences, interactions & relationships with nonhandicapped peers, severely adaptively handicapped 7th graders, 9061
development & cooperation & community effects & needs of career education programs, program coordinators, 2005
development & survey design test, model of motivation & cooperation/participation in occupational therapy, 18–88 yr old physically disabled Ss, 8760
group formation & incorporation of new members, 3381
information, cooperative behavior, pigeons, 2698
interdependent tasks vs role play, sociometric status, 3rd–5th graders, implications for primary prevention, 2070
interpersonal relations, cooperation & physiological correlates, female work crews, 6836
model for interorganizational partnerships, adult education, higher education & volunteer-dependent organizations, 2012
necessity for cooperation in divorce cases, therapists & attorneys, 1925

perceived dimensions of interpersonal cooperative & competitive goal-oriented situations, college students, 3391
professional cooperation in helping divorcing clients, lawyers & therapists, 3872
self centeredness & long- vs short-term consequences & competitiveness vs cooperativeness & social status & intimacy, compliance gaining, college students, 5617
stepwise multiple regression & ANOVA, identification of factors predictive of pastors' openness to interaction with counseling service, 12533
Cooperative Therapy [See Cotherapy]
Coordination (Motor) [See Motor Coordination]
Coordination (Perceptual Motor) [See Perceptual Motor Coordination]
Coping Behavior
adaptation to & coping with life stress, aged, literature review, 5307
adjustment to multiple sclerosis, male vs female 8–50 yr old patients, 7-yr longitudinal study, 3685
advocacy group model, coping with environmental stress, social workers & clients, 4059
ambient stressors vs daily hassles, attitudes & coping behavior, 9191
anticipatory grief, family members of adult cancer patients, 3770
burnout syndrome & coping strategies, counterproductive behavior & job dissatisfaction & drug & alcohol use & job search & illness rates, 26–86 yr old geriatric counselors & service workers, 8898
cancer, coping, family members, 3743
cognitive appraisals of coping resources, problem-directed coping behaviors following exam failure, college students, 11242
conservation withdrawal & mental retardation & need for differential diagnosis, withdrawal & apathy & inactivity in medical & surgical patients, hospitalized 28 yr old male & 44 yr old female, 8084
considerations for facilitation of adjustment to job loss, 11395
controllability & consistency of controllability over aversive shock, denial & projection & preoccupation & coping with stress & physiological responses, Type A vs Type B Ss, 10299
coping skills training program, resistance to test stress & achievement & coping strategies, 7th graders at risk for failure, 6810
coping strategies, dealing with death & dying, paramedics & emergency medical technicians, 4180
coping strategies, new hires vs job changers in consumer products corporation, 9165
coping with indeterminate sentences, violent 14–18 yr olds in juvenile vs adult facility, 13399
coping with poor mathematics achievement, 5th–9th graders, 4324
coping with stress, family day care workers, 1910
coping with suicide on psychiatric inpatient unit, staff, 8717
death of child from cancer, grief & adaptation, 26–58 yr old parents, 3-yr longitudinal study, 3466
defensiveness & locus of control, ability to cope with life stress, male college students, 5683
demographic characteristics & lifestyle & illness role & degree & perception of disability & achievement of rehabilitation goals, coping behavior, chronically ill 18–65 yr olds, 8348
desirability & uncertainty of outcomes, cognitive coping strategies, college students, 1106
development of individual strategies for coping with perceptual disturbances, elementary school students with learning problems, 9045
disclosure of personal concerns, borderline & hypertensive 17–78 yr olds, implications for coping styles, 8286
disease-related perceptions, 11–20 yr old cancer outpatients vs their parents, implications for health care delivery & coping behavior, 3992
divorce, coping behavior, children, implications for role of school counselors & teachers in promoting adjustment, 4393
early memories, coping behavior, parents of genetically handicapped children, 1533
early parental behaviors & coping styles, Type A behavior, male vs female graduate business students, 12691
education & knowledge, adaptive responses during emergencies & in threatening situations, college students, 13660
efficacy of cognitive coping techniques during behavioral practice sessions, agoraphobic 21–67 yr olds with severe driving phobias, 6231
ethnic status & education & environmental stress & family social environment, functioning & coping behavior, spouses of alcoholic patients with mean age of 48.8 yrs, 8186
failure feedback vs no failure feedback &/vs cognitive coping strategy of affective isolation, anger & anxiety & expectations regarding performance on reading/comprehension/decision making task, female college students with high vs low life stress, 2668
family activities as go-between in job stress vs ill health, 10148
family member chronic renal failure & treatment, integrity & ability to function, family, 3995
family oriented psychological intervention program, coping with schooling & financial pressures & information on hospitalization experience, parents of seriously ill children, 4039
founding of National Schizophrenia Fellowship, coping with schizophrenia, friends & families of schizophrenic patients, UK, 1746
geographical relocation, coping behavior, high school students, 10046
grief & unresolved grief & depression, bereaved 19–74 yr olds, 10334
in-school group counseling program, increased self awareness & expression through creation of sound filmstrip, 5th graders experiencing parental separation & divorce, 4389
incarceration of parent, coping, children & family members of inmates, 11026
interpersonal behavior orientations & coping style, Type A males vs females, 5654
irrational beliefs & coping with stress, college students, 8051
liberal vs strict family upbringing, internal state & frustration & methods of coping with stress, male vs female adults, 7999
life stress & coping responses, depressed patients, 5735
locus of control & coping & defense mechanisms, US Marine Corps recruits with average age of 18.9 yrs, 12747
locus of control, coping with stress of spouse's chronic illness, wives of hemodialysis patients, 8340
marital status, exposure & emotional responses to stress & depression & coping resources, community residents, 3304
mini-workshop on coping with long distance relationships, college students, 2192
MMPI profile clusters, coping & pain behaviors, low back pain inpatients, 5996
number & types of problems & coping skills & skills training program, maintenance of patient at home, 41–71 yr old caretaking relatives of demented aged, 8659
occupational demands, emotions & family life & marital & life satisfaction & coping behavior & social support, 30–60 yr old probation & parole & aftercare services administrators, 2238
occupational demands, family functioning, police families, 2263
pain relief associated with religious visitation, 68 yr old Black female partial colectomy patient, 8611
pain sensitivity & coping strategies, dysmenorrheic vs nondysmenorrheic female college students, 1325
parent coping behavior & functioning & infant temperament, 19–48 yr old mothers & fathers of 2–3 mo olds, 997
parental facilitation of child's preparatory play with stress-relevant materials, 4–9 yr olds preparing for elective surgery & their parents, 10906
patterns of coping behavior, aged, 764
pediatric examinations, emotional responses & coping behavior, 6–12 vs 18–36 vs 42–60 mo olds, 3988
perception of responsibility for management of diabetes mellitus, 8–17 yr old patients & their parents, 10656
perioperative teaching, coping & anxiety & recovery & pain & satisfaction, 18–65 yr old patients & nursing staff, 8612
personal characteristics & reactions & coping & Gam-Anon affiliation, spouses of compulsive gamblers, implications for community based treatment services, 8660
personal history of pain & coping strategies, college students, test of fear-avoidance model of exaggerated pain perception, 13081
personal losses & culture shock & patterns of acculturation & coping strategies, clinical manifestations of stress, Vietnamese refugees, 1126
personality traits & social network & health & financial correlates, distress patterns following bereavement, 27–69 yr old widows, 3517
physiological & psychological stress states, causes & coping behavior, elementary school teachers, 1972
predictive validity of scoring systems for Social Readjustment Rating Scale, assessment of life stress factors & coping resources, 16–81 yr olds, 9351
preventive model, coping with community relocation, 4057
proposal for university based children's center, educational bridge between cultural heritage appreciation & acquisition of cognitive skills necessary in modern urban society, Nigeria, 4285
psi experiences as unconscious coping mechanisms, impact of cultural & technological change on psi conditioned behavior, members of primitive vs nonprimitive societies, 6908

psychological & physical strengths, surviving prisoners of war & hostages, 1104
psychological coping tasks, children of divorce, 919
psychological intervention program, coping, families of children with mean age of 6.6 yrs with leukemia, 5-yr longitudinal study, 13214
psychological stress & coping strategies, 22–54 yr old neonatal intensive care unit nurses, 11119
psychosocial assessment framework, responses to stress by cancer patients & families, hospital social workers, 10903
psychosocial factors in exaggerated pain perception, development of fear-avoidance model based on multidisciplinary treatment of chronic low-back pain, 13044
respite care as social support, families with developmentally disabled members living at home, 8678
role conflict & ambiguity as job stressors & social support, job outcomes, federal government employees, 9175
satisfaction with relationship & individual investment & available alternatives, prediction of response to problems in romantic involvement, college students, 1063
self control behaviors, seasickness, 18–23 yr old sailors, Israel, 1418
sex role conflicts & coping behavior & adjustment, disabled males, literature review, 5721
social skills & assertiveness training, coping skills, 9–12 yr old insulin-dependent diabetics, 13250
social support, coping behavior & stress reduction, female heroin addicts with mean age of 25.8 yrs, 3624
strategies for coping with school & life, inefficient readers, implications for remedial reading curriculum, 8997
stress & coping responses & professional role, group home & halfway-house parents, 13478
stress management program, recovering alcoholics, 1874
stressful events & coping skills & patterns of competence, adolescent runaways under 18 yrs of age vs 10th–12th grade nonrunaways, 3617
stressful life events & nervous tension & interpersonal trust, 20–65 yr old college students & faculty & employees, implications for nursing, 867
Student Hour support group, coping skills, freshmen medical students, 8853
support group led by nurses, depression, 40–60 yr old females, 4024
techniques employed as coping efforts, severely depressed college females, 10357
temporal artery vasoconstriction biofeedback vs cognitive behavioral stress coping training, chronic migraines, patients with mean age of 42 yrs, 1-yr followup, 3920
Therapeutic Contract Program, promotion of cognitive-coping & self control skills, 18–72 yr old hospitalized psychiatric patients, 1800
training in problem solving techniques, academic achievement & locus of control & emotional stability, college students, 13229
transition training, coping with crisis experiences, high school seniors, 2015
trauma during growth process, childhood coping strategies & adult adjustment, adults who survived World War II as Jewish children in Europe, 7787
Type A behavior & cognitive style of coping with racism & stressful task, blood pressure, 18–34 yr old Black college students, 7471
type of stress, indirect vs direct coping strategies, 13–21 yr old mothers & 26–60 yr old counselors, counseling implications, 10954
visual images & memory & imagination in rehabilitation, newly blinded Ss, 6465
vocationally mature coping strategies, college major & vocational decision making, college students, 11246

Copper
copper sulfate, levels of copper & ceruloplasmin & serum & urinary zinc & mental state, 25 yr old female depressive with copper & zinc deficiencies, 13281
CSF copper concentrations, chronic schizophrenic patients with mean age of 29 yrs, 10428
sex & dosage & administration methods of copper sulfate & cyclophosphamide & lithium chloride & sodium chloride & red squill & deionized water, conditioned taste aversion, rice rats, 7620
trace element & toxic metal concentrations in blood & hair samples, autistic vs learning disabled 6–12 yr olds, 10322

Copulation [See Sexual Intercourse (Human)]
Copulation (Animal) [See Animal Mating Behavior]
Cornea
iris color & corneal sensitivity, males, 507
Coronary Disorders [See Cardiovascular Disorders]

Coronary Prone Behavior
arrival time for experimental sessions, Type A vs Type B college students, replication of J. W. Gastorf's study, 12725
behavior therapy vs group support vs brief information, modification of Type A behavior pattern, 26–50 yr old healthy male executives, 1476
challenging incentives, feedback-assisted heart rate reduction, Type A vs Type B college students, 532
classification as Type A vs Type B personality on Jenkins Activity Survey, everyday behavior, college students, 4744
competitive socioeconomic games, aggressive behavior & EKG responses, Type A vs Type B college students, 12746
controllability & consistency of controllability over aversive shock, denial & projection & preoccupation & coping with stress & physiological responses, Type A vs Type B Ss, 10299
daily caffeine use & coronary prone behavior, college students, 12711
early parental behaviors & coping styles, Type A behavior, male vs female graduate business students, 12691
EMG biofeedback training, tension levels & relaxation, Type A vs Type B college students, 10807
emotional & physical challenge, change in blood pressure & heart rate, Type A vs Type B 3–6 yr old males, 12383
interpersonal behavior orientations & coping style, Type A males vs females, 5654
life changes & coronary prone behavior pattern, development of myocardial infarction in middle age, literature review, 5961
mental work vs sensory intake task performance, elevation of physiological & neuroendocrine responses, Type A vs Type B males, 536
monetary task incentive, heart rate & blood pressure & skeletal muscle vasodilation & task performance, Type A vs Type B males, 2878
nervous tension & serum cholesterol, 40–59 yr old coronary prone males, 12169
preventive & acute & convalescent/rehabilitative intervention, Type A behavior & coronary artery disease, literature review, 4002
psychophysiological responsivity & Type A vs Type B behavior patterns, literature review, 12153
psychophysiological responsivity, Type A vs Type B Ss, literature review, 12154
psychosocial stress, heart rate responses, Type A vs Type B male college students, 12152
relaxation training & stress reduction based on transpersonal psychology, Type A personality, 13239
reliability of Milwaukee Coronary-Prone Behavior Attitude Scale, classification of Type A/Type B coronary prone behavior, 18–64 yr old males, 7078
reliability of 4 quadrant model of self control, adjective checklist results, experts in Type A & East/West & sex role psychology, 4794
rotary pursuit task performance, Type A vs Type B male college students, implications for achievement motivation of Type A Ss, 8046
self attribution in reduction of available choices, reactance to loss of choice, Type A vs Type B college students, 3468
self reported physical & cognitive reactions to life stressors, Type A college students & faculty, 12739
serum cholesterol level & stress & Type A personality & depression, literature review, 2899
sex & familial handedness & Type A personality, lateral dominance of electrophysiological response to emotion, right handed college students, 5132
situational challenge in acquisition & memory tasks, attention to & category formation of central vs peripheral stimuli, Type A vs Type B college students, 3449
speech stylistics vs content of responses in structured interview, assessment of Type A vs Type B behavior, 19–42 yr olds, 3447
stressful cognitive tasks, heart rate & blood pressure responses, Type A vs Type B adult males with vs without coronary heart disease, 1346
Type A behavior & cognitive style of coping with racism & stressful task, blood pressure, 18–34 yr old Black college students, 7471
Type A behavior & self involvement & extent of coronary artery disease, 35–69 yr old males, 13076
Type A behavior & social desirability & introversion, 17–39 yr old males with elevated systolic blood pressure, 8294
Type A behavior, assessment of coronary artery disease severity, patients with mean age of 53.7 yrs with vs without history of myocardial infarction, 1379

Type A behavior patterns, hardiness & illness onset, 33–65 yr old male executives, 5667
Type A behavior, subjective work load & depression, 30–35 yr old high school basketball coaches, 5653
validity of Spanish version of Jenkins Activity Survey, assessment of Type A behavior, students, 7013
Coronary Vessels [See Arteries (Anatomy)]
Corporations [See Business Organizations]
Corpus Callosum
age at lesion of corpus callosum vs optic chiasma, interocular transfer, cats & kittens, 9784
anterior vs posterior corpus callosum lesions, visual acuity, kittens, 2972
asymmetrical disconnection agraphia with alexia in Kanji & Kana writing, 18 yr old brain damaged female, Japan, 10652
compensation for interhemispheric transfer, 30 yr old mentally retarded male with agenesis of corpus callosum, 12952
corpus callosal & corticotectal & corticogeniculate visual projections, golden hamsters, 9673
corpus callosum & brain function in schizophrenia, reply to comments by J. F. Connolly & J. C. Shaw, 1174
in vitro electrical stimulation of corpus callosum, cingulate cortex cell responses & analysis of synaptic termination of callosal afferents with layer V neurons, male rats, 5173
relative difficulty of concurrent bilateral tasks, performance tradeoffs, normal vs commissurotomy patient with bilateral language, test of perceptual interference vs resource limitation models, 2828
thalamic & callosal distributions of afferent fiber systems in auditory cortex, male rats, 9679
visual imagery training, paired associate learning, 20 yr old male with sectioned corpus callosum, 13071
Correctional Institutions [See Also Prisons]
concept of justice & need to consider own & others' ethical systems in correctional counseling, 4095
coping with indeterminate sentences, violent 14–18 yr olds in juvenile vs adult facility, 13399
ethics of psychiatry in correctional facilities, 8750
evaluation of penal institutions, Spain, 13407
functional behavior analysis, 13–17 yr old residents & 20–60 yr old staff of juvenile detention center, 13390
juvenile correctional institutions, India, 11038
personality factors & demographic characteristics & work & nonwork demands & satisfaction & physical health factors, employment immobility, correctional institution administrators, Canada, 4495
problems & guidelines for research on stress factors, correctional officers, 11032
psychoanalytic theory, criminal behavior & treatment in correctional setting, delinquents & criminals, 11021
Correlation (Statistical) [See Statistical Correlation]
Cortex (Auditory) [See Auditory Cortex]
Cortex (Cerebral) [See Cerebral Cortex]
Cortex (Motor) [See Motor Cortex]
Cortex (Somatosensory) [See Somatosensory Cortex]
Cortex (Visual) [See Visual Cortex]
Cortical Evoked Potentials [See Also Contingent Negative Variation]
assessment of individual differences, control of intensity of sensory stimulation, 4858
benzodiazepines, GABA-mediated electrically evoked cortical inhibition, cats, 5231
bipolar electrical stimulation of mesencephalic reticular formation & sensorimotor cortex, neocortical evoked responses & spike activity during motor startle response, waking rabbits, 9768
brief visuomotor task, lateralized shifts in spatial patterns of dynamically correlated electrical brain potentials, right handed adults, methodological implications, 12090
compensation of localization function assessed by cortical evoked potentials, cats with unilateral section of brachia of posterior colliculi, 2965
cortical evoked negative wave reflecting selective attention, 2829
cortical slow potential shifts, choice RT, college students, 2816
electrical stimulation of tooth pulp, cortical evoked potentials, cats, 2956
elevated blood lead, slow cortical potentials, 35–59 mo olds, 2-yr followup, 13065
irradiation during fetal vs neonatal period, electrocorticogram, adult vs aged mice, 7501
level of spatial synchronization of cortical potentials, spread of evoked responses to electrical stimulation in isolated strip vs intact cortex, rabbits, 7520
optimal EEG coherence in intercentral relations & spatial organization, evaluation of sleep-wakefulness & pathological states of brain, normal Ss vs brain lesioned patients, 9634
PDP-11 assembly language program, digitizing & sorting & averaging EPs, 11615
pecking & flashes, electrical phenomena in telencephalon, pigeons, 7355
psychological & clinical aspects, distant synchronization of cortical potentials, 7443
stimulation of thalamocortical pathways as CS & antidromic activation of pericruciate pyramidal tract cells as UCS, cortical motor neuron activity, cats, 2954
taste stimulation, relation between breadth of responsiveness & spontaneous discharge rates of cortical & thalamic neurons, dogs, 9633
unexpected cutaneous shock vs food presentation, extracellular potassium ion EP activity changes in frontal cortex, cats, 7435
Corticoids [See Corticosteroids]
Corticosteroids [See Also Aldosterone, Corticosterone, Cortisone, Hydrocortisone, Prednisolone]
administration & clinical application of dexamethasone suppression test, diagnosis of depression, 1148
cardiovascular & antidepressant & antiparkinsonian & corticosteroid drugs & benzodiazepines, sleep, aged, literature review, 10841
corticosterone vs dexamethasone & sex, play fighting & male sexual behavior & testosterone levels, Norway rat pups, 5222
dexamethasone dosage levels, cortisol suppression, normal 23–50 yr olds, 3081
dexamethasone suppression & thyrotropin-releasing hormone stimulation test, neuroendocrine dysfunction, schizophreniform disordered inpatients, 1216
dexamethasone suppression & thyrotropin-releasing hormone test results & response to tricyclic antidepressants &/vs ECT, inpatients with major depressive disorder with mean age of 46 yrs, 10672
dexamethasone suppression test & computed axial tomography scan, differential diagnosis of true dementia from depressive pseudodementia & prediction of response to antidepressant therapy, depressed 55–84 yr olds, 8115
dexamethasone suppression test & thyrotropin-releasing hormone stimulation test, assessment of depression, 17–77 yr old neuropsychiatric patients, 8168
dexamethasone suppression test, aldosterone levels, 25–56 yr old female endogenous depression patients, 1169
dexamethasone suppression test based on multisteroid analysis of hydrocortisone/11-deoxycortisol ratio, sensitivity, 22–61 yr old females with primary major depressive disorder, 8121
dexamethasone suppression test, choice of antidepressant drug therapy, patients with major depressive disorder, 10838
dexamethasone suppression test, depressed outpatients with vs without melancholia, support for DSM-III differentiation between subtypes of depression, 5770
dexamethasone suppression test, diagnosis & treatment, depressed aged, 8125
dexamethasone suppression test, diagnosis of depression, literature review, 8101
dexamethasone suppression test, diagnosis of psychotic depression, 21–83 yr old psychotic vs nonpsychotic depressed patients, 8097
dexamethasone suppression test, discrimination of unipolar vs bipolar depressed psychosis vs schizophrenia, 16–78 yr old patients, 1208
dexamethasone suppression test, evaluation of Capgras syndrome, 36 yr old female psychiatric patient, 12877
dexamethasone suppression test for evaluation of pituitary adrenal activity, 26–69 yr olds with major depression & repeated hospitalization, 3518
dexamethasone suppression test, prediction of ECT outcome at discharge, patients with major depression, 8367
dexamethasone suppression test vs urinary free cortisol vs growth hormone response to insulin tolerance test vs polygraphic sleep recordings, differentiation of endogenous vs neurotic vs ambiguous depression, 21–52 yr old inpatients, 3515
diagnostic validity of dexamethasone suppression test, patients with unipolar vs bipolar primary vs secondary depression, 1191
dysfunctional attitudes & dexamethasone suppression, endogenous vs nonendogenous depression, patients with mean age of 37 yrs, 3534
individual vs group housing vs new cages vs forced exploration, corticosteroid levels, mice, 504
inescapable shock & hypophysectomy & dexamethasone, long term analgesia & shuttlebox escape deficit, male albino rats, 555
lithium prophylaxis, prednisone psychosis, 48 yr old female with severe pulmonary disease, 10839

physostigmine-induced escape from dexamethasone suppression, 22–34 yr olds, replication of experiment by B. J. Carroll et al, 7579
plasma cortisol & 3-methoxy-4-hydroxy-phenylglycol levels, 19–66 yr old dexamethasone-resistant depressives, 5771
prenatal ethanol exposure, plasma corticoid stress response, rats, 3104
reversal of dexamethasone suppression test nonsuppression, identification of depression, 18–66 yr old detoxified alcohol abusing inpatients, 1260
sensitivity & specificity of 1 vs 2 mg dexamethasone suppression tests, psychiatric inpatients, 3539
serotonin uptake in blood platelets & dexamethasone suppression test, diagnosis, unipolar & bipolar & schizoaffective depressed patients with mean age of 36 yrs, 8141
weight loss, postdexamethasone cortisol secretion, obese Ss, 1351
Corticosterone
circadian rhythms, motor activity & corticosterone levels, hypertensive rats, 5116
corticosterone vs dexamethasone & sex, play fighting & male sexual behavior & testosterone levels, Norway rat pups, 5222
dexamethasone suppression tests, cortisol & 11-deoxycortisol & corticosterone & 11-deoxycorticosterone & cortisone, 27–58 yr old endogenously depressed females, 10376
dorsal noradrenergic bundle lesions, plasma corticosterone levels & neophobia, male rats, 2982
light-dark shift stress, cellular immune response & serum corticosterone & plasma-free fatty acids & blood glucose & peripheral leucocytes & adrenal gland & spleen weight, female rats, 2923
lithium, 24 hr variations in plasma & red blood cell lithium & drinking behavior & body & kidney weight & corticosterone levels, male rats, 5244
lysine vasopressin vs oxytocin, ACTH & corticosterone response to sound stress, female diabetes insipidus vs spontaneously hypertensive rats, 2927
nucleus accumbens septum lesions via 6-hydroxydopamine, operant schedule-induced drinking & motor activity & plasma corticosterone, male rats, 2995
perinatal malnutrition, ambulation & rearing & defecation & corticosterone response to novel stimuli, adult rats, 5168
prenatal stress, 5-HT & 5-hydroxyindoleacetic acid & norepinephrine levels in brain regions & plasma corticosterone levels, rats, 2934
prenatal taste/odor stimulation, taste preferences & pituitary/adrenal activity, rat pups, 7320
vasopressin receptor antagonist 1-deaminopenicillamine, 2-(O-methyl) tyrosine arginine-vasopressin, stress induced ACTH & corticosterone release, male rats, 12306
Corticotropin
ACTH, habituation of startle response at various intertrial intervals, male rats, 12278
ACTH, testosterone levels & extinction of conditioned taste aversion, gonadectomized water-deprived male rats, 539
ACTH unilateral microinjection into brain stem, postural asymmetry & movement disorder & resemblance to human dystonia, male rats, 7599
ACTH vs glucocorticoid treatment, EEG & Tree Test performance, 53 yr old female with isolated ACTH deficiency, 13276
ACTH/4–10 vs norepinephrine, acquisition & performance of maze task, male rats, 7613
cosyntropin stimulation test, cortisol response, females with mean age of 36.4 yrs with endogenous depression, 10337
fragments 4–10 of melanocyte stimulating hormone & ACTH &/vs diluent classically conditioned nictitating membrane behavior, rabbits, 690
hypothalamic distributions of cholinergic & adrenergic systems having pituitary-adrenal control functions, male rats, 7430
icv stress-related corticotropin-releasing factor, suppression of feeding induced by various drugs, male rats, 12294
induced ischemic pain, pain & thermal & tactile threshold elevations & reversal by naloxone, 20–28 yr olds, implications for endogenous opioids & adenohypophyseal system, 2933
lecithin dietary supplements, secretion of catecholamines & ACTH & insulin & neurobehavioral profiles, 23–35 yr old males, 12310
lysine vasopressin vs oxytocin, ACTH & corticosterone response to sound stress, female diabetes insipidus vs spontaneously hypertensive rats, 2927
porcine hypothalamus peptides vs ACTH, morphine induced analgesia, male rats, 7627
prenatal environmental vs ACTH stress, androstenedione, pregnant female & fetal rats, 570
role of vasopressin & ACTH in hyperalgesia & analgesia deficits, homozygous Brattleboro vs normal rats, 3005
social interaction & stress following exposure to novelty or snake & ACTH, plasma cortisol & testosterone levels, dominant vs subordinate male squirrel monkeys, 2858
time of day of onset of chest pain & secretion level of ACTH & cortisol, patients with myocardial infarction, 1380
vasopressin receptor antagonist 1-deaminopenicillamine, 2-(O-methyl) tyrosine arginine-vasopressin, stress induced ACTH & corticosterone release, male rats, 12306
Cortisol [See Hydrocortisone]
Cortisone
dexamethasone suppression tests, cortisol & 11-deoxycortisol & corticosterone & 11-deoxycorticosterone & cortisone, 27–58 yr old endogenously depressed females, 10376
Costs and Cost Analysis
awareness & comprehension & usage of unit pricing, Safeway supermarket shoppers, replication of E. M. Friedman's 1970 study, 4589
combined symptom & personality centered psychotherapeutic treatment, relapse rate & cost, neurotic inpatients, 6422
computerized training in cost consciousness, cost & quality of treatment scores, 3rd-yr medical students, 8918
conjoint analysis used to generate utility/cost ratios for elements of employee compensation package, employee satisfaction, financial institution employees, 11421
cost & training effectiveness of 2- vs 3-dimensional simulator vs hands-on training, maintenance of converter/flight control system for F-111 aircraft, avionics maintenance trainees, 9137
cost effective analysis of rehabilitation program evaluation, 6466
cost effectiveness of day hospitalization vs inpatient care, 18–24 yr old Black schizophrenic males, 13373
cost-benefit theory, measurement of potential difficulty of decision, consumers, 6902
costs of occupational licensing, minorities, 13452
emphasis on decision processes vs risk-cost-benefit analysis, government regulatory decisions, 5565
financial vs psychological & social considerations, medical decisions for treatment of end-stage renal disease, physicians, public policy implications, 3991
graphical vs social validation vs cost analyses vs effect size, evaluation of effectiveness of applied behavior analysis research, literature review, 6235
inpatient cost of psychiatric hospital treatment, Scotland, 6425
method to predict operator task failure likelihood, evaluation of manufacturing & service costs of equipment features & use in human factors design process, 11462
methodological discussion, social experimentation & meta-analysis & cost-benefit & effectiveness analysis, literature review, 4705
model, financial factors affecting provision of educational services to handicapped children, 2132
model of number of grocery stores visited & lower purchase costs, consumers, 2285
myths & rate & length of stay & treatment & cost effectiveness, mental hospitalization, implications for public policy, 4077
perceived costs, helping male vs female requestor, male vs female college students, 1068
personal cost of prosocial behavior, beliefs regarding & behavioral intentions toward energy conservation, graduate students, test of S. H. Schwartz's defensive denial hypothesis, 6892
price, utility judgments, consumers, 6899
price, utility judgments, consumers, critique of V. R. Rao and D. A. Gautschi's article, 6904
psychological factors as counterparts to economic optimization principle & role of curiosity, 2563
rational voter & household investment/consumption perspective, economic model of voting participation, 1010
response rate, cost & accuracy of data from British Gas Corporation's National Domestic Equipment Survey, 11492
stress & health status evaluation & cost effectiveness of wellness screening, police officers, 1713
subjective social obligation & price & effort in acquisition, frequency & amount of beer vs wine vs distilled spirits consumption, California residents, 1041
time costs vs learning gains of mastery learning, 7th graders, 6581
use of pretest market model, cost & risk of launching new consumer products, 11487
Cotherapy
advantages & disadvantages & potential abuses of cotherapy, 6142
benefits from multiple therapists, large group therapy, 3883
benefits of therapeutic team meetings after large group psychotherapy, 3889

cotherapists vs single therapists & immediate vs delayed behavioral marital therapy, 19–59 yr old distressed spouses, 1544
depot fluphenazine vs oral antipsychotics & aftercare with single vs multiple therapists, mental status & work performance & self ratings & psychotic symptoms, chronic schizophrenics, 6-yr follow-up, 13129
evaluation of paraprofessional cotherapist training model, educational behavior therapy, students & basic education teachers & parents & educators of mentally retarded, 4230
home visits & modeling & behavior modification by male-female therapist team, marital therapy, low income multiproblem couples under 30 yrs old with children 7 yrs old or younger, 4060
hypnoanalytic/behavior modification vs cotherapist/couples-type treatment, 18–36 yr old orgasmically dysfunctional females, 3808
intensive vs long-term therapy with 1 vs 2 therapists, outcome of sex therapy, 18–52 yr old couples with sexual dysfunctions, 13208
pediatrician & psychiatrist as cotherapists in treatment, 14 yr old female with anorexia nervosa, 10742
pressure of staff members as cotherapists or silent Os in short term inpatient group psychotherapy, 6178

status of emergency care & crisis intervention & short term psychotherapy, literature review, 3849
training in crisis intervention & stress management, college resident advisors, 2144
Crisis Intervention Services [See Also Hot Line Services]
crises & psychiatric emergency & need for prevention values, crisis intervention, 6349
crisis intervention in medical surgical vs psychiatric centers, Belgium, 1724
development of hospital interdisciplinary spinal cord injury service during acute care stage, orthopedists & psychiatrists & rehabilitation therapists, 1818
family systems theory & family intervention via model shelter program, battered women, 8675
network approach, training in rural psychiatric emergency services, 10930
psychiatric intervention during prerehabilitation stage of hospitalization, spinal cord injured patients, 1786
therapist sex, attitudes toward client & treatment recommendations & sensitivity to client's distress, therapists of 14–64 yr old female rape victims, 1717
trauma levels, 3–18 vs 18–72 yr old female rape victims vs child incest victims, implications for sexual assault treatment programs, 3618
Criterion Referenced Tests
computer simulation & item response theory, development of "TESTLEN" to assess impact of criterion referenced test length on reliability & validity of test results, 9095
examinee judgments, model for detection of ambiguous or misinterpreted items on teacher-made criterion-referenced tests, college students, 9109
Ginn Reading Management System criterion-referenced & mastery level tests, individualized instruction & reading performance prediction, 1st–3rd graders, 11302
item response models, estimating domain scores in criterion referenced tests, 2508
iterative structured judgment process, established of competency test standards for high school graduation, voters & teachers & principals & counselors as item judges, 4411
latent trait method, estimation of intrajudge inconsistency in L. Nedelsky vs W. H. Angoff techniques of objective setting for mastery testing, 2403
prediction of proportion of masters in given population using criterion referenced tests, critique of A. Hamerle's presentation of J. A. Emrick's model, 6814
Critical Flicker Fusion Threshold
acute low-level exposure to organic solvents, CFF & vigilance & psychomotor performance & EEG, humans, 5252

flicker fusion thresholds after counting exercise vs rest, college students, 2595
organic solvent exposure, RT & perceptual speed & short term memory & CFF, 20–58 yr old industrial workers, 13063
spatial frequency & modulation amplitude, perceived flicker rate of suprathreshold visual stimuli, 4859
spatial frequency, temporal resolution, humans, 233
Criticism
praise vs criticism from teacher, attitudes toward teacher & self, 9 & 10 yr old students, 11252
social issues, negative attitudes toward Unification Church, 954
Cross Cultural Differences
acculturation, MMPI performance, Chicano vs Anglo college students, 7864
actual vs perceived situational conditions & individual reactions & age & sex & cross cultural differences, stress reactions, 11–18 yr olds, 10065
age & cross cultural differences, ability to construct geometric patterns of varying complexity, 3–6 yr olds, Nigeria vs Canada, 3188
age & cultural & environmental differences, rates of fussing & crying, 2 vs 4 vs 7 vs 11 mo olds in kibbutz vs Bedouin vs institutional care, Israel, 3236
aggressive content, humor ranking of cartoons, 5th graders vs high school students vs adults & high vs low SES & native vs foreign-born Ss, 12425
amount of schooling, pressure to conform & cultural complexity, 4–12 yr old members of 186 separate cultures, 10097
Asian relational vs Western individualistic concepts, behavioral science, 11534
aural vs visual stimulus presentation, commonality & repetition of word association response, college students whose native language is French vs Japanese vs English, 11861
body & neck & abdomen shape & head & shoulder posture, attractiveness of male physiques, male vs female college students, Israel vs US, 3415
California Psychological Inventory scores & family background, prediction of GPA, 8th–12th graders, Greece, 6798
client-clinician match in age & sex & ethnicity, clinicians' ratings at treatment termination & client report of functioning & rehospitalization, outpatient mental health clients with mean age of 3.1 yrs, 13144
comparative value structures, female owners of household appliances, UK vs Germany vs France, implications for advertising campaigns, 2283
confluence model of cross cultural data, family configuration & intelligence, comment on R. B. Zajonc & J. Bargh's study, 6994
construct validity & factor analysis of M. Snyder's Self Monitoring Scale, assessment of relationship between social skills & self monitoring, normal & psychiatric outpatient adults & school children & nurses, Great Britain & South Africa, 7023
construction & test of theory of transportability of reasoning ability measurement across cultures, 14–20 yr old secondary students, Spain & France & US, 9101
cross cultural & sex differences, Adjective Check List responses, France vs US, 1098
cross cultural analysis, primary decision maker for family purchases, surveyed middle & upper class wives, implications for H. Rodman's theory, 2289
cross cultural differences, child abuse, abused Chinese Canadians with mean age of 3.1 vs Canadian Indians with mean age of 2.6 vs Anglo Canadians with mean age of 2.8 yrs, 12928
cross cultural differences, conflict asymmetry & hierarchical complexity & degree of polygyny, 24 ethnographically described societies, 5497
cross cultural differences, development of ideational fluency & flexibility & originality, 9–39 yr olds, South Africa vs US, 10008
cross cultural differences, educational aspirations, Israeli vs Moroccan vs Rumanian parents of 9th graders, Israel, 4311
cross cultural differences, factors scores on Eysenck Personality Inventory, adult males vs females, England vs Germany, 7016
cross cultural differences, production of sound vs nonsound images on Sounds & Images, college students, US vs Hungary, 12722

use of videotaped psychiatric ratings to evaluate French translation of AMDP psychopathological & somatic scales, depressed & psychotic patients, 12774
validity of Raven Coloured Progressive Matrices in cross-cultural educational applications, 1st & 4th graders, Thailand vs Denmark, 4422
Crossed Eyes [See Strabismus]
Crowding
actual classroom crowding, student reactions & appreciation of complexity of psychology of crowding, undergraduate psychology students, 6582
analysis of overcrowding & disciplinary problems in Texas prison system, 13400
crowding & sex & group size, walking speed, pedestrians, walkway design implications, 4564
group size & density, perceived crowding & social interaction in unstructured situation, male & female college students, 12648
litter size & crowding, reversal shift learning & retention, rats, 4999
mental health policy change, overcrowding & admission procedures, adult psychiatric inpatient units, 11005
personal space preferences & crowding & stress, literature review, 1066
spatial crowding, social behavior, zoo chimpanzees, 2767
Crustacea [See Also Crabs, Crayfish]
agonistic behavior & dominance hierarchy development, freshwater prawn, 12018
exchanges of gastropod shells, hermit crabs, support for mutual gain vs aggression model of interaction, 12010
lateral eye photoreceptor responses & projections, giant barnacle, 7414
olfactory responses to varied species of live intact vs injured prey & excised tissues, lobsters & crabs, 2797
phase locking of pyloric system network with commissural ganglia as basis for stomatogastric ganglia motor pattern generation, lobsters, 5081
role of pyloric network neurons in bursting pacemaker potentials, stomatogastric ganglia motor pattern generation, lobsters, 5080
synaptic organization of pyloric neurons as underlying basis for stomatogastric ganglia motor pattern generation, lobsters, 5066
Crying
age & cultural & environmental differences, rates of fussing & crying, 2 vs 4 vs 7 vs 11 mo olds in kibbutz vs Bedouin vs institutional care, Israel, 3236
common etiology & possible transmission from parents, tics & night crying & sleepwalking & night terrors, 3 yr olds, followup at age 8, 8328
stability of mother-infant relationship, infant crying, mothers & their infants at 2–5 wks of age, 7900
type of comforting communication, crying, 2–6 yr olds in day nurseries, 6215
use of semantic differential scales for classification of cry types, infants, 753
Cuban Americans [See Hispanics]
Cues
appropriate vs inappropriate prepositions preceding nouns in Serbo-Croatian, lexical decision times, college students, 7167
beta-glucuronidase activation of latent aggression-producing cues in bladder urine, male mice, 499
brightness & bulb size of pairs of partially synchronous lights, interference in comparisons of duration of burning times, 4–5 yr olds, 833
celestial cues, orientation, blue crabs, 2768
chemical & visual & auditory cues, kin recognition, tadpoles, 7285
child- vs adult-generated cues & typicality, performance on cued recall task, kindergartners vs 3rd vs 6th graders, 3158
complex stimuli containing verbal & spatial cues, hemispheric differences in delayed recognition, college students, 480
conscious cognitive strategy vs mental counting vs counting aloud with vs without auditory cues, performance on time estimation task, graduate students, 11846
cue redundancy & logical inference, deductive reasoning task, graduate students, 11848

cue sentences with vs without knowledge of relevance to subsequent problem solving task, use of cue information, college students, 7171
cueing, facilitation of retrieval from long term memory, patients with median age of 76 yrs with mild to moderate senile dementia, 10627
cueing, recall of operantly learned & forgotten contingency, 8 wk olds, 5353
cues & participation & corrective feedback, learning, students, synthesis of data from previous studies, 2023
differentiating cue noun & semantic similarity of stimulus adjectives, interference in paired associate learning, 2653
distance &/vs location cues, recall of learned arm movement, 5.9 vs 8.6 vs 12.5 yr olds, 7718
elaboration vs mnemonic story condition & organization of internal cues & encoding specificity, free recall, college students, 4959
evaluation of cued recall methods, saliency of deep structure syntactic relations in memory representation of sentences, college students, 9515
familiar size as distance cue for familiar objects, college students, 220
familiar size cue, judgments of object's size & distance, 1st vs 3rd vs 6th graders, 12413
filtered random-dot stereograms, stereopsis & role of vernier monocular cues, humans, 228
function cues, judgment as chairs of objects on which one could sit, 3–5 yr olds vs college students, 9945
geometric- vs schematic-picture analogies with vs without cues, individual differences in analogical reasoning strategies, college students, 2635
group membership & attachment at cue & ambiguous vs unambiguous cue, group affiliation at exit from burning building, survivors of 1973 leisure complex fire, support for affiliative model, 11477
high arousal withdrawal & negative mood states, motivation & cue to drink, severely vs moderately dependent alcoholic males & females, 5874
individual vs group norm determination of cue scale, analysis of group decision making in policy-capturing research, 11735
information, cooperative behavior, pigeons, 2698
interpretive cues, probabilistic assignment of sentence relations, Hebrew speaking college students, Israel, 257
involvement of S, moderation of performance cues & leader behavior descriptions, college students, 12675
magnification & visual field truncation, perception of interobject radial distance, college students, 9473
maternal & paternal cues of origin, kin recognition, frog tadpoles, 2718
memory load & memory aids, transitive inference tasks, 5 vs 6 vs 7 vs 8 vs 9 yr olds, 9939
movement direction & preprogramming vs programming vs reprogramming, ballistic motor act, females with mean ages of 21.9 vs 69.1 yrs & right vs left handed college students, 3174
nutritive & suckling deprivation & gastrointestinal fill & milk availability, sucking & milk intake, rat pups, 2722
olfactory cues, recognition of own infant, mothers of neonates, 4855
opposed-set measurement of local cue strength & viewer's intention, durations of perceptual organizations of drawings & 3-dimensional objects, college students, 11780
orientation of angry facial expressions, extinction & electrodermal conditioning to facial stimuli, college students, 12148
payoff & informational cues, free & fixed recall, low- vs medium- vs high-functioning schizophrenics, 3522
precuing for dominant vs nondominant hand & ipsilateral vs contralateral movement in forthcoming response, response organization, 4th graders, 12399
preferences in shelter locations & aggregative behavior & cue deposits, garter snakes, 379
preliminary instruction about role of warning signals & level of selectivity of motor response to RT, formation of preparatory set, mentally retarded 8–15 yr olds, 3643
pretest cueing in training vs irrelevant contest, retention of active avoidance response, male rats, 354
processing level of pictorial vs verbal primes vs targets, order of access to stored information, college students, 7162
prompting & contingent social approval/disapproval, incontinence, 48–92 yr old nursing home residents, 13378
prompting & feedback & type & amount of information provided, learning from concept-programed material, college students, 2011
random vs sequential consistent vs inconsistent information about previously seen incident, loss of original memory for incident, college students, 4937
relative vision vs hearing dominance, pleasure &/vs arousal judgments about environment, college students, 2558
returning task, utilization of relative spatial organization cues, Breton spaniels, 310
sentence comprehension & recall & ability to infer & use exemplars of nouns as retrieval cues, mildly mentally retarded vs nonretarded 4th graders, 1280
signaling of expository passages, comprehension & recall, 15–17 yr old high school students, 6672
simultaneous verbalization of cognitive processes vs subsequent verbalization with vs without recall aids, sorting task performance, adults, 4910
statistical procedure to correlate theoretical patterns of scores with individual scores, identification of components of rod & frame test performance, 2507
targets vs lures as semantic primes & number of primes, RT in word recognition task, college students, 11860
telephone cuing to pay attention to TV news, recall of news, 18–87 yr olds, 9522
time lapse between tests & associate vs rhyme cue, cued recall, college students, 287
UCS exposure as memory reactivation treatment, retrograde amnesia for previous aversive conditioning, male rats, 9558
use of multiple cues, target word retrieval, 3rd vs 6th graders, 828
verbal & paralinguistic cues, perception of deception, college students, 5623
viewing through moving aperture, illusions in size perception & role of lateral geniculate & visual cortex, humans, 11797
visual angle & delay of position cue, letter identification in words vs nonwords, college students, 9521
voice vs chime cues for items to be memorized from orally presented word list, recall, 2662
vomeronasal & olfactory nerve lesions & chemical cues & blindfolding, shelter selection & aggregation, male garter snakes, 547
weak vs strong pre-experimental association of cue & target words, recall of target words following extralist retrieval cues, college students, 11895
word & color priming, interference on Stroop task, female college students, 11858
word lists with vs without cues at recall, immediate vs delayed recall, paranoid & nonparanoid schizophrenics & depressives, 12866
1st-trial cue, spontaneous recovery of operant response, moderately mentally retarded 18–28 yr olds, 12979

Cultism

beliefs & practices & adherents & social organization & meaning, modern occultism, participant-observational study of tarot readers, 946
charisma & use & misuse of power in R. Browning's "The Pied Piper", 744
difficulty with heterosexual relations & idealism & magical/mystical world views & tendency toward denial as characteristics, 26–29 yr old Unification church members, 10125
dynamics of conversion process & nature of charisma, cults & new religious movements, 10138
individual psychopathology & emotional & psychological adjustment problems after leaving charismatic religious group, Unification Church ex-members with mean age of 28.6 yrs, 12520
mental health & clinical profile, Hare Krishna devotees, 5515
religious cults as social phenomena of urban-industrial society, 949

Cultural Assimilation

acculturation, MMPI performance, Chicano vs Anglo college students, 7864
attitudes about TV program's relevance to own lives & culture & society, surveyed viewers, 9878
attitudes toward immigration & assimilation into society, Chinese, US, 5509
Christian church membership & rhetoric, sociocultural adjustment & ethnicity & identity & mental health, Chinese immigrants, 950
cultural assimilation & return to country of origin, immigrants, extension of M. M. Gordon's paradigm, 5503
family & community acculturation & health/illness status, 6–15 yr old Navajo boarding school students, 10310
framework for interaction to facilitate cross cultural understanding & assimilation, 5521
network analysis, study of assimilation & integration of immigrants, 4661
overt vs latent homosexuality, student-teacher & tutor-prince relationships & transmission of culture, 7927
personal losses & culture shock & patterns of acculturation & coping strategies, clinical manifestations of stress, Vietnamese refugees, 1126

quality of life & job & education & acculturation, well-being & emotional adjustment, 25–75 yr old Hispanics in bicultural/bilingual urban milieu, 7861
split household & small producer & dual career family types as strategies for coping with US living conditions, Chinese American families, 7882
Cultural Deprivation
conflict between teaching & parenting roles, participation in home tutoring program, parents of culturally deprived kindergartners & 1st graders, 4299
creativity training, creativity & sociability & self confidence & assertiveness, culturally disadvantaged adolescents with low SES, 11202
Cultural Differences [See Cross Cultural Differences]
Cultural Familial Mental Retardation [See Psychosocial Mental Retardation]
Cultural Test Bias
concurrent & predictive validity estimates, WISC-R & estimated learning potentials, White & Black & Mexican American 1st–8th graders, 2179
construct bias in WISC-R, low vs middle SES 7–12 yr olds classified as learning disabled or emotionally disturbed or educable mentally retarded, 9334
court decisions on validity & cultural fairness of individual intelligence tests, Black schoolchildren, 7906
cultural bias in group intelligence tests, South Africa, 126
cultural bias of Test of Children's Learning Ability, assessment of learning ability & progress in English language, 7–8 yr old immigrants, Great Britain, 13698
cultural differences, item difficulty patterns on WISC-R verbal subtests, Anglo vs Black vs Chicano vs Bermudian 7.5 vs 10.5 yr olds, 141
discriminative power & internal consistency & content validity of use of pictorial items on attitude measure, attitude measurement across language-culture groups, college students, Papua New Guinea, 2465
efficacy of System of Multicultural Pluralistic Assessment & cultural bias of WISC-R, minority students, educational implications, 2161
item difficulty & content bias of WAIS-R subtests, 15–77 yr old patients referred for psychological or neuropsychological assessment, 11654
laws & court rulings related to discrimination in educational testing & recommendations for school counselors, 13694
nonbiased assessment of linguistic competence, speakers of nonstandard English, 4804
nonstandardized assessment procedures, measurement of language & conversational competence, non-standard-English speaking children, 4771
predictive validity of Stanford Mathematics Test, Black vs White male vs female 6th & 8th & 9th graders, 11326
prior knowledge of 5–8 yr olds' IQ & ethnicity, bias in scoring Stanford Binet, test examiners, 4777
proactive approaches to reduction of culture bias in speech & language assessments, 4802
Test of Language Development norms, 4–8 yr old speakers of Black American English, 2480
validity & reliability of standardized speech-language tests, culturally different & poor children, 4726
validity of Center for Epidemiologic Studies Depression scale in Italian, depressed vs normal Ss, Italy, 2422
validity of Raven Coloured Progressive Matrices in cross-cultural educational applications, 1st & 4th graders, Thailand vs Denmark, 4422
validity of Suinn Test Anxiety Behavior Scale, prediction of academic achievement, Lebanese high school students, 4428
Culturally Disadvantaged [See Cultural Deprivation]
Culture (Anthropological) [See Also Society, Subculture (Anthropological)]
amount of schooling, pressure to conform & cultural complexity, 4–12 yr old members of 186 separate cultures, 10097
Chinese culture, diagnosis & treatment of major psychoses & minor mental disorders & patterns of help seeking, Taiwan, 10689
concept of culture-bound syndrome, 3485
cultural & psychological & unconscious meaning, personal names, 12508
cultural delusion of possibility of individual maturity without concurrent physical aging as manifested in modern beauty industry's marketing, 3350
culture & religion, psychiatric care, 29 yr old female, Puerto Rico, implications for design of clinical care strategies, 3792
distinctions between culture & nature & view of supernatural, Susu, West Africa, 7868
ethnicity & social stratification & political economy, national culture, Jamaica, 5504
history & myths & childrearing & intercultural relations & warfare & sexuality & language & psychoanalytic character & sibling-oriented culture, Vietnam, 925
influence of Freud's view of fundamental conflict between individual & society & study of modern American culture, critique of P. Rieff's work, 7828
medieval religious visions & contemporary hallucinations & cultural norms, attribution of mental illness, 20–30 yr olds, 3548
nemawashi as interpersonal empathic communication mechanism, Japan, literature review, 3286
obesity as culture-bound syndrome, 3751
patterns of cultural choice, US, 10137
position of women in various cultures & progression towards womanhood, International Federation of Parent Education Conference, France, 12595
practical significance in folk biological taxonomies, 5506
principle of circular causality, relationship between individual & culture & environment, Papua New Guinea, 10136
protein-energy malnutrition as culture-bound syndrome, 3693
psi experiences as unconscious coping mechanisms, impact of cultural & technological change on psi conditioned behavior, members of primitive vs nonprimitive societies, 6908
relationship between & assessment of personality & culture, implications for cross cultural research, 5505
role of religion in culture, 10142
role pressures & personal maladjustment & social protest, spirit possession, 25–38 yr old females, Trinidad, 3507
self analysis, identification of retribution in form of illness or misfortune, 27–53 yr old females, Hawaii, 2560
sensory/cognitive representations of world, measurement of psychocultural distance, 12536
theory & function of religious vs cultural metaphor, 12529
use of cultural & economic & demographic macro variables in program evaluation, 6352
Culture Change
generational differences, assortative mating for educational attainment, parents vs grandparents of Chinese vs European vs Japanese ancestry, 10098
informal social control & process of cultural change, acquisition of personal property, Hutterites, 5511
proposal for university based children's center, educational bridge between cultural heritage appreciation & acquisition of cognitive skills necessary in modern urban society, Nigeria, 4285
time series analysis, decline in frequency of labeled persons in editorial cartoons in newspapers & role of TV in enhancing shared symbolic environment, 1948–80, 9871
Culture Shock
Christian church membership & rhetoric, sociocultural adjustment & ethnicity & identity & mental health, Chinese immigrants, 950
intercultural conflicts, noncompliance following renal transplantation, 12 yr old Turkish female, West Germany, 5958
personal losses & culture shock & patterns of acculturation & coping strategies, clinical manifestations of stress, Vietnamese refugees, 1126
psycho-sociological analysis of transculturation & stages, Chilean exiles, 12585
separation from family members & culture shock & adjustment difficulties, depression & anxiety & somatization, 13–73 yr old Southeast Asian refugees resettled in Canada, 1128
Curiosity
curiosity, attainment of stage of formal operations, literature review, 822
curiosity behaviors, hyperactive 7–11.8 yr old males on vs off methylphenidate, 10837
psychological factors as counterparts to economic optimization principle & role of curiosity, 2563
thoughts & curiosity in psychotherapeutic process, acceptance of unformulated experiences & familiarity, clients & analysts, 8457
Curricular Field Experience
hospital entry as patients as part of training program in psychopathology, graduate students in clinical & counseling psychology, 4191
industrial practicum, university industrial & engineering & organizational psychology majors, 6630
Native American & Hispanic & urban cultural immersion student teaching program, 4244

occupational therapy curriculum with Level I fieldwork, anxiety toward Level II fieldwork, occupational therapy students, 8864
planning & implementation of undergraduate psychology practicum, 2006
Curriculum [See Also Affective Education, Art Education, Business Education, Career Education, Compensatory Education, Driver Education, Drug Education, Foreign Language Education, Health Education, Language Arts Education, Mathematics Education, Music Education, Phonics, Physical Education, Psychology Education, Reading Education, Science Education, Sex Education, Social Studies Education, Spelling, Vocational Education]
academic setting vs nontraditional curriculum & debated definition & knowledge acquisition processes & student role & teacher classroom vs faculty member roles, tensions in teaching psychology of women, college teachers, 6639
attitudes toward school curricula, parents of elementary & secondary school students, Japan, 4258
characteristics of January interim psychology courses, colleges, 6578
courses in communications studies offered in secondary school, England, 13565
curriculum content vs learning process in family therapy training, 1903
education, acquisition of formal thinking, school age children, 6637
evaluation of family practice residency program with vs without behavioral science emphasis, senior residents, 11124
experimental experiential learning technique, practicing managers in business school courses, 2246
faculty & course offerings related to psychology of women, graduate departments of psychology, 6642
frequent changes in activity & social & cognitive behavior & content & organization of schooling, 4 yr old nursery school students, 6659
hours & time of instruction & curriculum content & administrative coordination of behavioral science programs, medical schools, US vs Canada, 13430
importance of & recommendations for statistics courses in undergraduate psychology curriculum, 6838
instruction fostering theoretical thinking, social & self perception, 3rd graders, 6654
instruction in child development & behavior, family practice residents, 13454
integration of gross motor training into early childhood curriculum, 8982
integration of sensory & perceptual motor training into classroom activities, 9002
key curriculum elements within school health education program, preparation for hospitalization & health care, children, 6634
learning problems due to mismatch of curriculum & abilities, children, 10517
legal education, ability to balance personal vs professional needs, lawyers, 4269
locus of control &/vs syllabus orientation, attitude toward project work & academic outcome, "open university" students, 9022
multidisciplinary approach to creative dramatics, gifted students, 2095
necessity for peace education, 4261
need for provision of combined basic skills & general education program, 2048
program &/vs classroom design changes, book related activities during free-play time, kindergartners, 4292
program of vocabulary development with cognitive & affective & physical elements, enhanced comprehension, 4th graders, 2000
prosocial response formation technique, teaching of positive social behavior, normal & special education students, 8995
Purdue creative thinking program, creative writing skills, learning disabled 11–12 yr olds, 9059
relevance of S. C. Pepper's "World Hypotheses" to curriculum, 6615
review & integrative psychology course, college seniors, 13562
role of biofeedback in undergraduate psychology curriculum, comment on article by J. J. Palladino et al, 6602
role of biofeedback in undergraduate psychology curriculum, reply to J. J. Furedy's comments, 6631
science methods course, attitudes toward science teaching, preservice science teachers, Nigeria, 8955
specialization & fragmentation in psychology at graduate & professional levels, undergraduate psychology curriculum, 6649
teacher education, personal construct systems used to relate to curriculum materials, secondary school & student teachers, 6552
touch typing program, enhanced language arts skills, 6–12 yr old elementary school students, 2018
transmission of socioeconomic values through 6th grade writing project, 8983
use of educational TV, teachers in Infants' Schools, England & Wales, 8969
Curriculum Development
accurate cognitive assessment & effective instructional planning, narrowing of gap between aptitude & performance, students, 6774
application of philosophy of root metaphors, interdisciplinary curriculum development, implications for secondary school literature, 6636
background & empirical basis of structural analysis specification of instructional behavioral objectives in curriculum design, 2041
behavioral systems analysis approach, development of introductory psychology course, transfer students, 13547
business & private & educational cooperation, career education in Colorado, kindergarten through 12th graders, 2016
curriculum development & innovation, South Pacific, 8992
curriculum development & student group process & learning & teaching problems & course evaluation, women's studies course, psychiatry residents, 6489
curriculum development in school counseling, 4245
curriculum development, lifelong education, Japan, criticism of S. Masui's article, 4286
cybernetic approach, evaluation of instructional systems using control variables as criteria, 1963
development of competency based substance abuse curriculum, drug/alcohol abuse counselors, 8912
development of laboratory course in child development, psychology undergraduates, 6606
development of secondary school reading program adjunctive to physical education curriculum, 2035
development of teacher handbook, curriculum adaptation for handicapped students, 2096
development of training program for supervisors, 4510
educational planning to promote generalization of learned material, 6594
ethical & existential dimensions, teacher education, 1994
evaluation of methods for formulation of occupational outlook for projections & limitations for career counseling & academic planning, 2039
exposure to collection of Oriental art, color & texture & composition of drawing, kindergarten through 6th grade students, implications for school curricula to foster development of right side of brain, 11198
format for writing individual education programs, mentally handicapped students, 13636
integration of psychology of women course material into psychology core curriculum, 2007
method & print & nonprint resources, development of college psychology of women course, 6585
methodology, history curriculum development, 8966
pediatric behavioral science curriculum, family practice residency, 8897
pitfalls of emphasis on reducing teenage pregnancy as sex education rationale, 4270
planning content for family medicine curriculum, 6498
planning processes & strategies, elementary & secondary school teachers, 8976
political economy & other factors, development of administrative practice curriculum for human services administrators, critical comments & author's reply, 13431
principal's commitment to & understanding of curricular change, teacher's attitude & implementation of change, elementary school teachers & principals, 1987
procedures for writing developmental counseling curriculum guide, counseling staff of school with kindergartners through 12th graders, 13673
religious education curriculum based on cognitive conflict, abstract religious thought, 6th grade students, 6577
research findings in neuroscience & electronic media, reading assessment & instruction, 10–14 yr olds, 6579
residence in retirement vs nursing vs independent homes & rural vs suburban vs urban communities, musical activity preferences, individuals 55 yrs & older, implications for continuing music education program planning, 8974
revision of H. Goldstein's social learning curriculum, mentally retarded special education students, Taiwan, 4353
school & home environment & "latent curriculum", lifelong education, Japan, 4287

survey of mental health agencies & role & desired characteristics of master's level psychologists, development of master's level psychology curriculum, 6531
teaching-learning model for psychology of women course, undergraduate seniors & graduate students, 6621
users' "format schema" for technical manuals, evaluation of document design of nonprocedural job text, US Navy apprentice electronics technicians, 9180
Cursive Writing
fading teaching techniques, cursive writing learning, 1st graders, 8993
simplified handwriting method, learning disabled children, 9055
training for manuscript handwriting, cursive letter formation, 1st graders, 2021
Cushings Syndrome
depression & plasma tryptophan & urinary free cortisol, 18–70 yr olds with Cushing's syndrome, 8313
night sleep patterns, patients with Addison's disease & Cushing's syndrome, 1333
psychosis in Cushing's disease, 3673
Cutaneous Sense [See Also Tactual Perception, Vibrotactile Thresholds]
body locus & electrode configuration & stimulus waveform & pulse duration, thresholds for detection of electrocutaneous stimulation, male adults, 7525
ceruletide vs pentazocine dosages & naloxone mediated reversibility, threshold & tolerance to electrical & thermal cutaneous pain, 19–37 yr olds, 7624
electrical stimulation of cutaneous & muscle nerves & noxious vs innocuous mechanical stimulation of muscle & tendon & cutaneous tissues & intra-arterial algesic substance injection, ventroposterolateral nucleus responses, cats, 12216
fixation on visual target presented to left vs right side & electric shock to ipsi- vs contralateral ankle, detection of or RT to shock, 7116
orientation & physical separation & body locus of electrodes, temporal order thresholds for brief electrical stimuli, male adults, 7528
time interval & body locus & electrode configuration, perceived distance between brief electrical stimuli, male adults, 7529
touching textured surfaces, response of somatosensory cortex cells to both finger movement & surface features, male macaques, 439
Cybernetics
ability to estimate functional behavior of hidden variables, extension of work on Generalized Production Rules System for strategic decision making, 9253
Cognitive Systems Engineering approach to description & analysis of man-machine systems, adaptive cognitive vs mechanistic systems view, 11454
cybernetic approach, evaluation of instructional systems using control variables as criteria, 1963
description of SAGE computer program, adaptive production system model of strategy learning, 9269
design issues & methods & human factors in interactive computer software, emergence of direct manipulation, 4696
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
learning automaton model for congruence to joint strategy, fairness & profitability tradeoff, 4658
models of individual user characteristics, interactive computer software systems, 4691
multiteacher environment & average weighted reward & reinforcement scheme, learning behaviors, variable structure stochastic automaton, 4662
neurophysiological studies, multiple levels of control of robotic arm movement & proposals for use of control theory, 2366
proposed nontraditional view of corporate strategy based on cybernetics, 6869
psychological vs sociological vs cybernetic vs systems models, systems theory/model, counseling & psychotherapy research, 3827
theory & practice in psychology & computer science & process control, design of representation of on-line computer systems, naive users, 4680
Cyclic Adenosine Monophosphate
cyclic adenosine monophosphate dependent protein phosphorylation, synaptic plasticity, Aplysia, implications for molecular basis of classical conditioning & long term memory, 455
methyl bromide, norepinephrine & dopamine & serotonin & acetylcholine & cyclic adenosine & guanosine monophosphate in brain, male rats, 3039
phosphodiesterase inhibitor, anisomycin-induced amnesia & retention of avoidance response & brain cyclic adenosine monophosphate, male mice, 3074
physiological stress, cyclic adenosine & guanosine monophosphate in pituitary & pineal body & other brain regions, male rats, 549
rolipram vs Ro-20-1724 vs ICI 63 197 vs imipramine, antagonism of reserpine-induced hypothermia & hypokinesia & yohimbine lethality as predictors of clinical antidepressant effectiveness, male mice, 12328
Cycloheximide
colchicine vs anisomycin vs cycloheximide, lordosis induced by estradiol benzoate & progesterone, ovariectomized rats, 5225
nicotine, reversal of cycloheximide amnestic effects & role of brain protein synthesis & nicotine binding sites, mice, 3086
pretraining ECS vs cycloheximide, amnesia of passive avoidance conditioning induced by cycloheximide vs ECS, male rats, 7496
strychnine sulfate, attenuation of cycloheximide-induced amnesia independent of catecholamine synthesis inhibition, male mice, 9835
Cyclothymic Personality
chronic hypomanic states formed within acquired cyclothymia, patients, 1194
concepts of depression & cycloid personality & manic depressive psychosis, implications for psychotherapy, 12770
lithium therapy, remission of tics, 27 yr old male with cyclothymic disorder, 10843
Cytoplasm
estradiol binding to blood plasma & brain cytosols, male & female perinatal ferrets, 12279
Czechoslovakia
ethnic & social & economic status, Gypsies, Czechoslovakia, 947
level of collective development & opinion unification, youth worker collectives, Czechoslovakia, 7963
new conception of educational system, pedagogical & psychological & sociological aspects of student placement in secondary schools, Czechoslovakia, 9113
teaching methods, geography education, Czechoslovakia, 4302
Daily Biological Rhythms (Animal) [See Animal Circadian Rhythms]
Dance
modern dance, body image, female college students, 8043
practice & side preference, bilateral transfer of complex dance movements, college students, 9449
Dance Therapy
child development stages, interactive processes in dance/movement therapy, 21 & 23 yr old female clients, 3807
dance vs group therapy, emotional responses, student nurses & occupational therapy students, 3800
psychosexual stages of attachment & separation as working model, dance therapy, 30 yr old female with back trouble & 17 yr old female schizophrenic, 10686
theoretical model & practical application, movement therapy, case report, 3783
Dark Adaptation
dark-adapted retinal sensitivity & electroretinographic responses, hypopigmented mutant pearl mice, 9591
divalent magnesium & strontium & barium ion perfusion, hypersensitivity of dark adapted rods & comparison with calcium & magnesium & strontium, frogs, 9713
dopamine & homovanillic acid & 3,4-dihydroxyphenylacetic acid content in retina in light vs dark environment & following haloperidol &/vs apomorphine treatment, male rats, 7359
importance of experimental control of light quality & luminance in chromatic dark adaptation studies, 16–23 yr olds, 225
level of steady vs modulated adapting light, retinal ganglion cell discharge rate, goldfish, 461
migration of proximal & distal accessory photopigments in dark adaptation, modulation of light sensitivity, crayfish, 7425
performance on rapid dark adaptation test based on Purkinje shift, genetically color-blind males, 13038
phosphorylation of rhodopsin in retinal rods, frogs, 12116
Darwinism
ambiguity of word "instinct" as used in work of C. Darwin & H. Spencer & modern day ethologists, 6916
analysis of C. Darwin's creative process, development of theory of individual creative work consistent with theories of T. S. Kuhn & Piaget, 6924
Darwinism mechanistic world view of E. H. Haeckel, 11522
historical context, development of C. Darwin's thought about psychology & assimilation into theory of evolution, 6928
historiographic perspective, reasons for C. Darwin's delay in publishing theory of evolution by natural selection, 6939

impact of C. Darwin's theory of evolution & insight that universe is nonanthropocentric & biocentric, social theories of T. H. Huxley & P. A. Kropotkin & P. Geddes, 6918
natural competition between species, comments on controversy between J. A. Wiens & J. Diamond, 2779
power of C. Darwin's writing within Victorian culture & reflection of Darwinian theory in G. Eliot's "Daniel Deronda", 6917
rejection of Darwinism by Piaget, developmental psychology, 6946
theoretical mechanism for transfer of species-specific characteristics, neo-Darwinian paradigm of evolution vs R. Sheldrake's hypothesis of formative causation, 6941

Data Collection
Apple II microcomputer system & electronic interface, extension of automatic vocal transaction analyzer approach from dyads to groups, 11568
attitude of S, polarization of judgment of others' attitudes, college students, implications for data collection & analysis, 5647
behavioral recording system using portable data terminal, 11559
computerized data collection devices for research in zoos, 2364
conceptual approaches & factors affecting reliability, social & behavioral science research data, literature review, 2371
conditional rank order judgments, gathering information for multidimensional scaling analysis, college students, 2550
data acquisition system for interpretation of clientele data at college counseling center, 2185
data collection & measurement strategies & research, interdependence in close relationships, 1050
data collection problems for psychodiagnosis in jail setting, literature review, 6452
design & calibration, error sources in use of corneal reflex technique to analyze visual scanning patterns, infants, 11560
development & revision, "World Handbook of Political & Social Indicators", 12584
direct observational methodology, recording system bias, literature review, 2370
experimental techniques, facilitation of increased rate of response to questionnaires in consumer research, 73
information gathering efforts, incidence of child abuse & neglect among handicapped, US, 5699
internationally applicable demographic information suitable for ascertaining social class in consumer research, 2299
ipsilateral vs contralateral auditory brain stem EP to monaurally administered clicks, latencies & amplitudes of Waves I & III & V, 22–38 yr olds, 2838
large-scale expandable input/output port for TRS-80 microcomputer, online control of experiments & data collection, 11614
methodological issues in data collection, evaluation of satisfaction with mental health services, clients, literature review, 9251
microcomputer-based system, continuous automatic collection & storage & analysis of food intake data, rodents, 4698
multivariate observational data & lack of independence between behaviors & group vs individual differences, methods of data analysis in social & behavioral research, 2541
observation of trait vs behavior, relevance of various validity concepts in observational social & behavioral research, literature review, 2361
PDP-11 assembly language program, digitizing & sorting & averaging EPs, 11615
presence & instructional sets & self monitoring & direct observation & other methods of assessment, reactive effects on S & data reliability, literature review, 2374
procedures for selecting & defining & recording behaviors observed in social & behavioral research, literature review, 2372
proposal for collaborative archiving of tape samples from therapy outcome studies, calibration of quality of therapy & therapist training, 13161
randomized response technique, estimation of alcohol consumption & drug therapy compliance, hypertensive patients, 2392
reliability of computer interview, collection of drug use/abuse data, high school students, 12904
routine documentation system of psychiatric data, 13116
selection & analysis of evidence, action research for assessment of changing organizational situations, 11408
selection & training & maintenance of observational performance in natural settings, social & behavioral research, Os, literature review, 2387
short term stability of data collection techniques, assessment of extension of thinking about one's personal future, undergraduate & graduate students, 11612
simultaneous recording from vertex & ear contra- vs ipsilateral to stimulation, resolution of Wave V in brain stem auditory EPs, 13–34 yr olds, 7411
theory & measurement & data analysis, family studies research, literature review, 987
use of interview vs questionnaire & type of questions in data collection, identification & perceptions of delinquent & nondelinquent youths, neighborhood residents, 5650

Dating (Social) [See Social Dating]

Daughters
age & marital status & employment status & living arrangements, nature & amount of help provided to mothers, 40–66 yr old daughters & their aged mothers, 7887
birth of child, relationship between daughters & mothers & mothers-in-law, 7879
birth order & sibling sex, parental support & involvement with sons vs daughters, 12–16 yr olds, 12565
changes in female sexuality & sexual behavior & attitudes & mother-daughter communication & differences, mothers with college age daughters & college sophomores, 10173
gender differences & older generations' impact & prevalence & content, family conceptions of parental heritage, White middle-class mothers with mean age of 37.2 & fathers with mean age of 38.8 & children with mean age of 11.1 yrs, 7889
genetic disposition & genetic association, schizophrenia & Stein-Leventhal syndrome, 55 & 56 yr old parents & their 18–23 yr old daughters, 3498
mother's employment status & reason for working, congruence of sex role attitudes & self concept, 10–14 yr old daughters & their mothers, 985
preoedipal mother-daughter relationship, postincest 26 yr old female in therapy, 1504
re-enactment in psychoanalysis of mother's traumatic experience, daughter of concentration camp survivor, 13134
sex role attitudes & attitude change, mothers & their sons & daughters, 18-yr study, 12608
withdrawal of love & encouragement of cross gender behavior by mother, need for approval, 31 yr old sons & daughters, 25 yr longitudinal study, 3239

Day Camps (Recreation) [See Summer Camps (Recreation)]

Day Care (Child) [See Child Day Care]

Day Care Centers
analysis of behavior rules & goal values & images, day care center staff, Italy, 13517
day care center, elderly, 10938
evening intensive-care & ambulatory care & hospital daycare, child psychiatric patients, 13355
free play activities, 3–4 yr olds in high vs moderate vs low quality daycare centers, 13340
infant day care programs, Italy, 1748
intensive treatment at preschool psychiatric day center, clinical ratings & behavior & IQ & family variables, 8 yr olds, 5-yr followup, 8672
pattern of interaction between children & between children & personnel, mixed age groups of 7 mo to 12 yr olds in multipurpose day care center facilities, 13326
staff evaluation of mental status & hypochondriasis & depression, 50–95 yr olds at day care center for frail &/or impaired elderly, 8663
training & use as paraprofessionals for teaching severely handicapped children in developmental day care center, 54–81 yr old retired females, 2101

Daydreaming
EEG studies, psychophysiology of waking fantasy, literature review, 2848
personality type, recorded daydreams & memory, college students, 12715
sex differences, actual vs logged daydream content, college students, 9533

Deaf
age & neurological handicaps & degree of hearing & vision impairment & level of language & developmental attainment, deaf-blind children & adolescents, 6031
attitudes toward instruction in sexuality for sensorially impaired students at Alabama Institute for Deaf & Blind, parents & staff, 9068
attitudes toward preschool rehabilitation program involving parent counseling & home instruction in speech & lip reading, parents of hard of hearing children, 6–10 yr followups, 6463
automatic reading using Stroop test, prelingually deaf 12–25 yr olds, 1392

cerebral asymmetry in identification of tachistoscopically presented printed vs pictured signal words & letters, deaf 18–55 yr olds vs normal-hearing 15–52 yr olds vs brain damaged 17–42 yr olds, 10651
cochlear microphonic ringing & amplitude, normal Ss with mean age of 22 yrs vs patients with cochlear deafness & Menieres disease, 10585
cognitive development, blind deaf mutes, comment on works of I. A. Sokolyanski & A. I. Metscheryakov, 5986
comprehension of spoken vs written vs signed English syntax, profoundly deaf 8–12 yr olds, 12993
congenital cytomegalovirus infection, cause of deafness & mental deficiency, newborns, literature review, 5703
deafness & age, recognition of facial expressions of emotion, normal vs deaf 5–17 yr olds, 6027
design & evaluation of "sensory" playground using fixed & movable components & gravity & construction play, blind & partially blind & deaf-blind children & adolescents, 1855
development & usefulness of recognition vocabulary test, 4th–12th graders with severe hearing loss, 4419
development of Cape Cod Alcoholism Intervention & Rehabilitation Unit Project for Deaf, 1895
diagnosis & training of deaf children in comprehension & use of sign & spoken language & lipreading, parents of deaf children, 6306
discrimination of sentence intonation, profoundly deaf 8–16 yr olds, 13011
dyadic language interactions during play, preschool age deaf vs hearing children, 5997
evaluation & differential diagnosis & treatment & prognosis, elective mutism, profoundly deaf 26 yr old female, 10653
group counseling & educational program, teenagers with Usher's syndrome, 11335
hearing aid &/vs lipreading rehabilitation approaches, acquisition of monosyllabic word discrimination, congenitally deaf 6–9 yr olds, 6309
home instruction methods, teaching deaf children English & Hindi, parents, 6752
inservice program, teaching sex education, teachers of deaf, 11166
language development, deaf children, 3681
lipreading &/vs electrical stimulation using wearable speech processor & multiple-channel cochlear implant, perception of consonants in VCV context, 49 yr old male with total bilateral deafness, 6297
methods for developing conceptual thinking, deaf 2nd–5th graders, 13658
modeling of speech sounds, development of spoken language, deaf children, 6305
mother-child interaction & communication, hearing mothers & their deaf vs hearing 3–6 yr olds, 3715
needs in science education for deaf students, 6743
networking strategy emphasizing concept relationships, reading comprehension, deaf 18–25 yr old students, 6744
onset of deafness in adulthood, recall of visually presented verbal information & speechreading performance, deaf 23–59 yr olds, 3752
oral vs manual approach to teaching language, deaf children, 3976
oral vs oral-manual methods of communication in education, deaf, 1960's, 6742
portrayal of deaf fictional characters in short stories, literature review, 7663
preferences for oral &/vs sign language learning of English vs Spanish, preschool age deaf Spanish females, 1395
printed word set, free vs ordered recall, deaf college students vs normally hearing Ss, 3712
processing of linguistic vs nonlinguistic stimuli presented to right &/vs left visual field, congenitally deaf vs normally hearing 20–56 yr olds, 3680
recoding into articulation vs fingerspelling vs sign language, 2nd generation congenitally deaf 28–63 yr old readers, 1441
resources & current & future trends in visually captioned instructional media, deaf, 2098
role taking ability & understanding of good & bad, deaf vs hearing 52 vs 74 vs 119 mc olds, 1386
self concept & locus of control, prediction of achievement, deaf 13–19 yr olds in residential schools, 2120
sequence of written English preposition comprehension, severely to profoundly hearing impaired adolescents, 5983
sex & age differences, comprehension of emotional concepts & social attributions, profoundly deaf 14–20 yr olds, 10610
sign order & morphological structure in American Sign Language, sentence recognition memory, deaf Ss, 1369
skill in use of sign language, learning meaning of formationally similar invented signs, deaf precollege students & hearing staff members, 3758
skin resistance & arousal thresholds, blind & deaf males with mean ages of 10 & 11.1 yrs, 5952
speech reading & lipreading, language acquisition, deaf children, 6308
speech reading of nonsense syllables vs isolated words vs sentences, speech reading proficiency, college students, implications for training deaf, 6299
spiral ganglion cell populations, discrimination of electrical pulse rate & amplitude following cochlear stimulation, deafened cats, 9771
syntax teaching program, comprehension of negation, deaf 10–11 yr olds, 2130
Total Communication vs pantomime vs visually-aided vs standardized test instructions, WISC-R performance subtest scores, severely/profoundly hearing impaired 6.3–12.3 yr olds, 2139
use & omission of sign for originator of action, syntactic structure of sign language, profoundly deaf 6.5–8 vs 8.1–12.4 vs 12.5–15.7 yr olds, 5944
use of interpreter for deaf, family therapy, families with hearing parents & deaf child, 6165
use of oral vs Total Communication method of teaching, schools or units for deaf & partially hearing children, UK, 6740
videotape behavioral assessment procedure, evaluation of behavior change, deaf & blind children in training programs, 8369
visually presented additive vs nonadditive number sequences & recall interval, short term recall, deaf vs hearing adults, 8314
visually presented letters, short term encoding, congenitally deaf 9–16 yr olds, 1339
vocational interests & attitudes, deaf vs normal hearing 16–19 yr olds, vocational education implications, 1355
2-electrode cochlear stimulation, perceptual dissimilarities, deaf, 10643

Death and Dying [See Also Euthanasia]
age & cognitive development factors & experiences with death or separation or divorce, conceptions of death & personal mortality, 5–10 yr olds, 3248
analysis of frequency distribution by age & sex & time of day & season, death, 10650
autobiographical & latent content of V. Woolf's novel "The Voyage Out", 12357
coma as symbolic death, depression, 15 yr old male in mourning for dead brother & absent father, 10709
coping strategies, dealing with death & dying, paramedics & emergency medical technicians, 4180
cultural attitudes toward death & mourning, implications for physicians, 6310
death & mourning, literature review, 3793
death by asphyxiation, 20 yr old paranoid schizophrenic male in seclusion, 10405
death in psychiatric institution, 13360
death of child from cancer, grief & adaptation, 26–58 yr old parents, 3-yr longitudinal study, 3466
death of parent vs spouse vs child, grief experiences, adults over 50 yrs old, 3310
demographic & driving record characteristics, drivers involved in fatal accidents, implications for prediction, 4444
effect on family & issues for treatment professionals, families having child with Duchenne muscular dystrophy, 13000
ethnic differences, analgesic drug related deaths, Black vs White vs Hispanic 19–83 yr olds, 12934
experience & attitudes toward slaughtering cattle & hogs & use of animals, college student work crew involved in cattle & hog butchering, 13621
grief reactions during 1st yr after death of spouse, widows & widowers, 8030
husband's occupation, mortality rates, males & their wives, implications for transmission of occupational risks through marital relationship, 963
interpretation of veridical apparitions as evidence of survival after death, literature review, 11517
judgmental responses to newspaper accounts of death of 10 yr old female by disease vs accident vs suicide, 14–67 yr olds, 5467
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father, 3.5–11.5 yr olds, Israel, 12480
Kubler Ross stages of dying, non-terminal cancer patients, 13060
moving to nursing home, perceived control & well-being & mortality, 65–97 yr old nursing home residents, 4074
near death experiences, death attitudes, 3459
near death experiences, work of E. Kubler-Ross & R. Moody, 7213

perceived age similarity & dying vs not dying patient, willingness to telephone or visit, Ss with mean age of 68.8 yrs, 10084
personal value transformations & suicidal ideation, survivors of near-death experiences, 4612
political uses of dead citizens, social control, 7914
psychoanalytic perceptions of silence & communication & happiness & sexual love & death, 8037
psychological autopsy, phencyclidine-related deaths, 1242
psychophysiological & psychosomatic interpretation of voodoo illness & death, 10133
responsibilities to clients regarding preparations for death, psychotherapists, 6491
SES & other demographic characteristics & risk of death from ischemic heart disease or cerebral stroke or cancer, 30–59 yr old males, longitudinal study, 3753
sexual asphyxia & danger of death, 8206
sibling death, bereavement reactions & self concept perceptions, 14–19 yr olds, 10033
situational & occupational factors & strategies, delivery of news of death, physicians & nurses & law enforcement officers & clergy, 8847
social alienation & stages of dying, dying patients, 3759
stress reactions following recovery & identification of airplane crash victims, lay personnel, 20-mo followup, implications for emotional debriefing, 4453
sudden death due to pulmonary embolism secondary to deep leg vein thrombosis, 31 yr old catatonic male, 8087
sudden death vs following short term vs chronic illness, grief at death of close family member, adults with mean age of 52 yrs, 3469
theoretical & methodological problems, investigation of psychological death & psychology of death, 11597
treatment of infant death in fiction, 3120
understanding of death, children at preoperational vs concrete operational stages, counseling implications, 3184
visualization of one's own death, psychological benefits, college students, 4296
Death Anxiety
adjustment to life outside of hospital, chronically ill & dying adolescents, 10546
death anxiety & ego strength & self esteem, male vs female college students, 8009
death-related fears, 8–65 yr olds, implications for nursing, 890
fear of personal death & its attribution & factor structure & relation to religious beliefs, 18–30 yr old Jewish males, 10289
health & friends & offspring living in same area & educational level, life satisfaction & death anxiety, females over age 65, 916
operant therapy with vs without cognitive therapy, depression & high frequency verbalizations about death, 68 & 76 yr old institutionalized patients, 10797
psychophysiological & psychosomatic interpretation of voodoo illness & death, 10133
religiosity & attitudes toward death, 8058
Death Attitudes
adjustment to life outside of hospital, chronically ill & dying adolescents, 10546
age & cognitive development factors & experiences with death or separation or divorce, conceptions of death & personal mortality, 5–10 yr olds, 3248
age & recent experience, attitudes toward terminal patients & their care, physicians & housestaff & nurses, 10999
age & sex & IQ differences & duration of institutionalization, age perception of self & others & death concepts, mentally retarded 17–62 yr olds, 8255
arguments against the Epicurian position that fear of death is irrational, 4636
attitudes about belief in & expected nature of afterlife, survey respondents, 3279
attitudes toward death, physicians, comparison with attitudes of Heidegger & Lacan & Oraison, 4136
attitudes toward terminal cancer, Japan, 3732
cultural attitudes toward death & mourning, implications for physicians, 6310
existence & nature of psi & individual survival of mental function after death, proposal for establishment of commission of inquiry on parapsychological issues, 4608
extraversion &/vs psychoticism, attitude toward capital punishment, male vs female college students, replication of S. J. McKelvie & J. Daoussis's study, 8033
near death experiences, death attitudes, 3459
perceived age similarity & dying vs not dying patient, willingness to telephone or visit, Ss with mean age of 68.8 yrs, 10084
psychoanalytic analysis, death & resurrection & rebirth observations before & after cardiac surgery, cardiac patients, 10902
racial differences, death attitudes & responses to children's grief, Black vs non-Black elementary school teachers, 4226
relevant aspects of death, 15–21 yr old students, Senegal vs US, 3259
role of mother's death-wish in development of child's tumor, directed reverie therapy as part of treatment, 6 yr old male, 13164
theoretical & methodological problems, investigation of psychological death & psychology of death, 11597
understanding of death, children at preoperational vs concrete operational stages, counseling implications, 3184
Death Education
considerations for special school, terminally ill students, 2116
research in thanatology, 3821
visualization of one's own death, psychological benefits, college students, 4296
Death Penalty [See Capital Punishment]
Death Rate [See Mortality Rate]
Death Rites
mourning ritual obligations in traditional area of Naples, Italy, 12532
Decarboxylase Inhibitors
levo-5-HTP & carbidopa with vs without tyrosine, catecholamine turnover & symptomatology, patients with vital depression, implications for enhanced monoamine activity as basis for antidepressant action, 12327
Deception [See Also Cheating, Faking, Malingering]
ability to understand others' beliefs & prediction of their actions & understanding of deception, 3–4 vs 4–5 vs 5–6 vs 6–9 yr olds, 7705
conformity & lying, Machiavellianism, college students, 5690
factitious posttraumatic stress disorder, 29–37 yr old males, 12873
failure to consciously recognize vs heightened physiological response to recorded voice of self vs familiar other, female college students, implications for self deception, 9703
greater reinforcement of 1 color in communication of hidden colors to cohort, frequency of reporting that color, pigeons, 337
guilty knowledge technique of mock crime enactment, GSR response on polygraph, 36 yr old male with pseudologia fantastica, 8221
lie scale score & article saliency, reading rate & body movements, college students, 8024
moral reasoning regarding lying & stealing, 1st graders, 3146
sociological approach, fraud in science, 13438
verbal & paralinguistic cues, perception of deception, college students, 5623
Decerebration
firing patterns of reticulospinal neurons associated with 4-limb movement, thalamic cats, 7433
Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]
ability to estimate functional behavior of hidden variables, extension of work on Generalized Production Rules System for strategic decision making, 9253
aggregation schema for eigenvector approach to attribute scaling using paired comparison in hierarchical data, 2517
anxiety, career decision making, liberal arts college students, 8939
career developmental stage model of vocational maturity & work salience & personality, career counseling & decision making, 11th grade females, 11330
categorical vs dimensional coding of causal attributions, prediction of willingness to grant parole & prognosis for rehabilitation & risk of future crime, expert parole decision makers, 4092
characteristics of US decision making during Cuban missile crisis, implications for development of organizational decision making model, 11399
comparability & reliability of techniques for assessment of personal future planning, 62–92 yr old White females, 2385
computer aid based on Bayes' theorem, decision making, military intelligence analysts, 40
conceptual framework, decision making, 4900
conceptual model based on expectancy theory, choice to use decision support system, college students, 11525
conflict vs therapeutic harmony models, psychotherapy, recently divorced persons, 13170
context in pronunciation vs lexical decision tasks, decision time for word recognition, college students, 4928
contingency model of participative decision making in organizations, 4535
cost-benefit theory, measurement of potential difficulty of decision, consumers, 6902

cross cultural analysis, primary decision maker for family purchases, surveyed middle & upper class wives, implications for H. Rodman's theory, 2289
decision making about child care, parents & judges, 3307
decision making method, selection of test for organizational performance measurement, 168
decision making patterns, families with violent vs nonviolent 15–20 yr old males, 12914
decision making processes in emergency involuntary psychiatric commitment, 11008
decision making roles as basis for group discussion, college students in career planning groups & workshops, 11291
decision situation framing & information availability & potential nontransitivities of contextual relation, regret models of judgment & choice, 4926
decision-making processes in hospital emergency rooms, residents, 8899
design & use of decision making process model, sexual decisions, adolescents, 7802
discriminant analysis vs hypothesis agglutination techniques vs conventional linear statistical procedures, diagnostic decision making, 6999
education for health decision making, students, 11203
environmental ethics & consumer decision making, 11473
expected utility theory axioms, 9292
external validity, laboratory studies of information integration, 2378
factors associated with 1st blood donation experience, subsequent donation decisions, donors with mean age of 21 yrs, 10264
generation theory, structure & process of decision making, 4923
generation theory, structure & process of decision making, comments on article by L. D. Phillips, 4919
goal hierarchy as decision aid, information seeking & processing efficiency in choosing apprenticeship, high school students, 4259
implicit vs explicit importance of career values in career decision making, 12th graders, 5423
importance of involvement in decision making regarding post-discharge long-term care, elderly patients & their families, social work implications, 3984
inadequacy of children's hearing system, decisions concerning child abuse & neglect, hearing panel members, Scotland, 1019
intensity & conflict & evaluative accord in career decision schemes, 12th graders, 12468
irrational aspects of individual decision making, 1097
job search linkages, employee turnover decision process, university employees aged 18 yrs & over, replication of W. H. Mobley's study, 11440
methodology, decision making for distant future outcomes, 928
methodology employing repertory grid technique, experimental assessment of teachers' beliefs & principles & decision making, 64
mixed vs blocked frequency presentation, lexical decision RT, 17–36 yr olds, test of serial search vs 2-dictionary vs parallel model of lexical access, 7160
model of individual's decision processes, variables in decision to purchase electric car, Australia, 2510
models, decision making experimentation, social psychologists, literature review, 5611
models of human O & controller & decision maker formulated according to linear estimation & control & decision theory, design & analysis of man machine systems, 13796
multiattribute decision structures, evaluation of professors, college students, marketing implications, 11484
multinomial logit model, decision making in dynamic collective systems, 9402
neural substrate of free will, criticism of J. F. Rychlak's paper, 11530
number of decisions concerning content during reading, recall of prose material, college students, 4901
organizations as generators of unreflective & nonadaptive actions, 11441
parental decision making patterns & conjugal conflict resolution techniques reported by offspring, middle-class urban high school students, India vs Ireland vs US, 10169
predictive validity of Career Decision Scale, high school seniors, 13680
preferred age of sexual partner & dominance structure of decision making in relationship, homosexual males, literature review, 7928
price, utility judgments, consumers, 6899
price, utility judgments, consumers, critique of V. R. Rao and D. A. Gautschi's article, 6904
process topology based on concepts of desired & expected & actual mobility & decision making perspective, migration & residential mobility, adults, 3-yr longitudinal study, 10117
process-oriented approach, assessment of decision making, spouses, 970
psychodynamics of individual decision making, 1096
psychological factors as counterparts to economic optimization principle & role of curiosity, 2563
reasoning behind child custody decisions in divorce cases, judges & trial commissioners, 3335
resolving disagreements in purchasing decisions, spouses, 2302
salience of relevant other, individual & joint preferences, graduate students & their household partners, 11495
sex & father's vs mother's control & influence, perceptions of family decision making & autonomy, 14–16 yr olds, Australia vs India vs US, 10-yr US followup study, 10160
simulation techniques, model for involving employees in decision making & determining housing & settlement needs & preferences, adults, US & Botswana, 9192
social work department roles & professionalization & staff size & involvement in patient care & hospital decision making, New Jersey hospitals, 1709
sociocultural factors, health beliefs & decision making, children, 5314
sociology of medicine & illness as legitimized deviance, effects of religious affiliation & religiosity on decision making, physicians, 13442
special services eligibility decisions & classification of students as learning disabled vs mentally retarded vs emotionally disturbed, educational professionals, 6754
statistics & decision making training, judgmental skills assessed by intuitive logical reasoning problems, physicians vs clinical nurses vs hospital laborers, 4133
subjective quality of life as criterion, assessment of needs for social policy & resource allocation decisions, adults & older persons, 10106
task value & duration & deadline, decision making process in multitask situation, graduate engineering students, evidence for normative dynamic decision model for prediction of human task selection, 4922
test anxiety, RT for semantic vs nonsemantic decision making, college students, 195
usefulness of MMPI decision rules for psychodiagnosis of DSM-III categories, 8161
vaginal vs Cesarean delivery & type of anesthesia & participation in decision making & presence of husband, perception of giving birth, 17–33 yr old females, 8604
vocationally mature coping strategies, college major & vocational decision making, college students, 11246

Decoding [See Human Information Storage]

Decortication (Brain)
neocortex decortication with vs without hippocampal removal, copulation, sexually experienced vs naive male rats, 9790
neonatal & adult hemidecortication vs removal of frontal cortex, behavioral sparing & morphogenesis of remaining cortex, rats, 2978

Deductive Reasoning [See Inductive Deductive Reasoning]

Deer
competition between female relatives, productive success, matrilocal nonterritorial red deer, 364
normal browsing vs competitive feeding situation, dominance hierarchy, female red deer & offspring, 12008

Defecation
parachlorophenylalanine-induced 5-HT depletion & sound level, defecation & ambulation in open field, rats, 5209
perinatal malnutrition, ambulation & rearing & defecation & corticosterone response to novel stimuli, adult rats, 5168
procedural differences between laboratories, discrepancies in open field defecation scores, Maudsley reactive vs nonreactive rat strains, 9262
urination & defecation behavior, piglets, 2724

Defense Mechanisms [See Also Compensation (Defense Mechanism), Denial, Displacement (Defense Mechanism), Fantasy (Defense Mechanism), Identification (Defense Mechanism), Projection (Defense Mechanism), Rationalization, Reaction Formation, Regression (Defense Mechanism), Repression (Defense Mechanism), Withdrawal (Defense Mechanism)]
acceptance of mentally retarded vs "fast learner" fictional characters' defense mechanistic behavior, educable mentally retarded vs nonretarded children & adolescents, 1302

anxiety & depression & denial & defense mechanisms & emotional activation, patients hospitalized with cancer & other pulmonary pathologies, 6004
application of K. Horney's theory to neurosis formation as defense against classroom anxiety, college teachers, 8953
characteristic symptoms & child's personality structure & defense mechanisms & parental personality & anxiety, hyperkinetic syndrome, 10614
cognitive-affective defenses & controls & coping modes & personality & artistic styles, 32–58 yr old painters, 5657
concept of splitting & manifestation as defense mechanism, implications for differential diagnosis & psychotherapy of personality disorders, 12765
defensive style & verbal & visual/spatial & emotional question content, lateral eye movements, right handed college students, 7396
discussions in Hampstead index, "The Ego and the Mechanisms of Defence", 9232
encopresis as defense mechanism, defense against homosexual approaches, 12 yr old male, 1250
evaluative situations, self report of physical symptoms & illness, hypochondriacal college students, 12740
feeling of helplessness & loss of narcissistic defense & fear of loss of life, cause of combat exhaustion, 13080
historical development & role of ego defenses & self esteem, cognitive dissonance theory, 12731
incidence of neurotic defense mechanisms, psychiatric outpatients, 1955–79, 5785
lateral eye movements & defense mechanisms & somatic symptoms, female college students, 2898
locus of control & coping & defense mechanisms, US Marine Corps recruits with average age of 18.9 yrs, 12747
narcissistic mechanism of defense & positive transference in psychoanalysis, female patient, 8438
psychoanalytic concept of defense, implications for rite & ritual, 13190
psychopathology as tactical reorganization of behavior & cognition & affect in defense of ego, conceptualization & treatment of catatonia, 21 yr old Black male catatonic, 8442
psychosomatic illness as defense for split in ego organization, 1448
rage & self hate & dependency & violence, intimate & bonded heterosexual relationships, 8187
Rorschach scoring system based on O. Kernberg's theory, assessment of defensive structure, borderline vs neurotic vs schizophrenic patients, 2446
rumors as defenses in groups, 10234
self knowledge & self defense & personal growth & abandonment of defenses, behaviorists' concerns, 5656
source of anxiety & danger, orientation of processes of defense, discussion of A. Freud's book "The Ego & the Mechanisms of Defence", 2346
surgery for hypospadia in childhood, neurotic disturbances & shyness & enuresis & depression & anxiety & defense mechanisms & social relations in child- & adulthood, 21–34 yr old males, 1692
symbolization & identification with parental figures as defense process, conversion hysteria, discussion of cases described by Freud & J. Breuer, 3572

Defensive Behavior (Animal) [See Animal Defensive Behavior]

Defensiveness

defensiveness & locus of control, ability to cope with life stress, male college students, 5683
defensiveness as manifestation of work-related anxiety, social service nurses, review of I. E. Memzies's research, 4125
item level & subscale analyses, Hypochondriasis & Depression & Hysteria & Defensiveness scales of MMPI, chronic pain patients with mean age of 44.1 yrs, 7074

Deficiency Disorders (Nutritional) [See Nutritional Deficiencies]

Degrees (Educational) [See Educational Degrees]

Deinstitutionalization

administration & organization of community services, formerly hospitalized chronic psychiatric patients, Great Britain, 8664
approach to psychiatric care, deinstitutionalized patients, 8645
assessment & implementation of quality of life as desired outcome for community support programs, 20–86 yr old chronic psychiatric patients, implications for deinstitutionalization, 1716
background & issues concerning deinstitutionalization, 8640
changes in mental health laws & deinstitutionalization, literature review, 8669
changes in mental health services due to deinstitutionalization, 8652
community support systems, deinstitutionalized chronically ill psychiatric patients, 8656
deinstitutionalization & need for aftercare programs, literature review, 13339
deinstitutionalization, adaptive behavior, mentally retarded 18–75 yr olds with IQs 10–51, 13337
deinstitutionalization, behavior change, mentally retarded & Down's syndrome victims with mean age 26.4 yrs & 6 months or more in community placement, 1757
deinstitutionalization, chronic mental patients, Canada, literature review, 13329
deinstitutionalization in child & adolescent psychotherapy, newborn child & his parents, 8474
deinstitutionalization, parental caretaking role & impact on family, schizophrenic & mentally ill patients & their families, 1823
deinstitutionalized psychiatric care, 6358
demographic characteristics & diagnosis & health status & behavioral traits, state hospital patients, implications for results of deinstitutionalization, 8684
demographic characteristics, deinstitutionalized chronically mentally ill adults, implications for mental health service patterns, 8651
efficacy of counseling program, deinstitutionalized mentally retarded & their families, 8665
evening psychotherapy in part-time institution & outpatient psychotherapy vs institutionalization, emotionally disturbed children & adolescents, 8374
factors influencing community placement decisions of institutional review teams, mentally retarded persons with average age of 27.6 yrs, 1756
history of deinstitutionalization, 8655
holistic prediction model, community reentry performance & dangerousness to self & others & rehospitalization, 18–82 yr old psychiatric patients, 6-mo followup, 1815
hospital quarterway house program as preparation for community living, chronic patients, 1813
Lomest area psychiatric case register, statistics for monitoring prevalence of treated mental illness, residents, Italy, 10398
low vs high dose chlorpromazine vs doctor's choice vs placebo & nursing home vs family care home vs supervised co-operative apartment, psychosocial adjustment, chronic schizophrenics, 12-yr followup, 3789
need for accommodation in community of ex-psychiatric patients & characteristics of group homes, 10946
needs & obstacles to psychosocial reentry following psychiatric deinstitutionalization & emotional support of clubhouse model program, chronic mental patients, 1810
neuroleptic treatment & family training & therapy in community management, schizophrenics released to community living with their families, 1747
outpatient treatment in nursing social support program, rehospitalization & medication increase & treatment continuance, 19–64 yr old chronic psychiatric patients, 1752
part-time & group therapy vs institutionalization, child psychiatry, severely emotionally disturbed children, 8388
passage of & opposition to legislation for civil rights & deinstitutionalization of mentally ill, psychiatrists vs lawyers, US, 1013
planning & production of videotape &/vs class attendance, acquisition of interpersonal skills, deinstitutionalized chronic psychiatric patients, 13331
psychiatric rehabilitation, deinstitutionalized psychiatric patients, 8637
systems-oriented planning principles for deinstitutionalization strategies, chronic psychiatric patients, 8639
trends in deinstitutionalization & general hospital inpatient services, 8627
welfare programs & deinstitutionalization & families, US, 1740

Deja Vu [See Consciousness States]

Delay of Gratification

choice of immediate reward vs delayed reward of higher value, 3–5 yr olds, implications for validity as measure of delay of gratification, 7698
Es with mean age of 26 vs 9 yrs, social desirability & verbal & behavioral delay of gratification, 6 & 9 & 11 yr old males, 892
septal lesions, failure to delay gratification, rats, implications for etiology of human disinhibitory syndromes, 7551

Delayed Auditory Feedback

low-cost solid state delayed auditory feedback device, 11633
physiological factors related to speech disturbances due to delayed auditory feedback & stuttering, literature review, 8272

Delayed Development
activity charts vs target setting vs suggestion teaching methods in home-based training scheme, skill learning, developmentally delayed & Down's syndrome 5–45 mo olds, 6189
age & sex, parent vs teacher ratings of behavioral adjustment, 6–16 yr olds with constitutional delay or growth hormone deficiency or Turner's syndrome, 3717
changes in risk status, infants & children at risk for behavior & learning & mental disorders, literature review, implications for screening & prevention, 5697
child abuse &/vs neglect, language development, children with mean age of 47 mo, 1226
classification skills, developmentally delayed vs mentally retarded preschool age children, 12982
coaching of mothers in techniques to improve interaction with infants, activity of mothers & visual attentiveness of infants, preterm infants with delayed psychosocial development & their mothers, 6187
cognitive control intervention consistent with cognitive deficiency level, cognitive performance, cognitively deficient 8.1–9.8 yr old 3rd–4th graders, 13641
cryptophasia as delayed language acquisition, twins, 10539
decelerated synthesized speech, speed of auditory processing, 7–11 yr olds with delayed language, 3973
delayed & abnormal physical & behavioral & social development & mental retardation, triple-X & mosaic XX/XXX female pigtailed macaques, implications for animal model of human retardation, 1421
demographic characteristics & maternal mood & responsiveness to infant, perceptions of infant temperament, mothers of high risk developmentally delayed infants, 10143
development of primitive reflex & postural adjustment assessment procedure, identification of neurodevelopmental delay, mentally retarded neurologically handicapped vs emotionally disturbed 3–10 yr olds, 8077
diagnostic & prognostic & therapeutic reconceptualization of failure to thrive, 3692
early delays in walking &/or talking, prediction of IQ & reading difficulties, children assessed at 3 & 7 yrs of age, New Zealand, 1323
early intervention program planning, delayed development, high risk infants, literature review, 6089
head-holding procedure, eye contact, developmentally delayed 3 yr old male, 1562
home intervention sensory integration program, male kindergartner with delayed development & distractible behavior, 9034
instructional materials, acquisition of basic skills, infants & kindergarten & primary students & developmentally delayed children, Australia, 13650
interpersonal & noninterpersonal behavior, 3–32 mo olds with failure to thrive, 3747
judgments of vocal affect, language delayed 5–11 yr olds, 3660
Martin-Bell syndrome of X-linked mental retardation with physical evidence & speech retardation, 12–21 yr old male cousins born to sisters, 3656
minimal physical anomalies & developmental delay of language, 3 yr old male wth extra 15q- chromosome, 8325
peers as social training agents, social withdrawal, preschool & elementary school children at developmental risk, 13661
perception of sons' problem solving skills & attentiveness & cooperativeness, mothers of 3.4–5.2 yr old developmentally delayed males, 12389
perinatal methadone & heroin, delayed development, infants, 8182
phonology & syntax & speech & language delays, speech-delayed 4.1–8.5 yr olds, 5934
prenatal maternal ethanol dosing, delayed development & abnormalities, infant pig-tailed macaques, model of fetal alcohol syndrome, 12248
profiles of developmental progress of skill gain, developmentally delayed 5–45 mo olds, implications for early intervention, 9918
project to teach communicative responses, developmentally delayed & blind 3 yr olds, 8400
rotary vestibular stimulation, incidence of seizures, severely developmentally delayed nonambulatory 3.3–8 yr olds, 1482
simultaneous assessment of hearing ability & cognitive status, 52–70 mo olds at risk for developmental delay, 10641
therapy & phonological development, language delayed male between ages of 3.4–5.8 yrs, 1686
vestibular response & neurological & motor & cognitive functions, high risk 3–24 mo olds, implications for use of postrotary nystagmus test in developmental evaluation, 1120

Delayed Feedback [See Delayed Auditory Feedback]
Delayed Reinforcement [See Reinforcement Schedules]
Delinquency (Juvenile) [See Juvenile Delinquency]
Delirium
amphotericin B treatment for disseminated histoplasmosis, acute dysphoria & agitated confusion & suicidal ideation, 39 yr old male, 1674
differential diagnosis, delirium & dementia, elderly, 1393
frequency & nature of delirium, 29–77 yr old cancer patients in terminal phase of illness, 13051
lithium therapy, delirium, 19–82 yr old psychiatric patients, 1634
mortality rate, delirious medical/surgical patients, 4010
psychiatric illness & delirium, 51–85 yr olds with multiple myeloma, 10640
reactive delirious psychoses, patients with slow progressive schizophrenia, 8144
recent discussions of Cotard syndrome, 8092
withdrawal of lithium & thioridazine therapy, disappearance of hypothyroidism & delirium, 55 yr old female, 1654
Delirium Tremens
cerebral atrophy, alcoholics who had recovered from delirium tremens, 3598
factor & cluster analyses, symptoms, patients with delirium tremens, 12998
nature of "terminal sleep" following delirium tremens, 32–54 yr old chronic alcoholics, 10478
tiapride, withdrawal symptoms, alcoholics with delirium tremens or undergoing detoxification, 1892
Delta Rhythm
thalamic stimulation, delta activity & spindling, implications for slow-wave sleep development, 12212
Delusions
brain ventricle size, 17–51 yr old delusional vs nondelusional depressives, 12881
classification of delusional hypochondriacal states, schizophrenics, 8163
cognitive-behavioral treatment with vs without pimozide, 38 & 43 yr old males & 35 yr old female with delusions, 8380
Cotard's syndrome, 1188
cultural causes of pronoia as delusion that others think well of one, 3537
cultural delusion of possibility of individual maturity without concurrent physical aging as manifested in modern beauty industry's marketing, 3350
definition & characteristics of Capgras syndrome, literature review, 12773
delusional beliefs, foreign body ingestion, 32 yr old chronic paranoid schizophrenic male, 5754
development of rating scale, measurement of delusional experience, patients with mean age of 37.1 yrs, 4767
dexamethasone suppression test, evaluation of Capgras syndrome, 36 yr old female psychiatric patient, 12877
factors in interrater reliability of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, patient with delusions, 9357
lithium augmentation of neuroleptic & tricyclic drug therapy, 22–72 yr olds with delusional depression, 1658
mental illness as disruption of subjective conception of time, implications for delusional misinterpretation of persons, 10402
Othello syndrome, 27 yr old female with delusions of spouse's infidelity & irritability & hostility & aggressiveness, 8109
prepsychotic antecedents of delusions in schizophrenic psychoses, 8113
present forms of chronic hallucinatory psychosis, 8135
previous puerperal admissions & delusions & use of ECT, patients with puerperal mental illness, 1799
psychoanalytic thematic analysis of delusions, schizophrenics, 13188
psychotherapeutic process & need for therapist's understanding, schizoid male, 8453
relationship between delusions & reality, 3584
structural analysis of delusional systems, female paranoid patients, 3573
Dementia (Presenile) [See Presenile Dementia]
Dementia (Senile) [See Senile Dementia]
Dementia Praecox [See Schizophrenia]
Democracy
moral judgment & ego strength & democratic orientation, students with mean age of 18.5 yrs, West Germany, implications for L. Kohlberg's model, 771
Democratic Party [See Political Parties]

Demographic Characteristics
age & sex & race & birth order & parental presence & family income level & religion & geographic locale & type of delinquency offense, loneliness, 12–18 yr old delinquents, 5886
age differences, demographic & drinking & diagnostic variables, alcoholic males with mean age of 23.8 vs 48.4 yrs, 3600
age group cohort analysis, assessment of changes in soft drink consumption patterns, US, 1950–79, marketing implications, 186
alcohol-related expectancies vs demographic variables, prediction of alcohol drinking, 12–19 yr olds, 871
alcoholism screening & demographic characteristics, alcoholism-prone hospitalized patients, 3621
anomie & demographic characteristics, alcohol & marihuana & tobacco & amphetamine & barbiturate usage, Ss aged 17 yrs & over, 12616
anxiety level & health locus of control & social supports & number of life events & illness severity & demographic variables, health clinic utilization, 18–65 yr olds, 8674
church programs & age of members & urbanization & community ethnicity & population density & affluence, changes in congregation size during 1970–78, United Church of Christ, 12530
client-clinician match in age & sex & ethnicity, clinicians' ratings at treatment termination & client report of functioning & rehospitalization, outpatient mental health clients with mean age of 3.1 yrs, 13144
correlation between occupational & other measures of social class & health characteristics, community residents, Israel, 39
demographic & attitudinal factors, proenvironmental behaviors, college students, 4584
demographic & clinical characteristics, prediction of length of psychiatric hospital stay, patients, 13358
demographic & cognitive & experiential variables, presurgical anxiety, 18–65 yr old patients, 8608
demographic & developmental factors, relationship between age at 1st birth & size of family, females, 15-yr longitudinal study, 3298
demographic & driving record characteristics, drivers involved in fatal accidents, implications for prediction, 4444
demographic & educational characteristics & expectations & perceptions of graduate programs, graduate students in clinical behavioral sciences, France, 4131
demographic & illness & treatment variables, anxiety & depression, patients undergoing hemodialysis, 8617
demographic & personality & situational characteristics & self image, helping behavior, hospital nurses, 1906
demographic & personality characteristics, depression & suicidal ideation, 13–16 yr olds, 12793
demographic & personality characteristics, jury verdict & juror's predeliberational verdict & tendency to change verdict & self perceived participation & influence, felony jurors, 1021
demographic & psychosocial characteristics, female murderers with mean ages of 24.7 vs 47.2 yrs, 12919
demographic & situational factors, prediction of absence without leave, community mental health center inpatients, 6426
demographic & symptomatic & familial characteristics, patients with unipolar vs bipolar mania, 1203
demographic characteristics & alcohol drinking patterns, 15–60 yr olds, Shetland Islands, 12613
demographic characteristics & androgyny, members of Christian Association for Psychological Studies, 13449
demographic characteristics & attitudes, pro- vs anti-abortion organization members, 3342
demographic characteristics & emotional & social & financial consequences of commuter marriage, couples, literature review, 966
demographic characteristics & epidemiology of admissions to psychiatric outpatient clinic, children & adolescents, 10931
demographic characteristics & family history & psychopathology & drinking history, course & consequences of alcohol abuse, alcoholics, 5858
demographic characteristics & incidence & prevalence of psychiatric disorders & models for & barriers to mental health services, aged, literature review, 10440
demographic characteristics & income maintenance mechanisms, widows, 5539
demographic characteristics & lifestyle & illness role & degree & perception of disability & achievement of rehabilitation goals, coping behavior, chronically ill 18–65 yr olds, 8348
demographic characteristics & maternal mood & responsiveness to infant, perceptions of infant temperament, mothers of high risk developmentally delayed infants, 10143
demographic characteristics & parental values & childrearing practices, child development, single mother vs traditional vs social contract families vs communal living groups, 12369
demographic characteristics & patterns of emergency room use, 14–64 yr olds vs patients over 65 yrs old, 6408
demographic characteristics & practices & criteria for evaluation & client characteristics, office managers & counseling supervisors & counselors & placement interviewers with US Employment Service, 2207
demographic characteristics & premorbid factors & motives & family background, mentally ill vs non-mentally-ill arsonists with vs without mental deficiency, 12761
demographic characteristics & presenting problems & intervention, preschoolers to adolescents referred for psychological assistance in community based health care facility, 8679
demographic characteristics & pretreatment level of depression & anxiety & reactivity & habituation, effectiveness of exposure & response prevention treatment, obsessive compulsives with mean age of 34 yrs, 1578
demographic characteristics & risk for psychiatric impairment & need for mental health services, 17–92 yr olds, 10426
demographic characteristics & symptoms, 16–51 yr old social phobics vs 20–65 yr old agoraphobics, 10336
demographic characteristics, clients admitted to alcoholism screening program, 11050
demographic characteristics, deinstitutionalized chronically mentally ill adults, implications for mental health service patterns, 8651
demographic characteristics, fear of violent crime, 12891
demographic characteristics, job satisfaction, hospital personnel, 4189
demographic characteristics, prescribed psychoactive drugs & benzodiazepines, Ireland vs other countries, 1966–80, 3948
demographic characteristics, sex role related behavioral preferences, female college students majoring in engineering vs social science, 12593
demographic composition & location relative to urban centers, quality of life in mine towns, Australia, 13806
demographic correlates, landscape preferences, 8–67 yr olds, 12485
demographic differences, utilization of telephone cancer information program, users, 10926
demographic profile & patterns of prototypes & educational goals, education of public school children with special needs with emphasis on speech & hearing disorders, 4379
demographic trends & elderly population, implications for concept of frailty & service delivery, 6329
demographic variables & parental separation & maternal perception of child's academic abilities & future success, learning disabled students with mean age of 8.5 yrs, 1314
demographic variables & professional activities & supervisor attitudes, Diplomates & Fellows of American Association of Pastoral Counselors & Supervisors of Association for Clinical Pastoral Education, 11111
demographic variables, degree of burnout, teachers of moderately vs mildly retarded vs nonretarded students, 8938
demographics & criminal & psychiatric history & current offense, acquittal in insanity plea, criminals, 1970–80, 5585
depressive symptomatology & demographic characteristics & life control & perceived accomplishment & derived identity & social support, 22–59 yr old females, 5691
development & application of individual choice model, demographic & sociocultural factors which influence type of crime committed, 10–18 yr olds charged with property offenses, 3597
diagnostic & demographic characteristics, psychiatric outpatients, Nigeria, 8151
economic & demographic & technological trends & proposed plan of action, rehabilitation efforts toward economic & social integration of disabled, England & Europe, 1865
economic independence & education & employment & family background & marriage & social support, Black working females, US vs West Africa, 7855
environmental & social & demographic variables, prediction of smoking cessation, 17–93 yr old male vs female smokers vs nonsmokers, 3363
environmental vs sociodemographic characteristics, social contact, neighborhood residents, 933
epidemiology of drug overdose deaths & victim characteristics & circumstances, US Army soldiers, Europe, 1978–79, 8209
factor analysis of screening battery, assessment of personality & intellectual & demographic & behavioral variables, incarcerated male & female delinquents, 9325

family history of affective disorders & alcoholism & antisocial behavior & alcohol-related life problems & drug usage & client characteristics, male alcoholics with mean age of 48 yrs with vs without secondary depression, 10499
grade level & geographic location & type of school & sex & IQ & SES, perceptions of formal & informal teacher authority, 1st vs 3rd vs 6th graders, 4316
health & friends & offspring living in same area & educational level, life satisfaction & death anxiety, females over age 65, 916
incidence & demographic & medical & psychosocial aspects of cystic fibrosis, children & adolescents & young adults, Sweden, 1700
interdisciplinary investigation of incidence & characteristics & injuries & familial social characteristics, abused newborn to 10 yr olds, Greece, 1225
internationally applicable demographic information suitable for ascertaining social class in consumer research, 2299
living with both vs 1 biological parent vs stepparent vs adoptive mother family & demographic characteristics, children, 7667
personal characteristics & salary base & promotion/recognition opportunities & earnings opportunities, reward attractiveness, industrial salespeople & sales managers, 9169
personality & demographic & career background characteristics, interest in management roles, nurses in master's degree program, 8867
personality factors & demographic characteristics & work & nonwork demands & satisfaction & physical health factors, employment immobility, correctional institution administrators, Canada, 4495
prevalence & user demographic characteristics, contraceptive sterilization, male vs female Mexican Americans vs Anglos, 4009
proximity to tense northern border & population size of settlement, fear, 6th–8th graders, Israel, 7794
psychological & physical & demographic & family characteristics & social milieu & criminal careers & attitudes toward criminality, 18–53 yr old female forgers, 8232
quitting smoking & use of benzodiazepines & stress & other sociodemographic & lifestyle variables & disease severity, memory problems, 31–64 yr old ischemic heart disease patients, 8298
religious attendance & sociodemographic characteristics & alcohol/tobacco use, satisfaction with health & physical condition, persons aged 65 & over, 906
residence in retirement vs nursing vs independent homes & rural vs suburban vs urban communities, musical activity preferences, individuals 55 yrs & older, implications for continuing music education program planning, 8974
services & demographic characteristics of clients, pastoral counseling centers, 13346
SES & other demographic characteristics & risk of death from ischemic heart disease or cerebral stroke or cancer, 30–59 yr old males, longitudinal study, 3753
short term validity of demographic & affective & personal & cognitive factors, prediction of cheating on tests, community college students, 11285
social & demographic factors, suicide in cities, West Germany, 1229
social & demographic factors, suicide, West Germany, 1257
social & environmental characteristics, Black female homicide victims vs offenders, 3612
social status & demographic variables, emotions engendered by & causal attribution for perceived financial success, survey respondents over 18 yrs old, 1083
socio-demographic & disability characteristics & services received & needed, autistic children & adults, 3542
sociocultural & economic & demographic factors & alcohol consumption & availability, prediction of alcoholism, US, 10459
sociodemographic & biographical & psychopathological variables, patients with repeat vs 1st suicide attempts, 12926
sociodemographic & distribution of consumption characteristics, drinking behavior & alcohol abuse, California, 10507
sociodemographic & social psychological & gerontological characteristics, Mexican American & Anglo longitudinal study dropouts, implications for longitudinal studies with aged, 2381
sociodemographic & status characteristics of physician, satisfaction, clients at fee for service vs prepaid multispecialty group practices, 8626
town size & personal & demographic characteristics, neighborhood size & amenity perceptions, rural aged Ss, 4588
training experience level & supervisor demographic characteristics, variation in supervision process, practicing supervisors, 11125
use of cultural & economic & demographic macro variables in program evaluation, 6352
validity of regression equations, estimation of premorbid IQ from demographic data, brain damaged patients, 1335

Demonstrations (Social) [See Social Demonstrations]

Dendrites
Golgi & electron microscopic analysis of cortical tissue, structural alteration in dendrites of pyramidal & nonpyramidal neurons, 4.5–22 mo olds with neurobehavioral retardation, 3653
reconstruction using computer graphics of microtubular disarray in cortical dendrites & compared to normal microtubular array in mouse, cortical tissue from mentally retarded infants, 3632
social vs isolated housing condition, occipital dendritic tree development of pyramidal cells, rats, implications for reporting results from aging studies, 2817
ultrastructure of neural processes of sympathetic ganglia, mongrel cats, 7347
1st orientation flight, dendritic spine stem shortening, newly emerged honeybees, 432

Denial
anxiety & depression & denial & defense mechanisms & emotional activation, patients hospitalized with cancer & other pulmonary pathologies, 6004
controllability & consistency of controllability over aversive shock, denial & projection & preoccupation & coping with stress & physiological responses, Type A vs Type B Ss, 10299
denial in fantasy, discussion of A. Freud's book "The Ego & the Mechanisms of Defence", 2345
denial of pregnancy & childbirth, 20–39 yr old females, 3985
denial of pregnancy, single females, implications for role of social workers, 4041
difficulty with heterosexual relations & idealism & magical/mystical world views & tendency toward denial as characteristics, 26–29 yr old Unification church members, 10125
maniac denial & depression, mothers of children & adolescents with terminal cancer, 12794

Denmark
home care, social & emotional & financial stress & family life, families with infant to 22 yr old mentally handicapped children, Denmark, 1866
learning & memory & psychomotor functions & visual perception & vigilance, urban bus drivers exposed to exhaust gases, Denmark, 6888
performance on Junior Eysenck Personality Questionnaire, 7–15 yr olds, Denmark vs England, 4719
social relations & isolation, Ss aged 62 yrs & over residing in private households, Denmark, 5325
validity of Raven Coloured Progressive Matrices in cross-cultural educational applications, 1st & 4th graders, Thailand vs Denmark, 4422

Density (Social) [See Social Density]

Dental Students
factor analysis, Kurtzman Community Dental Health Ideology Scale, male dental students, 13487
sex role orientation, female dental vs dental hygiene students vs dental assistants, 6504

Dental Surgery
transcutaneous electrical nerve stimulation, acute orofacial pain, 19–54 yr old dental surgery patients, 10907

Dental Treatment [See Also Dental Surgery]

cognitive behavioral & hypnotherapeutic & modeling & psychotherapeutic techniques in psychological preparation, alleviation of fear & enhancement of recovery following invasive medical & dental procedures, literature review, 6051
dental attitudes & perceptions & past dental experiences & anxiety & sex, utilization of dental services, college & graduate students, 8631
hypnotherapy, dental fear, 3965
hypnotherapy, dental phobia, 30 yr old female, 3964
mastery vs coping modeling, reduction of fear of dental treatment, 4–12 yr olds, 13247
participation & symbolic modeling & graduate exposure, reduction of fear of dentistry, 19–53 yr olds, 8499
prior dental experiences & health behavior, compliance with novel preventive dental activity, 7th graders, 6326
psychosomatic aspects of odontology & fear of dental treatment, 1695
sex & neuroticism & tolerance for dental pain & anxiety & efficacy, dental patients with mean age of 30.5 yrs seeking therapy for reduction of dental avoidance, 8614

Dentist Patient Interaction [See Therapeutic Processes]

Dentistry
factor analysis, Kurtzman Community Dental Health Ideology Scale, male dental students, 13487

stress & relaxation, caries-causing bacteria levels in saliva, dental students, 2890
Dentists
behavior analysis procedures, compliance in use of lead shields for X-rays, dentists, 1696
occupational stress, dentists, 8869
Deoxyribonucleic Acid
DNA technology & Copernican world view, 9605
Dependency (Drug) [See Drug Dependency]
Dependency (Personality)
association between education & totalitarianism in literature & society, psychoanalytic response to dependency in therapy & institutional alienation & wish not to think, 6143
countertransference hate, inpatient treatment, 24 yr old female patient with dependent & borderline personality disorders, 11011
dependence patterns from childhood to adulthood, 865
dependency issues, long term treatment, chronic schizophrenics, 1485
expected effects of abstinent vs drinking vs drunken states, self concept, lifelong abstainers vs social drinkers vs alcoholics, implications for concept of alcohol dependence & relapse, 11061
inadequate government services & educational facilities & restriction of community economic growth, frustration & apathy & dependency on employer, low income employees of forestry company, South Africa, 9168
independence- vs dependence-provoking situation, child's behavior, mothers & their 10–11 yr old sons vs other males, 12489
need for approval & dependence proneness, male vs female college students, 3477
passive dependent personality, pseudodementia, 77 yr old female, 8094
prolonged status as student, emotional independence & sense of adequacy & self esteem & vocational maturity, 20 & 24–25 yr old students, 5427
rage & self hate & dependency & violence, intimate & bonded heterosexual relationships, 8187
self disclosure & interpersonal dependency & life changes, loneliness, 18–25 yr old college students, 3454
validity of MMPI Dependency Scale, assessment of dependency & relation to patient characteristics & other variables, psychiatric patients vs nonpatients, 9308
Dependent Variables
assessment of standard dependent variables in achievement motivation research, 12694
Biomedical Computer Programs statistical package, generation of bimultivariate covariation measures with limited interaction for partial & semipartial & bipartial models, 2518
curvilinear transformations & skewness of population of dependent variables, criticism of study by D. E. Levine & W. P. Dunlap, 171
distinction between classical & partial eta square & formula for classical eta square in multifactor ANOVA designs, 2506
measurement & design factors & dependent & independent variables & S & setting characteristics, self control research in classroom setting, learning &/or behavior handicapped students, literature review, 4381
Depersonalization
depersonalization & F. Brenano's phenomenology, 3580
fluphenazine treatment, depersonalization, 52 yr old female with bipolar disorder, 6271
role of anxiety & depression in depersonalization, 18–67 yr olds with endogenous psychoses treated with phenazepam or clozapine or ECT, 3562
role of depersonalization in severe psychopathology, 3532
Depression (Emotion) [See Also Endogenous Depression, Manic Depression, Neurotic Depressive Reaction, Postpartum Depression, Psychotic Depressive Reaction, Reactive Depression]
academic level, depressive symptoms & depression, 18–24 yr old college students, 12818
administration & clinical application of dexamethasone suppression test, diagnosis of depression, 1148
administration & scoring & interpretation instructions, French translation of M. Kovac's Children's Depression Inventory & Interview Schedule for Children, 4774
aerobic conditioning, mood, depressed patients, 8381
aerobic exercise, clinical depression, 19–24 yr old females, 10670
age & age of onset, course of primary depressive illness, patients over 65 yrs of age, 12785
age & sex & marital status, depression, 17–70 yr olds, 12789
age at childhood separation due to child vs parent illness vs parental discord vs war evacuation, depression & anxiety & morbidity, 18–64 yr olds, 1217
age changes in intellectual functioning & health status & differences in cultural & educational experience, cognitive-behavioral vs psychodynamic group therapy, 55–78 yr old depressed geriatric outpatients, 13225
age, cognitive dysfunction & severity of depression, 17–88 yr old medical inpatients, 5742
age, efficacy of lithium therapy & side effects, 21–78 yr old bipolar & unipolar patients, 10857
aging, EEG sleep patterns, depressed patients, 10387
alphamethyldopa, depression, hypertensive patients with mean age of 61.9 yrs, 6246
alprazolam, depressed clinically anxious patients, 8548
alternating spells of depression & exacerbations of skin disorder, 53 yr old female, 8064
amitriptyline &/vs social skills training vs psychotherapy, depression, female outpatients, 1459
amitriptyline, serum glutamate concentration & serum-free tryptophan, rats, implications for action in depressed humans, 12288
amitriptyline vs desipramine therapy, depression & side effects, depressed patients, 8573
amoxapine hydrochloride, precipitation of manic state, 87 yr old female with unipolar depression, 8551
amoxapine therapy, lingual dyskinesia, 60 yr old depressed female, 6260
amphotericin B treatment for disseminated histoplasmosis, acute dysphoria & agitated confusion & suicidal ideation, 39 yr old male, 1674
analysis of C. B. de Holanda's "Little Yellow Riding Hood" according to M. Klein's theories of schizophrenic paranoia & depression, 12352
analysis of sleep disorders & other biological factors, diagnosis & prognosis & treatment & evaluation of therapeutic response, depressed patients, literature review, 12766
antidepressant drug therapy, side effects & compliance, depressed patients, 1628
anxiety & depression & denial & defense mechanisms & emotional activation, patients hospitalized with cancer & other pulmonary pathologies, 6004
anxiety & depression & femininity & masculinity, adjustment, male college students, 12735
anxiety & depression & physical disability, use of services, general practice patients over 70 yrs of age, 8413
anxiety & depression, general & psychiatric nurses, 13446
anxiety & depression induced by self statements & physiological correlates of mood states, female college students, 12163
anxiety & hostility & depression during pregnancy vs after delivery, females delivered by Caesarean section vs vaginally, 8086
appetite disorders, depressed adolescents, 6003
Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales vs Research Diagnostic Criteria, diagnosis of major depressive disorders, 10358
Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, assessment of life events, 25–76 yr old endogenous depressives vs 20–66 yr old depressive neurotics, 10423
attention & intellectual functioning & cognitive & psychosocial development, children of hospitalized schizophrenic & depressed mothers, literature review, 9916
attributional distortion, acceptance of responsibility for failure, depressed vs nondepressed nonanxious vs nondepressed anxious college students, 12867
back pain chronicity, MMPI psychopathology indices & anxiety & depression, low back pain patients, 10584
basal cortisol level & cortisol response to dexamethasone, primary vs secondary depressives, 12885
behavioral correlates of depression, normal 2nd–7th graders, 5439
behavioral development from infancy to adulthood, 18–22 yr olds with depressive neurosis & adjustment disorder with depression beginning in childhood or adolescence, longitudinal study, 12783
behavioral vs cognitive treatment, depression, 20–60 yr olds, 6232
biochemistry of depression & antidepressant action, 13268
biological markers & prediction of treatment response, depression, literature review, 8171
brain ventricle size, 17–51 yr old delusional vs nondelusional depressives, 12881
bupropion vs amitriptyline, efficacy & side effects, depressed outpatients, 6281
buspirone vs diazepam therapy, symptoms of anxiety & depression, anxious/depressed outpatients, 6248
cardiovascular autonomic activity, depressive severity, unipolar depressed inpatients with mean age of 66.9 yrs, 8096

care & referral of anxious & depressed patients for psychiatric consultation, primary physicians, 6336
characteristics & regulation of norepinephrine receptor-coupled adenylate cyclase system in brain, literature review, implications for treatment of depression, 12322
chemotherapy & adjustment counseling & psychotherapy, control & management of rage & depression & anxiety, hospitalized suicidal forensic patients, 4067
childhood depression & separation & individuation, 5730
clinical differences & characteristics, inpatients with mean age of 38.8 yrs & anhedonic vs normally hedonic depressive states, 12790
clinical reliability, tricyclic antidepressant levels, depressed patients, 6237
clinical state at time of testing & diagnostic subtype, cerebral laterality in dichotic listening tasks, schizophrenic & affective disordered & depressed patients, literature review, 12777
clinical symptoms, adult patients with protracted juvenile depression, 5828
cognitive distortions, depressed vs nondepressed 19–60 yr old psychiatric inpatients, 5793
cognitive patterns, hospitalized patients with unipolar major depressive disorder, longitudinal study, 5766
cognitive therapy, depression, rape victims, 13245
cognitive-behavioral anxiety vs depression management group treatment, depression & anxiety & blood pressure, Ss aged 60 yrs & older, 10814
cognitive-behavioral self modification, depression, 20 yr old male college student, 1585
concepts of depression & cycloid personality & manic depressive psychosis, implications for psychotherapy, 12770
concurrent use of propranolol & maprotiline, 63 yr old depressed male with upper extremity tremor, 8574
construction & reliability & validity of inventory, measurement of anxiety & depression & irritability, nonpsychiatric Ss, 7032
construction & reliability & validity of self report measure of depression-proneness, female college students, 11728
construction & validity of Geriatric Depression Scale as screening test, aged patients, 91
convergent & discriminant validity of Cognitive Bias Questionnaire, measurement of depression, college students, 4750
conversion symptom associated with major depressive disorder, 10 yr old male, 12886
copper sulfate, levels of copper & ceruloplasmin & serum & urinary zinc & mental state, 25 yr old female depressive with copper & zinc deficiencies, 13281
correlation between family function test & General Health Questionnaire, assessment of family dysfunction & emotional morbidity, family practice patients, 8140
Cotard's syndrome, 1188
course & outcome & sex ratio, patients with depression &/vs mania vs schizophrenia, 15-yr followup, 1463
CSF levels of 5-hydroxyindoleacetic & homovanillic acid & probenecid & serum & CSF levels of tryptophan & tyrosine, 17–73 yr olds with depressive & nondepressive syndromes, 12824
demographic & illness & treatment variables, anxiety & depression, patients undergoing hemodialysis, 8617
demographic & personality characteristics, depression & suicidal ideation, 13–16 yr olds, 12793
demographic characteristics & pretreatment level of depression & anxiety & reactivity & habituation, effectiveness of exposure & response prevention treatment, obsessive compulsives with mean age of 34 yrs, 1578
depressed maternal facial expression, behavioral reactions, 3 mo olds, 873
depression & alcohol use & tobacco smoking, adults, 1-yr longitudinal study, 5607
depression & anhedonia & illness behavior & pain estimate, patients with chronic facial & back pain, 13049
depression & behavioral engagement, females with mean age of 77.2 yrs, 10285
depression & plasma tryptophan & urinary free cortisol, 18–70 yr olds with Cushing's syndrome, 8313
depression & psychosomatic symptoms, 35–39 yr old females, Algeria vs France, 12752
depression & social introversion & neurotic & psychotic tendencies & hysteria, habitually physically active vs sedentary 40–60 yr old males, 12728
depression & stressful life events & perceived stressfulness of rheumatoid disease, male rheumatoid arthritis patients with mean age of 63 yrs, 8299
depression, adolescents, 5772
depression, children, literature review, 3588
depression, memory complaints & immediate & delayed recall performance, major depressive adults with mean age of 67.7 yrs, 3566
depression proneness & low self esteem & unhappy outlook & narcissistic vulnerability, college students, 12888
depression, response to humorous stimuli, college students, 3473
depression, verbal interaction patterns & perception of partner, couples in marital therapy, 8473
depressive pseudodementia, misdiagnosis of depression as dementia, aged, 8129
depressive reaction, right handed nonaphasic patients with left vs right cerebral damage, 3745
depressive state, personality assessment, depressed 19–61 yr olds, 1-yr followup, 10374
depressive symptomatology & demographic characteristics & life control & perceived accomplishment & derived identity & social support, 22–59 yr old females, 5691
depressive symptoms & onset of physical illness, blue collar workers, 1397
depressive symptoms & self esteem & Protestant Ethic values, attributional style, college students, 12703
depressive symptoms, geriatric patients in long term care facilities, 1797
desipramine, intermittent vs major depression, outpatients, 6291
desmethylimipramine & amitriptyline, growth hormone response to clonidine, depressed patients with mean age of 48 yrs, 1631
development of Vanderbilt Psychotherapy Process Scale, assessment of patient & therapist characteristics predictive of outcome, male college students with symptoms of anxiety & depression & introversion, 11705
developmental perspective on depression & parasuicide & suicide, adolescents, 10468
dexamethasone suppression & mood response to methylphenidate, 20–65 yr olds with primary depression, 12776
dexamethasone suppression & thyrotropin-releasing hormone test results & response to tricyclic antidepressants &/vs ECT, inpatients with major depressive disorder with mean age of 46 yrs, 10672
dexamethasone suppression test & computed axial tomography scan, differential diagnosis of true dementia from depressive pseudodementia & prediction of response to antidepressant therapy, depressed 55–84 yr olds, 8115
dexamethasone suppression test & thyrotropin-releasing hormone stimulation test, assessment of depression, 17–77 yr old neuropsychiatric patients, 8168
dexamethasone suppression test based on multisteroid analysis of hydrocortisone/11-deoxycortisol ratio, sensitivity, 22–61 yr old females with primary major depressive disorder, 8121
dexamethasone suppression test, choice of antidepressant drug therapy, patients with major depressive disorder, 10838
dexamethasone suppression test, depressed outpatients with vs without melancholia, support for DSM-III differentiation between subtypes of depression, 5770
dexamethasone suppression test, diagnosis & treatment, depressed aged, 8125
dexamethasone suppression test, diagnosis of depression, literature review, 8101
dexamethasone suppression test, diagnosis of major depressive disorder, 13–19 yr old psychiatric inpatients, 5826
dexamethasone suppression test, discrimination of unipolar vs bipolar depressed psychosis vs schizophrenia, 16–78 yr old patients, 1208
dexamethasone suppression test for evaluation of pituitary adrenal activity, 26–69 yr olds with major depression & repeated hospitalization, 3518
dexamethasone suppression test, panic disordered & depressed patients, 10394
dexamethasone suppression test, prediction of ECT outcome at discharge, patients with major depression, 8367
dexamethasone suppression test vs urinary free cortisol vs growth hormone response to insulin tolerance test vs polygraphic sleep recordings, differentiation of endogenous vs neurotic vs ambiguous depression, 21–52 yr old inpatients, 3515
dexamethasone suppression test, 16–74 yr old inpatients with major depression with vs without melancholia & psychosis, 5751
dexamethasone suppression test, 18–65 yr old mildly & moderately depressed outpatients, 10420
dexamethasone suppression test, 5–12 yr olds with major depressive disorder, 5759

dextroamphetamine, depression, 15 & 57 & 82 yr old medical patients, 1647
diagnosis & treatment, childhood depression, 5789
diagnosis & treatment, depression, emotionally constricted adolescents, 10345
diagnostic subgroup & depressive symptomatology, depressed patients reporting pain as symptom, 8173
diagnostic validity of dexamethasone suppression test, patients with unipolar vs bipolar primary vs secondary depression, 1191
distal colon motility & clinical characteristics, 14–63 yr old females with major depressive disorder, implications for subtypes of depression, 10388
distal colon tone, prediction of antidepressant response to fenfluramine vs imipramine vs clomipramine, depressed outpatients, 10853
disturbed marriage, female psychiatric patients aged 20 or over, Great Britain, 10348
divorce & accompanying mood disturbance, REM sleep characteristics, more vs less depressed 39–55 yr old females, 5741
doxepin as adjunct to methadone maintenance therapy, depressed & anxious patients in methadone program, 1898
doxepin, hallucinations, 72 yr old female treated for depression, 10858
dramatic mood swings & treatment with MAO inhibitor phenelzine, 35 yr old single female diagnosed as hysteroid dysphoric, 13278
DSM-III classification & differential diagnosis, depression, literature review, 10397
DSM-III criteria & dexamethasone suppression test, prediction of response to drug therapy & psychotherapy & ECT, depressed inpatients with mean age of 71.2 yrs, 10714
DSM-III vs MMPI D scale vs Beck Depression Inventory, diagnosis of depression, alcoholics, 4762
dysfunction of right cerebral hemisphere & learning disabilities & attentional disorder & childhood major depression, children, 8065
dysfunctional attitudes & dexamethasone suppression, endogenous vs nonendogenous depression, patients with mean age of 37 yrs, 3534
ECS, firing rates of catecholaminergic neurons in response to apomorphine, rats, implications for ECT for depression, 581
ECT & drug therapy as biological approach, depression, 10660
ECT, depression, aged, 1496
ECT, depression associated with neurosyphilis, 67 yr old female, 1494
ECT, memory problems, depressed 17–68 yr olds, 3-yr followup, 8407
ECT, plasma immunoreactive beta-endorphin levels, 40–87 yr old unipolar major depressives, 6049
ECT, 21 yr old depressed female with cerebral cortical laceration due to self inflicted gunshot wound, 10706
EEG & vegetative manifestations in stressful situations, manic depressive patients in depressed phase, 1176
EEG sleep, outpatients with generalized anxiety vs depression, 12856
EEG sleep patterns & REM activity, 54–84 yr olds with dementia vs depression, 8080
EEG sleep patterns, 33–65 yr old primary depressives, 3567
effectiveness of treatment by social worker attached to general psychiatric practice, 18–45 yr old depressed females, 10957
efficacy of psychotherapy & alprazolam vs imipramine, moderately to severely depressed 61–81 yr old outpatients, 1488
ego activation method, treatment of anxiety states & nonbipolar & nonpsychotic acutely depressed outpatients, 1617
electrode placement & stimulus wave form of ECT, autobiographical memory impairment, depressed males with mean age of 58.5 yrs, 8370
elevated serum anticholinergic drug levels, post-ECT confusional states, 17–76 yr old depressed patients, 10697
entity & diagnostic problems & procedures, masked depression, 3558
epidemiology in general medical practice, depression, family medicine outpatients, 8177
epidemiology of depressive disorders, literature review, 5838
epidemiology of neuroses & worry & depression, residents of city with high unemployment rate, Argentina, 5796
epidemiology of physical disorders, severe depressive & psychiatric alcoholic middle aged males, Sweden, 5712
etiology & treatment with antidepressant drugs, resistant depressions, 8566
exploratory study to achieve working definition of role loss, 19–48 yr old depressed females, 8110
expression of depression on MMPI D scale, 20–39 vs 40–59 vs 60 yrs old & older psychiatric patients, 3525
extent of depressive symptomatology, adult general health care patients, 10371
facial EMG & reactivity, 23–62 yr old depressed inpatients, 5740
factor analysis of 7 composite symptom scales, depression, Anglo vs Black vs English- vs Spanish-speaking Hispanics, 4727
factors in selection of drug for treatment of depression, 3951
family history of affective disorders & alcoholism & antisocial behavior & alcohol-related life problems & drug usage & client characteristics, male alcoholics with mean age of 48 yrs with vs without secondary depression, 10499
features of sleep, depressed 7–13 yr olds, 1222
figure size on Draw-A-Person test, 18–61 yr old depressed vs nondepressed patients vs nondepressed hospital employees, 2437
frequency of environmentally controlled & self reinforcement & depression, college students, 10292
gonadotropin releasing hormone, growth hormone & prolactin & thyrotropin release, depressed patients, 1138
gonadotropin releasing hormone infusion test, levels of luteinizing & follicle-stimulating & growth hormones & prolactin & thyrotropin, 46–64 yr old depressed vs 54–67 yr old nondepressed postmenopausal females, 10338
grief & unresolved grief & depression, bereaved 19–74 yr olds, 10334
guidelines for drug therapy, depression, children & adolescents, 6256
guilt & self esteem & conscience, depressed & schizophrenic 17–67 yr olds, 10416
health check-up questionnaires, identification of depressive illness, 69 yr olds, Sweden, 10362
high standards & overgeneralization of failure & self criticism as components of self punitiveness, depressed college students, 12781
history of physical abuse by spouse, 73 & 76 yr old females admitted to geropsychiatric unit for depression, 1162
history of suicidal behavior, depressed borderline inpatients with mean age of 21.5 yrs, 12795
hopelessness & depression & previous suicide attempts, suicidal ideation, outpatient alcoholics with mean age of 38 yrs, 10449
hormonal replacement therapy & antidepressants & cognitive behavior therapy, depression accompanying panhypopituitarism, 45 yr old male, 8390
hospital discharge, depression & involvement in dangerous acts, 25–35 yr old chronic schizophrenics, 6436
hostility & depression & anxiety, males with hyperprolactinemia, 3698
hyperprolactinemia, depression & hostility, patients, 5962
hypertensive disease & DSM-III diagnoses of depression, psychiatric outpatients, 12853
hypnosis & awareness of God & treatment of depression & emotional illness, 1678
hypnotherapy, treatment of depression & nausea caused by chemotherapy, 48 yr old cancer patient, 10887
hypoglycemia, prolactin response, acutely depressed 16–65 yr olds, 5765
imipramine & desipramine binding as biochemical tools for study of depression, 5-HT & noradrenaline uptake, literature review, 12291
imipramine or amitriptyline, clinical response, depressed 4–16 yr olds with cancer, 13294
imipramine therapy & dosage level, clinical response & remission, 7–12 yr olds with major depressive disorder, 1657
imipramine vs amitriptyline with neuroleptic drugs, 19–61 yr olds with postpsychotic clinical depression, 6289
imipramine vs nortriptyline, loss of nocturnal penile tumescence, depressed males, 8580
immune function of polymorphonuclear neutrophils, 22–42 yr old depressives, 12798
incidence of depression, drug dependent pregnant females, 8223
incidence of emotional & cognitive dysfunction, 17–88 yr old hospitalized medical patients, 13387
incidence of monopolar periodic depression in Moscow, USSR, 1195
incidence of paranoia & uncooperativeness & verbal abusiveness of Alzheimer's patients & level of depression of caretakers, 10552
induced elation vs depression, interpretations of drawings of social situations, college students, 4968
initial stages of psychoanalysis, melancholic patients, 13142
interaction with confederate enacting depressed vs neutral vs elated mood state in role of helper vs stranger, mood induction, college students, 2669
interaction with depressed individual, social response & willingness to share negative response, college students, implications for therapeutic concept of cognitive distortion, 12655
interpersonal performance standards & self efficacy judgments, depressed vs nondepressed college students, 12817
interpretation of anxiety & depression, 5756
inventory construction, measurement of problem solving skills, depressed college students, 9328
involvement of amine neurotransmitter systems, depression, literature review, 5777

isocarboxazid, depression, 18–61 yr olds with nonpsychotic & nonmelancholic anxious depression, 10878
item & factor analysis & construct validity of short & long forms, German version of Beck Depression Inventory, college students, 9339
item level & subscale analyses, Hypochondriasis & Depression & Hysteria & Defensiveness scales of MMPI, chronic pain patients with mean age of 44.1 yrs, 7074
job satisfaction & development of psychological & physiological disorders & burnout, air traffic controllers, treatment implications, 11431
lecithin as dietary supplement, depression & weight gain & serum lipid levels, chronic schizophrenics with tardive dyskinesia, 6102
level of hopelessness & depression & self esteem, 8–13 yr old psychiatric inpatients with vs without suicidal intent, 12820
levels of hopelessness, depressed patients, implications for suicide prevention, 3560
levo-5-HTP & carbidopa with vs without tyrosine, catecholamine turnover & symptomatology, patients with vital depression, implications for enhanced monoamine activity as basis for antidepressant action, 12327
levotryptophan &/vs amitriptyline vs placebo, depression, 18–65 yr olds, 3958
life enhancement counseling & client characteristics, depression & treatment outcome, Cuban Americans with mean age of 67.2 yrs, 8703
life events & perceived dimensions of events & social support, prediction of psychological symptoms & depression & anxiety, college students, 12845
life events, attributional style & depression, 20–40 yr old males, 10304
life events preceding vs during vs after treatment, symptomatology & clinical outcome, 22–60 yr old unipolar depressive females, 13117
life stress & coping responses, depressed patients, 5735
lithium augmentation of neuroleptic & tricyclic drug therapy, 22–72 yr olds with delusional depression, 1658
lithium carbonate, plasma CSF & GABA, patients with bipolar & unipolar affective illness, 8553
locus of control & uncertainty & self confidence in future coping & fear of future occurrence of negative events & depression, Asian vs White 65–82 yr olds, 3445
lofepramine vs amitriptyline, antidepressant effectiveness & side effects, 18–68 yr old patients with moderate to severe depression, 6280
long term thymoleptic treatment, typological features characterizing phases of depressive reactions, depressed patients, 6253
long term viloxazine, treatment of depression, 3940
low urinary methoxyhydroxyphenylglycol levels preceding relapse of depressive episode, 42 yr old female with atypical depression, 5791
maniac denial & depression, mothers of children & adolescents with terminal cancer, 12794
MAO inhibitors & tricyclics, depression, 59 yr old female, 10860
maprotiline, depression, females over 60 yrs of age, 1632
maprotiline-induced hypnopompic hallucinations, 21–27 yr olds with severe depression, 13265
marital status, exposure & emotional responses to stress & depression & coping resources, community residents, 3304
maternal depression, child psychosis, mother & 8 yr old psychotic child, 5829
maternal depression, parent perception of child adjustment & parent & child behavior, mothers & their clinic-referred children with mean ages of 60 & 62 & 66 mo, 12858
mathematical model, prediction of hospital admission frequency, unipolar manics, 3565
mianserin, pupillary responses to pilocarpine vs tyramine vs phenylephrine, 25–68 yr old depressives, 10868
MMPI profiles, suicidal vs nonsuicidal depressives, 3585
MMPI-168 factor score profiles, 20–60 yr olds with diagnosis of schizophrenia vs depression vs personality disorder, 12833
modification of National Institute of Mental Health Diagnostic Interview Schedule to include detailed information of current symptoms, diagnosis of major depressive episode, 5831
morbidity risks for depression among 1st- & 2nd-degree relatives, unipolar & neurotic-reactive depressives, 5799
mother vs father vs child evaluation of severity & duration of child's depression, 6–13 yr old inpatients & their parents, 10379
multiple crossover design, evaluation of clinical effects of imipramine, 30–63 yr old depressed outpatients, 4676
multisymptomatic model of neuroses, obsessive compulsive & agoraphobic & socially inhibited & depressed patients, implications for diagnosis & behavior therapy, 12804
music/reminiscence therapy, 78 yr old female with exogenous depression, 8363
neurotic symptoms in major depressive disorder, outpatients, 3527
nonverbal behavior, supplement to psychodiagnosis of schizophrenia & anxiety neurosis & depression, 17–62 yr olds, 8154
nosology of atypical depression, 21–65 yr old outpatients, literature review, 10410
operant therapy with vs without cognitive therapy, depression & high frequency verbalizations about death, 68 & 76 yr old institutionalized patients, 10797
opioids & GABA-ergic drugs, treatment of depression & mania, 13275
orphaning, foster mother-orphan & peer interaction & depression & play & social development, free ranging male rhesus infant, 2717
pargyline treatment for concurrent depression & hypertension, manic psychosis, 47 yr old male, 8560
patterns of depression, 26–57 yr old depressed medical patients with chronic illnesses, treatment implications, 3784
peer observation condition, depression & attribution for success/failure outcomes, college students, 10232
personality structure & self image & well-being, spouses of depressive vs schizophrenic hospitalized patients, 5767
personality styles associated with patterns of depression, 26–57 yr old chronically ill patients with asthma & tuberculosis & pain, 13007
pharmacokinetic variables & relationship between antidepressant plasma levels & therapeutic response, depressed patients, literature review, 1640
phenelzine therapy, depression, 60–84 yr olds, 8562
plasma concentrations of beta-endorphin, depressed vs other psychiatric patients, 1206
plasma cortisol & 3-methoxy-4-hydroxy-phenylglycol levels, 19–66 yr old dexamethasone-resistant depressives, 5771
plasma dopamine beta hydroxylase activity, 29–62 yr old depressives, 5786
plasma GABA levels, 29–54 yr old patients with bipolar affective disorder in remission vs depression vs chronic alcoholism, 5716
platelet MAO activity & plasma parahydroxyphenylacetic acid levels, agoraphobic vs depressed patients, 12887
platelet MAO levels & early morning awakening, 17–69 yr old unipolar depressives, 1137
positions on existence of masked depression, children, 6002
positive events & social supports, negative life stress & depressive & physical symptomatology, college students, 12633
positive reinforcement, performance on Mental Status Questionnaire, 82 yr old male with dementia & depression, 1566
predisposition & self esteem & dependency & psychotherapy, depression, 3514
Present State Examination, bipolar vs nonbipolar depressives, 5738
pretreatment characteristics, prediction of outcome in group psychotherapy, depressed clients with mean age of 36 yrs, 6184
prevalence of emotional disorders & depression in medical outpatients as indication of psychiatric educational needs, residents in internal medicine, 6492
preventive psychiatric intervention, predisposition to psychopathology, children of divorced & depressed parents, 6087
principal components analyses, intercorrelations among items of Beck Depression Inventory & National Institute for Alcohol Abuse & Alcoholism Impairment Index, patients treated for alcoholism, 12947
problems in diagnosis of depression, implications for psychiatric curriculum, 8176
pseudodementia, literature review, 5787
psychiatric illness & delirium, 51–85 yr olds with multiple myeloma, 10640
psychoanalysis, depressed male teenager with injury crippled right hand, 13163
psychoanalytic view, midlife crisis & resolution of depressive position, 12484
psychodynamics & Rorschach ratings, 26–60 yr old depressed & suicidal patients with low 5-hydroxyindoleacetic acid in cerebrospinal fluid, 1133
psychodynamics & treatment, patients with symptoms of agitated grief or depression, 6138
psychological & social adjustment & gender reorientation & depression & tension & involvement with female partner, 17–43 yr old female to male transsexuals, 12588
psychological depression & older age identification, Ss with mean age of 75.5 yrs, 10035
psychopharmacology, suicide & attempted suicide & depression, 6276
psychotherapy, midlife depression, 48 yr old female, 10727

public vs private ratings of expectancies of outcomes, depressed vs psychiatric control vs normal college students, implications for motivational deficit vs social manipulation theories of depression, 5778
readability of self report depression scales, 11651
recall of importance ratings of completed vs uncompleted tasks, depressed vs nondepressed college students, 1173
recovery & relapse, concurrent major depressive disorder & chronic minor depression, adult patients, 2-yr posttreatment followup, 10380
reliability & validity of Beck vs Multiscore Depression Inventory vs Popoff Index of Depression, 18–90 yr old outpatients of family practice residency programs, 7003
reliability & validity of French translations, scales by P. Birleson & E. Poznaski et al assessing childhood depression, 4778
reliability & validity of ratings by novice raters of Hamilton Rating Scale for Depression, trained college students vs clinicians, 130
reliability of urinary monoamine & metabolite output measurements, depressed patients with mean age of 49 yrs, 12829
reported depressive symptoms & disability, White & Black survey respondents, 5746
Research Diagnostic Criteria vs Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, diagnosis of depression & schizophrenia & manic & panic & anxiety disorders, 10339
response bias favoring report of negative self relevant information, adjective recall & recognition, depressed vs formerly depressed vs nondepressed female college students, 12889
response style of confederate in role playing, conversational behaviors & written communications & postencounter evaluation, depressed vs nondepressed female college students, 5620
reversal of dexamethasone suppression test nonsuppression, identification of depression, 18–66 yr old detoxified alcohol abusing inpatients, 1260
reward expectations & values & motivations, depressed vs hyperactive children, 10319
risk for major depression & anxiety disorders, relatives of Ss with major depression with vs without anxiety disorder, 10389
role of anxiety & depression in depersonalization, 18–67 yr olds with endogenous psychoses treated with phenazepam or clozapine or ECT, 3562
running as treatment, manic depressive psychosis & reactive & situational depression, 8354
running therapy, depression & anxiety & physical & psychological benefits, 6092
school counselor role & intervention, depression, students, 13678
scores on Self-Rating Depression Scale & eye movement density during REM sleep, 21–47 yr old males, 7488
self rating scale, diagnosis of depression, 12–76 yr old psychiatric outpatients, 9372
self ratings of anxiety & depression using Hopkins Symptom Checklist vs physician ratings using other scales, nondisordered Ss, 159
self report & informant ratings of depression, mentally retarded 18–71 yr olds, 12965
self report of depression preceding vs subsequent to alcoholism, male vs female outpatient alcoholics, 10450
semantic differential analysis, reactions to self referent & external concepts, depressed vs nondepressed college students, 1177
separation from family members & culture shock & adjustment difficulties, depression & anxiety & somatization, 13–73 yr old Southeast Asian refugees resettled in Canada, 1128
serotonergic system activation by levotryptophan & 5-HTP, neuroendocrine response as indicator of hypersensitive postsynaptic 5-HT receptors, 26–63 yr old depressives, 3587
serotonin & noradrenaline & depression & anxiety & stress, 8120
serotonin metabolism disorders & depression & attempted suicide, literature review, 5830
serotonin reuptake inhibitor citalopram, affective psychosis & depression, inpatients, 1655
serotonin reuptake inhibitor citalopram, depression, hospitalized females over 50 yrs of age, 1641
serotonin uptake in blood platelets & dexamethasone suppression test, diagnosis, unipolar & bipolar & schizoaffective depressed patients with mean age of 36 yrs, 8141
serum cholesterol level & stress & Type A personality & depression, literature review, 2899
serum cholesterol, 18–85 yr old depressed outpatients, 10408
severity of initial illness & physical health & life events & SES, outcomes, depressed 65–89 yr olds, 10698
sex differences, symptoms of depression, 10403
sex role identity & loss of control, self esteem & choice of total vs no control of team vs nonparticipation, female college students, implications for rate of female depression, 4967
similarities in family & personal history & treatment outcome, depressed vs nondepressed 23–67 yr olds with chronic pain, 10607
sleep characteristics of depression & EEG sleep changes in response to antidepressants, depressed patients, 1182
sleep disturbances assessed by EEG vs O ratings, patients with endogenous vs nonendogenous depression, 5753
sleep patterns & REM sleep, recovered drug-free major depressives with mean age of 9.1 yrs, 5803
slow progressing schizophrenia characterized by depressive disorder & chronic hypomania, patients, 8145
social role & cultural artifacts as factors in epidemiology of depression, females, 1193
social support networks, life events & social adjustment & depressive symptoms, 19–71 yr old depressed outpatients, 5755
stability of negative recall bias & mood state, vulnerability to depression, medical students, 10295
stable behaviors associated with high-point depression MMPI profiles, nonpsychiatric employed males, 4-yr longitudinal study, 7004
staff evaluation of mental status & hypochondriasis & depression, 50–95 yr olds at day care center for frail &/or impaired elderly, 8663
standard 21-item vs short 13-item forms of Beck Depression Inventory, internal consistency reliability & validity, college students, 7029
stress & anticipation of stress, heart rate & skin conductance & finger pulse amplitude, chronically depressed female college students, 8106
stress & social support & maternal attitudes & interaction with children, depression, 15–19 yr old mothers, 10354
subjective weighting of inventories of life events, prediction of depression, college students, 11729
support group led by nurses, depression, 40–60 yr old females, 4024
surgery for hypospadia in childhood, neurotic disturbances & shyness & enuresis & depression & anxiety & defense mechanisms & social relations in child- & adulthood, 21–34 yr old males, 1692
symptomatology & parental depression & parent-child relations & availability of extended family & use of social agencies, emergency referrals to psychiatric clinic, 5–15 yr olds, 4022
symptomatology of childhood depression, literature review, 3533
symptoms & subtypes of depression, inpatients with mean age of 16.3 vs 25.8 yrs, 10364
symptoms & treatment of depression in general practice, patients, 3786
symptoms of medical vs psychiatric depression, patients, 10343
techniques employed as coping efforts, severely depressed college females, 10357
test-retest reliability of Beck Depression Inventory, consistency of classification & effects of prior exposure, college students, 4758
thiothixene therapy, nightmares, 27–68 yr old females with paranoid schizophrenia & depression with paranoid delusions, 10869
thyroid hormones & cortisol & dopamine, blunted thyrotropin response, 20–64 yr old male patients with major affective & borderline personality disorder & alcoholism, 10321
thyroid stimulating hormone & urinary free & plasma cortisol & dexamethasone suppression & CSF 3-methoxy-4-hydroxyphenyl glycol & 5-hydroxyindoleacetic acid levels, 17–67 yr olds with major depression, 10335
time limited therapy of J. Mann, depressed female, 13178
time of dexamethasone suppression test administration, 24-hr cortisol secretory patterns, 48–70 yr old major depressives, 12850
time series notation of nonverbal behavior during severely depressed state vs recovery phase, 26–67 yr old depressed patients, 12791
tone intensity, bilateral skin conductance, patients with unipolar vs bipolar affective disorders, 12812
total sleep deprivation, dexamethasone suppression test, endogenously & nonendogenously depressed 21–76 yr olds, 12819
training task learned helplessness, anagram solving, depressed vs psychiatrically disturbed vs normal community residents, implications for learned helplessness model of depression, 12800
trazodone therapy, ventricular arrhythmias, 26 & 61 yr old depressed males, 10846
trazodone vs imipramine, treatment of depression, outpatients, 8559
triiodothyronine & thiothixene-phenelzine, 67 yr old with refractory depression, 6255
tritiated imipramine binding in hippocampus & occipital cortex, depressed vs Alzheimer's disease patients with mean age of 78 yrs, 10412
Type A behavior, subjective work load & depression, 30–35 yr old high school basketball coaches, 5653

uncommon tiredness, depression & anxiety & emotional instability & introversion & competitiveness & perception of stress & academic performance, college students, 13056
understanding of physical factors in depression, dreams & fantasies & menstrual pain, adolescent females, 13012
unemployment, attributional correlates of depressive reactions, 15–32 yr olds, 5658
urinary free cortisol & 3-methoxy-4-hydroxyphenylglycol levels, severely depressed 29–62 yr olds, 1207
use of internal vs external causal information, attribution for another's essay-writing behavior, depressed college students, 12674
use of videotaped psychiatric ratings to evaluate French translation of AMDP psychopathological & somatic scales, depressed & psychotic patients, 12774
valence of self verbalizations, depressed vs nondepressed psychiatric inpatients, 5788
validity & reliability of French version of Beck Depression Inventory, college students, 90
validity of Center for Epidemiologic Studies Depression scale in Italian, depressed vs normal Ss, Italy, 2422
validity of Italian translation of Symptom Rating Test & Symptom Questionnaire, neurotic vs depressed vs somatic disorder patients, 11671
validity of Research Diagnostic Criteria for depressive subtypes, 21–65 yr old depressed patients, 1158
value & techniques & processes, large group therapy, depressed patients, 3898
ventricular enlargement, severely depressed patients with mean age of 39.1 yrs, 12865
verbal behaviors, depressed vs nondepressed mentally retarded 18–71 yr olds, 5911
verbal recall, bilingual oligophrenics vs schizophrenics vs alcoholics vs depressives, Spain, 10330
zimelidine & amitriptyline, treatment of suicidal behavior & depression, 32 yr old male, 10859
zimelidine vs placebo, side effects & effectiveness, 18–65 yr olds with primary major depressive disorder, 13291
Depression (Spreading) [See Spreading Depression]
Depressive Reaction (Neurotic) [See Neurotic Depressive Reaction]
Deprivation [See Also Cultural Deprivation, Food Deprivation, Sensory Deprivation, Sleep Deprivation, Social Deprivation, Social Isolation, Stimulus Deprivation, Water Deprivation]
early parental separation & response to treatment, multiply acting out 10–16.5 yr olds discharged from secure residential treatment program, 10491
maternal deprivation & refeeding, blood pressure, 12–14 day old rats, 12204
parental unemployment, material deprivation & psychological factors & family roles & relations & health & behavior & abuse & progress in school & reception into care, children, literature review, 3142
relative deprivation & beliefs about alternate circumstances, discontent, college students, 11912
Depth Perception [See Also Stereoscopic Vision]
age & texture-density cues of rotating figures, perceived depth & shape constancy, 3 vs 4 vs 5 vs 21 yr olds, 12433
development of Ponzo pattern without depth cue, adult Ss, 11815
multilevel subjective contour configurations, size judgments & depth estimations, college students, 7136
pattern depth & connectedness & structural relevance of target line, identification of line segment, human Os, implications for object superiority effect, 242
perceived depth from motion parallax & stereoscopic information, simultaneous & successive contrast effects, humans, 9459
perceived depth of subjective vs objective contour patterns, humans, 9454
vergence movement, stereoscopic depth perception, human Ss, 7140
Depth Psychology
depth psychology & Jungian approach to psychoanalysis, aged patients, 8464
Desensitization (Systematic) [See Systematic Desensitization Therapy]
Design (Experimental) [See Experimental Design]
Design (Man Machine Systems) [See Man Machine Systems Design]
Desipramine
amitriptyline & desmethylimipramine & raphe lesions, spiperone binding in cortical & striatal homogenates, male rats, 543
amitriptyline vs desipramine therapy, depression & side effects, depressed patients, 8573
chronic desipramine, levels of normetanephrine & imipramine recognition sites & beta-adrenoceptors & norepinephrine-adenylate cyclase activity, rats, 12311
desipramine, intermittent vs major depression, outpatients, 6291
desmethylimipramine & amitriptyline, growth hormone response to clonidine, depressed patients with mean age of 48 yrs, 1631
hypomanic symptoms following desipramine withdrawal, 18 & 50 yr old males, 6273
imipramine & desipramine binding as biochemical tools for study of depression, 5-HT & noradrenaline uptake, literature review, 12291
serotonin reduction by tryptophan-free diet & parachloroamphetamine, inhibition of muricidal behavior by imipramine vs desmethylimipramine vs amitriptyline, male rats, 3018
systemic desipramine vs microinjection of desipramine & noradrenaline, role of amygdala & alpha-noradrenergic receptors in inhibition of muricide, male rats, 9858
zimelidine vs amitriptyline vs domipramine vs desipramine, blood pressure & anticholinergic effects, dogs, 5218
Desirability (Social) [See Social Desirability]
Desires [See Motivation]
Detection (Signal) [See Signal Detection (Perception)]
Detention (Legal) [See Legal Detention]
Detoxification
blind vs informed vs self regulated methadone detoxification procedures, dose reduction & retention in treatment & symptoms & illicit drug use & followup status, male opioid addicts, 8812
evaluation of social setting detoxification program, alcoholics, 11088
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification programs, abstinence, opioid addicts, 6-yr followup, 8820
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification, effectiveness, drug abusers, 8828
methadone maintenance vs therapeutic community vs outpatient drug-free vs detoxification, outcomes, clients treated for drug abuse, followup study, 8808
pretreatment with placebo vs methadone, methadone self administration behavior & withdrawal symptoms, methadone maintenance patients undergoing detoxification, 8796
social science research, social action regarding detoxification center, Canada, 6478
tiapride, withdrawal symptoms, alcoholics with delirium tremens or undergoing detoxification, 1892
vitamin levels & alcohol intake, cognitive performance during detoxification, 34–66 yr old male alcoholics, 11047
Development [See Also Related Terms]
age, development of self care activities & verbal behaviors & contact with persons & objects, severely or profoundly retarded 10.5–17.8 vs 18–26.9 yr olds, 3651
apartment living, development, children, literature review, 3153
behavioral content & operational mode, behavioral development in ontogeny & individual human development, 9209
chronic pre- & postnatal morphine, naloxone induced suppressed food intake & role of brain opiate receptor development, rat pups, 12242
clonidine induced REM sleep deprivation, suppression of environmental enrichment effects on cortical growth, female rats, 9740
developmental-genetic analysis, ontogeny of aggressive expression, male mice, 7333
early malnutrition, acquisition & maintenance of long term potentiation in hippocampus, adult rats, 9728
educational institutions, personal development, students, 8932
functional behavioral recovery & cortical reinnervation following early lateral olfactory tract section, golden hamster pups, 12238
growth of sympathohippocampal fibers following septohippocampal damage & associated behavior changes, female rats, 9773
nerve growth factor, temporary facilitation of recovery from lesions of entorhinal cortex, male rats, 9751
opiates & endorphins & developing organisms, bibliography, 710
origins & current status of R. W. Sperry's neuronal specificity hypothesis of CNS synaptic development, 448
overproduction & selective elimination of retinogeniculate axons, rhesus monkey fetuses, 12119
performance on Student Developmental Task Inventory, college students in remedial vs regular English classes, 6796
physostigmine & transplantation of embryonic septal nuclei to hippocampal formation, functional recovery & connectivity development, female rats with hippocampal lesions, 554
postnatal neural development & synaptic formation, literature review, 9631
process of growing from girlhood to womanhood reflected in novels of J. Austen, 7658

rearing in stroboscopically illuminated environment, response properties of primary visual cortex neurons, cats, 12193
REM sleep deprivation induced by daily preweanling clonidine, brain growth in enriched vs standard environment, male rats, 12198
SES & ontogeny & 3 developmental phases, cognitive style, 5443
type of interpersonal communication that results in creation of new interpersonal system, 10236
Developmental Age Groups [See Also Adolescents, Adults, Aged, Children, Infants, Middle Aged, Neonates, Preschool Age Children, School Age Children, Young Adults]
age vs grade as independent measure of psychosocial development, 4th–9th graders, 7822
birth cohort & occupational status & reference cohort, social psychological factors, 39–64 yr old professional vs blue collar workers, 12366
breakdown of family & parental authority & competitiveness of schools & age group, school phobias, school phobic children, Japan, 8174
developmental perspective, mourning, literature review, 7669
individual age & age interval & sex composition of sibling dyad & number of toys & presence of mother, sibling interaction, 1.5–2 & 2.5–5.5 yr olds & their mothers, 7876
interrater reliability of coding system, retrospective lifespan study of sibling relationships, Ss with mean age of 59 yrs, 11703
time period & audience cohort & age group composition, TV viewing for presidential campaign information, adults, US, 1952–80, 7907
transactional model & critique of assimilation-side developmental concept, role of stimulus environment in shaping social cognitive developmental process, 5–13 yr olds, literature review, 7671
Developmental Differences [See Age Differences]
Developmental Disabilities
biological antecedents, developmental disorders, children, literature review, 5725
contingent immobilization vs environmental restriction vs time out, out-of-seat classroom behavior, 5 & 8 yr old developmentally disabled males, 2092
deinstitutionalization, behavior change, mentally retarded & Down's syndrome victims with mean age 26.4 yrs & 6 mo or more in community placement, 1757
instructional materials, acquisition of basic skills, infants & kindergarten & primary students & developmentally delayed children, Australia, 13650
IQ discrepancy patterns between Stanford Binet Intelligence Scale & WISC-R, 6.1–15.9 yr olds with developmental problems, 9310
legal needs & available resources, mentally & developmentally disabled, 10195
music as reinforcement & behavior modification techniques, music therapy, developmentally disabled & mentally retarded & juvenile delinquents & students & patients, literature review, 8517
patterns of diagnosis & management of children with developmental disabilities including mental retardation & learning disabilities, pediatricians, 10515
peers as social training agents, social withdrawal, preschool & elementary school children at developmental risk, 13661
psychoanalytic approach, treatment program in hospital day care center, 3–7 yr olds with major developmental problems, 11002
relationship between signs of partial airway obstruction during sleep & behavioral & developmental & learning problems, children with mean age of 74 mo, 10333
respite care as social support, families with developmentally disabled members living at home, 8678
role expectations within multidisciplinary mentally retarded/developmental disabilities unit, psychologists, 4206
self organization system for sex education, mentally retarded & developmentally disabled persons, 6059
Developmental Psychology [See Also Child Psychology, Gerontology]
ancient & modern history, developmental psychology, China, 772
biography of B. G. Ananiev, role in establishment of Leningrad school of psychology & contributions to developmental psychology, 11122
continuity between character neurotic traits in childhood & corresponding character neurosis in adulthood, normal children with mean age of 15.1 yrs retested as adults with mean age of 25 yrs, longitudinal study, 3564
convergence of psychological & environmental forces into meaningful gestalt & relationship to synchronicity & developmental potential, symbolic growth experience, 8012
life span psychology, coping with unemployment, adolescents, 3257
psychogerontology & life-span psychology, 5320
psychology of scientific creativity from historicist position & logic of development of science, 4657
rejection of Darwinism by Piaget, developmental psychology, 6946
review of contributions of B. G. Ananiev to educational & developmental & sensory psychology, 11107
work of L. S. Vygotsky & comparison with Piaget, developmental psychology, 12387
Developmental Stages [See Also Embryo, Fetus, Menopause, Prenatal Developmental Stages, Puberty]
adolescence as cultural rather than physical developmental period, implications for psychological research, 9927
adult developmental transitions, 22–40 yr old graduate students, 5311
alignment of basal reader instruction with theory of stages of cognitive development, 2003
announcement & moratorium & focusing phases, pattern of development of subjective emotional involvement in pregnancy, 1st time expectant fathers, 3309
assessment of cognitive disequilibrium during sensorimotor period, psychotic children with mean age of 6.7 yrs, 8107
challenge & acceptance & affirmation as developmental stages, aged, 12386
child development stages, interactive processes in dance/movement therapy, 21 & 23 yr old female clients, 3807
cognitive & affective & behavioral model, development of faith, 5328
curiosity, attainment of stage of formal operations, literature review, 822
development of personality trait of mental distance & development of mental tempo, nursery vs elementary vs junior high school students, 5452
developmental sequence of friendship & ability to relate to peers, 9 mo through 16 yr olds, 907
developmental stage approach vs nonverbal mode of questioning approach, recall & comprehension of TV commercials, 4–5 yr olds, 3183
developmental stages of children & adolescents, problems in construction of analogies tests, 11652
developmental stages of internal object relations, etiology of sadomasochism, 8143
explantation of stage 28 embryonic eye rudiments onto embryos with normal vs nasotemporal orientation reversal & subsequent retransplantation to stage 32/34 embryo with vs without orientation reversal, visuotectal projections, toads, 9722
field dependence/independence & cognitive operational level, 9.5 yr old males, 777
handwriting assessment, developmental stages, female quadruplets who developed schizophrenia at 26 yrs of age, 12828
hypothesis testing, 11–16 yr olds, implications for Piaget's theory of formal operations, 5348
interaction between work values & environment & significance of work at various life stages & responsibility of & value to industry of techniques to assist needs & values clarification, employees, South Africa, 9167
knowledge of L. Kohlberg's moral development theory, moral development stage, college behavioral science students, 762
level of cognitive development, perception of implied motion in still photographs, kindergartners vs 1st graders, 7710
moral development & ethical reasoning, lawyers, 5312
moral development stages, 10 & 13 & 16 yr old males, 20-yr longitudinal study, 3133
operational level, natural number sequence performance, 1st graders, 3175
periods of adult development & problems of motivation to work, college faculty members in novel of K. Amis, 10072
phase model of course of 1st pregnancy, females, 5299
primary process thinking during oedipal & latency & adolescent development, 4–17 yr old females, 3238
problems in theory of developmental sequences, 5290
psychoanalytic developmental theories of M. Mahler & self concepts of H. Kohut & Gestalt psychology, diagnosis & treatment of narcissistic patients, 5827
psychoanalytic interpretation, relationship to groups, group members, 5635
stage of cognitive development & solution strategies & performance on verbal seriation problems, 7–9 yr olds, 859
stage of ego development, acceptance of instructor's orientation to teaching, female preservice teachers, 6573
stages of family life cycle & nature of & fixation & regression in transitions between stages, 5526
stages of human development according to E. H. Erikson, clinical application of occupational therapy skills, 13412

system of personality formation in structure of functional stages, 7767
understanding of death, children at preoperational vs concrete operational stages, counseling implications, 3184
Deviant Behavior [See Antisocial Behavior]
Deviations (Sexual) [See Sexual Deviations]
Devices (Experimental) [See Apparatus]
Devices (Safety) [See Safety Devices]
Dexamphetamine [See Dextroamphetamine]
Dexedrine [See Dextroamphetamine]
Dextroamphetamine
acute dextroamphetamine & phenobarbital, operant stimulus discrimination performance errors & response time, male rats & juvenile baboons, 3028
age-related reductions in synaptic plasticity, recovery of somatosensory stimulus localization functions & apomorphine & dextroamphetamine induced rotation following mesotelencephalic dopaminergic lesions, 4–5 vs 27–28 mo old rats, 7548
amobarbital & chlordiazepoxide & piperoxan & phenoxybenzamine, discriminative stimulus properties of clonidine & dextroamphetamine, male rats, 641
catecholamine stimulating drugs, induced amnesia, mice, 7557
cocaine, discriminative stimulus properties & generalization of dextroamphetamine vs cocaine & methylphenidate vs pentylenetetrazol, rats, 7581
cumulative dosage of phencyclidine & pentobarbital & dextroamphetamine, operant responding, pigeons, 7629
dextroamphetamine & clonidine & clonazepam, rectal phasic activity, 15–52 yr olds with high vs low intestinal tone, implications for drug therapy, 6262
dextroamphetamine & fenfluramine & clonidine, rectal phasic activity, 15–51 yr olds with high vs low intestinal tone, drug therapy implications, 6261
dextroamphetamine & nembutal & alpha-methyl-tyrosine & parachlorophenylalanine, sleep-related spike activity & ventral hippocampus spikes, tortoises vs cats, implications for spike potentials as common electrophysiological signal of sleep, 12275
dextroamphetamine, ad lib food & water intake, genetically obese female rats, 9836
dextroamphetamine, behavioral & biochemical & neuroendocrine responses, normal monozygotic vs dizygotic twins vs bipolar patients in remission, 1199
dextroamphetamine, depression, 15 & 57 & 82 yr old medical patients, 1647
dextroamphetamine, long term potentiation of dentate granule cells produced by perforant path stimulation, male rats, implications for neurobiological basis of memory, 2913
dextroamphetamine or phenylephrine stimulation of acoustic startle reflex & degree of alpha-1-adrenoceptor occupation measured by prazosin in lumbar spinal tissue, rats, 7348
dextroamphetamine vs levamphetamine, motor activity, male rats pretreated with pargyline vs parachlorophenylalanine vs alpha methylparatyrosine, 5220
dextroamphetamine vs placebo, plasma beta-endorphin immunoreactivity, schizophrenic 20–33 yr olds, 1664
dimenhydrinate vs promethazine hydrochloride vs promethazine & dextroamphetamine during angular acceleration, visual fixation ability & visual tracking, humans, 5242
dosage of 1-desamino-8-dextroarginine vasopressin vs scopolamine vs dextroamphetamine, delayed matching to sample, pigeons, 3094
haloperidol vs propranolol pretreatment, discriminable effects of dextroamphetamine & generalization with levamfetamine vs parahydroxyamphetamine vs morphine vs delta-9-tetrahydrocannabinol vs apomorphine vs LSD, pigeons, 3040
haloperidol vs 6-hydroxydopamine nucleus accumbens lesions vs apomorphine, dextroamphetamine-induced place preferences, male rats, 5164
illumination & dextroamphetamine vs pentobarbital, response suppression, pigeons, 7591
partial destruction of superior colliculus, reduction of dextroamphetamine & methylphenidate & ambient noise facilitation of locomotor activity, male rats, 12231
piribedil vs haloperidol vs dextroamphetamine vs tetrabenazine methane sulphate vs alpha-methylparatyrosine, FI responding, pigeons, 660
pretreatment with dopamine receptor blocker pimozide, stereotypies induced by dextroamphetamine vs apomorphine, gerbils, 3012
Diabetes [See Also Diabetes Insipidus, Diabetes Mellitus]
anxiety, glycosylated hemoglobin levels, diabetics with mean age of 27.4 yrs, 1442
behavior, neonates with diabetic vs nondiabetic 20–35 yr old mothers, 1454
behavioral treatment program, adherence to blood glucose monitoring, insulin-dependent diabetic 10 & 11 & 14 yr olds, 6193
chromatic & achromatic spectral sensitivities & potential role of ganglion cell loss, diabetics with vs without retinopathy & glaucoma patients, 1326
chronic illness in self or sibling, goal setting behavior & family climate, 7–11 yr old asthmatics vs diabetics vs siblings of asthmatics vs healthy children from healthy families, 3716
family relations & parental perceptions of child, families with 6.6–12.8 yr old epileptics vs diabetics, 13015
hyperlipemia & high blood pressure & diabetes & obesity, mental illness, females vs males, 12849
knowledge of diabetes & locus of control, diabetic control, 5–19 yr old insulin-dependent diabetics, 3711
social skills & assertiveness training, coping skills, 9–12 yr old insulin-dependent diabetics, 13250
spectral sensitivity, 6–16 yr old diabetics, 1456
Stiles threshold vs radiance curves method, detection of color vision defects, diabetics, comparison with arrangement tests, 1447
summer camp & age & sex, knowledge & skills in management of diabetes, 10–15 yr old patients, 10680
understanding of hypoglycemia & hyperglycemia, 9–22 yr olds with insulin dependent diabetes & their parents, 13010
Diabetes Insipidus
behavioral characteristics, vasopressin-deficient Brattleboro rats, 2799
carbamazepine, resistant lithium-induced nephrogenic diabetes insipidus & schizoaffective psychosis, 13270
electrolytic lesion of medio-ventral septal area, polyuria & polydipsia & vasopressin levels, rats, implications for human neurogenic diabetes insipidus, 5174
environmental enrichment & age, brain dimensions, male heterozygous vs homozygous Brattleboro rats, 2918
hypokalemia & membrane resting potentials & CSF & plasma potassium levels & role of vasopressin in avoidance behavior, Brattleboro diabetes insipidus vs Long Evans rats, 2805
lysine vasopressin & 1-deamino-8-dextroarginine vasopressin, memory, 19–51 yr old central diabetes insipidus patients, 1387
lysine vasopressin vs oxytocin, ACTH & corticosterone response to sound stress, female diabetes insipidus vs spontaneously hypertensive rats, 2927
role of vasopressin & ACTH in hyperalgesia & analgesia deficits, homozygous Brattleboro vs normal rats, 3005
role of vasopressin in brain growth, Brattleboro diabetes insipidus rats, 2798
tolerance to ethanol effects, Brattleboro rats heterozygous vs homozygous for vasopressin deficiency, 3070
vasopressin deficiency, performance on neuropsychological tests, rats homozygous for diabetes insipidus, 5108
vasopressin, firing rate of hippocampal & hypothalamic neurons, normal vs Brattleboro rats, literature review, 3015
vasopressin fragments, ethanol preference, Brattleboro homozygous diabetes insipidus rats, 3075
vasopressin, startle response & water consumption & urine osmolality, homozygous male Brattleboro rats, 3027
vasopressin vs oxytocin, conditioned avoidance response, Brattleboro rats, literature review, 3099
Diabetes Mellitus
autogenic training, diabetes mellitus patients, 10792
bulimia as life-threatening complication, 19 yr old female with insulin-dependent diabetes, 10597
current concepts, diabetes mellitus, literature review, 13083
development of anorexia nervosa after onset of diabetes mellitus, 18–26 yr old females, 13069
incidence & risk of specific physical diseases, patients with schizophrenia & affective disorder, 10439
perception of responsibility for management of diabetes mellitus, 8–17 yr old patients & their parents, 10656
stress & relaxation training & self monitoring of blood glucose, management of diabetes mellitus, 8361
Diacetylmorphine [See Heroin]

Diagnosis [See Also Biopsy, Computer Assisted Diagnosis, Differential Diagnosis, Educational Diagnosis, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electronystagmography, Electroretinography, Galvanic Skin Response, Medical Diagnosis, Ophthalmologic Examination, Plethysmography, Pneumoencephalography, Psychodiagnosis, Psychodiagnostic Interview, Roentgenography, Urinalysis]
accepted criteria which define organicity, mentally retarded 7–18 yr olds, 8251
action science, diagnosis & intervention in organizational behavior, criticism by M. L. Lauderdale & reply by author, 13752
adequacy of performance of commitment evaluations, psychiatric vs non-psychiatric physicians, 4079
age & stage of diagnosis & current disease status, self reported quality of life, cancer patients, 10623
age equivalent values for PPVT vs PPVT-R, 3.5–4.5 yr olds, implications for diagnosis of language disorders, 2414
analysis of sleep disorders & other biological factors, diagnosis & prognosis & treatment & evaluation of therapeutic response, depressed patients, literature review, 12766
anxiety due to combat stimuli presentation, assessment of posttraumatic stress disorders, Vietnam veterans with vs without posttraumatic stress, 12837
apparent error rate in classification rules, data analysis, 9414
application of decision theory method, syndrome analysis in clinical neuropsychology, 3805
attention & methylphenidate dosage, methods for measuring event-related potentials, hyperactive children, 10457
auditory & verbal pattern evoked potentials techniques, diagnosis of perceptual deficits, 16 mo old, 8323
auditory brain stem EP, diagnosis of pathological hearing adaptation, hearing impaired, 3705
battery of stereognostic tests, differentiation between normal Ss & patients with focal brain lesions, 8275
behavioral observation centers, multidisciplinary diagnosis & treatment recommendations, children & adolescents, Switzerland, 6409
brain evoked potentials in assessment & diagnosis & treatment planning, patients with physical & behavioral & psychological problems, 1205
cerebral mechanisms, speech perception, implications for functional evaluation of hearing, 5059
Chinese culture, diagnosis & treatment of major psychoses & minor mental disorders & patterns of help seeking, Taiwan, 10689
classical latent-additive test model, dimensionality analysis of Freiburg Personality Inventory & diagnostic indices, 7095
conditional configuration frequency analysis, identification of types of dyslexia, male vs female children, 5908
cortisol suppression index, detection of major depression, 25–74 yr old psychiatric patients, 5734
cosyntropin stimulation test, cortisol response, females with mean age of 36.4 yrs with endogenous depression, 10337
definition of false negative in dementia assessment, 8277
dexamethasone suppression test, panic disordered & depressed patients, 10394
dexamethasone suppression test, suicidal patients with unipolar depression, 10436
dexamethasone suppression test, 16–74 yr old inpatients with major depression with vs without melancholia & psychosis, 5751
dexamethasone suppression test, 20–65 yr olds with mixed bipolar disorder, 5752
dexamethasone suppression test, 5–12 yr olds with major depressive disorder, 5759
diagnosis & developmental factors & prognosis & treatment strategies, anorexia nervosa, 3796
diagnosis & management, violent psychiatric patients, 8411
diagnosis & prognosis of schizophrenia, literature review, 12786
diagnosis & treatment & outcome, patients with initial manifestations of brain blood supply insufficiency, 8304
diagnosis & treatment, bulimia nervosa, 6063
diagnosis & treatment, schizophrenia, mentally retarded, 12981
diagnosis of alcoholism from short case histories, 19–55 yr old recovering alcoholic vs nonalcoholic college students, 10480
diagnosis of auditory perceptual disorders, 18.7–58.3 yr old patients, 5975
diagnosis prior to treatment, level of functioning in frustrating situations, stutterers, 6304
diagnostic utility, histamine test, 20–50 yr old medicated vs nonmedicated schizophrenics, 5728
discriminative validity & relative predictive value of recall & recognition, diagnostic screening indices of malignant memory loss, patients with senile dementia of Alzheimer type, 3682
DSM-III criteria & dexamethasone suppression test, prediction of response to drug therapy & psychotherapy & ECT, depressed inpatients with mean age of 71.2 yrs, 10714
early detection of alcoholism, aircraft pilots, 10492
early detection of structural & functional changes in brain, alcoholics, 10456
entity & diagnostic problems & procedures, masked depression, 3558
etiology & clinical & differential diagnosis of polyneuropathies, 5980
etiology & diagnosis & therapeutic management of attention deficit disorders, children, 8353
etiology & identification & treatment, drug & alcohol abuse, 13419
evaluation & assessment, hearing impaired bilingual Hispanic preschoolers, 13016
evaluation of program for early identification of hearing impairment, 5 yr olds, Sweden, 10603
geriatric clinical evaluation training course, multidisciplinary assessment of aged clients, 4163
guidelines for clinical diagnostic criteria for selection & problems of recruitment for research, Ss with senile dementia of Alzheimer type, 3676
high-pass masking vs conventional methods, determination of bone conduction thresholds, 5–62 yr olds with low-frequency hearing loss, 1410
history of detection & management of mental retardation, 8243
identification of sexually transmitted diseases, children, implications for diagnosis of child abuse, 12908
incidence & diagnosis & treatment of fragile-X syndrome causing mental retardation, literature review, 10520
incidence of mental disorders & dimensions used for diagnosis of cerebral dysfunction, 8 yr olds, 8082
interpretation of WISC-R Verbal-Performance IQ discrepancies, 11641
language development & assessment of language disorders in 2nd language, bilingual children, 5932
limitations of normative assessments, high risk infants, literature review, 4725
model, clinical reasoning during assessment of physically disabled, occupational therapists, 1857
modification of combined procedures of A. Inizan & I. Meixner, detection & prevention of dyslexia, nursery school students, Hungary, 13697
noise-induced hearing loss, speech perception in noise & reliability of audiogram diagnosis of hearing handicaps, 18–21 yr old normal vs hearing impaired, 6029
nonbiased assessment & treatment, 37–85 yr olds with neurologic speech/language disorders, 5928
nutritional assessment, handicapped preschoolers, 10316
pain-induced vocalization, evaluation of pain, prelingual children, literature review, 1391
pattern evoked visual potentials, patients with various forms of neurosyphilis, 8284
patterns of diagnosis & management of children with developmental disabilities including mental retardation & learning disabilities, pediatricians, 10515
physician guidelines, diagnosis & management of adolescent drinking problems, 11049
psychological & clinical aspects, distant synchronization of cortical potentials, 7443
psychosocial assessment framework, responses to stress by cancer patients & families, hospital social workers, 10903
pure-tone audiometry of acoustic stapedial reflex, diagnosis of serious hearing loss, hearing impaired, 3710
reliability of German version of WAIS vs Leistungsprufsystem, psychometric single-case diagnosis, brain damaged patients, 2470
role in assessment & treatment of language disorders in minority language children, monolingual speech-language pathologists, 5930
screening & diagnosis & treatment, handicapped infants, literature review, 5698
serial prolactin in diagnosis of hyperprolactinemia, 21–45 yr old psychiatric patients, 10365
stability of psychiatric diagnoses over 2-yr period, patients with mean age of 29 yrs, 1179
Stiles threshold vs radiance curves method, detection of color vision defects, diabetics, comparison with arrangement tests, 1447
symptoms & nosology of organic brain syndromes, 6011
testing methods, diagnosis & prognosis, stutterers, 5933

Thurstone Word Fluency Test, identification of cortical damage, brain damaged patients, 9313
use of abridged form of WISC & proposal for other tests, diagnosis of mental retardation, 5.3–6.4 yr old males, 4741
validity of borderline diagnosis, literature review, 1183
Verbal/Performance IQ differences on South African WAIS, determination of brain damage, adults, 129
visual EPs, diagnosis of visual problems, infants, 6036
Dialect [See Also Nonstandard English]
geographical dialect & general developmental processes & individual variability, acquisition of fricatives, 3 yr old monolingual Spanish-speaking children, 9963
status attributes & ethnic characteristics of speaker, retrospective speech halo effect, college students, Australia, replication of J. N. Thakerar & H. Giles's study, 7645
Dialectics
dialectical inquiry vs devil's advocate technique, creativity of problem solving, female vs male college business students, 7153
literacy, consciousness & social relations, 10100
semiotic-formal & dialectical-creative thought processes, 7165
status of dialectic theory in social psychology, literature review, 10231
Dialysis [See Also Hemodialysis]
areas of strain in family functioning & marital & sexual satisfaction, 21–74 yr old home dialysis patients & their spouses, 1704
financial vs psychological & social considerations, medical decisions for treatment of end-stage renal disease, physicians, public policy implications, 3991
mini-vacations as unit activities, center dialysis patients, 13319
peer support program, newly diagnosed renal patients facing dialysis or transplantation, 10918
Diastolic Pressure
heart rate & systolic & diastolic blood pressure during rest vs stress, 18–27 yr old sons of hypertensive vs normotensive parents, 519
Diazepam
barbamyl vs seduxen vs aminazin vs haloperidol vs chloroprothixene vs apressin vs phentolamine vs inderal vs dopegyt, stress reaction to acoustic stimulation, rats, 5213
behavioral & neurochemical & vegetotropic effects, diazepam vs mebicar, rats, 711
buspirone & diazepam, anxiety & side effects, 21–72 yr old outpatients, 6294
buspirone & diazepam, operant behavior & attenuation of conflict, rats & monkeys, 5205
buspirone vs diazepam &/vs alcohol, divided attention tasks of driving-simulated tracking & visual search performance, 21–40 yr olds, 5229
buspirone vs diazepam therapy, anxiety & reduction of somatic & cognitive symptoms & side effects, anxious adult outpatients, 6283
buspirone vs diazepam therapy, symptoms of anxiety & depression, anxious/depressed outpatients, 6248
buspirone vs diazepam vs clorazepate therapy, anxiety, outpatients, 6250
buspirone vs diazepam vs clorazepate therapy, side effects, patients, 6275
chronic diazepam therapy, continued anxiety, 25–67 yr old male veterans, 1650
clomipramine vs nortriptyline vs mianserin vs morphine vs naloxone vs diazepam vs haloperidol vs amphetamine, social behavior, isolated vs group-housed male rats, 5232
cocaine, discriminative stimulus properties & generalization of dextroamphetamine vs cocaine & methylphenidate vs pentylenetetrazol, rats, 7581
daily diazepam, attenuation of meperidine & normeperidine & morphine & pentobarbital & dextromethadone effects on operant keypecking, male pigeons, 3051
diazepam & carbamazepine & valproic acid & phenobarbital & pentobarbital, NREM sleep EEG, female monkeys, 9674
diazepam & propranolol, ethanol withdrawal syndrome & urinary catecholamines, male rats, 9791
diazepam &/vs picrotoxin, hyponeophagia, rats, 693
diazepam, anxiolytic effects in exploratory behavior, male mice, implications for time of day & intertrial interval & multiple use of test animals in 2-chambered model system of anxiety, 3004
diazepam, symptoms, paranoid schizophrenics, 6274
diazepam vs buspirone, psychological impairment & mental & physical sedation, 19–45 yr olds, 5215
diazepam vs clorazepate vs buspirone therapy, drug interactions & side effects, patients, 6249
diazepam vs midrazolam maleate vs flurazepam vs chlordiazepoxide vs convulsant benzodiazepine Ro5-3663, water intake & rate & duration of drinking, male rats, 629
diazepam vs other anticonvulsants, pentylenetetrazol-induced genetically determined stereotypic behavioral convulsions, C57BL/6J mice, 12323
diazepam vs phenobarbital vs placebo, EEG & attention test performance & mood, 30–50 yr old male alcoholic inpatients, 1665
dosage level of buspirone & methaqualone & diazepam, abuse liability of buspirone, recreational sedative-using college students, 5609
GABA antagonist R-5135, epileptiform discharges & visual EPs & sedation & stereotyped behavior, rats pretreated with gamma-acetylenic GABA vs sodium valproate vs diazepam, 9839
heroin & ethanol & diazepam & cocaine, response to negative emotional stimuli & positive emotional reactions & self reinforcement, rats & cats, 9865
imipramine vs amitriptyline vs doxepin vs amphetamine vs chlorpromazine vs caffeine vs diazepam, transition from FR to FI schedule, male rats, 9819
iv diazepam, acquisition & performance of discrimination involving response chains, 24–25 yr old males, 638
morphine & naltrexone & diazepam, suppression of drinking & saccharin solution intake, male rats, 9804
operant training & bemegride, discrimination & generalization of intragastrically administered ethanol & diazepam, pigeons, 3041
prazepam vs diazepam, mood states, 18–28 yr old males vs females, 7614
preference for diazepam dose vs pentobarbital, drug dependent 28–63 yr olds, 12915
sarin vs alcohol vs amphetamine vs diazepam, swimming behavior as test of motor performance, male guinea pigs, 6980
time from diazepam injection to discrimination test, discriminative control, rats, 3032
Dichoptic Stimulation
age differences, performance changes in dichoptic viewing task, 7–14 yr olds vs adults, 10022
dichoptic flicker photometry method of W. D. Wright, separation of test & standard stimuli, 43
lateral dominance in listening & viewing of linguistic stimuli, schizophrenics vs patients with affective psychosis, 5832
local peripheral stimulus eccentricities & angular positions, motor & nonmotor components of fusional response, male adults, 4868
Dichotic Stimulation
age & semantic vs phonetic list organization, recall of word lists presented diotically vs dichotically, learning disabled males with mean age of 8.8 vs 12.2 yrs, 8266
central processing of dichotic CV syllables, patients with sensorineural hearing disorders, 13003
clinical state at time of testing & diagnostic subtype, cerebral laterality in dichotic listening tasks, schizophrenic & affective disordered & depressed patients, literature review, 12777
dichotic listening, EPs during early vs late stage of attentional processing, schizophrenics, 10344
dichotic listening task, hemispheric lateralization for language, autistic vs aphasic 6.7–14.3 yr olds, 10308
dichotic presentation of rapid target sequences, RTs for right vs left ear, right handed 24–42 yr olds, 12104
dichotic presentation of words & their definitions in one ear & music in the other, vocabulary scores, 7th–9th graders who read 2–4 yrs below grade level, implications for research in hemispheric processing, 6750
dichotic rhyme- & category-monitoring tasks, consistency & reliability of ear advantage, 18–25 yr olds, 46
dichotic vocal RT & digit-recognition tasks, left vs right ear advantages, right handed college students, 250
dichotically presented verbal stimuli & instructions directing attention to left vs right vs both channels, ear advantage, college students, 7143
divided vs focused attention instructions & detection vs identification procedure, right ear effect in dichotic listening, right handed college students, 2603
ear advantage in dichotic speech perception, 5 vs 7 vs 9 yr old male stutterers vs non-stutterers, 3664
ear asymmetry on dichotic listening task, blind vs sighted 8–17 yr olds, 3729
frequency difference between dichotically presented tones, ear dominance, right handed Ss, 9489
functional properties of & independent processing in brain hemispheres, nonattended auditory stimuli, reply to criticism of E. Walker & S. J. Ceci, 4888

intensity & repetition rate & rise time of clicks & binaural vs monaural stimulation & masking noise, auditory brain stem responses, 1–3 vs 12–23 yr old cats, 5069
lateral dominance in listening & viewing of linguistic stimuli, schizophrenics vs patients with affective psychosis, 5832
left hemisphere or bilateral processing locus for nonattended auditory stimuli, criticism of work of M. E. Dawson & A. M. Schell, 4897
left vs right anterior temporal lobectomy, ear dominance for pitch of dichotically presented tonal stimuli, patients, 10573
recognition of words dichotically presented to left vs right ear, right vs left handed males, 5077
semantic/syntactic decoding ability, right ear advantage in dichotic listening task, 16–18 yr old males, 7384
validity of fused rhymed words dichotic test, assessment of hemispheric specialization for language function, 15–67 yr olds, 11726
verbal dichotic listening task, right-left ear performance, 3–6 yr olds, 839
Diencephalon [See Also Fornix, Geniculate Bodies (Thalamus), Hypothalamo Hypophyseal System, Hypothalamus, Optic Chiasm, Thalamic Nuclei, Thalamus]
ascending efferent projections to forebrain from midbrain periaqueductal gray, squirrel monkeys, support for hypothesis of periaqueductal gray as integrator of nociceptive & visceral & cognitive functions, 12111
bilateral lesions of anterior commissure preceded vs not preceded by bilateral transection of lateral olfactory tract, behavioral & electrophysiological reponses, male rats, 2968
electrical brain stimulation, extensiveness & time course of decay of long term potentiation in limbic forebrain pathways, male rats, 9766
electrical brain stimulation, short term postactivation potentiation & frequency facilitation in limbic forebrain pathways, male rats, implications for short term memory mechanisms, 9767
lesions of cholinergic forebrain nuclei, acquisition of avoidance CRs & effects of scopolamine hydrobromide on acetylcholine output, male rats, 595
midbrain & habenula implants of progesterone, sexual receptivity, female rats, 696
unilateral forebrain ablation, ipsilateral hypothalamic stimulation reward, male rats, 2991
Diets
access to diets varying in fat vs carbohydrate vs protein content, body weight regulation during pregnancy & lactation, female golden hamsters, 9688
carbohydrate intake, hypoglycemia & appetite & hunger & obesity, humans & rats, literature review, 1364
cardiovascular risk reduction education project, diet & exercise, families of elementary school students, 3999
cingulate cortex lesions, food intake of amino acid imbalanced & high vs low protein diets, male rats, 7549
circadian photoperiods & sex differences, obesity caused by high fat diet vs decreased energy expenditure, golden hamsters, 5167
computer based vs lecture/laboratory instruction, renal diet therapy, dietetics students, 6646
diet & hand-rearing techniques & developmental stages, thick-billed parrots, 2686
dietary lecithin, enhancement of maze learning, 3–4 mo vs 23–41 mo old female mice, 5153
discontinuation of low-phenylalanine diet at 5 yrs of age, results of neurophysiological & psychological & nutritional evaluations, children with classic phenylketonuria tested from 4–6 yrs of age, 8333
ecological & size factors of mating system & activity rhythm & diet, sexual dimorphism in body weight & canine size, primates, 389
effectiveness of Feingold diet, hyperkinesis, literature review, 10692
etiology & assessment & treatment with protein-sparing modified fast & surgical bypass & behavior modification, obesity, 1484
exposure to lead & nutritional inadequacy, learning & behavior disorders, children, 10514
factor analysis of Restraint Scale, correlation of body image with concern for dieting & weight fluctuations, female college students, 9309
factor analysis of Restraint Scale scores & relation to degree of self reported overweight, adults, 100
Feingold diet, treatment for hyperkinesis, assessment of research reviews, 10704
food deprivation vs sucrose supplemented diet & footshock, plasma catecholamine & sodium levels & blood pressure & heart rate & plasma volume, male rats, 7511
high fat protein supplemented diets during breeding & gestation & lactation, reproduction & pup growth & maternal behavior, female rats, 2906
high vs low fat diet vs obesity, brown adipose tissue respiration rate, female rats, 2917
ip atropine methyl nitrate & diet palatability, sham feeding & drinking, male rats, 3105
lecithin as dietary supplement, depression & weight gain & serum lipid levels, chronic schizophrenics with tardive dyskinesia, 6102
lecithin dietary supplements, secretion of catecholamines & ACTH & insulin & neurobehavioral profiles, 23–35 yr old males, 12310
maternal nutritional supplementation, infant mental & motor development, 19–30 yr old low income mothers & their 8 mo olds, Taiwan, 8385
meta-analysis of B. F. Feingold's hypothesis, diet modification treatment for hyperactivity, 10687
methodological considerations, study of diet & behavior, children, 9241
nitrogen-deficient vs high protein diets, ingestion & transfer to oocytes of male-derived uric acid after copulation & relation to mating & oviposition interval, cockroaches, 7506
nutritional intakes, socioculturally mentally retarded with mean age of 8.2 yrs vs nonretarded children of low & average SES, 12984
parental & singing & mating behavior & diet & social systems, African forest yellow-whiskered greenbuls, 2723
protein malnutrition, copulatory behavior, 95–325 day old male rats, 5154
protein vs carbohydrate premeal, subsequent protein vs carbohydrate food selection, male weanling rats, 552
seasonal variation in food availability & diet & weather, ranging behavior, black colobus monkeys, Cameroon, 9583
serotonin reduction by tryptophan-free diet & parachloroamphetamine, inhibition of muricidal behavior by imipramine vs desmethylimipramine vs amitriptyline, male rats, 3018
stress due to physical restraint & high salt diet, basal heart rate, hypertension sensitive vs resistant rats, 5044
tryptophan malnutrition treatment by diet therapy, behavioral disorders, 6101
weight change & dietary concern components of Restraint Scale, overweight adults, criticism of work of A. Drewnowski et al, 110
weight history & restraint factors in the Restraint Scale, reply to criticism of C. P. Herman & J. Polivy, 101
Differential Diagnosis
amobarbital interview, diagnosis of functional vs organic brain disease, 40 yr old male, 1420
biological parameters differentiating diagnostic categories, psychiatric patients classified under schizophrenia vs major affective disorder vs psychotic disorders not elsewhere classified, 12840
brain stem auditory EPs & 4th-generation computerized tomography & air-computerized tomography cisternography, diagnosis of acoustic tumors, 51–62 yr old patients, 8308
characteristics & guidelines for differential diagnosis, multiple personality, 8164
clinical criteria, diagnosis of Parkinson's disease vs neuroleptic-induced parkinsonism, 65–70 yr olds, treatment implications, 8564
clinical symptoms, adult patients with protracted juvenile depression, 5828
complex partial status epilepticus simulating psychogenic or feigned unconsciousness, 30 & 77 yr old females, 10570
concept of splitting & manifestation as defense mechanism, implications for differential diagnosis & psychotherapy of personality disorders, 12765
conservation withdrawal & mental retardation & need for differential diagnosis, withdrawal & apathy & inactivity in medical & surgical patients, hospitalized 28 yr old male & 44 yr old female, 8084
construction & validity of MMPI overlap item scales, psychotics vs neurotics, 11676
convergent & discriminant validity of Whitaker Index of Schizophrenic Thinking, measurement of schizophrenia & severity of disorder, paranoid vs nonparanoid schizophrenic patients, 7049
cross validation of double discrimination scales derived from Luria-Nebraska Neuropsychological Battery, identification of multiple sclerosis, multiple sclerosis vs brain damaged patients, 4801
depressive pseudodementia, misdiagnosis of depression as dementia, aged, 8129
dexamethasone suppression test & computed axial tomography scan, differential diagnosis of true dementia from depressive pseudodementia & prediction of response to antidepressant therapy, depressed 55–84 yr olds, 8115

dexamethasone suppression test, diagnosis of major depressive disorder, 13–19 yr old psychiatric inpatients, 5826
dexamethasone suppression test vs urinary free cortisol vs growth hormone response to insulin tolerance test vs polygraphic sleep recordings, differentiation of endogenous vs neurotic vs ambiguous depression, 21–52 yr old inpatients, 3515
dexamethasone suppression test, 18–65 yr old mildly & moderately depressed outpatients, 10420
diagnosis, bipolar disorders vs schizophrenia, 12852
diagnosis of catatonia as distinct separate illness, 27 yr old female with systemic lupus erythematosus, 12835
diagnosis, physical diseases presenting as psychiatric disorders, 13050
diagnostic informative value of some psychopathological symptom-complexes, patients undergoing forensic psychiatric examinations, 10386
diagnostic problems, neurologic disorders caused by alcoholism vs exposure to organic solvents, 5981
differential diagnosis & classification & psychodynamics, psychopathic-sociopathic-antisocial personality, 12843
differential diagnosis & diagnostic workup & therapeutic process, 59 yr old female with chronic back pain & perinephric abscess, 3696
differential diagnosis & mechanisms of action, drug-induced ocular motor disorders, literature review, 13013
differential diagnosis, adolescents with psychopath-like states of residual organic genesis vs pathocharacterological personality formation, 3509
differential diagnosis, delirium & dementia, elderly, 1393
differential diagnosis, multi-infarct dementia vs Alzheimers disease, 1365
differential diagnosis of disturbed mind/body perception, 3531
differential diagnosis of episodic violent behavior, 21 yr old male with final diagnosis of temporal lobe epilepsy, implications for family physicians, 12989
differential diagnosis of factitious disorders from hysteria or malingering, 10 & 12 yr old males & 13 yr old female, 10407
differential diagnosis of palinacousis, 75 yr old female psychiatric patient, 13047
differential diagnosis of subcategories of epilepsy, pharmacological treatment, children, 3954
discriminating diagnostic ability of Diagnostic Test for Cerebral Damage, analysis of learning process & forgetting of figurative material, organic brain damaged vs clinical vs nonclinical Ss, implications for rehabilitation, 9330
DSM-III classification & differential diagnosis, depression, literature review, 10397
effectiveness of MMPI Hs-Pt index, discrimination between brain disorders & functional disturbance, 17–64 yr old male patients, 9391
etiology & clinical & differential diagnosis of polyneuropathies, 5980
etiology & dynamics & differential diagnosis & treatment, pathological hypersexuality, males, literature review, 1127
etiology & physiological correlates & characteristics & differentiation from nightmares, night terrors, literature review, 3484
explicit nosological theory & implicit individual theory, stability & complexity & relevance for theory of diagnostic schemes, nonpsychiatrists with vs without nosological knowledge vs psychiatrists, 6098
gait & posture & cranial nerves & motor & sensory systems & reflexes & Alzheimer's disease & differential diagnosis, dementia, aged, 5974
hypnoanalysis, differentiation of primary vs secondary pain, 30–40 yr old chronic lower back pain patients for whom surgery was indicated, 8592
importance of repeated clinical assessments over time for disentangling psychiatric & organic impairment, female patient with "cortical vulnerability", 10393
internalized nosological theory vs individual diagnostic scheme, clinical diagnosis vs research, psychiatrists, 6099
laboratory tests as screening devices, 18–19 yr old male high vs low consumers of alcohol, 10213
Luria-Nebraska Neuropsychological Battery, differential diagnosis, brain damaged vs chronic schizophrenic or schizoaffective patients, 4780
Luria-Nebraska Neuropsychological Battery, differential diagnosis, chronic schizophrenics vs brain damaged, replication of study by A. D. Purische et al, 9379
masking level difference, differentiation of types of presbycusis, 18–95 yr olds with metabolic vs sensory vs neural presbycusis, 6010
MMPI content scales, differential diagnosis, brain damaged vs psychiatric patients, implications for J. S. Wiggins's study, 2439
MMPI profiles, suicidal vs nonsuicidal depressives, 3585
modal profile analysis of revised Symptom Check List-90, patients with adjustment reaction & alcohol & nonopioid & opioid type dependence & neurosis & personality disorders & schizophrenia, 12876
neuropharmacologic profile & differentiation from tardive dyskinesia, Meige dystonia, 54 yr old male, 1436
Present State Examination, bipolar vs nonbipolar depressives, 5738
process-oriented variations of Bender Visual Motor Gestalt Test, differential diagnosis, schizophrenics vs brain damaged vs medical patients, 2448
role of neuroleptics & need for differential diagnosis of tardive dyskinesia, 37 & 56 yr old females with Meige syndrome, 10586
sleep disturbances assessed by EEG vs O ratings, patients with endogenous vs nonendogenous depression, 5753
socioeconomic & cultural & anatomicophysiologic features & psychosomatic characteristics & need for differential diagnosis & treatment, alexithymia, literature review, 3740
Symptom Schedule for Diagnosis of Borderline Schizophrenia, comparison of borderline syndromes vs schizophrenia vs affective disorders, borderline vs schizophrenic vs manic vs depressive patients, 5809
symptoms of medical vs psychiatric depression, patients, 10343
trace element & toxic metal concentrations in blood & hair samples, autistic vs learning disabled 6–12 yr olds, 10322
value of endocrine screening & differential diagnosis in neuroendocrine disorders & hypothyroidism & hyperthyroidism, psychiatric symptoms, literature review, 8305
Wiggins MMPI Content Scales, discrimination of brain damage, brain damaged vs non-brain-damaged schizophrenics with mean age of 31 yrs, 112
WISC-R subtest score, discrimination of learning disabilities vs emotional disturbance, children, reanalysis of data of R. S. Dean, 96

Differential Limen [See Thresholds]

Differential Reinforcement
chlorpromazine & septal lesions and lesions of ascending norepinephrine system, operant response parameters & emotionality in DRL schedules, rats, 7494
classroom DRO vs omission training vs positive reinforcement withdrawal vs contingent restraint, self injurious behavior, severely mentally retarded students, 4344
contingency contracting & extinction & DRO procedures, tantrums & self cutting behavior, 28 yr old female chronic psychiatric inpatients, 13259
delivery of signaled response-independent reward, leverpressing rate, male rats responding to DRL schedule, 333
differential reinforcement of incompatible behavior & overcorrection, obsessive-compulsive behavior, educable mentally retarded 18–31 yr old males, 1598
DRO & response cost procedure, self injurious behavior, 18 yr old severely mentally retarded male, 13233
DRO, inappropriate verbalization, severely retarded 42 yr old male with Down's syndrome in sheltered workshop, 8522
DRO intervention with monetary & social reinforcement, inappropriate behavior involving possession, 12 yr old female, 8524
DRO schedule treatment of chronic rumination, mentally retarded, 8505
kainic acid vs 6-hydroxydopamine induced lesions of ventrolateral vs anteromedial neostriatum, DRL performance & body weight, male rats, 587
reinforcement of inhibition, male rats, 9545
sample specific ratio effects in matching to sample, pigeons, 7262
simple correction & differential reinforcement, hand-mouthing stereotypy, 24 yr old profoundly mentally retarded females, 8531
stimulus delay & fading vs differential reinforcement, concept learning, mentally retarded 30–65 mo olds, 3906
theoretical flaws in differentiation between DRO & differential reinforcement of incompatible behavior, 8546

Difficulty Level (Test)
competition vs cooperation & coaction vs alone & sex & item difficulty, performance on Remote Associates Test, college students, experimental replication, 3394
correspondence between objective measures vs subjective judgments of multiple-choice test item characteristics, introductory astronomy students, 11297
distribution-free procedure & optimization procedure, measurement of Scholastic Aptitude Test item difficulty, 2522
inadequate level of difficulty of WPPSI, gifted 4–6 yr olds, 4759

Digestive System [See Esophagus, Gastrointestinal System, Intestines, Liver, Mouth (Anatomy), Pharynx, Stomach, Teeth (Anatomy), Tongue]
Digestive System Disorders [See Also Cirrhosis (Liver), Colon Disorders, Fecal Incontinence, Gastrointestinal Disorders, Gastrointestinal Ulcers, Liver Disorders, Ulcerative Colitis, Vomiting]
conversion dysphagia, 8 & 9 yr old males, 10606
personality correlates & pharmacotherapy & hypnotherapy, digestive diseases, 13037
Digit Span Testing
digit span size & pronunciation speed, capacity for short term memory of digits, Ss speaking Cantonese & English, 7103
digit-repetition performance, learning disabled Ss with mean age of 8.8 yrs, implications for usefulness in study of brain-behavior relationships, 3631
letter naming time & backward digit span, prediction of reading achievement, intellectually advanced 37–66 mo olds, 6-mo longitudinal studies, 9098
Digital Computers
large-scale expandable input/output port for TRS-80 microcomputer, online control of experiments & data collection, 11614
Sinclair ZX81 computer with Byte-Back BB-1 software module & interface to Skinner box for experiment control, 4689
solid state circuit, tail-flick measurement of thermal pain sensitivity, rats & mice, 11632
TRS-80 Model I & BASIC & assembly programs, tachistoscopic presentation & RT measurement, 4683
Digits (Mathematics) [See Numbers (Numerals)]
Dilation (Pupil) [See Pupil Dilation]
Diphenhydramine
atropine vs benztropine vs diphenhydramine, haloperidol-induced reduction of locomotor activity & intracranial self stimulation, male rats, 3009
clemastine vs diphenhydramine vs hydroxyzine, psychomotor & cognitive performance & CNS arousal, 21–30 yr old male college students, 7615
Diptera [See Also Drosophila]
automated stimulus presentation to eliminate error variance due to E, elicitation of proboscis extension reflex, dipterans, 11629
electrophysiological vs behavioral taste responses, blowfly, 2853
single major gene correlate, central excitatory state, pure-bred black blow flies, 2812
species isolation vs behavior mechanisms preventing cross-species mating, Zaprionus tuberculatus vs sepsoides, 12019
water- vs sucrose-induced central excitatory stimulus, proboscis extension reflex, blow flies, 2789
Directed Discussion Method
correlation between cognitive level of teacher-student questions & responses during class discussion, high school teachers & students, 2071
teacher reading of selected children's books & use of critical thinking questions, prosocial development, 1st graders, 2049
Directed Reverie Therapy
analysis of waking dreams in directed reverie therapy, 6116
directed reverie therapy, 30 yr old male with Hodgkin's disease, 13135
Judeo-Christian myth of Fall of man as expression of body/spirit duality & fundamentals of Freud's work, directed reverie therapy, 8445
mobilization of grandiose self & utilization of wake-dream analysis during psychoanalysis, juvenile delinquent, 6118
psychogenesis & use of directed reverie in therapy, psychosomatic disorders, 12988
role of mother's death-wish in development of child's tumor, directed reverie therapy as part of treatment, 6 yr old male, 13164
Disadvantaged
action counseling, urban disadvantaged families, 13223
age & sex & handedness & disadvantaged life circumstances, patterns of choosing objects according to formal aspects, children younger vs older than 5 yrs, test of I. Hermann's findings, 12421
approaches to redress inequities & diminish injustice, powerless & oppressed persons, 7841
circumstance & type of bid & sex of child, responsiveness of caregivers, 24–30 yr olds from low income families in day care, 3302
concerns about implementation & impact of Elementary & Secondary Education Act Title I programs, teachers, 4276
correlation with 1966 & 1973 & 1979 norms of Raven's Standard Progressive Matrices, economically disadvantaged 3rd–5th graders, 2442
creativity training, creativity & sociability & self confidence & assertiveness, culturally disadvantaged adolescents with low SES, 11202
criticism of goals of language programs, disadvantaged preschoolers, 2102
development & validation of Adult Vocational Maturity Assessment Interview, disadvantaged adults experiencing delayed career development, 11696
early outreach program, preparation for entry into health professions schools, disadvantaged & underrepresented minorities, 6623
experimentally induced success vs failure, extension of future time perspective & attitude toward past & present & future, normal vs socially handicapped adolescents, 9933
heterogeneity of IQs, urban Head Start children, 3156
inservice career guidance experiences, educators who work with handicapped vs disadvantaged vs special need learners, 6576
intellectual & social development, working-class children of socially underprivileged women living with biological family vs adoptive advantaged parents vs placed in protective setting following abandonment, 12368
issues in career education, disadvantaged gifted students, 9044
language fostering experiences & race & social class differences & preschool deficiencies in language skills & achievement vs demand, opportunities for language & personality development, infants & preschoolers, 5306
level of public assistance, incidence of crime, poor families, US, 10462
patterns of on- & off-task behavior during reading & mathematics lessons, inner-city high- vs low-achieving 1st–6th graders, test of academic learning time model, 13600
personality traits, deprived & undeprived 17–20 yr olds, India, 5684
prevalence of behavioral & emotional disturbance, 3–5 yr old Head Start participants, 10307
reading difficulties & behavior problems & social or cultural disadvantage, children, 12753
reliability of Denver Developmental Screening Test, disadvantaged children with mean age of 3.9 yrs, 11685
remedial vocational & academic skills program, locus of control, 16–21 yr old disadvantaged high school dropouts, 8959
retrospective view of Family Development Research Program to break cycle of poverty & school difficulties, literature review, 4283
school attendance rates & reading problems & social disadvantage, 11–12 yr old students from 2 neighborhood comprehensive schools, England, 13618
school characteristics, normal reading achievement, urban low income Black children, literature review, implications for educational policy, 6625
SES, Level I & Level II mental abilities, 6–7 vs 8–9 yr olds, India, implications for A. R. Jensen's theory, 12416
theoretical basis & example of profile interpretation of Motivational Analysis Test, disadvantaged females with mean age of 26 yrs studied by S. Hinman & B. Bolton, 13708
Title I programs, loss in achievement over summer months, students, 8978
validity & reliability of standardized speech-language tests, culturally different & poor children, 4726
Disasters [See Also Natural Disasters]
behavioral & emotional & physiological measures of stress, Three Mile Island residents, 13797
Beverly Hills Supper Club fire, objective vs subjective stress & psychological symptoms, Ss present vs not present at fire, 1–2 yr followup, 12799
dimensions of disaster & methodological factors affecting assessment of its psychological effects, 11577
hotel disaster, response of mental health organizations & mass media, 3790
media coverage of Jonestown mass suicide, suicide rate, US, 8231
psychological effects of natural vs technological disasters, 9190
psychosocial effects of natural & human-made disasters, literature review, 11468
stress reactions following recovery & identification of airplane crash victims, lay personnel, 20-mo followup, implications for emotional debriefing, 4453
Discipline (Child) [See Child Discipline]
Discipline (Classroom) [See Classroom Discipline]
Discovery Teaching Method
discovery vs expository teaching strategy, mathematics achievement, 13.2–15.1 yr olds with analytic vs nonanalytic cognitive style, 2034
rule vs discovery instruction, syllogistic reasoning, gifted 7–11 yr olds & normal 6th graders, 6617

SmartProcess, systems oriented discovery learning program for orienting personnel to work unit, implications for organizational development, 4478
Discrimination (Cognitive) [See Cognitive Discrimination]
Discrimination Learning [See Also Nonreversal Shift Learning, Reversal Shift Learning]
ablation of posterodorsolateral neostriatum, retention of delayed alternation & visual discrimination learning & comparison with mammalian prefrontal cortex function & dopaminergic innervation, pigeons, 9652
ablation of prefrontal cortex before vs after learning, delayed alternation performance & spatial reversal, hedgehogs, 12237
ablation of proreal gyrus, differentiation of conditioned stimuli, cats, 2985
acute dextroamphetamine & phenobarbital, operant stimulus discrimination performance errors & response time, male rats & juvenile baboons, 3028
amobarbital & chlordiazepoxide & piperoxan & phenoxybenzamine, discriminative stimulus properties of clonidine & dextroamphetamine, male rats, 641
amphetamine, enhanced retrieval of maze spatial discrimination after long retention interval & potential role of catecholamines, male rats, 12314
binocular deprivation, visual & auditory spatial task learning, cats, 9744
change-over-delay, discrimination training in signal key procedure, pigeons, 11948
characteristics of auditory discrimination learning after hatching vs imprinting to visual stimuli, precocial & semiprecocial birds, literature review, 7221
chlordiazepoxide, discrimination learning & brain biogenic amines, cats, 5250
chlorpromazine & septal lesions and lesions of ascending norepinephrine system, operant response parameters & emotionality in DRL schedules, rats, 7494
choice discrimination tasks, learning & retention, institutionalized mentally retarded, implications for ecological validity of laboratory-type research, 12954
clonidine & alpha-2 adrenoceptor stimulation, production of discriminative interoceptive stimuli, male rats, 619
color vs form vs size variations of conceptual oddity vs dimension-abstracted oddity problems, performance & definition of levels of stimulus difficulty, squirrel monkeys, 11962
concurrent interocular inversion of monocular discriminative stimulus, visual discrimination learning, albino vs hooded rats, 11952
conditioned reflex to beta-phenylethanol & differentiation of cumarin, guppies, 2712
contingency contracting & extinction & DRO procedures, tantrums & self cutting behavior, 28 yr old female chronic psychiatric inpatients, 13259
continuous vs partial reinforcement in discrimination learning, choice behavior during acquisition vs extinction, male rats, 5006
continuous vs partial reward, concept identification task performance, hyperactive children with mean age of 9.6 yrs, 10805
dimension of interfering stimulus, proactive inhibition of discrimination learning, pigeons, 5000
discrimination & generalization training to recognize time durations, application of bisection method of psychophysical scaling, male rats, 2705
discriminative avoidance task performance, 10 strains of Drosophila melanogaster, 11942
distance from original training pair & stimulus novelty, transposition of height discrimination learning, rhesus monkeys, 5001
distinctive feature as positive vs negative stimulus, discrimination between single vs paired stimuli, pigeons, 5008
dosage of 1-desamino-8-dextroarginine vasopressin vs scopolamine vs dextroamphetamine, delayed matching to sample, pigeons, 3094
durations of stimuli presented during response-reward interval, discrimination learning rate, pigeons, 353
errorless discrimination training, visual & auditory discrimination of digraphs, learning disabled 8 yr old female, 2137
generality of retention interval model of performance differences between anticipation & study-test methods, paired associate & verbal discrimination learning, 7189
handedness & sequentially presented visual stimuli, hemispheric differences in discrimination learning, split-brain rhesus monkeys, 7381
hippocampal stimulation during delayed spatial matching-to-sample training, long- vs short-term retention, male rats, 2947
hours of food deprivation, maze & discrimination learning, rats, 5004
immobilization stress, pain sensitivity & responsivity in 2-choice 2-shock discrimination task performance, male rats, 2919
individual differences & information storage style, discrimination learning, college students, 2654
inversion of faces, visual discrimination learning, male monkeys, 320
iv diazepam, acquisition & performance of discrimination involving response chains, 24–25 yr old males, 638
lateral peristriate vs striate neocortical lesions, reacquisition of visual discriminations, male rats, 596
length of retention interval between stimuli in delayed matching-to-sample procedure, subjective shortening in memory for event duration, pigeons, 2707
lesions of interotemporal cortex, relearning of visual discrimination problems, male vervets, 594
letter discrimination learning, pigeons, comparison with human similarity judgment data, 319
location of displaced bait as measure of reasoning ability, birds, 2758
multiple cue pictorial stimuli in match-to-sample paradigm, stimulus overselectivity, severely mentally retarded 15–18 yr olds, 1312
neuronal activity in caudate nucleus during formation of inhibitory CRs, cats, 7410
number of stimuli & repetition, oddity task learning, 4.7–5.3 vs 5.6–6.2 yr olds, 12450
operant training & bemegride, discrimination & generalization of intragastrically administered ethanol & diazepam, pigeons, 3041
perceptual & linguistic factors & kinds of properties, performance on class inclusion tasks, 4.4–5.7 yr old nursery school students, test of Equally Detailed Alternatives hypothesis, 3197
pimozide, acquisition of avoidance vs cue vs response-choice discrimination learning, male mice, 2999
pretraining on nonrepeated oddity task, repeated oddity learning vs discrimination learning, kindergartners, 12449
recency information & stimulus novelty & familiarity, delayed-matching-to-sample performance, female macaques, 2703
salience of color stimulus, acquisition of conditional discrimination, pigeons, 352
sample-specific behavior vs sample hue, matching-to-sample performance, pigeons, 11946
scaling & discrimination task, response latency generalization, college students, support for hypothesis that human stimulus generalization is categorical, 4912
social behavioral stimuli, visual discriminative control, rats, 7238
sodium barbitone, learning & retention of Y maze spatial discrimination, mice, 699
static vs dynamic presentations of concept exemplars, discrimination learning, nonhandicapped 3–6 yr olds vs mildly handicapped elementary school students vs severely handicapped adults, 1121
stimulus ambiguity & pairing with positive vs negative stimulus & reinforcement, conditional discrimination, pigeons, 9556
stimulus color & form & movement & intermittent reinforcement, discrimination learning, pigeons, 7263
stimulus control in 2 color matching-to-sample behaviors, Japanese monkeys, 331
stimulus control of matching-to-sample behavior & transfer in operant conditioning, Japanese monkeys, 336
stimulus delay & fading vs differential reinforcement, concept learning, mentally retarded 30–65 mo olds, 3906
surrounding visual noise & presentation to right vs left visual field, match to sample task, right handed undergraduates, 11800
symbolic matching-to-sample task with surprising vs expected trials, short term retention, pigeons, 2695
trial & error vs graduated stimulus change vs noncriterion related training method, size discrimination, profoundly mentally retarded 16.1–55.4 yr olds, 1311
true vs pseudodiscriminative conditioning & stimulus reinforcer, associative & postprandial control of schedule-induced drinking, rats, implications for study of interim behavior, 7257
type of feedback & initial success, verbal discrimination learning, college students, 7199
use of cards in Montessori style, training in discrimination & recognition & reproduction of visual & visual-auditory letters, moderately mentally retarded children, 2115
verbal feedback on matching-to-sample procedure, discrimination learning, mentally retarded 6–18 yr olds with IQs 34–69, 2-yr followup, 12978
vigilance level, conditioned electrodermal response to high vs low frequency sound, cats, 494
visual cue-mediated forearm movement vs withholding of movement, premotor cortex unit activity, male rhesus monkeys, 9683

visual discrimination learning with reinforced vs nonreinforced stimuli, redwinged blackbirds, implications for foraging behavior, 315
Discrimination [See Also Related Terms]
anatomic locus of cerebral lesion, phoneme & semantic-lexical discrimination disorders, patients with Broca's vs Global vs Conduction vs Amnestic vs Wernicke's aphasia, 3702
event related potentials during discrimination between words vs pseudohomophones vs visually matched nonwords, right handed young adult males, 5091
laws & court rulings related to discrimination in educational testing & recommendations for school counselors, 13694
legal basis & responsibility of personnel professional to counsel management & employer liabilities, comparable worth/pay equity & performance appraisal systems, 6849
2-electrode cochlear stimulation, perceptual dissimilarities, deaf, 10643
Discriminative Learning [See Discrimination Learning]
Discriminative Stimulus [See Conditioned Stimulus]
Discussion (Group) [See Group Discussion]
Diseases [See Disorders]
Diseases (Venereal) [See Venereal Diseases]
Dishonesty
occurrence of & attitudes toward academic dishonesty or cheating, college students & teachers, 6714
Dislike [See Aversion]
Disorders [See Also Related Terms]
age & physical problems & rejection by perpetrator & misbehavior of child & sex & race & discipline attitudes of perpetrator, severity of child abuse, criticism & reanalysis of D. Gil's & J. R. Seaberg's studies, 3594
age at childhood separation due to child vs parent illness vs parental discord vs war evacuation, depression & anxiety & morbidity, 18–64 yr olds, 1217
age-sex distribution & visiting patterns & health problems, pediatric patients visiting family practices, 1411
aggression toward doctor & treatment compliance vs sense of indebtedness, patients, 6315
amount of coverage of diseases in medical journals & encounters with persons suffering from diseases, estimates of mortality rate of various diseases, physicians vs college students, 5953
anthropological & sociological & psychological dimensions of human condition & relationship to God, theses & questions involved in development of theology of healing, 12535
anxiety & depression & physical disability, use of services, general practice patients over 70 yrs of age, 8413
assessment of life events & stress-disease relationship, literature review, 3497
clinical features & histories, 18–63 yr old hospitalized patients with artifactual illness, 13001
clinically oriented social science research, academic development of primary care in family medicine, 13310
cluster-analytic typology based on IJR Behavior Checklist profiles as alternative to clinical diagnostic classification, 4–17 yr old patients with behavior & other disorders, 3492
co-occurrence of psychiatric & medical morbidity, primary care patients, implications for health care delivery, 8069
concepts of disease & causes, middle aged females from working class families, 10107
concepts of health & illness, children, implications for health education, 5310
concurrent validity of Ozawa Behavioral Rating Scale, assessment of attention deficit disorder, learning disabled elementary school students, 11317
counseling or psychotherapy, reactive depression, chronically ill patients & their families, 3835
demographic & illness & treatment variables, anxiety & depression, patients undergoing hemodialysis, 8617
depressive symptoms & onset of physical illness, blue collar workers, 1397
diagnosis & treatment & outcome, patients with initial manifestations of brain blood supply insufficiency, 8304
diagnosis, physical diseases presenting as psychiatric disorders, 13050
differential diagnosis & mechanisms of action, drug-induced ocular motor disorders, literature review, 13013
dimensions & typology of sick role & potential role of social work, chronically & terminally ill, review of evidence for classical Parsonian model, 3713
dysfunction of right cerebral hemisphere & learning disabilities & attentional disorder & childhood major depression, children, 8065
epidemiology of physical & mental disorders, Ss undergoing check-ups, France, 1141
epidemiology of physical disorders, severe depressive & psychiatric alcoholic middle aged males, Sweden, 5712
etiology & diagnosis & therapeutic management of attention deficit disorders, children, 8353
etiology & treatment of colic, infants, literature review, 3671
family & community acculturation & health/illness status, 6–15 yr old Navajo boarding school students, 10310
family oriented psychological intervention program, coping with schooling & financial pressures & information on hospitalization experience, parents of seriously ill children, 4039
family therapy, functional illness in general practice, 10759
hair mineral levels, physical & mental & behavioral disorders & intelligence, literature review, 8081
health & disease & health care, Bangladesh, 3981
health risks after death of spouse, widows vs widowers, literature review, 1134
high- vs low-dosage of methylphenidate, 5–15 yr olds with attention deficit disorder with vs without hyperkinesis, 13300
hyperprolactinemia, depression & hostility, patients, 5962
incidence of common medical problems, 6–15 yr old males with preexisting medical conditions at summer camp, implications for medical treatment, 10905
inhibitory control & attentional deficits, hyperactive vs normal males with mean age of 9.3 vs 14.2 yrs, 12997
intensive care nursery liaison program for parent–staff alliance, parents of critically ill infants, 4089
level of hopelessness, hospitalized 17–60 yr olds with acute vs chronic physical disorders, 8301
Life Experiences Scale, discrimination of physical illness, hospitalized inpatients vs nonhospitalized controls, implications for relationship between life stress & onset of physical illness, 7022
locus of control, 4–14 yr olds with psychosomatic asthma or ulcerative colitis vs chronic illnesses affecting same organs, 3763
medication, behavior & appearance, physically or mentally ill legal clients, 10177
minor physical anomalies & obstetrical complications, hyperactive vs psychoneurotic 5–12 yr old males & their families, 10579
morbidity & visits to family practices, male vs female 13–20 yr olds, 8625
occupational therapy, hand dysfunction, implications for therapist education on psychological & physiological correlates of severe hand dysfunction, 11025
occupational therapy, sensory integrative dysfunction, paper submitted by American Occupational Therapy Association, 6457
pediatric care & family therapy, chronically ill children & their families, 3891
pemoline treatment of attention deficit disorder, response to alcoholism treatment & aftercare, 35 yr old male, 6100
prevalence of health problems & treatment, Southeast Asian refugees, 8409
primary & secondary & tertiary prevention, disabilities, 1479
problems with use of DSM-III in psychiatric consultation-liaison service, 5711
psychiatric abnormalities, 7 yr olds with attention deficits & motor/perception dysfunction, Sweden, 13019
psychodynamics, illness, aged, social work implications, 10973
psychological characteristics in organic disease, 3703
psychosocial & biomedical phenomena, vulnerability to physical & mental disorders, humans & animals, literature review, 1122
psychosocial factors, psychological & bodily complaints, 35–49 yr olds, Norway, 3488
psychotherapeutic counseling, parents with seriously ill children, 8480
recall of Aboriginal & Western conceptions of illness & treatment, Aboriginal vs White 17–61 yr old females, Australia vs US, 4005
reconstructive surgery, body image & self confidence & individual & family adjustment, 6 wk to 39 yr old patients with severe craniofacial deformities, 1702
reported depressive symptoms & disability, White & Black survey respondents, 5746
role & function in treatment of sensory integrative dysfunction, occupational therapists, 6458
self analysis, identification of retribution in form of illness or misfortune, 27–53 yr old females, Hawaii, 2560
shift work, medical problems, paper mill employees, 13765
siblings of chronically ill children, literature review, 1402
skin temperature biofeedback & EMG relaxation training, symptoms of Raynaud's disease, 17–54 yr olds, 1584

social support & psychological & physical disorders, 18–55 yr olds, 10326
somatization & substance abuse, 17–54 yr old female criminals, 6-yr followup, 8210
teacher & peer & self perceptions of males meeting criteria for attention deficit with vs without hyperactivity, 2nd–4th grade teachers & students, 4350
therapeutic processes & patient acknowledgement of psychosocial influences, etiology of illness, patients, 3778
time of day, classroom behavior & problem solving performance fluctuations, intermediate-level attention deficit students with hyperkinesis, 13666
unemployment, health & illness, UK, literature review, 3486
use of rehabilitative vs therapeutic care with nursery school & primary school children & requests for psychopedagogic assistants, teachers, 2156
validity of survey methodology, estimated prevalence of physical & intellectual & behavioral handicap in Third World populations, Papua New Guinea, 45
visual & support surface orientation, postural control & role of disturbed reference to gravity, patients with abnormal vestibular function, 12994
White domination & cultural differences, mental & physical disorders & health needs & services, American Indians, 8073
work/rehabilitation program at National Institute of Social Welfare, rehabilitative & preventive treatment, workers with job-related physical & psychological disorders, Brazil, 13410
Disorientation (Place) [See Place Disorientation]
Disorientation (Time) [See Time Disorientation]
Displacement (Defense Mechanism)
understanding of displaced aggression, 3–5 yr olds, 7826
Displays [See Also Animal Courtship Displays, Tactual Displays, Visual Displays]
developmental stages, play & fear type mouth displays & grimaces, infant pigtail macaques, 2757
functions of head-down displays, free-ranging & captive brown-headed cowbirds, 12050
occurrence & functions of flehman, feral goats, 2769
visual threat displays during agonistic encounter, parrots, 2780
Disposition [See Personality]
Disruptive Behavior [See Behavior Problems]
Dissatisfaction
homosexuality as consequence of heterosexual frustration & dissatisfaction, 10205
perception of community dissatisfaction, school organizational structures, junior high & middle school administrators & teachers, 13524
relative deprivation & beliefs about alternate circumstances, discontent, college students, 11912
Dissociative Neurosis
behavior modification in family therapy context, dissociative neurosis, 15 yr old female, 13210
Dissociative Patterns [See Also Amnesia, Multiple Personality]
associative vs dissociative cognitive strategies, running performance, college students in fitness classes, 11759
concept of splitting & manifestation as defense mechanism, implications for differential diagnosis & psychotherapy of personality disorders, 12765
historical perspective of secular dissociation, counselor role as catalyst for personal reintegration, 13350
Dissonance (Cognitive) [See Cognitive Dissonance]
Distance Discrimination [See Distance Perception]
Distance Perception [See Also Apparent Distance]
background & illumination & length & size, distance perception, 22–24 yr old graduate students, 4862
construction of psychophysical scale based on method of fractionizing, assessment of subjective distance, 7001
estimation of distance in open field, 6 vs 8 vs 10 vs 12 yr olds vs adults, 12401
familiar size as distance cue for familiar objects, college students, 220
familiar size cue, judgments of object's size & distance, 1st vs 3rd vs 6th graders, 12413
location of sound sources & distance discrimination, cod, 9697
magnification & visual field truncation, perception of interobject radial distance, college students, 9473
Distortion (Perceptual) [See Perceptual Distortion]
Distractibility
home intervention sensory integration program, male kindergartner with delayed development & distractible behavior, 9034
Distraction
anticipated reverse smoking rule & duration & importance of meeting, perceived distraction, 21–50 yr old smokers vs nonsmokers, 7988
attention to relevant information vs distraction by irrelevant information, search task performance, 19–27 vs 63–77 yr olds, 9992
attention to vs distraction from sensory aspects vs expression of emotions associated with painful stimuli, pain thresholds & tolerance & distress, male college students, replication & extension of work of H. Leventhal et al, 4839
critical feedback variables in stuttering, reply to criticism of T. F. Altrows, 5936
distraction by white noise vs backward vs forward speech, selective auditory attention skills, learning disabled 7–9 yr olds, 5894
genetics of traits & suitability for work as guide dogs for blind persons, dogs, implications for selective breeding, 7298
role of noise as distractor in stuttering, criticism of article by S. C. Stephens & M. P. Haggard, 5925
sex role appropriate vs inappropriate message wording & level of distraction, compliance with request for help, college students, 7973
speech-related distracting task, interference with reading vs listening, college students, partial replication of B. A. Levy's experiments, 2628
validity of verbal recognition testing with vs without distractor items, college students, 78
visual vs imaginal strategies for resisting distraction, recognition memory for verbal vs visual information, 2nd graders, 806
Distress
attention to vs distraction from sensory aspects vs expression of emotions associated with painful stimuli, pain thresholds & tolerance & distress, male college students, replication & extension of work of H. Leventhal et al, 4839
brief dynamic psychotherapy, psychological distress & intestinal symptoms, patients with irritable bowel syndrome, 1518
contextual effects & personality characteristics, annoyance response to aircraft noise, 18–63 yr olds, 13799
pain, facial expressions & soothing time required, infants with mean ages of 2.1–19.2 mo, 5438
parental social self esteem & social avoidance & distress, interpersonal competence, college students & parents, 7779
personality traits & social network & health & financial correlates, distress patterns following bereavement, 27–69 yr old widows, 3317
prolactin levels, distress & hostility, postpartum females, 9706
responses to infant distress, mothers vs fathers & their 4 wk old infants, 1001
review of rational emotive model of A. Ellis & role of irrational beliefs, etiology & treatment of emotional distress, literature review, 3576
SES & educational background & occupational status, prediction of distress, survey respondents, 3267
sex differences, self report of emotional distress, urban Black 15–18 yr olds, 3221
sex role conventionality & race inequality, despair, adults, 10114
social change & value conflicts, emotional distress, 24–29 yr olds, implications for career & psychotherapeutic counseling, 6402
timing of menopause, psychological impact & distress, 25–72 yr old females, 7478
Distress Calls (Animal) [See Animal Distress Calls]
Distributed Practice
intertrial intervals in spaced practice, psychomotor reminiscence, college students, implications for inhibition vs consolidation theories, 11908
single vs spaced interval word presentation & massed vs spaced practice word list study, recall & affective judgment, 16–51 yr olds, 11874
Distribution (Frequency) [See Frequency Distribution]
Distrust [See Suspicion]
Disturbed (Emotionally) [See Emotionally Disturbed]
Disulfiram
decreased dosage of disulfiram & added multivitamins, reversibility of paresthesias, 32 yr old abstinent alcoholic male, 11095
personality & mood & anxiety, acceptance vs refusal of disulfiram, male alcoholics following detoxification in inpatient alcoholism treatment program, 11083
Diuretics [See Also Caffeine]
efficiency & reliability of refined methodology using dietary sodium deprivation & diuretics & sex differences, induction & measurement of salt appetite, rats, 572
Diurnal Variations [See Human Biological Rhythms]

Divergent Thinking
age differences, divergent vs convergent reasoning categories, preschool students, 7730
chronological & mental age & flexibility in play &/or nonliteral object use, problem solving, preschoolers with mean age of 56 mo, 9954
convergent & divergent thinking, verbal vs figural creativity, 10 yr olds, 5292
creativity & divergent thinking, allusive thinking, high school students & artists, Australia, implications for predisposition to schizophrenia, 3202
cross cultural differences, development of ideational fluency & flexibility & originality, 9–39 yr olds, South Africa vs US, 10008
differentiation & complexity of factorial structure of intelligence, 9 yr olds of average vs below vs above normal IQ, test of K. H. Wewetzer's divergence hypothesis, 794
divergent & convergent production on Family Test, prediction of intelligence & school achievement, 15–16 yr olds & college students, 5361
sex &/vs age & level of modernization & pragmatic vs value-laden problems, verbal vs figural creative thinking ability, Arabs, literature review, 10134
use of imagery in test construction & heuristic value of images evoked by free association personality assessment & development of educational programs to encourage independent thinking, 4787
various forms of exploration questions, ability to verbalize novel uses for objects, 62–72 mo olds, 10000
Divided Attention
modified Stroop Color Word Test, measure of selective & divided attention, college students, 4772
theories & experimental methodologies, information processing & problem of divided attention, literature review, 11842
visual tracking task concurrent with auditory discrimination task, saccadic eye movements, adult males, 11775
Division of Labor (Animal) [See Animal Division of Labor]
Divorce
age & cognitive development factors & experiences with death or separation or divorce, conceptions of death & personal mortality, 5–10 yr olds, 3248
bibliotherapy, children of divorce, bibliography, 13114
changes in divorce laws, perceptions of effects, family court judges, France, 3324
changes in social networks & activities as consequence of divorce, implementation of R. M. Rice's meta-policy guidelines, implications for family policy, literature review, 12561
conciliation as method of family conflict resolution, reduction in destructive impact of divorce, families, 10760
coping with parental divorce, adolescents, bibliography, 12470
developmental & preventive & multidisciplinary treatment approach, children of divorcing parents, 1486
divorce & accompanying mood disturbance, REM sleep characteristics, more vs less depressed 39–55 yr old females, 5741
divorce & remarriage, father-child relationship, 969
divorce, coping behavior, children, implications for role of school counselors & teachers in promoting adjustment, 4393
divorce, locus of control, 32–46 yr old females, 8 yr longitudinal study, 12699
divorce rate, parents of mentally retarded/genetically handicapped children, 12975
etiology & psychological sequelae of divorce & roles of mental health professionals & lawyers & courts, 3311
extramarital sex & marital relations, male vs female separated or divorced 20–67 yr olds, 12562
factor analysis, reports of parental behavior, 7–11 yr olds living with divorced mother vs married parents, 917
factor structure, attitudes toward divorce, attorneys, 3330
factors in decision to mediate contested child custody & visitation issues, divorcing spouses, 3333
family relationships following divorce, parents & children, 975
family structure & marital relations & divorce & single parenting & support systems & social inequality, well being, children from different societies, literature review, 7763
importance of involving divorced father in family therapy, family therapists, 3902
in-school group counseling program, increased self awareness & expression through creation of sound filmstrip, 5th graders experiencing parental separation & divorce, 4389
individual vs conjoint vs family treatment in divorce therapy, 3896
multistate demography, life course analysis of individual transitions & changing statuses of marriage & divorce & remarriage, 47
necessity for cooperation in divorce cases, therapists & attorneys, 1925
optimism about future, 12–19 yr olds from intact vs separated or divorced homes vs with deceased parent, 12497
patrilateral parallel cousin marriages, birth rate & divorce, Muslim community, Lebanon, support for Westermarck hypothesis, 12554
peer contacts & types of play & social interactions during classroom free time, 3–5 yr olds from single vs 2-parent families, 7775
preventive psychiatric intervention, predisposition to psychopathology, children of divorced & depressed parents, 6087
professional cooperation in helping divorcing clients, lawyers & therapists, 3872
proposed redefinition & changes in divorce processes & legal practices, 3325
psychological coping tasks, children of divorce, 919
reasoning behind child custody decisions in divorce cases, judges & trial commissioners, 3335
remarriage, competence & well-being, divorced vs remarried White middle-class mothers, 12555
rituals to facilitate psychosocial transitions of divorce, 12550
role as child advocates in divorcing families, psychologists, 3865
role in assisting with divorce-related problems, pediatricians, 11115
sex & family configuration, personal & family adjustment, 5th–6th graders from divorced vs intact vs reconstituted families, 5540
sources of discord in divorce cases, attorneys & therapists, 4158
structural theory of mediation in family therapy, divorcing couples, 1537
teacher inservice instruction regarding A. H. Maslow's hierarchy of needs, self concept, 3rd–8th graders from intact vs divorced families, 2082
unresolved oedipal conflicts & separation individuation, marital relationship & marital &/vs individual therapy, 8423
Divorced Persons
conflict vs therapeutic harmony models, psychotherapy, recently divorced persons, 13170
divorce adjustment training program, postdivorce adjustment & empathy & self esteem, 21–47 yr old females, 1-mo followup, 3873
health & stress & life satisfaction, separated vs divorced French-Canadian & English-Canadian mothers with mean ages of 39.4 & 40.8 yrs, Canada, 10168
income level & 1 vs 2 parent families, family stress, divorced vs married mothers, 12544
legislation & helping programs, economics & lack of work experience & role change & stress, displaced homemakers, 12542
mothers' vs fathers' perceptions & relationship between former spouses & feelings toward each other, noncustodial father's involvement with children, ex-spouses, 12539
premarital vision of own marriage, divorcees, 3316
rational-emotive-therapy-based cognitive model for assessment & treatment of feelings of loss, divorced persons, 1588
SES, remarriage behavior, 23–48 yr old separated or divorced females, 12541
therapeutic guidelines, remarriage families, 1525
workshop dealing with psychological stages of separation, separated & divorced adults, 13230
Dizziness [See Vertigo]
DNA (Deoxyribonucleic Acid) [See Deoxyribonucleic Acid]
Doctors [See Physicians]
Dogmatism
age & sex & education, dogmatism, adults, 7817
simulation game participation, attitude change, college students, 6587
tolerance & dogmatism, White graduates of racially integrated vs segregated colleges, 5675
Dogs
aggression toward veterinarians, different breeds of dogs & cats, 12028
amygdalo-hypothalamus lesions, autonomic responses during alimentary CR & UCR, dogs, 9778
anodal polarization of parietal cortex, latent period of salivation as measure of individual characteristics of experimental Ss, dogs, 9763
anxiolytics vs antidepressants vs antipsychotics vs chlorpheneramine vs phentolamine vs scopolamine, spontaneous abnormal behavior, "depressed" beagles, 12283
bilateral removal of medial prefrontal cortex vs lesions of lateral prefrontal cortex, stimulus control in instrumental avoidance vs alimentary conditioning, dogs, 9772
caudate nucleus head stimulation in right vs left hemispheres, EMG & mechanographic components of instrumental avoidance reflex associated with posture maintenance, dogs, 5170

caudate nucleus stimulation, differentiation of acoustic signals in defensive situations, dogs, 12220
competitive behavior, male vs female vs pseudohermaphroditic female dogs, 357
ecological impact & control of feral dogs, Galapagos Islands, 9569
enkephalin, alimentary conditioned reflex, dogs, 3092
excitability of CNS, time course of formation of CRs to water & food, unrestrained dogs, 7265
FI operant conditioning, EEG parameters & relationship to response timing, dogs, 9557
food palatability, cardiac activity, male dogs, 7460
genetics of traits & suitability for work as guide dogs for blind persons, dogs, implications for selective breeding, 7298
individual vs litter rearing, exploratory behavior, Beagle & German Shepard puppies, 11936
iv vs icv vs periaqueductal gray nicotine &/vs naltrexone, cardiac & respiratory rates & analgesia & miosis & hypothermia & restlessness & emesis, female beagles, 3043
level of thirst & hunger, dorsal hippocampal electrical activity during operant choice of food vs water reinforcer, dogs, 9621
MIF-1 hypothalamic tripeptide vs naloxone, antagonism of leucine-enkephalin cardiovascular effects, dogs, 3083
morphine sulfate vs naloxone & removal from normal social environment, social behavior, Beagles born & raised in canine research lab, 12308
number of constant elements in auditory click CS, stimulus control in avoidance & alimentary instrumental conditioning, dogs, 9564
ovarian cycle, estradiol & progesterone levels & receptivity & proceptivity, female beagles, 5105
perception of food flavor preferences of pet dogs, owners, comparison with food flavor preferences of laboratory Beagles, 11935
physique & personality, dogs, implications for W. H. Sheldon's theories, 12023
removal of inner ear, emetic response to poison, male mongrel dogs, implications for role of inner ear in motion sickness, 2984
returning task, utilization of relative spatial organization cues, Breton spaniels, 310
serial ablations of motor cortex, cats & dogs, 2964
sex & breed & reproductive status, aggressive behavior, dogs kept as companion animals, 11980
sex & breed, aggressive behavior, dogs referred for aggression, 11973
social behavior, free-ranging suburban dogs, 11976
stimulation of orbital cortex at frequencies of 1 vs 100 Hz, CR latency & volume of spontaneous vs conditioned salivation, dogs, 7363
surface recorded auditory brain stem responses, dogs, 7352
taste stimulation, relation between breadth of responsiveness & spontaneous discharge rates of cortical & thalamic neurons, dogs, 9633
unilateral vs bilateral auditory & temporal cortex ablations, moving sound source localization, dogs, 12223
within- and between-species variation in interaural distance & area of tympanic membrane size, absolute thresholds & high-frequency hearing, dogs, 9539
zimelidine vs amitriptyline vs domipramine vs desipramine, blood pressure & anticholinergic effects, dogs, 5218

Dolphins
psychophysiological stress due to captivity & confinement & handling in research, dolphins, 308

Domestic Service Personnel
actor oriented analysis, mistress-servant relations in urban Christian households, South India, 10120

Domestication (Animal) [See Animal Domestication]

Dominance (Animal) [See Animal Dominance]

Dominance Hierarchy
agonistic behavior & dominance hierarchy development, freshwater prawn, 12018
behavior during organized school play activity, male 3rd–6th graders ranking lowest in social hierarchy, 3223
central vs peripheral choice of seating position in classroom, White vs Black vs Oriental vs Jewish college students, 4320
confined vs large living space & population density, territoriality & dominance structure, male albino rats from same litter, 12029
development & stability of dominance hierarchy, 26–30 day old pigs, 7323
development of sexual maturity & aggression, development of pecking order, chickens, 2777
dominance hierarchy formation, outdoor colony of domestic rats & progeny, 7278
dominance, spatial proximity & social behavior, free-ranging stumptail macaques, 7309
ethnicity & social stratification & political economy, national culture, Jamaica, 5504
expectation-based & automatic judgment, status & dominance hierarchies, comments on theories of M. T. Lee & R. Ofshe & J. Berger & M. Zelditch, 10256
factors related to peer-perceived dominance, 15–18 yr old males, 10094
normal browsing vs competitive feeding situation, dominance hierarchy, female red deer & offspring, 12008
position & power & dominance in family, Black females, 989
premating & mating & postmating seasonal variations, dominance rank, adolescent & subadult natal male macaques, 412
role of pheromones in regulation of queen number in colonies, fire ants, 5020

Dominance [See Also Related Terms]
Bem Sex Role Inventory & Personality Attributes Questionnaire as measures of dominance & nurturance/warmth vs masculinity/femininity, arguments against view of androgyny as interactive concept, criticism of study of D. Lubinski et al, 4799
dominance behavior & conflict resolution, implications for evolution of morality, 5483
mixed vs single sex group, correlation of dominance behavior with score on personality measure, college students, 12628
perceived dominance & leadership status, gazing patterns, college students, 1052
relative vision vs hearing dominance, pleasure &/vs arousal judgments about environment, college students, 2558
social interaction & stress following exposure to novelty or snake & ACTH, plasma cortisol & testosterone levels, dominant vs subordinate male squirrel monkeys, 2858
societal devaluation & social exchange & power theory of nonverbal communication, loss of status & social control & dominance, aged, 897

Domination [See Authoritarianism]

Dominican Republic
employment & fertility, 20–39 yr old married females, Dominican Republic, 3343

Donors [See Charitable Behavior]

Dopamine
antipsychotic effects & dopamine blocking properties, neuroleptics, literature review, 615
apomorphine & haloperidol & scopolamine & pilocarpine, motor activity level & tonic immobility, male chickens, implications for cholinergic & dopaminergic bases of motor activity, 7618
apomorphine vs haloperidol, role of telencephalic dopamine in feeding-induced behavioral stereotypy, food deprived pigeons, support for findings of S. M. Antelman & A. R. Caggiula, 9724
behavioral & neurochemical & clinical effects, dopamine agonist piribedil, literature review, 9808
brain D-2 dopamine receptors, locomotor response to amphetamine, mice strains, 3033
brain site of neurotensin injection, hypothermia & pain threshold elevation & dopamine turnover, male rats, implications for etiology of schizophrenia, 9832
bromocriptine, reversal of brain self stimulation deficits induced by substantia nigra dopamine depletion, rats, implications for evaluating antiparkinson drugs, 9800
catecholamine stimulating drugs, induced amnesia, mice, 7557
chronic alpha-methyltyrosine, locomotor hyperactivity, male rats, 5226
chronic dopamine injection into striatum, distribution & concentration of dopamine & metabolites & motor rotation, rats, 9870
des-levotyrosine-gamma-endorphin, brain dopamine biosynthesis, rats, 680
dopamine & homovanillic acid & 3,4-dihydroxyphenylacetic acid content in retina in light vs dark environment & following haloperidol &/vs apomorphine treatment, male rats, 7359
dopamine & noradrenaline levels in prefrontal cortex vs nonprefrontal frontal lobe region, rats, 479
dopamine receptor agonist RDS-127, seminal emission & penile reflexes, spinally transected rats, 2940
dopamine, S-potential amplitude & dye coupling between external horizontal cells in retina, carp, 7628
dopaminergic properties of metoclopramide & its metabolites, rats, implications for neuroleptic receptor models, 9861
drug therapy & role of dopamine, anxiety, literature review, 1672
feeding & satiety & glucose injection, dopaminergic unit activity in substantia nigra, cats, 9675
group housing vs isolation, aggressive behavior & dopamine uptake in mesocortical vs nigrostriatal terminals, male mice, 12094

haloperidol & propranolol & phentolamine & methysergide, retention impairment in spatial working memory & role of monoaminergic neurotransmitters, male rats, 3001
haloperidol, dopamine supersensitivity & brain iron metabolism, iron-deficient rats, 616
haloperidol vs 6-hydroxydopamine nucleus accumbens lesions vs apomorphine, dextroamphetamine-induced place preferences, male rats, 5164
inhibition of dopamine-beta-hydroxylase by fusaric acid, duration of sleep induced by 3 vs 4 g/kg ethanol, long vs short sleep, mice, 7598
intracisternal 6-hydroxydopamine injection, whole brain dopamine & norepinephrine & open field behavior, rat pups & their untreated mothers, 9803
intrastriatal dopamine injection, mapping of striatal efferent system by glucose utilization in striatum & projection nuclei & rotation, male rats, 9798
ip haloperidol in dark vs illuminated context, role of classical conditioning vs brain dopamine binding changes in development of drug tolerance, 678
iv cholecystokinin, behavior change & dopamine & serotonin turnover, male rats, 3100
iv noradrenaline & dopamine, food intake, male rats with lateral hypothalamic lesions, 9754
kainate & 6-hydroxydopamine & 5,7-dihydroxytryptamine brain lesions, turning behavior, male rats, implications for role of mesencephalic reticular formation & noradrenergic & serotonergic & dopaminergic projections, 12201
L-Prolyl-L-Leucyl-Glycinamide, dopamine receptors in brain & lymphocytes, rats & humans, 5064
lesions of dopaminergic nigrostriatal bundle, apomorphine-induced cerebral blood flow changes, male rats, 12191
lesions of ventral tegmentum vs substantia nigra pars compacta, dopamine loss in nucleus accumbens-olfactory tubercle & striatum & motor activity & drug induced locomotion, male rats, 12180
lisuride pretreatment & reserpine depletion of biogenic amines, memory recovery following forgetting of fear conditioning measured by active vs passive avoidance, male mice, 9849
long term apomorphine, sensitivity to apomorphine of dopaminergic substantia nigra vs neostriatal neurons, male rats, 682
methyl bromide, norepinephrine & dopamine & serotonin & acetylcholine & cyclic adenosine & guanosine monophosphate in brain, male rats, 3039
neurotensin, brain dopamine system function & comparison with neuroleptic drug action, literature review, 9841
neurotensin, central & peripheral functions & interaction with dopamine & antagonism by thyrotropin-releasing hormone, implications for schizophrenia, 9848
nigrostriatal lesions with vs without dopamine depletion, dopamine agonist-induced rotational behavior, female rats, 9821
nomifensine vs 3,4-dihydroxynomifensine, motor activity & binding to putative dopamine receptor site & amine uptake, drug-free vs haloperidol-maintained mice, 649
pimozide vs domperidone pretreatment, hypothermia induced by apomorphine vs dopamine receptor agonist RDS-127, rats, 5184
plasma dopamine beta hydroxylase activity, 29–62 yr old depressives, 5786
platelet uptake of dopamine, 21–56 yr old schizophrenics, 5816
prenatal phenobarbital, body temperature & function of dopamine receptors following apomorphine administration, mice, 12290
presynaptic dopamine receptor agonists, structure activity relationships, 620
proglumide, blockade of cholecystokinin's excitatory effects on midbrain dopaminergic neurons & dopamine-sensitive prefrontal cortex cells, male rats, 12253
sc vs ip apomorphine, yawning, male rats, 9864
single amphetamine injection & sex differences, amphetamine-induced rotational behavior & amphetamine-stimulated dopamine release from striatal tissue, rats, 5239
specificity of dopamine agonists & antagonists for dopamine autoreceptor & effects of low dose dopamine agonists, humans, literature review, 1652
strain differences, dopamine receptors in limbic forebrain vs striatum resulting in differential behavioral responses to apomorphine, DBA/2 vs Albino-Swiss vs C5BL/6 mice, 2808
stress & timing, effects of dopaminergic drugs, 612
techniques for in vivo neurotransmitter extraction using local intracerebral dialysis cannulae in caudate vs thalamus, male rats, 9265
thyroid hormones & cortisol & dopamine, blunted thyrotropin response, 20–64 yr old male patients with major affective & borderline personality disorder & alcoholism, 10321
unilateral dorsolateral funiculus lesions, hyperalgesia & reduction of lumbar spinal cord monoamines, male rats, 9775
unilateral striatal electrolytic vs 6-hydroxydopamine-induced denervation, contralateral striatal reduction in dopaminergic function & contralateral asymmetry & circling behavior, male rats, 12256
unilateral ventral noradrenergic bundle lesions, ipsilateral forebrain noradrenaline & dopamine & serotonin & 5-hydroxyindoleacetic acid levels & ipsilateral rotation following sc apomorphine vs amphetamine, male rats, 2987
vasopressin & locus ceruleus & nuclei dorsalis & substantia nigra lesions, learning & habituation, rats, 12176

Dopamine Antagonists
anticholinergic & neuroleptic drugs & dopamine agonists, tardive dyskinesia, literature review, 6242
apomorphine & domperidone vs sulpiride vs pimozide, avoidance & escape responses, female rats, 12313
apomorphine & pretreatment with domperidone vs haloperidol, prolactin responses, male rats, 5194
buspirone vs molindone, dopamine metabolism in frontal cortex vs striatum & catalepsy reversal, female rats, implications for treatment of extrapyramidal motor disorders, 12298
catecholamine stimulating drugs, induced amnesia, mice, 7557
definition & psychopathology & etiology of "Anwesenheit", 62 & 67 yr old males using serotonergic & dopaminergic drugs, 6292
dextroamphetamine & clonidine & clonazepam, rectal phasic activity, 15–52 yr olds with high vs low intestinal tone, implications for drug therapy, 6262
dopaminergic properties of metoclopramide & its metabolites, rats, implications for neuroleptic receptor models, 9861
drug therapy & role of dopamine, anxiety, literature review, 1672
estradiol & thyrotropin-releasing hormone, behavior suggestive of antidopinergic action at level of striatum, animals, 5187
haloperidol vs fentanyl vs chlordiazepoxide, decrease in intracranial self stimulation & comparison with studies varying stimulation intensity, male rats, 9756
histidine & chloropyramine vs ketotifen fumarate vs clemastine vs promethazine vs cimetidine vs atropine vs antagonists of dopamine vs noradrenaline vs serotonin, bizarre behavior, male rats, 677
peripheral pimozide vs nucleus accumbens alpha-flupenthixol, lateral hypothalamic self stimulation using reward summation function technique, male rats, 12320
pimozide vs domperidone pretreatment, hypothermia induced by apomorphine vs dopamine receptor agonist RDS-127, rats, 5184
piribedil vs haloperidol vs dextroamphetamine vs tetrabenazine methane sulphate vs alpha-methylparatyrosine, FI responding, pigeons, 660
role of mesolimbic dopamine system, feeding response evoked by medial forebrain bundle electrical stimulation, male rats, 5162
specificity of dopamine agonists & antagonists for dopamine autoreceptor & effects of low dose dopamine agonists, humans, literature review, 1652
stress & timing, effects of dopaminergic drugs, 612

Dopamine Metabolites [See Also Homovanillic Acid]
chronic dopamine injection into striatum, distribution & concentration of dopamine & metabolites & motor rotation, rats, 9870
cold exposure, hypothalamic tyrosine hydroxylase & metabolism of dopamine & 5-HT, 4 vs 18 vs 29 mo old rats, 5146
dopamine & homovanillic acid & 3,4-dihydroxyphenylacetic acid content in retina in light vs dark environment & following haloperidol &/vs apomorphine treatment, male rats, 7359
urine levels of 3-methoxy-4-hydroxyphenylethylene glycol & 5-hydroxyindoleacetic & homovanillic & dihydroxyphenylacetic acids, healthy 18–41 yr olds with vs without family history of psychiatric morbidity, 5837

Dormitories
GPA & undesirable behavior in residence halls, male college students, 13500
sex differences, heart rate & blood pressure & perceived environmental arousal & pleasantness, college students in single- vs triple-occupancy dormitory rooms, 4582

Dorsal Roots
development of somatosensory pathway connectivity & signaling patterns from dorsal root ganglia to cortex, mammals, literature review, 5090
technique for electrical stimulation of single afferent fibers in dorsal roots & analysis of stimulation frequency effects on excitatory postsynaptic potential amplitude in motor neurons, cats, 11581

Double Bind Interaction
bind situations vs unpleasantness vs conflict, ambiguous &/or indirect &/or evasive verbal messages, college students, 5261
Doves
photoperiod, courtship & nest building, pinealectomized vs sham-operated male ring doves, 597
Downs Syndrome
accelerated neurological aging & senile dementia, elderly Down's syndrome individuals, literature review, 12953
activity charts vs target setting vs suggestion teaching methods in home-based training scheme, skill learning, developmentally delayed & Down's syndrome 5–45 mo olds, 6189
adjustment, 15–38 yr old Down's syndrome patients, 10-yr followup, 3633
age differences & clinical value & prevalence, palmomental & snout & corneomandibular reflexes, 19–65 yr old institutionalized Down's syndrome patients, 8263
age differences, listening preference for rhyme vs tone vs baby vs adult talk by mother, Down's syndrome vs normal infants at developmental ages of 9 vs 18 mo, 5901
age-related changes in endocrine & immunologic function & trisomy 21 & similarity with Alzheimer's disease, Down's syndrome patients over age 35, literature review, 3495
attitudes toward provision of services in home intervention program, parents of Down's syndrome infants, 4020
clinical & pathological similarities between Alzheimer's disease & Down's syndrome, literature review, 3501
clinical evidence of dementia, 25–64 yr old institutionalized patients with Trisomy-G Down's syndrome, 3657
complexity of rhythmic stimuli, maintenance of rhythmic pattern congruent with stimulus, Down's syndrome vs non-Down's syndrome mentally handicapped 9.2–17.9 yr olds, 8265
deinstitutionalization, behavior change, mentally retarded & Down's syndrome victims with mean age 26.4 yrs & 6 mo or more in community placement, 1757
descriptive mental growth curve, 1–16 yr olds with Down's Syndrome, 12971
development of vocal interactions, Down's syndrome vs normal infants from birth to 6 mo & their mothers, 5888
DRO, inappropriate verbalization, severely retarded 42 yr old male with Down's syndrome in sheltered workshop, 8522
environmental factors & maternal use of contraceptive pill, distribution of Down's syndrome, 3655
frequencies of loop patterns on proximal sole, Ss with trisomy 21, 8256
genetics & environmental agents & chromosome abnormalities & age-related processes, etiology of Down's syndrome & Alzheimer's disease, literature review, 3508
mother's teaching style, learning of climbing & placement movements, 2–4 yr olds with Down's syndrome or brain injury, 8362
motor development, children with Down's syndrome, 8258
nature of cognitive development, Down's syndrome 12–22 mo olds vs normal 9–21 mo olds, 6-mo longitudinal study, 3649
new findings relevant to genetic counseling, parents of children with Down's syndrome, 1688
organizational patterns of sensorimotor intelligence, Down's syndrome infants with mean CAs of 15.3 & 13 mo enrolled in home- vs center-based early intervention, 8246
overcorrection & time out treatment, mealtime posture, 14 yr old profoundly mentally retarded female with Down's syndrome, 8532
parent child interaction & attitudes, parents of brain damaged vs Down's syndrome 1.7–11.8 yr olds, 1131
performance deficits reflective of receptive language processing, 9–12 yr olds with Down's syndrome vs other retarded conditions, 3639
premeaningful vocalizations, Down's syndrome vs hearing impaired vs normal infants, extension of study by B. L. Smith & D. K. Oller, 5722
P300 component of event-related potentials & cognitive functioning in active stimulus evaluation process, autistic 12.8–17.3 yr olds vs normal Ss vs 11.9–17.3 yr olds with Down's syndrome, 3742
quality of language addressed to Down's syndrome children from age 12–24 mo, mothers, 5910
role of aging & genetics & pathology & stages of Alzheimer's disease & relationship to Down's syndrome, 3504
roles assumed during in-home interactions, parents & their 4–7 yr olds with Down's syndrome, 8264
RTs, Down's syndrome vs epileptic 6–12 yr olds, 12970
token economy program, classroom attending behavior, 11 yr old Down's syndrome female, 11277
total vs oral communication training in home based mother-assisted language program, language & cognitive development, 18–36 mo olds with Down's syndrome, 8780
validity of Down's syndrome personality stereotype, mentally retarded Ss with vs without Down's syndrome with mean age of 11 yrs, 8248
Doxepin [See Antidepressant Drugs, Tranquilizing Drugs]
Drama
high vs low experience & talent, creativity, 13–17 yr old drama students, 9912
Jungian analysis of Hilda in H. Ibsen's "Master Builder", 3127
multidisciplinary approach to creative dramatics, gifted students, 2095
participation in theater project, self confidence & normalization, chronic psychiatric patients, 4081
time & space & equipment & teacher observation & participation & facilitation, dramatic & sociodramatic play, preschool students, 4275
Draw A Man Test [See Goodenough Harris Draw A Person Test]
Drawing
analysis of drawings, borderline patients, 12767
analysis of movement & sexual differentiation & social interaction in drawings, primary school students, 9925
concrete vs abstract renderings & stereotypy vs creativity, production & discrimination of pictograms as representations of abstract concepts, college students, 11850
display vs occlusion of detail in 3-dimensional stimulus array, detail in drawing, 4–6 yr olds, 7720
drawing of contour & shape of smooth objects, 2590
drawing styles on Memory-For-Designs Test & personality traits, 16–71 yr old psychiatric outpatients, 10375
efficiency of verbal vs visual adjunct aids, concrete vs abstract prose learning, college students, 274
errors in copying angles, 5 yr olds, support for distortion by angle bisection, 3161
experimental approaches & hypotheses, reading of technical drawings, literature review, 9434
exposure to collection of Oriental art, color & texture & composition of drawing, kindergarten through 6th grade students, implications for school curricula to foster development of right side of brain, 11198
facial expressions of emotions in C. Le Brun's drawings, 5273
high frequency graphic undulation, perception of perspective drawings, 9458
laterality, direction of traces in simultaneous graphic activity, right vs left handed elementary school students, 5379
personality traits & drawing ability & content of drawings of persons, 11–12 yr old males, 3227
pictorial reactions to visit of Pope John Paul II, 4–15 yr olds, Poland, 3211
self perception in relation to environment, drawing, 1st–5th graders, 5352
semantic differential & drawings & written compositions, assessment of conceptions of future, 5th & 8th & 11th graders, Sweden, 2143
training & development of development drawing skills, 2nd & 3rd & 4th & 6th graders, 12418
universal elements in drawing, blind children & adults, 10605
Dream Analysis
analysis of waking dreams in directed reverie therapy, 6116
cultural differences, dream content & style & interpretation, 3276
dream content & analysis, psychoanalysis, 13156
dream interpretation in psychotherapy, 6117
Freud's conceptualization of dreams in terms of transference & countertransference, 13157
group therapy involving dream analysis, chronic schizophrenic patients, 3901
implications of dreams in which analyst appears undisguised, psychoanalysis patients, 6131
importance of sequence of dream content in dream analysis, 6125
interpretation of Freud's dream of February 1918, 11538
metaphor of dreaming as drama in dream analysis, 6140
psychoanalytic interpretation of dreams & associations in reaction to state's suppression of mourning reactions, Zurich youth movement supporter, Switzerland, 7846
semantic analysis of dream reports, 4978
telling of dream as continuation of dream-work with therapeutic effect, 6120
transference & dreams in psychoanalytic process, 13143
use of dream sharing, couples therapy, 13218
use of dreams in psychoanalytic group therapy, 10755

validity of dream test & Initial Letter Word Association Test, dream analysis, 2486
views of L. Wittgenstein on "mythology" of psychoanalytic interpretations of dreams, 13168
wish-fulfillment theory & life context of dreamer & setting of dreaming, formation & interpretation of dreams, 8435
Dream Content
changes in dream content near termination of analysis, psychoanalytic patients, 13199
cultural differences, dream content & style & interpretation, 3276
dream content & analysis, psychoanalysis, 13156
dream content following successful vs unsuccessful psychotherapeutic outcomes, college students, 13174
emotional content, dreams, 59–87 yr old females, 12477
imagery ability, out-of-body experience & lucid dreams, college students in parapsychology & psychology courses, 11509
implications of dreams in which analyst appears undisguised, psychoanalysis patients, 6131
motivational components & presence of ego vs substitute & ego as subject vs object in dream reports, REM-M vs REM-Q sleep, adult Ss, 11924
understanding of physical factors in depression, dreams & fantasies & menstrual pain, adolescent females, 13012
validity of dream test & Initial Letter Word Association Test, dream analysis, 2486
wish-fulfillment theory & life context of dreamer & setting of dreaming, formation & interpretation of dreams, 8435
Dream Interpretation [See Dream Analysis]
Dream Recall
alpha feedback training, dream lucidity, 19–31 yr olds, 2892
Dreaming [See Also Nightmares, REM Dreams]
diazepam & clorazepate therapy, antidepressant & neuroleptic drug-induced anxiety dreams & night terrors, 25–50 yr old psychiatric patients, 10827
neurology of dreaming, 2822
similarities in dreams & hallucinogenic drug states & schizophrenia & hallucinogenic drug model of psychosis, literature review, 12792
wish-fulfillment theory & life context of dreamer & setting of dreaming, formation & interpretation of dreams, 8435
Drinking (Alcohol) [See Alcohol Drinking Patterns]
Drinking Attitudes [See Alcohol Drinking Attitudes]
Drinking Behavior [See Also Alcohol Drinking Patterns, Animal Drinking Behavior, Problem Drinking, Social Drinking, Water Intake]
alcohol drinking attitudes & behavior & driving problems, drivers under 25 yrs of age, 869
coercion to seek alcohol counseling, treatment success, problem drinkers & alcoholics arrested for driving while intoxicated, 11064
event time-series analysis, cigarette smoking & coffee drinking, 10218
opiate antagonists vs mu- vs kappa-receptor antagonists, intake of sweetened condensed milk, rats & squirrel monkeys, 3053
quaternary form of naloxone, fluid consumption, male rats, 3034
Drinking Behavior (Animal) [See Animal Drinking Behavior]
Drive [See Motivation]
Driver Education
driver education, performance on written test on road signs & traffic laws, learning disabled 16–17 yr olds, 4375
Driver Safety [See Highway Safety]
Drivers
alcohol drinking attitudes & behavior & driving problems, drivers under 25 yrs of age, 869
automobile body styles, perceived characteristics of owners, 18–45 yr olds, 7976
demographic & driving record characteristics, drivers involved in fatal accidents, implications for prediction, 4444
driving experience, estimation of relative hazardousness of traffic situations, adults, 2193
learning & memory & psychomotor functions & visual perception & vigilance, urban bus drivers exposed to exhaust gases, Denmark, 6888
short term group treatment approach, problem drinking drivers, 1891
traffic accidents & biological rhythms, drivers, 12165
vehicle & driver characteristics, risk taking as measured by tailgating & distance between moving cars, drivers, 4443
Driving Behavior
attitudes about driving while intoxicated, Kansas residents, 12620
demographic & driving record characteristics, drivers involved in fatal accidents, implications for prediction, 4444
driving records & attitudes, long term prediction of traffic accidents & violations, drivers, 2197
driving speed & steering difficulty & lateral tolerance, index of tracking difficulty for agricultural driving tasks, 4441
echein or effect of what one wears on wearer, vehicle driving behavior & arms possession & nuclear capabilities, 2342
efficacy of cognitive coping techniques during behavioral practice sessions, agoraphobic 21–67 yr olds with severe driving phobias, 6231
models of driver steering behavior & applicability to accident study, literature review, 1975–80, 2199
Mortimer-Filkins test, prediction of recidivism rates, drunk drivers, 2478
personality traits & motor characteristics in traffic psychological coordination test, 11783
police surveillance & law enforcement, driver behavior, literature review, 10197
procedures for obtaining driver's license records, assessment of treatment success & location for followup, alcoholic patients, 11082
proportion of car &/vs truck tailgating, rear end accidents, 9118
scaling of braking light flash rate, degree of deceleration, college student drivers, 13704
selective enforcement during prime-time drinking-driving hours, increased deterrence without increased enforcement costs, 12586
SES, voluntary seat belt use, high school students vs nonstudent drivers, 3262
sex & accident history & driving exposure, performance on driveometer, drivers, 13707
sign recall & recognition during daytime vs nighttime driving, drivers, 4450
skills training in visual scanning & imagery & pattern discrimination, perceptual/cognitive skills & driving performance, Ss with brain damage, 8405
steering RT to simulated crosswind disturbances measured by moving base driving simulator, 18–32 yr olds, 4459
stop signs, adjustments in driving behavior as danger compensation effect, infrequent vs regular commuters, highway safety implications, 4451
vehicle & driver characteristics, risk taking as measured by tailgating & distance between moving cars, drivers, 4443
Dropouts [See Also College Dropouts, Potential Dropouts, School Dropouts, Treatment Dropouts]
motivational & situational factors, dropping out vs continued participation in competitive sports, high school football players, 3251
panel attrition, parameters of structural econometric models estimated with consumer panel data, implications for market research, 9206
relationships with classmates, flight training dropouts, Japan, 2223
sociodemographic & social psychological & gerontological characteristics, Mexican American & Anglo longitudinal study dropouts, implications for longitudinal studies with aged, 2381
Drosophila
courtship summation, female Drosophila melanogasters, 2774
discriminative avoidance task performance, 10 strains of Drosophila melanogaster, 11942
divergence from random mating, Drosophila melanogaster, 380
genotypic variation for vagility, Drosophila pseudoobscura, 12045
geographic origin, emigration responses to temperature, wild fruitflies, Japan, 9607
heritability & directional dominance in nonrandom phenotypic variation for olfactory discriminative avoidance conditioning performance, Drosophila melanogaster, evolution implications, 7336
inter- & intraspecific variation in frequency of behaviors, 2 species of drosophila larvae, 12005
larval foraging behavior, Drosophila melanogaster vs simulans, 12058
selective breeding & larval density, height of pupation site, Drosophila simulans, 9610
stationary vs roving foraging behavior, Drosophila melanogaster vs simulans, 12057
strain differences, crawling & digging in foraging behavior, 4 strains of drosophila larvae, 2811
Drowsiness [See Sleep Onset]
Drug Abuse [See Also Drug Addiction, Heroin Addiction]
adjustment, adolescents in foster care, implications for drug abuse, 8676
alcohol & multiple drug abuse, violent behavior, accused murderers with mean age of 26.6 yrs, 12916
alcoholism & hypnotic-sedative-tranquilizer abuse & marihuana & cocaine & LSD addiction, cerebral atrophy, 25–56 yr olds, 3601
characteristics, drug abuse treatment programs offering prevention services, 8825

characteristics of professional impairment through drug & alcohol abuse & mental disorder & response of medical establishment, physicians, 4175
childhood & family relations, drug abusers & addicts & their children, 5845
coercion, rehabilitation, drug abusers, 8806
cognitive behavioral therapy, substance abusers, 4124
college-level coursework as part of drug abuse treatment, subsequent education & employment, drug abusers, 8792
contingent reinforcement for benzodiazepine-free urine samples, supplemental drug use, male methadone maintenance patients, 8811
current & past drug & alcohol use patterns, female US Army soldiers, implications for drug abuse, 7944
definitions of substance abuse categories, 8191
design strategies for effective drug rehabilitation services, female substance abusers, 4117
development of competency based substance abuse curriculum, drug/alcohol abuse counselors, 8912
drug abuse as adolescent misbehavior, military personnel, 12894
drug abuse treatment in prisons, 8815
drug abuse treatment, prisons, 8818
dynamics & characteristics, families with drug abusing member, 3603
effectiveness of drug abuse treatment program, male drug abusers & alcoholics, 6-mo followup, 8795
epidemiology of & susceptibility to alcohol & marihuana & inhalant abuse & influence of sociocultural factors, American Indians, literature review, 8211
etiology & identification & treatment, drug & alcohol abuse, 13419
extent of drug use & misuse, Ss 55 yrs old & older, 7948
hallucinogen & marihuana abuse, flashbacks, 17–28 yr old soldiers discharged as unfit, 10512
history of cocaine smoking & free base use & abuse, literature review, 10504
increase in iv use of pentazocine/tripelennamine & adverse reactions, Black male 20–30 yr olds & drug addicts, 1977–81, 10497
inpatient vs outpatient treatment, social functioning, drug abusing delinquents with mean age of 16 yrs, 4108
item & factor analysis, Drug Abuse Screening Test, drug & alcohol abuse clients with mean age of 32.5 yrs, 9303
knowledge of & attitudes toward solvent & aerosol abuse, Saskatchewan retailers, 8194
medical & sociological aspects of abuse of pentazocine with tripelenamine, 10471
metamphetamine abuse, subsequent transsexualism, 26 yr old male, 12930
methadone dosage policy, retention in drug abuse treatment programs, drug abusers, 8821
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification, effectiveness, drug abusers, 8828
methadone maintenance vs therapeutic community vs outpatient drug-free vs detoxification, outcomes, clients treated for drug abuse, followup study, 8808
MMPI similarities & differences, bulimic females with mean age of 25.3 yrs & female alcohol & drug abusers with mean age of 26.5 yrs, 10315
object relations theory & family dynamics, drug abuse, adolescents, 3625
parent education, prevention of drug abuse, 6475
parent-child relations & prior status offenses & preferences for nondepressant drugs, self concept, 15–18 yr old White male institutionalized drug abusers, 5875
personality characteristics, sedative-hypnotic drug abusing 21–69 yr olds, 5860
preferred drugs & drug abuse patterns & motivation, males vs females, 1976–79, 8224
prevalence of drug & alcohol abuse, American Indians, 1253
prevention of substance abuse, adolescents, 13421
reliability of computer interview, collection of drug use/abuse data, high school students, 12904
residential & outpatient drug abuse treatment programs, adolescents, 8819
residential camp program, psychological adjustment & academic achievement & drug abuse patterns, 14–19 yr old inhalant abusers, Hawaii, 8836
sequence of therapeutic & sociotherapeutic interventions, inpatient drug abusing adolescents, 1887
SES & racial-ethnic discrimination, sentencing, Black vs White vs Mexican American male drug offenders, 7923
somatization & substance abuse, 17–54 yr old female criminals, 6-yr followup, 8210
statistical estimation method of M. W. Brown, evaluation of models of drug abuse, adolescents, 11742
substance abuse & mental health problems, need for coordinated intervention networks, aged, 1725
substance abuse training programs for health professionals, literature review, 1912
therapeutic community program, abstinence & employment & crime rates & social adjustment, drug abusers, 2–3 yr followup, 8822
Uniform Progress & Evaluation Reporting System, evaluation of alcohol & drug abuse prevention agencies, 6476
urine monitoring, prevention of illicit drug use, methadone maintenance clients with mean age of 32 yrs, 8791
use & abuse of solvents & glue sniffing, adolescents, literature review, 10453
values, adolescent drug abusers vs parents vs peers, 8180

Drug Addiction [See Also Heroin Addiction]

acupuncture & psychotherapeutic &/vs pharmacological treatment, drug addiction, inpatients vs outpatients, 13417
addiction & conviction status, former male drug clinic patients, 10-yr followup, 11066
alcoholism & hypnotic-sedative-tranquilizer abuse & marihuana & cocaine & LSD addiction, cerebral atrophy, 25–56 yr olds, 3601
alcoholism rehabilitation, drug addicts on methadone maintenance, 11089
attitudes toward own drug taking, drug addicts attending drug dependence clinic, implications for treatment compliance & effectiveness, 11052
baclofen, subjective report vs physiological effects of low-level methadone withdrawal, 23–40 yr old male methadone addicts, 6965
blind vs informed vs self regulated methadone detoxification procedures, dose reduction & retention in treatment & symptoms & illicit drug use & followup status, male opioid addicts, 8812
child abuse/neglect, subsequent alcohol/drug addiction, patients over 18 yrs of age in drug rehabilitation, US & Australia, 5846
childhood & family relations, drug abusers & addicts & their children, 5845
clinical & epidemiological & sociofamilial & legal characteristics, drug addicts admitted to psychiatric unit, 10464
clinical judgment process in selection of drug addicts for inpatient treatment & predicted length of stay, patients' actual length of stay, drug clinic staff, 8790
clonidine, opiate abstinence syndrome, addicts, 11057
cognitive extinction technique, cognitive & psychophysiological reactiveness, opiate-dependent hospitalized patients, 4110
communication training, therapeutic & socialization progress in drug rehabilitation therapeutic community, drug dependent males, 4113
course & treatment, drug addicts, 5-yr followup, 1878
criminal behavior, male narcotic addicts with mean age of 27.7 yrs, 8216
cultural values, Puerto Rican vs Black vs White opioid addicts, implications for treatment of Hispanic addicts, 10511
drug & alcohol addiction & borderline personality, 10309
drug abuse treatment, outcomes, opioid addicts, 5–6 yr followup, 11051
familial pathology & psychopathology & sociopathology, young addicts, 12900
findings from series of studies conducted by drug addiction research center, implications for ethics & viability of research using volunteer addicts, 8196
history of childhood hyperactivity, opiate addicts, 12907
holistic ministry, substance abuse & addiction, 13349
incidence of DSM-III personality disorders, opiate addicts including Ss on methadone maintenance, 8201
item analysis of Eysenck Personality Inventory, assessment of group personality correlates, male vs female drug addicts in treatment vs prisoners, implications for management & treatment, 8188
levo-alpha acetylmethadol vs restricted take-home methadone in maintenance treatment program, reduction of methadone diversion, drug addicts, 8804
lofexidine, withdrawal discomfort, male chronic methadone addicts, 8789
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification programs, abstinence, opioid addicts, 6-yr followup, 8820
Michigan Alcoholism Screening Test, detection of alcoholism, opiate addicts, 10498
normal vs urgent admissions procedure, drug withdrawal, iv drug dependent addicts, 6482

precursors of drug addiction, literature review, 8217
prevalence of alcoholism, female hospitalized psychiatric patients & felons & narcotic addicts, implications for diagnostic predisposition to alcoholism, 3493
preventive & therapeutic & reeducative aspects, drug addiction, 6481
psychosocial treatment, appetitive & addictive disorders, delinquents, 1879
racial differences & social change, age at 1st use of alcohol & narcotics & other drugs & onset of narcotic addiction, Black vs White male narcotics abusers, 1952–71, 12936
sequence of traumatic childhood events vs onset of delinquency vs initiation of illicit drug use, drug addiction, opiate addicts, 1266
similarities & differences in self concept, Black vs White female alcoholics vs drug addicts, 3591
statistical approaches, classification of alcohol & drug addiction, literature review, 5881
submission of mind to body, psychoanalytic theory & treatment of drug addiction, 13418
transactional analysis, families with adolescent drug addicts, 1271
unsignaled vs self administered hydromorphone vs saline injections, psychological & physiological responses, methadone-maintained opiate addicts, implications for opponent process view of addiction, 8235
use of outlaw component of patient personality in treatment, alcoholics & drug addicts, 13415
Drug Administration Methods
acute vs chronic levo-eburnamonine, EEG & neuropsychological effects, 49–75 yr old patients with chronic cerebrovascular disorders, 1651
administration of standard vs long-acting neuroleptics, psychotic patients under 40 yrs of age, 1639
central vs peripheral naloxone administration, suppression of food intake, food deprived vs genetically obese female rats, 697
depot fluphenazine vs oral antipsychotics & aftercare with single vs multiple therapists, mental status & work performance & self ratings & psychotic symptoms, chronic schizophrenics, 6-yr follow-up, 13129
ip vs icv vs iv thyrotropin releasing hormone vs its analog DN-1417, pentobarbital-induced sleep, male rats pretreated with icv vs intrahypothalamic atropine methyl bromide, 3056
ip vs intragastric methylphenidate, milk intake, male rats, 644
iv self administration & lack of reinforcing properties, buspirone, adult male rhesus monkeys, implications for low potential for recreational use, 5186
iv vs icv amphetamine administration, conditioned taste aversion, male rats, 2696
iv vs icv vs periaqueductal gray nicotine &/vs naltrexone, cardiac & respiratory rates & analgesia & miosis & hypothermia & restlessness & emesis, female beagles, 3043
methamphetamine vs apomorphine administration, circadian rhythms in locomotor activity, male mice, 3049
method for iv self administration of morphine, naive female mice, 11567
morphine-admixed food, physical dependence on & tolerance to morphine, male rats, 9862
peripheral vs icv apomorphine, stereotyped behavior, pigeons, 12259
prenatal morphine exposure schedule, behavioral responses to morphine, adult rats, 3046
pretreatment with placebo vs methadone, methadone self administration behavior & withdrawal symptoms, methadone maintenance patients undergoing detoxification, 8796
rate & site of cerebral ventricular injection of cholecystokinin-8, feed intake, sheep, 7576
sc implantable buprenorphine delivery system, male rats, 11609
sex & dosage & administration methods of copper sulfate & cyclophosphamide & lithium chloride & sodium chloride & red squill & deionized water, conditioned taste aversion, rice rats, 7620
subarachnoidal administration of 5-HT inhibitor citalopram, morphine induced antinociception, mice & rats, 7602
tethering system for intravenous & intragastric drug administration, baboons, 2379
time of dexamethasone suppression test administration, 24-hr cortisol secretory patterns, 48–70 yr old major depressives, 12850
Drug Adverse Reactions [See Side Effects (Drug)]
Drug Dependency [See Also Drug Addiction, Heroin Addiction]
amphetamine withdrawal, sleep duration & disturbance, amphetamine-dependent inpatients, 11067
assertiveness training, drug dependent females, 8787
assessment of & assistance in dealing with legal issues & problems in drug treatment programs, drug dependent females, 8786
buprenorphine, tolerance & physical-dependence potential & reinforcing effect & dose level & behavioral manifestations during continuous self administration, rhesus monkeys, 7635
characteristics of chronic dependence, 14–38 yr old chronic phencyclidine abusers, 8222
clonidine, inhibition of withdrawal syndrome autonomic symptoms, morphine dependent rats, 9799
cortical spreading depression, blockade of naloxone-induced abstinence responses, morphine dependent male mice, 3068
dependence on benzodiazepines & withdrawal syndrome, 12927
diet of ethanol with vs without chlordiazepoxide, dissociation between tolerance & physical dependence, male mice, 3010
drug & alcohol dependence as behavioral problem & experimental progress & needs, 3595
evidence of phencyclidine in umbilical cord blood, neonates & drug dependent mothers, implications for pediatrics & juvenile law, 5866
feminist perspective, treatment of drug dependence problems, females, 11092
haloperidol vs 6-hydroxydopamine, oral drug-taking behavior, rats dependent on etonitazene, 9818
health promotion program, drug dependent females, literature review, 8800
heroin & ethanol & diazepam & cocaine, response to negative emotional stimuli & positive emotional reactions & self reinforcement, rats & cats, 9865
incidence of depression, drug dependent pregnant females, 8223
interpersonal & environmental influences supportive of drug dependency & approach to motivation of treatment acceptance, drug dependent females, literature review, 8793
intervention strategies, drug dependent lesbians, 8797
issues around sex role behaviors & expectations & norms in counseling of drug dependent females, male counselors, 8809
location & concentration of drug solution, etonitazene consumption, female rats, 647
methyphenidate, cocaine & amphetamine dependence, 33 yr old female, 11073
morphine, body weight & dependence development & protein synthesis in pons-medulla & striatum-septum, male rats, 9851
morphine-admixed food, physical dependence on & tolerance to morphine, male rats, 9862
narcotic agonists & antagonists, behavior, etonitazene-dependent male rhesus monkeys, 7626
nonpharmacological factors in drug tolerance & dependence, literature review, 3037
obtainment of needed child welfare services as part of drug treatment program, drug dependent mothers & their children, 8802
preference for diazepam dose vs pentobarbital, drug dependent 28–63 yr olds, 12915
problems with sexuality & intimacy & treatment recommendations, drug dependent females, literature review, 8799
residential drug treatment program, drug dependent mothers & their children, 8801
self administration of ethanol vapor & tolerance & withdrawal, male mice, test of alcoholism model, 686
subjective vs objective measures of alcohol dependence, relapse prediction, 18–60 yr old alcoholics, 2435
survival skills training, drug dependent females, 8817
women's groups, self awareness & respect & esteem, drug dependent females, literature review, 8834
Drug Dissociation [See State Dependent Learning]
Drug Dosages [See Also Drug Overdoses]
assessment of optimum methadone dosage based on observed pulse & systolic blood pressure during withdrawal, heroin addicts, 1872
attention & methylphenidate dosage, methods for measuring event-related potentials, hyperactive children, 10457
ceruletide vs pentazocine dosages & naloxone mediated reversibility, threshold & tolerance to electrical & thermal cutaneous pain, 19–37 yr olds, 7624
chlorpromazine at 2 levels with vs without ECT, treatment response, 15–45 yr old hospitalized acute schizophrenics, 3795
chlorpromazine vs antimuscarinic compounds & subsequent carbachol vs atropine, barrel rotation, male rats, 626
chronic diazepam therapy, continued anxiety, 25–67 yr old male veterans, 1650
cocaine, discriminative stimulus properties & generalization of dextroamphetamine vs cocaine & methylphenidate vs pentylenetetrazol, rats, 7581
cumulative dosage of phencyclidine & pentobarbital & dextroamphetamine, operant responding, pigeons, 7629

decreased dosage of disulfiram & added multivitamins, reversibility of paresthesias, 32 yr old abstinent alcoholic male, 11095
dexamethasone dosage levels, cortisol suppression, normal 23–50 yr olds, 3081
dexamethasone suppression test & clinical correlates, endogenously depressed patients, 10342
dosage & side effects of flurazepam vs temazepam drug therapy, insomnia, 10852
dosage level of buspirone & methaqualone & diazepam, abuse liability of buspirone, recreational sedative-using college students, 5609
dosage level of methylphenidate, hyperkinetic-associated behavior, school aged males with strong vs weak nervous systems attention & learning disordered, 10826
dosage of angiotensin I converting enzyme inhibitor MK-421, isoproterenol induced drinking behavior, female rats, 7585
dosage of hydromorphone, physiological & subjective effects, 28–35 yr old male postaddict volunteers, 7608
dosage of 1-desamino-8-dextroarginine vasopressin vs scopolamine vs dextroamphetamine, delayed matching to sample, pigeons, 3094
ethanol concentration, blood oxygen & carbon dioxide & pH & respiration rate, long sleep & short sleep mice, 7590
ethnic differences, required dosage of chlorpromazine, Asian vs White psychotic patients, 6263
flame emission spectrophotometry, assessment of maintenance dosage of lithium, patients with affective disorders, comprehension of methods of T. B. Cooper et al vs J. T. Slattery, 8575
flexible vs fixed dosages in methadone maintenance programs, retention in treatment, 11053
haloperidol & chlorpromazine & clozapine & sulpiride dosages, LSD-potentiated apomorphine hypermotility vs apomorphine-induced hypermotility, male rats, test of model to differentiate typical from atypical neuroleptics, 3057
high- vs low-dosage of methylphenidate, 5–15 yr olds with attention deficit disorder with vs without hyperkinesis, 13300
histidine & chloropyramine vs ketotifen fumarate vs clemastine vs promethazine vs cimetidine vs atropine vs antagonists of dopamine vs noradrenaline vs serotonin, bizarre behavior, male rats, 677
illumination & dextroamphetamine vs pentobarbital, response suppression, pigeons, 7591
imipramine therapy & dosage level, clinical response & remission, 7–12 yr olds with major depressive disorder, 1657
inhibition of dopamine-beta-hydroxylase by fusaric acid, duration of sleep induced by 3 vs 4 g/kg ethanol, long vs short sleep, mice, 7598
intra-raphe chlordiazepoxide vs flurazepam vs midazolam vs bicuculline doses with vs without muscimol, locomotor activity, male rats, 12312
ketocyclazocine dosage with vs without naloxone & time-out periods, multiple schedule responding, squirrel monkeys, 12303
lithium dose, prophylaxis of manic depressive disorders, 18–60 yr old patients, 3960
long term apomorphine, sensitivity to apomorphine of dopaminergic substantia nigra vs neostriatal neurons, male rats, 682
lysine vasopressin dose, inhibition avoidance response, rats, 632
maintenance neuroleptic dosage levels, vocational functioning, 29–66 yr old psychiatrically disabled clients, implications for rehabilitation, 4093
methadone dosage policy, retention in drug abuse treatment programs, drug abusers, 8821
methylphenidate dosage, heart rate & finger temperature & electrodermal resistance & motor activity & serial RT & impulsive errors, hyperactive 5.9–12.5 yr olds with attention deficit disorder, 1668
methylphenidate dosage, visual EPs during active attention vs passive observing task, hyperactive 7–13 yr olds, 10842
morphine tolerance & dosage, analgesia in tail flick & formalin tests, rats, 2997
naloxone dosage, emotionally conditioned digitalis toxicity, guinea pigs, 3060
naloxone vs diprenorphine dosage levels, shock-induced defensive behavior & escape/avoidance behavior, male rats, 5240
patient violence, judicial concern & type & dose of antipsychotic drugs prescribed, paranoid & schizoaffective schizophrenic & senile dementia & manic depressive psychotic inpatients, 1624
physostigmine dosages, levels of arginine vasopressin & cortisol & melatonin & growth hormone & luteinizing hormone & prolactin, males, 9807
preference for diazepam dose vs pentobarbital, drug dependent 28–63 yr olds, 12915
prenatal alcohol exposure, cognitive behavioral deficits & physical defects, evaluation of secondary effect & dosage & segregational hypotheses, 3730
prenatal morphine exposure schedule, behavioral responses to morphine, adult rats, 3046
role of training dose, generalization gradient for cocaine in cocaine-saline discrimination, male rats, 7573
sedative & antianxiety properties & drug dosages & level of anxiety, buspirone therapy, 6293
self adjustment of methadone dose, dose changes, methadone maintenance patients, 8803
sensitivity & specificity of 1 vs 2 mg dexamethasone suppression tests, psychiatric inpatients, 3539
sex & dosage & administration methods of copper sulfate & cyclophosphamide & lithium chloride & sodium chloride & red squill & deionized water, conditioned taste aversion, rice rats, 7620
sublingual 3 mg vs oral 6 mg dose of dihydroergotoxine mesylate, subjective & neurologic & psychiatric symptoms, patients with cerebrovascular disorders, 8586
testosterone doses, mating behavior, castrated male sheep, 5111

Drug Education
alcohol awareness program for bartenders, 13722
drug education course, drug attitudes & knowledge & usage, 7th & 8th graders, 6645
evaluation of drug education program, high school students, New Zealand, 6772
implementation of alcohol education programs, 6599
needs & attitudes & behaviors as related to students' alcohol/violence related home stress situations, elementary teachers & teachers in training, implications for alcohol education, 11195
parent education, prevention of drug abuse, 6475
parenting skills & substance abuse education program, family environment & sensitivity toward & acceptance of children, parents, 13576
preventive & therapeutic & reeducative aspects, drug addiction, 6481
stress on consequences of & vulnerability to problems of excessive drinking & importance of personal responsivity in alcohol education program, alcohol consumption, college students, 4115

Drug Effects [See Drugs]

Drug Induced Congenital Disorders
alcoholism & fetal alcohol syndrome, 8229
excessive alcohol usage during pregnancy & use of drugs known to potentiate alcohol effects, congenital abnormalities of infants, 19–42 yr old mothers, 1412
exposure of fathers to Agent Orange in Vietnam, sensory integration level, 4–8 yr olds, 1332
fetal alcohol syndrome, implications for prevention & treatment, 10598
maternal alcohol use during pregnancy, alcohol syndrome, fetus, 12756
maternal iv ethanol, umbilical vasculature collapse & hypoxia & acidosis in fetus, monkeys, implications for mental retardation in fetal alcohol syndrome children, 669
prenatal alcohol exposure, cognitive behavioral deficits & physical defects, evaluation of secondary effect & dosage & segregational hypotheses, 3730
prenatal maternal ethanol dosing, delayed development & abnormalities, infant pig-tailed macaques, model of fetal alcohol syndrome, 12248

Drug Induced Hallucinations
maprotiline-induced hypnopompic hallucinations, 21–27 yr olds with severe depression, 13265
serotonin precursor levo-5-HTP, LSD-induced psychosis, 23 yr old male, 6236
similarities in dreams & hallucinogenic drug states & schizophrenia & hallucinogenic drug model of psychosis, literature review, 12792

Drug Interactions
addition of 2nd antiepileptic, treatment of intractable complex-partial seizures, epileptics, 8581
adrenergic & neuroleptic drugs, long term potentiation, male rats, 3016
alcohol &/vs caffeine, RT, college students, 9843
alpha-type endorphin sc & intrastriatal injections, apomorphine induced stereotyped behavior, male rats, 7631
beta-endorphin fragments, apomorphine induced behavior, rats, 7632
buspirone &/vs alcohol, psychomotor skills, 19–23 yr old males, 5221
buspirone vs diazepam &/vs alcohol, divided attention tasks of driving-simulated tracking & visual search performance, 21–40 yr olds, 5229

chemical structure & receptorology & comparison with other anxiolytic & dopaminergic agents, buspirone, literature review, 5248
chronic vs acute estrogen treatment, potentiation of pimozide-induced cataleptic response, ovariectomized female rats, 3042
clonidine & alpha-2 adrenoceptor stimulation, production of discriminative interoceptive stimuli, male rats, 619
combined lithium & neuroleptic medication, neurotoxic reaction, 16–64 yr olds treated for affective disorders & schizophrenia & mental deficiency, 8577
complications of alcohol use combined with drug therapy, aged, 1642
concurrent use of propranolol & maprotiline, 63 yr old depressed male with upper extremity tremor, 8574
daily diazepam, attenuation of meperidine & normeperidine & morphine & pentobarbital & dextromethadone effects on operant keypecking, male pigeons, 3051
dextroamphetamine & clonidine & clonazepam, rectal phasic activity, 15–52 yr olds with high vs low intestinal tone, implications for drug therapy, 6262
dextroamphetamine & fenfluramine & clonidine, rectal phasic activity, 15–51 yr olds with high vs low intestinal tone, drug therapy implications, 6261
diazepam vs clorazepate vs buspirone therapy, drug interactions & side effects, patients, 6249
dosage of angiotensin I converting enzyme inhibitor MK-421, isoproterenol induced drinking behavior, female rats, 7585
estradiol, potentiation of haloperidol-induced vs handling-related catalepsy, male rats, 637
estradiol with vs without progesterone, sexual responsiveness, ovariectomized rats, 7597
ethanol & naloxone, serum hypothalamic-pituitary luteinizing hormone, rats, 7572
ethyl beta-carboline-3-carboxylate &/vs chlordiazepoxide, exploratory behavior & rearing, male rats, 7583
excessive alcohol usage during pregnancy & use of drugs known to potentiate alcohol effects, congenital abnormalities of infants, 19–42 yr old mothers, 1412
exposure to toluene vs organic solvent mixture, RT & dexterity & memory & mental arithmetic, printers & painters, 13032
gamma-type endorphins injected into nucleus accumbens, apomorphine induced hypoactivity, male rats, 7633
haloperidol & chlorpromazine & clozapine & sulpiride dosages, LSD-potentiated apomorphine hypermotility vs apomorphine-induced hypermotility, male rats, test of model to differentiate typical from atypical neuroleptics, 3057
hypothalamic peptides, inhibition of buprenorphine induced tolerance, male rats, 7563
individual vs group housing, lethality of pentazocine &/vs tripelennamine, mice, 2935
indomethacin pretreatment, mortality rate due to ethanol overexposure, male mice, 9820
levo-5-HTP & carbidopa with vs without tyrosine, catecholamine turnover & symptomatology, patients with vital depression, implications for enhanced monoamine activity as basis for antidepressant action, 12327
lithium & prothiaden or lithium & mianserin & chlorpromazine, endogenous depression, 64 & 66 yr old males resistant to prothiaden or imipramine or phenelzine or lithium or mianserin or chlorpromazine, 10849
lithium carbonate & carbamazepine therapy, neurotoxic symptoms, 22 yr old female with bipolar affective disorder, 8557
metergoline & naloxone, cyclazocine induced disruption of operant responses, male rats, implications for opioid & serotonergic bases of cyclazocine action, 3035
methysergide, effect of beta-phenylethylamine on food-reinforced schedule maintained behavior, rats, 5207
morphine & lithium & ion chelators, explosive motor behavior, male rats, 5189
muscimol vs picrotoxin vs naloxone, chlordiazepoxide-induced ataxia, rats, 3020
neurochemistry & pharmacology & behavioral correlates, buspirone, 5246
neurotensin, CNS depressant effects of ethanol & pentobarbital, mice, 9838
nicotine, reversal of cycloheximide amnestic effects & role of brain protein synthesis & nicotine binding sites, mice, 3086
operant training & bemegride, discrimination & generalization of intragastrically administered ethanol & diazepam, pigeons, 3041
pharmacology & neurochemistry & tranquilizing effects, buspirone, 5238
rolipram vs Ro-20-1724 vs ICI 63 197 vs imipramine, antagonism of reserpine-induced hypothermia & hypokinesia & yohimbine lethality as predictors of clinical antidepressant effectiveness, male mice, 12328
tetrahydrocannabinol & morphine, locomotor activity & autoshaped behavior, male rats, 7630
tripelennamine & pentazocine, morphine-like & SKF-10,047-like discriminative stimulus effects & inhibition of guinea pig ileum twitch height, male rats, 3088
zimelidine & amitriptyline, treatment of suicidal behavior & depression, 32 yr old male, 10859

Drug Laws [See Also Marihuana Legalization]
historical & political factors & sex differences, differences in drug regulations & usage, 3358

Drug Overdoses
amitriptyline overdose, tricyclic antidepressant plasma levels, psychiatric patients, 1661
clinical features & treatment of poisoning due to psychotropic drug overdoses, literature review, 6037
epidemiology of drug overdose deaths & victim characteristics & circumstances, US Army soldiers, Europe, 1978–79, 8209
ethnic differences, analgesic drug related deaths, Black vs White vs Hispanic 19–83 yr olds, 12934
glutethimide overdose & withdrawal, catatonia, 31 yr old male, 8555
reasons for drug use & context of overdose & prior treatment experiences, sedative/hypnotic drug overdose patients, 8227

Drug Potentiation [See Drug Interactions]

Drug Rehabilitation [See Also Alcohol Rehabilitation]
acupuncture & psychotherapeutic &/vs pharmacological treatment, drug addiction, inpatients vs outpatients, 13417
acupuncture vs behavior therapy, smoking cessation, cigarette smokers, 12-mo followup, implications for posttreatment maintenance, 13420
addiction & conviction status, former male drug clinic patients, 10-yr followup, 11066
addition of staff employment specialists, clinic functioning & client outcomes, drug abuse treatment programs, 8824
amphetamine withdrawal, sleep duration & disturbance, amphetamine-dependent inpatients, 11067
assertiveness training, drug dependent females, 8787
assessment of & assistance in dealing with legal issues & problems in drug treatment programs, drug dependent females, 8786
attitudes toward own drug taking, drug addicts attending drug dependence clinic, implications for treatment compliance & effectiveness, 11052
autogenic training in drug abuse program, opiate- & polydrug-dependent patients with mean age of 33.1 yrs & stress related problems, 1894
behavior therapy smoking rehabilitation, cigarette smoking, 1–3 yr followup, 6473
characteristics, drug abuse treatment programs offering prevention services, 8825
child abuse/neglect, subsequent alcohol/drug addiction, patients over 18 yrs of age in drug rehabilitation, US & Australia, 5846
client characteristics & coercion in rehabilitation, treatment success, 21–25 yr old drug abusers in drug-free vs methadone maintenance programs, 8807
clinical judgment process in selection of drug addicts for inpatient treatment & predicted length of stay, patients' actual length of stay, drug clinic staff, 8790
coercion, rehabilitation, drug abusers, 8806
cognitive behavioral therapy, substance abusers, 4124
collaboration between therapeutic & correctional systems, treatment, drug offenders, Australia, support for Milwaukee Model of F. A. Aprill et al, 11094
college-level coursework as part of drug abuse treatment, subsequent education & employment, drug abusers, 8792
communication training, therapeutic & socialization progress in drug rehabilitation therapeutic community, drug dependent males, 4113
computerized vs face-to-face vs self report formats for assessment of alcohol & drug & tobacco use, reliability & content of information & ratings of assessment experience, 14–62 yr old clients of addiction treatment center, 1897
contingency contracting, drug abstinence, cocaine abusers with mean age of 29 yrs, 8784
contingency management, reduction of alveolar carbon monoxide in tobacco smoking reduction strategies, 21–62 yr old smokers, 11054
contingent reinforcement for reduced carbon monoxide levels, 21–54 yr old tobacco smokers, 11090
course & treatment, drug addicts, 5-yr followup, 1878

deposit repayment intervals & duration of deposit holding, compliance & drop-out rate & outcome & acceptability of deposit contract, adult smokers in program for smoking cessation, 13425
design strategies for effective drug rehabilitation services, female substance abusers, 4117
development of national drug treatment program, Israel, 1882
drug abuse treatment in prisons, 8815
drug abuse treatment, outcomes, opioid addicts, 5–6 yr followup, 11051
drug abuse treatment, prisons, 8818
effectiveness of drug abuse treatment program, male drug abusers & alcoholics, 6-mo followup, 8795
employment related services, drug abuse treatment programs, 8826
employment specialist on staff of drug abuse clinic, drug use & retention & employment, clients, 8827
etiology & identification & treatment, drug & alcohol abuse, 13419
extent & effects of program evaluations, federally funded drug-abuse treatment programs, 8816
factors predictive of treatment outcome, opiate addicts, 4119
feminist perspective, treatment of drug dependence problems, females, 11092
group counseling with vs without individual psychotherapy, heroin addicts on methadone maintenance, 8805
health promotion program, drug dependent females, literature review, 8800
health risks & social attitudes toward & treatment approaches, tobacco smoking, literature review, 8829
hypnotherapy vs relaxation therapy, cigarette smoking 17–56 yr olds, 4120
individual variations in symptoms of withdrawal, heroin addicts in rehabilitation, 6474
inpatient vs outpatient treatment, social functioning, drug abusing delinquents with mean age of 16 yrs, 4108
interpersonal & environmental influences supportive of drug dependency & approach to motivation of treatment acceptance, drug dependent females, literature review, 8793
intervention strategies, drug dependent lesbians, 8797
issues around sex role behaviors & expectations & norms in counseling of drug dependent females, male counselors, 8809
item analysis of Eysenck Personality Inventory, assessment of group personality correlates, male vs female drug addicts in treatment vs prisoners, implications for management & treatment, 8188
labeling as drug user, semantic source for built-in treatment failure, 11062
marathon group therapy, male illicit drug users with mean age of 24.1 yrs, 1890
methadone dosage policy, retention in drug abuse treatment programs, drug abusers, 8821
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification programs, abstinence, opioid addicts, 6-yr followup, 8820
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification, effectiveness, drug abusers, 8828
methadone maintenance vs therapeutic community vs outpatient drug-free vs detoxification, outcomes, clients treated for drug abuse, followup study, 8808
methadone vs levo-alpha acetylmethadol for 3 vs 6 wks, withdrawal symptoms & drug abstinence, heroin addicts, 8810
method of evaluation of drug rehabilitation treatment programs, 4121
methyphenidate, cocaine & amphetamine dependence, 33 yr old female, 11073
Michigan Alcoholism Screening Test, detection of alcoholism, opiate addicts, 10498
need for significant involvement in treatment, 26–62 yr old alcoholic females, 1885
normal vs urgent admissions procedure, drug withdrawal, iv drug dependent addicts, 6482
obtainment of needed child welfare services as part of drug treatment program, drug dependent mothers & their children, 8802
perceived support of partner or spouse & relapse, Ss with mean age of 37 yrs in smoking cessation programs, 6477
preventive & therapeutic & reeducative aspects, drug addiction, 6481
problems with sexuality & intimacy & treatment recommendations, drug dependent females, literature review, 8799
propoxyphene napsylate maintenance, heroin addicts, 8814
psychosocial treatment, appetitive & addictive disorders, delinquents, 1879
rational emotive therapy, drug & alcohol rehabilitation, 8788
residential & outpatient drug abuse treatment programs, adolescents, 8819
residential camp program, psychological adjustment & academic achievement & drug abuse patterns, 14–19 yr old inhalant abusers, Hawaii, 8836
residential drug treatment program, drug dependent mothers & their children, 8801
roles & activities & background, volunteers in drug abuse treatment programs, 8837
self efficacy & self concept & self change processes, maintainers vs relapsers who had quit smoking on their own, 6479
self efficacy, posttreatment smoking status at 3-mo vs 6-mo vs 1-yr followup, smokers, replication & extension of findings by M. M. Condiotte & F. Lichtenstein, 13424
self monitoring procedures in smoking cessation procedure, compliance & session attendance, adult smokers, 11081
self rated difficulty in giving up particular cigarettes, reductions in smoking after modified self control procedure, Ss in quit-smoking group with mean age of 44.9 yrs, 13422
sequence of therapeutic & sociotherapeutic interventions, inpatient drug abusing adolescents, 1887
services provided in drug abuse treatment programs, counselors rated as superior by program administrators, 8823
sex & primary drug problem & treatment environment, treatment outcomes, patients aged 55 or older in federally funded drug treatment programs, 13428
smoking reduction treatment, tobacco smokers, 4-yr followup study, 11058
social science research, social action regarding detoxification center, Canada, 6478
social support, adherence to medical treatment & modification of smoking & overeating & other health related habits, literature review, 13109
sodium bicarbonate, urinary alkalinization & cigarette smoking reduction, enrolees in smoking cessation program, 11063
somatic vs paranoid vs obsessive-depressed symptom profiles, males arrested for driving under the influence of alcohol & referred for treatment, 10506
specialized intervention in employee assistance program, knowledge about alcoholism & referrals to program, female employees with drinking problems, 11055
submission of mind to body, psychoanalytic theory & treatment of drug addiction, 13418
substance abuse training programs for health professionals, literature review, 1912
survival skills training, drug dependent females, 8817
treatment expectations & preferred counseling style, involvement & retention in treatment service areas, low SES drug abusers in polydrug treatment program, 1889
treatment with low nicotine cigarettes, cigarette consumption & smoking intensity & depth of inhalation, tobacco smokers, 13427
Uniform Progress & Evaluation Reporting System, evaluation of alcohol & drug abuse prevention agencies, 6476
use of outlaw component of patient personality in treatment, alcoholics & drug addicts, 13415
utilization of Comprehensive Employment & Training Act, drug abuse treatment programs, 1886
women's groups, self awareness & respect & esteem, drug dependent females, literature review, 8834

Drug Sensitivity

alcohol consumption & flushing response, White vs Chinese vs Filipino vs Hapa-Haole vs Hawaiian Ss, 9856
benzodiazepines & zopiclone, physiological & subjective & cognitive & motor performance correlates of drug response & plasma concentrations, patients, 10831
chlordiazepoxide effects on exploration as measure of variability of response to benzodiazepines independent of motor activity, male rats, 9812
controllable vs uncontrollable shock following cocaine vs amphetamine, potentiation of stereotypy, rats, implications for role of stress & coping in amphetamine & cocaine & endogenous psychoses & schizophrenia, 9735
genotype, pleiotropic influence on ethanol sensitivity, inbred mice, 9596
inhibition of dopamine-beta-hydroxylase by fusaric acid, duration of sleep induced by 3 vs 4 g/kg ethanol, long vs short sleep, mice, 7598
ontogeny of tetrahydrocannabinol sensitivity, rabbits, 9814
phenotype for selectively bred sensitivity to locomotor depressant effect of ethanol & relation to ethanol induced impairment of swimming, rats, 9592

psychopharmacological & behavioral characteristics, periadolescent rats, literature review, 9543
role of cellular adaptations in receptor sensitivity changes in biogenic amine system, clinical implications for psychotropic drugs, literature review, 12268
strain differences, sensitivity & development of tolerance to hypothermic effects of ethanol & behavioral responses, inbred mice, 631
stress-induced analgesia from escapable vs inescapable shock, naltrexone sensitivity & reactivity to morphine, male rats, 548
tailshock, formation of gastric lesions, rats bred for high vs low alcohol sensitivity, 12214
Drug Synergism [See Drug Interactions]
Drug Therapy [See Also Narcoanalysis]
abrupt withdrawal from long term flurazepam therapy, symptoms, 37 yr old male with chronic insomnia, 6239
abrupt withdrawal of antiparkinsonian drugs, extrapyramidal signs, mentally handicapped 18–76 yr olds also receiving neuroleptics, 10833
ACTH vs glucocorticoid treatment, EEG & Tree Test performance, 53 yr old female with isolated ACTH deficiency, 13276
acupuncture & psychotherapeutic &/vs pharmacological treatment, drug addiction, inpatients vs outpatients, 13417
acute & chronic amphetamine treatment, stereotypy & locomotor activity & other side effects, reply to criticism by G. V. Rebec & T. R. Bashore, 1648
acute vs chronic levo-eburnamonine, EEG & neuropsychological effects, 49–75 yr old patients with chronic cerebrovascular disorders, 1651
addition of 2nd antiepileptic, treatment of intractable complex-partial seizures, epileptics, 8581
adepen & didepyl & tempalgin, treatment of schizophrenia & epilepsy & alcohol withdrawal symptoms, 6252
administration of standard vs long-acting neuroleptics, psychotic patients under 40 yrs of age, 1639
advantages of mianserin in antidepressant therapy, 10873
affective disorder & neuroleptic therapy, predisposition to tardive dyskinesia, 17–69 yr old inpatients, 6269
age & race & sex & pretreatment pain intensity & character & site, relief by morphine sulfate, cancer patients with chronic pain, 8565
age, efficacy of lithium therapy & side effects, 21–78 yr old bipolar & unipolar patients, 10857
alphamethyldopa, depression, hypertensive patients with mean age of 61.9 yrs, 6246
alprazolam, depressed clinically anxious patients, 8548
alprazolam vs lorazepam, anxiety, 18–60 yr old anxious psychoneurotic outpatients, 10871
amantadine, treatment of haloperidol-induced malignant neuroleptic syndrome, 19 yr old female, 8549
amitriptyline &/vs social skills training vs psychotherapy, depression, female outpatients, 1459
amitriptyline overdose, tricyclic antidepressant plasma levels, psychiatric patients, 1661
amitriptyline, treatment of chronic intractable pain, patients, 1656
amitriptyline vs desipramine therapy, depression & side effects, depressed patients, 8573
amitriptyline vs lithium & levotryptophan, plasma ratios of tryptophan & tyrosine to amino acid & clinical improvement, patients with endogenous depression, 10855
amitriptyline vs tranylcypromine therapy, EKG parameters, 22–57 yr old psychiatric patients, 10876
amoxapine hydrochloride, precipitation of manic state, 87 yr old female with unipolar depression, 8551
amoxapine therapy, lingual dyskinesia, 60 yr old depressed female, 6260
androgen replacement therapy, erectile responses to erotic films & fantasies, 21–57 yr old hypogonadal males, 10829
animal conflict behavior, prediction of clinical effects of anxiolytic drugs, 6243
anticholinergic & neuroleptic drugs & dopamine agonists, tardive dyskinesia, literature review, 6242
anticonvulsants, treatment of epilepsy associated with psychological disorders, 6282
antidepressant drug therapy, side effects & compliance, depressed patients, 1628
antidepressant treatment, regulation of norepinephrine receptor coupled adenylate cyclase system, literature review, 1670
antipsychotic drug therapy, tardive dyskinesia, psychiatric patients with mean age of 53.3 yrs, 3-yr followup, 10830
antipsychotic drugs, time of onset & persistence of tardive dystonia, 13–60 yr olds, 1629
antipsychotic vs antidepressant drugs, somatosensory & visual & auditory evoked potentials, 17–62 yr old psychiatric patients, 1669
apomorphine & normal vs abnormal computed tomography scans, treatment of chronic schizophrenia, 21–44 yr old patients, 10848
apomorphine, platelet MAO & growth hormone response, schizophrenic 18–26 yr olds, 8572
apomorphine-induced growth hormone secretion & prolactin responses, schizophrenics, literature review, 6259
articles on pharmacological management of hyperactivity published between 1968–81, 1644
attitudes toward long term lithium treatment, 20–65 yr old patients, 10874
atypical responses to drug therapy as sources of diagnostic information about etiology & taxonomy & treatment, atypical psychiatric disorders, 13266
autoimmunity & disease course, schizophrenics maintained on long term neuroleptic therapy, 8131
behavior modification with vs without carbamazepine, behavior disorders, 7–11 yr old males, 6095
behavior therapy program & pimozide, weight gain & attitude toward treatment, 15–36 yr old anorexic inpatients, 3820
behavior therapy with vs without imipramine vs supportive psychotherapy & imipramine, phobia, 21–45 yr olds, 6103
behavioral & drug treatment & reality-oriented psychotherapy, obsessive compulsive use of laxatives & enemas & weight loss, 59 yr old female, 6052
behavioral & neurochemical & clinical effects, dopamine agonist piribedil, literature review, 9808
benzodiazepine ethyl ioflazepate vs oxazepam, anxiety, 11.5–55 yr olds, 1638
benzodiazepines & zopiclone, physiological & subjective & cognitive & motor performance correlates of drug response & plasma concentrations, patients, 10831
bereavement, increased susceptibility to infectious diseases & altered biochemistry & chemotherapy vs psychotherapy, literature review, 10580
biochemistry of depression & antidepressant action, 13268
breathing & relaxation therapy vs hyperventilation provocation vs drug therapy vs treatment of causal factors, hyperventilation, 6079
brotizolam vs temazepam, insomnia, outpatients with mean age of 50 yrs, 10836
bubropion vs imipramine, antidepressant response & side effects, endogenously depressed 23–72 yr old outpatients, 10867
bupropion vs amitriptyline, efficacy & side effects, depressed outpatients, 6281
buspirone & diazepam, anxiety & side effects, 21–72 yr old outpatients, 6294
buspirone vs molindone, dopamine metabolism in frontal cortex vs striatum & catalepsy reversal, female rats, implications for treatment of extrapyramidal motor disorders, 12298
buspirone vs diazepam therapy, anxiety & reduction of somatic & cognitive symptoms & side effects, anxious adult outpatients, 6283
buspirone vs diazepam therapy, symptoms of anxiety & depression, anxious/depressed outpatients, 6248
buspirone vs diazepam vs clorazepate therapy, anxiety, outpatients, 6250
buspirone vs diazepam vs clorazepate therapy, side effects, patients, 6275
calcium inhibitor, treatment of bipolar mania, 22–55 yr old patients, 13272
carbamazepine, paraphilias, brain damaged 34 yr old male, 10840
carbamazepine, primary & secondary affective illness & schizoaffective disorder, literature review, 3956
carbamazepine, resistant lithium-induced nephrogenic diabetes insipidus & schizoaffective psychosis, 13270
carbamazepine, treatment of manic depression, 40 yr old male not responding to lithium carbonate, 6295
cardiovascular & antidepressant & antiparkinsonian & corticosteroid drugs & benzodiazepines, sleep, aged, literature review, 10841
characteristics & regulation of norepinephrine receptor-coupled adenylate cyclase system in brain, literature review, implications for treatment of depression, 12322
chemotherapy & adjustment counseling & psychotherapy, control & management of rage & depression & anxiety, hospitalized suicidal forensic patients, 4067
chemotherapy & cranial irradiation for acute lymphocytic leukemia, neuropsychological functioning, patients with mean age of 7 yrs, 1461
chlorpromazine & haloperidol & fluphenazine, erythrocyte catechol-O-methyltransferase, 19–27 yr old chronic schizophrenics, 3937

chlorpromazine at 2 levels with vs without ECT, treatment response, 15–45 yr old hospitalized acute schizophrenics, 3795
cholecystokinin, symptoms, 24–49 yr old chronic paranoid schizophrenics, 6272
chronic clorgiline treatment, growth hormone response to clonidine, psychiatric patients with mean age of 41.4 yrs, 1666
chronic diazepam therapy, continued anxiety, 25–67 yr old male veterans, 1650
chronic levodopa therapy, "on-off" effects & akinesia, patients with Parkinson's disease, 8569
churches as high blood pressure control centers, Black communities, 1701
cimetidine therapy, psychotoxicity & mental state changes, 55 yr old male, 10844
classification of schizophrenia-related psychosis under DSM-III & drug therapy, 13298
clinical assessment procedures, assessment of demography & efficacy & safety & administration of psychotropic drugs, 4716
clinical reliability of erythrocyte to plasma lithium concentration, 17–64 yr old bipolar vs schizophrenia patients, 8570
clinical reliability, tricyclic antidepressant levels, depressed patients, 6237
clobazam, anxious outpatients, 1633
clomipramine, treatment of obsessive compulsive neurosis, 28 yr old male, 10834
clonidine, hypertension & withdrawal from methadone, 35 yr old Vietnam veteran, 6238
clonidine, opiate abstinence syndrome, addicts, 11057
clozapine, treatment of behavior disturbances, 6–13 yr olds, 13287
cognitive-behavioral treatment with vs without pimozide, 38 & 43 yr old males & 35 yr old female with delusions, 8380
combined lithium & neuroleptic medication, neurotoxic reaction, 16–64 yr olds treated for affective disorders & schizophrenia & mental deficiency, 8577
complications of alcohol use combined with drug therapy, aged, 1642
concurrent use of propranolol & maprotiline, 63 yr old depressed male with upper extremity tremor, 8574
confusion, Parkinsonian patients with dementia & receiving vs not receiving anticholinergic treatment, 8558
contingent negative variation & prolactin, schizophrenic 19–26 yr olds with initial acute psychosis & chronic schizophrenic 38–50 yr olds on vs not on neuroleptic therapy, 8579
copper sulfate, levels of copper & ceruloplasmin & serum & urinary zinc & mental state, 25 yr old female depressive with copper & zinc deficiencies, 13281
criteria validating clinical psychopharmacological relevance of animal neuropharmacological observations, literature review, 6245
cultural factors, haloperidol & vitamin treatment of psychosis caused by vitamin B12 deficiency, 83 yr old non-English-speaking Chinese female, 8554
curiosity behaviors, hyperactive 7–11.8 yr old males on vs off methylphenidate, 10837
cyproterone acetate, pathological hypersexuality, adults, 13285
cytidine-5-diphosphate-choline, memory impairment induced by ECT, inpatients with endogenous depression, 1625
deep muscle relaxation hypnosis, postchemotherapy nausea & emesis, cancer patients, 10890
definition & psychopathology & etiology of "Anwesenheit", 62 & 67 yr old males using serotonergic & dopaminergic drugs, 6292
demographic characteristics, prescribed psychoactive drugs & benzodiazepines, Ireland vs other countries, 1966–80, 3948
depot fluphenazine vs oral antipsychotics & aftercare with single vs multiple therapists, mental status & work performance & self ratings & psychotic symptoms, chronic schizophrenics, 6-yr follow-up, 13129
desipramine, intermittent vs major depression, outpatients, 6291
desmethylimipramine & amitriptyline, growth hormone response to clonidine, depressed patients with mean age of 48 yrs, 1631
development of tolerance to short elimination half-life benzodiazepine hypnotic drugs, early morning insomnia, humans, 13284
dexamethasone suppression & mood response to methylphenidate, 20–65 yr olds with primary depression, 12776
dexamethasone suppression & thyrotropin-releasing hormone test results & response to tricyclic antidepressants &/vs ECT, inpatients with major depressive disorder with mean age of 46 yrs, 10672
dexamethasone suppression test & computed axial tomography scan, differential diagnosis of true dementia from depressive pseudodementia & prediction of response to antidepressant therapy, depressed 55–84 yr olds, 8115
dexamethasone suppression test, choice of antidepressant drug therapy, patients with major depressive disorder, 10838
dextroamphetamine, depression, 15 & 57 & 82 yr old medical patients, 1647
dextroamphetamine vs placebo, plasma beta-endorphin immunoreactivity, schizophrenic 20–33 yr olds, 1664
diagnosis & ease of access to care center & domicile & drug therapy, health care utilization, discharged psychiatric inpatients, 1-yr posttreatment followup, 4031
diazepam & clorazepate therapy, antidepressant & neuroleptic drug-induced anxiety dreams & night terrors, 25–50 yr old psychiatric patients, 10827
diazepam, symptoms, paranoid schizophrenics, 6274
diazepam vs clorazepate vs buspirone therapy, drug interactions & side effects, patients, 6249
diazepam vs phenobarbital vs placebo, EEG & attention test performance & mood, 30–50 yr old male alcoholic inpatients, 1665
differential diagnosis of subcategories of epilepsy, pharmacological treatment, children, 3954
digoxin vs beta-methyl-digoxin vs digitoxin, induced color vision deficiencies, adult cardiac patients, 1623
distal colon tone, prediction of antidepressant response to fenfluramine vs imipramine vs clomipramine, depressed outpatients, 10853
dosage & side effects of flurazepam vs temazepam drug therapy, insomnia, 10852
dosage level of methylphenidate, hyperkinetic-associated behavior, school aged males with strong vs weak nervous systems attention & learning disordered, 10826
doxepin as adjunct to methadone maintenance therapy, depressed & anxious patients in methadone program, 1898
doxepin, hallucinations, 72 yr old female treated for depression, 10858
dramatic mood swings & treatment with MAO inhibitor phenelzine, 35 yr old single female diagnosed as hysteroid dysphoric, 13278
drug therapy & associated psychiatric & behavioral abnormalities, 26–65 yr olds with Huntington's disease, 2–6 yr longitudinal study, 10556
drug therapy & narcoanalysis, posttraumatic stress syndrome, 3959
drug therapy & role of dopamine, anxiety, literature review, 1672
DSM-III criteria & dexamethasone suppression test, prediction of response to drug therapy & psychotherapy & ECT, depressed inpatients with mean age of 71.2 yrs, 10714
ECT & antidepressant drug therapy & psychotherapy, suicidal patients, 3802
ECT & drug therapy as biological approach, depression, 10660
EEG & clinical correlates, outcome of pharmacotherapy, acute schizophrenics, 1198
efficacy of benzodiazepines & beta-adrenergic blockers & antidepressants, treatment of anxiety neurosis, literature review, 6266
efficacy of clomipramine or imipramine, 23–65 yr olds with obsessive compulsive disorder, 6267
efficacy of psychotherapy & alprazolam vs imipramine, moderately to severely depressed 61–81 yr old outpatients, 1488
estimations of neuroleptic plasma concentrations, neuroleptic-refractory schizophrenic patients, 3939
ethnic differences, required dosage of chlorpromazine, Asian vs White psychotic patients, 6263
etiology & treatment with antidepressant drugs, resistant depressions, 8566
expectation of improvement with relaxation vs biofeedback vs social skills training & drug therapy vs psychotherapy, improvement, migraine headache patients with mean age of 36 yrs, 13095
factors in selection of drug for treatment of depression, 3951
favorable response to steroid therapy, 32–57 yr old patients with senile or presenile dementia, 13293
flame emission spectrophotometry, assessment of maintenance dosage of lithium, patients with affective disorders, comprehension of methods of T. B. Cooper et al vs J. T. Slattery, 8575
flupentixol or mianserin, suicidal acts, attempted suicide patients diagnosed as personality disordered without depression, 6270
fluphenazine, blood levels of fluphenazine & clinical improvement, psychotic patients, 1643
fluphenazine decanoate, schizophrenics, implications for concurrent need for other medication or ECT, 13280
fluphenazine decanoate therapy, plasma prolactin variations, chronic & acute schizophrenic males with mean age of 32 yrs, 6247
fluphenazine decanoate vs chlorpromazine maintenance & haloperidol, 26–66 yr old male psychotics, 1660
fluphenazine treatment, depersonalization, 52 yr old female with bipolar disorder, 6271

flurazepam, sleep time & efficiency & latency & intermittent waking time, 23–44 yr old insomniacs, 3950
fluspirilene vs fluphenazine decanoate, schizophrenics, 1662
formal & informal informed consent procedures, schizophrenic outpatients with neuroleptic-induced tardive dyskinesia, 1653
general anesthesia & neuroleptic malignant syndrome following neuroleptic therapy, 49 yr old with psychotic depressive syndrome, 8571
guidelines based on British National Formulary, amount & frequency of drug administration, 20–59 yr olds in hospitals for mentally handicapped, 10845
guidelines for drug therapy, depression, children & adolescents, 6256
halazepam or oxazepam, withdrawal effects, patients with anxiety neurosis, 6277
Hamilton Anxiety Scale, measurement of response to medication & reduction of anxiety, 9312
health care delivery & therapeutic processes & treatment compliance & drug therapy, health care professionals & patients, 1469
hormonal replacement therapy & antidepressants & cognitive behavior therapy, depression accompanying panhypopituitarism, 45 yr old male, 8390
hypnotherapy, treatment of depression & nausea caused by chemotherapy, 48 yr old cancer patient, 10887
hypnotic desensitization, anticipatory nausea & vomiting, middle aged male undergoing chemotherapy for Hodgkin's disease, 10884
hypomanic symptoms following desipramine withdrawal, 18 & 50 yr old males, 6273
imipramine & self-exposure homework & therapist-aided exposure vs relaxation, agoraphobia, patients, 6081
imipramine, agoraphobics with vs without panic attacks, comments on studies by C. M. Zitrin et al & I. M. Marks et al, 6265
imipramine, chronically bulimic 16–55 yr old females, 6279
imipramine or amitriptyline, clinical response, depressed 4–16 yr olds with cancer, 13294
imipramine therapy & dosage level, clinical response & remission, 7–12 yr olds with major depressive disorder, 1657
imipramine vs amitriptyline with neuroleptic drugs, 19–61 yr olds with postpsychotic clinical depression, 6289
imipramine vs nortriptyline, loss of nocturnal penile tumescence, depressed males, 8580
impediments to & suggestions for geriatric psychopharmacological research with dihydroergotoxin mesylate, demented aged, 8585
indications & benefits & side effects & principles for use, haloperidol in treatment of psychotic symptoms, geriatric patients, literature review, 8582
injectable molindone vs haloperidol, acutely agitated schizophrenics, 1667
isocarboxazid, depression, 18–61 yr olds with nonpsychotic & nonmelancholic anxious depression, 10878
issues in administration of & volume & types of prescription drugs, elderly patients, UK, 13299
knowledge & orientations toward medicines vs abusable substances, urban kindergartners through 6th graders, 5289
lack of anticholinergic effects in mianserin therapy, cardiovascular disordered & psychiatric patients, 10851
late onset akathisia as indicant of covert dyskinesia, 42 yr old female & 28 yr old male on long term fluphenazine treatment, 6241
levo-5-HTP & carbidopa with vs without tyrosine, catecholamine turnover & symptomatology, patients with vital depression, implications for enhanced monoamine activity as basis for antidepressant action, 12327
levothyroxine, hearing improvement, sensorineural hearing impaired 61–92 yr old myxoedema patients, 13292
levotryptophan &/vs amitriptyline vs placebo, depression, 18–65 yr olds, 3958
lithium & prothiaden or lithium & mianserin & chlorpromazine, endogenous depression, 64 & 66 yr old males resistant to prothiaden or imipramine or phenelzine or lithium or mianserin or chlorpromazine, 10849
lithium augmentation of neuroleptic & tricyclic drug therapy, 22–72 yr olds with delusional depression, 1658
lithium carbonate & carbamazepine therapy, neurotoxic symptoms, 22 yr old female with bipolar affective disorder, 8557
lithium carbonate & tryptophan, bipolar & schizoaffective patients with mean age of 31 yrs, 10832
lithium carbonate, aggressive behavior, 7–13 yr old males, 6288
lithium carbonate, plasma amino acid levels, patients with bipolar affective disorders, 8568
lithium carbonate, plasma CSF & GABA, patients with bipolar & unipolar affective illness, 8553
lithium induced sexual dysfunction, 42 & 58 yr old males treated for major affective disorder, 6240
lithium plasma/red blood cell ratio vs plasma lithium, determination of lithium neurotoxicity, 30–50 yr old patients, 1637
lithium prophylaxis, prednisone psychosis, 48 yr old female with severe pulmonary disease, 10839
lithium therapy, delirium, 19–82 yr old psychiatric patients, 1634
lithium therapy, EEG, patients with affective & schizoaffective psychoses, 10872
lithium therapy, red blood cell glycine & choline & cognitive functioning, cognitively impaired & Alzheimer's disease geriatric patients, 10862
lithium therapy, remission of tics, 27 yr old male with cyclothymic disorder, 10843
lithium therapy, side effects & toxicity, bipolar affective disordered patients, 3935
lithium treatment, social outcome, psychotic vs nonpsychotic Bipolar I patients, 6284
lofepramine vs amitriptyline, antidepressant effectiveness & side effects, 18–68 yr old patients with moderate to severe depression, 6280
long acting neuroleptic drug therapy, psychotic patients, 3943
long term thymoleptic treatment, typological features characterizing phases of depressive reactions, depressed patients, 6253
long term viloxazine, treatment of depression, 3940
long-term benzodiazepine therapy & withdrawal, MAO metabolism, psychiatric patients with mean age of 43.7 yrs, 8576
low vs high dose chlorpromazine vs doctor's choice vs placebo & nursing home vs family care home vs supervised co-operative apartment, psychosocial adjustment, chronic schizophrenics, 12-yr followup, 3789
loxapine, patients with psychoses & severe neuroses & conduct disorders, 1659
luteinizing hormone releasing hormone level, female psychiatric patients under chronic neuroleptic therapy, 1630
maintenance neuroleptic dosage levels, vocational functioning, 29–66 yr old psychiatrically disabled clients, implications for rehabilitation, 4093
MAO inhibitors & tricyclics, depression, 59 yr old female, 10860
maprotiline, depression, females over 60 yrs of age, 1632
maprotiline-induced hypnopompic hallucinations, 21–27 yr olds with severe depression, 13265
medroxyprogesterone acetate, hypersexuality, 25 yr old pedophiliac male sex offender, 13273
methadone, prolactin & cortisol secretions & euphoria & elation & grandiosity, 21–47 yr old acutely manic males, 1646
methylphenidate & chlorpromazine therapy, schizophrenia, 11 yr old male, 10864
methylphenidate, attention tasks & perseveration, hyperactive 7.5–11.3 yr olds, 1636
methylphenidate dosage, visual EPs during active attention vs passive observing task, hyperactive 7–13 yr olds, 10842
methyphenidate, cocaine & amphetamine dependence, 33 yr old female, 11073
methyphenidate, cognitive style & RT & attentiveness, White elementary school students with attention &/or learning disorders, 1622
mianserin, pupillary responses to pilocarpine vs tyramine vs phenylephrine, 25–68 yr old depressives, 10868
mianserin therapy, heart disease & elderly patients, 10856
midazolam vs flunitrazepam vs placebo, midwinter insomnia, 18–60 yr olds living north of Polar Circle, Norway, 10854
monosodium glutamate, treatment of learning disabilities & fatigue, 17–44 yr olds, 6258
motivated reading remediation & placebo vs methylphenidate, reading & mathematics performance, 7–12 yr olds with reading disorders, 4346
motivation & cognitive failure & doxepin vs hydroxyzine therapy, concept learning, anxiety disordered male 20–50 yr old inpatients, 10861
multiple crossover design, evaluation of clinical effects of imipramine, 30–63 yr old depressed outpatients, 4676
naloxone, dyskinetic movements & psychiatric symptoms, 36 yr old female with schizophreniform syndrome & partial adrenal 21-hydroxylase deficiency, 13269
naloxone, head banging, severely mentally retarded 8 yr old male, 6244
naloxone, involuntary movements & plasma beta-endorphin levels, 29–71 yr old inpatients with tardive dyskinesia, 3957

naloxone, self abusive behavior, mentally retarded 20 & 26 yr olds, 6285
naloxone, self mutilation, 15 yr old male, 8578
nausea & vomiting associated with chemotherapy, cancer patients, reply to article by J. C. Chang, 10828
neuroleptic drugs with hypnotherapy, hospitalized anxiety patients with mean age of 42 yrs, 8358
neuroleptic treatment & family training & therapy in community management, schizophrenics released to community living with their families, 1747
neuroleptic treatment, tardive dyskinesia, aged, 10847
neuroleptics, plasma dopamine-beta-hydroxylase activity, 19–27 yr old chronic schizophrenics, 8552
neuroleptics, platelet MAO & plasma amine oxidase, 19–27 yr old chronic schizophrenic patients, 1626
neurotic drugs, psycho-emotional disturbances & sleep disorders, myocardial infarction patients, 8567
new theory on calcium ion antagonist drug therapy, tardive dyskinesia, 6278
opioids & GABA-ergic drugs, treatment of depression & mania, 13275
outpatient treatment in nursing social support program, rehospitalization & medication increase & treatment continuance, 19–64 yr old chronic psychiatric patients, 1752
pargyline treatment for concurrent depression & hypertension, manic psychosis, 47 yr old male, 8560
patient & treatment characteristics, incidence of extrapyramidal side effects, 14–77 yr old patients treated with haloperidol, 6268
patient violence, judicial concern & type & dose of antipsychotic drugs prescribed, paranoid & schizoaffective schizophrenic & senile dementia & manic depressive psychotic inpatients, 1624
pemoline combined with lithium, improvement, 18 yr old with attention deficit disorder & hyperactivity, 13271
pemoline treatment of attention deficit disorder, response to alcoholism treatment & aftercare, 35 yr old male, 6100
perception of role in psychotropic drug therapy, 21–72 yr old community mental health center clients, 1635
personality correlates & pharmacotherapy & hypnotherapy, digestive diseases, 13037
pharmacokinetic variables & relationship between antidepressant plasma levels & therapeutic response, depressed patients, literature review, 1640
pharmacological treatment, hypersexual patients & sexual offenses, 13297
phenelzine therapy, depression, 60–84 yr olds, 8562
phenytoin vs pheneturide, seizures, 16–94 yr old epileptics, 8563
physician characteristics, prescribing of psychotropic vs nonpsychotropic drugs, physicians, 1920
platelet MAO activity & personality variables, response to lithium prophylaxis, patients with bipolar affective disorder, 10825
prazosin & autogenic training, 27–62 yr olds with Raynaud's phenomenon, 8408
predrug pain intensity & character & site & S age & race & sex, pain relief following morphine administration, cancer patients, 10850
pretreatment nausea & vomiting as classically conditioned aversive reaction, chemotherapy compliance & termination, 17–38 yr old cancer patients, 3961
principles for designing clinical trials on efficacy & toxicity, antiepileptic drugs, 9250
problems with use of hypnotic drugs, treatment of insomnia, implications for development of new drugs, 6257
prognostic utility of Rotter's Internal-External Locus of Control Scale, 18–65 yr old agoraphobics in behavioral & pharmacological treatment, 10696
propranolol, amelioration of symptoms, 12–13 yr olds & 36 yr old females with Gilles de la Tourette's syndrome, 10870
propranolol, treatment of schizophrenia, 20–35 yr old males, 10866
psychopharmacology, suicide & attempted suicide & depression, 6276
psychotherapeutic aspects of pharmacotherapy, 3945
psychotropic drug therapy, mentally retarded, 6290
psychotropic drug therapy, xerostomia or dry mouth as side effects, psychiatric patients, 10863
randomized response technique, estimation of alcohol consumption & drug therapy compliance, hypertensive patients, 2392
ratings of acceptability & perceived effectiveness of various treatments, agoraphobics, 13118
refusal of psychotropic drug therapy as clinical issue, psychiatric patients, 8550
regulations on signed informed consent, refusal & consent to neuroleptic drug therapy, schizophrenic 20–60 yr old male patients, 6264
relaxation training, anticipatory nausea associated with chemotherapy, 46 & 58 yr old male cancer patients, 10823
relevance of kindling in etiology & carbamazepine treatment, affective illness, 13296
response to MAO inhibitors, 22–59 yr old patients with severe obsessive compulsive disorder, 13283
role of anxiety & depression in depersonalization, 18–67 yr olds with endogenous psychoses treated with phenazepam or clozapine or ECT, 3562
role of behavioral medicine in clinical drug trials, 10865
role of cellular adaptations in receptor sensitivity changes in biogenic amine system, clinical implications for psychotropic drugs, literature review, 12268
role of child care worker, psychotropic drug therapy, 1627
rolipram vs Ro-20-1724 vs ICI 63 197 vs imipramine, antagonism of reserpine-induced hypothermia & hypokinesia & yohimbine lethality as predictors of clinical antidepressant effectiveness, male mice, 12328
sedative & antianxiety properties & drug dosages & level of anxiety, buspirone therapy, 6293
serotonin antagonist, duration of EEG slow wave sleep, 44–69 yr old poor sleepers, 3953
serotonin precursor levo-5-HTP, LSD-induced psychosis, 23 yr old male, 6236
serotonin reuptake inhibitor citalopram, affective psychosis & depression, inpatients, 1655
serotonin reuptake inhibitor citalopram, depression, hospitalized females over 50 yrs of age, 1641
sexual functioning & type of & compliance with drug regimen & health beliefs, hypertensive 20–65 yr olds, 1673
sleep characteristics of depression & EEG sleep changes in response to antidepressants, depressed patients, 1182
social reinforcement & modification of type & dosage & time of medication, chronic pain, adults, 1671
specificity of dopamine agonists & antagonists for dopamine autoreceptor & effects of low dose dopamine agonists, humans, literature review, 1652
statistical analysis for estimation of incidence of side effects of psychoactive drugs, psychiatric patients, 4818
stimulant drugs, academic achievement, hyperactive &/vs learning disabled children, literature review, 8561
stress reaction or traumatic neurosis & pretreatment nausea & chemotherapy, pseudohallucinations, cancer clinic outpatients with mean age of 35 yrs, 6332
sublingual 3 mg vs oral 6 mg dose of dihydroergotoxine mesylate, subjective & neurologic & psychiatric symptoms, patients with cerebrovascular disorders, 8586
synthetic peptide ORG 2766, senile dementia, 75–91 yr old females, 13289
systematic desensitization, anticipatory nausea associated with chemotherapy, 28 yr old male with diffuse histiocytic lymphoma, 10796
telephone calls to therapist & secret revelations & concurrent individual treatment & psychoactive drugs, problems in family therapy, 3894
test construction based on self report of neuroleptic therapy experience, prediction of drug compliance, schizophrenic patients with mean age of 41 yrs, 9336
testosterone & cotherapy & sex therapy, female sexual dysfunction, couples with mean age of 30.3 yrs, 10691
thioridazine, inhibition of orgasm, 26 yr old female schizophrenic, 6287
thiothixene serum levels, inpatient violence, 22–53 yr old male schizophrenics, 3962
thiothixene therapy, nightmares, 27–68 yr old females with paranoid schizophrenia & depression with paranoid delusions, 10869
traditional literature review vs meta-analysis, evaluation of effectiveness of stimulant drug therapy, hyperactive children, 8584
training in & experience with pharmacotherapy, teachers of mentally retarded students, 4238
trazodone therapy, ventricular arrhythmias, 26 & 61 yr old depressed males, 10846
trazodone vs imipramine, treatment of depression, outpatients, 8559
treatment recommendations, 24 yr old male schizophrenic resistant to phenothiazine treatment, 8556
treatment with clomiphene, happiness & well-being as outcome variables, infertile females, 3947

triazolam vs flurazepam, sleep & daytime sleepiness & performance & mood, 64–79 yr old insomniacs, 3941
triazolam vs nitrazepam, sleep, 18–60 yr olds with sleep disturbances, 13274
tricyclic antidepressants, color vision impairment, 27–73 yr olds, 1649
trifluoperazine & lithium & haloperidol, cerebral dysfunction Capgras syndrome & paranoid psychosis, 22 yr old psychotic female, 10877
triiodothyronine & thiothixene-phenelzine, 67 yr old with refractory depression, 6255
use & overuse & prescription & neurochemistry, benzodiazepines, literature review, 3949
use of sex appeal, prescription drug advertisements, 6900
usefulness of pharmacokinetic parameters in optimization of drug therapy regimens, 6254
validity of Personality Inventory for Children, prediction of response to methylphenidate, hyperactive 5–15 yr olds, 9387
valproic acid, treatment of seizures, children, 13277
withdrawal of lithium & thioridazine therapy, disappearance of hypothyroidism & delirium, 55 yr old female, 1654
zimelidine & amitriptyline, treatment of suicidal behavior & depression, 32 yr old male, 10859
zimelidine vs doxepin, 23–66 yr old inpatients with endogenous depression, 10835
zimelidine vs placebo, side effects & effectiveness, 18–65 yr olds with primary major depressive disorder, 13291

Drug Tolerance
carryover of tolerance to alcohol, 21–31 yr old male moderate drinkers, 9796
castration, tolerance to effects of morphine on luteinizing hormone levels, male rats, 540
chronic delta-9-tetrahydrocannabinol, tolerance development to disruptive effects on menstrual cycle, female rhesus monkeys, 12318
classical conditioning, tolerance to haloperidol induced catalepsy, male rats, 5208
cross-tolerance among barbiturates & alcohols & ethanol & depressants & opioids, literature review, 9833
development of tolerance to sedative opioid hydromorphone, cynomolgus vs rhesus monkeys, 9863
development of tolerance to short elimination half-life benzodiazepine hypnotic drugs, early morning insomnia, humans, 13284
diet of ethanol with vs without chlordiazepoxide, dissociation between tolerance & physical dependence, male mice, 3010
distinctive vs nondistinctive environments, development of morphine tolerance, rats, implications for role of habituation & classical conditioning, 3045
ethanol, tolerance to sedative/hypnotic vs activating effects, male C57Bl/6 vs DBA/2 vs BALB/c mice, 424
hypothalamic peptides, inhibition of buprenorphine induced tolerance, male rats, 7563
in utero ethanol exposure, prenatal & postnatal development & decline of ethanol tolerance, mice, 12309
ip haloperidol in dark vs illuminated context, role of classical conditioning vs brain dopamine binding changes in development of drug tolerance, 678
morphine tolerance & dosage, analgesia in tail flick & formalin tests, rats, 2997
morphine-admixed food, physical dependence on & tolerance to morphine, male rats, 9862
neurohypophyseal peptide structure, tolerance to ethanol effects, male mice, 3038
nonpharmacological factors in drug tolerance & dependence, literature review, 3037
phencyclidine & analogs, establishment as reinforcers & tolerance to behavioral effects, male rhesus monkeys, 7570
prenatal morphine exposure schedule, behavioral responses to morphine, adult rats, 3046
self administration of ethanol vapor & tolerance & withdrawal, male mice, test of alcoholism model, 686
sensory preconditioning & blocking, tolerance to morphine analgesia, male rats, test of Pavlovian conditioning model of drug tolerance, 12257
sex & genetic differences, tolerance to anticholinesterase di-isopropyl-fluorophosphonate effects on body temperature & operant responses, rats of Flinder-resistant vs Flinder-sensitive lines, 7616
sodium pentobarbital, behavioral tolerance as determined by within-S operant reinforcement task, male squirrel monkeys, 3007
strain differences, sensitivity & development of tolerance to hypothermic effects of ethanol & behavioral responses, inbred mice, 631
tolerance to ethanol effects, Brattleboro rats heterozygous vs homozygous for vasopressin deficiency, 3070

Drug Usage [See Also Drug Abuse, Drug Addiction, Drug Dependency, Glue Sniffing, Heroin Addiction, Marihuana Usage]
age at commitment & history of drug use & type of offense & type of sentence, institutional misconduct, male prisoners, 11027
anomie & demographic characteristics, alcohol & marihuana & tobacco & amphetamine & barbiturate usage, Ss aged 17 yrs & over, 12616
behavior therapy smoking rehabilitation, cigarette smoking, 1–3 yr followup, 6473
beliefs & attitudes toward drugs & drug use, male 14–18 yr old drug users vs non-users, Iran, 10030
burnout syndrome & coping strategies, counterproductive behavior & job dissatisfaction & drug & alcohol use & job search & illness rates, 26–86 yr old geriatric counselors & service workers, 8898
change to low tar & nicotine cigarettes, carbon monoxide level & consumption rate, 22–65 yr old smokers, 11086
consumption of prescription & over-the-counter psychoactive drugs & alcohol & nicotine & illicit drugs, rural families with at least 1 adolescent living at home, 12614
current & past drug & alcohol use patterns, female US Army soldiers, implications for drug abuse, 7944
daily caffeine consumption, habitual sleep duration & quality, college students, replication of H. L. Hollingworth's study, 12277
dosage level of buspirone & methaqualone & diazepam, abuse liability of buspirone, recreational sedative-using college students, 5609
drug education course, drug attitudes & knowledge & usage, 7th & 8th graders, 6645
drug usage & attitudes toward alcohol, male law students vs police trainees, Australia, 12617
educational placement & drug utilization & SES & age, prediction of perceptual motor development, hyperactive 4.2–12.5 yr olds, 13005
epidemiology, drug usage, 15–22 yr old male technical school students, Egypt, 10085
excessive alcohol usage during pregnancy & use of drugs known to potentiate alcohol effects, congenital abnormalities of infants, 19–42 yr old mothers, 1412
extent of drug use & misuse, Ss 55 yrs old & older, 7948
family history of affective disorders & alcoholism & antisocial behavior & alcohol-related life problems & drug usage & client characteristics, male alcoholics with mean age of 48 yrs with vs without secondary depression, 10499
family life & involvement, use of heroin & other hard drugs & deviance, 19–28 yr olds, 12913
general theory & model of deviant behavior, drug use & self derogation, junior high school students, 8199
generational & developmental trends, alcohol & cannabis & tobacco use, 7th–13th graders, Canada, 1968–79, 10052
historical & political factors & sex differences, differences in drug regulations & usage, 3358
history of cocaine smoking & free base use & abuse, literature review, 10504
hypnotic susceptibility, male college student heroin users, 3357
impairment status, community adjustment & alcohol & drug usage & arrests, intellectually vs emotionally vs developmentally vs physically impaired 20–26 yr olds, 12755
individual & household characteristics & perceived morbidity & sex & age, prescribed & nonprescribed medicine use, households receiving Aid to Families with Dependent Children, 3359
iv self administration & lack of reinforcing properties, buspirone, adult male rhesus monkeys, implications for low potential for recreational use, 5186
labeling as drug user, semantic source for built-in treatment failure, 11062
need for mind expansion & religious or mystical experiences, motivation for long term cannabis use, adolescents, 7798
participant observation of Piccadilly drug scene, England, 10214
perceived neighborhood toughness & drug use, use of alcohol vs marihuana vs hard drugs, inner city junior high school students, 875
perceptions of drug law enforcement, heroin users, Canada, 1044
personality & diagnosis & criminal & violence history & family background & alcohol & drug use & sexual behavior, male arsonists vs property vs violent offenders, 3606
personality & family & peer variables, drug usage, 9th–10th graders, 7764
personality traits & future consumption of legal & illegal drugs, males assessed at 19 & 22 yrs of age, 1042
phencyclidine usage, US, literature review, 1039
prevalence & correlates of alcohol & other drug usage, college students, New York State, 13614

psychological & sociocultural factors, nonmedical drug use, inner city adolescents & young adults, 876
quitting smoking & use of benzodiazepines & stress & other sociodemographic & lifestyle variables & disease severity, memory problems, 31–64 yr old ischemic heart disease patients, 8298
racial differences & social change, age at 1st use of alcohol & narcotics & other drugs & onset of narcotic addiction, Black vs White male narcotics abusers, 1952–71, 12936
reliability of computer interview, collection of drug use/abuse data, high school students, 12904
role of alcohol & drugs & other factors & characteristics of road accidents, young adults, 1043
self descriptions & social background & personal & family relationships, prediction of drug & alcohol usage & cigarette smoking, 14–18 yr old males, Iran, 908
self reported reasons for drug use, 12–18 yr old detained & adjudicated male juveniles, 1270
sex differences & morbidity & age & inability to ignore symptoms, legal drug use, White adults, 3364
sex differences & social adaptation & social bond theories, marihuana & alcohol & cigarette use, adolescents assessed in 1st grade, 10-yr followup, 3219
social adaptation & shyness & aggressiveness & learning problems & psychological well-being in 1st grade, drug usage, 16–17 yr olds, implications for prevention of drug use, 7791
social adaptation & well-being in 1st grade, drug & alcohol use & smoking, 16 & 17 yr olds, 10-yr longitudinal study, 10064
symptoms of depression & psychic & somatic anxiety & cognitive impairment & attributions of symptom relief, French speaking 18–65 yr old female psychotropic drug users, 7946
validity, measures of drug usage & knowledge & attitudes, male inmates, 11700

Drug Usage Attitudes

anti-smoking with fear appeal, arousal & anxiety & smoking attitudes, 18–60 yr old smokers, 12172
attitudes toward own drug taking, drug addicts attending drug dependence clinic, implications for treatment compliance & effectiveness, 11052
beliefs & attitudes toward drugs & drug use, male 14–18 yr old drug users vs non-users, Iran, 10030
causal attributions & self efficacy & attitudes toward heroin following success vs failure, White vs Hispanic males in methadone maintenance, support for G. A Marlatt's drug abuse recidivism model, 11059
drug education course, drug attitudes & knowledge & usage, 7th & 8th graders, 6645
drug size & form & color, expectations of drug action, Black college students, replication of earlier study with White Ss, 3356
health risks & social attitudes toward & treatment approaches, tobacco smoking, literature review, 8829
home environment & attitudes & personality, smoking behavior & attitudes, preadolescents, 5429
knowledge of & attitudes toward solvent & aerosol abuse, Saskatchewan retailers, 8194
legal control & peer & parental influences & marihuana use & perception as risk taking behavior, White vs Native American middle & high school students, 7827
reliability & validity of Stoessel Drug Inventory, assessment of attitudes toward drug & alcohol use, US Army medical officers, 7024
use of & attitudes toward marihuana & cigarette use, high school seniors, support for R. Jessor & S. L. Jessor's problem behavior theory & D. B. Kandel's legal/illegal drug distinction, 903
validity, measures of drug usage & knowledge & attitudes, male inmates, 11700

Drug Withdrawal

abrupt withdrawal from long term flurazepam therapy, symptoms, 37 yr old male with chronic insomnia, 6239
abrupt withdrawal of antiparkinsonian drugs, extrapyramidal signs, mentally handicapped 18–76 yr olds also receiving neuroleptics, 10833
amphetamine withdrawal, sleep duration & disturbance, amphetamine-dependent inpatients, 11067
assessment of optimum methadone dosage based on observed pulse & systolic blood pressure during withdrawal, heroin addicts, 1872
baclofen, subjective report vs physiological effects of low-level methadone withdrawal, 23–40 yr old male methadone addicts, 6965
chronic phencyclidine administration & subsequent abstinence, disruption of operant behavior, male rhesus monkeys, 7622
clonidine, hypertension & withdrawal from methadone, 35 yr old Vietnam veteran, 6238
clonidine, inhibition of withdrawal syndrome autonomic symptoms, morphine dependent rats, 9799
clonidine, opiate abstinence syndrome, addicts, 11057
deficiencies of clinical trials, treatment of alcohol withdrawal effects, 9275
dependence on benzodiazepines & withdrawal syndrome, 12927
diazepam & propranolol, ethanol withdrawal syndrome & urinary catecholamines, male rats, 9791
ethanol, intoxication & withdrawal, 3 vs 14 vs 25 mo old male mice, 707
glutethimide overdose & withdrawal, catatonia, 31 yr old male, 8555
halazepam or oxazepam, withdrawal effects, patients with anxiety neurosis, 6277
hypomanic symptoms following desipramine withdrawal, 18 & 50 yr old males, 6273
individual variations in symptoms of withdrawal, heroin addicts in rehabilitation, 6474
lithium treatment & withdrawal, noradrenaline uptake into synaptosomes, male rats, 5181
lofexidine, withdrawal discomfort, male chronic methadone addicts, 8789
long-term benzodiazepine therapy & withdrawal, MAO metabolism, psychiatric patients with mean age of 43.7 yrs, 8576
methadone vs levo-alpha acetylmethadol for 3 vs 6 wks, withdrawal symptoms & drug abstinence, heroin addicts, 8810
morphine-admixed food, physical dependence on & tolerance to morphine, male rats, 9862
normal vs urgent admissions procedure, drug withdrawal, iv drug dependent addicts, 6482
physical & neurological & psychiatric & biochemical indicators, duration of recovery period, 29–67 yr old alcoholics following withdrawal, 1870
pretreatment with placebo vs methadone, methadone self administration behavior & withdrawal symptoms, methadone maintenance patients undergoing detoxification, 8796
self administration of ethanol vapor & tolerance & withdrawal, male mice, test of alcoholism model, 686
smoking withdrawal, physiological responses & complex motor & perceptual performance in simulated aircraft cabin altitude of 6,500 ft, 23–59 yr old habitual smokers, 12302
tiapride, withdrawal symptoms, alcoholics with delirium tremens or undergoing detoxification, 1892
withdrawal of lithium & thioridazine therapy, disappearance of hypothyroidism & delirium, 55 yr old female, 1654

Drug Withdrawal Effects [See Drug Withdrawal]

Drugs [See Also Related Terms]

acute vs chronic levo-eburnamonine, EEG & neuropsychological effects, 49–75 yr old patients with chronic cerebrovascular disorders, 1651
adepen & didepyl & tempalgin, treatment of schizophrenia & epilepsy & alcohol withdrawal symptoms, 6252
anthelmintic thiabendazole & taste aversion conditioning, wolves, implications for control of predation on live animals, 7276
antiepileptic & psychotropic drugs, sedation & psychosis & neurotransmitters, 3942
AR-L 115 BS cardiological agent, mild & reversable color vision deficiencies, normal 24–52 yr olds, 712
benzeraside & 3-(cis)-carboxy-salsolinol, preference for ethanol solutions, alcohol-aversive mice, 9802
benzodiazepine receptor antagonist 3-hydroxymethyl-beta-carboline, sleep latency & reversal of flurazepam-induced sleep, male rats, 5224
benzodiazepine vs nonbenzodiazepine anxiolytics vs other psychoactive agents, punished responding, male squirrel monkeys, examination of conflict test, 3067
biological properties, thyrotropin releasing hormone analogs, literature review, 666
blood alcohol concentrations induced by iv ethanol vs ip 4-methylpyrazole, free choice oral alcohol consumption, male alcohol-preferring rats, 3102
chemicals & crude drugs derived from cannabis & effects of marihuana & Reagan administration approach to drug problem, 3098
clinical assessment procedures, assessment of demography & efficacy & safety & administration of psychotropic drugs, 4716
consumption of prescription & over-the-counter psychoactive drugs & alcohol & nicotine & illicit drugs, rural families with at least 1 adolescent living at home, 12614

demographic characteristics, prescribed psychoactive drugs & benzodiazepines, Ireland vs other countries, 1966–80, 3948
differential diagnosis & mechanisms of action, drug-induced ocular motor disorders, literature review, 13013
digoxin, color discrimination impairment, healthy trichromats, 609
digoxin, induced color vision deficiencies as pharmacological side effect, healthy trichromats, 608
digoxin vs beta-methyl-digoxin vs digitoxin, induced color vision deficiencies, adult cardiac patients, 1623
drug class, intracranial self stimulation response decrement pattern, male rats, 3019
drug size & form & color, expectations of drug action, Black college students, replication of earlier study with White Ss, 3356
drug-free strategies, personal & community health, 1726
ethyl beta-carboline-3-carboxylate &/vs chlordiazepoxide, exploratory behavior & rearing, male rats, 7583
ethyl ester of beta-carboline-3-carboxylic acid, brain benzodiazepine receptor affinity & reversal by benzodiazepine & Ro 15-1788, rhesus monkeys, test of model of human anxiety, 3061
excessive alcohol usage during pregnancy & use of drugs known to potentiate alcohol effects, congenital abnormalities of infants, 19–42 yr old mothers, 1412
findings from series of studies conducted by drug addiction research center on drug metabolism & binding sites for SKF-10047 & role of nicotine in maintenance of tobacco smoking, 7592
GABA antagonist R-5135, epileptiform discharges & visual EPs & sedation & stereotyped behavior, rats pretreated with gamma-acetylenic GABA vs sodium valproate vs diazepam, 9839
history of drug production & use-value characteristics of drugs, development of drug industry & control policies, 7945
hypothalamic-pituitary & opiate peptides & psychotropic drugs, intraspecies aggression & sociability, isolated mice, 3072
icv quinolinic acid vs d,l-kinurenine sulfate vs kynurenic acid vs niacin vs niacinamide vs excitatory vs inhibitory amino acids vs strychnine vs pentylenetetrazol, excitation & seizures & convulsions, rats vs mice, 5237
icv 1,2,3,4-tetrahydro-beta-carboline vs 1-methyl-1,2,3,4-tetrahydro-beta-carboline, alcohol intake & blood alcohol levels, male rats, 3097
individual & household characteristics & perceived morbidity & sex & age, prescribed & nonprescribed medicine use, households receiving Aid to Families with Dependent Children, 3359
issues in administration of & volume & types of prescription drugs, elderly patients, UK, 13299
knowledge & orientations toward medicines vs abusable substances, urban kindergartners through 6th graders, 5289
lead vs succinylacetone, porphyrin metabolism & neurochemistry & behavior, rats, 12317
lisuride pretreatment & reserpine depletion of biogenic amines, memory recovery following forgetting of fear conditioning measured by active vs passive avoidance, male mice, 9849
luteinizing hormone response to progesterone & estrogen responsiveness of progestin receptor induction in pituitary gland & preoptic-hypothalamic brain & uterus, neonatally estrogenized female rats, 5206
medication, behavior & appearance, physically or mentally ill legal clients, 10177
metabolism of psychoactive drugs, literature review, 5211
methylmercury intoxication, appetite loss & body weight & preference for dimercaptosuccinic acid antidote, rats, 12296
morphine & naltrexone, reduction of alcohol drinking, rats treated at birth with tetrahydroisoquinoline vs protoberberine compounds, 9806
neurotic drugs, psycho-emotional disturbances & sleep disorders, myocardial infarction patients, 8567
new theory on calcium ion antagonist drug therapy, tardive dyskinesia, 6278
nigrostriatal lesions with vs without dopamine depletion, dopamine agonist-induced rotational behavior, female rats, 9821
norepinephrine synthesis inhibitor diethyldithiocarbamate vs ethacrinic acid, retention of memory & delayed amnesia & brain norepinephrine levels, male rats, 3023
patient violence, judicial concern & type & dose of antipsychotic drugs prescribed, paranoid & schizoaffective schizophrenic & senile dementia & manic depressive psychotic inpatients, 1624
patterns in government drug control policies, literature review, 7921
perception of role in psychotropic drug therapy, 21–72 yr old community mental health center clients, 1635
peripheral epinephrine & drug & hormonal & electrical stimulation of amygdala & adrenal medulla, memory, literature review, 12196
phenazepam & REM sleep deprivation, sulfhydryl-group content of homogenates of brain stem, rats, 7505
phosphodiesterase inhibitor, anisomycin-induced amnesia & retention of avoidance response & brain cyclic adenosine monophosphate, male mice, 3074
physician characteristics, prescribing of psychotropic vs nonpsychotropic drugs, physicians, 1920
preferred drugs & drug abuse patterns & motivation, males vs females, 1976–79, 8224
psychophysical & electrophysiological distinctions between 3 cone types & model of sensitivity modulation by membrane ionic ratings & cardiotonic drug AR-L 115 BS, rhesus monkeys & humans, 493
psychotropic drug therapy, mentally retarded, 6290
psychotropic drug therapy, xerostomia or dry mouth as side effects, psychiatric patients, 10863
quinoline derivatives alone vs with chlordiazepoxide, anxiogenic & anxiolytic effects in social interaction, rats, 9813
refusal of psychotropic drug therapy as clinical issue, psychiatric patients, 8550
rotation sensing device, monitoring of drug induced stereotypic behavior, male rats, 4663
serotonin depletion by 5,7-dihydroxytryptamine or parachloroamphetamine, onset & severity of anorectic response to cancer, immature female rats, 3011
specificity of dopamine agonists & antagonists for dopamine autoreceptor & effects of low dose dopamine agonists, humans, literature review, 1652
statistical analysis for estimation of incidence of side effects of psychoactive drugs, psychiatric patients, 4818
subarachnoidal administration of 5-HT inhibitor citalopram, morphine induced antinociception, mice & rats, 7602
treatment with clomiphene, happiness & well-being as outcome variables, infertile females, 3947
ventral tegmental area injections of diallyl-normorphinium bromide vs naloxone, rate of heroin self administration, rats, 5193

Drunkenness [See Alcohol Intoxication]

Dual Careers
androgyny & dual career relationship, personal & work & relationship satisfaction & stress, assistant professors with mean age of 35 yrs, 12605
demographic characteristics & emotional & social & financial consequences of commuter marriage, couples, literature review, 966
job involvement & organizational identification, married employees with working vs nonworking spouses with vs without children, 6858
lifestyle, dual career couples, implications for counseling of students, 2160
perception of family & work worlds, dual career spouses, 7896
prevalence of shiftwork, dual-earner couples with children, 11436
sex role identity, career involvement, 25–45 yr old professional women in dual career families with children, counseling implications, 10152
split household & small producer & dual career family types as strategies for coping with US living conditions, Chinese American families, 7882
validity of compensatory & spillover models on employment status of wife, marital & job satisfaction, 19–62 yr old spouses, 5541
work related vs individual difference & family dynamics factors, quality of life, dual career spouses, 10165

Dualism
debate over mind-brain interaction, 9705
differential diagnosis of disturbed mind/body perception, 3531
Judeo-Christian myth of Fall of man as expression of body/spirit duality & fundamentals of Freud's work, directed reverie therapy, 8445
neuropsychological basis of human information processing & mind-brain dualism, literature review, 535

Ducks
exposure to calls with various repetition rates, species identification, duckling embryos, 2740
rearing with conspecifics vs imprinting stimuli & reduction in group size, distress calls, Peking ducklings, 7222

Duodenum [See Intestines]

Duration (Response) [See Response Duration]

Duration (Stimulus) [See Stimulus Duration]

Dwarfism (Pituitary) [See Hypopituitarism]

Dyads
cognitive complexity & construct system abstractness, listener-adaptive persuasive communication strategies, college student dyads, 3374

cognitive processes during task completion, 5–6 yr olds paired with peer vs adult, 9952
competitive vs cooperative orientation, interaction patterns, same- vs mixed-sex dyads, 10237
conceptual & methodological issues & dyad as unit of analysis, family research, 995
density of communication in interactive situation, rate of nonverbal activity, college students, 1062
development of Relationship World Index, measure of agreement in intimate dyads, adults, 11720
dilemmas of candor vs restraint in conversation, pairs of close friends with mean age of 24.7 yrs, 10254
dyadic language interactions during play, preschool age deaf vs hearing children, 5997
interpersonal dynamics & individual differences, frequency & nature of games & conflicts, dyads of females from 22 to 25 mo old, 7812
maternal stress & self esteem & age of hyperactive child, interaction with siblings, hyperactive males with mean age of 79.9 mo, 5992
motive ambiguity, interpersonal approach, male college students with attractive confederate females, 7953
posture sharing vs neutral movement, interview dyads, 3396
relational control interaction, pairs of US Navy personnel, cyclical model of relational development, 10238
role-making of leadership of G. Graen, managerial dyads, 4518
same- vs cross-sex dyads, strategies used to initiate social contact, male vs female 3–5 yr olds, 900
sex of play partner, toy choices & social behavior, 3.1–4.3 vs 4.6–5.6 yr old males vs females, 887
sex role orientation & behavioral interactions, interpersonal attraction, female dyads, 1054
similarity-complementarity on therapist effectiveness rating variable & level of accurate empathy, male college student dyads, 10239
situational variables, compliance decisions as reactions in inequitable dyadic relationships, same- vs mixed-sex dyads, 7957
social relationship, grooming behavior, hamadryas baboon dyads in isolation vs in groups, 2783
synchronization of voice frequency & speech parameters in conversation & quantitative computer analysis, dyads, 10241
temptation to be untrustworthy & bilateral punishment capability, maintenance of trust, college student dyads, 10244

Dying [See Death and Dying]

Dying Patients [See Terminally Ill Patients]

Dyskinesia

affective disorder & neuroleptic therapy, predisposition to tardive dyskinesia, 17–69 yr old inpatients, 6269
amoxapine therapy, lingual dyskinesia, 60 yr old depressed female, 6260
anticholinergic & neuroleptic drugs & dopamine agonists, tardive dyskinesia, literature review, 6242
antipsychotic drug therapy, tardive dyskinesia, psychiatric patients with mean age of 53.3 yrs, 3-yr followup, 10830
behavior therapy & meditation, levodopa-induced dyskinesia, 44 yr old male Parkinsonian patient, 8540
chronic chlorpromazine administration & withdrawal, oral dyskinesia & electrophysiological correlates, cats, 651
degeneration of components of extrapyramidal system, Parkinson's & Huntington's disease & tardive dyskinesia, literature review, 5966
formal & informal informed consent procedures, schizophrenic outpatients with neuroleptic-induced tardive dyskinesia, 1653
late onset akathisia as indicant of covert dyskinesia, 42 yr old female & 28 yr old male on long term fluphenazine treatment, 6241
naloxone, dyskinetic movements & psychiatric symptoms, 36 yr old female with schizophreniform syndrome & partial adrenal 21-hydroxylase deficiency, 13269
naloxone, involuntary movements & plasma beta-endorphin levels, 29–71 yr old inpatients with tardive dyskinesia, 3957
neuroleptic treatment, tardive dyskinesia, aged, 10847
neuropharmacologic profile & differentiation from tardive dyskinesia, Meige dystonia, 54 yr old male, 1436
new theory on calcium ion antagonist drug therapy, tardive dyskinesia, 6278
role of neuroleptics & need for differential diagnosis of tardive dyskinesia, 37 & 56 yr old females with Meige syndrome, 10586
RT task, EEG potentials of contingent negative variation, schizophrenics with vs without tardive dyskinesia, 5776
severity of tardive dyskinesia during depressive vs euthymic periods, 40 yr old male with bipolar affective psychosis, 10381
spontaneous eyeblink rate, platelet MAO activity, chronic schizophrenics with vs without tardive dyskinesia, 8128
tardive dyskinesia in phantom limb, 42 yr old male, 10323

Dyslexia

coding processes & memory strategies, memory performance, dyslexic children, literature review, 12966
conditional configuration frequency analysis, identification of types of dyslexia, male vs female children, 5908
deficit in oral language with preservation of written language production & comprehension, 45 yr old right handed male with left hemisphere lesions, 3738
distortion of spatial relations of face representations on Draw-A-Person test, 8–16 yr old Western European dyslexics vs 7–18 yr old Australian Aborigines, 8261
disturbances in systems of knowing & meaning, dyslexic children, 5906
dyslexia, children, literature review, 8259
hemispheric differences, learning disabled & dyslexics, 1291
inversion mistakes & dyslexia, criticism of article by H. Grissemann, 5898
letter inversion mistakes in dyslexia, reply to L. Dummer's criticism, 5902
modification of combined procedures of A. Inizan & I. Meixner, detection & prevention of dyslexia, nursery school students, Hungary, 13697
new norms for German adaptation of WISC, criteria for children with dyslexia & minimal brain dysfunction, 7069
operational definitions of dyslexia in published research, 1971–80, literature review, 5923
performance on British Ability Scales subtests, dyslexic 8–10.9 vs 11–13.9 vs 14–16.9 yr olds, 151
prior listening to words, subsequent spelling of nonword, college students vs male with surface dyslexia, 5891
ratings of appeal of reading primers, special educators vs learning disabled students, Poland vs USSR vs Sweden vs Turkey vs Italy vs France vs Hungary vs Czechoslovakia, implications for prevention of dyslexia, 2138
recall of rhyming & nonrhyming letter strings, dyslexic 9 vs 12 vs 14 yr olds, 1296
semantic paralexias, 54 yr old male with deep dyslexia, 1288
sentence repetition & verbal ability, dyslexic children, 8254
subtypes of developmental dyslexia, literature review, 1310
subtypes of left handedness & predisposition for particular subtypes of dyslexia, literature review, 1279
syntactic deficits, performance on Token Test, male dyslexic 7th–12th graders, 3658
tachistoscopic training, teaching methods, dyslexic children, 11262
visual & auditory errors & silent reading comprehension & verbal abstraction skills & syntactic skills, dyslexic 8–9 & 10–12 yr olds, 8239
WAIS-R scores & performance on reading & spelling & arithmetic achievement tests, 25–30 yr olds diagnosed as dyslexic during childhood, 10518

Dysmenorrhea

biofeedback training & autogenic relaxation, dysmenorrheic 20–33 yr olds, 8497
frontalis EMG biofeedback, autogenic training & progressive relaxation, dysmenorrhea, 20 yr old female, 10821
pain sensitivity & coping strategies, dysmenorrheic vs nondysmenorrheic female college students, 1325

Dysmetria [See Ataxia]

Dysmorphophobia

clinical features of dysmorphophobia, 3551

Dysphasia [See Also Alexia]

concreteness vs abstractness of picture descriptions, dysphasic 25–73 yr olds with focal brain damage, 1414
deficit in oral language with preservation of written language production & comprehension, 45 yr old right handed male with left hemisphere lesions, 3738
evaluation of language function by Wada Test & cortical stimulation & clinical examination, 23–45 yr old Chinese- & English-speaking polyglots with aphasia or dysphasia, 3749
family life & interaction patterns, families of 6–11 yr old males with infantile autism vs dysphasia, 5700
interpersonal communication difficulties, dysphasic children, 10541

Dysphonia

automatic vowel production at cough offset, 24 & 29 yr old aphonic females, 3977
recurrent laryngeal nerve section, spastic dysphonia, 50–65 yr old females, 4004

Dysphoria [See Restlessness]

Dyspnea [See Also Asthma]
analytical & supportive psychotherapy & counseling by nurse, chronic obstructive airways disease & dyspnea, patients with mean age of 66 yrs, implications for medical & nursing practice & liaison psychotherapy, 10739
exercise, dyspnea & perceived magnitude of respiratory load, review of psychophysical research, 9604
Dysthymia [See Depression (Emotion)]
Dystonia [See Muscular Disorders]
Dystrophy (Muscular) [See Muscular Dystrophy]
Eagerness [See Enthusiasm]
Ear (Anatomy) [See Also Cochlea, External Ear, Labyrinth (Anatomy), Middle Ear, Semicircular Canals, Vestibular Apparatus]
late onset of hearing, ferrets, implications for use of ferrets in studies of developmental mechanisms, 4984
methodological issues, study of pathological auditory systems, literature review, 5995
Ear Canal [See External Ear]
Ear Disorders [See Also Menieres Disease, Motion Sickness, Tinnitus]
intrinsic CNS disorder, 23–69 yr olds with vestibular neuronitis, 3771
lateralization & impedance & auditory brain stem responses & synthetic speech audiometry, diagnosis of retrocochlear lesions, 25–57 yr old patients, 10638
levothyroxine, hearing improvement, sensorineural hearing impaired 61–92 yr old myxoedema patients, 13292
mild conductive hearing loss due to otitis media, auditory & language & academic skills, children, implications for early identification of learning disabilities, 8334
Ear Ossicles [See Middle Ear]
Early Childhood [See Preschool Age Children]
Early Childhood Development
age & developmental level & caregiving history, attachment, 6–30 mo old polymatrically reared Gusii infants, Kenya, failure to find evidence for sensitive phase for imprinting in humans, 10079
consistency of home environment, intelligence & child development, Black vs White 6 mo–3 yr olds, 796
day care & maternal attitude, intellectual & social development & mother-child emotional attachment, preschool children of working mothers, literature review, 3145
day care, review of studies & suggestions for future research & impact on cognitive & emotional & social development, infants & preschool age children, 5286
development of interpretative & relational & projective competencies, communicative functions & strategies, male vs female 2–5 yr olds in daycare, 7 mo longitudinal study, 5303
early cognitive & environmental correlates, language development, birth to 4 yrs, 847
early language abilities & background factors, 8 yr olds with reading & writing difficulties, longitudinal study, 1284
Family & Child Resource Program, parent-child interaction, mothers aged 19–26 yrs & their 1.4–2 yr olds, implications for early child development, 11196
maternal deprivation & mother-infant attachment & impact of first years of life on later development, 9932
reliability & validity of Infant Caregiving Inventory, assessment of perceptions of influences of caregiving practices on infant's present & future well-being & development, mothers, 4795
severe malnutrition, development, children under 3 yrs of age, East Africa, 1349
Early Experience
age at childhood separation due to child vs parent illness vs parental discord vs war evacuation, depression & anxiety & morbidity, 18–64 yr olds, 1217
birth order, age of earliest recollection, graduate students, 11900
childhood incest & parental alcoholism & parental child abuse, adult psychosexual adjustment, 24–59 yr old psychiatric patients, 1228
constant early visual exposure to vertical &/vs horizontal stripes, subsequent visual acuity, cats, 567
developmental experiences in symbiosis & early differentiation, pathological transferences, borderline patients, 1515
early cognitive & environmental correlates, language development, birth to 4 yrs, 847
early contact, mother child relations, mothers & neonates, 12549
early disturbances of waking-sleeping rhythm, subsequent sleep disorders, 2–15 yr olds, 13074
early experience & rearing condition & sex differences, peer group socialization & play, nursery-reared vs mother-reared 6–12 mo vs 36–42 mo old baboons, 2730
early experience, test anxiety & achievement motivation & fear of success, graduate students, 6693
early family experiences, development of suicidal & schizophrenic personality, 3489
early language socialization, cognitive organization & academic achievement, children, 12460
early malnutrition, acquisition & maintenance of long term potentiation in hippocampus, adult rats, 9728
early parental separation & response to treatment, multiply acting out 10–16.5 yr olds discharged from secure residential treatment program, 10491
early traumatic experience, sleepwalking, male psychoanalytic patient, 8422
impact of multiple traumas in 1st 2 yrs of life, therapy, children, 10735
mother-infant separation, social behavior & increased movement & plasma cortisol & hormonal & adrenocorticoid changes, adult male squirrel monkeys, 2944
perceived parental characteristics, onset & course of schizophrenia, patients with mean age of 36.8 yrs, 5798
personality development & identity status assessed through early memories, female college students, 3229
preoedipal mother-daughter relationship, postincest 26 yr old female in therapy, 1504
preschool experience & family environment, cognitive & social development, kindergartners measured at entry & end of school year, 1-yr followup, 780
psychiatric care in childhood, subsequent psychosomatic & neurotic disorders, adolescents & young adults, followup study, Finland, 3777
repeated separation from familiar mother surrogate, high energy activity & protest response, 2 yr old squirrel monkeys, 2929
sequence of traumatic childhood events vs onset of delinquency vs initiation of illicit drug use, drug addiction, opiate addicts, 1266
significance of early memories, Freud & Bialik & W. Wordsworth & D. H. Lawrence & J. Joyce & F. Kafka & S. J. Agnon, implications for psychoanalysis, 12351
social adaptation & well-being in 1st grade, drug & alcohol use & smoking, 16 & 17 yr olds, 10-yr longitudinal study, 10064
surgery for hypospadia in childhood, neurotic disturbances & shyness & enuresis & depression & anxiety & defense mechanisms & social relations in child- & adulthood, 21–34 yr old males, 1692
violent experience in childhood & parental warmth & stressful family relations, intergenerational transmission of family violence, clients reporting violence toward spouse, 5843
war in infancy, anxiety & subsequent chronic hyperventilation, males vs females, 8347
Early Infantile Autism
age of onset & presenting symptoms & possible etiology, infantile autism, literature review, 12763
cerebral asymmetries in computerized tomographic scans, 3.3–18.6 yr olds with infantile autism vs neurological disorders, 12883
computed tomographic brain scan findings, 2–22 yr olds with infantile autism vs mental retardation vs childhood psychoses, 3536
maternal age & birth order, 3–12 yr olds with infantile autism, 3581
prenatal & perinatal & neonatal risk factors, Ss with infantile autism, 10367
Early Intervention
attitudes toward preschool rehabilitation program involving parent counseling & home instruction in speech & lip reading, parents of hard of hearing children, 6–10 yr followups, 6463
coaching of mothers in techniques to improve interaction with infants, activity of mothers & visual attentiveness of infants, preterm infants with delayed psychosocial development & their mothers, 6187
community based early intervention program, infants & toddlers to 3 yrs of age at risk for developmental deviation or physical or emotional impairment, 8668
community self help program, construction of play materials for enrichment, 2.5–6 yr olds, Thailand, 6593
community-oriented infant psychotherapy intervention program, mutual adjustment, mother-infant dyads, 3900
Developmental Education Birth through Two early intervention project, fine motor & social & language skills & subsequent student placement, at-risk & handicapped children with mean age of 16 mo & their parents, 2125
early intervention, maternal & child development, comments on study by D. T. Slaughter, 12472
early intervention, maternal & child development, comments on study by D. T. Slaughter & its methodology, 12466

early intervention program planning, delayed development, high risk infants, literature review, 6089
early intervention, remarriage families, 1542
early observation of disturbances in mother-child relationship, child abuse prevention, mothers during pregnancy & postdelivery, Italy, 6345
evaluation of multidisciplinary prevention program, families at risk of poor parenting & child abuse & neglect, 6343
home based instruction based on Carolina Infant Curriculum, physical & psychosocial & intellectual development, low SES infants of 14–17 yr old unwed mothers, longitudinal study, 4017
home intervention sensory integration program, male kindergartner with delayed development & distractible behavior, 9034
identification & assessment procedures & intervention strategies & service delivery model, secondary prevention of child abuse by At Risk Parent Child Program, parents of young children, 1715
imaginative play training, prosocial behavior & creativity, institutionalized 3–6.2 yr olds from deleterious home environments, 4085
individual state legislation mandating special education to preschoolers & development of certification standards for teachers of preschool special education, 6753
intervention strategies, premature neonates, literature review, 6084
mild conductive hearing loss due to otitis media, auditory & language & academic skills, children, implications for early identification of learning disabilities, 8334
modification of combined procedures of A. Inizan & I. Meixner, detection & prevention of dyslexia, nursery school students, Hungary, 13697
organizational patterns of sensorimotor intelligence, Down's syndrome infants with mean CAs of 15.3 & 13 mo enrolled in home- vs center-based early intervention, 8246
participation in preschool efficacy oriented intervention to internalize locus of control for success/failure, academic achievement, kindergartners & 1st graders, 6657
perception of their preschooler's hearing ability, parents of 2–5 yr olds, 1366
Primary Mental Health Project, school-based program for early detection & prevention of school adjustment problems, students, 9091
profiles of developmental progress of skill gain, developmentally delayed 5–45 mo olds, implications for early intervention, 9918
programs & interventions & scientific rigor of their evaluation, prevention of abuse & neglect, review of English literature, 1243
rooming in for 1st 2 days following birth, interaction & child development, low income mothers at high vs low risk for child abuse & their infants observed between birth & 18 mo, 6427
social & social cognitive correlates of sociometric status, preschoolers & kindergartners, implications for intervention, 7814
toy demonstration vs discussion group parent education intervention, maternal & child development, lower income Black mothers & their 18–44 mo old children, 12499
Vermont Vulnerable Child Project, community-based preventive intervention research, at risk children living with mentally disturbed parents, 6090
Earthworms
external stimulation & induced variability, distribution of locomotor rates over circadian cycles, earthworms, 558
East German Democratic Republic [See East Germany]
East Germany
economic threat variables, prediction of level of superstition, Germany, 1918–40, 3271
educational accomplishments & contributions, F. Frobel, East Germany, 8931
history of department of child neuropsychiatry, East Germany, 8736
student teacher relations, East Germany, literature review, 1960–80, 6696
value in socialist society & purpose & methodological principles & limits on success, prophylactic parent training courses, East Germany, 5536
vocational background & mobility & epidemiology, psychiatric clinic walk-in patients, East Germany, 8158
Eating [See Also Diets]
adult proximity & meal serving style, mealtime language & eating behavior, 2.5–4.6 yr olds in day care setting, 10032
DRO schedule treatment of chronic rumination, mentally retarded, 8505
eating rate & meal time & caloric intake, obese vs nonobese moderately mentally retarded adults, 1286
eye color, fast food consumption, 19–65 yr olds, 12166
feeding process & nutritional needs, handicapped infants & preschoolers, 10325
meal & snacking patterns, 3rd–12th graders, 5470
meal ingestion, sleep onset latency, 21–30 yr old males, 12142
milkshake preloading, ice cream consumption, female overweight vs normal-weight restrained vs unrestrained eaters, 6022
mode of salt presentation & hole size of salt shaker, salting of food, consumers, Australia, 7102
moods & social isolation & food-related behavior, bulimic 19–33 yr olds, 3720
nicotine/tobacco smoking, food consumption & taste preferences, male rats & 18–36 yr old smokers, 9824
pain sensitivity, 20–67 yr old obese Ss, implications for endogenous opiate control of ingestive behaviors, 13052
psychological/cultural dietary patterns, Cook Islanders, New Zealand, 12518
social & educational functions of mealtimes, handicapped & nonhandicapped preschoolers in school settings, 11257
social support, adherence to medical treatment & modification of smoking & overeating & other health related habits, literature review, 13109
TV commercials, eating habits, children, 5308
Eating Patterns [See Eating]
Echinodermata
photoresponse & association between darkness & food presentation, starfish, 2685
seasonal environmental variability, reproductive cycle & early development, deep-sea echinoderms, 5129
Echolalia
incorporation of echolalia into task, acquisition & generalization of receptive labeling, echolalic vs functionally mute autistic 3–14.7 yr olds, 1568
single vs dual trainers, acquisition of verbal labels, 15 & 22 yr old profoundly retarded females with echolalia & inappropriate verbal behavior, 8533
Echolocation
amplitude of frequency-modulated pulses, auditory cortex neuronal response parameters, echolocating bats, 481
simulated echolocation pulse trains, single & multiunit auditory cortex neural activity, bats, 482
total darkness, use of echolocation, male harbor seal, 5032
vertical angle discrimination acuity functions in echolocation & role of external ear structure, bats, 314
Eclectic Psychology [See Theoretical Orientation]
Ecological Factors [See Also Pollution, Topography]
age & environmental factors, variations in fecundity, female olive baboons, 10-yr study, 2875
body temperature & oxygen consumption & evaporative water loss at stable air temperatures, endangered male Palila & Laysan finches, 415
ecological & size factors of mating system & activity rhythm & diet, sexual dimorphism in body weight & canine size, primates, 389
ecological approach to studies of social & emotion perception & impression formation & causal attribution & comparison with cognitive approaches, literature review, 10271
ecological medicine & rehabilitation, 8759
ecological niches & comprehensive use of habitat & social & feeding & nesting behavior, pygmy chimpanzees, Zaire, 7302
ecology & behavior & habitat, Mentawai macaques, Indonesia, 417
ecology & ethology, wild chimpanzees, Senegal, evolutionary model, 4-yr longitudinal study, 356
environmental barrier, tool use, captive rooks, 2773
flock size, social spacing, foraging solitary & paired house sparrows, 2726
geographic origin, emigration responses to temperature, wild fruitflies, Japan, 9607
geomagnetic orienting in radial 8-arm maze, rats, literature review, 309
home range & group size & population density & foraging resources, habitat quality, endangered red-cockaded woodpeckers, 382
inaccessibility to predators in sleeping site preferences, grouping patterns & social structure, baboons, 2746
predator pressure via availability of hiding places & food abundance, spatial distribution, octopus, 2762
proceedings of new multidisciplinary International Society of Ecological Psychology, experimental & theoretical analysis of environments & human & animal achievement, 6891
reproductive biology & incubation of eggs via volcano & sun & rotting vegetation, mound-building birds, Pacific Islands, 7293

seasonal variations & mortality factors & health, size & structure of community & population dynamics, chimpanzees, Tanzania, 15-yr study, 9578
selective breeding & larval density, height of pupation site, Drosophila simulans, 9610
social & ecological factors & species differences, grooming behavior, ground vs red vs Northern flying squirrels, 5019
status & season & time of day & activity patterns during breeding season, Southern elephant seals, 12030
territoriality & resource defense & social organization & rearing patterns, coyotes, 7282
volcanic ash, nest excavation & renesting & reproductive success, ring-billed & California gulls, 377
Ecology
development of natural phenomenon cognitions, 6–10 yr olds, 7760
ecological impact & control of feral dogs, Galapagos Islands, 9569
ecological role of science & epistemic ecology in structural dynamics, human cognition, 4911
natural competition between species, comments on controversy between J. A. Wiens & J. Diamond, 2779
recruitment patterns & population dynamics, bluehead wrasse, 5038
Economically Disadvantaged [See Disadvantaged]
Economy
application of economic theory to vocational rehabilitation & career development, 1863
application of psychology to economic problems, USSR, 7829
career education & individual & family & group counseling, unemployed workers during recessionary economy, 10980
criticism of economic model of criminal behavior & punishment, 8185
distinction between risk & uncertainty & ambiguity in risky choice & risk preference & planning & goals & aspirations & economic model, psychological concept of risk, 4972
economic & demographic & technological trends & proposed plan of action, rehabilitation efforts toward economic & social integration of disabled, England & Europe, 1865
economic & social & biological & political & psychological threats of systematic application of technology, 5485
economic factors & causative model, prediction of mental health services utilization, rural Appalachia residents, 4014
economic independence & education & employment & family background & marriage & social support, Black working females, US vs West Africa, 7855
economic threat variables, prediction of level of superstition, Germany, 1918–40, 3271
economics applications of choice theory, 6823
generalized vs personalized attitudes toward social vs economic effects of advertising, household members, 2297
inadequate government services & educational facilities & restriction of community economic growth, frustration & apathy & dependency on employer, low income employees of forestry company, South Africa, 9168
knowledge of banking, 11–16 yr olds, Netherlands, replication of study performed in Scotland, test of sociocognitive explanation of development of understanding of information-dependent systems, 824
labor market & economics in 1980's & working women, literature review, 5593
modernization, property crime & role participation, females, comparison of 40 countries, 3604
nonrenewable resource supply process & behavior, 11465
perceived threat of economic inflation & family income, changes in economic behavior & life stress, college alumni, US, comparison with replication study conducted in Israel, 10103
policy making & management in management-labor vs business-government vs industry-environment vs business-business relations, Japan vs US, 4507
psychological factors as counterparts to economic optimization principle & role of curiosity, 2563
social & economic & legal position & remarriage, Parisian widows in 2nd half of 16th century, France, 3295
sociocultural & economic & demographic factors & alcohol consumption & availability, prediction of alcoholism, US, 10459
systems analysis & problem solving & roles & optimum solutions & kinds of problems, management simulation games in large socioeconomic systems, scientists from socialist countries, 6843
unemployment, health & illness, UK, literature review, 3486
use of cultural & economic & demographic macro variables in program evaluation, 6352
ECS Therapy [See Electroconvulsive Shock Therapy]
ECT (Therapy) [See Electroconvulsive Shock Therapy]
Educable Mentally Retarded
acceptance of mentally retarded vs "fast learner" fictional characters' defense mechanistic behavior, educable mentally retarded vs nonretarded children & adolescents, 1302
behavior modification, work performance, mildly retarded adults, 1573
classroom behavior patterns, educable mentally retarded vs learning disabled vs emotionally handicapped 1st–5th graders, 2127
complementary program & service system vs traditional team approach, development & implementation of individualized education programs, learning disabled & emotionally disturbed & educable mentally retarded elementary school students, 11268
concurrent validity of WISC-R & Woodcock-Johnson Psycho-Educational Battery, 8–12 yr old educable mentally retarded students referred for 3-yr reevaluation, 13675
construct bias in WISC-R, low vs middle SES 7–12 yr olds classified as learning disabled or emotionally disturbed or educable mentally retarded, 9334
context & setting of competitive basketball game, athletic performance & game strategy & performance anxiety, mildly retarded vs nonretarded 21–35 yr old players, 1300
contingency based lottery system, classroom behavior, 13–16 yr old learning disabled & educable mentally handicapped in 9th grade special education class, 4367
demographic variables, degree of burnout, teachers of moderately vs mildly retarded vs nonretarded students, 8938
determinants of mathematics achievement, mildly retarded 10–15 yr olds, 12968
determinants of self esteem, educable mentally retarded adolescents labeled as deviant, 10531
developmental rate, types & number of clauses & use of past tense & conjunctions in story-telling task, normal 4 vs 5 yr olds vs educationally subnormal children with MA of 5 yrs, 1 yr longitudinal study, 10525
differences in arm length, measurement of movement accuracy in short term motor memory task, 10–17 yr old mildly retarded vs nonretarded children, 12960
differential reinforcement of incompatible behavior & overcorrection, obsessive-compulsive behavior, educable mentally retarded 18–31 yr old males, 1598
EEG, educable mentally retarded 10–13 yr olds, 10519
efficacy of sex education program, mildly & moderately retarded Ss with mean age of 22 yrs, 2134
evaluation of nonintellectual measures of early screening, educable mentally retarded & gifted students, 11299
factor structure, Behavior Problem Checklist, Black vs White emotionally disturbed vs learning disabled vs educable mentally retarded children with mean age of 11.4 yrs, 103
high vs low ability, hemispheric preferences, gifted vs learning disabled or educable mentally handicapped elementary school students, 12977
home based group contingency system with reinforcement in school setting, destructive behavior, 8 yr old male mildly retarded special education student, 11264
importance of art education in special education curriculum, mildly retarded students, 9049
lead & cadmium levels in hair, 4–16 yr olds with mild retardation vs borderline intelligence, 1305
peer vs teacher vs self ratings, classroom task behavior & social interaction, learning disabled & educable mentally handicapped 9th–12th graders, 13635
perceived need for relaxed services for mentally retarded children, preservice vs inservice special education teachers, 9072
personality traits as assessed by MMPI vs California Psychological Inventory, mildly retarded adolescents & young adults with mean age of 21.6 yrs, 12967
ratings of behavior by teachers & E, mainstreamed educable mentally retarded vs nonretarded elementary school students, 9065
self monitoring, locus of control change, educable mentally retarded children, 1569
semantic processing vs cumulative rehearsal of words, free recall & retention, educable mentally retarded with mean age of 14.4 yrs, 12957
sentence comprehension & recall & ability to infer & use exemplars of nouns as retrieval cues, mildly mentally retarded vs nonretarded 4th graders, 1280
tonal detection task during retention interval, recall of consonant sequences & tonal detection accuracy, mildly mentally retarded vs normal Ss with mean age of 20 yrs, 1285

training approach for discovery & use of categorical list structure, use of categorization strategies in recall & transfer, mildly retarded secondary level special education students, 1281
uncertainty of movement on gross motor tasks, RT & movement time, mildly mentally retarded vs normal 8–10 yr olds, 8244
validity of standardized tests vs teacher rating, assessment of arithmetic & reading & general ability, educable mentally retarded Ss with mean age of 12.3 yrs, 6805
verbal feedback on matching-to-sample procedure, discrimination learning, mentally retarded 6–18 yr olds with IQs 34–69, 2-yr followup, 12978
verbal language & verbalization vs verbal labeling instructions, reversal shift learning, mentally retarded children with IQs 41–78, 5907
viewing peer labeled as slow vs fast learner estimate recall & attempt to remember items, estimates of own recall & actual memory, educable mentally retarded 12.9–14.9 yr olds vs nonretarded 8–14.9 yr olds, 1303
Education (Driver) [See Driver Education]
Education (Drug) [See Drug Education]
Education Students
assigned attributes & mentally retarded label for videotaped children, attitudes & acceptance, undergraduate vs graduate regular vs special education teacher education students, 4374
attitudes toward female participation in social activities & professions, urban vs rural teacher trainees, India, 3353
course in reading instruction based on reading as communication process, reading comprehension, college students in teacher preparation program, 13596
judgmental procedures of R. L. Ebel vs L. Nedelsky vs W. H. Angoff in setting minimum competency cut-off scores on Missouri College English Test for admission to teacher education program, 4406
model for resolving value dilemmas, social scientists & psychology & education & medical students, 4204
occupational specificity of college academic program, satisfaction with instruction, engineering vs social science vs adult education students, 6704
prior musical experience, achievement in elementary educational fundamental music course, college students, 4308
training in mainstreaming, attitudes toward disabled, elementary & special education majors, 8949
validity of self reported confidence & rated importance of knowledge of research competencies & attitudes toward educational research as predictors of research quality & quantity, graduate & postgraduate education students, 4432
Education [See Also Related Terms]
African American language & American English in education, African American children, 13499
amount of schooling, pressure to conform & cultural complexity, 4–12 yr old members of 186 separate cultures, 10097
analysis of biased attributions, client & consultee & consultant in unsuccessful educational consultation, 1985
application of Piaget's theory to adolescents, instructional implications, literature review, 4294
association between education & totalitarianism in literature & society, psychoanalytic response to dependency in therapy & institutional alienation & wish not to think, 6143
characteristics of singing games & significance in educational settings, Black children, 13507
circumplex model of D. H. Olson, conceptualization & operationalization of workshop design in family life education programs, 8642
communication in educational process, 2020
construct theory approach, use of power in educational & other organizations, 6551
educational accomplishments & contributions, F. Frobel, East Germany, 8931
educational development level, self evaluation accuracy, 2nd & 3rd graders, 6720
educational groups, actual vs ideal perceptions of family social outcome, stepmothers & stepfathers with mean ages of 33.8 & 36.8 yrs, 1530
educational needs, adults paralyzed vs with amputation due to injury vs illness, 6751
educational philosophies, universities, 6550
educational role of family in socialism, 5546
fallacy of Piaget's theory of cognitive development, educational implications, 7721
intelligence & training, creativity, 10–11 yr olds, 5396
interdisciplinary model of education with developmental theory as framework, 6542
modern childrearing & education as reflected in activity of Social Pedagogics Department of Silesian University, Poland, 8933
myth of learning disability in school systems, literature review, 2128
need for improvement of educational status for improvement of social conditions, India, 927
organizational systems framework, delivery of regular & special education services, multidisciplinary teams, 11156
passage through stage of external constraints to internal freedom, children, implications for education normative model, 10053
pedagogical regulation & socio-psychological principles, personality structures & social activities, 8020
personal problems & further education, IQ, former slow learners, followup at 30 yrs of age, 12983
phenomenological understanding of body attitudes, moral education, children, 7683
philosophy of education, New Zealand, literature review, 8929
questionnaire length, response rate in educational research, 6762
relationship between cognitive development & schooling, 1958
representation of symbolized spatial data, work & training situations, 7644
research on role in educational policy, state legislatures, 11155
role of schools in development of aesthetic sense, children, 8936
schooling, effectiveness & student progress, literature review, 1962
sexism in textbooks & educational counseling & other areas of education, 4217
social development during middle childhood, educational & counseling implications, 10042
theory for social inequality in education, 6537
theory of personal constructs by G. Kelly, implications for education, 6549
traditional student role as meaningful social role, institutionalized 50–77 yr olds, 8731
training programs, mental health program evaluators, 8860
use of computers in education & cognitive therapy & rehabilitation, 6966
use of indigenous languages in education, primary school to adult students, West Africa, 13495
utility of nonparametric statistical tests in analysis of research data in psychology & education, 164
values clarification, family planning education, Mexico, 13320
workshop participation, change in attitudes toward aged, middle aged adults, 2010
Educational Administration
adaptive & comprehensive & disjointed & strategic approach, organizational planning in educational institutions, 11182
attitudes toward immigrant students, educators, England, 6575
development & cooperation & community effects & needs of career education programs, program coordinators, 2005
humanistic/participatory management, professional development & satisfaction & organizational functioning & effectiveness, institutions of higher education, 1983
level of Machiavellianism, leader effectiveness, elementary school principals, 4224
sex & career pattern, ratings, applicants for deanship, 6564
strategy used to defeat proposal for abolishment of all counseling positions in high school district, 4225
Educational Administrators [See School Administrators]
Educational Aspirations
academic achievement & self evaluation & parents' SES, educational & professional aspirations, 11–18 yr olds, Poland, 10091
cross cultural differences, educational aspirations, Israeli vs Moroccan vs Rumanian parents of 9th graders, Israel, 4311
educational & social & psychological correlates, vocational maturity, 9th–12th graders, 7793
family construction & SES & academic career & achievement & educational & occupational expectations & type & frequency of misbehavior, juvenile delinquents, 3608
identity development, 9th–12th graders planning vs not planning to attend college, counseling implications, 11294
mobility channel preference & educational aspirations, 15–18 yr olds, Costa Rica, 5482
representativeness of W. H. Sewell et al's Wisconsin sample & K. L. Alexander et al's Explorations in Equal Opportunity sample & academic aptitude & aspiration measures, prediction of success & income, adolescents, followup study, 10057
revision of W. H. Sewell's Wisconsin model with identification of response error corrections, effect of social influences & aspirations on educational & occupational attainment, adolescents, followup study, 10054

Educational Audiovisual Aids [See Also Motion Pictures (Educational)]
resources & current & future trends in visually captioned instructional media, deaf, 2098
Educational Background [See Also Parent Educational Background]
age & education & yrs in position & teaching & practice, role orientation & role strain, nurse faculty in baccalaureate programs, 1935
age & education, neuropsychological test performance, patients with symptomatic carotid artery disease, 10551
age & sex & education, dogmatism, adults, 7817
age & sex & length of service & basic education & professional qualification, propensity to change jobs &/or leave social work related employment, nursing home staff, England & Wales, 8878
aptitude vs experience, proportional reasoning, male vs female 7th vs 9th vs 11th graders, 6671
demographic characteristics & attitudes, pro- vs anti-abortion organization members, 3342
direct & indirect effects of education & occupational choice, health & health habits, employed persons aged 16 yrs & older, 10293
economic & educational & caretaking functioning, nontraditional families, 12540
educational background, juvenile court workers & personnel of detention facilities, 1939
educational level & academic major, level of reflective judgment, college freshmen vs seniors majoring in engineering vs humanities vs social science, 2089
educational level & sex differences, attitudes toward male nurses, 13–85 yr olds, 7797
employment vs unemployment & voting pattern & education & age & sex, explanations for unemployment, 18–68 yr olds, UK, 1069
ethnic status & education & environmental stress & family social environment, functioning & coping behavior, spouses of alcoholic patients with mean age of 48.8 yrs, 8186
generational differences, assortative mating for educational attainment, parents vs grandparents of Chinese vs European vs Japanese ancestry, 10098
graduate school origins, authors of articles in "Journal of Counseling Psychology", 6501
graphing technique & mean shifts & S group, judgment of behavior change from graphic display & intrarater consistency, college & graduate student & professional behavior analysts, 11590
health & friends & offspring living in same area & educational level, life satisfaction & death anxiety, females over age 65, 916
instruction vs visual imagery vs education, instrument control performance, male technical vs academic high school students, 13787
physical attractiveness & college attended by S & potential comparison with others, choice for comparison of test performance of other with similar vs dissimilar test-related vs -unrelated attribute, female college students, 1075
place of residence & education & age & working status, correlation between husbands' & wives' creativity scores, 16–60 yr olds, 10171
position in school & level of education, belief in corporal punishment in school, male vs female & public vs private school principals vs teachers vs counselors, 1991
prior experience & educational background, creative problem solving, college students, 7159
prior musical experience, achievement in elementary educational fundamental music course, college students, 4308
SES & education & intensity & frequency of seizures, estimation of working capacity, epileptic patients, 13043
SES & education, labor force participation, females, Canada vs Mexico, 10108
SES & educational background & occupational status, prediction of distress, survey respondents, 3267
sex & education & voting patterns, attitudes toward unemployed receiving social security benefits, 18–76 yr olds, 926
sex & education & voting patterns, attributions for wealth, 18–76 yr olds, 3446
sex & job function, salary & educational level & experience, rehabilitation professors & administrators & direct service workers, 13456
sex differences & education & need for dominance & personal growth, career aspirations, Ss with mean age of 17.6 yrs entering stratified occupational system in banks, 9132
sex education received before attending college & sex education attitudes, students at public vs private universities, 4321
sociocultural factors, accessibility & use of health care, Mexican Americans, 13316
socioeconomic bonds & satisfaction & background factors, interstate migration, Rhode Island adults, longitudinal study, 3275
structural equation method used to evaluate 6 models, fertility & education & tastes & income & labor force participation, wives, 2488
yrs of schooling & being in school, metamemory & memory performance, female college students aged 18–26 vs 35–44 yrs vs out-of-school females aged 36–49 vs 60–86 yrs, 10029
Educational Background (Parents) [See Parent Educational Background]
Educational Counseling
choice of major & courses & need for counseling, male vs female college students, 9099
guidelines for counseling students with unrealistic academic objectives, 11282
identity development, 9th–12th graders planning vs not planning to attend college, counseling implications, 11294
intellectual development & reflective judgment, college students, implications for counseling & educational intervention, 11159
invitational education based on self concept theory, development of integrated counseling programs & evaluation of guidance & counseling services, 4425
needs assessment procedure with student participation, guidance program planning, 4392
potential utilization of poems, facilitation of educational guidance & counseling, 4405
provision of guidance services with emotional & behavioral problems, children followed from prekindergarten screening through 3rd grade, longitudinal study, 11283
sexism in textbooks & educational counseling & other areas of education, 4217
Structure of Intellect test, assessment of abilities based on J. P. Guilford's conceptualizations of intelligence & prescriptions of remedial exercises & academic & vocational guidance, 11712
use of lens model for research on curriculum advisement behavior, advisors to college students, 6782
Educational Degrees
iterative structured judgment process, established of competency test standards for high school graduation, voters & teachers & principals & counselors as item judges, 4411
number & degrees of lecturers at undergraduate & graduate level, evaluation of universities and departments of psychology, Great Britain, implications for funding of universities, 13504
postgraduate management training, job success, male managers with Master in Business Administration degrees, 4512
survey of mental health agencies & role & desired characteristics of master's level psychologists, development of master's level psychology curriculum, 6531
training curriculum, development of professional identity, Bachelor's level social worker, 6495
Educational Diagnosis
accuracy in identifying gifted students, primary & secondary school teachers, 2167
assessment procedures, profoundly & multiply handicapped children, 2149
behavioral screening criteria, identification of behavior disorders, schoolchildren, 13686
characteristics & criteria for special education eligibility, behavior disordered children, 4357
classification of mental retardation in education, 13649
concept & rationale & predictive validity & description of available instruments & comparison with traditional psychodiagnostic measures, learning tests, literature review, 11295
conception & methodological foundations, educational diagnosis, 6788
concurrent validity, behavioral descriptions from Jastak Assessment System vs teacher's ratings, 7.6–17.7 yr old learning disabled & educable mentally retarded students, 11313
concurrent validity of Ozawa Behavioral Rating Scale, assessment of attention deficit disorder, learning disabled elementary school students, 11317
critique of diagnostic/classification practices in special education, 13645
definition & diagnosis & treatment, academic underachievement, 9–18 yr old students, UK, 5–10 yr followup, 4305
development & operation of diagnostic school program, children & adolescents with behavior disorders, literature review, 13644
diagnostic approach to teaching of spelling, elementary school students, 4281

diagnostic data, special education placement, trainees & practitioners in school psychology & special education, 2119
dynamic assessment of reading disabilities, 3rd graders, 4391
early identification & reading instruction, gifted children, 9038
educational intervention, identification of learning problems, 2nd graders, 9094
Estes Attitude Scales, diagnosis & identification of underachievers, gifted students, 2153
evaluation of nonintellectual measures of early screening, educable mentally retarded & gifted students, 11299
identification & reading achievement & optimum reading instruction, gifted 1st grade readers, 9037
identification of learning disabilities, 6–12 yr olds, 1277
interrater reliability of Infant Rating Scale, screening of educationally at risk students, 3–7 yr old students, 11323
intragroup variation, WISC-R profile diagnostic categories, learning disabled 8 yr olds, assessment of A. Bannatyne's recategorization of WISC subtests into subgroups, 4427
labeling & noncategorical approaches to service delivery, handicapped students, literature review, 13642
model, financial factors affecting provision of educational services to handicapped children, 2132
neuropathophysiologic etiology & educational programs & evaluation procedures & implications for occupational therapy, autism, literature review, 8102
pedagogic diagnosis, 1st–4th graders, 9088
perceptions of reports written by school psychologists, special education teachers, 4249
practices & perceptions regarding reevaluations of students receiving special education services, school psychologists, 11293
reading & spelling achievement quotient, identification of reading disabilities, 3rd–12th graders, 6731
reasons for student referral for psychoeducational evaluation & attributions for students' school problems, teachers of kindergartners through 6th graders, 9090
reliability & internal consistency & validity of Dutch version of WISC-R, classification of Type 1 vs Type 2 mentally handicapped, 10–15 yr olds in special education programs, 9111
role of social work in psychoeducational evaluation, 4386
self assessment model, involvement in individual educational plans, learning disabled 8 & 9 yr olds, 2183
special services eligibility decisions & classification of students as learning disabled vs mentally retarded vs emotionally disturbed, educational professionals, 6754
strategy for identification of giftedness, students, 2189
teacher vs peer nomination vs pupil product vs Draw-A-Man test vs Leiter International Performance Scale, identification of intellectual superiority, Black kindergartners & 3rd graders, 9108
weaknesses of expectancy formula for quantifying academic discrepancy, identification of learning disabled students, 6816

Educational Field Trips
exposure to various environments & residents & workers, understanding of varied lifestyles & values & goals, teachers & students, 6643
field trips, geography fact & skill learning, 8th & 9th graders, 2024

Educational Financial Assistance
demographic trends & sources of financial aid & employment & study plans, doctoral recipients in psychology vs physical sciences vs engineering vs life vs social sciences vs humanities vs education, 4202

Educational Financial Need [See Educational Financial Assistance]

Educational Guidance [See Educational Counseling]

Educational Inequality [See Equal Education]

Educational Laboratories
development of laboratory course in child development, psychology undergraduates, 6606
efficacy of written vs oral explanations of electrical laboratory practices as teaching aids, college students from technical vs general mathematics sections, France, 8979
factor analysis, teacher evaluation, college students in laboratory vs seminar/discussion classes, 13688
laboratory project involving identification of unknown drug given to animal & requiring design & administration of behavioral tests, undergraduate physiological psychology students, 6647
use of microcomputer system in laboratory for introductory psychology course, 6583

Educational Measurement [See Also Entrance Examinations, Grading (Educational)]
administration & interpretation, educational measures, 2157
assessment, discrepantly gifted children, 6786
assessment methods, bilingual children with suspected learning difficulties, Great Britain, 13676
assessment of educational program effectiveness, gifted, 6776
concurrent validity, behavioral descriptions from Jastak Assessment System vs teacher's ratings, 7.6–17.7 yr old learning disabled & educable mentally retarded students, 11313
construction procedures & reliability & error analysis, performance on Florida State Student Assessment Test Part II, 3rd & 5th & 8th & 11th graders, 2150
developmental model for prescriptive educational assessment & programming, educationally subnormal children, 13637
educational value of evaluation, 11337
effectiveness of single vs double multiple choice questions, college students, 2191
efficacy of System of Multicultural Pluralistic Assessment & cultural bias of WISC-R, minority students, educational implications, 2161
ethical & legal & consumer issues, academic testing, conference proceedings, 4383
evaluation of nonintellectual measures of early screening, educable mentally retarded & gifted students, 11299
formulation of objectives in educational measurement, 2162
law on minimum competency testing for high school graduation & response of school district, US, 11286
laws & court rulings related to discrimination in educational testing & recommendations for school counselors, 13694
learning hierarchies, implications for learning failure & test construction, literature review, 11154
legal concerns in student assessment, 4416
legal issues in educational & intelligence testing & PL 94-142, 2165
methodology, measurement of structural knowledge of domain, college students, 6773
methodology using algorithms based on graph theory, analysis of structure & process in prose, 14 yr olds, 4394
multitrait multimethod approach, multifactored psychoeducational assessment, literature review, 173
performance on Student Developmental Task Inventory, college students in remedial vs regular English classes, 6796
predictive validity of entrance tests, academic achievement, psychology students, Mexico, 6763
range restriction by K. Pearson's formulas & variations in selection process, implications for studies of predictive bias & estimates of educational effects in selected samples, 9100
Rasch model vs classical item analysis of Stanford Diagnostic Mathematics Test, ability estimates, 2nd–8th graders, 2164
research findings in neuroscience & electronic media, reading assessment & instruction, 10–14 yr olds, 6579
role in provision of opportunities & incentives for students' self assessment, teachers, 2188
selection of standardized achievement tests, Florida school district, 2177
serial correlation, analysis of data from interrupted time series trials in single-S design educational research, 6785
teacher training in test administration & student training in test taking skills & monetary rewards, teacher testing behavior & student group standardized test scores, 2nd grade students & teachers, 2187
test construction issues in measurement of educational achievement, 4400
theory of evaluation for humanities & social sciences in higher education, 6800
use of item bank, construction of local college mathematics placement test, college students, 11318
validity, tests measuring nutritional information level, 4th graders, 9093
visual &/vs auditory cognitive style tasks, prediction of reading ability, 3rd graders, 6769
weaknesses of expectancy formula for quantifying academic discrepancy, identification of learning disabled students, 6816

Educational Objectives
administration & interpretation, educational measures, 2157
background & empirical basis of structural analysis specification of instructional behavioral objectives in curriculum design, 2041
cognitive & affective goals & measurement instruments, evaluation of programs for gifted & talented students, 9035
criticism of goals of language programs, disadvantaged preschoolers, 2102
demographic profile & patterns of prototypes & educational goals, education of public school children with special needs with emphasis on speech & hearing disorders, 4379

early goal commitmeat & academic integration, college persistence, college students, 2067
educational goals & personal values & attitudes, academic success, engineering students, support for college-fit theory, 11232
ego development as educational goal, 879
familial factors & satisfaction with school & student/faculty relationships & academic interest & skills & educational goals, dropout rate, college students, 2079
formulation of objectives in educational measurement, 2162
guidelines for counseling students with unrealistic academic objectives, 11282
necessity for peace education, 4261
objectives & levels of training in family therapy, 1941
perceptions of aging, proposal for aging education, secondary & college students, Nigeria, 1997
pitfalls of emphasis on reducing teenage pregnancy as sex education rationale, 4270
preferences, values to be cultivated in education, parents & students & teachers, 4213
procedure for formulation of long term goals & short term objectives in individual education programs, students receiving special education services, 9047
psychodynamic/psychoanalytical vs biological/medical orientations, educational objectives for residency training, psychiatric educators, 1921
self assessment model, involvement in individual educational plans, learning disabled 8 & 9 yr olds, 2183
typology based on behavior analysis, verbal instructional tasks, 2017
uninformed vs informed consent & participation models of parent involvement in educational goal planning, parents of disabled children, 4371

Educational Personnel [See Also College Teachers, Elementary School Teachers, High School Teachers, Junior High School Teachers, Resource Teachers, School Administrators, School Counselors, School Nurses, School Principals, School Psychologists, School Superintendents, Special Education Teachers, Student Teachers, Teachers]

age & education & yrs in position & teaching & practice, role orientation & role strain, nurse faculty in baccalaureate programs, 1935
approaches to structured special education decision making, multidisciplinary teams, literature review, 11265
characteristics & effectiveness of multidisciplinary teams, educational decision making concerning handicapped students, literature review, 11253
components & evaluation of task checklist system, performance improvement, university staff, 11162
degree to which treatment recommendations for criminal offenders are realized, educational workers, 11040
effectiveness of multidisciplinary teams, special education evaluation & program decision making, literature review, 11279
expansion of functions to include consultation & technical assistance, school based multidisciplinary teams, 11180
individual characteristics & school environment & workshop characteristics, utilization of knowledge, educational personnel, 4257
inservice training program, participation in Individual Educational Program decision making process, multidisciplinary team members, 11254
inservice workshop on hearing loss, mainstreaming of hearing impaired children, educators, 1979
multidisciplinary teams, school psychology, 11152
organizational systems framework, delivery of regular & special education services, multidisciplinary teams, 11156
problems with implementation of multidisciplinary team approach, special education program planning & implementation, 11261
prognostic impressions of mental retardation, pediatricians vs psychologists vs educators vs allied health professionals vs social workers, 4210
psychodynamic/psychoanalytical vs biological/medical orientations, educational objectives for residency training, psychiatric educators, 1921
resistance to consultation services provided by psychologists, school personnel, 13530
role as stress management consultant to school staffs, counselors, 9114
school-family systems orientation, provision of psychoeducational services, multidisciplinary teams, 11321
special services eligibility decisions & classification of students as learning disabled vs mentally retarded vs emotionally disturbed, educational professionals, 6754
strategies for employability in academic setting, 11184

Educational Placement

demographic profile & patterns of prototypes & educational goals, education of public school children with special needs with emphasis on speech & hearing disorders, 4379
Developmental Education Birth through Two early intervention project, fine motor & social & language skills & subsequent student placement, at-risk & handicapped children with mean age of 16 mo & their parents, 2125
diagnostic data, special education placement, trainees & practitioners in school psychology & special education, 2119
educational placement & drug utilization & SES & age, prediction of perceptual motor development, hyperactive 4.2–12.5 yr olds, 13005
educational placement, self concept, mentally retarded students, literature review, 2123
efficacy of & teacher attitudes toward special class placement & achievement rating, mentally retarded junior high school students & teachers, Taiwan, 2097
free & appropriate special education & educational environments & individualized education programs & parent involvement in decision making, handicapped children, 4369
hazards of standardized IQ tests, identification of gifted students, 4408
knowledge of & attitudes toward educational placement of handicapped children, New York City Committee on Handicapped, 6723
low- vs mid-SES & race, referral & special education placement, Mexican American vs Anglo students with learning difficulties, 2091
new conception of educational system, pedagogical & psychological & sociological aspects of student placement in secondary schools, Czechoslovakia, 9113
perceived need for relaxed services for mentally retarded children, preservice vs inservice special education teachers, 9072
physical appearance vs behavior vs learning difficulties, assignment to special education classes, 6th graders in regular vs special education classes, Canada, 11267
placement in special education settings with partial to total instructional segregation vs regular classes, self concept, mildly handicapped elementary school students, 6727
sex & attractiveness of target 3rd grader referred for poor school achievement & behavior problems, bias in program placement recommendations, school psychologists, 2108
sex differences, enrollment in mathematics tracks, Black 10th–12th graders, 13581
socioprofessional origin & selection of self representation & sex, vision of personal future & school training, junior high vs high school students, 9020
student behavior & characteristics & needs & program characteristics, public school physical education, disabled children, 11271
type & frequency of clerical errors in Peabody Individual Achievement Test protocols, psychologists & special educators, implications for educational placement, 7059
use of assessment data, decision making about learning disabled students, 6760
use of item bank, construction of local college mathematics placement test, college students, 11318
validity of California Abbreviated WISC for Intellectually Gifted, screening, 6–16.6 yr olds referred for gifted placement, 6783

Educational Process [See Education]

Educational Program Evaluation

application & evaluation of "Kids on Block" project, sensitization to needs of handicapped, students, Canada, 11205
assessment of educational program effectiveness, gifted, 6776
chi square goodness of fit statistics & incremental fit indices & coefficients of determination, assessment of causal models for Head Start Program effects, 189
cognitive & affective goals & measurement instruments, evaluation of programs for gifted & talented students, 9035
cybernetic approach, evaluation of instructional systems using control variables as criteria, 1963
educational program evaluation, analytical literature review, 13503
effectiveness of prison education programs, literature review, 8762
evaluation of drug education program, high school students, New Zealand, 6772
evaluation of Guard Training Program vs Pedestrian Safety Instructional Package, quality of instruction given by crossing guards & children's street crossing behavior, kindergartners & 1st graders & adult crossing guards, 13598
evaluation of health education curriculum, 2–4 yr olds, 6592
formative evaluation in career education, 6779

goal attainment scaling, evaluation of special educational services, 6747
goal-oriented evaluation, health psychology doctoral program, 4195
human relations program, student intergroup relations & affect, students in desegregated elementary schools, 6620
importance of control group selection in educational program evaluation, 6794
invitational education based on self concept theory, development of integrated counseling programs & evaluation of guidance & counseling services, 4425
kind of decision & amount of personal conflict & program content, use of evaluation information in decision making, school board members vs administrators, 11178
learning need, educational program planning & evaluation, 11213
lens-model approach, evaluation of special education in-service training program for dealing with rural handicapped preschoolers & their families, 22–55 yr old consumers & service delivery persons, 6729
Magic Circle primary prevention program, self esteem & school attitudes, 3rd graders, 6789
matching of unequal groups, bias in experimental comparison of open vs traditional education, critique of R. J. Wright's evaluation, 1999
meta-analysis of results of studies, evaluation of career education interventions, 4384
methodological problems in comparison of comprehensive vs 3-track schools, statistical validity in nonequivalent group designs, West Germany, 13682
model for evaluation of social studies improvement project, 2031
number & degrees of lecturers at undergraduate & graduate level, evaluation of universities and departments of psychology, Great Britain, implications for funding of universities, 13504
problems in design & implementation & probable results of workplace health promotion programs, 2196
program attribute scaling, evaluation of educational & social programs, implications for special education, 4277
program evaluation activities in School Nurse Achievement Program, nurses working with handicapped children, 4372
programing & evaluating transfer of training, literature review, 6684
recommendations for reading program evaluation, administrators, 13589
serial correlation, analysis of data from interrupted time series trials in single-S design educational research, 6785
single-S research design in instructional & treatment effectiveness evaluation in special education, 6721
staff inservice training on behavior modification, staff knowledge & client behavior, residential care facility staff & mentally retarded 23–60 yr olds, 8928
statistical procedures, estimation of probability of success in identifying sample with highest mean, unequal samples, implications for educational intervention evaluation, 11338
strategies for design & implementation & measurement of prevention research in service environments, tobacco use, 5th–6th graders, literature review, 11329
student self documentation approach, educational program evaluation, gifted, 6793
training & testing & evaluation & time management & instructional design/development & student motivation & hardware, computer based training, literature review, 6880

Educational Program Planning

analytic & pragmatic & integrative approaches & values & ideals & principles & philosophy of education & psychopedagogical implications, environmental education, 6607
business & private & educational cooperation, career education in Colorado, kindergarten through 12th graders, 2016
complementary program & service system vs traditional team approach, development & implementation of individualized education programs, learning disabled & emotionally disturbed & educable mentally retarded elementary school students, 11268
development & cooperation & community effects & needs of career education programs, program coordinators, 2005
development & operation of diagnostic school program, children & adolescents with behavior disorders, literature review, 13644
developmental model for prescriptive educational assessment & programming, educationally subnormal children, 13637
free & appropriate special education & educational environments & individualized education programs & parent involvement in decision making, handicapped children, 4369
inservice training program, participation in Individual Educational Program decision making process, multidisciplinary team members, 11254
invitational education based on self concept theory, development of integrated counseling programs & evaluation of guidance & counseling services, 4425
learning need, educational program planning & evaluation, 11213
needs assessment procedure with student participation, guidance program planning, 4392
planning & techniques for health education in dense residential settings, health behaviors, aged, 1811
planning statewide educational programs & services for hearing impaired, 2111
problems in design & implementation & probable results of workplace health promotion programs, 2196
problems with implementation of multidisciplinary team approach, special education program planning & implementation, 11261
procedure for formulation of long term goals & short term objectives in individual education programs, students receiving special education services, 9047
programing & evaluating transfer of training, literature review, 6684
strategies for design & implementation & measurement of prevention research in service environments, tobacco use, 5th–6th graders, literature review, 11329
student behavior & characteristics & needs & program characteristics, public school physical education, disabled children, 11271
teacher self help Individualized Educational Programs rating scale, 9048
use of imagery in test construction & heuristic value of images evoked by free association personality assessment & development of educational programs to encourage independent thinking, 4787
utilization of student interests in planning college reading programs, 13586

Educational Programs [See Also Project Head Start]

application & evaluation of "Kids on Block" project, sensitization to needs of handicapped, students, Canada, 11205
child advocacy programs, US, 9935
college-level coursework as part of drug abuse treatment, subsequent education & employment, drug abusers, 8792
concerns about implementation & impact of Elementary & Secondary Education Act Title I programs, teachers, 4276
Decisions and Outcomes program, career maturity, 11th graders, 13578
definition & diagnosis & treatment, academic underachievement, 9–18 yr old students, UK, 5–10 yr followup, 4305
development of compensatory language programs, preschool age children, 2030
early outreach program, preparation for entry into health professions schools, disadvantaged & underrepresented minorities, 6623
educational techniques & programs & role of school counselor, self concept, Native American students, 13580
efficacy of anti-litter program, elementary schools, 13563
experience & attitudes toward slaughtering cattle & hogs & use of animals, college student work crew involved in cattle & hog butchering, 13621
Family & Child Resource Program, parent-child interaction, mothers aged 19–26 yrs & their 1.4–2 yr olds, implications for early child development, 11196
housing structure & minimal energy use before program, failure of educational program to reduce energy expenditures, low income aged females, 4565
human relations program, student intergroup relations & affect, students in desegregated elementary schools, 6620
individual characteristics & school environment & workshop characteristics, utilization of knowledge, educational personnel, 4257
Instrumental Enrichment program of R. Feuerstein, cognitive performance, retarded adolescent secondary vocational school students, experimental replication, 4358
kind of decision & amount of personal conflict & program content, use of evaluation information in decision making, school board members vs administrators, 11178
Magic Circle primary prevention program, self esteem & school attitudes, 3rd graders, 6789
model of innovative educational program in Texas detention center, 8753
neuropathophysiologic etiology & educational programs & evaluation procedures & implications for occupational therapy, autism, literature review, 8102
new conception of educational system, pedagogical & psychological & sociological aspects of student placement in secondary schools, Czechoslovakia, 9113
orientation program, adjustment to academic pressures & different organization of junior high school, 5th graders, 4312

preferences for higher education programs designed for older students, older people enrolled in Senior Auditor's Program at University of Colorado & older community residents, 4268
pregnancy & educational programs in child development & child care, adolescents, 1998
professional autonomy, senior nursing students from hospital diploma vs associate degree vs baccalaureate degree programs, 1933
proposal for university based children's center, educational bridge between cultural heritage appreciation & acquisition of cognitive skills necessary in modern urban society, Nigeria, 4285
remedial vocational & academic skills program, locus of control, 16–21 yr old disadvantaged high school dropouts, 8959
retrospective view of Family Development Research Program to break cycle of poverty & school difficulties, literature review, 4283
road-crossing behavior before vs after pedestrian training program, preschool children & their parents, 11222
Study of Mathematically Precocious Youth, identification & educational facilitation, mathematically gifted students, 1971–81, 6757
summer remedial reading program, self defeating & disruptive behavior & learning behavior, 1st graders, 2126
Title I programs, loss in achievement over summer months, students, 8978
Yehudi Menuhin School for meeting special needs, talented young musicians, 2136
Educational Psychologists [See Also School Psychologists]
dispute over educational psychologists' reports, parents, 13695
goal attainment scaling as technique to improve accountability, educational psychologists, 13523
project at systems level to help slow learners & identify teaching objectives & evaluate texts, educational psychologist trainees in secondary schools, 13640
publication & professional development, educational psychologists, criticism of D. Thompson & C. Lindsay's study, 13521
structure & operation & model of workshop series, improvement of teaching approaches, staff working with profoundly handicapped children, 11101
Educational Psychology [See Also School Psychology]
development of instructional psychology, literature review, 6540
educational psychology, literature review, conference proceedings, 8937
history & research trends, educational & child psychology, USSR, 9913
review of contributions of B. G. Ananiev to educational & developmental & sensory psychology, 11107
Educational Television
use of educational TV, teachers in Infants' Schools, England & Wales, 8969
Educational Therapy [See School Counseling]
Educational Toys
community self help program, construction of play materials for enrichment, 2.5–6 yr olds, Thailand, 6593
Edwards Personal Preference Schedule
personality & attitudes & needs measured by EPPS & androgyny scale & attitude toward rape scale, female 19–33 yr old state police recruits, 2261
personality traits, projection error in rating of personality traits of others & self, male raters with mean age of 30.2 yrs, implications for validation of EPPS, 6963
EEG (Electrophysiology) [See Electroencephalography]
Efferent Pathways [See Also Extrapyramidal Tracts]
afferent & efferent pathways of mesencephalic locomotor region, cats, 7373
amygdala electrical stimulation, 2-deoxyglucose uptake in hypothalamus & subcortical structures, male rats, 2958
ascending efferent projections to forebrain from midbrain periaqueductal gray, squirrel monkeys, support for hypothesis of periaqueductal gray as integrator of nociceptive & visceral & cognitive functions, 12111
axonal projections of excitatory vestibuloocular neurons & synaptic contacts with extraocular motoneurons, cats, implications for convergence movements, 485
command & pattern-generating cells for respiratory pumping, aplysia, 7358
descending efferent projections to brain stem & spinal cord from midbrain periaqueductal gray, squirrel monkeys, 12112
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of medullary dorsal horn nociceptors & other neurons, cats, 12211
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of lumbar spinal cord nociceptors & other neurons, cats, 12213
functional behavioral recovery & cortical reinnervation following early lateral olfactory tract section, golden hamster pups, 12238
intrastriatal dopamine injection, mapping of striatal efferent system by glucose utilization in striatum & projection nuclei & rotation, male rats, 9798
lesions of medial pontine reticular formation, apomorphine- & amphetamine-induced stereotyped head movements & turning, rats, 9749
levoglutamate microinjection into nucleus reticularis paragigantocellularis & raphe magnus nucleus, analgesia & inhibition by phentolamine & phenoxybenzamine & methysergide, male rats, 9855
motor cortex neurons having excitatory influence on spinal motoneurons of intrinsic hand muscles, monkeys, 9656
periocular electrical stimulation, nictitating membrane response & electrophysiological response of abducens nerve & nucleus & accessory abducens nucleus, rabbits, 7514
projections of oculomotor internuclear neurons to abducens nucleus, cats, 9647
repetitive electrical stimulation of cochlear nucleus vs reticular formation, elicitation & sensitization & habituation of startle-like responses & role of motor vs sensory reflex arcs, male rats, 574
spinal & trigeminal nociceptive mechanisms, literature review, 12083

Efficiency (Employee) [See Employee Efficiency]
Effort [See Energy Expenditure]
Ego
academic status & work experience & validity of J. E. Marcia's categorization system for ego identity, college students, Taiwan, 2069
actual vs ideal vs normative ego picture, 14–16 yr old bullies & their victims, 5420
body image boundaries, ego development, female 13–14 vs 15–16 yr olds vs college students, 888
characterization of archetypal masculine in Western myth & literature as development of ego consciousness & significance for females, 7662
concepts of self & ego & affects & drives, 8023
contributions of ego psychology to social work, 4056
death anxiety & ego strength & self esteem, male vs female college students, 8009
denial in fantasy, discussion of A. Freud's book "The Ego & the Mechanisms of Defence", 2345
development & construct & concurrent validities of scale to assess sense of identity, assessment of figural & mimetic & symbolic imagery, college students, 4736
discussions in Hampstead index, "The Ego and the Mechanisms of Defence", 9232
ego & moral development, adult graduate students, 3141
ego development as educational goal, 879
ego functioning similarities & nature of suicidal fantasies, neurotic & borderline & psychotic 6–12 yr olds, 5717
ego identity status in occupation & religion & politics & sex role, intimacy status, college-educated male vs female 21–35 yr olds, support for E. H. Erickson's theory, 1112
ego psychology & object relational theory, implications for politics, literature review, 1007
ego resiliency & control as sources of variance in MMPI profiles, 32–42 yr old males, 7041
ego state, "A" vs "B" clinical & counseling graduate students, 8908
elements of self psychology vs ego psychology, psychoanalytic treatment of personality disorders, 13185
formulations of J. Lacan, origins & functions of ego, literature review, 6934
friend vs stranger & single vs multiple instances of aid & ego- vs non-ego-relevant task dimensions, affect & self & helper evaluations, male college students, 5634
interactional psychotherapy, patients with ego pathology, 10731
link between M. Fordham's theory of deintegration of self & Jung's transcendent function of ego, 6947
MMPI & SCL-90 test results, clinical evaluation of patient ego strength & motivation for change, patients selected for short-term anxiety-provoking vs brief vs insight group therapy, 1541
moral judgment & ego strength & democratic orientation, students with mean age of 18.5 yrs, West Germany, implications for L. Kohlberg's model, 771

psychological measurement, ego functioning & object relations in borderline psychopathology, 4731
psychopathology as tactical reorganization of behavior & cognition & affect in defense of ego, conceptualization & treatment of catatonia, 21 yr old Black male catatonic, 8442
psychosomatic illness as defense for split in ego organization, 1448
regressive transference in psychotherapy, ego functioning & self symbolization, psychiatric patients, literature review, 1510
reliability & validity of J. Loevinger's sentence completion measure, theory & stages of ego development, literature review, 4792
social-energetic processes in group dynamics, ego function development & cerebral localization, 7995
source of anxiety & danger, orientation of processes of defense, discussion of A. Freud's book "The Ego & the Mechanisms of Defence", 2346
stage of ego development, acceptance of instructor's orientation to teaching, female preservice teachers, 6573
stages of ego development & dimensions of personal constructs, 15–51 yr olds, 3135
symbolic experiences of creativity vs body oriented ego experiences, evolution of ego-ideal during psychoanalysis, sexually impotent males, 8427
transference as expression of ego model, 13150
Egocentrism
egocentric bias & item content & length of relationship, agreement within couples about interactions, married couples & dating college student couples, 11566
self & other orientations, adult males vs females, 3435
self centeredness & long- vs short-term consequences & competitiveness vs cooperativeness & social status & intimacy, compliance gaining, college students, 5617
self interest & racial affect & stratification beliefs, affirmative action attitudes, Whites aged 18 yrs and older, 7843
socialization practices, moral endo- vs exocentrism, adolescent females, 3230
Egypt
epidemiology, drug usage, 15–22 yr old male technical school students, Egypt, 10085
factorial structure, Eysenck Personality Questionnaire, college students, Egypt, 114
Eidetic Imagery
eidetic imagery ability & memory for random shapes & IQ & reading ability, 8–9 yr olds, 7757
interference & illumination, visual retention & duration of phenomenal image, 12–14 yr old males with vs without eidetic imagery with equivalent visual memory capacity, 7741
Ejaculation [See Male Orgasm]
EKG (Electrophysiology) [See Electrocardiography]
Elavil [See Amitriptyline]
Elbow (Anatomy)
target location change, arm pointing movement RT & coordination of arm & shoulder movement, humans, 7437
Elected Government Officials [See Government Personnel]
Elections (Political) [See Political Elections]
Elective Abortion [See Induced Abortion]
Elective Mutism
epidemiology & clinical definition, elective mutism, literature review, 10424
evaluation & differential diagnosis & treatment & prognosis, elective mutism, profoundly deaf 26 yr old female, 10653
sociocultural intervention & psychomotor & play activity, elective mutism, 6 yr old female, 3856
therapeutic sand play, 27 yr old male schizophrenic & 13 yr old male elective mute, 10728
types of pathology & role structure & relation with society, families with child elective mutists, 5763
Electric Fishes
illumination & stimulus pattern, optomotor response, weak-electric mormyrid fishes, 7226
Electrical Activity [See Also Alpha Rhythm, Auditory Evoked Potentials, Cortical Evoked Potentials, Delta Rhythm, Evoked Potentials, Olfactory Evoked Potential, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]
action & summating potential & cochlear microphonic in response to clicks vs tones prior to & following exposure to tone, rats, implications for index of noise-induced auditory fatigue, 7370
age, circadian influence on hippocampal long term potentiation elicited by CA1 and area dentata stimulation, rats, 9601
amplitude of frequency-modulated pulses, auditory cortex neuronal response parameters, echolocating bats, 481
auditory syllable stimuli, evoked potentials & responses from thalamocortical axons vs cortical cells, monkeys, 2849
binocular deprivation during rearing & cortical lesions, single unit responses in lateral suprasylvian visual area of cortex, kittens, 7508
cellular responses from basal optic neuropil, newts, implications for control of optomotor reaction, 12110
chemical stimulation of taste receptors & visceral chemoreceptors, impulse activity of medulla oblongata, rats, 9678
chloramphenicol vs thiamphenicol, single unit activity in midbrain & pontine medial reticular formation during sleep, cats, 642
circadian rhythms, activity of serotonergic neurons in nucleus raphe pallidus, freely moving cats, 451
circadian rhythms in optic lobe neuronal sensitivity & locomotor activity, forager honey bees, 7390
complete basal undercutting of septum, hippocampus EEG, rabbits, 12225
concentration of taste stimuli, magnitude of neuronal discharge in parabrachial nuclei, male rabbits, 441
conscience field & cerebral activity, 7412
cyclic adenosine monophosphate-dependent protein kinase, input resistance & voltage-dependent potassium current in type B photoreceptors, nudibranch Hermissenda crassicornis, 5183
divalent magnesium & strontium & barium ion perfusion, hypersensitivity of dark adapted rods & comparison with calcium & magnesium & strontium, frogs, 9713
dorsal hippocampus injections of bethanechol chloride, behavior & limbic seizures & EEG & brain damage, male rats, 12326
early malnutrition, acquisition & maintenance of long term potentiation in hippocampus, adult rats, 9728
ECS, firing rates of catecholaminergic neurons in response to apomorphine, rats, implications for ECT for depression, 581
EEG recordings during writing task with left vs right hand, surface negative readiness potentials, right handed 20–35 yr olds, 12100
electrical brain stimulation, extensiveness & time course of decay of long term potentiation in limbic forebrain pathways, male rats, 9766
electrical brain stimulation, short term postactivation potentiation & frequency facilitation in limbic forebrain pathways, male rats, implications for short term memory mechanisms, 9767
electrical stimulation of cutaneous & muscle nerves & noxious vs innocuous mechanical stimulation of muscle & tendon & cutaneous tissues & intra-arterial algesic substance injection, ventroposterolateral nucleus responses, cats, 12216
electrical stimulation of mesencephalic reticular formation during various stages of sleep-waking cycle, perigeniculate neuron responses, cats, 7522
electrical stimulation of olfactory bulb, neuron responses in pyriform cortex, male rats, 7531
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of medullary dorsal horn nociceptors & other neurons, cats, 12211
EMGs & sensory nerve conduction velocities, 16–40 yr olds with Friedrich's ataxia, 10557
exposure to mercury, nerve conduction velocity & short term memory & intelligence & somatic disorders & vigilance & mood, industrial workers, 13086
eye movements to serially flashed targets & electrical stimulation of superior colliculus, neuronal activity in superior colliculus, rhesus monkeys, 7535
feeding & satiety & glucose injection, dopaminergic unit activity in substantia nigra, cats, 9675
fictive swimming, electrical activity of spinal cord myotomal motoneurons, frog embryos, 5096
firing patterns of reticulospinal neurons associated with 4-limb movement, thalamic cats, 7433
firing repertoires of hippocampal theta cells during motor behavior & slow wave activity, rabbits, 477
food change, cortical neuron activity during food acquisition, rabbits, 7377
GABA antagonist R-5135, epileptiform discharges & visual EPs & sedation & stereotyped behavior, rats pretreated with gamma-acetylenic GABA vs sodium valproate vs diazepam, 9839
guided forelimb movement, EMG activity in elbow extensor fast & slow motor units, cats, 7344
H-reflex recovery & nerve potential in sciatic nerve, 17–27 yr olds, 447
habituation of postsynaptic response to orthodromic stimulus, electroexcitable membrane excitation, turtles, 12118

hippocampal electrical stimulation, cingulate cortex unit activity, squirrel monkeys, implications for functioning of Papez circuit, 7517
hippocampal norepinephrine depletion, response of perforant pathway during electrical stimulation in slow wave sleep & while alert, male rats, 7491
hypokalemia & membrane resting potentials & CSF & plasma potassium levels & role of vasopressin in avoidance behavior, Brattleboro diabetes insipidus vs Long Evans rats, 2805
hypothalamic electrical stimulation, latency of sensorimotor cortex single unit activity during eyeblink conditioning, awake cats, 12222
in vitro electrical stimulation of corpus callosum, cingulate cortex cell responses & analysis of synaptic termination of callosal afferents with layer V neurons, male rats, 5173
inter- & intrahemispheric EEG activity before vs during vs after sleep, 20–37 yr old right handed males, 7350
intranight spontaneous electrodermal activity, male college students, 12086
level of steady vs modulated adapting light, retinal ganglion cell discharge rate, goldfish, 461
level of thirst & hunger, dorsal hippocampal electrical activity during operant choice of food vs water reinforcer, dogs, 9621
levo amino acids, evoked responses of chorda tympani fibers & generalization in conditioned taste aversion paradigm, rats, 5085
levo-amino acids, neural thresholds & chorda tympani nerve responses & preferences, male rats, 5084
limbic kindling, neural mechanisms & changes, animals, literature review, implications for human psychopathology & complex seizures, 7513
long duration odor exposure, single unit activity of olfactory bulb cells, rabbits, 436
long term apomorphine, sensitivity to apomorphine of dopaminergic substantia nigra vs neostriatal neurons, male rats, 682
measures of limbic & sensory system integrity, assessment of trimethyltin-induced dysfunction, rats, 12261
mechanical stimulation, reflex responses of single motor units in lower lip muscles, adults, 2833
methylphenidate, treadmill endurance & muscle contractions & nerve-muscle endplate & resting membrane potentials & acetylcholine release, male rats, 7623
monaural & binaural best-frequency stimulation, single unit responses in primary auditory cortex area AI, cats, 7533
morphine & icv 6-hydroxydopamine lesions of limbic vs caudate areas, unit activity in noradrenergically innervated limbic areas, male rats, 9723
morphine & phenobarbital vs chloral hydrate anesthesia, globus pallidus unit activity, rats, 9840
morphine vs met-enkephalinamide & naloxone, responses of substantia gelatinosa & deep dorsal horn neurons to noxious cutaneous stimulation, anesthetized vs unanesthetized cats, 7619
multichannel leasing of unit activity in chronic experiment, 2375
neuromagnetic localization of epileptiform spike activity, child & adult with focal seizure disorders, 1330
neuronal activity in area 5 of postcentral cortex during simple movement of contralateral forearm before vs after deafferentation, monkeys, 474
neuronal activity in caudate nucleus during formation of inhibitory CRs, cats, 7410
non-specific afferentation, neuronal activity in sensorimotor cortex, rabbits, 2960
noxious radiant heating of hindfoot skin, inhibition of dorsal horn responses by medial preoptic & septal stimulation, cats, 434
number memorization, dynamics of neuronal response patterns in brain, patients with parkinsonism & epilepsy & craniocerebral trauma, 12102
optokinetic stimulation, neuronal activity in pontine gray, monkeys, 7392
organophosphate pesticides, open field activity & rotorod performance & conditioned escape & nerve conduction velocity & blood & brain cholinesterase levels, rats, 12293
parachlorophenylalanine, electrocortical synchronization following acute midbrain reticular deactivation, cats, 9727
phencyclidine, pyramidal cell discharges on hippocampus, rats, 3091
physiological dynamics of very slow processes in cortex & deep brain structures, 7386
poststimulus histograms transformation, optimal revealing of neuron response, 2820
prefontal system kainic acid lesions, prefrontal system activation patterns, male rats, 9776
presentation of aversive taste vs medial forebrain bundle rewarding stimulation as CS, unit activity in gustatory cortex & amygdala & hypothalamus, rats with conditioned taste avoidance, 9625
probabilistic structure of surroundings in neuronal activity of visual cortex, rabbits, 2844
proglumide, blockade of cholecystokinin's excitatory effects on midbrain dopaminergic neurons & dopamine-sensitive prefrontal cortex cells, male rats, 12253
prolonged adaptation to high contrast moving sinusoidal gratings, relation between response amplitude of striate cortex neurons & stimulus contrast, cats, 9630
relevance of kindling in etiology & carbamazepine treatment, affective illness, 13296
response of cells in nucleus reticularis thalami to peripheral stimulation, chronic awake cats & monkeys, 578
role of mesolimbic dopamine system, feeding response evoked by medial forebrain bundle electrical stimulation, male rats, 5162
sciatic & saphenous nerve transection, left dorsal horn neuronal activity, cats, 7547
seismic sensitivity in auditory/vestibular nerve axons, American bullfrogs, 457
serotonin application, cerebral cortex electrical activity, rabbits, 12098
simulated echolocation pulse trains, single & multiunit auditory cortex neural activity, bats, 482
sinewave/square wave light flicker, retinal horizontal cell responses, cats, support for neuron classifications of H. Foerster et al, 9653
single neuron activity during operant behavior guided by multimodal cues for food intake, functional properties & heterogeneity of neurons in dorsolateral prefrontal cortex, monkeys, 7346
sinusoidal amplitude modulation of white noise, temporal tuning of single auditory nerve fibers, leopard frogs, 9669
sleep & wakefulness & orienting responses & sensory habituation, substantia nigra dopaminergic unit activity, freely moving cats, 7441
sleep-wakefulness cycle, electrocortical activity of prepyriform cortex vs neocortex, rats, 470
slow electrical activity of thalamo-cortical region & psychophysical characteristics, discrimination of light flash intensity, healthy Ss vs psychopathics vs simple schizophrenics, 10385
slow wave sleep vs wakefulness, EEG activity in solitary tract nucleus region, cats, 443
specialized pattern of electrical activity in pharyngeal muscles, mollusc-eating sunfish, 9645
spectral response curves of cones & quantitative relation with color opponent response of horizontal C-cells, walleye, 12081
spike activity of neighboring visual cortex neurons, awake cats, 12122
spike amplitudes & reactions of hippocampal neurons during self stimulation, 2946
spontaneous cortical unit activity & statistical relation to EEG in sensorimotor & visual cortices during orienting response & extinction & conditioned electrodefensive reflex, waking rabbits, 9640
spontaneous decline in activity of noradrenergic cells in locus ceruleus, 3 vs 10 vs 22 mo old rats, 2809
spontaneous electromyelogram activity, patients with central vs peripheral nerve disorders, 8297
stage of sleep-wake cycle, membrane potential of lateral geniculate body relay neurons, cats, 7383
stimulation & movement, unit activity in head of caudate nucleus & anterior putamen, male rhesus monkeys, 9668
technique for electrical stimulation of single afferent fibers in dorsal roots & analysis of stimulation frequency effects on excitatory postsynaptic potential amplitude in motor neurons, cats, 11581
testosterone propionate vs estradiol, neuronal response in lateral hypothalamus, male rats, 3066
thalamic rhythms during quiet wakefulness & immobility, cats, 9622
UCS shock following sensory neuron spike activity, presynaptic amplification of differential facilitation of excitatory postsynaptic potentials in neural circuit for classically conditioned siphon withdrawal reflex, aplysia, 5070
variation in on-off response, frog retinal ganglia cells, 5054
vasopressin, firing rate of hippocampal & hypothalamic neurons, normal vs Brattleboro rats, literature review, 3015
visual cue-mediated forearm movement vs withholding of movement, premotor cortex unit activity, male rhesus monkeys, 9683
voltage response changes during retention of associative learning of eye photoreceptor cells, mollusks, 489

Electrical Brain Stimulation
ablation of reciprocal connections between pulvinar-lateralis posterior nucleus complex & cerebral cortex, electrical stimulation induced turning response, cats, 12190
age, circadian influence on hippocampal long term potentiation elicited by CA1 and area dentata stimulation, rats, 9601
amygdala electrical stimulation, 2-deoxyglucose uptake in hypothalamus & subcortical structures, male rats, 2958
anodal polarization of parietal cortex, latent period of salivation as measure of individual characteristics of experimental Ss, dogs, 9763
atropine vs benztropine vs diphenhydramine, haloperidol-induced reduction of locomotor activity & intracranial self stimulation, male rats, 3009
backward conditioned reflex to electrical stimulation of visual cortex, neuronal responses, cats, 7409
bilateral polarization of visual cortical area 18, visual cortex interhemispheric relations between symmetrical dominant foci, cats, 9759
bipolar electrical stimulation of mesencephalic reticular formation & sensorimotor cortex, neocortical evoked responses & spike activity during motor startle response, waking rabbits, 9768
bromocriptine, reversal of brain self stimulation deficits induced by substantia nigra dopamine depletion, rats, implications for evaluating antiparkinson drugs, 9800
caudate nucleus head stimulation in right vs left hemispheres, EMG & mechanographic components of instrumental avoidance reflex associated with posture maintenance, dogs, 5170
caudate nucleus stimulation, differentiation of acoustic signals in defensive situations, dogs, 12220
CS preexposure with vs without low-level hippocampal vs cortical stimulation, latent inhibition in classical conditioning of nictitating membrane response, rabbits, 2957
delta-sleep-inducing peptide & electrical stimulation, resistance to acute emotional stress, male rats, 9752
dextroamphetamine, long term potentiation of dentate granule cells produced by perforant path stimulation, male rats, implications for neurobiological basis of memory, 2913
discriminant analysis of localization of electrodes in hypothalamus to induce fights, male rats, 7527
early malnutrition, acquisition & maintenance of long term potentiation in hippocampus, adult rats, 9728
efficacy & advantage of electrical brain stimulation as reinforcement in operant conditioning, rats, 2693
electrical brain stimulation, extensiveness & time course of decay of long term potentiation in limbic forebrain pathways, male rats, 9766
electrical brain stimulation, short term postactivation potentiation & frequency facilitation in limbic forebrain pathways, male rats, implications for short term memory mechanisms, 9767
electrical stimulation & cooling of locus ceruleus & cryolesion of nucleus raphe dorsalis, induced NREM sleep & REM sleep & wakefulness, cats, 2911
electrical stimulation of amygdala vs hippocampus following aversive 1-trial learning, memory modification, male rats, 9760
electrical stimulation of caudate nuclei & dentate nucleus lesions, prolongation of latencies of acoustically & visually signaled lateralized operant reaching, male rats, 7503
electrical stimulation of fastigial nucleus of cerebellum, regional cerebral blood flow secondary to vs independent of increased local cerebral metabolism, male rats, 7530
electrical stimulation of hypothalamus & nucleus locus ceruleus & dorsal & median raphe nuclei, acquisition & extinction of operant task, rats, 5172
electrical stimulation of mesencephalic reticular formation during various stages of sleep-waking cycle, perigeniculate neuron responses, cats, 7522
electrical stimulation of olfactory bulb, neuron responses in pyriform cortex, male rats, 7531
electrical stimulation of optic nerves, sleep, tortoises, implications for active hypnogenic system, 583
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of lumbar spinal cord nociceptors & other neurons, cats, 12213
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of medullary dorsal horn nociceptors & other neurons, cats, 12211
electrical stimulation of visual cortex, phosphene formation, patients with brain tumors, 8342
evaluation of language function by Wada Test & cortical stimulation & clinical examination, 23–45 yr old Chinese- & English-speaking polyglots with aphasia or dysphasia, 3749
eye movements to serially flashed targets & electrical stimulation of superior colliculus, neuronal activity in superior colliculus, rhesus monkeys, 7535
eye position changes caused by electrical stimulation of superior colliculus, eye movements, monkeys, 7534
formation & therapeutic application of artificial stable functional brain connections, dynamics of very slow fluctuations of brain potentials, 40–50 yr olds with rigid tremulous form of Parkinson's disease, 13096
haloperidol vs fentanyl vs chlordiazepoxide, decrease in intracranial self stimulation & comparison with studies varying stimulation intensity, male rats, 9756
hippocampal electrical stimulation, cingulate cortex unit activity, squirrel monkeys, implications for functioning of Papez circuit, 7517
hippocampal stimulation during delayed spatial matching-to-sample training, long- vs short-term retention, male rats, 2947
hypothalamic electrical stimulation, latency of sensorimotor cortex single unit activity during eyeblink conditioning, awake cats, 12222
hypothalamic stimulation prior to CS-UCS pairing, rate of acquisition of eyeblink CR, cats, 12215
icv arginine vasopressin fragments vs oxytocin vs oxytocin fragments, pressor response & bradycardia induced by electrical stimulation of mesencephalic reticular formation, male rats, 5251
in vitro electrical stimulation of corpus callosum, cingulate cortex cell responses & analysis of synaptic termination of callosal afferents with layer V neurons, male rats, 5173
ip apomorphine & clonidine or 5-methoxy-NN-dimethyltryptamine, approach & escape reactions induced by hypothalamus or mesencephalic central gray stimulation, BALB/c vs DBA/2 mice, 2909
iv phenoxybenzamine vs phentolamine vs yohimbine, heart rate deceleration induced by hypothalamic electrical stimulation, rabbits, 7582
kindled seizures, tail withdrawal vs single vs multiple squeaks as measure of pain sensitivity & blockade by naloxone, male rats, 2360
level of spatial synchronization of cortical potentials, spread of evoked responses to electrical stimulation in isolated strip vs intact cortex, rabbits, 7520
locus of noxious stimulation in midbrain, location of somatic stimulation-produced analgesia, male rats, 580
measures of limbic & sensory system integrity, assessment of trimethyltin-induced dysfunction, rats, 12261
medial thalamic nuclei stimulation, visual cortex excitation, guinea pigs, 12209
morphine, reward facilitation for shuttlebox self stimulation of various brain sites at threshold vs suprathreshold current levels, rats, 9765
naloxone, escape thresholds for electrical stimulation of mesencephalic reticular formation, male rats, implications for pain modulation, 9746
naloxone, feeding induced by hypothalamic stimulation, male rats, 7569
naltrexone blockade of opiate receptors, voluntary running & hypothalamic self stimulation, female hamsters, implications for endogenous opiate mediation of motivated behaviors, 9846
neostriatal dopamine depletion & reinnervation by grafting of embryonic substantia nigra vs isotopic cortex, striatal intracranial self stimulation, female rats, 5152
neural mechanisms underlying aggressive behavior as revealed by intracerebral glutamic acid microinjections vs electrical brain stimulation procedures, literature review, 5056
norepinephrine &/vs electrical brain stimulation, food intake, male rats, 12187
nucleus raphe magnus lesions, disruption of dorsal vs ventral medial midbrain stimulation-elicited analgesia, male rats, 9743
pairing of electrical CS to lateral geniculate with food UCS, changes in late components of EPs in motor & sensorimotor & visual cortex, cats, 9761
parachlorophenylalanine-induced depletion of 5-HT levels, depression of self stimulation, male rats, 3031
peripheral epinephrine & drug & hormonal & electrical stimulation of amygdala & adrenal medulla, memory, literature review, 12196
peripheral pimozide vs nucleus accumbens alpha-flupenthixol, lateral hypothalamic self stimulation using reward summation function technique, male rats, 12320
pimozide, effect of priming medial forebrain bundle stimulation on runway performance & reward preference, male rats, 3103

pimozide, leverpress vs wheel running responses for brain stimulation reinforcement, male rats, 9715
pimozide, runway & Skinner box performance rewarded with electrical stimulation of medial forebrain bundle in hypothalamus, male rats, 3025
pimozide, 2-deoxyglucose autoradiographic analysis of neural system activated by rewarding stimulation of medial forebrain bundle, rats, 3030
presentation of aversive taste vs medial forebrain bundle rewarding stimulation as CS, unit activity in gustatory cortex & amygdala & hypothalamus, rats with conditioned taste avoidance, 9625
repetitive electrical stimulation of cochlear nucleus vs reticular formation, elicitation & sensitization & habituation of startle-like responses & role of motor vs sensory reflex arcs, male rats, 574
role of catecholamines in intracranial self stimulation, rats, literature review, 7509
role of limbic mechanisms & cortical reward areas in reinforcement in associative learning, rats, 7382
role of mesolimbic dopamine system, feeding response evoked by medial forebrain bundle electrical stimulation, male rats, 5162
self administration of electrical brain stimulation & relationship with neuropsychophysiological & psychopharmacological bases of motivated behavior, literature review, 575
sensorimotor cortex stimulation, inhibition of nociceptive spinothalamic tract cells, macaques, replication of study by K. D. Gerhart et al, 7540
single cell electrical stimulation in dorsal lateral geniculate nucleus & optic radiation & nerve, response latency, cats with strabismus, 7523
spectral-correlation analysis, frequency parameters of premotor & motor & parietal & visual cortices during induced development of single postural focus, rabbits, 9764
stimulation of ipsilateral vs contralateral ventral posterior lateral thalamus nucleus, inhibition of spinothalamic tract neurons in lumbosacral enlargement & role in analgesia, macaques, 7524
stimulation of mesencephalic periaqueductal gray & nucleus raphe magnus, serum prostaglandin E levels, rats, 579
stimulation of orbital cortex at frequencies of 1 vs 100 Hz, CR latency & volume of spontaneous vs conditioned salivation, dogs, 7363
stimulation of paleocerebellar cortex, rate of synthesis & release of catecholamines at limbic sites, cats, 7519
stimulation of perforant pathway as CS, conditioned avoidance, male rats, 2955
stimulation of thalamocortical pathways as CS & antidromic activation of pericruciate pyramidal tract cells as UCS, cortical motor neuron activity, cats, 2954
strength-duration characteristics, reward-related neurons electrically stimulated in lateral hypothalamus & ventral periaqueductal gray, rats, 576
tailshock with vs without preceding stimulation of central gray of midbrain, target biting, male rats, 5169
temporal schedule of pulse train of self vs experimenter administered stimulation, learning, male rats, 5010
testosterone, electrically induced medial preoptic/anterior hypothalamic & arcuate/median eminence & medial forebrain bundle neuronal responses, intact vs castrated male rats, gonadotropin release & sexual behavior implications, 9729
thalamic stimulation, delta activity & spindling, implications for slow-wave sleep development, 12212
transfer of reduced stimulation-produced analgesia between brain stem sites, male rats, 7539
unilateral cortical-spreading depression, retrograde amnesia during conditioned suppression, rats, implications for memory confinement vs generalization decrement, 12219
unilateral forebrain ablation, ipsilateral hypothalamic stimulation reward, male rats, 2991

Electrical Injuries
cerebral & psychiatric effects of electrical brain injury, 23 yr old male, 10599

Electrical Properties (Skin) [See Skin Electrical Properties]

Electrical Stimulation [See Also Electrical Brain Stimulation, Electroconvulsive Shock]
auditory & visual somatosensory & supraorbital nerve electrical stimulation EPs, diagnosis, 14–69 yr old multiple sclerosis patients, 13039
auditory &/vs electrodermal stimulation, EPs in auditory & sensorimotor & visual cortices, cats, 7518
behavioral measurement, UCR to footshock, rats, 582
body locus & electrode configuration & stimulus waveform & pulse duration, thresholds for detection of electrocutaneous stimulation, male adults, 7525
brief intracellular stimulation by electric current, neuron pacemaker, 12218
ceruletide vs pentazocine dosages & naloxone mediated reversibility, threshold & tolerance to electrical & thermal cutaneous pain, 19–37 yr olds, 7624
clinical bone vibrator vs piezoceramic accelerometer, production of bone conducted tone bursts & bone vibration, 9260
constant-current &/vs constant-voltage shock, skin resistance & S rating of intensity, college students, verification of preparatory-response hypothesis, 2884
electrical acupuncture vs fentanyl vs nitrous oxide, event related potentials during painful tooth pulp stimulation, 19–40 yr old males, 7490
electrical limbic stimulation & testosterone & amphetamine & apomorphine & haloperidol, sexual drive, adult male cats, 9712
electrical nerve stimulation of brachial plexus, linear positioning performance, right handed college students, 2950
electrical stimulation of frontal eye fields, eye movements, marmosets & squirrel monkeys, 573
electrical stimulation of individual command neuron, formation of defensive reaction of closing pneumostome, snail, 2952
electrical stimulation of mesostriatal dopamine system & gonadectomy & estrus cycle, rotational behavior, male vs female rats, 561
electrical stimulation of peripheral stump of cervical sympathetic nerve, modulation of units innervating periodontal mechanoreceptors, rabbits, 7532
electrical stimulation of tooth pulp, cortical evoked potentials, cats, 2956
electrical stimulation of tooth pulp, qualities of sensations, 18–34 yr olds, 2948
electroacupuncture & transcutaneous nerve stimulation, blink reflex, 21–33 yr olds, 2959
electroacupuncture, analgesia, rabbits, 7526
evoked potentials of dorsal hippocampus before vs after tetanization of medial septum & dentate fascia, rabbits, 2951
hippocampal norepinephrine depletion, response of perforant pathway during electrical stimulation in slow wave sleep & while alert, male rats, 7491
intensity & duration of hindlimb electrical stimulation & spinal cord transection, spinal reflex, rats, 2941
intensity of electrical stimulation of tooth pulp, magnitude estimates of intensity of sensation & evoked potentials, 25–34 yr olds, 2949
limbic kindling, neural mechanisms & changes, animals, literature review, implications for human psychopathology & complex seizures, 7513
lipreading &/vs electrical stimulation using wearable speech processor & multiple-channel cochlear implant, perception of consonants in VCV context, 49 yr old male with total bilateral deafness, 6297
low frequency filter, short latency somatosensory EPs to median nerve stimulation, normal Ss, 7405
MMPI, prediction of treatment response to electrical spinal epidural stimulation, patients with chronic pain or movement disorders, 7006
neuropeptide memory modulators, retrograde & anterograde amnesia & learning before vs after electric shock, rats, 9738
orientation & physical separation & body locus of electrodes, temporal order thresholds for brief electrical stimuli, male adults, 7528
peripheral nerve stimulation, analgesia, cats, implications for human neural mechanisms, 7536
prolonged electrical stimulation of peripheral nerve, naloxone-reversible inhibition of flexion reflex, cats, 7516
repetitive trigeminal & acoustic & visual stimuli & interstimulus interval, habituation of blink reflex, 20–30 yr olds, suggestions for role of interneurons, 2837
response of cells in nucleus reticularis thalami to peripheral stimulation, chronic awake cats & monkeys, 578
shock intensity, activity burst & subsequent freezing, female rats, 7521
single impulse type 1 cutaneous afferent fiber conditioning stimuli, temporal changes in dorsal spinal neural network excitability, cats, 7537
spatial distribution of electrically stimulated neurons in visual cortex, guinea pig, 7515
spatially oriented attention, facilitation of H reflex by electrical cutaneous stimulus, students, 9762

spiral ganglion cell populations, discrimination of electrical pulse rate & amplitude following cochlear stimulation, deafened cats, 9771
stimulation of posterior tibial nerve, somatosensory EPs, 18–42 yr olds, 9769
tailshock, formation of gastric lesions, rats bred for high vs low alcohol sensitivity, 12214
tailshock with vs without preceding stimulation of central gray of midbrain, target biting, male rats, 5169
technique for electrical stimulation of single afferent fibers in dorsal roots & analysis of stimulation frequency effects on excitatory postsynaptic potential amplitude in motor neurons, cats, 11581
temporal pattern of chronic neuromuscular stimulation, acceleration of synapse elimination at neuromuscular junction, neonatal rats, 12221
time interval & body locus & electrode configuration, perceived distance between brief electrical stimuli, male adults, 7529
transcutaneous electrical nerve stimulation, acute orofacial pain, 19–54 yr old dental surgery patients, 10907
2-electrode cochlear stimulation, perceptual dissimilarities, deaf, 10643
Electro Oculography
darkness vs illumination, horizontal eye position & corneo-retinal potential at electrooculographic registration of saccadic eye movements, humans, 7365
diagnostic utility of clinical vs electro-ophthalmological vs psychophysical findings, 15 & 16 & 29 yr olds with acquired color vision deficiencies, 1385
electrodermal & electro oculographic activity during hypnagogic state, male college students, 521
electrooculography, prediction of saccadic eye movements with induced fixation errors in learning, humans, 6961
sleep patterns & electrophysiological characteristics & vigilance, Ss with idiopathic CNS hypersomnolence, 5972
smooth pursuit eye movement velocity assessed by computerized EOG technique, 19–31 yr olds, 1462
Electrocardiography
amitriptyline vs tranylcypromine therapy, EKG parameters, 22–57 yr old psychiatric patients, 10876
anticipatory stress, heart rate & blood pressure & T-wave amplitude, male college students, 5138
blood pressure & time interval from EKG Q-wave to radial pulse wave & cardiac pre-ejection period & aortic-radial arterial pulse transit time, male medical & graduate students, implications for indices of blood pressure change, 2870
competitive socioeconomic games, aggressive behavior & EKG responses, Type A vs Type B college students, 12746
GSR & EKG during response to Rorschach cards, asthmatic vs nonasthmatic Ss, 10571
work stress & neuroticism, ectopic beats, ships' pilots, 8285
Electroconvulsive Shock [See Also Electroconvulsive Shock Therapy]
age, ECS-induced wet-dog shakes & face washing, preweaning vs older rats, 2953
ECS, firing rates of catecholaminergic neurons in response to apomorphine, rats, implications for ECT for depression, 581
ECS vs antidepressants, beta-adrenergic & serotonin-2 receptor binding sites, male rats, 12192
pretraining ECS vs cycloheximide, amnesia of passive avoidance conditioning induced by cycloheximide vs ECS, male rats, 7496
signal shock interval & signal duration & shock intensity, aversive value of signaled vs unsignaled tailshock, male rats, 11951
Electroconvulsive Shock Therapy
attitudes toward ECT, patients & therapists & staff, 3804
bilateral vs unilateral ECT, endogenous depression, patients with mean age of 50.6 yrs, 6048
chlorpromazine at 2 levels with vs without ECT, treatment response, 15–45 yr old hospitalized acute schizophrenics, 3795
curing properties of electrotherapeutic treatment & therapeutic process as defined by S. Ferenczi, 1478
cytidine-5-diphosphate-choline, memory impairment induced by ECT, inpatients with endogenous depression, 1625
dexamethasone suppression & thyrotropin-releasing hormone test results & response to tricyclic antidepressants &/vs ECT, inpatients with major depressive disorder with mean age of 46 yrs, 10672
dexamethasone suppression test, prediction of ECT outcome at discharge, patients with major depression, 8367
DSM-III criteria & dexamethasone suppression test, prediction of response to drug therapy & psychotherapy & ECT, depressed inpatients with mean age of 71.2 yrs, 10714
ECT & antidepressant drug therapy & psychotherapy, suicidal patients, 3802
ECT & drug therapy as biological approach, depression, 10660
ECT, arginine vasopressin release, 27–76 yr old endogenously depressed females, 10713
ECT, depression, aged, 1496
ECT, depression associated with neurosyphilis, 67 yr old female, 1494
ECT in psychiatry, case of J. Doe v G. C. Aden & M. B. Campbell as example of individual's freedom to select treatment, Romania, 13100
ECT, memory, literature review, 1492
ECT, memory problems, depressed 17–68 yr olds, 3-yr followup, 8407
ECT, plasma immunoreactive beta-endorphin levels, 40–87 yr old unipolar major depressives, 6049
ECT, pseudodementia, 28–65 yr old females, 6050
ECT waveform & number of treatments, memory impairment, literature review, 10668
ECT, 21 yr old depressed female with cerebral cortical laceration due to self inflicted gunshot wound, 10706
electrode placement & stimulus wave form of ECT, autobiographical memory impairment, depressed males with mean age of 58.5 yrs, 8370
electrode placement, verbal memory deficits & retrograde amnesia following ECT, literature review, 10667
elevated serum anticholinergic drug levels, post-ECT confusional states, 17–76 yr old depressed patients, 10697
number of ECT treatments & sine vs pulse ECT & electrode placement, recovery of person & place & time orientations, literature review, 3787
previous puerperal admissions & delusions & use of ECT, patients with puerperal mental illness, 1799
release from proactive interference & capacity for semantic encoding & temporal order judgments, patients with Korsakoff's syndrome vs verbal amnesia vs affective disorders & receiving ECT, 3761
risks & indications & therapeutic mechanisms, ECT, 10663
unilateral vs bilateral ECT, memory impairment, review of studies, 6068
voltage threshold & interpulse interval & pulse polarity of ECT, 19–87 yr old psychiatric patients, 1495
Electrodermal Response [See Galvanic Skin Response]
Electrodes
electrode placement, verbal memory deficits & retrograde amnesia following ECT, literature review, 10667
Electroencephalography [See Also Alpha Rhythm, Delta Rhythm, Theta Rhythm]
ACTH vs glucocorticoid treatment, EEG & Tree Test performance, 53 yr old female with isolated ACTH deficiency, 13276
acute low-level exposure to organic solvents, CFF & vigilance & psychomotor performance & EEG, humans, 5252
acute vs chronic levo-eburnamonine, EEG & neuropsychological effects, 49–75 yr old patients with chronic cerebrovascular disorders, 1651
age differences & geographical location, EEG recordings of slow posterior activities, patients, Brazil, 5706
aging, EEG sleep patterns, depressed patients, 10387
auditory evoked potentials vs sensitive performance measures vs EEG, assessment of excessive daytime sleepiness & drowsiness, untreated 19–65 yr olds with narcolepsy cataplexy, 3687
benzodiazepines & zopiclone, physiological & subjective & cognitive & motor performance correlates of drug response & plasma concentrations, patients, 10831
binocular presentation of light flash, intertrial EP variance, human Ss, 2847
biofeedback, neuroleptic-like EEG changes, schizophrenics with mean age of 45.4 yrs, 8537
biofeedback, regional EEG desynchronization, 16–17 yr olds, 524
biological electromagnetic resonance-field interaction with external factors, implications for biophysics & biocybernetics & bionics & ESP, 495
characteristics & results of EEG studies, learning disabilities, 5889
cholecystokinin, EEG activity & ingestion & rest behavior & sleep during vs after feeding, male rats, 7604
cortical slow potential shifts, choice RT, college students, 2816
delta-9-tetrahydrocannabinol, EEG & EEG power spectra, female rats, 624
dextroamphetamine & nembutal & alpha-methyl-tyrosine & parachlorophenylalanine, sleep-related spike activity & ventral hippocampus spikes, tortoises vs cats, implications for spike potentials as common electrophysiological signal of sleep, 12275
diazepam & carbamazepine & valproic acid & phenobarbital & pentobarbital, NREM sleep EEG, female monkeys, 9674

diazepam vs phenobarbital vs placebo, EEG & attention test performance & mood, 30–50 yr old male alcoholic inpatients, 1665
dorsal hippocampus injections of bethanechol chloride, behavior & limbic seizures & EEG & brain damage, male rats, 12326
dynorphin, motor functions & EEG, male rats, 704
EEG & clinical correlates, outcome of pharmacotherapy, acute schizophrenics, 1198
EEG & vegetative manifestations in stressful situations, manic depressive patients in depressed phase, 1176
EEG characteristics, patients with head injuries, 8346
EEG during auditory vigilance task, 19–65 yr old narcoleptics vs 22–65 yr old normals, 10647
EEG, educable mentally retarded 10–13 yr olds, 10519
EEG recording triggered at onset vs offset of saccadic eye movements, Lambda response, 26–30 yr olds, 5103
EEG sensorimotor biofeedback training, asthmatic 6 yr old, 8541
EEG sleep, outpatients with generalized anxiety vs depression, 12856
EEG sleep patterns & REM activity, 54–84 yr olds with dementia vs depression, 8080
EEG sleep patterns, 33–65 yr old primary depressives, 3567
EEG slow frequency & WISC-R Verbal & Performance IQs, 9–14 yr olds, implications for detection of learning disabilities & behavior problems, 3487
EEG spectral analysis, measurement of alertness, 7407
EEG studies, psychophysiology of waking fantasy, literature review, 2848
emotional power of stimulus words, latency & variety of associative response & EEG responses, 22–30 yr old college students, 5068
FI operant conditioning, EEG parameters & relationship to response timing, dogs, 9557
field dependence & handedness strength & EEG, right vs left handed Ss, reanalysis of K. P. O'Connor & J. C. Shaw's data, 5145
field dependence & handedness strength & EEG, right vs left handed Ss, reply to data reanalysis by P. Zoccolotti, 5135
field dependence, EEG coherence, 25–65 yr old females, 5130
formation & therapeutic application of artificial stable functional brain connections, dynamics of very slow fluctuations of brain potentials, 40–50 yr olds with rigid tremulous form of Parkinson's disease, 13096
functional localization of epileptogenic lesions for purposes of surgical resection & brain research, literature review, 10574
glue sniffing, persistent visual hallucinations & abnormal EEG & delayed visual EPs, 16 yr old male, 8181
hypnotic revivification of seizures, EEG patterns, 60 yr old male, 7214
hypothalamic chlorpromazine vs chlordiazepoxide vs tricyclic antidepressants vs atropine vs norepinephrine vs serotonin, antimuricide & catalepsy & cortical EEG, male rats, 12273
inter- & intrahemispheric EEG activity before vs during vs after sleep, 20–37 yr old right handed males, 7350
interpretations of EEG, violent male who was guillotined, 7922
interstimulus interval of short tone bursts, scalp distribution of auditory vertex response & magnetic counterpart, 21–39 yr olds, 2826
lithium therapy, EEG, patients with affective & schizoaffective psychoses, 10872
measured mental load involving visual stimulus discrimination, EEG changes, 29–40 yr olds, 7480
multivariate analysis, personality & language & EEG, males, 7431
neocortical & hippocampal EEG, spontaneously immobile vs hypnotized rabbits, 490
neurological condition at birth, visual evoked potentials & electroencephalogram, 5 yr olds, 786
neurological examination vs cerebral computed tomography vs EEG, diagnosis of cerebral atrophy, 25–65 yr old patients, 8303
nocturnal EEG measures of sleep continuity & architecture & REM sleep, narcoleptics vs patients with endogenous depression, 5718
noninvasive recording method, click-evoked electrocochleogram, 5063
optimal EEG coherence in intercentral relations & spatial organization, evaluation of sleep-wakefulness & pathological states of brain, normal Ss vs brain lesioned patients, 9634
placebo-induced hysterical aphasia & pseudoseizures & coma, neurobehavioral & EEG reactions, female in her mid-20's, 5779
psychoacoustic tuning curves & averaged EEG responses, 10 yr old female with sensory neural hearing loss, 3707
rest vs motor activity, EEG amplitudes, monozygotic vs heterozygotic twins, 5047
role of healer vs patient, EEG power during psychic healing, adult male, 2312
sarin exposure, EEG, monkeys & industrial workers, 12999
serotonin antagonist, duration of EEG slow wave sleep, 44–69 yr old poor sleepers, 3953
sleep & EEG & mental function changes, patients with senile dementia of Alzheimer's type, 10633
sleep characteristics of depression & EEG sleep changes in response to antidepressants, depressed patients, 1182
sleep disturbances assessed by EEG vs O ratings, patients with endogenous vs nonendogenous depression, 5753
sleep EEG recordings, neonates & infants & young children, 775
sleep patterns & electrophysiological characteristics & vigilance, Ss with idiopathic CNS hypersomnolence, 5972
sleep-induced paroxysmal EEG abnormalities & changes in localized cerebral blood flow, 25–67 yr old males with complex partial seizures, 3708
slow eye closure self induced epileptiform activity, preceding EEG spectral characteristics, 13–26 yr old epileptics, 8351
slow wave sleep vs wakefulness, EEG activity in solitary tract nucleus region, cats, 443
spectral analysis of EEG in neuronally isolated brain cortex, rabbits, 2813
spectral-correlation analysis, frequency parameters of premotor & motor & parietal & visual cortices during induced development of single postural focus, rabbits, 9764
spontaneous pulvinar nucleus EEG & changes during perceptual motor processes, males undergoing stereotaxic operations, 1703
system of recording EMG & EEG & respiration, operators, 2365
viewing of happy vs sad videotaped facial expressions, asymmetrical brain activity, 10 mo olds, 3134

Electrolytes [See Also Calcium Ions, Chloride Ions, Magnesium Ions, Potassium Ions, Sodium Ions]

buccal ganglion intracellular injections to decrease hydrogen ion concentration, potentiation of slow inward current, snails, 7374
ethanol concentration, blood oxygen & carbon dioxide & pH & respiration rate, long sleep & short sleep mice, 7590

Electromyography

auditory stimulation, loss of muscle tone & H reflex inhibition during NREM sleep, 15–40 yr olds, implications for effects of epileptic spikes, 9628
autogenic vs EMG vs autogenic thermal biofeedback, migraine headache, 5-yr study, 10815
caudate nucleus head stimulation in right vs left hemispheres, EMG & mechanographic components of instrumental avoidance reflex associated with posture maintenance, dogs, 5170
conflict resolution vs concept learning tasks, habituation of heart rate & pulse amplitude & EMG & skin conduction, 18–51 yr old males, 9711
crowd noise during arm wrestling match, arm EMG & arousal measured by skin conductance, college student Os, 12161
doxepin vs hydroxyzine, muscle action potentials & GSR following experience of success vs failure on cognitive task, psychiatric anxiety patients, 13295
EMG & electrokinesiologic biofeedback, neuromuscular rehabilitation, 10785
EMG & temperature biofeedback, phantom limb pain, 51 yr old male, 8543
EMG activity of masticatory muscles during licking water vs sucrose vs sodium solution, male rats, 492
EMG analysis, relaxed vs unrelaxed postures, 23–27 yr old males, 7465
EMG biofeedback training, literature review, 6228
EMG biofeedback training, tension levels & relaxation, Type A vs Type B college students, 10807
EMG feedback, muscle tension & self reported anxiety, cerebral palsied 25 yr old, 8545
EMG feedback, subvocalization, 18–22 yr olds, 2.5 yr followup, 1605
EMGs & sensory nerve conduction velocities, 16–40 yr olds with Friedrich's ataxia, 10557
facial EMG & heart rate & palmar skin conductance response in reaction to happy vs angry facial expressions, college students, 514
facial EMG & reactivity, 23–62 yr old depressed inpatients, 5740
finger temperature feedback with vs without cold stress vs frontalis EMG feedback vs autogenic training, finger temperature, 20–65 yr olds with Raynaud's disease, 13246
frontalis EMG as control for subvocal EMG minimization paradigms, college students, 74
guided forelimb movement, EMG activity in elbow extensor fast & slow motor units, cats, 7344
home practice exercises, EMG activity subsequent to biofeedback training, female college students, 7477

ipsilateral forearm EMG feedback, finger temperature, 19–25 yr olds, 7483
locus of control & expectations, relaxation of frontalis muscle using EMG biofeedback, college students, 2894
low-noise optically isolated EMG preamplifier, 50
movement time & distance, timing of EMG activity from agonistic & antagonistic muscles during rapid elbow movements, college students, support for S. A. Wallace's impulse timing theory, 2581
multimodal behavioral treatment vs EMG biofeedback, writer's cramp, 23–50 yr old patients, 10787
myoelectric feedback vs force feedback vs no feedback in isometric strength training, strength & myoelectric effects & retention, 17–28 yr old college students, implications for experimental design, 2885
paced abdominal breathing, EMG responsivity, college students, 12173
reliability of psychophysiological recording of EMG & heart rate & skin resistance & skin temperature & cephalic vasomotor response, college students, 11552
repetitive photic stimulation, effect of posture on probability of EMG responses in various muscles, rabbits, 9665
sedative instrumental background music, muscle tension after EMG biofeedback relaxation training, 23–33 yr old spastic cerebral palsied adults, 6094
sequence of relaxation training & temperature & EMG biofeedback, anxiety & symptoms & self concept, 18–66 yr olds, 3917
skin temperature biofeedback & EMG relaxation training, symptoms of Raynaud's disease, 17–54 yr olds, 1584
sleep patterns & electrophysiological characteristics & vigilance, Ss with idiopathic CNS hypersomnolence, 5972
system of recording EMG & EEG & respiration, operators, 2365
visual vs auditory biofeedback, frontalis muscle tension, college students, 12151

Electronystagmography
caloric-induced electronystagmus, assessment of critical illusions during flight, aircrew, 7141

Electrooculography [See Electro Oculography]

Electrophysiology [See Also Alpha Rhythm, Auditory Evoked Potentials, Cortical Evoked Potentials, Delta Rhythm, Electrical Activity, Electrical Brain Stimulation, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electronystagmography, Electroretinography, Evoked Potentials, Galvanic Skin Response, Olfactory Evoked Potentials, Skin Electrical Properties, Skin Potential, Skin Resistance, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]
chronic chlorpromazine administration & withdrawal, oral dyskinesia & electrophysiological correlates, cats, 651
clinical bone vibrator vs piezoceramic accelerometer, production of bone conducted tone bursts & bone vibration, 9260
coordination between stem & nectophores & effectors & conducting elements, diphyid siphonophore, 12107
electrophysiological & psychophysiological & biochemical correlates of a nature-nurture problem & etiology, schizophrenia, literature review, 1157
electrophysiological sleep patterns & leg movements during nocturnal sleep, daytime sleepiness, adults, 5109
electrophysiological technique, measurement of eye-head coordination & bodily RT & eye movement latency in prediction of open skill, 4–5 yr old males & college students, 817
electrophysiological tests, diagnosis of toxic neuropathies, 5988
electrophysiological vs behavioral taste responses, blowfly, 2853
experiment control system using 6502 microprocessor, electrophysiological analysis of classical conditioning, rabbits, 11621
light exposure, Ca cation-selective ionic flow in intact retinal rod cells, nocturnal lizards, 440
periocular electrical stimulation, nictitating membrane response & electrophysiological response of abducens nerve & nucleus & accessory abducens nucleus, rabbits, 7514
phase locking of pyloric system network with commissural ganglia as basis for stomatogastric ganglia motor pattern generation, lobsters, 5081
psychophysical & electrophysiological distinctions between 3 cone types & model of sensitivity modulation by membrane ionic ratings & cardiotonic drug AR-L 115 BS, rhesus monkeys & humans, 493
receptive field & electrophysiological response properties of lateral geniculate cells, dark-reared cats, 2925
role of pyloric network neurons in bursting pacemaker potentials, stomatogastric ganglia motor pattern generation, lobsters, 5080
rostral spinal cord hemisection, tonic & phasic synaptic input to motoneurons during fictive swimming, frog embryos, implications for descending inhibitory mechanisms, 5178
sex & familial handedness & Type A personality, lateral dominance of electrophysiological response to emotion, right handed college students, 5132
spatial & temporal stimulus parameters, color perception, review of electrophysiology research, 214
stressful stimulation, recovery from stress & response stereotyping, patients with rheumatoid arthritis vs essential hypertension vs migraine headache vs tension headache, 8273
synaptic organization of pyloric neurons as underlying basis for stomatogastric ganglia motor pattern generation, lobsters, 5066
tripelennamine & pentazocine, morphine-like & SKF-10,047-like discriminative stimulus effects & inhibition of guinea pig ileum twitch height, male rats, 3088

Electroretinography
circadian rhythms, visual EP vs electroretinogram photic responses, female rabbits, 7357
dark-adapted retinal sensitivity & electroretinographic responses, hypopigmented mutant pearl mice, 9591
local stimulation of dark adapted retina with light spots, electroretinographic responses, cats, 7416
methodology to differentiate retinal from nonretinal components of averaged visual EPs during selective attention, analysis of precortical filtering, adults, 11570

Electroshock Therapy [See Electroconvulsive Shock Therapy]

Electrosleep Treatment
electrosleep & electrohypnotherapy, symposium papers, 1677

Elementarism [See Reductionism]

Elementary Education
attitudes toward school curricula, parents of elementary & secondary school students, Japan, 4258
level of Machiavellianism, leader effectiveness, elementary school principals, 4224
physical environment & daily activities & student-teacher interaction & teaching practices, elementary & secondary classrooms, 11249
primary education, Spain, 6624
rationale & methods, teaching standardized-test-taking skills, elementary school teachers, 2047
transmission of socioeconomic values through 6th grade writing project, 8983
use of story grammar in teaching students to analyze stories, Japan vs Western countries, 2027

Elementary School Students [See Also Intermediate School Students, Primary School Students]
academic & nonacademic self concept & teacher perception of self concept, 9–13 yr olds, 4325
academic achievement & teachers' perceptions of academic ability & social behavior & instructional behavior, mainstreamed learning disabled 4th–6th graders with high vs low IQs, 9054
academic achievement, attention, 1st–4th graders, 6678
accuracy in identifying gifted students, primary & secondary school teachers, 2167
achievement motivation & desire for self improvement, elementary & secondary students, Japan, implications for lifelong education, 4322
achievement motivation, academic achievement, elementary school students, 4306
achievement motives & ability & future time orientation, worry & emotionality components of test anxiety, 6th graders, 13617
activity centered health curriculum, cognitive knowledge, 4th–6th graders, 6591
advantages of special & compensatory education without labeling, low-achieving elementary school students, literature review, 9067
age vs grade as independent measure of psychosocial development, 4th–9th graders, 7822
analysis of insertion & omission miscues, reading diagnosis, 5th grade good vs poor readers, 4396
answering textually explicit vs implicit vs schema-based vs irrelevant questions following reading, long term free recall, 5th graders, 6686
aptitude & direct vs nondirect instructional pattern, postcourse achievement, 5th graders, 2002
art appreciation techniques, increased vocabulary & art awareness, learning disabled elementary school students, 9053
attention & encouragement from teachers, growth in popularity, unpopular 5–6 yr olds, 6712
aural & visual segmentation ability, reading ability, preschool & kindergarten & 1st grade students, 3155
Bar-Ilan Picture Test for Children, interview aid used to elicit child's perception of place in society & school & home, elementary school students, 4410

behavior analysis, assessment of effectiveness of organized games in prevention of aggression on playground, kindergartners through 2nd graders, 2029
behavioral screening criteria, identification of behavior disorders, schoolchildren, 13686
career education & vocational guidance, gifted elementary & secondary school students, 2106
changes & stresses in school setting, self concept & perception of quality of school life, 4th & 5th graders, 4315
classroom behavior & teacher-student interactions & teacher perceptions, learning disabled elementary school students, 11269
classroom behavior patterns, educable mentally retarded vs learning disabled vs emotionally handicapped 1st–5th graders, 2127
classroom seating in rows vs groups, quantity & quality of work produced in reading & language & mathematics, 10 & 11 yr old students, 11236
coaching in specific social skills, increased peer social interactive behavior, severely withdrawn & isolated 3rd graders, replication of G. Ladd's study, 11288
cognitive control intervention consistent with cognitive deficiency level, cognitive performance, cognitively deficient 8.1–9.8 yr old 3rd–4th graders, 13641
cognitive style & reading performance, students learning to read, 2063
complementary program & service system vs traditional team approach, development & implementation of individualized education programs, learning disabled & emotionally disturbed & educable mentally retarded elementary school students, 11268
complete vs partial vs no illustrations in reading material, reading performance, learning disabled 2nd–4th graders, 4347
compliance training using positive &/vs negative specific vs general requests, generalized compliance, behavior disordered 6–8 yr olds, classroom applications, 2131
components of test anxiety, 6th–8th graders, 7816
computer controlled text on CRT screen vs traditional text, text comprehension, 5th graders, 13564
computerized mathematics vs spelling vs conventional remedial instruction, academic achievement, learning disabled 1st–6th graders, 6749
concurrent & predictive validity estimates, WISC-R & estimated learning potentials, White & Black & Mexican American 1st–8th graders, 2179
concurrent validity of Ozawa Behavioral Rating Scale, assessment of attention deficit disorder, learning disabled elementary school students, 11317
concurrent validity of School Attitude Measures, assessment of academic self concept & motivation & performance, 5th vs 8th vs 11th graders, 4399
conflict between teaching & parenting roles, participation in home tutoring program, parents of culturally deprived kindergartners & 1st graders, 4299
construct validity of divergent production subtests of Structure of Intellect Learning Abilities test, 6th graders, 11331
construction of test, assessment of Optacon reading performance, 11–18 yr old visually handicapped Optacon readers, 11309
construction procedures & reliability & error analysis, performance on Florida State Student Assessment Test Part II, 3rd & 5th & 8th & 11th graders, 2150
contingent reinforcement with external vs self determined standards, work completion on individualized curriculum, 5th graders, 11225
cooperative vs individualistic learning experience, achievement & interpersonal attraction & giving/receiving help & attitudes, minority & White 4th graders, 6612
coping with poor mathematics achievement, 5th–9th graders, 4324
counseling program, classroom behavior problems, 4th–5th graders, 11287
creative writing exercise using emotions as tools of instruction, learning disabled elementary school students, 9063
cross-age tutoring in mathematics, mathematics achievement, 2nd–3rd grade tutees & 5th–6th grade tutors, 13594
cultural bias of Test of Children's Learning Ability, assessment of learning ability & progress in English language, 7–8 yr old immigrants, Great Britain, 13698
definition & diagnosis & treatment, academic underachievement, 9–18 yr old students, UK, 5–10 yr followup, 4305
descriptive praise from instructor, higher order questioning, 5th graders, 2074
development & usefulness of recognition vocabulary test, 4th–12th graders with severe hearing loss, 4419
development of appreciation for literature, children, implications for reading education, 11209
development of individual strategies for coping with perceptual disturbances, elementary school students with learning problems, 9045
developmental changes in causal schemata of ability vs effort in academic achievement & attributions of over- vs underachievers, 3rd vs 4th vs 5th vs 6th graders vs college students & junior high school students, 13620
developmental school counseling program, hearing impaired elementary school students, 11332
diagnostic approach to teaching of spelling, elementary school students, 4281
double immersion program of trilingual instruction, 1st language development & 2nd & 3rd language learning, elementary school students, Canada, 2009
dynamic assessment of reading disabilities, 3rd graders, 4391
educational development level, self evaluation accuracy, 2nd & 3rd graders, 6720
educational intervention & cognitive development, development of moral reasoning, 4th & 5th graders, 13543
educational intervention, identification of learning problems, 2nd graders, 9094
effectiveness of school nurse in teaching health habits, mainstreamed learning disabled 8 & 10 yr old females, 6755
efficacy of tutoring in visual information processing, visual processing & academic achievement, Hispanic kindergartners through 2nd graders determined to be poor visual processors, 2033
efficacy of youth effectiveness training vs L. Kohlberg's cognitive-developmental model of affective education, self esteem & moral judgment, 5th–8th graders, 11199
elementary reading instruction, comparison of 16 countries, 4266
emotional stability as indicated by chronic anxiety levels, 2nd–12th graders in gifted program vs 1st–12th graders in regular classrooms, 11247
epidemiology of refusal to attend school, elementary & junior high & high school students, 6701
evaluation of Guard Training Program vs Pedestrian Safety Instructional Package, quality of instruction given by crossing guards & children's street crossing behavior, kindergartners & 1st graders & adult crossing guards, 13598
exposure to collection of Oriental art, color & texture & composition of drawing, kindergarten through 6th grade students, implications for school curricula to foster development of right side of brain, 11198
fading teaching techniques, cursive writing learning, 1st graders, 8993
fairy tale books, reading education, 11201
family contacts with school, academic achievement & learning attitudes & achievement motivation & effort & attitudes toward school & competency & personality adjustment, 5th graders, Taiwan, 2090
field dependence, scholastic achievement, 5th graders, 9016
generalizability of observed classroom behavior samples, learning disabled elementary school students, 2121
Ginn Reading Management System criterion-referenced & mastery level tests, individualized instruction & reading performance prediction, 1st–3rd graders, 11302
grade level & geographic location & type of school & sex & IQ & SES, perceptions of formal & informal teacher authority, 1st vs 3rd vs 6th graders, 4316
grade level & grades & visual aids & major vs minor vs atonal phrases, conservation of rhythmic & tonal patterns, 2nd–6th graders, replication of M. Zimmerman & L. Sechrest's experiment, 6685
group contingent free time procedure, disruptive behavior, 3rd graders, 13542
group counseling, transient elementary school students, 11281
group size & classroom social homogeneity & feedback vs verbal praise vs candy & direct vs indirect rewards, extinction of conditioned handwriting performance, 1st vs 3rd vs 6th graders, replication of C. F. Sharpley's work, 6803
health screening program vs health education learning module, health knowledge, 4th graders, 11206
home based group contingency system with reinforcement in school setting, destructive behavior, 8 yr old male mildly retarded special education student, 11264
human relations program, student intergroup relations & affect, students in desegregated elementary schools, 6620
identification & reading achievement & optimum reading instruction, gifted 1st grade readers, 9037
in-school group counseling program, increased self awareness & expression through creation of sound filmstrip, 5th graders experiencing parental separation & divorce, 4389

individualized feedback & instructions, ability & effort attributions & spelling achievement, 3rd graders, 11223
instruction fostering theoretical thinking, social & self perception, 3rd graders, 6654
instructional materials, acquisition of basic skills, infants & kindergarten & primary students & developmentally delayed children, Australia, 13650
interdependent tasks vs role play, sociometric status, 3rd–5th graders, implications for primary prevention, 2070
interrater reliability of Infant Rating Scale, screening of educationally at risk students, 5–7 yr old students, 11323
knowledge & tactics for development of strategic reading skills & comprehension, beginning readers, 13607
knowledge of criterion task, comprehension & recall, normal vs learning disabled 5th–7th graders, 4380
labeling via placement in segregated classroom vs regular classes, self vs maternal ratings of self concept, learning & behavior disordered 8.8–13 yr olds, 4340
language arts unit, development of social understanding & reading comprehension, elementary school students, 4293
left handedness, learning disorders, 2nd & 3rd graders, 1292
level of student hyperactive behavior, perceptions of teacher acceptance & demand, hyperactive males with mean age of 11.0 yrs, 6706
logical reasoning ability & visual-motor integration & verbal development, achievement scores in kindergarten & 2nd & 3rd grade, kindergartners, 13611
Magic Circle primary prevention program, self esteem & school attitudes, 3rd graders, 6789
mastery learning vs conventional reading instruction, reading skills, learning disabled 4th graders, Puerto Rico, 9040
mathematics instruction with vs without systematized feedback, mathematics achievement, 6th graders, 13566
metacognition & reading, elementary school students, 2055
methods for developing conceptual thinking, deaf 2nd–5th graders, 13658
methods for teaching journey graphs, 10 & 11 yr old students, 11200
methods of teaching basic arithmetic facts, elementary school students, 4263
methyphenidate, cognitive style & RT & attentiveness, White elementary school students with attention &/or learning disorders, 1622
modified version of State Student Assessment Test & print size, minimum competency performance, learning disabled 3rd graders, 4385
motor performance & self concept, mainstreamed handicapped vs nonhandicapped kindergartners through 3rd graders in physical education classes, 4356
Native American literature, ethnic attitudes, 5th & 6th graders, 4290
naturalistic assessment of teacher commands & child compliance & positive vs negative teacher feedback, teachers & kindergartners through 3rd graders identified as making vs not making good social adjustment, 13629
needs & attitudes & behaviors as related to students' alcohol/violence related home stress situations, elementary teachers & teachers in training, implications for alcohol education, 11195
neighborhood & parental support & income & educational level, academic achievement, 1st graders, 11233
nonmathematical variables affecting numerical problem solving, 3rd graders, 9005
number of multiple choice options & blank placement in completion items, reliability of achievement test scores, 5th graders, 4435
operant &/vs modified cognitive behavior modification procedures, on-task behavior, hyperactive learning disabled 7 yr old male, 11274
oral vs written language proficiency, 3rd graders, 13601
orientation program, adjustment to academic pressures & different organization of junior high school, 5th graders, 4312
own attitudes & perceived teacher attitudes toward attributions of success to ability vs effort, 5th vs 10th graders vs college students, 4331
parent training program, effective reading tutoring, mothers of 8–9 yr old males, 2008
parental attitudes about school, expectations, kindergartners entering 1st grade, Israel, 13630
participation in preschool efficacy oriented intervention to internalize locus of control for success/failure, academic achievement, kindergartners & 1st graders, 6657
participatory multimedia method, study of & attitudes toward future, elementary school students, Sweden, 8988
path analysis, contribution of teacher quality & classroom climate to mathematics attitudes & motivation, 4th vs 7th vs 9th graders, 6694
path analysis, relationship between aptitude & achievement, 7th graders, 2060
patterns of on- & off-task behavior during reading & mathematics lessons, inner-city high- vs low-achieving 1st–6th graders, test of academic learning time model, 13600
pedagogic diagnosis, 1st–4th graders, 9088
peers as social training agents, social withdrawal, preschool & elementary school children at developmental risk, 13661
perceived victimization & anonymity & self esteem & preferred teacher characteristics, nonlabeled vs gifted & talented 5th–8th graders, 9027
perception of maladaptive student behavior, proximity & touching, 4th grade teachers, 11243
perceptions of classroom environment & mood & achievement & popularity & adjustment, normal vs acting out/anxious/unpopular 5th & 6th graders, 4337
perceptions of classroom environment, student mood & achievement & popularity & adjustment, 5th–6th graders & their teachers, 4336
perceptions of experience with school science education, 9 & 13 & 17 yr olds, implications for instruction of gifted, 2141
perceptual connectives in reading material, recall, 4th grade good vs poor readers, 6673
performance-contingent rewards, performance on arithmetic tasks & self efficacy, 8.8–11.4 yr olds, teaching implications, 13592
physical appearance vs behavior vs learning difficulties, assignment to special education classes, 6th graders in regular vs special education classes, Canada, 11267
physical fitness test performance, learning disabled 2nd–6th grade males in segregated private school vs public school mainstream program, 13638
picture storybooks, reading instruction using literary elements of theme & setting & plot, learning disabled middle school students, 13663
placement in special education settings with partial to total instructional segregation vs regular classes, self concept, mildly handicapped elementary school students, 6727
PPVT & Columbia Mental Maturity Scale & Auditory Discrimination Test & WISC Digit Span subtest & WISC-R Verbal Comprehension Factor, academic achievement prediction, impulsive vs reflective 1st graders, 2170
praise vs criticism from teacher, attitudes toward teacher & self, 9 & 10 yr old students, 11252
predictive validity of Stanford Mathematics Test, Black vs White male vs female 6th & 8th & 9th graders, 11326
predictive validity of teacher ratings of creativity, students tested in 4th & 6th grade, 6780
prekindergarten program participation, IQ & school achievement, children evaluated during 6th–8th grades, 8987
priorities for use of computers, learning disabled elementary school students, 6758
Program for Effective Teaching inservice staff development program, achievement, 4th–6th grade students & teachers, 4232
program of vocabulary development with cognitive & affective & physical elements, enhanced comprehension, 4th graders, 2000
provision of guidance services with emotional & behavioral problems, children followed from prekindergarten screening through 3rd grade, longitudinal study, 11283
Purdue creative thinking program, creative writing skills, learning disabled 11–12 yr olds, 9059
question generation during reading, story comprehension, 3rd graders, 4265
Rasch model vs classical item analysis of Stanford Diagnostic Mathematics Test, ability estimates, 2nd–8th graders, 2164
ratings of behavior by teachers & E, mainstreamed educable mentally retarded vs nonretarded elementary school students, 9065
reading & writing program, 6th grade remedial readers, 4342
reading ability, spelling error patterns, reading disabled 3rd–6th graders vs able reading 1st–6th graders, 3634
reading intervention program with at-home reading, reading test scores, elementary school poor readers, 13633
reasons for student referral for psychoeducational evaluation & attributions for students' school problems, teachers of kindergartners through 6th graders, 9090
reasons for underachievement & programs to make school more meaningful, gifted middle school students, 2100
reciprocal influences, 4th grade students & teachers, 6717
religious education curriculum based on cognitive conflict, abstract religious thought, 6th grade students, 6577

research findings in neuroscience & electronic media, reading assessment & instruction, 10–14 yr olds, 6579
retelling of stories, reading education, 11208
role model vs performance, academic/scholastic self efficacy, elementary school students with mean age of 10.6 yrs, replication of study by V. Keyser & J. Barling, 13613
rule vs discovery instruction, syllogistic reasoning, gifted 7–11 yr olds & normal 6th graders, 6617
schema theory, reading education, elementary & middle school students, 4291
school & teacher characteristics & teaching methods & mainstreaming of handicapped children, co-teaching in special education elementary schools, Norway, 2103
school grade structure, self esteem & preferred teacher characteristics & dating behavior & perceived victimization, 5th–9th graders, 9021
school reentry, 5–17 yr old cancer patients, 11241
school-based Parent Effectiveness Training program, self confidence & relations with children, parents of learning disabled 4th–6th graders, 4404
score correlations between Forms L & M of PPVT-R & Woodcock-Johnson Psycho-Educational Test Battery subtests, 8–9.9 yr old nonreferred regular education vs learning disabled students, 13670
score correlations between Revised Test of Visual-Motor Integration & Bender Visual-Motor Gestalt Test, kindergartners through 3rd graders, 13692
score correlations between WISC-R & PPVT-R, 6.2–14.5 yr old students referred for psychiatric services, 13696
scores on Gray Oral Reading Test Form C, 3rd–4th grade Blacks vs Whites who spoke standard vs nonstandard English, implications for scoring, 2158
self concept, classroom aggressive behavior, low vs high SES 3rd & 6th graders, implications for behavior change methods, 13615
self evaluation procedures, generalization to classroom & maintenance of behavior modification treatment gains, behaviorally handicapped students with mean age of 8.7 yrs, 13657
self evaluation techniques to make better use of feedback in learning situations, reading clinic & elementary school students, 13551
self reinforcement &/vs descriptive praise, maintenance of token economy reading performance following token removal, 2nd–6th graders, 8989
self reinforcement, on-task behavior, educationally handicapped 5th–6th graders, 13655
self vs teacher's vs mother's perceptions of behaviorally-disordered child, 1st–6th graders & their teachers & mothers, 13622
semantic differential & drawings & written compositions, assessment of conceptions of future, 5th & 8th & 11th graders, Sweden, 2143
sensory extinction, disruptive classroom behavior, 9 yr old profoundly retarded male with cerebral palsy, 11278
SES, WISC & Wide Range Achievement Test scores vs teacher ratings of achievement, Black vs White 6–11 yr olds, 9015
sex & age & facial expression of drawings of teachers, student's evaluation, male vs female 1st–5th graders, 6697
sex & attractiveness of target 3rd grader referred for poor school achievement & behavior problems, bias in program placement recommendations, school psychologists, 2108
sex & SES, reading attitudes, rural vs urban 1st graders, 2086
social interaction initiations & acceptance by regular class peers, 8.5–12.7 yr old learning disabled students, 9083
social learning training, social skills, socially rejected 3rd graders, 13553
social skills training with vs without contingency management, classroom social adjustment & peer-to-peer skills, mentally handicapped 6–12 yr olds, 9086
social support, single parent families of high vs low achieving 7–18 yr old students, 11231
special instruction in biophysics, problem solving performance, 5th graders, 13584
stimulus control training, stealing, male 1st grader in special education class, 9080
strategies for design & implementation & measurement of prevention research in service environments, tobacco use, 5th–6th graders, literature review, 11329
structured experience &/vs information, response to & initiation of interaction with 6–18 yr old severely emotionally disturbed pupils, 1st–6th graders, mainstreaming implications, 4359
student ability & amount & consistency of effort, affective reactions to student success vs failure, elementary school teachers, 13627
student age, factorial invariance of student temperament ratings, teachers of kindergartners through 4th graders, 13513
student problem behavior, teacher-student interaction processes, 5th & 6th grade teachers & students, 4319
subskill mastery, transition from counting-all to counting-on in addition, 1st graders, 6681
success orientation of teacher & Mini-Society Instructional System for social studies, attitude toward learning & perceived control over own academic success/failure, 3rd–6th graders, 6616
summer remedial reading program, self defeating & disruptive behavior & learning behavior, 1st graders, 2126
teacher & peer & self perceptions of males meeting criteria for attention deficit with vs without hyperactivity, 2nd–4th grade teachers & students, 4350
teacher expectations & control, performance, 3rd graders, 2059
teacher expectations & student locus of control, self concept & academic achievement motivation, 5th graders & teachers, Taiwan, 2080
teacher expectations, classroom behavior & academic achievement, 9 yr old Polynesian vs Pakeha students, New Zealand, 4307
teacher inservice instruction regarding A. H. Maslow's hierarchy of needs, self concept, 3rd–8th graders from intact vs divorced families, 2082
teacher reactions, instrumental & recreational & illicit classroom play, elementary students, 2077
teacher reading of selected children's books & use of critical thinking questions, prosocial development, 1st graders, 2049
teacher training in group dynamics, comprehension & participation, 1st & 2nd graders, Zaire, 11172
teacher training in test administration & student training in test taking skills & monetary rewards, teacher testing behavior & student group standardized test scores, 2nd grade students & teachers, 2187
teacher vs peer nomination vs pupil product vs Draw-A-Man test vs Leiter International Performance Scale, identification of intellectual superiority, Black kindergartners & 3rd graders, 9108
teacher-student interaction, remedial reading, 4th graders, 4365
teachers' presentations of classroom tasks & students' task engagement, 4th–6th grade students & teachers, 13546
teaching method, motivation & attitudes toward mathematics, 3rd–8th graders, 4278
teaching method stressing use vs nonuse of directions & praise & rejection, self perception in science & cognitive development, 1st–5th grade science classes, 11217
teaching methods, cognitive interests as learning motive & school anxiety, schoolchildren, USSR, 6597
teaching methods, mathematical prototype formation & classification skill development, 3rd graders, 6652
test anxiety level, task-facilitating vs task-debilitating cognitions & task performance, 5th–6th graders, 13631
test anxiety, scores on science achievement test, Black vs White male vs female 4th & 8th graders, implications for validity of test interpretation, 4421
therapeutic structured play group, attitudes & behavior, disruptive 3rd graders, 4388
topical knowledge & interest, prediction of listening comprehension, 1st graders, 9007
touch typing program, enhanced language arts skills, 6–12 yr old elementary school students, 2018
training for manuscript handwriting, cursive letter formation, 1st graders, 2021
training in behavioral tutoring procedures, reading errors & progress of 11–12 yr old low-progress readers, mothers & classroom teachers, 11273
using children's favorite books, reading education, 11210
validity of California Abbreviated WISC for Intellectually Gifted, screening, 6–16.6 yr olds referred for gifted placement, 6783
validity of Personal Attribute Inventory for Children, assessment of psychological adjustment, 11315
validity of Raven Coloured Progressive Matrices in cross-cultural educational applications, 1st & 4th graders, Thailand vs Denmark, 4422
validity, tests measuring nutritional information level, 4th graders, 9093
verbal vs written components of bilingualism, academic achievement, 10.9–14.6 yr old Spanish immigrant 6th graders with normal vs failing school records vs 3rd–4th graders with school failures, France, 11230
visual &/vs auditory cognitive style tasks, prediction of reading ability, 3rd graders, 6769
vocabulary difficulty & text cohesion & schema availability, reading comprehension, 6th graders, 6668

Elementary School Teachers
accuracy in identifying gifted students, primary & secondary school teachers, 2167
analysis of prereferral interventions, elementary school teachers, 6661
consultant skills & school organizational climate, utilization of consultation service, elementary teachers & principals, 1970
expectations & attributions for success vs failure of students, 3rd–5th grade teachers, 4228
functional level in geometry concepts, ability to master higher level concepts, preservice elementary school teachers, 6565
graduate training & classroom behavior management approaches, regular education vs learning disability resource teachers, 13533
group consultation techniques & format of seminars & observations to assist 1st yr 6th grade teachers in classroom management & parent communication, 4229
item construction & factor structure & reliability & validity of teacher communication concern scales, measurement of self & task & impact dimensions, prospective & inservice elementary & secondary teachers, 6807
length of teaching experience, attitudes toward child-centered theory of education, primary teachers, Scotland, 11190
life influence of elementary school teachers, aged, 4328
needs & attitudes & behaviors as related to students' alcohol/violence related home stress situations, elementary teachers & teachers in training, implications for alcohol education, 11195
perception of maladaptive student behavior, proximity & touching, 4th grade teachers, 11243
perceptions & attitudes & reporting of child abuse/neglect, elementary & junior high school teachers, 8204
physiological & psychological stress states, causes & coping behavior, elementary school teachers, 1972
planning processes & strategies, elementary & secondary school teachers, 8976
prevalence of & attitudes toward parent-involvement teaching programs, 1st & 3rd & 5th grade public school teachers, 4262
principal's commitment to & understanding of curricular change, teacher's attitude & implementation of change, elementary school teachers & principals, 1987
problems & experiences with parent-involvement teaching programs, 1st & 3rd & 5th grade teachers, 4273
Program for Effective Teaching inservice staff development program, achievement, 4th–6th grade students & teachers, 4232
racial differences, death attitudes & responses to children's grief, Black vs non-Black elementary school teachers, 4226
reasons for student referral for psychoeducational evaluation & attributions for students' school problems, teachers of kindergartners through 6th graders, 9090
reciprocal influences, 4th grade students & teachers, 6717
school & teacher characteristics & teaching methods & mainstreaming of handicapped children, co-teaching in special education elementary schools, Norway, 2103
sex roles, career choice, 20–32 yr old female elementary education majors, 12611
skill & values & professional accomplishments, career satisfaction, elementary & high school teachers, 13515
social support & feedback intervention, understanding & management of stress, elementary school teachers, 1973
stereotyped attitudes & familiarity with student behavior, grading bias, female 1st–4th grade teachers, 1981
student ability & amount & consistency of effort, affective reactions to student success vs failure, elementary school teachers, 13627
student age, factorial invariance of student temperament ratings, teachers of kindergartners through 4th graders, 13513
student problem behavior, teacher-student interaction processes, 5th & 6th grade teachers & students, 4319
success orientation of teacher & Mini-Society Instructional System for social studies, attitude toward learning & perceived control over own academic success/failure, 3rd–6th graders, 6616
teacher & peer & self perceptions of males meeting criteria for attention deficit with vs without hyperactivity, 2nd–4th grade teachers & students, 4350
teacher expectations & control, performance, 3rd graders, 2059
teacher expectations & student locus of control, self concept & academic achievement motivation, 5th graders & teachers, Taiwan, 2080
teacher inservice instruction regarding A. H. Maslow's hierarchy of needs, self concept, 3rd–8th graders from intact vs divorced families, 2082
teacher training in group dynamics, comprehension & participation, 1st & 2nd graders, Zaire, 11172
teachers' presentations of classroom tasks & students' task engagement, 4th–6th grade students & teachers, 13546
training in behavioral tutoring procedures, reading errors & progress of 11–12 yr old low-progress readers, mothers & classroom teachers, 11273
Tutor Huddle, skill acquisition, 1st grade peer tutors in mainstreamed classroom, 4280
use of checklists for referral & consultation, elementary school counselors & teachers, 11310
work environment & occupational stress, elementary school teachers, Scandinavia, 13526
Elementary Schools
critique of intermediate school reviews, New Zealand, 8934
efficacy of anti-litter program, elementary schools, 13563
elementary school policies & procedures, vision screening, 2169
financial incentive program, reduction of vandalism, elementary & secondary schools, 8998
school & teacher characteristics & teaching methods & mainstreaming of handicapped children, co-teaching in special education elementary schools, Norway, 2103
service coordination role, city-county middle school counselors, 4231
Elephants
absolute sensitivity & frequency discrimination & sound localization thresholds, female Indian elephant, 498
seasonal & social variations, mate searching, African elephant bulls, 2716
Elimination (Excretion) [See Excretion]
Embarrassment
arousal vs unusualness & embarrassment as result of fast vs slow running in place, self focus, reply to criticism of P. J. McDonald et al, 5692
embarrassment displays & restitution behavior, evaluation of social transgression, college students, 1082
embarrassment, face restoring behavior, spectators, 5630
observation by friend vs stranger, felt embarrassment & attribution of responsibility, college students, 12671
Embedded Figures Testing
normative & psychometric data, Group Embedded Figures Test, 4749
normative data & item difficulty & reliability, Embedded Figures Test, 60–74 yr olds, 11675
normative data, Group Embedded Figures Test, 5th graders, 11695
Embolisms
sudden death due to pulmonary embolism secondary to deep leg vein thrombosis, 31 yr old catatonic male, 8087
Embryo
auditory stimulation, tonotopic organization of brain stem auditory nuclei, embryonic vs hatchling chickens, 7400
explantation of stage 28 embryonic eye rudiments onto embryos with normal vs nasotemporal orientation reversal & subsequent retransplantation to stage 32/34 embryo with vs without orientation reversal, visuotectal projections, toads, 9722
exposure to calls with various repetition rates, species identification, duckling embryos, 2740
fictive swimming, electrical activity of spinal cord myotomal motoneurons, frog embryos, 5096
rostral spinal cord hemisection, tonic & phasic synaptic input to motoneurons during fictive swimming, frog embryos, implications for descending inhibitory mechanisms, 5178
Emergency Services
catamnestic research on psychiatric emergencies, 8372
crisis intervention in medical surgical vs psychiatric centers, Belgium, 1724
decision-making processes in hospital emergency rooms, residents, 8899
demographic characteristics & patterns of emergency room use, 14–64 yr olds vs patients over 65 yrs old, 6408
development of emergency care unit in psychiatric hospital, Argentina, 8722
factors in failure to return for followup at emergency room, sexually assaulted 1–14 yr olds, 1720
heresies in psychiatric emergency interventions, 6417
management issues of treatment in general hospital emergency rooms, chronic psychiatric patients, 1777
model for emergency psychiatric interview, 13102
network approach, training in rural psychiatric emergency services, 10930
protocol for evaluation & care of suicidal behavior in emergency settings, 10909
status of emergency care & crisis intervention & short term psychotherapy, literature review, 3849

symptomatology & parental depression & parent-child relations & availability of extended family & use of social agencies, emergency referrals to psychiatric clinic, 5–15 yr olds, 4022
use of physical restraint, psychiatric emergency room therapists, 8743
Emetic Drugs [See Apomorphine, Disulfiram]
EMG (Electrophysiology) [See Electromyography]
Emotional Adjustment [See Also Coping Behavior, Emotional Control, Identity Crisis]
acquisition of shamanistic status, conscious & unconscious mechanisms of psychological adjustment as seen in Rorschach responses, 50 yr old Apache female, 941
aftercare, parents' use of community based resources & parenting skills & parent-child relations & child's adjustment, 10–15 yr old males discharged from residential treatment, 13386
anxiety about disability & lack of family communication & negative parental attitudes toward handicapped child, emotional maladjustment, siblings of handicapped children, 10329
death of child from cancer, grief & adaptation, 26–58 yr old parents, 3-yr longitudinal study, 3466
demographic characteristics & emotional & social & financial consequences of commuter marriage, couples, literature review, 966
diagnostic classification, emotional adjustment reactions, 5–14 yr olds, 12898
divorce adjustment training program, postdivorce adjustment & empathy & self esteem, 21–47 yr old females, 1-mo followup, 3873
emotional adjustment, 49–51 vs 52–55 yr old females, 5454
extention &/vs reception of help, physical & psychological adjustment, aged residents of retirement hotels & apartments with mean age of 77 yrs, longitudinal study, 5473
family interaction & parental pride & children's personality adjustment, families with 1 vs both children attending gifted school programs, 757
full-time special education vs part- vs full-time regular classes & programs to facilitate social acceptance by classmates, achievement & self esteem & behavior & emotional adjustment, academically handicapped students, literature review, 6746
individual psychopathology & emotional & psychological adjustment problems after leaving charismatic religious group, Unification Church ex-members with mean age of 28.6 yrs, 12520
life adjustment & deterioration in functioning, bulimic females, 10602
locus of control, coping with stress of spouse's chronic illness, wives of hemodialysis patients, 8340
OBD-168 vs MMPI, assessment of emotional adjustment to cognitive deficits, 16–69 yr old traumatic brain injured inpatients, 9373
parental social self esteem & social avoidance & distress, interpersonal competence, college students & parents, 7779
perception of psychosocial adjustment to aphasia, 40–78 yr old aphasics vs spouses vs significant others vs speech therapists, 8327
personal & social functioning, spouses of recovered vs relapsed alcoholics 2 yrs after residential treatment, 10487
personality maladjustment, functionally vs organically infertile females, 3683
psychoeducational group intervention, psychosocial adjustment & medical utilization, members of health maintenance organization experiencing marital separation, 1550
psychological & social adjustment & gender reorientation & depression & tension & involvement with female partner, 17–43 yr old female to male transsexuals, 12588
psychological & social adjustment & problem behaviors & frequency of sex typed play during free period, male vs female preschool students, 4335
psychological & sociological aspects of adjustment, newly diagnosed epileptic patients, 13042
psychosocial characteristics, blind vs normal high school students, 13072
psychosocial factors, incidence & outcome of hip fracture, aged, literature review, 13061
quality of life & job & education & acculturation, well-being & emotional adjustment, 25–75 yr old Hispanics in bicultural/bilingual urban milieu, 7861
religiosity & locus of control & perceptions of mental illness & pastor's role & church activities, mental health & choice of helping person, 13–77 yr old Puerto Rican vs Black members of the Pentecostal Church, 5513
sex role conflicts & coping behavior & adjustment, disabled males, literature review, 5721
stages in emotional adjustment to life change, kindergartners through 2nd graders entering school vs students entering junior high school vs college vs females marrying vs couples becoming parents, 911
stress reactions following recovery & identification of airplane crash victims, lay personnel, 20-mo followup, implications for emotional debriefing, 4453
unusual first names & SES, IQ & emotional adjustment, literature review, 12750
Emotional Content
defensive style & verbal & visual/spatial & emotional question content, lateral eye movements, right handed college students, 7396
emotional content, dreams, 59–87 yr old females, 12477
empathic or self effacing &/vs assertive content of audiotaped statements by males vs females, interpersonal evaluations, male vs female managers, 11396
film ambiguity & emotional content, ongoing thought & imagery, college students, 9510
Gottschalk-Gleser method vs anxiety topics dictionary, analysis of affective content of verbal behavior during psychotherapeutic interviews, patients with mean age of 28.5 yrs, 3842
grammatical complexity & expression & perception of communications of positive vs negative emotions, college students, 5264
mood, encoding & retrieval of affectively valent information, 5th graders, 840
processing of presentation to right vs left visual field, emotional vs nonemotional words, college students, 12125
REM sleep deprivation, emotionally important memories, college students, 12185
validity, pleasantness & activation ratings of words presented by computer-sorting algorithm, volunteers, 2358
Emotional Control [See Also Coping Behavior]
cognitive-affective defenses & controls & coping modes & personality & artistic styles, 32–58 yr old painters, 5657
Emotional Development
age & developmental level & caregiving history, attachment, 6–30 mo old polymatrically reared Gusii infants, Kenya, failure to find evidence for sensitive phase for imprinting in humans, 10079
age, emotional attachment to objects & sucking habits 1.5–7 yr olds, longitudinal studies, 3240
animal symbolization as representation of conflicts basic to affective development, children, 10037
assessment of social & emotional development, learning disabled children, 9301
cognitive & affective & behavioral model, development of faith, 5328
development of pride & shame, children, 912
education outside the home, childhood development, preschool age children, 9028
emotional development, gifted 4th & 6th & 8th graders, Taiwan, 915
failure to form normal mother-infant symbiotic bond & pathological efforts to compensate, development of borderline & narcissistic personalities, 8160
Gaensbauer Scales & Michigan Infant Affect Scales, assessment of affect development, infants, 11718
mild head injury, cognitive & emotional changes, children, 5946
pathological separation-individuation process in childhood, object constancy & relationship commitment, males & females, 8013
psychoanalytic interpretation, wishes & affect development, 12486
psychological development, 1st & 2nd graders in boarding school for parentless children, 2-yr longitudinal study, 6430
research applications, Tasks of Emotional Development Test, 11645
typology based on approaches chosen to cope with emotions, gifted children, 902
unresolved oedipal conflicts & separation individuation, marital relationship & marital &/vs individual therapy, 8423
Emotional Disorders [See Mental Disorders]
Emotional Immaturity
immaturity & insufficient emotional supports, efforts to achieve professional status & independence from family, college students, Romania, 12379
Emotional Inferiority
diagnosis & treatment, depression, emotionally constricted adolescents, 10345
use of poetry in group therapy as catalyst for emotional expression, emotionally isolated 21–48 yr old males, 8465
Emotional Insecurity [See Emotional Security]
Emotional Instability
uncommon tiredness, depression & anxiety & emotional instability & introversion & competitiveness & perception of stress & academic performance, college students, 13056
Emotional Maladjustment [See Emotional Adjustment]

Emotional Maturity
Adler's concept of "Gegenspieler" & "Folgenspieler," learning process of imprinting & maturation into autonomy, implications for psychotherapeutic process, 8426
Emotional Responses [See Also Conditioned Emotional Responses]
affectively positive vs negative & congruent vs incongruent words, RT, college students, 12345
anxiety & depression & denial & defense mechanisms & emotional activation, patients hospitalized with cancer & other pulmonary pathologies, 6004
attention to mothers & appearance of having fun during interactions, high risk infants, 5704
attention to vs distraction from sensory aspects vs expression of emotions associated with painful stimuli, pain thresholds & tolerance & distress, male college students, replication & extension of work of H. Leventhal et al, 4839
bilateral lesions of anterior commissure preceded vs not preceded by bilateral transection of lateral olfactory tract, behavioral & electrophysiological reponses, male rats, 2968
bilateral transection of lateral olfactory tract, behavioral & electrophysiological responses to odor stimuli, male rats, 2967
conservation withdrawal & mental retardation & need for differential diagnosis, withdrawal & apathy & inactivity in medical & surgical patients, hospitalized 28 yr old male & 44 yr old female, 8084
dance vs group therapy, emotional responses, student nurses & occupational therapy students, 3800
depression, response to humorous stimuli, college students, 3473
development & validity & reliability of Parent Affect Test, assessment of child behaviors causing anger vs pleasure in parents, couples with 2–11 yr olds, 9347
dexamethasone suppression & mood response to methylphenidate, 20–65 yr olds with primary depression, 12776
emotional development, gifted 4th & 6th & 8th graders, Taiwan, 915
emotional power of stimulus words, latency & variety of associative response & EEG responses, 22–30 yr old college students, 5068
emotional valences of acoustic stimuli, subjective & somatic & auditory effects, 2605
experience & attitudes toward slaughtering cattle & hogs & use of animals, college student work crew involved in cattle & hog butchering, 13621
eye contact & gesturing & self contact behaviors on right vs left sides of body during interpersonal contact vs emotional situations, right handed 19–35 yr old females, Italy, 3401
fear stress & fear imagery, psychophysiological reactions, college students with snake phobia vs public speaking anxiety, 12159
film segments as affective stimulus, factor structure of self reports of emotional responses, college students, implications for utility of film stimuli, 2670
friend vs stranger & single vs multiple instances of aid & ego- vs non-ego-relevant task dimensions, affect & self & helper evaluations, male college students, 5634
growth-produced changes in body shape & size, perceived age & caretaking inclinations, college students, 1067
GSR & EKG during response to Rorschach cards, asthmatic vs nonasthmatic Ss, 10571
hidden & overt reaction to child abuse & role of marital & family relations, treatment, abused children & adolescents, 12902
imitator's status, affective response to sexual harassment, 23–51 yr old female flight attendants, 6865
implicit bipolar & interrelated taxonomy of emotions, college students, 2675
interaction with confederate enacting depressed vs neutral vs elated mood state in role of helper vs stranger, mood induction, college students, 2669
location of touch & sex of E, ratings of relaxation/comfort, male vs female college students, 7958
marital status, exposure & emotional responses to stress & depression & coping resources, community residents, 3304
mastectomy, physiological & emotional reactions to erotic stimuli & attitudes about self & body image & attractiveness & sexuality & relationships with men, 34–57 yr old White & Oriental females with breast cancer, 6318
multilevel approach for assessment of peer group interaction, individual & group behavior & affective responses, nurses, 10246
murders of Black youths in Atlanta in 1979–81, responses, Black vs White parents of other children living in Atlanta vs Cleveland vs Tuscaloosa, 12506
naloxone dosage, emotionally conditioned digitalis toxicity, guinea pigs, 3060
nonveridical heart rate feedback while viewing dental procedure, actual heart rate & emotional attribution, dentally anxious college students, 5144
past experiences, emotional responses to color, college students, 9431
pediatric examinations, emotional responses & coping behavior, 6–12 vs 18–36 vs 42–60 mo olds, 3988
performance outcome & task difficulty & test anxiety level, performance attributions & achievement-related affect & role of cognitive interference, college students, 2068
pictures of normal vs taboo topics, emotional responses & duration of visual inspection & role of social pressure, male vs female college students, 533
psychological reactions to severance of US relations, college students, Taiwan, 7830
response to fear & psychological & physical stress & presence of organic brain disease, etiology of catatonia, 28–48 yr olds, 10327
single vs spaced interval word presentation & massed vs spaced practice word list study, recall & affective judgment, 16–51 yr olds, 11874
statistical independence of positive & negative affect, college students, methodological explanations for findings of N. M. Bradburn, 7211
TV program with vs without captions, affective responses & perception of TV characters, hearing impaired 8–12 yr olds, 6006
unsignaled vs self administered hydromorphone vs saline injections, psychological & physiological responses, methadone-maintained opiate addicts, implications for opponent process view of addiction, 8235
Emotional Restraint [See Emotional Control]
Emotional Security
age, emotional attachment to objects & sucking habits 1.5–7 yr olds, longitudinal studies, 3240
neuroticism & security-insecurity, orthopedically disabled vs normal 20–30 yr old males, 6024
Emotional Stability
emotional development, gifted 4th & 6th & 8th graders, Taiwan, 915
emotional stability as indicated by chronic anxiety levels, 2nd–12th graders in gifted program vs 1st–12th graders in regular classrooms, 11247
extraversion/introversion & emotional stability/neuroticism, guessing task performance, Ss in groups vs individually, 8050
eye color & ethnic origin & family size & birth order, cognitive performance & emotional stability, 20–26 yr old Sephardi vs Ashkenazi Jewish males, 3285
factor analysis & validity, measures of extraversion & emotional liability, students, 2406
stability of negative recall bias & mood state, vulnerability to depression, medical students, 10295
training in problem solving techniques, academic achievement & locus of control & emotional stability, college students, 13229
Emotional States [See Also Alienation, Boredom, Depression (Emotion), Distress, Emotional Trauma, Endogenous Depression, Euphoria, Fear, Loneliness, Mental Confusion, Neurotic Depressive Reaction, Optimism, Panic, Pessimism, Pleasure, Psychotic Depressive Reaction, Reactive Depression, Restlessness]
ability to approach snake following physical vs emotional arousal, snake-fearful female college students, 11919
acute & chronic exercise, improved affect & beta-endorphin & beta-lipotropin activity, literature review, 5122
aerobic conditioning, mood, depressed patients, 8381
aerobic fitness & emotional arousal, response to J. D. Zimmerman & M. Fulton's criticism, 12155
anxiety & depression induced by self statements & physiological correlates of mood states, female college students, 12163
behavioral & emotional & physiological measures of stress, Three Mile Island residents, 13797
causal attribution vs outcome, general vs self esteem related affect, female college students, 298
changes in CNS during perception of music, implications for neurophysiological bases of emotion, 2902
contingent vs noncontingent positive vs aversive reinforcement & awareness of noncontingency, cognitions & attributions & mood & learned helplessness, college students, 9527
daily cocaine vs lidocaine, subjective & cardiovascular effects, normal 22–27 yr olds, 3021
deafness & age, recognition of facial expressions of emotion, normal vs deaf 5–17 yr olds, 6027
demographic characteristics & maternal mood & responsiveness to infant, perceptions of infant temperament, mothers of high risk developmentally delayed infants, 10143

diazepam vs phenobarbital vs placebo, EEG & attention test performance & mood, 30–50 yr old male alcoholic inpatients, 1665
divorce & accompanying mood disturbance, REM sleep characteristics, more vs less depressed 39–55 yr old females, 5741
effects of E. A. Velten's positive & negative mood induction procedures, college students, 11915
emotional state of students, ratings of instructors at beginning vs end of semester, undergraduates in psychology classes, 6806
emotions & social pressure & psychodynamics, alcohol drinking patterns, males with mean age of 36.7 yrs arrested for driving while intoxicated, 10466
exercise, mood & cognitive ability, 16–45 yr olds, 12160
exposure to mercury, nerve conduction velocity & short term memory & intelligence & somatic disorders & vigilance & mood, industrial workers, 13086
fluctuations in mood & activation levels during menstrual cycle, 22–32 yr old females, 9708
high arousal withdrawal & negative mood states, motivation & cue to drink, severely vs moderately dependent alcoholic males & females, 5874
induction of positive vs negative self referencing vs not self referencing mood states, helpfulness, female college students, 1053
interaction with mother under seeing &/vs hearing conditions, affect, 3 mo olds, 5346
irrational beliefs, anxiety & anger & unhappiness & drinking behavior, male heavy social drinking college students, 2674
liberal vs strict family upbringing, internal state & frustration & methods of coping with stress, male vs female adults, 7999
lithium & psychiatric diagnosis, alcohol consumption & mood & treatment compliance, 33.0–42.2 yr old alcoholics with vs without secondary affective illness vs Ss with primary major affective illness with vs without secondary alcoholism, 13282
mental status examination, assessment of affect & symptoms & cognitive functioning, mentally retarded adults, 4798
mood & internal vs external attribution of responsibility for mood & salience of request for help, helping behavior, female college students, 1046
mood & psychological symptoms, 25–65 yr olds with varied forms of rheumatoid arthritis, 3769
mood & psychotherapeutic training & learning, 4196
mood, encoding & retrieval of affectively valent information, 5th graders, 840
mood, helping behavior & attraction & information acquisition, college students, 10266
mood state profiles, 16–63 yr old marathon runners, 7473
moods & social isolation & food-related behavior, bulimic 19–33 yr olds, 3720
morningness vs eveningness, diurnal variation of mood & arousal, 18–50 yr old females, 12144
multidisciplinary provision of preventative & clinical services, infants & parents with emotional problems, 6364
olfactory stimulation by androstenol, mood variations throughout menstrual cycle, female college students, 5188
perception of object's projected movements, female college students in comfortable vs uncomfortable emotional states, 11917
perceptions of classroom environment & mood & achievement & popularity & adjustment, normal vs acting out/anxious/unpopular 5th & 6th graders, 4337
perceptions of classroom environment, student mood & achievement & popularity & adjustment, 5th–6th graders & their teachers, 4336
personality & mood & anxiety, acceptance vs refusal of disulfiram, male alcoholics following detoxification in inpatient alcoholism treatment program, 11083
physical & neurological & psychiatric & biochemical indicators, duration of recovery period, 29–67 yr old alcoholics following withdrawal, 1870
physiological arousal & positive vs negative mood induction & self awareness, misattribution of residual arousal, college students, 2673
positive vs negative affective states, effect of success vs failure on expectations & self evaluation & estimates of previous success, college students, 304
prazepam vs diazepam, mood states, 18–28 yr old males vs females, 7614
predictor variables & mood, estimation of correlation, college students, implications for accuracy & use of a priori causal theories, 303
reliability & validity, verbal cathexis test correlated with goal orientations & mood ratings, Ss with mean age of 26 yrs, 9382
role playing positive vs negative moods, evaluation of self vs others, 17–33 yr old college students, 12660
sex differences, heart rate & blood pressure & perceived environmental arousal & pleasantness, college students in single- vs triple-occupancy dormitory rooms, 4582
simulated dive to 660 meters, cognitive ability & perceptual motor performance & sleep quality & emotions, male divers, 7500
sleep disturbances, performance & mood, literature review, 5140
stability of negative recall bias & mood state, vulnerability to depression, medical students, 10295
sugar loading, mood, 16–24 yr old college students, 9701
triazolam vs flurazepam, sleep & daytime sleepiness & performance & mood, 64–79 yr old insomniacs, 3941
validity, shortened version of Profile of Mood States, cancer patients with mean age of 53.6 yrs, 9378
wish to be remembered & clinical & linguistic significance of being forgotten, implications for development of mental disorders, 5729

Emotional Trauma
acute onset of combatlike stress symptoms & aggravation by conflicts similar to original trauma, 55 yr old World War II veteran, 8118
early traumatic experience, sleepwalking, male psychoanalytic patient, 8422
impact of multiple traumas in 1st 2 yrs of life, therapy, children, 10735
major themes of analysis & trauma in psychodynamics of childhood encopresis, pesonality development, 22 yr old male, 6035
re-enactment in psychoanalysis of mother's traumatic experience, daughter of concentration camp survivor, 13134
relocation & survivor stress & breathing problems & nightmares, 22 yr old Laotian Hmong soldier, implications for role of shaman & ritualism, US, 13085
sequence of traumatic childhood events vs onset of delinquency vs initiation of illicit drug use, drug addiction, opiate addicts, 1266
time perception following psychic trauma, 7 mo to 17 yr olds vs 21–69 yr olds, 1218
trauma during growth process, childhood coping strategies & adult adjustment, adults who survived World War II as Jewish children in Europe, 7787
trauma levels, 3–18 vs 18–72 yr old female rape victims vs child incest victims, implications for sexual assault treatment programs, 3618

Emotionality (Personality)
achievement motives & ability & future time orientation, worry & emotionality components of test anxiety, 6th graders, 13617
activity level & emotionality & cognitive-anticipatory performance ability, spontaneous locomotion in tunnel labyrinths, RHA/Verh vs RLA/Verh rats, implications for role of genetics in personality, 9593
factorial dimensional analysis of various personality scales with emphasis on emotionality & extraversion/introversion, 2407
fear & anger & joy factors, individual emotionality profiles, questionnaire respondents, 8042
neurophysiological bases of temperament & emotionality & extraversion-introversion & neuroticism, "need-information" theory of emotion, 9709
premorbid adjustment & recent symptomatology, 18–41 yr old schizophrenics from families with high vs low levels of expressed emotion, 12841
relationship between emotionality & sociability, 18–25 yr olds, 5682
sex of participant & best friend & type of feeling & participant role, emotional expressivity, college students, 10287

Emotionally Disturbed [See Also Autistic Children]
balance ability & reflex maturation, 85–131 mo old learning disabled vs emotionally handicapped males, 10314
behavior modification using teacher reprimand vs self monitoring, disruptive behavior, 7th & 8th graders with emotional/behavioral disturbances, 4361
biofeedback treatment, headache & asthma & hyperactivity & muscle dysfunctions & anxiety & emotional disorders, children & adolescents, 3923
Cascade of Services model in special education, emotionally disabled students, 2181
child's social adjustment & degree of emotional disturbance, decision to place in institutional vs foster family care, social workers, 1762
classroom behavior patterns, educable mentally retarded vs learning disabled vs emotionally handicapped 1st–5th graders, 2127
classroom interaction in residential treatment center, teacher & emotionally disturbed 15 yr old male, 2122
clinical judgment, foster care vs institutional placement of emotionally disturbed children, social workers, criticism of S. Briar's study, 1765

complementary program & service system vs traditional team approach, development & implementation of individualized education programs, learning disabled & emotionally disturbed & educable mentally retarded elementary school students, 11268
construct bias in WISC-R, low vs middle SES 7–12 yr olds classified as learning disabled or emotionally disturbed or educable mentally retarded, 9334
development of primitive reflex & postural adjustment assessment procedure, identification of neurodevelopmental delay, mentally retarded neurologically handicapped vs emotionally disturbed 3–10 yr olds, 8077
educational mainstreaming, emotionally handicapped children, 13662
emotionally disturbed vs behaviorally disturbed labels, attitudes toward target groups, preservice & inservice regular & special education teachers, 13518
evening psychotherapy in part-time institution & outpatient psychotherapy vs institutionalization, emotionally disturbed children & adolescents, 8374
factor structure, Behavior Problem Checklist, Black vs White emotionally disturbed vs learning disabled vs educable mentally retarded children with mean age of 11.4 yrs, 103
hair metal concentrations, emotionally disturbed children with mean age of 8.7 yrs, implications for etiology of behavior disorders, 12838
high level gasoline inhalation, emotional & neurological functioning, 28–32 yr old males, 1336
hyporesponsive postrotary nystagmus & subnormal visual-motor control skill, emotionally disturbed behavior disordered 5.9–12.4 yr olds, 1275
individualized education &/vs psychological treatment, emotional stability & intellectual ability & academic achievement & vocational aspirations & personal contentment, underachieving emotionally disturbed 8–16 yr olds in therapeutic community, 11004
interaction patterns & communication deviance, normal vs disturbed families, literature review, 5749
internal reliability of Behavioral Assertiveness Role-Play Test for Children, emotionally disturbed/learning disabled 8–13 yr olds, 11665
part-time & group therapy vs institutionalization, child psychiatry, severely emotionally disturbed children, 8388
part-time institutional action & multipolar approach to therapy & inclusion of family & school, 6 yr old emotionally disturbed female, 8392
patient characteristics & family therapy, adolescents with episodic violent dyscontrol, 6164
perceived priorities in service delivery for emotionally disturbed children, educational & mental health & social work professionals, Australia, 11260
phases of intensive residential treatment & therapeutic strategies & transference-countertransference, emotionally disturbed children & adolescents, 1782
preparation for discharge of mentally retarded & emotionally disturbed children from residential therapy schools, parents, 8719
problems encountered in residential homes for mentally retarded & emotionally disturbed children, child care workers, 8859
provision of guidance services with emotional & behavioral problems, children followed from prekindergarten screening through 3rd grade, longitudinal study, 11283
research & professional practice, special education, emotionally disturbed/behaviorally disordered students, 4351
self contained therapeutic environment within residential agency, severely emotionally disturbed children, 8746
self esteem & motivation & development of emotional disorders, learning disabled children, 10524
special services eligibility decisions & classification of students as learning disabled vs mentally retarded vs emotionally disturbed, educational professionals, 6754
status of special education services for emotionally disturbed, rural vs urban school districts, 4338
structured experience &/vs information, response to & initiation of interaction with 6–18 yr old severely emotionally disturbed pupils, 1st–6th graders, mainstreaming implications, 4359
test-retest analysis, Rorschach Test, disturbed hospitalized adolescent female, implications for object relations theory, 10391
theories & methods of outpatient care, severely disturbed adolescents, 8440
value of residential treatment, disturbed children & adolescents, 4062
vestibular-based functions & behavior problems, normal vs learning disabled & emotionally disturbed 5–9 yr olds, 8083
video game reward system, behavior change, emotionally disturbed students, 13639
WISC-R subtest score, discrimination of learning disabilities vs emotional disturbance, children, reanalysis of data of R. S. Dean, 96
wrestling in physical education program, coordination & self discipline & self concept, emotionally disturbed & learning disabled students, 9042

Emotions [See Also Related Terms]
activation level, disturbance & cue utilization in scaling of emotions & comparison with information processing performance testing, 511
affective self disclosure, marital adjustment, spouses with mean age of 24.3 yrs, 7877
age & spontaneity of emotional facial expressions, recognition, 4–5 yr olds vs adults, 5295
application of opponent-process theory to motivation for habitual blood donation, 1079
articulated thoughts during simulated stressful conditions, male college students, implications for cognitive therapy, 1572
attribution of facial expression of emotion, 20–40 yr old college students vs nurses vs dancers vs photographers vs artists, India, 12679
causal attributions & affect & expectations, perceived job performance, 21–61 yr old nurses & manufacturing employees, 9173
classification of passion in medical literature, 5723
concepts of self & ego & affects & drives, 8023
creative writing exercise using emotions as tools of instruction, learning disabled elementary school students, 9063
crowd noise during arm wrestling match, arm EMG & arousal measured by skin conductance, college student Os, 12161
development & validity of Scale of Eight Emotions, relationship between anxiety & motor behavior, female high school gymnastics competitors, Yugoslavia, 2457
ecological approach to studies of social & emotion perception & impression formation & causal attribution & comparison with cognitive approaches, literature review, 10271
emotional & cognitive components of test anxiety as trait & state, 1100
emotional arousal, plasma lipids, adults, literature review, 515
emotional needs, gifted children, 12375
emotional significance of material, memory, monograph, 4842
expressions of passion & other emotions, account of 1668 conference of Royal Academy of Painting & Sculpture, 5277
facial expressions of emotions in C. Le Brun's drawings, 5273
film ambiguity & emotional content, ongoing thought & imagery, college students, 9510
historical view of passion & sexuality & love, 4646
humorous science fiction account of human sensory & emotional & cognitive systems, 32
judgments of vocal affect, language delayed 5–11 yr olds, 3660
model of emotions deriving circular ordering of primary emotional categories from postulated underlying dimensions of hedonic & autonomic arousal, 2665
neuroanatomical basis for assessment of asymmetrical facial expression of emotion, criticism of article by R. Alford & K. F. Alford, 7209
occupational demands, emotions & family life & marital & life satisfaction & coping behavior & social support, 30–60 yr old probation & parole & aftercare services administrators, 2238
perceived emotions in their 1–18 mo olds, mothers with mean age of 28 yrs, 886
perceptions of facial expressions of positive vs negative emotion presented to right vs left visual field, right handed college students, 9635
personal valuations as motives in self control, 7207
pleasure &/vs pain & subjective distance & directedness & duration & imagination, emotions, 3478
positive feelings, risk taking, college students, 2666
prevalence & feelings about & origins, nicknames, male vs female high school students, 12464
principle of sympathy in G. Campbell's "The Philosophy of Rhetoric", 4620
psychoanalytic interpretation of passion, implications for understanding psychosis, 5783
psychoanalytic interpretation, passion & madness & psychosis, 5764
psychodynamics & constructive use of envy, female in early 20's with borderline personality, 10432
psychological factors, attitudes & feelings & conflicts during 1st pregnancy, females, 964
research paradigm for idiographic-nomothetic analysis of personality & emotions, personality theory development, 11571

role of social referencing in affective communication, criticism of S. Feinman's conceptualization, 870
self administration vs interview vs card sort presentation of survey, expression of social life feelings, adults, 2450
semantic vs propositional discrepancy in brief counseling, reduction of negative emotions, college students, 6376
sex & age differences, comprehension of emotional concepts & social attributions, profoundly deaf 14–20 yr olds, 10610
sex & familial handedness & Type A personality, lateral dominance of electrophysiological response to emotion, right handed college students, 5132
sex of participant & best friend & type of feeling & participant role, emotional expressivity, college students, 10287
social status & demographic variables, emotions engendered by & causal attribution for perceived financial success, survey respondents over 18 yrs old, 1083
structural characteristics, melodic expressive properties, college students, 4971
student ability & amount & consistency of effort, affective reactions to student success vs failure, elementary school teachers, 13627
task achievement vs failure & importance & effort, emotions, college students, 2671
test performance, causal attribution & affect, college students, 6702
theoretical basis & clinical applications, Emotional Profile Index, 4720
use of "feeling wheel" as tool to recognize & communicate feelings, psychotherapy clients, 8461
Empathy
convergent & discriminant validity of Interpersonal Reactivity Index subscales, measurement of empathy, college students, 2418
counselor postural congruence, perception of counselor empathy, 11th graders, 6391
counselor responses using perceptual predicates similar vs dissimilar to client's, perceived counselor empathy, female college students, 6385
direct vs indirect learning vs no request for help & appeal to worthiness vs empathy, helping behavior, adults, 7977
divorce adjustment training program, postdivorce adjustment & empathy & self esteem, 21–47 yr old females, 1-mo followup, 3873
empathic responding, preschool children of battered mothers, 5859
empathy & role taking ability & type of prohibition rationale, resistance to temptation & deviance, 3rd graders, 3233
empathy & "therapeutic screen" in psychotherapy, psychotherapists, 13173
factor analysis, perceived central components of empathy, parents of 9–12 yr olds, 12717
impulsiveness & venturesomeness & empathy, male vs female 7–15 yr olds, Canada, 12496
inconsistency between counselor verbal & nonverbal behavior, perceptions of counselor empathy & genuineness & expertness & willingness to seek counselor's help, college students, 10985
intervention program, empathic skills & maturity of moral judgment, student teachers, 1969
microtraining vs systematic human relations empathy training, empathic understanding, 18–63 yr olds, 6186
need for therapist empathy & warmth & sincerity & decisiveness & methods of psychotherapy, therapeutic efficiency, 6137
nemawashi as interpersonal empathic communication mechanism, Japan, literature review, 3286
operational/empirical basis of & use of untrained raters in Truax-Carkhuff method & proposal for science of meaning method, therapist empathy research, 6964
praise vs blame & help giving vs neglect & assignment of easy vs difficult tasks & pity vs anger, implied evaluation of ability & target person's self perception, 12645
rationality of creative behavior, application of structure of intellect model to cognitive styles & creativity & empathy, 8016
representational system & eye movements during counseling, perceived empathy & ease of communication & anxiety & hostility, 17–27 yr old clients, 10959
role of introspection & empathy in psychoanalysis & H. Kohut's advocated shift from psychobiology to psychology emphasis, 8444
Rorschach Test & TAT validity, measurement of empathy, female 13–17 yr olds, 4764
self actualization, empathy & respect & facilitative genuineness, beginning vs advanced counseling students, 1928
self object transference & concept & empathy in self psychology, psychoanalysis & psychotherapy, 8446
self psychology, psychoanalysis & psychotherapeutic process, comments on article by H. B. Levine, 8448
self reported anxiety & skin conductance & clients' & judges' ratings of empathy, counselor trainees, 1761
sex differences, empathy & communication skills, 12634
similarity-complementarity on therapist effectiveness rating variable & level of accurate empathy, male college student dyads, 10239
Empirical Methods [See Also Observation Methods]
development of response priming experimental technique, RT in voluntary body movements, 30–40 yr old right-handed females, 2389
EEG spectral analysis, measurement of alertness, 7407
empirical investigation of phenomenon of perfect recall, 16–24 yr olds, 9517
empirical investigation of psychoanalytic training, students & members of psychoanalytic training institute, 11145
empiricist view of psychological research & theory, a priori assumptions, 6953
formulations of J. Lacan, origins & functions of ego, literature review, 6934
history of psychology from philosophy to empiricism to nationalism to scientific tradition, contributions of W. Dilthey & F. Nietzsche & Jung, 9211
ideological theoretical orientation, review of empirical studies of sex differences & sex-role stereotyping in therapy & androgyny, 5603
method for differentiation of support functions among network members, White professional married males with mean age of 35 yrs vs females with mean age of 38 yrs, 3380
methodological problems in comparison of comprehensive vs 3-track schools, statistical validity in nonequivalent group designs, West Germany, 13682
Monte Carlo methods, empirical comparison of Taylor Series Approximation 1 & 2 & noninteractive & interactive & independent multiplicative procedures for estimation of population true validity mean & variance, 11751
objections to & purposes & examples of case studies as scientific evidence in psychology, 9244
operational/empirical basis of & use of untrained raters in Truax-Carkhuff method & proposal for science of meaning method, therapist empathy research, 6964
perceptual & predictive errors & sources & means of removal from empirical data, attributional errors, 9277
preferences for sweet vs salty vs sour vs plain foods, 17–31 yr olds with Prader-Willi syndrome, implications for empirical research, 8240
procedures for selecting & defining & recording behaviors observed in social & behavioral research, literature review, 2372
psychological variables, external validity & need for precisely delimited samples & criteria to monitor Ss' readiness to respond to mailed psychological questionnaire studies, industrial workers vs salaried employees, 9266
quantitative techniques for measurement of abnormal motor movement in handicapped, nonhandicapped 7–15 mo olds, 6978
scientific empiricism as basis for methodological criticism of social psychology experimentation, 4677
tests of significance vs Bayesian hypothesis testing, empirical research, 11754
theoretical & methodological concerns, evaluation of cognitive behavioral preparation for surgery, literature review, 13311
validity of simulators, research & personnel training, 13789
Western history & current models & treatment & empirical methodology, pain, literature review, 13123
Employability
social skills training, vocational rehabilitation, mentally retarded, 8771
strategies for employability in academic setting, 11184
vocational rehabilitation & measurement of work readiness, 1861
Employee Absenteeism
goal change, satisfaction & organizational commitment & absenteeism, secretarial staff, 13751
motivational variables, absenteeism & productivity & job satisfaction, 11423
prior absenteeism & group cohesiveness & health locus of control & other factors, prediction of absenteeism, manufacturing plant employees with mean age of 34 yrs, longitudinal study, 13728
problems with & alternatives to traditional sick leave programs, hospital & nonprofit organization, 6861
recruitment source, employee performance & attendance & tenure, packaging plant workers, 11364
rigid vs flexible work schedule & marital status & parenthood, job satisfaction & strain reactions & absenteeism, females, 11424

sick leave vs well-pay program, absenteeism & productivity & job satisfaction, employees of nonprofit organization, 11415
wrist vs hand vs foot bone fractures, length of absence from work, 18–59 yr old employees, 8319
Employee Attitudes [See Also Job Satisfaction]
age differences in work attitudes & behavior, literature review, 2200
analysis of employee attitudes, evaluation of supervisory implementation of Civil Service Reform Act performance appraisals, government employees, 4482
attitudes & cognitions toward theft, prediction of future theft & counterproductivity, home improvement center employees, 12920
attitudes toward co-workers, attitudes toward work, nonmedical hospital staff, 13472
attitudes toward their occupation, 20–33 yr old prison guards, 9131
attitudes toward trade unions & employee self government, industrial employees, Poland, 6862
attitudes toward work & retirement factors, faculty aged 45 yrs & older from higher education institutions, US, 13539
conjoint analysis used to generate utility/cost ratios for elements of employee compensation package, employee satisfaction, financial institution employees, 11421
coping strategies, new hires vs job changers in consumer products corporation, 9165
critical-incident approach with interview & cassette taping, assessment of work related attitudes & behaviors, police officers, evaluation of T. R. Berry's study, implications for participant-oriented training programs, 2229
design & administration & scoring, employee attitude surveys, 4790
educational subsidies by employer, task interest & beliefs about reward, employed master of business students with expressive vs instrumental orientations toward program, test of sufficiency of justification hypothesis, 11406
employee support systems, attitudes & quality of services provided, mental health personnel in psychosocial rehabilitation setting, 1916
inadequate government services & educational facilities & restriction of community economic growth, frustration & apathy & dependency on employer, low income employees of forestry company, South Africa, 9168
internal reliability & predictive validity of organizational commitment scales, assessment of intended turnover, accountants, 102
job attitude & involvement & role stress & intrinsic motivation & role ambiguity & conflict, prediction of satisfaction, lower & middle & higher level managers, 11388
job satisfaction & expectation of job alternatives, job & organizational turnover, retail sales employees with mean age of 31.7 yrs, 13764
market & organizational characteristics, job attitudes & performance, bank employees, 6859
morale, industrial workers on permanent day vs rotating day-night shift, 4544
objective task changes & informational cues from supervisors, perceptions of task attributes & affective responses & productivity, employees, 11386
occupational strain & pleasure, male vs female full- vs part-time employees, Great Britain, 6874
organizational career line variables, turnover & intent to remain with organization, bank employees, 4551
participation in pay decisions, commitment to pay plan & organizational & job involvement & job satisfaction, professional personnel, 4528
participation vs ownership, motivation & satisfaction & attitudes toward change & trust in organization, employees, 4505
pay satisfaction & expectation & age & tenure & general satisfaction, withdrawal cognitions & turnover, sales representatives, 13771
perceived effectiveness of "whistleblowing" & comprehensiveness of retaliation, female employees who filed sex discrimination complaints, 11432
perceived threat of management vs co-worker sanctions, employee deviance, retail & manufacturing & hospital employees, 2259
personal characteristics & salary base & promotion/recognition opportunities & earnings opportunities, reward attractiveness, industrial salespeople & sales managers, 9169
personality factors & demographic characteristics & work & nonwork demands & satisfaction & physical health factors, employment immobility, correctional institution administrators, Canada, 4495
potential sources of conflict with employing organization, technical & professional employees, 2269
reactions to & perceptions of job characteristics by task performers vs nonperformers, steel industry employees, Netherlands, 11397
research & development work climate, work group behavior & innovation & attitude & work performance, managers in semiconductor industry, 9150
rotating shift work, leisure activities, workers in automated factory, 2.5-yr longitudinal study, 13761
satisfaction with performance appraisal system, managers vs employees, 2231
sex differences & other factors, job attribute preferences & commitment to work, English-speaking Ss aged 18 yrs or older, 11426
sexual identity & experience & feelings about daily approaches & recognition & willingness to use term sexual harassment, consciousness about sexual harassment, lesbian & heterosexual 21–77 yr old working women, 6871
social pressures vs health status vs income, prediction of early retirement intentions, 46–66 yr old industrial workers, 13762
theory of deontic work motivation, 13775
work environment assessment by liaison psychiatrist, morale & patient care, burn unit staff, 13464
work overload & interunit conflict & intershift problems & resource inadequacy & role frustration & conflict & primary-care vs team-care, job attitudes & behavioral intentions, nurses with mean age of 33.8 yrs, 4182
work schedules, interrole conflict between work & nonwork, hotel employees, 13776
12 AM vs 12 PM starting time & experience vs no experience on 12-hr work shift, attitudes toward "compressed work schedule", workers with average age of 37.1 yrs, 11402
2nd-order factor analysis of attitudes, industrial aircraft workers, 9163
Employee Benefits [See Also Bonuses, Employee Leave Benefits, Workmens Compensation Insurance]
conjoint analysis used to generate utility/cost ratios for elements of employee compensation package, employee satisfaction, financial institution employees, 11421
educational subsidies by employer, task interest & beliefs about reward, employed master of business students with expressive vs instrumental orientations toward program, test of sufficiency of justification hypothesis, 11406
evaluation of employee assistance programs, literature review, 6863
existence & effectiveness of personal & career counseling services within industry, literature review, 1763
specialized intervention in employee assistance program, knowledge about alcoholism & referrals to program, female employees with drinking problems, 11055
Employee Efficiency
feedback with vs without praise, efficiency, 18–64 yr old manufacturing employees, 2252
introduction of CRT terminals in workplace, visual focusing & exploratory patterns & behavioral adjustments, 20–30 yr old female operators, 9179
Employee Health Insurance [See Workmens Compensation Insurance]
Employee Leave Benefits
problems with & alternatives to traditional sick leave programs, hospital & nonprofit organization, 6861
sick leave vs well-pay program, absenteeism & productivity & job satisfaction, employees of nonprofit organization, 11415
Employee Motivation
effort level & direction, job performance, real estate representatives, 9146
evidence for & against W. Ouchi's Theory Z, motivation for increased productivity, employees, Japan vs US, 13779
goal acceptance, goal setting & task performance & motivation, employees, 11411
hierarchical models of motivation, adaptation to work, employees, 6868
improvement in social relations & social-welfare skills & professional knowledge & advancement & compliance with authority & relief from routine, participation in continuing education, nurses, 4177
inadequate government services & educational facilities & restriction of community economic growth, frustration & apathy & dependency on employer, low income employees of forestry company, South Africa, 9168
interaction between work values & environment & significance of work at various life stages & responsibility of & value to industry of techniques to assist needs & values clarification, employees, South Africa, 9167
job attitude & involvement & role stress & intrinsic motivation & role ambiguity & conflict, prediction of satisfaction, lower & middle & higher level managers, 11388

job characteristics & availability & value of various outcomes for good performance & probability of good performance & motivation, male vs female municipal personnel, 9171
merit pay, motivation, federal managers, 4515
motivation of employee-client unit for improvement in productivity, service organizations, 13768
motivational variables, absenteeism & productivity & job satisfaction, 11423
need for achievement & job features, work satisfaction & motivation, employees, test of validity of model of J. R. Hackman & G. R. Oldham, 9170
needs satisfaction framework, evaluation of political & bureaucratic & professional & community organizational models based on degree of motivation, 22–32 yr old police officers, 2258
participation vs ownership, motivation & satisfaction & attitudes toward change & trust in organization, employees, 4505
perceived threat of management vs co-worker sanctions, employee deviance, retail & manufacturing & hospital employees, 2259
personality & communication style, collective production, managers, USSR, 13750
praise for on-task behavior in simulated work activity, achievement motivation & work interest & productivity, male chronic psychiatric patients, 3912
reasons for job change, 26–30 yr old junior & middle level managers, India, 2247
salary & training & job design by job enrichment methods, motivation of Black employees for advancement, South Africa, 9134
theories of employee motivation & management style for optimized productivity, 4522
theory of deontic work motivation, 13775
Employee Performance Appraisal [See Job Performance, Personnel Evaluation]
Employee Productivity
attitudes & cognitions toward theft, prediction of future theft & counterproductivity, home improvement center employees, 12920
goal setting & feedback, task productivity, mentally retarded 22–25 yr olds, 8767
hierarchical level, flextime effects on productivity & satisfaction, employees of high technology organization, 4547
issues in personnel selection & equal opportunity & productivity & human resource management in industrial/organizational psychology, 4448
labor-management issues, quality of work life & productivity, comment on E. E. Lawler's article, 11444
measurement & evaluation of productivity, rehabilitation & social service agency staff, 11137
measurement & evaluation of productivity, rehabilitation & social service agency staff, comment on S. E. Simon's article, 11112
methodology, measurement of productivity, vocational rehabilitation clients, 8778
motivation of employee-client unit for improvement in productivity, service organizations, 13768
multiple raters & benchmarks & rating safeguards in performance appraisal, productivity, employees of large organizations, 4483
objective task changes & informational cues from supervisors, perceptions of task attributes & affective responses & productivity, employees, 11386
personality & communication style, collective production, managers, USSR, 13750
posttenure productivity, faculty in doctoral-granting departments of psychology, comment on article by C. A. Bridgewater et al, 11098
praise for on-task behavior in simulated work activity, achievement motivation & work interest & productivity, male chronic psychiatric patients, 3912
promotion of quality of work life programs, productivity, comment on E. E. Lawler's article, 11419
racial differences, work attitudes & efforts, Black vs White university professors, 6556
reevaluation of Hawthorne studies of employee productivity, 9148
reformulation of algebraic utility model, employee flows as factor in utility analysis of human resource productivity improvement program, 11731
sick leave vs well-pay program, absenteeism & productivity & job satisfaction, employees of nonprofit organization, 11415
theories of employee motivation & management style for optimized productivity, 4522
Employee Selection [See Personnel Selection]
Employee Skills [See Also Clerical Secretarial Skills]
computer technology, job characteristics, biscuit making operators, Scotland, 11404
model of task-relevant abilities & turnover, employees, 13763
perceived importance of different job skills & roles, job performance, top- vs middle- vs lower-level managers, 4513
Employee Termination [See Personnel Termination]
Employee Turnover
age & sex & length of service & basic education & professional qualification, propensity to change jobs &/or leave social work related employment, nursing home staff, England & Wales, 8878
demographic characteristics & organizational factors, turnover, child care staff, implications for mitigation of turnover, 8904
evidence for & against W. Ouchi's Theory Z, motivation for increased productivity, employees, Japan vs US, 13779
expected utility of present vs alternate civilian role & behavioral intention to complete enlistment & to reenlist, prediction of turnover, US Marine Corps enlistees, 4-yr longitudinal study, 13783
internal reliability & predictive validity of organizational commitment scales, assessment of intended turnover, accountants, 102
job rewards & costs & investment & alternatives, job satisfaction & commitment & turnover, nurses vs junior accountants with mean age of 24 yrs, 12-mo longitudinal test of investment model, 13773
job satisfaction & expectation of job alternatives, job & organizational turnover, retail sales employees with mean age of 31.7 yrs, 13764
job search linkages, employee turnover decision process, university employees aged 18 yrs & over, replication of W. H. Mobley's study, 11440
model of task-relevant abilities & turnover, employees, 13763
organizational career line variables, turnover & intent to remain with organization, bank employees, 4551
pay satisfaction & expectation & age & tenure & general satisfaction, withdrawal cognitions & turnover, sales representatives, 13771
process vs content aspects of employee turnover research, expansion & test of T. N. Martain's causal content model, medical laboratory employees, literature review, 13780
recruiting source & length of employment tenure, White vs Black vs Asian vs American Indian vs Hispanic store clerks, 2216
shift work schedules, physical & psychological health & job shift satisfaction & preference & turnover intentions, 25–34 yr old plant operators, 9178
supervisory & peer group interaction & organizational work facilitation, role ambiguity & conflicts & job performance & satisfaction & propensity to leave job, 22–59 yr old nurses, 1901
use of Miner Sentence Completion Scale to predict turnover, US Military Academy & Officer Candidate School students, 13717
Employees [See Personnel]
Employer Attitudes
attitudes toward stuttering & effects on job performance, employers, 3666
ethical responsibility to employees & employment security during reassignment, public employers, 11416
interaction between work values & environment & significance of work at various life stages & responsibility of & value to industry of techniques to assist needs & values clarification, employees, South Africa, 9167
partnership approach to vocational rehabilitation, enhancement of employer attitudes & hiring behavior, disabled persons, literature review, 1852
Employment [See Employment Status]
Employment History
career development & mobility, managers, 4523
education in special vs regular schools, academic achievement & skills & employment history, retarded vs borderline IQ adults, 4360
frequency of occupational history taking in family practice center, 8605
model, early youth career pattern effects on later careers, 14–24 yr old males vs females, 4469
potential for advancement &/vs availability of assessment center information &/vs current position &/vs sex, management promotion decisions, managers, 11370
sex & career pattern, ratings, applicants for deanship, 6564
voluntary school desegregation, career aspirations & planning & progression, high school graduates, 11349
Employment Interviews [See Job Applicant Interviews]
Employment Processes [See Personnel Recruitment]
Employment Status [See Also Unemployment]
advantages & barriers to dignified work in prisons, prisoners, 8751
age & employment status & chronicity of illness, determinants of worries & expectations, family practice patients, 8632

age & marital status & employment status & living arrangements, nature & amount of help provided to mothers, 40–66 yr old daughters & their aged mothers, 7887
college-level coursework as part of drug abuse treatment, subsequent education & employment, drug abusers, 8792
crime victim characteristics, level of police investigative effort, 5552
development & reliability & construct validity, comprehensive measure of perceived parental role responsibilities, fulltime college staff members, 7026
employment & fertility, 20–39 yr old married females, Dominican Republic, 3343
employment & job satisfaction, recent graduates from master's program in psychology, 8856
employment, psychosocial rehabilitation, schizophrenics, 6460
employment status & job/career options & barriers & recommendations for service systems, disabled females, 1864
employment status & settings, doctorate recipients in psychology, 1979–1980, 4197
employment vs unemployment & voting pattern & education & age & sex, explanations for unemployment, 18–68 yr olds, UK, 1069
factors in satisfaction with employment vs staying home, mothers, criticism of article by D. M. Fergusson et al, 9129
financial need & daily living activity level & occupational therapy, return to work, 18–65 yr olds with hand injuries, 11024
impact of proposed changes in child labor regulations, 14–15 yr olds, 10182
incidence & age & sex & marital & vocational status & suicidal motives & methods, foreign vs German suicide attempters, West Germany, 12909
labor force participation rate, Comprehensive Employment & Training Program participants, 2201
labor force participation, recidivist burglars & robbers, 12918
lack of employment stability, school dropouts, Scotland, 9127
level of well being & self esteem & role satisfaction, employed vs nonemployed mothers of preschoolers, 10146
life satisfaction, presently vs formerly vs never employed married females, 7881
marital & employment status & prior psychiatric treatment & neuroticism & psychoticism, psychiatric morbidity before vs after myocardial infarction, male patients, 10615
maternal ability & employment & employment choice, child's development at 1 vs 3 vs 6 yrs of age, mothers in traditional vs single parent families vs social contract relationships vs communal living groups, 12391
maternal employment status, involvement in child care, fathers, Australia, 7894
mother's employment status & reason for working, congruence of sex role attitudes & self concept, 10–14 yr old daughters & their mothers, 985
mothers' employment status & role models used, 25–84 yr old female lawyers, 12590
occupational aspirations & expectations & work attitudes, employed vs unemployed Mexican Americans with mean age of 25.2 yrs, 9120
occupational strain & pleasure, male vs female full- vs part-time employees, Great Britain, 6874
permanent part-time work, future job status & wages, 14–24 yr olds, longitudinal study, 10078
place of residence & education & age & working status, correlation between husbands' & wives' creativity scores, 16–60 yr olds, 10171
police program for employment, police detentions, 14–16 yr old gang members, 11044
preferences for allocation of work vs family duties in own marriage, high school students, 12476
public attitudes & refinement of terminology, work as means of rehabilitation in prisons, 8766
satisfaction with employment vs not working, mothers, reply to A. B. Smith's criticism, 9123
self esteem, employed vs unemployed vs reemployed male metal refinery workers with mean age of 48.5 yrs, 4467
SES & education, labor force participation, females, Canada vs Mexico, 10108
SES, continued employment, Ss 65 yrs & older, Canada, 13714
sex differences & sex role stereotyping & discrimination & role conflict & marital & employment status, alcohol drinking patterns, adults, 3360
signal rate, accuracy & response latency & errors in sustained attention task, male working vs nonworking methadone patients vs drug-free ex-heroin addicts, 1871
transition from employment into self employment in business, 6826
transitional employment, vocational & psychosocial rehabilitation, chronically mentally ill, 13397
use of Sonicguide & Laser Cane, obtaining & keeping job, visually handicapped, 8755
vocational training & employment status, 15–27 yr olds with cerebral palsy followed for 6–25 yrs, 8772
writer & rater sex & organizational position & memo quality, evaluation of business memos, personnel, 1076
Employment Tests
social validity, assessment centers, 11363
Encephalitis
diagnosis & behavioral management, 13 yr old female with postencephalitic behavioral syndrome, 3700
home-based remediation, 26 yr old female with subacute sclerosing panencephalitis, 1858
Kluver-Bucy syndrome following viral encephalitis, 21 yr old female, 1422
psychiatric manifestations, subacute sclerosing panencephalitis, case report, 13073
psychological correlates, patients with herpetic encephalitis, 8278
psychotic onset, patients with acute viral encephalitis, 8276
Encephalography [See Electroencephalography, Pneumoencephalography]
Encephalography (Air) [See Pneumoencephalography]
Encephalopathies [See Also Wernickes Syndrome]
cerebral & psychiatric effects of electrical brain injury, 23 yr old male, 10599
neurological examination vs cerebral computed tomography vs EEG, diagnosis of cerebral atrophy, 25–65 yr old patients, 8303
ventricular enlargement & cerebral & cerebellar atrophy, schizophrenic & manic 20–45 yr old males, 1196
Encoding [See Human Information Storage]
Encopresis [See Fecal Incontinence]
Encounter Group Therapy [See Also Marathon Group Therapy]
multifamily encounter groups, reduction of chronic institutionalization, mentally ill patients, 8713
Encounter Groups [See Sensitivity Training]
Endocrine Disorders [See Also Addisons Disease, Adrenal Gland Disorders, Cushings Syndrome, Diabetes, Diabetes Insipidus, Diabetes Mellitus, Hyperthyroidism, Hypopituitarism, Hypothyroidism, Premenstrual Tension, Turners Syndrome]
dexamethasone suppression & thyrotropin-releasing hormone stimulation test, neuroendocrine dysfunction, schizophreniform disordered inpatients, 1216
endocrine disorders, patients with anorexia nervosa, 5939
naloxone, dyskinetic movements & psychiatric symptoms, 36 yr old female with schizophreniform syndrome & partial adrenal 21-hydroxylase deficiency, 13269
neuroendocrine abnormalities, bulimic 18–30 yr old females, 5973
serial prolactin in diagnosis of hyperprolactinemia, 21–45 yr old psychiatric patients, 10365
sexual status, 14–18.7 yr old males with idiopathic adolescent gynecomastia vs 3.5–15.8 yr olds with congenital virilizing adrenocorticism, 10626
value of endocrine screening & differential diagnosis in neuroendocrine disorders & hypothyroidism & hyperthyroidism, psychiatric symptoms, literature review, 8305
Endocrine Gland Secretion
dextroamphetamine, behavioral & biochemical & neuroendocrine responses, normal monozygotic vs dizygotic twins vs bipolar patients in remission, 1199
Endocrine Gland Surgery [See Also Adrenalectomy, Hypophysectomy, Male Castration, Ovariectomy, Pinealectomy]
electrical stimulation of mesostriatal dopamine system & gonadectomy & estrus cycle, rotational behavior, male vs female rats, 561
Endocrine Glands [See Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Pineal Body, Pituitary Gland, Testes]
Endocrine Sexual Disorders [See Premenstrual Tension, Turners Syndrome]
Endocrine System [See Also Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Pineal Body, Pituitary Gland, Testes]
age-related changes in endocrine & immunologic function & trisomy 21 & similarity with Alzheimer's disease, Down's syndrome patients over age 35, literature review, 3495
behavior therapy program, body weight & anorectic & neurotic behaviors & attitudes & endocrine variables, 13–29 yr old anorexia nervosa inpatients, followup study, 3914
Endogamous Marriage [See Consanguineous Marriage]

Endogenous Depression
amitriptyline vs lithium & levotryptophan, plasma ratios of tryptophan & tyrosine to amino acid & clinical improvement, patients with endogenous depression, 10855
Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, assessment of life events, 25–76 yr old endogenous depressives vs 20–66 yr old depressive neurotics, 10423
asthenic-hypochondriac & depressive & organically depressive & purely organic stages, development of organic melancholia syndrome, 3496
bilateral vs unilateral ECT, endogenous depression, patients with mean age of 50.6 yrs, 6048
bubropion vs imipramine, antidepressant response & side effects, endogenously depressed 23–72 yr old outpatients, 10867
clinical characteristics, patients with neurotic depression vs endogenous depression vs brief depressive reaction, 12863
cosyntropin stimulation test, cortisol response, females with mean age of 36.4 yrs with endogenous depression, 10337
cytidine-5-diphosphate-choline, memory impairment induced by ECT, inpatients with endogenous depression, 1625
dexamethasone suppression test & clinical correlates, endogenously depressed patients, 10342
dexamethasone suppression test, aldosterone levels, 25–56 yr old female endogenous depression patients, 1169
dexamethasone suppression test, evaluation of Capgras syndrome, 36 yr old female psychiatric patient, 12877
dexamethasone suppression test, suicidal patients with unipolar depression, 10436
dexamethasone suppression test vs urinary free cortisol vs growth hormone response to insulin tolerance test vs polygraphic sleep recordings, differentiation of endogenous vs neurotic vs ambiguous depression, 21–52 yr old inpatients, 3515
dexamethasone suppression tests, cortisol & 11-deoxycortisol & corticosterone & 11-deoxycorticosterone & cortisone, 27–58 yr old endogenously depressed females, 10376
dopamine-beta-hydroxylase activity & family history of affective illness, 22–65 yr olds with endogenous depression, 10419
dysfunctional attitudes & dexamethasone suppression, endogenous vs nonendogenous depression, patients with mean age of 37 yrs, 3534
ECT, arginine vasopressin release, 27–76 yr old endogenously depressed females, 10713
erythrocyte catechol-O-methyltransferase activity & family history of affective illness, 23–65 yr olds with endogenous depression, 10417
hypothalamic-pituitary-adrenal axis function, depressed alcoholic patients with mean age of 37 yrs, implications for usefulness as marker for endogenous depression, 5724
learning disabilities & endogenous depressive illness, children, literature review, 1116
lithium & prothiaden or lithium & mianserin & chlorpromazine, endogenous depression, 64 & 66 yr old males resistant to prothiaden or imipramine or phenelzine or lithium or mianserin or chlorpromazine, 10849
MAO metabolism & function & neuroendocrinology & biological rhythms in biochemistry, endogenous depression, 10395
nocturnal EEG measures of sleep continuity & architecture & REM sleep, narcoleptics vs patients with endogenous depression, 5718
nosology of atypical depression, 21–65 yr old outpatients, literature review, 10410
plasma cortisol secretion & REM period latency, patients with endogenous depression with mean age of 40.8 yrs, 10341
platelet MAO activity & family history of affective illness, 21–65 yr olds with endogenous depression, 10418
serum cortisol & fasting blood sugar levels during dexamethasone suppression test, females with endogenous depression, 8159
serum glutamate level, 20–72 yr olds with endogenous & neurotic depression vs schizophrenic & schizoaffective patients, 12822
sleep disturbances assessed by EEG vs O ratings, patients with endogenous vs nonendogenous depression, 5753
sleep interruption, REM sleep latency, 30–48 yr old endogenous depressives with vs without evening sleep onset REM episodes, 5811
symptom patterns, endogenous & neurotic depressives, 3556
total sleep deprivation, dexamethasone suppression test, endogenously & nonendogenously depressed 21–76 yr olds, 12819
urinary histamine & methylhistamine, 44–70 yr olds with endogenous depression, 5757
zimelidine vs doxepin, 23–66 yr old inpatients with endogenous depression, 10835

Endorphins [See Also Enkephalins]
acupuncture & transcutaneous stimulation, production of endorphins & hypalgesia, 6333
acute & chronic exercise, improved affect & beta-endorphin & beta-lipotropin activity, literature review, 5122
alpha-type endorphin sc & intrastriatal injections, apomorphine induced stereotyped behavior, male rats, 7631
beta-endorphin fragments, apomorphine induced behavior, rats, 7632
cold pressor vs arithmetic-induced stress & naloxone, pain thresholds, humans, implications for role of endogenous opioids in pain tolerance, 7459
des-levotyrosine-gamma-endorphin, brain dopamine biosynthesis, rats, 680
dextroamphetamine vs placebo, plasma beta-endorphin immunoreactivity, schizophrenic 20–33 yr olds, 1664
ECT, plasma immunoreactive beta-endorphin levels, 40–87 yr old unipolar major depressives, 6049
electroacupuncture hypalgesia, endorphins, literature review, 8624
endogenous catecholamine &/or opiate rewards, implications for reinforcing prosocial behavior, 5073
endorphins, altered states of consciousness, literature review, 7474
endorphins, physiology & role in animal & human learning & attention & learning disorders, literature review, 9670
functions & behavioral & physiological effects, endorphins & opiates, literature review, 7422
gamma endorphins, prolactin secretion, rats, 7601
gamma-endorphin deficiency induced by antiserum injections into nucleus accumbens, hyperactivity & habituation & cognitive impairment, male rats, 7634
gamma-type endorphins injected into nucleus accumbens, apomorphine induced hypoactivity, male rats, 7633
hippocampal endogenous & exogenous opiate mechanisms, literature review, 9629
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
induced ischemic pain, pain & thermal & tactile threshold elevations & reversal by naloxone, 20–28 yr olds, implications for endogenous opioids & adenohypophyseal system, 2933
lithium chloride & lithium carbonate, beta endorphin induced psychomotor activity, cats, 3002
mesencephalic central grey beta-endorphin, regulation of lordosis by way of luteinizing hormone releasing hormone modulation, female rats, 9612
met-enkephalin vs beta-endorphin antibody, analgesia induced by icv Substance P, male mice, 5230
morphine, stimulation of release of endogenous opiates, mice & rabbits, 7578
morphine sulfate vs haloperidol vs arecoline vs GABA vs etonitazene vs beta endorphin, posture & activity & catalepsy vs reflexive responses & analgesia & body temperature, male rats, 3079
morphine sulfate vs lactose & beta-endorphin infusion, locomotor response & switch from hyporesponsiveness to hyperresponsiveness, male rats, model for onset of depression & mania in bipolar affective disorder, 691
naloxone effects on anxiety & anger & blood pressure & respiration & CSF opioid activity & effects of surgical stress on plasma beta-endorphin immunoreactivity, 20–33 yr olds & psychiatric & surgical patients, 3499
naloxone, food intake & spontaneous locomotion in winter vs summer, wolves, implications for endogenous opiate regulation of energy intake, 12305
naloxone, involuntary movements & plasma beta-endorphin levels, 29–71 yr old inpatients with tardive dyskinesia, 3957
naltrexone blockade of opiate receptors, voluntary running & hypothalamic self stimulation, female hamsters, implications for endogenous opiate mediation of motivated behaviors, 9846
opiates & endorphins & developing organisms, bibliography, 710
pain sensitivity, 20–67 yr old obese Ss, implications for endogenous opiate control of ingestive behaviors, 13052
palatable food reward, hypothalamic opiate binding & concentrations of beta-endorphin vs dynorphin, male rats, 12084
physiological stress, ir-dynorphin levels in cortex & hypothalamus, rats, implications for physiological role of dynorphin in appetite & temperature regulation, 7502
placebo vs naloxone & treatment for snake fear, fear reduction, female college students, implications for role of endorphins in placebo fear reduction, 7481
plasma concentrations of beta-endorphin, depressed vs other psychiatric patients, 1206

receptors & distribution & precursors & degradation & behavioral effects & involvement in physiological responses & interactions with hormones & other peptides, endogenous opiate peptides, literature review, 7463
shamanism & stimulation of endorphins, analgesia & euphoria & amnesia & altered states of consciousness, 7865
stress, opioid & nonopioid stress induced analgesia & learned helplessness, male rats, 2928
Endurance [See Also Physical Endurance, Psychological Endurance]
number & types of problems & coping skills & skills training program, maintenance of patient at home, 41–71 yr old caretaking relatives of demented aged, 8659
Energy Expenditure
ability &/vs effort &/vs performance, perceptions of justice of equal vs unequal allocations of monetary rewards, 12681
ad lib vs 2-hr daily feeding, circadian rhythm of heat production & heat loss, male rats, 7467
apparatus, measurement of force used on pressed keys on machinery, 4708
circadian photoperiods & sex differences, obesity caused by high fat diet vs decreased energy expenditure, golden hamsters, 5167
construct validity, effort avoidance tendency, 2667
daily body energy balance, male rats, 503
development of scale to measure effort-avoidance motive, implications for learning difficulties in school situations, reply to U.-J. Jopt, 11918
effort level & direction, job performance, real estate representatives, 9146
energy expenditure during sleep, NREM sleep, literature review, 5127
energy expenditures for walking on various terrains, evaluation of physical fitness, humans, 508
foraging efficiency in white vs blue flowers, role of color contrast in natural selection for flower color, foraging bumblebees & hummingbirds, 12067
function & energetics of postautotomy tail movement & handling by feral cat & snake, lizards, 5017
material density & task frequency & load center of gravity locations in direction of preferred vs nonpreferred hand, maximum acceptable weight of lift, 2578
modified atmosphere & limitation of motor activity, disturbances in circadian rhythm dynamics as measured by physical exertion & effects of exercise & hypoxic gas, healthy humans, 12174
nonsequential analysis model of D. W. Stephens & sequential analysis, energy reserves in foraging risk taking, animals, 2751
own attitudes & perceived teacher attitudes toward attributions of success to ability vs effort, 5th vs 10th graders vs college students, 4331
perceived exertion as measure of subjective workload, literature review, 4854
required effort exertion in preliminary task, persistence & cheating in subsequent tasks, college students, 9525
required response force in FR schedules, response rate & interresponse times, pigeons, 4996
septal lesions, hyperactivity & rapid weight gain & role of reduced capacity of running to induce psychomotor arousal & mobilize metabolic fuels, female hamsters, 12224
social loafing & artistic creativity in songs of J. Lennon & P. McCartney, 3388
task achievement vs failure & importance & effort, emotions, college students, 2671
time spent in perching & bipedal locomotion & flight & energy budgets during breeding season, mockingbirds, 11978
training & feedback, voluntary physical exertion, 4851
Engineering Psychology
experimental approaches & hypotheses, reading of technical drawings, literature review, 9434
Engineers
academic & social characteristics, male vs female college engineering students, 2075
demographic characteristics, sex role related behavioral preferences, female college students majoring in engineering vs social science, 12593
educational goals & personal values & attitudes, academic success, engineering students, support for college-fit theory, 11232
occupational requirements & proposed classification system based on sociopsychological personality traits, project & research institute engineers, USSR, 13718
task value & duration & deadline, decision making process in multitask situation, graduate engineering students, evidence for normative dynamic decision model for prediction of human task selection, 4922
England
age & sex & length of service & basic education & professional qualification, propensity to change jobs &/or leave social work related employment, nursing home staff, England & Wales, 8878
attitudes toward immigrant students, educators, England, 6575
availability of information regarding welfare services & benefits, aged, England, 13333
Banbury Project, establishment of school based psychological services & integration of children with special needs into regular classrooms, England, 13648
cross cultural differences, factors scores on Eysenck Personality Inventory, adult males vs females, England vs Germany, 7016
domesticity & corollaries of rational friendship & new paradigm of sociality & sexuality & marriage, female aristocrats, 1660–1760, England, 3291
economic & demographic & technological trends & proposed plan of action, rehabilitation efforts toward economic & social integration of disabled, England & Europe, 1865
employment commitment & employment vs unemployment, psychological distress, 16 yr old school dropouts, 3 yr longitudinal study, England, 12478
enforcement of licensing laws & number of arrests & alcohol consumption, England, 10187
historical & recent developments in career counseling, children & adolescents & college students, England, 6765
history of services for elderly & evaluation of present systems of care, England, 13328
level of violence & management by staff, probation hostels, England, 11043
linguistic structure of attribute description of stimulus, encoding & decoding performance, 5 & 7 yr olds, US vs Japan vs England, 813
literacy & cultural movement during late 18th & early 19th centuries, England, 10101
participant observation of Piccadilly drug scene, England, 10214
performance on Junior Eysenck Personality Questionnaire, 7–15 yr olds, Denmark vs England, 4719
personal & social skills group work course, secondary school, England, 13545
report of poltergeist activity, home owner, England, 11512
residential school, autistic children, England, 4070
school attendance rates & reading problems & social disadvantage, 11–12 yr old students from 2 neighborhood comprehensive schools, England, 13618
school psychology, England vs Canada, 4256
sentencing practices, offenders convicted of diminished responsibility manslaughter, England & Wales, 1966–77, 10179
transition to capitalism, production & consumption of alcohol & drinking problems, 18th & 19th centuries, England, 7947
walk-in treatment center for troubled 16–23 yr olds, England, 13341
women's liberation, crime rates, females, England & Wales, 1951–79, 10454
English (Nonstandard) [See Nonstandard English]
English Language [See Language]
Enhancement (Drugs) [See Drug Interactions]
Enjoyment [See Pleasure]
Enkephalins
age, spinal cord enkephalin levels, 3 vs 25 mo old rats, 9651
enkephalin, alimentary conditioned reflex, dogs, 3092
enkephalin analog FK 33-824, retention of passive avoidance learning, mice, 12250
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
in utero injection of met-enkephalin & learned taste/odor aversion at fetal day 20, odor aversion, 16 day old rats, 7625
inhibition of brain enkephalin metabolism, implications for development of new psychoactive drugs, 5092
mechanisms in antimanic action of lithium, rats, literature review, 12247
met- & leu-enkephalin, avoidance conditioning, adrenal-demedullated male rats, 556
met-enkephalin vs beta-endorphin antibody, analgesia induced by icv Substance P, male mice, 5230
metkephamid dosage with vs without naloxone, operant conditioned responses, male pigeons, 661
MIF-1 hypothalamic tripeptide vs naloxone, antagonism of leucine-enkephalin cardiovascular effects, dogs, 3083

morphine vs met-enkephalinamide & naloxone, responses of substantia gelatinosa & deep dorsal horn neurons to noxious cutaneous stimulation, anesthetized vs unanesthetized cats, 7619
naloxone & naltrexone vs morphine & enkephalin analog, intake of palatable sodium saccharin solution vs water, thirsty male rats, implications for endogenous opioid mechanisms underlying taste incentives, 12255
physiological stress, ir-dynorphin levels in cortex & hypothalamus, rats, implications for physiological role of dynorphin in appetite & temperature regulation, 7502
Enlisted Military Personnel
expected utility of present vs alternate civilian role & behavioral intention to complete enlistment & to reenlist, prediction of turnover, US Marine Corps enlistees, 4-yr longitudinal study, 13783
reasons for loud-music preferences, US Air Force enlisted personnel, 12355
Enrollment (School) [See School Enrollment]
Enteropeptidase [See Kinases]
Enthusiasm
speaker's sex, ratings of transcripts of speeches for socio-intellectual status & aesthetic quality & dynamism, male vs female college students & 37–62 yr old community residents, 9894
Entrance Examinations
college admissions testing approach based on utility theory, 4418
judgmental procedures of R. L. Ebel vs L. Nedelsky vs W. H. Angoff in setting minimum competency cut-off scores on Missouri College English Test for admission to teacher education program, 4406
reliability & validity of Law School Admission Test scores, students administered different versions of test & tested with vs without coaching, 11324
validity of subscales of Inventory of Learning Processes, prediction of college entrance examination scores & 1st-yr college GPA, liberal arts & science majors, Philippines, 11336
Enuresis [See Urinary Incontinence]
Environment [See Also Academic Environment, Animal Environments, Classroom Environment, College Environment, Communes, Communities, Home Environment, Hospital Environment, Kibbutz, Neighborhoods, Poverty Areas, Rural Environments, School Environment, Social Environments, Suburban Environments, Urban Environments, Working Conditions]
adjustment to environment, aged, 5331
applications of biolocation, determination of oil deposit boundaries, USSR, 2319
attribution for expected failure to self vs environment, effect of negative expectations on performance, college students, 1072
boundaries in built environment & social ramifications, 6890
cognitive learning theory, reply to D. C. Phillips & R. Orton's comments on concept of reciprocal determinism, 2326
Colorado Adoption Project, nature-nurture contribution to cognitive development, adopted children under 7 yrs old & their biological & adoptive families, longitudinal study, 5388
comparative IQs, Japan vs US, criticism of R. Lynn's study, 3444
computer-based self recording, environmental-behavior interaction during leisure, 15–17 yr olds, 2383
conceptualization & measurement of environment in genetic/environment studies, literature review, 5052
design of facilitating environments, care & treatment, children & their families, 5461
development of causal reasoning about social &/vs physical phenomena, 3 yr olds to adults, literature review, 7700
development of taxonomy of environmental scenes, college students, 2280
distribution of free earplugs, protection of ears & prevention of hearing loss, subway riders, 6889
early cognitive & environmental correlates, language development, birth to 4 yrs, 847
efficacy of technical environmental assessments, measurement of person-environment transactions & perception of environmental quality, 2274
environment competence, implications for intervention, 13800
environmental & time variables, pedestrian accidents, children, implications for environmental design, 4586
environmental factors & maternal use of contraceptive pill, distribution of Down's syndrome, 3655
environmental organization & operativity, memory for environmental layout, 5–9 yr olds, 9970
environments as integral part of rehabilitation program, older clients of physical & occupational therapists, 13406
genetic & environmental influences, auditory-visual integration & reading achievement, 1st & 2nd grade twin pairs, 9972
genetic & environmental influences, development of Piagetian logico-mathematical concepts & other cognitive abilities, 4–8 yr old monozygotic vs dizygotic twin pairs, 9969
genetic predisposition to psychological problems related to drinking, adult children of alcoholics, 10467
genotype &/vs environment, phenotype, 5048
graphic technique, analysis of representation of working environment, 11475
hereditary & environmental factors, intelligence & school achievement, implications for school psychology, 1966
heredity vs environment, IQ differences, 8017
hospice approach to health care, improvement in quality of life, nursing homes, literature review, 1808
independence- vs dependence-provoking situation, child's behavior, mothers & their 10–11 yr old sons vs other males, 12489
institutional behavioral adjustment measures vs MMPI, prediction of recidivism, 17–40 yr old male felons paroled from institutional behavior modification program, followup study, 1853
interaction with major systems of society, role & developmental stage & philosophy of services & treatment facilities, children, 5462
management simulation game with certain vs uncertain environment, operating problems, college students in principles of management course, 6653
methodological & statistical issues in research on biometrical genetic model for discrimination of genetic vs environmental influences on IQ, 5043
multiteacher environment & average weighted reward & reinforcement scheme, learning behaviors, variable structure stochastic automaton, 4662
nature-nurture views of philosopher J. Locke, 9228
path analysis, relative contribution of genetics vs environment to stability of cognitive ability, 1 & 2 yr olds & their adoptive & biological families, longitudinal study, 5340
patient & environmental & clinician variables, mental status assessment, brain damaged elderly with moderate to severe impairment, 1425
phenomenological analysis, perceptions of self & time & environment during premenstruum, females, 5134
physical & biological & sociohistorical & psychological contexts of situations & relation to S, 8018
policy making & management in management-labor vs business-government vs industry-environment vs business-business relations, Japan vs US, 4507
primary prevention of psychopathology & psychosis, children at high risk, 10928
principle of circular causality, relationship between individual & culture & environment, Papua New Guinea, 10136
psychotic symptoms & environmental features, epileptic attacks, 6 & 9 yr old hospitalized males, 3674
reciprocal determinism concept of A. Bandura as causal principle of cognitive learning theory, 2341
relative vision vs hearing dominance, pleasure &/vs arousal judgments about environment, college students, 2558
residential building size, personal crime & fear of crime, moderate- & low-income housing project residents, 4577
self perception in relation to environment, drawing, 1st–5th graders, 5352
setting & sex & physical attractiveness of E vs S, expressions of gratitude for altruistic acts, 7–75 yr olds, 918
situational demands, morality level & causal attributions, college students, 12677
situational factors & integrated concept of personality, 8055
situational variability of behavior, personality studies, criticism of article by W. Mischel & P. K. Peake, 10290
social & environmental & personal factors, self reported self feelings, females vs males with mean age of 13.3 yrs, 12498
theoretical analysis, subjective perceptions of environment, 11476
theory of nature & mechanism of formation of individual experience as result of semiotic environment, 9967
transactional model & critique of assimilation-side developmental concept, role of stimulus environment in shaping social cognitive developmental process, 5–13 yr olds, literature review, 7671
use of innovative vs conventional design & siting of houses in harsh environments, Australia, 2279
Environmental Adaptation
adaptation to host tree & natural selection & outbreeding depression, population sex ratio, black pineleaf scale insects, 12071
model, person-environment compatibility, 9193

personal project methods, study of personality in social & physical & temporal contexts, 6972
recall of emotional & neutral words, adaptation to altered environment, 4918
sudden stop vestibular test vs parabolic flight vs slow rotation room, acquisition & retention of adaptation effects, college students, implications for motion sickness susceptibility, 4568
systems paradigm for organizational adaptations to social environments, 13778
Environmental Attitudes
analytic & pragmatic & integrative approaches & values & ideals & principles & philosophy of education & psychopedagogical implications, environmental education, 6607
awareness of & response to natural hazards, literature review, 4585
behavioral adjustment to natural hazards & pollution in environment, residents, Canada, 4580
demographic & attitudinal factors, proenvironmental behaviors, college students, 4584
development of rating scales & relationship to age & sex, perceived quality of neighborhoods, adults, 2412
ecological consciousness in industrialized nations, 11467
efficacy of anti-litter program, elementary schools, 13563
environmental ethics & consumer decision making, 11473
interactional-transactional analysis of sociophysical characteristics of space & meaning in cognition of city center, 18–50 yr old female inhabitants of large city, 2273
nonrenewable resource supply process & behavior, 11465
perception & images of city, 6 vs 8 vs 10 vs 12 yr olds, 10015
personal cost of prosocial behavior, beliefs regarding & behavioral intentions toward energy conservation, graduate students, test of S. H. Schwartz's defensive denial hypothesis, 6892
viewing of water conservation films with high vs low message severity & stated efficacy of conservation, attitudes toward conservation, 38–48 yr old Ss, failure to support behavioral intention models, 13801
Environmental Design [See Environmental Planning]
Environmental Effects [See Also Altitude Effects, Atmospheric Conditions, Cold Effects, Gravitational Effects, Heat Effects, Noise Effects, Seasonal Variations, Temperature Effects, Underwater Effects]
althesin vs alfaxalone analogs vs cremophor, high pressure neurological syndrome, male rats, 7596
climate & altitude change, proactive vs retroactive interference in memory tasks, human Ss, 11474
clonidine vs methyldopa, effects of complex environment on brain weight, rats, 5235
enriched vs isolated environment, dorsal hippocampus formation, male rats, 9676
environmental factors & seasonal variations, incidence of rape & assault & robbery, murder, US, 10485
environmental vs individual factors, etiology of hyperkinetic syndrome, literature review, 8330
meditation words & environmental conditions, meditation, Ss with mean age of 27.9 yrs, 2891
seasonal environmental variability, reproductive cycle & early development, deep-sea echinoderms, 5129
seismic & solar geomagnetic variables, prediction of UFO reports, US, 1970–82, 13803
Environmental Planning [See Also Interior Design, Urban Planning]
computer simulation model of pedestrian behavior, walkway design, 2357
creativity expressed through home decoration & garden organization, working classes, 4575
crime prevention through environmental design, 9194
crowding & sex & group size, walking speed, pedestrians, walkway design implications, 4564
direction of pedestrian travel after alighting from bus, passengers, implications for placement of stops, 4581
environment & architectural plans for community based residential treatment facilities, children & adolescents & adults in rehabilitation programs, 13391
environmental & time variables, pedestrian accidents, children, implications for environmental design, 4586
perceived local threat, perceptions of territorial features of residential neighborhoods, residents, 13798
proper use of urban neighborhood, implications for Dutch concept of "woonerf", US, 11472
psychology in environmental design, 4578
traditional vs action research, applicability to environmental design process, 9196
use of innovative vs conventional design & siting of houses in harsh environments, Australia, 2279
utilization patterns, mall partly segregated from motor traffic, 4566
Environmental Psychology
biosocial approach to environmental psychology & stress, literature review, 4563
cognitive representation of environment, implications for interdisciplinary cooperation between psychologists & geographers, 11464
efficacy of technical environmental assessments, measurement of person-environment transactions & perception of environmental quality, 2274
environment competence, implications for intervention, 13800
environmental psychology, literature review, conference proceedings, 9195
environmental psychology research, 1960's to present, Sweden, literature review, 2275
environments as integral part of rehabilitation program, older clients of physical & occupational therapists, 13406
growth of environmental psychology as independent discipline reflected in Psychological Abstracts, 1940–81, 13802
history & characteristic research areas, environmental psychology, Japan, literature review, 4571
internal representation of physical setting, knowledge of appropriate behavior, college students, 11470
place-identity as cognitions of physical settings, development of self identity, 10076
proceedings of new multidisciplinary International Society of Ecological Psychology, experimental & theoretical analysis of environments & human & animal achievement, 6891
psychology in environmental design, 4578
role of cognitive processes, environmental psychology, 11471
traditional vs action research, applicability to environmental design process, 9196
Environmental Stress
ambient stressors vs daily hassles, attitudes & coping behavior, 9191
behavioral & emotional & physiological measures of stress, Three Mile Island residents, 13797
contextual effects & personality characteristics, annoyance response to aircraft noise, 18–63 yr olds, 13799
cross-validation of equations predictive of assaultive behavior in hospital &/or community, mentally incompetent male felons vs involuntary mental patients with mean age of 31 yrs, 2543
ethnic status & education & environmental stress & family social environment, functioning & coping behavior, spouses of alcoholic patients with mean age of 48.8 yrs, 8186
ethostatis in animal husbandry & resulting environmental & psychological stress, farm animals, 9537
nucleic acid metabolism in spleen & liver, rats flown on Cosmos-1129, 550
prenatal environmental vs ACTH stress, androstenedione, pregnant female & fetal rats, 570
sudden stop vestibular test vs parabolic flight vs slow rotation room, acquisition & retention of adaptation effects, college students, implications for motion sickness susceptibility, 4568
Envy [See Jealousy]
Enzymes [See Also Acetylcholinesterase, Cholinesterase, Esterases, Hydroxylases, Kinases, Monoamine Oxidases, Oxidases, Phosphorylases, Transaminases, Transferases]
beta-glucuronidase activation of latent aggression-producing cues in bladder urine, male mice, 499
characteristics & regulation of norepinephrine receptor-coupled adenylate cyclase system in brain, literature review, implications for treatment of depression, 12322
chronic desipramine, levels of normetanephrine & imipramine recognition sites & beta-adrenoceptors & norepinephrine-adenylate cyclase activity, rats, 12311
GABA-transaminase inhibitor ethanolamine-O-sulfate, brain glucose uptake & food intake & activity level & sensorimotor function & tactual orienting & catalepsy & auditory startle habituation, male rats, 12307
genetic polymorphism, habitat choice, black turban snails, 9595
physical & neurological & psychiatric & biochemical indicators, duration of recovery period, 29–67 yr old alcoholics following withdrawal, 1870
EOG (Electrophysiology) [See Electro Oculography]
Ependyma [See Cerebral Ventricles]
Epidemiology
age & family history, prevalence of sleepwalking & bedwetting & night terrors & teeth grinding & sleep talking, male & female 5–18 yr olds, 1431

age & sex & etiology, prevalence of nonspecific mental retardation in British Columbia, 1293
age & sex & marital status, depression, 17–70 yr olds, 12789
age & sex, incidence of motor vs sensory aphasia, patients with mean age of 48.7 with left-sided vascular lesions, 12996
age-sex distribution & visiting patterns & health problems, pediatric patients visiting family practices, 1411
alcoholism epidemiology, Costa Rica, 8214
antisocial behavior & parental discipline, frequency of accidents, 7 yr olds, 10317
attitudes toward food & body weight & psychiatric disturbances, binge eating & self induced vomiting, 15 to over 35 yr old females, 10566
community surveys, prevalence of childhood psychiatric disorders, literature review, 8136
correlation between occupational & other measures of social class & health characteristics, community residents, Israel, 39
cultural desire for & presence of male offspring, incidence of sex linked disease, 3774
definition of rape & prevalence of "hidden" rape & sexual abuse of children & treatment of victims by clinical psychologists, 12925
demographic characteristics & epidemiology of admissions to psychiatric outpatient clinic, children & adolescents, 10931
demographic characteristics & incidence & prevalence of psychiatric disorders & models for & barriers to mental health services, aged, literature review, 10440
demographic characteristics & risk for psychiatric impairment & need for mental health services, 17–92 yr olds, 10426
diagnosis using DSM-III criteria & prevalence of mental disorders, college students, Japan, 5818
diagnostic & demographic characteristics, psychiatric outpatients, Nigeria, 8151
differential morbidity risk, offspring of schizophrenic mothers vs fathers, 8152
earthquake, neurotic behavior, earthquake survivors, Romania, 4-yr followup, 12839
environmental factors & maternal use of contraceptive pill, distribution of Down's syndrome, 3655
environmental factors & seasonal variations, incidence of rape & assault & robbery, murder, US, 10485
epidemiologic approaches to mental diseases, 1171
epidemiological & demographic studies of hebephilia & pedophilia, literature review, 1236
epidemiological survey of mental diseases & treatment programs, France, 1140
epidemiology & associated handicaps & mental retardation & sociopediatric circumstances, 4–16 yr olds with cerebral palsy or spina bifida cystica or other motor handicaps, 8072
epidemiology & characteristics of violence, community mental health center clients, 8641
epidemiology & clinical definition, elective mutism, literature review, 10424
epidemiology & prevention of suicide, Japan, 3623
epidemiology, alcoholism, Ashkenazi vs Sephardi vs Oriental Jews, Israel, 3622
epidemiology, drug usage, 15–22 yr old male technical school students, Egypt, 10085
epidemiology in general medical practice, depression, family medicine outpatients, 8177
epidemiology, mental disorders, children of Greek guest worker families, West Germany, 8166
epidemiology of & susceptibility to alcohol & marihuana & inhalant abuse & influence of sociocultural factors, American Indians, literature review, 8211
epidemiology of affective disorders & patient histories, hospitalized 13–19 yr old psychiatric patients, 12796
epidemiology of depressive disorders, literature review, 5838
epidemiology of disabilities & handicaps, Australia, 1415
epidemiology of drug overdose deaths & victim characteristics & circumstances, US Army soldiers, Europe, 1978–79, 8209
epidemiology of hypertension, rural vs urban Zulus, South Africa, 3754
epidemiology of manic depression & affective psychosis, hospitalized Jewish psychiatric patients, 10990
epidemiology of mental disorders & national mental health policies, 1210
epidemiology of mental retardation, 7–16 yr olds, West Germany, 1301
epidemiology of neurological abnormalities, neurologically deviant vs normal newborns, 4-yr longitudinal study, 3765
epidemiology of neuroses & worry & depression, residents of city with high unemployment rate, Argentina, 5796
epidemiology of physical & mental disorders, Ss undergoing check-ups, France, 1141
epidemiology of physical disorders, severe depressive & psychiatric alcoholic middle aged males, Sweden, 5712
epidemiology of problem drinking & social pathology, delinquent vs nondelinquent 13–18 yr old males, 10452
epidemiology of refusal to attend school, elementary & junior high & high school students, 6701
epidemiology, planning of psychiatric services, 10710
etiology & epidemiology of Crohn's disease, 8310
extent of depressive symptomatology, adult general health care patients, 10371
extent of drug use & misuse, Ss 55 yrs old & older, 7948
familial prevalence of anxiety neurosis, Ss with mean age of 40 yrs, 5794
family & suicide patterns, India, 5853
frequency & pattern of hallucinations, male vs female schizophrenics, Kenya, 12847
frequency & type & treatment of mental disorders among medical patients, internists & surgeons, 10904
frequency of hyperkinesis, 7 yr olds with preschool perceptual & motor & attentional deficits, 3706
history of & problems in psychiatric epidemiology, 1166
incidence & age & sex & marital & vocational status & suicidal motives & methods, foreign vs German suicide attempters, West Germany, 12909
incidence & demographic & medical & psychosocial aspects of cystic fibrosis, children & adolescents & young adults, Sweden, 1700
incidence & diagnosis & treatment of fragile-X syndrome causing mental retardation, literature review, 10520
incidence & probability estimates, alcoholism, males, 1957–72, Sweden, 10494
incidence & reliability of DSM-III diagnosis of antisocial personality disorder, male prison inmates, 10372
incidence & risk of specific physical diseases, patients with schizophrenia & affective disorder, 10439
incidence of anorexia nervosa in urban region, Switzerland, 1956–75, 6043
incidence of common medical problems, 6–15 yr old males with preexisting medical conditions at summer camp, implications for medical treatment, 10905
incidence of conduct disorder & affective illness, 5–47 yr old offspring of Huntington's disease patients, genetic counseling implications, 10313
incidence of depression, drug dependent pregnant females, 8223
incidence of DSM-III personality disorders, opiate addicts including Ss on methadone maintenance, 8201
incidence of headache & implications for treatment with psychotherapy & biofeedback, 18–28 yr old medical students, 13485
incidence of mental disorders & dimensions used for diagnosis of cerebral dysfunction, 8 yr olds, 8082
incidence of minimal brain dysfunction, 18–25 yr old psychiatric inpatients, 5745
incidence of monopolar periodic depression in Moscow, USSR, 1195
incidence of neurotic defense mechanisms, psychiatric outpatients, 1955–79, 5785
incidence of psychiatric disorder & aviation license loss, professional civil aircrew, UK, 10431
incidence of psychiatric problems, patients seen by general practitioners, West Germany, 1714
incidence of psycho-organic disorders resembling senile dementia, schizophrenics over age 60 vs Ss from general population, 1189
incidence of secondary psychosis, families of children with infantile schizophrenia, 3546
incidence of sleep disturbances, aged nursing home residents, 10564
incidence of sleep-related breathing disorders & underlying mechanisms, 55–70 yr old males, 10622
interdisciplinary investigation of incidence & characteristics & injuries & familial social characteristics, abused newborn to 10 yr olds, Greece, 1225
liver disease & other alcohol related diseases, male vs female general hospital patients, 8193
Lomest area psychiatric case register, statistics for monitoring prevalence of treated mental illness, residents, Italy, 10398
maniac denial & depression, mothers of children & adolescents with terminal cancer, 12794
media coverage of Jonestown mass suicide, suicide rate, US, 8231

mental health & incidence of emotional disorders, 3rd yr male vs female medical students before & after psychiatric clerkship, 1915
methodological problems in psychiatric diagnosis & analysis of prevalence of mental disorders, Argentina, 8076
methodological problems in psychiatric epidemiology, 42
methods used & age & sex & place of residence, suicides committed in Quebec over 7-yr period, Canada, 12897
multivariate analysis of structural determinants including religious involvement, rate of rape, 12945
nature & diagnosis & prevalence of nonspecific X-linked mental retardation, literature review, 3640
objectivity in psychiatric diagnoses, epidemiological research, 10363
personal mobility rate, health status, non-faculty university employees, 3-mo followup, 11478
personality & cultural characteristics & regional incidence of various mental disorders, schoolchildren in Pasiego vs Ribamontan al Mar region, Spain, 12787
posttraumatic stress disorder, Vietnam veterans, 1178
prevalence & character & treatment, neurosis, 1181
prevalence & frequency of K. Schneider's 1st rank symptoms, schizophrenics, Kenya, 12846
prevalence & personality correlates & treatment outcomes, chronic pain patients with alexithymia, 3737
prevalence & stress & emotional support in etiology of nonpsychotic postpartum depression, females, literature review, 3524
prevalence & structural brain changes & hypothesized causes of senile dementia of Alzheimer's type, 6032
prevalence of alcoholism, female hospitalized psychiatric patients & felons & narcotic addicts, implications for diagnostic predisposition to alcoholism, 3493
prevalence of behavioral & emotional disturbance, 3–5 yr old Head Start participants, 10307
prevalence of emotional disorders & depression in medical outpatients as indication of psychiatric educational needs, residents in internal medicine, 6492
prevalence of health problems & treatment, Southeast Asian refugees, 8409
prevalence of oneiroid disturbances, 2–16 yr olds with paroxysmal slowly progressing schizophrenia, 3513
prevalence of psychiatric disorders & need for treatment, Finland, 3552
prevalence of schizophrenia in Samarkand, USSR, 1223
prevalence of sleep apnea & nocturnal myoclonus, adult inpatients with affective disorders, 12855
problems in evaluation of suicide epidemiology & possibilities for prevention, 1267
Progress Assessment Charts, epidemiological measurement of level of social competence, mentally retarded children & adolescents & adults, 11690
psychiatric services & morbidity in remote areas, Botswana, 10932
psychopathological diagnoses, Parkinson patients admitted to psychiatric hospital, 3748
psychosocial factors, incidence & outcome of hip fracture, aged, literature review, 13061
race & sex, suicide methods, Blacks vs Whites vs Native- vs Asian Americans, 1923–78, 12931
rank & age & method, suicide, Marine Corps vs US Navy personnel, 1966–77, 10458
rate of affective disorders in spouses & spouses' family members, manic depressives, 10441
religious & family & political integration, cross national suicide rates, verification of E. Durkheim's theory of suicide, 1230
reported depressive symptoms & disability, White & Black survey respondents, 5746
research methods in psychiatric epidemiology, 44
seasonal variation & marital status, incidence of suicide, over 15 yr olds, Finland, 10490
SES & crime incidence, urban areas, 5878
SES & educational background & occupational status, prediction of distress, survey respondents, 3267
sex & age & occupation, seasonal variations in suicides, Finland, 1259
social & medical characteristics & treatment, epileptics in psychiatric hospitals, 1826
social & psychological factors, suicide prevalence, primitive societies, 12944
social role & cultural artifacts as factors in epidemiology of depression, females, 1193
sociodemographic & distribution of consumption characteristics, drinking behavior & alcohol abuse, California, 10507
structured diagnostic interview, incidence of bipolar disorder, 13–18 yr old inpatients & their mothers, 5758
suicidal behavior, psychology clinic outpatients vs Ss interviewed at shopping center, 12929
survey research, measurement of incidence of personal income tax evasion, 1255
urban vs rural area & sex differences, prevalence of mental disorders & alcoholism & psychiatric facilities, 6-yr followup, 1118
validity of survey methodology, estimated prevalence of physical & intellectual & behavioral handicap in Third World populations, Papua New Guinea, 45
vocational background & mobility & epidemiology, psychiatric clinic walk-in patients, East Germany, 8158
Epilepsy [See Also Epileptic Seizures, Experimental Epilepsy]
adepen & didepyl & tempalgin, treatment of schizophrenia & epilepsy & alcohol withdrawal symptoms, 6252
anticonvulsants, treatment of epilepsy associated with psychological disorders, 6282
antiepileptic & psychotropic drugs, sedation & psychosis & neurotransmitters, 3942
auditory stimulation, loss of muscle tone & H reflex inhibition during NREM sleep, 15–40 yr olds, implications for effects of epileptic spikes, 9628
computerized tomography scanning, identification of risk of posttraumatic epilepsy, patients with head trauma, 8287
diagnosis of epileptic psychosis vs epileptic automatism, insanity plea, 26 yr old male charged with felonious assault & criminal sexual conduct, 5696
differential diagnosis of episodic violent behavior, 21 yr old male with final diagnosis of temporal lobe epilepsy, implications for family physicians, 12989
differential diagnosis of subcategories of epilepsy, pharmacological treatment, children, 3954
disturbances in information storage retrieval & comprehension & speech sounds recognition, 31 yr old female with intractable temporal lobe epilepsy, 1439
family relations & parental perceptions of child, families with 6.6–12.8 yr old epileptics vs diabetics, 13015
incidence & onset of epileptic seizures, autistic 1–17 yr olds, literature review, 10331
interpersonal dynamics in psychomotor treatment, 6 yr old epileptic male, 3834
knowledge of normal development & developmental disabilities & comfort in discussing epilepsy vs mental retardation vs hyperactivity, parents & pediatric residents, 3502
neuromagnetic localization of epileptiform spike activity, child & adult with focal seizure disorders, 1330
parricide themes & hysterical personality features as factors in G. Flaubert's epilepsy, comparison with life & work of F. M. Dostoevsky, 3741
problem solving, 17–35 yr old schizophrenics & epileptics, 8071
psychological & sociological aspects of adjustment, newly diagnosed epileptic patients, 13042
reading epilepsy, 15–28 yr olds, 12991
rehabilitation of epileptic patients, 13404
RTs, Down's syndrome vs epileptic 6–12 yr olds, 12970
seizure type, aggression & social competence & overall behavior disorder & psychopathology, 6–16 yr olds with temporal lobe epilepsy vs primary generalized epilepsy, 3772
SES & education & intensity & frequency of seizures, estimation of working capacity, epileptic patients, 13043
sexual arousal as part of epileptic seizures, 22–55 yr old females with temporal lobe epilepsy, implications for sexual dimorphism in human brain, 9664
slow eye closure self induced epileptiform activity, preceding EEG spectral characteristics, 13–26 yr old epileptics, 8351
social & medical characteristics & treatment, epileptics in psychiatric hospitals, 1826
spontaneous recovery from color-selective acquired blindness & contrast sensitivity, epileptic 36 yr old female, 1419
total seizure estimates & neuropsychological functioning, 10–14 yr olds with major motor epilepsy, 1347
Epileptic Seizures [See Also Experimental Epilepsy]
addition of 2nd antiepileptic, treatment of intractable complex-partial seizures, epileptics, 8581
anxiety & reactions of significant others & individual psychoanalytic psychodrama, epileptic attacks, children, 3838
conflicts about repressed aggressive impulses, epileptic attack, 3672
endometrial irradiation, therapeutic amenorrhea & frequency of epileptic seizures, 13–44 yr old mentally retarded females, 4006

functional localization of epileptogenic lesions for purposes of surgical resection & brain research, literature review, 10574
phenytoin vs pheneturide, seizures, 16–94 yr old epileptics, 8563
psychotic symptoms & environmental features, epileptic attacks, 6 & 9 yr old hospitalized males, 3674
resistance to habituation of orienting reactions, 11–72 yr old patients with epileptogenic cerebral tumors, 8337
seizure type, aggression & social competence & overall behavior disorder & psychopathology, 6–16 yr olds with temporal lobe epilepsy vs primary generalized epilepsy, 3772
slow eye closure self induced epileptiform activity, preceding EEG spectral characteristics, 13–26 yr old epileptics, 8351
Epinephrine
adrenal demedullation with vs without 6-hydroxydopamine, cold water swim & morphine analgesia & adrenal epinephrine & heart norepinephrine levels, male rats, 2907
circadian rhythmicity of adrenoceptor binding in brain, WKY vs spontaneously hypertensive rats, 12128
emotionally stressful conditions, structure of adrenaline-synthesizing neurons in medulla oblongata, male rats, 7452
hypothalamic distributions of cholinergic & adrenergic systems having pituitary-adrenal control functions, male rats, 7430
mental work vs sensory intake task performance, elevation of physiological & neuroendocrine responses, Type A vs Type B males, 536
peripheral epinephrine & drug & hormonal & electrical stimulation of amygdala & adrenal medulla, memory, literature review, 12196
stressful cognitive task, plasma catecholamine levels & heart rate & blood pressure & systolic time intervals, 18–25 yr old male college students, 2889
Epistemology
algebraic structure of idea set, implications for knowledge acquisition, 290
basis of controversy between G. Frege's critique of psychologism & psychological reality thesis, 4647
classical epistemology vs meta-modeling & "epistemotherapy" as extension of Jung's approach, psi & modern physics & psychophysical interaction, 4615
constructivist epistemology of G. Vico & cognitive developmental psychology, 27
conventional knowledge, interference in advancement of inquiry & knowledge in psychological research, 14
epistemological & methodological bases of naturalistic vs rationalistic research paradigms, social/behavioral sciences, 6960
epistemological models in psychoanalysis, 13141
epistemological perspective, psychoanalytic theory, 4655
epistemological renewal in family therapy as basis for discussion of systemic values, family therapists, 1548
epistemological view, information processing approach in cognitive psychology, 11854
evolutionary theory of knowledge based on random variation & natural selection & inheritance, application to religion, 5512
knowledge-as-status perspective on epistemology, 2330
meta-modeling as strategy for constructive social change, 5492
metaphorical determinants in thinking & thought, 3116
neurophysiological model of theoretical & actual primary senses of reality, adaptive/evolutionary significance, 5501
ontological knowledge, judgments of sentence meaningfulness, college students, attempted replication of F. Keil's study, 7651
redundant & transformational & evolutionary & learning & constructionary & historical epistemological paradigms of thought in relation to temporal sequence, 21
styles of inquiry in different scientific disciplines & potential interaction in university settings, 1960
transformational generative grammar, identification of underlying epistemic meaning of current mathematical discourse & application to theory of structured learning, 2051
value-free observation in science, criticism of E. E. Sampson's Paradigm II, 2
Epithelium [See Skin (Anatomy)]
Equal Education
advances & problems caused by PL 94-142, handicapped, 13656
impact of PL 94-142 on school psychology, school psychologists, 6560
Equality (Social) [See Social Equality]
Equilibrium
balance ability & reflex maturation, 85–131 mo old learning disabled vs emotionally handicapped males, 10314
computerized postural stability & white noise rotational tests, diagnostic screening for dizziness, patients with Meniere's disease & other vestibular dysfunctions, 13091
construction & validity & reliability of stabilometer, measurement of gross motor balance, college students, 6976
exposure to flashes, spectral characteristics of brain potentials & balancing performance, gymnasts, 7417
home learning program of gross motor training, static & dynamic balance, 7–9 yr old learning disabled males, 8383
physiology & operation & sensory role in hearing & balance, inner-ear hair cells, humans & animals, 5114
presentation of model before vs during trials, performance on balance task, 7 vs 9 yr old males, 7707
proprioceptive sensation, maintenance of equilibrium of unstable mechanical system, 20–35 yr olds, 7340
static balance on left vs right legs, trainable mentally retarded children with mean age of 91.6 mo, 12974
unexpected sensory & postural support conditions, environmental context adaptation of postural reactions & simple arm movement execution, humans, 203
vestibular-based functions & behavior problems, normal vs learning disabled & emotionally disturbed 5–9 yr olds, 8083
Equipment [See Apparatus]
Equity (Payment)
ability &/vs effort &/vs performance, perceptions of justice of equal vs unequal allocations of monetary rewards, 12681
allocator motive & gender & Protestant ethic endorsement, reward distribution, male vs female college students in hypothetical business setting, 5649
bestowal of earned vs unearned high-status job title, performance, college student workers, 6837
difficulty of vocational training & personal needs of male vs female, judgment of appropriate income, Ss with preference for equitarian vs egalitarian allocation, 7971
fairness of opponent's behavior & merit of power & performance experience, threat frequencies & strategy decisions & outcome & satisfaction, 3395
impression management vs self image conflicts, reward allocation, college students, 3368
lack of comprehensive plan for compensation & resultant inequities, injured Ss, Australia, 10102
legal basis & responsibility of personnel professional to counsel management & employer liabilities, comparable worth/pay equity & performance appraisal systems, 6849
methodological problems & developments in personnel & industrial relations research, application to job analysis & pay equity, 13782
optimal vs over- vs underuse of resource & low vs high usage variance & high vs low trust, resource use over time & vote to give up free access in favor of leader, college students, 5615
perception of equity vs inequity & interesting vs dull task & helping vs nonhelping model, altruistic behavior, college students, 12636
ratioproportionality ability, equity vs equality allocations, children with mean ages of 3.4 vs 6.4 vs 11.4 yrs, 10002
reformulation of J. S. Adams's workplace equity model incorporating time & levels of prior inequity, 13757
resource mobilization perspective & relative deprivation & tithe opposition, Quakerism, 5507
reward distribution & work inputs & sex of allocator & observer & situational context, evaluation of allocator, college students, 3429
Equity (Social) [See Also Equity (Payment)]
approach to assessment & analysis of equity in marital relationships, 4723
consideration of need in allocations & justifications, preschoolers, 7676
equity of dating relationship & sexual satisfaction, college student couples, 12656
norm of even-handedness, contextual linkage effects on evaluative opinion survey responses, 9302
perception of equity & validation from spouse, relationship satisfaction & stability, married couples, 3308
situational variables, compliance decisions as reactions in inequitable dyadic relationships, same- vs mixed-sex dyads, 7957
sociopolitical & economic inequities between sexes & frequency of rape, test of feminist explanation, 12903
Erection (Penis)
androgen replacement therapy, erectile responses to erotic films & fantasies, 21–57 yr old hypogonadal males, 10829
aversive covert images in covert sensitization procedure, arousal induced by homosexual stimuli, 38 yr old bisexual male, 8494
dopamine receptor agonist RDS-127, seminal emission & penile reflexes, spinally transected rats, 2940
Ergonomics [See Human Factors Engineering]

Ergot Derivatives
bromocriptine, reversal of brain self stimulation deficits induced by substantia nigra dopamine depletion, rats, implications for evaluating antiparkinson drugs, 9800
impediments to & suggestions for geriatric psychopharmacological research with dihydroergotoxin mesylate, demented aged, 8585
sublingual 3 mg vs oral 6 mg dose of dihydroergotoxine mesylate, subjective & neurologic & psychiatric symptoms, patients with cerebrovascular disorders, 8586
Eroticism
erotic piercing & homosexuality & sadomasochism & bondage & fetishism & tattoos, magazine subscribers who advertised in "dalliance" columns, 12896
erotic stimulation, subjective sexual arousal & genital response, female college students, 12156
mastectomy, physiological & emotional reactions to erotic stimuli & attitudes about self & body image & attractiveness & sexuality & relationships with men, 34–57 yr old White & Oriental females with breast cancer, 6318
preparatory erotic stimulation, phallometric assessment of sexual arousal, 15–51 yr old male exhibitionists, 12923
Error Analysis
age & sex differences, identification of source of message inadequacy in ambiguous listening task, 3–6 yr olds, 5374
auditory &/vs visual stimulus pairs, inter- & intrasensory paired vs serial recall errors, 9–13 yr old males in normal vs primary vs secondary reading diagnostic groups, 12969
bases for interpretation of experimental data in probability judgments, literature review, 4669
comparison of 3 statistical techniques described by E. F. Alf & N. M. Abrahams, estimation of relationships between variables in extreme group designs, 9410
construction procedures & reliability & error analysis, performance on Florida State Student Assessment Test Part II, 3rd & 5th & 8th & 11th graders, 2150
error patterns & instructional alternatives, written composition, learning disabled college students, 11263
experience level & structured feedback, WISC-R administration & scoring errors, student examinees, 11635
factors affecting long term performance on fault finding task, college & graduate students, 9144
FORTRAN program, estimation of parameters in random walk models for 2-choice response time tasks, 11579
magnitude of accelerating & decelerating mechanical disturbance during performance of voluntary arm movement task, movement time error & amendment times, college students, 9437
magnitudes of coupled slacks, assessment of validity & structure of stochastic network representing mental activities in task performance, 6942
measurement error differences due to race assessed by use of K. G. Joreskog's methods, estimation of measurement models of reported parental status characteristics, Black vs White high school seniors, 9116
number of dimensions & items & Ss, effects of violations of linearity assumption on robustness of linear factor analytic techniques for binary items, 11639
pass-fail criteria in color vision testing, minimization of false positive & false negative error rates, color normal vs deficient Ss, 1372
perceptual & predictive errors & sources & means of removal from empirical data, attributional errors, 9277
personality traits, projection error in rating of personality traits of others & self, male raters with mean age of 30.2 yrs, implications for validation of EPPS, 6963
RATFOR program, detection of proper resting structure in RATFOR programs, 4671
revision of W. H. Sewell's Wisconsin model with identification of response error corrections, effect of social influences & aspirations on educational & occupational attainment, adolescents, followup study, 10054
semantic vs nonsemantic orienting task, false recognition of incidentally learned material, college students & staff, 11896
sources & prevention of error factors in school learning, students, 9012
specification errors in path analysis causal models, 11739
spelling error patterns, 67 yr old male with transcortical sensory aphasia, 1343
time & error measures of human performance, reply to J. M. Childs's criticism of optimal-pessimal paradox, 11732
type & frequency of clerical errors in Peabody Individual Achievement Test protocols, psychologists & special educators, implications for educational placement, 7059
Errors [See Also Prediction Errors, Refraction Errors]
angle size, constant errors in simultaneous matching of angles, reply to critique by P. Wenderoth & M. Johnson, 9475
apparent error rate in classification rules, data analysis, 9414
bias & error in human inference, literature review, 9500
design & calibration, error sources in use of corneal reflex technique to analyze visual scanning patterns, infants, 11560
discrepancy between tracking-task difficulty & ability level & individual standards of success, regulation & perceived efficiency of performance, 196
discrepancy in detection of pattern movement vs movement direction, humans, 9450
discussion of C. Jencks et al's criticisms of W. H. Sewell et al's Wisconsin model of occupational & educational status attainment, measurement error & evaluation of goodness of fit, literature review, 10040
errors in copying angles, 5 yr olds, support for distortion by angle bisection, 3161
exposure duration & heterogeneity of difference, disparity between "same" vs "different" RT & errors, college students, test of L. E. Krueger's noisy-operator theory, 9433
field experiment in criminal justice, type III errors in evaluation results, 2536
fundamental attribution error in survey research, 11616
hierarchically paged vs scrolling display on CRT, efficiency of fault finding performance, high school & college students, 11448
importance of errors in study of cognitive processes, reply to criticism of J. St. B. T. Evans, 4917
instructional procedure involving cognitive conflict to expose & extinguish erroneous preconceptions, learning of scientific concepts, students, 2032
methodological errors in attributional research, 12685
norm of even-handedness, contextual linkage effects on evaluative opinion survey responses, 9302
overgeneralization errors in comprehension, 1.5 yr old females vs their mothers, response to studies by A. Fremgen & D. Fay & R. S. Chapman & I. Thomson, 9994
persistence of self generated grammatical errors, 4 yr olds, 10003
phenomenological & sociolinguistic analysis, report of medical error made by surgeon, family physician witness, 4179
phonemic substitutions as reflected by voice onset times, Broca's aphasic patients, 10649
preposition errors in freshman English vs sophomore philosophy & educational psychology papers & relation to cognition, college students, 6669
prior knowledge & familiarity with text, accuracy of proofreading, college students, 7164
rapid backward counting, systematic errors, college students, implications for short term memory processes, 7170
reading ability, spelling error patterns, reading disabled 3rd–6th graders vs able reading 1st–6th graders, 3634
recall of bilingual word lists, error patterns, adults, Finland, 4936
scores on Gray Oral Reading Test Form C, 3rd–4th grade Blacks vs Whites who spoke standard vs nonstandard English, implications for scoring, 2158
signal rate, accuracy & response latency & errors in sustained attention task, male working vs nonworking methadone patients vs drug-free ex-heroin addicts, 1871
silent vs oral reading of tongue-twister sentences, errors & reading time, college students, implications for interfering role of subvocalization, 728
sound based errors in speech, male from 1.2–2 yrs old, 9974
sources & prevention of error factors in school learning, students, 9012
spaceflight, long term memory & recovery of maze learning & role of CNS impairment, male rats, 9734
student social class & spelling mistakes, judgment of 3rd grade student's essay, student teachers, 13506
training in behavioral tutoring procedures, reading errors & progress of 11–12 yr old low-progress readers, mothers & classroom teachers, 11273
validity of observational method for empirical testing of multiplicative combination rules with respect to measurement level & error, 4711
visual & auditory errors & silent reading comprehension & verbal abstraction skills & syntactic skills, dyslexic 8–9 & 10–12 yr olds, 8239

word misspellings due to deletion vs substitution of letters, recognition of errors in proofreading, high school & college students, 7169
Erythrocytes
clinical reliability of erythrocyte to plasma lithium concentration, 17–64 yr old bipolar vs schizophrenia patients, 8570
lithium plasma/red blood cell ratio vs plasma lithium, determination of lithium neurotoxicity, 30–50 yr old patients, 1637
lithium therapy, red blood cell glycine & choline & cognitive functioning, cognitively impaired & Alzheimer's disease geriatric patients, 10862
Escape [See Avoidance]
Escape Behavior (Animal) [See Animal Escape Behavior]
Escape Conditioning
apomorphine & domperidone vs sulpiride vs pimozide, avoidance & escape responses, female rats, 12313
exposure to escapable vs inescapable shock, learned helplessness, gerbils, 7233
genetic architecture, escape-avoidance conditioning, wild rats cross bred with inbred sublines of Roman High vs Low Avoidance strains, 9602
hippocampal damage, spatial localization abilities in escape task, male rats, 9786
naloxone, escape thresholds for electrical stimulation of mesencephalic reticular formation, male rats, implications for pain modulation, 9746
organophosphate pesticides, open field activity & rotorod performance & conditioned escape & nerve conduction velocity & blood & brain cholinesterase levels, rats, 12293
Eserine [See Physostigmine]
Eskimos
mental health training program, Indian & Alaska Native paraprofessionals, 8887
sociocultural factors, physiological symptoms as indicators of psychiatric disturbances, hospitalized village Eskimos, 8070
Esophagus
ability to signal syntactic stress, conventional esophageal vs tracheoesophageal shunt vs Western Electric vs Servox electronic artificial larynx vs normal speakers, 10537
ESP (Parapsychology) [See Extrasensory Perception]
Essay Testing
quality of preceding essays, contrast effects in grading subsequent essays, teachers, 4395
scorer achievement expectations & writer handwriting quality, essay scores, college student scorers, 9097
Essential Hypertension
behavior analysis of blood pressure variability & relaxation training for coping with stress, 18–57 yr olds with essential hypertension, 3916
efficacy of biofeedback, headaches & Raynaud's disease & essential hypertension & irritable bowel syndrome, literature review, 8509
relaxation training & expectation of immediate vs delayed effects, blood pressure lowering, 41.2–66.2 yr olds with essential hypertension, 3907
Esteem (Self) [See Self Esteem]
Esterases [See Also Acetylcholinesterase, Cholinesterase]
adipose tissue triglyceride uptake & lipoprotein lipase levels, fed vs fasting obese vs lean female Zucker rats, 2867
rolipram vs Ro-20-1724 vs ICI 63 197 vs imipramine, antagonism of reserpine-induced hypothermia & hypokinesia & yohimbine lethality as predictors of clinical antidepressant effectiveness, male mice, 12328
Estimation [See Also Time Estimation]
ability to estimate functional behavior of hidden variables, extension of work on Generalized Production Rules System for strategic decision making, 9253
age-period-cohort accounting framework, criticism of W. L. Rodger's article, 2542
age-period-cohort accounting framework, reply to criticism by H. L. Smith et al, 2540
alternative to maximum likelihood estimation of parameters in linear models for effect sizes & asymptotic distribution of estimators, 2509
amount of coverage of diseases in medical journals & encounters with persons suffering from diseases, estimates of mortality rate of various diseases, physicians vs college students, 5953
BASIC program, calculation of score ability estimates from item difficulty data, 2530
Bayesian analysis combining self explicated data with conjoint data, estimation of individual-level conjoint models & application to marketing research, 166
category size estimation during item presentation, termination of memory search during recall task, 6 vs 8 yr olds, 9981
computation method derived from theory of generalized symmetric means & generalizability theory, estimation of parameters used to describe incidence sample, 2493
diagnostic approach to estimation of latent conditional statistical independence between categorical variables in 2-way contingency tables, 7085
driving experience, estimation of relative hazardousness of traffic situations, adults, 2193
estimation of age & period & cohort effects, 2539
estimation of response to followups in mail surveys, 9281
explication of common sense using A. Bandura's theory of self efficacy, college students, 4931
FORTRAN program, estimation of parameters in random walk models for 2-choice response time tasks, 11579
FORTRAN program, maximum-likelihood calculation of threshold in adaptive psychophysical measurement, 11618
heuristics used & overestimation of small cells & nature of task, estimates of contingency between dichotomous variables, college students, applications to experimental & clinical & social psychology, 7146
inferential statistical methods, estimation & comparison of cosinor parameters for short time-series containing sinusoidal rhythm, 9398
informant method of estimating alcohol use & alcohol-related problems, 9279
item response models, estimating domain scores in criterion referenced tests, 2508
jackknife & bootstrap procedures, estimation of confidence interval for product moment correlations, 9403
judgments of linear correlations & scatterplot comparisons, comments on experiments of W. S. Cleveland et al, 256
magnitude estimation of loudness from auditory stimulation vs written descriptions of sounds, college students, 4848
maximum likelihood modeling of contagion or feedback effects in social behavioral choice processes, 5622
methods of estimation & testing of linear models for effect sizes from series of independent experiments, 7088
methods to approximate probability that population with largest mean will have largest sample mean in comparing normal distributions with unknown &/or unequal variances, 2551
model of multiple threshold pay-off matrix for probability estimation, support for signal detection theory of visual perception, 11794
modulation depth of space grating, estimation of receptive fields contrast sensitivity, 2830
moment estimators for frequency distributions having mixtures of 2 binomials with 1 known success parameter, 9304
multiple time-series models with diagonal autoregressive & moving average parameter matrices, forecasting in marketing research & comparison with univariate model estimates, 190
nonorthogonal ANOVA & estimation, criticism of article by E. M. Cramer & M. I. Applebaum, 4828
parameterization of Fechner's logarithmic law & J. C. Stevens's power law with error terms, unbiased estimates, 77
participation in preschool efficacy oriented intervention to internalize locus of control for success/failure, academic achievement, kindergartners & 1st graders, 6657
pattern configuration, scanning time & estimation of length & scanning time, college students, 11816
performance-contingent rewards, performance on arithmetic tasks & self efficacy, 8.8–11.4 yr olds, teaching implications, 13592
potential role of perceived orientation of lines in studies of estimation of intersection point of 2 converging line-segments, 9478
random effects model for estimation of variance of effect-size distribution, 175
randomized response technique, estimation of alcohol consumption & drug therapy compliance, hypertensive patients, 2392
reliability estimation for tests with parts of unknown lengths, 2503
reliability of simple averaging vs 6-item scale methods for combining supervisors' & employees' estimates of training needs, social workers & supervisors in public welfare agency, 8838
self efficacy scaling, measurement of attitudes toward stuttering clients, student clinicians, treatment implications, 4192
self efficacy theory vs response outcome expectations, insurance sales performance, 19–63 yr old sales representatives, 11367
specification errors in path analysis causal models, 11739
technique for estimation of task completion time from partial data, 11607
unreliability of estimates of vertical fusional vergence using perceived displacement of nonius lines, humans, 9469

validity of Vocabulary-Block Design subtest combination for estimation of WAIS-R Full Scale IQ, psychiatric patients with mean age of 42 yrs, 2462
viewing peer labeled as slow vs fast learner estimate recall & attempt to remember items, estimates of own recall & actual memory, educable mentally retarded 12.9–14.9 yr olds vs nonretarded 8–14.9 yr olds, 1303
word meaning & pronounceability & linguistic frequency, situational frequency estimation & recognition, college students, 4958
Estradiol
colchicine vs anisomycin vs cycloheximide, lordosis induced by estradiol benzoate & progesterone, ovariectomized rats, 5225
estradiol & progesterone & testosterone induced artificial menstrual cycle following ovariectomy, behavioral rhythms, rhesus monkeys, 559
estradiol & thyrotropin-releasing hormone, behavior suggestive of antidopinergic action at level of striatum, animals, 5187
estradiol benzoate, vaginal membrane rupture & body weight, pregnant guinea pigs, 7575
estradiol binding to blood plasma & brain cytosols, male & female perinatal ferrets, 12279
estradiol followed by progesterone, prazosin binding to brain alpha adrenergic receptors, female guinea pigs, implications for mediation of sexual behavior, 9842
estradiol, food & water intake & body weight, female ovariectomized guinea pigs, 9719
estradiol, potentiation of haloperidol-induced vs handling-related catalepsy, male rats, 637
estradiol with vs without progesterone, sexual responsiveness, ovariectomized rats, 7597
estrus cycle & ovariectomy, fat intake, female hamsters, 12197
hysterectomy, sexual receptivity & food intake & running wheel activity & lordosis & hypothalamic estrogen & progestin receptors, rats, 607
ovarian cycle, estradiol & progesterone levels & receptivity & proceptivity, female beagles, 5105
septal lesions, lordosis, estradiol- & progesterone-primed female hamsters, 2994
testosterone propionate vs estradiol, neuronal response in lateral hypothalamus, male rats, 3066
Estrogen Antagonists [See Antiestrogens]
Estrogens [See Also Estradiol]
chronic vs acute estrogen treatment, potentiation of pimozide-induced cataleptic response, ovariectomized female rats, 3042
diethylstilbestrol, masculine sex behavior & estrogen & androgen receptors, female rats, 5199
estrogen pellets in left vs right hypothalamus, behavioral & hormonal sexual differentiation, female rats, 672
estrogens & progestin, nerve cells & female sexual behavior, rats, 9844
luteinizing hormone response to progesterone & estrogen responsiveness of progestin receptor induction in pituitary gland & preoptic-hypothalamic brain & uterus, neonatally estrogenized female rats, 5206
number of brain receptors for estrogens vs progestins, male vs female rats, 5087
ovarian hormone injections, initiation of sexual contact with physically-restrained male & sexual motivation, female rats, 12263
Estrus
coital stimulation, estrus termination & sexual receptivity & brain 5-HT & 5-hydroxyindoleacetic acid levels, ovariectomized steroid-primed rats, 2802
electrical stimulation of mesostriatal dopamine system & gonadectomy & estrus cycle, rotational behavior, male vs female rats, 561
gestation period & estrous cycle length, orangutans & gorillas & Celebesian black apes & Goeldi's monkeys & cotton-topped tamarins & Mayotte brown lemurs, 2860
menstrual cycle, sexual & grooming & aggressive behavior, Macaca fascicularis vs Macaca mulatta, 12070
methyl thiolbutyrate, signal of estrous state & attraction of males & facilitation of copulatory behavior, female hamsters, 5128
ovarian cycle, estradiol & progesterone levels & receptivity & proceptivity, female beagles, 5105
reproductive state of female, sexual motivation, male rats, 9694
sex differences, heterosexual aggression, rat strains, 5035
Ethanal [See Acetaldehyde]
Ethanol
acute & chronic ethanol treatment, GABA transmission, literature review, 9830
acute alcohol ingestion & prior success vs failure, cognitive performance & physiological arousal & skin resistance, 21–30 yr old males, 9845
alcohol consumption, reduction of self aware state, high- vs low-self conscious males, replication of studies by J. G. Hull & A. S. Levy, 9825
benzeraside & 3-(cis)-carboxy-salsolinol, preference for ethanol solutions, alcohol-aversive mice, 9802
blood alcohol concentrations induced by iv ethanol vs ip 4-methylpyrazole, free choice oral alcohol consumption, male alcohol-preferring rats, 3102
companion, consumption of ethanol solution, female cats, 9589
cross-tolerance among barbiturates & alcohols & ethanol & depressants & opioids, literature review, 9833
diazepam & propranolol, ethanol withdrawal syndrome & urinary catecholamines, male rats, 9791
diet of ethanol with vs without chlordiazepoxide, dissociation between tolerance & physical dependence, male mice, 3010
electric footshock vs restraint stress, suppression of acquisition & maintenance of consumption of increasing concentrations of ethanol, male rats, 2932
emotional responsiveness to alcohol, attraction to alcohol, rats, 7564
ethanol & naloxone, serum hypothalamic-pituitary luteinizing hormone, rats, 7572
ethanol & tertiary-butanol, FR responding, male rats, 9869
ethanol administration during light vs dark phase, open field behavior, male hamsters, 676
ethanol, body temperature & righting response, 8 vs 18 vs 28 mo old male mice, 5253
ethanol concentration, blood oxygen & carbon dioxide & pH & respiration rate, long sleep & short sleep mice, 7590
ethanol dosage, interference with rewarded variability in selection of arms of radial maze, male rats, 3014
ethanol, glutamate & GABA levels in brain & CSF, rats, 5197
ethanol, heterophoria & impairment of oculomotor coordination & vision, adults, 9828
ethanol, intoxication & withdrawal, 3 vs 14 vs 25 mo old male mice, 707
ethanol, recovery from vestibular disturbance following labrinthectomy, guinea pigs, 3069
ethanol, tolerance to sedative/hypnotic vs activating effects, male C57Bl/6 vs DBA/2 vs BALB/c mice, 424
genotype, pleiotropic influence on ethanol sensitivity, inbred mice, 9596
heroin & ethanol & diazepam & cocaine, response to negative emotional stimuli & positive emotional reactions & self reinforcement, rats & cats, 9865
icv 1,2,3,4-tetrahydro-beta-carboline vs 1-methyl-1,2,3,4-tetrahydro-beta-carboline, alcohol intake & blood alcohol levels, male rats, 3097
in utero ethanol exposure, prenatal & postnatal development & decline of ethanol tolerance, mice, 12309
indomethacin pretreatment, mortality rate due to ethanol overexposure, male mice, 9820
inhibition of dopamine-beta-hydroxylase by fusaric acid, duration of sleep induced by 3 vs 4 g/kg ethanol, long vs short sleep, mice, 7598
intragastric ethanol, oral ethanol intake, male rats, 3054
intragastric ethanol solution concentration, ethanol blood level & urinary excretion, rats, implications for voluntary intake in humans, 12260
light-dark cycle, patterns of drinking water & ethanol, male mice, 9695
maternal iv ethanol, umbilical vasculature collapse & hypoxia & acidosis in fetus, monkeys, implications for mental retardation in fetal alcohol syndrome children, 669
neurohypophyseal peptide structure, tolerance to ethanol effects, male mice, 3038
neurotensin, CNS depressant effects of ethanol & pentobarbital, mice, 9838
neurotoxic effects of ethanol, review of biochemical & neurophysiological & behavioral literature, 12301
operant training & bemegride, discrimination & generalization of intragastrically administered ethanol & diazepam, pigeons, 3041
pharmacological manipulation of GABA receptor activity, modulation of ethanol-induced motor impairment, male rats, 646
phenotype for selectively bred sensitivity to locomotor depressant effect of ethanol & relation to ethanol induced impairment of swimming, rats, 9592
pregnancy, ethanol preference, rats, 2764

prenatal alcohol exposure, acquisition of avoidance conditioning, rats, 3076
prenatal ethanol exposure, neuromotor development & response inhibition, rats, 3026
prenatal ethanol exposure, plasma corticoid stress response, rats, 3104
prenatal exposure to alcohol, T maze performance, 1 mo old rats, 7621
prenatal maternal ethanol dosing, delayed development & abnormalities, infant pig-tailed macaques, model of fetal alcohol syndrome, 12248
schedule-induced alcohol solution consumption, blood alcohol levels, rats, 5003
self administration of ethanol vapor & tolerance & withdrawal, male mice, test of alcoholism model, 686
sex differences, development of ethanol preference & relation to ethanol & acetaldehyde metabolism, rats, 12241
sex differences, pharmacokinetics of ethanol & acetaldehyde, alcoholized vs normal rats, 611
strain differences, sensitivity & development of tolerance to hypothermic effects of ethanol & behavioral responses, inbred mice, 631
tailshock, formation of gastric lesions, rats bred for high vs low alcohol sensitivity, 12214
tolerance to ethanol effects, Brattleboro rats heterozygous vs homozygous for vasopressin deficiency, 3070
triple-test cross analysis, genetic architecture of alcohol preference, female rats of various strains, 9597
vasopressin fragments, ethanol preference, Brattleboro homozygous diabetes insipidus rats, 3075
Ethics [See Also Experimental Ethics, Personal Values, Professional Ethics, Social Values, Values]
concept of justice & need to consider own & others' ethical systems in correctional counseling, 4095
contributions of L. Bopp to special education, 6722
development of ethical norms from birth to adolescence, implications for ethical education, 7824
environmental ethics & consumer decision making, 11473
ethical issues in forensic psychiatry, 4207
ethical responsibility to employees & employment security during reassignment, public employers, 11416
ethics & scientific reductionism, 4653
evolutionary biological perspective, ethics & moral development, 5280
group selection, warfare & sharing ethics & indoctrinability of values & authority, humans, 2801
moral development & ethical reasoning, lawyers, 5312
sociological approach, fraud in science, 13438
values issues & ethical criteria, organizational theory & management education, 11389
Ethiopia
historical & current factors influencing development of counseling & guidance, Ethiopia, 6406
Ethnic Differences [See Racial and Ethnic Differences]
Ethnic Groups [See Also American Indians, Eskimos, Gypsies, Hispanics, Mexican Americans, Tribes, Blacks]
activity therapy group, 9–10 yr old females in multiethnic neighborhood & experiencing family-related loss, 8699
child abuse prevention, cultural & ethnic populations, conference proceedings, 6348
church programs & age of members & urbanization & community ethnicity & population density & affluence, changes in congregation size during 1970–78, United Church of Christ, 12530
family & kinship structure & rights & obligations, Filipino Americans, 10144
folk healing practice, urban Greek immigrants, 13321
neuropsychological testing, Aboriginals, Australia, 9306
premigration life situation & access to opportunities in new setting & status within ethnic group, achievement, migrants, India, 937
prior knowledge of 5–8 yr olds' IQ & ethnicity, bias in scoring Stanford Binet, test examiners, 4777
psychological/cultural dietary patterns, Cook Islanders, New Zealand, 12518
racial patterns, liaison psychiatric referral, White vs non-White inpatients, 3785
religious & national ethnicity, hedonistic consumption, Catholic vs Jewish vs Protestant & Chinese vs Greek vs Irish vs Italian vs Jewish vs English graduate & college students, 3280
Ethnic Identity
age & SES, development of self concept, Euro-American vs Afro-American vs Mexican-American 9–11 yr old females, 3222
age, self & ethnic external & social & internal attributes, Jewish kindergartners vs 2nd graders vs college students, Canada, 12461
Christian church membership & rhetoric, sociocultural adjustment & ethnicity & identity & mental health, Chinese immigrants, 950
disenfranchisement, mental health & health care, American Indians, 8068
ethnic identity & cultural awareness, 12–18 yr olds of Mexican interethnic marriages, 7815
Hindu identity as comprising spiritual & social self, India, 7867
liberation theology, Indo-Hispano youth, 10128
preference for ethnic homogeneity & programming, Japanese American vs Black nursing home patients & their families, 10989
social & psychological impetus for maintaining ties with Africa, Blacks, US, 7854
social identity reflected in evaluation of self & own group & outgroups, high caste Hindus vs scheduled castes vs Muslims, India, 3274
strong integration into own ethnic group, facilitation of social integration, foreigners, West Germany, 10127
transracial vs inracial adoption, ethnic identity & self esteem, Black vs White adoptees with mean age of 13.5 yrs, 3243
Ethnic Values
Christian church membership & rhetoric, sociocultural adjustment & ethnicity & identity & mental health, Chinese immigrants, 950
cross vs within racial judgments of attractiveness & aesthetic criteria used, Chinese vs White vs Black graduate & college students & volunteers, 7969
cultural values, counseling Native American children, school counselors, 4415
cultural values, Puerto Rican vs Black vs White opioid addicts, implications for treatment of Hispanic addicts, 10511
ethnic identity & cultural awareness, 12–18 yr olds of Mexican interethnic marriages, 7815
role of machismo & family structure & dynamics & values in etiology of alcoholism, Hispanic males, implications for family therapy, literature review, 12938
sex &/vs age & level of modernization & pragmatic vs value-laden problems, verbal vs figural creative thinking ability, Arabs, literature review, 10134
Ethnocentrism
auto- vs heterostereotypes, Anglo vs Black vs Hispanic US Navy recruits, 3287
gender & sex role identification & adult attitudes, ethnic & language attitude formation, nursery school through 6th grade bilingual students enrolled in French-language schools, Canada, 7818
simulation game participation, attitude change, college students, 6587
Ethnography
classroom applications of ethnographic observation methods, teachers, 9112
countertransference & clinical ethnography, 42 yr old Mexican American female in psychiatric Cultural Consultation Clinic, 4023
cross cultural differences, conflict asymmetry & hierarchical complexity & degree of polygyny, 24 ethnographically described societies, 5497
cultural analysis, evil eye as synthetic image, Italy, 944
cultural context & symbolism of Pharaonic circumcision, females, Sudan, 940
feminist theory in ethnology & social & cultural anthropology, literature review, 5588
psychophysiological & ethnographic factors, holiness ritual fire handling, Southern Appalachia, 7859
study of everyday task performance in society, inference of knowledge structures, 943
Ethnolinguistics
cultural analysis of word "commitment" in marriage, US, 735
interpretation of cultural signs & symbols collected on public transportation, Republic of Niger, 953
rhetoric in attribution of blame, Greece, 945
semiotic constitution, Kamsa ritual language, Colombia, 9892
spontaneous speechmaking, Samoa, 9887
Ethnology [See Also Related Terms]
concepts of "understanding" & "objectivity" & "motives", ethnohistorical methodology, 5502
ethnomethodologic concepts of communication, 3111
practical significance in folk biological taxonomies, 5506
religious & national ethnicity, hedonistic consumption, Catholic vs Jewish vs Protestant & Chinese vs Greek vs Irish vs Italian vs Jewish vs English graduate & college students, 3280
Ethology (Animal) [See Animal Ethology]
Ethyl Alcohol [See Ethanol]
Ethylaldehyde [See Acetaldehyde]

Etiology
abortion, development of conversion disorder, 25 yr old single female, 8344
ACTH unilateral microinjection into brain stem, postural asymmetry & movement disorder & resemblance to human dystonia, male rats, 7599
acute & chronic mercury intoxication & low level chronic exposure, neurological impairment, 5965
age & sex & etiology, prevalence of nonspecific mental retardation in British Columbia, 1293
age of onset & presenting symptoms & possible etiology, infantile autism, literature review, 12763
argument against Oedipal triangle origin & abnormality, homosexuality, 8197
attachments to peers & parents, delinquent behavior, 10–18 yr old males, test of social control vs differential association learning theories of causes of delinquency, 8190
behavioral development from infancy to adulthood, 18–22 yr olds with depressive neurosis & adjustment disorder with depression beginning in childhood or adolescence, longitudinal study, 12783
biofeedback & development of psychophysiological profile & disregulation of migraine headaches, female chronic sufferers, test of hypothesis by F. Schwartz, 10817
biological antecedents, developmental disorders, children, literature review, 5725
calmodulin-calcium abnormality at gene level & diagnosis & treatment, Huntington's disease, 5971
causal attributions for disease, 32–89 yr olds with myocardial infarction or lung cancer, 10628
chromosome abnormalities, 5–10 yr olds with developmental language retardation, implications for etiology of language problems 1319
circumstances surrounding occurrence of physical abuse & emotional cruelty & neglect, 0–17 yr olds, 5857
common etiology & possible transmission from parents, tics & night crying & sleepwalking & night terrors, 3 yr olds, followup at age 8, 8328
concept & etiology of borderline conditions, children, literature review, implications for relation to learning disabilities & minimal brain dysfunction, 10409
concept of culture-bound syndrome, 3485
concepts of disease & causes, middle aged females from working class families, 10107
congenital cytomegalovirus infection, cause of deafness & mental deficiency, newborns, literature review, 5703
controllable vs uncontrollable shock following cocaine vs amphetamine, potentiation of stereotypy, rats, implications for role of stress & coping in amphetamine & cocaine & endogenous psychoses & schizophrenia, 9735
cultural causes of pronoia as delusion that others think well of one, 3537
cultural factors, haloperidol & vitamin treatment of psychosis caused by vitamin B12 deficiency, 83 yr old non-English-speaking Chinese female, 8554
definition & formulation of diagnostic criteria, organic anxiety syndrome, theoretical & therapeutic implications, 1396
definition & psychopathology & etiology of "Anwesenheit", 62 & 67 yr old males using serotonergic & dopaminergic drugs, 6292
dementia etiology & severity, confrontation naming ability, patients with Alzheimer's vs Huntington's vs Parkinson's disease, 5941
demographic characteristics & family history & psychopathology & drinking history, course & consequences of alcohol abuse, alcoholics, 5858
depression & plasma tryptophan & urinary free cortisol, 18–70 yr olds with Cushing's syndrome, 8313
description & intrapsychic roots & treatment, competence loss, females, literature review, 8420
developmental stages of internal object relations, etiology of sadomasochism, 8143
diagnostic problems, neurologic disorders caused by alcoholism vs exposure to organic solvents, 5981
differential causation & treatment staging, biopsychosocial eclecticism, 10654
differential diagnosis, adolescents with psychopath-like states of residual organic genesis vs pathocharacterological personality formation, 3509
dopamine-beta-hydroxylase activity & family history of affective illness, 22–65 yr olds with endogenous depression, 10419
drug-free vs neuroleptic-modulated CSF levels of neurotensin, normal vs schizophrenic 20–42 yr olds, 9868
early family experiences, development of suicidal & schizophrenic personality, 3489
early parental separation & response to treatment, multiply acting out 10–16.5 yr olds discharged from secure residential treatment program, 10491
electrophysiological & psychophysiological & biochemical correlates of a nature-nurture problem & etiology, schizophrenia, literature review, 1157
environmental vs individual factors, etiology of hyperkinetic syndrome, literature review, 8330
erythrocyte catechol-O-methyltransferase activity & family history of affective illness, 23–65 yr olds with endogenous depression, 10417
ethinylestradiol & lynestrenol, hypersomnia caused by menstruation, 16 yr old female, 1663
etiological role of chromosome 15 in reading disability, children & adolescents & adults from families with autosomal dominant reading disability, 12980
etiologies & mechanisms, persistent retrograde amnesia, 5970
etiology & clinical & differential diagnosis of polyneuropathies, 5980
etiology & diagnosis & prevention, burnout, ministers & other committed persons, 12515
etiology & diagnosis & therapeutic management of attention deficit disorders, children, 8353
etiology & dynamics & differential diagnosis & treatment, pathological hypersexuality, males, literature review, 1127
etiology & epidemiology of Crohn's disease, 8310
etiology & identification & treatment, drug & alcohol abuse, 13419
etiology & physiological correlates & characteristics & differentiation from nightmares, night terrors, literature review, 3484
etiology & prediction, criminal behavior, literature review, 12940
etiology & prevention & incidence of suicide following death of sons in wars, fathers, Israel, 5861
etiology & psychological sequelae of divorce & roles of mental health professionals & lawyers & courts, 3311
etiology & role of bronchial tone regulation system, bronchial spasms, 8295
etiology & sex differences in prevalence, exhibitionism, literature review, 1268
etiology & symptoms, posttraumatic stress syndrome, Vietnam combat veterans, implications for social work, 8132
etiology & treatment of colic, infants, literature review, 3671
etiology & treatment with antidepressant drugs, resistant depressions, 8566
etiology, noise induced hearing loss, rural 11–18 yr olds, 3726
etiology of hearing disorders of noise trauma type with lack of noise exposure, children with mean age of 14 yrs, 3723
exposure to metals, neurological syndromes, literature review, 5963
family SES & maternal age at time of delivery & psychosocial problems in etiology, child abuse, children under age 5 yrs & mothers, 8228
genetics & environmental agents & chromosome abnormalities & age-related processes, etiology of Down's syndrome & Alzheimer's disease, literature review, 3508
genetics & life events & stress, onset of allergies, monozygotic & dizygotic twins, 6012
genetics, etiology of schizophrenia, schizophrenic adoptees, analysis of studies by D. Rosenthal et al & S. S. Kety, 5781
genetics in etiology & potential therapies, senile dementia & symptoms of aging, literature review, 3813
gravitoinertial force level, susceptibility to space motion sickness, male college students, 12135
hair metal concentrations, emotionally disturbed children with mean age of 8.7 yrs, implications for etiology of behavior disorders, 12838
heredity & neuropathogenic & psychosocial background factors, minimal brain dysfunction, 7 yr olds, 5969
human lymphocyte antigen & genetic heterogeneity of schizophrenia, families with at least 2 schizophrenic members, 10401
hyperasparaginemia, 39 yr old male chronic schizophrenic, biochemical etiological implications, 8157
immunoglobulin allotypes Gm & Km in etiology, chronic schizophrenic inpatients, 10415
incidence of chronic & latent & uncertain schizophrenia & schizotypal personality disorder, biological & adoptive relatives of schizophrenic adoptees, response to criticisms by T. Lidz & S. Blatt & R. Abrams & M. A. Taylor, 10382
labeling, etiology of mental illness, literature review, 1163
lateralized cerebral specialization for speech & language, aphasic children, test of developmental invariance theory, 1341
lead poisoning, neuropsychological impairment, 5964

learning disabilities & endogenous depressive illness, children, literature review, 1116
life change in etiology & dynamics of coercive treatment, child abuse, parents, 8198
life changes & coronary prone behavior pattern, development of myocardial infarction in middle age, literature review, 5961
limbic ictus as etiological mechanism, patients with atypical psychoses, literature review, 12844
maternal iv ethanol, umbilical vasculature collapse & hypoxia & acidosis in fetus, monkeys, implications for mental retardation in fetal alcohol syndrome children, 669
memory deficits & ability to distinguish memories of real vs imagined events, compulsive checkers, 12869
modern perspectives on etiology & behavior patterns in nymphomania, females, 5599
multivariate analysis of structural determinants including religious involvement, rate of rape, 12945
neuropathophysiologic etiology & educational programs & evaluation procedures & implications for occupational therapy, autism, literature review, 8102
neurotensin, central & peripheral functions & interaction with dopamine & antagonism by thyrotropin-releasing hormone, implications for schizophrenia, 9848
Oedipus complex & theories of psychosexual development, psychodynamics & pathogenesis of anorexia nervosa, 17 yr old female patient, 8288
organic disease & psychiatric factors & stressful life events in etiology, irritable bowel syndrome, literature review, 3701
outcome differences as indicative of 2 syndromes of schizophrenia, 1151
parental modeling & reinforcement for illness, illness behavior, healthy Ss with mean age of 29 yrs, replication of I. D. Turkat's study with diabetics, 1443
parental patterns & ego functioning & psychodynamic etiological factors & psychotherapy & speech therapy, stuttering, 3–14 yr old male late onset stutterers, 3665
personality & stress, pathogenesis of peptic ulcers, psychotherapeutic treatment implications, 1450
physical factors & entrapment, occupational neuropathies, 5993
platelet MAO activity & family history of affective illness, 21–65 yr olds with endogenous depression, 10418
postnatal severe anoxia, motor activity, rats, implications for biochemical & pharmacological basis of hyperactivity, 12207
precursors of drug addiction, literature review, 8217
prevalence & stress & emotional support in etiology of nonpsychotic postpartum depression, females, literature review, 3524
prevalence & structural brain changes & hypothesized causes of senile dementia of Alzheimer's type, 6032
previously undiagnosed congenital rubella, severe language & learning disability, major CNS disorders, 1–14 yr olds, 10576
protein-energy malnutrition as culture-bound syndrome, 3693
psychiatric factors, development & treatment of chronic pain, 1383
psychodiagnostic techniques & interview & etiology, borderline states, literature review, 12775
psychosomatic treatment involving autogenic & relaxation training, skin allergic responses & immunologic reactions, patients with urticaria, implications for etiological role of emotional stress, 3859
response to fear & psychological & physical stress & presence of organic brain disease, etiology of catatonia, 28–48 yr olds, 10327
review of rational emotive model of A. Ellis & role of irrational beliefs, etiology & treatment of emotional distress, literature review, 3576
role & etiology of competition, elicitation of aggression in sports, 6820
role of machismo & family structure & dynamics & values in etiology of alcoholism, Hispanic males, implications for family therapy, literature review, 12938
rural vs urban way of life, development of mental illness, 1219
self analysis, identification of retribution in form of illness or misfortune, 27–53 yr old females, Hawaii, 2560
septal lesions, failure to delay gratification, rats, implications for etiology of human disinhibitory syndromes, 7551
sequence of traumatic childhood events vs onset of delinquency vs initiation of illicit drug use, drug addiction, opiate addicts, 1266
similarities in etiology & symptomatology of Alzheimer's & Creutzfeldt-Jakob disease, literature review, 3688
social class & educational & occupational mobility, schizophrenic Ss, Netherlands, 10442
statistical vs medical vs learning models of alcoholism, 12899
stress-producing life events, psychosomatic illness, criticism of T. H. Holmes & R. H. Rahe's conclusions, 3735
student & administration/colleague factors, stress, teachers, 13537
theories & problems of pathogenesis, papers from Hampstead Clinic international scientific forum, 3510
therapeutic processes & patient acknowledgement of psychosocial influences, etiology of illness, patients, 3778
thought & language impairment in etiology, schizophrenia, 3528
urban growth & migration, psychiatric morbidity measured by hospitalization, France, 1146
vanadium & reduced sodium pump activity, manic depressive psychosis, 8148
violent experience in childhood & parental warmth & stressful family relations, intergenerational transmission of family violence, clients reporting violence toward spouse, 5843
Etymology
personal names as ethnic epithets, 12511
Euphoria
functions & behavioral & physiological effects, endorphins & opiates, literature review, 7422
induced elation vs depression, interpretations of drawings of social situations, college students, 4968
interaction with confederate enacting depressed vs neutral vs elated mood state in role of helper vs stranger, mood induction, college students, 2669
methadone, prolactin & cortisol secretions & euphoria & elation & grandiosity, 21–47 yr old acutely manic males, 1646
shamanism & stimulation of endorphins, analgesia & euphoria & amnesia & altered states of consciousness, 7865
Europe [See Also Austria, Belgium, Czechoslovakia, East Germany, Finland, France, Greece, Hungary, Iceland, Ireland, Italy, Netherlands, Poland, Romania, Scandinavia, Spain, Switzerland, Union of Soviet Socialist Republics, United Kingdom, West Germany, Yugoslavia]
economic & demographic & technological trends & proposed plan of action, rehabilitation efforts toward economic & social integration of disabled, England & Europe, 1865
genetic vs role-model vs cohort vs sociocultural factors, intelligence & morality & eminence & leadership & life span & reign span, European hereditary monarchs, 5685
history of expert psychological testimony, Europe, literature review, 10201
history of universities, Europe, 6546
multinomial logit model of choice behavior, identification of seasonal & temporal & regional determinants of food store patronage, North America vs Europe, 9198
research of scientist F. Kahuda & revival of interest in parapsychology, Eastern Europe, 9
selection & function, training analysts, Europe, 8906
solar & seismic variables & luminosity events between 1849–1926, prediction of UFO reports, Europe, 1945–71, 13804
Eustachian Tube [See Middle Ear]
Euthanasia
attitudes toward legal abortion & suicide & euthanasia & capital punishment, survey respondents 18 yrs of age & over, 10116
Evaluation [See Also Course Evaluation, Educational Program Evaluation, Mental Health Program Evaluation, Peer Evaluation, Personnel Evaluation, Self Evaluation, Teacher Effectiveness Evaluation]
accuracy of test apparatus, performance of new hearing aids using ANSI S3.22-1976 standards, 6338
age & sex & agent of external control & connotation, evaluation of locus of control, 6.1–11.7 yr olds, 899
age & travel experience, correct responses to set of graphic symbols for public information, railway passengers, 6887
Asthma Symptom Checklist, diagnostic evaluation of asthma, 8274
audience evaluation level, causal & trait attributions for pursuit rotor task, male vs female college students, 7992
cognitive dissonance & expectations & product involvement & performance, product evaluations, college students, 2292
cognitive explanations for importance evaluation, implications for management, 2615
concordance vs discrepancy between self & teacher evaluation, acceptance of responsibility & satisfaction, high school students, 9019
contributions of continuing significance & suggested modifications, Montessori education, 4271
critique of intermediate school reviews, New Zealand, 8934
deinstitutionalization, behavior change, mentally retarded & Down's syndrome victims with mean age 26.4 yrs & 6 mo or more in community placement, 1757

dissatisfaction with mental health system, treatment for chronic mental illness, 1741
E evaluation of S performance, assessment of projective intelligence test, vocational counselor interns, 9305
educational value of evaluation, 11337
effective use of health information, teachers & students, 4284
evaluation of & satisfaction with mental health professionals & resources & effects of illness, families of chronically mentally ill, 1736
evaluation of employee assistance programs, literature review, 6863
evaluation of executive outplacement services, 6847
evaluation of foster care program effectiveness, 4049
evaluation of physicians' requests for autopsies, physicians' effectiveness in obtaining permission, chaplains & seminary students, 8876
evaluation of program for early identification of hearing impairment, 5 yr olds, Sweden, 10603
evaluation of Terminals for Managers computer system, university managers & computer services personnel, 9879
evaluation of use of volunteers vs professionals, parent education, 8488
evaluation of 4-yr organization development program, 4550
field experiment in criminal justice, type III errors in evaluation results, 2536
field test of self instructional time management manual, managerial staff of residential institution, 11387
graduate training in evaluation research within psychology, Hofstra University program, 13469
group home Placement Evaluation Program, evaluation of developmental needs, 4.3–12.8 yr olds, 10969
individual vs attributes of individual vs group vs inanimate object, evaluation, college students, 5616
judgments about personal acquaintances elicited by scalar vs dichotomous methods, college students, test of golden section hypothesis, 138
laboratory rating vs field effectiveness & user acceptability, hearing protectors, military personnel, 6885
learning disabilities screening methods, recommendation for full mandated evaluating, applicant for vocational rehabilitation services, 8777
legal standards for evaluation research, criticism of article by N. L. Smith, 5560
measurement of effectiveness & user acceptability, hearing protection, military personnel, 6877
methodological discussion, social experimentation & meta-analysis & cost-benefit & effectiveness analysis, literature review, 4705
methodological issues in data collection, evaluation of satisfaction with mental health services, clients, literature review, 9251
methodology, measurement of school social climate, 6815
methodology using algorithms based on graph theory, analysis of structure & process in prose, 14 yr olds, 4394
methods for evaluation of rehabilitation center, blind, 8761
methods of & need for research on efficacy of advance organizers, 2145
negative vs positive evaluation, perception of evaluator, college students, 12662
norm of even-handedness, contextual linkage effects on evaluative opinion survey responses, 9302
organizational structure, decision to use in-house or outside evaluation, 4539
post occupancy evaluation of environmental design projects, 4562
programs & interventions & scientific rigor of their evaluation, prevention of abuse & neglect, review of English literature, 1243
rated usefulness of various psychological terms used in psychoeducational reports, classroom teachers vs graduate psychology interns vs regular vs special education majors, 13690
relationship to spontaneous performance & nonlinguistic context effects, language evaluation using elicited imitations, 2.6–3.7 yr olds, clinical implications, 5927
research issues in evaluation of organizational development programs, 13753
riskiness of manager's behavior & subsequent departmental effectiveness, performance evaluation, risk-taking vs risk-aversive college students, 7978
role taking & role sending process & organizational context, role conflicts & negotiation/problem solving, internal program evaluators, 2260
self vs teacher's vs mother's perceptions of behaviorally-disordered child, 1st–6th graders & their teachers & mothers, 13622
suggestions for psychological evaluations, families involved in custody disputes, 5562
task evaluation & sex differences, task performance & aspirations for future performance, high school students, 12488
time-series analysis, evaluation of change due to intervention, individuals vs small groups, 11749
training effectiveness evaluation of Advanced Fire Fighting Training System, US Navy firefighters, 13719
types & quality of career information resources in secondary schools, 10th–12th graders, 4264
Uniform Progress & Evaluation Reporting System, evaluation of alcohol & drug abuse prevention agencies, 6476
use of cultural & economic & demographic macro variables in program evaluation, 6352
use of explanations in evaluation of class-inclusion task performance, children, disagreement with G. A. Winer's conclusions, 9248
use of semantic differential, changes in perceptions of political party leaders between 1975 & 1979, high school students, Sweden, 10180
writer & rater sex & organizational position & memo quality, evaluation of business memos, personnel, 1076
Evaluation (Educational Program) [See Educational Program Evaluation]
Evaluation (Mental Health Program) [See Mental Health Program Evaluation]
Evaluation (Personnel) [See Personnel Evaluation]
Evaluation (Self) [See Self Evaluation]
Evaluation (Treatment Effectiveness) [See Treatment Effectiveness Evaluation]
Evoked Potentials [See Also Auditory Evoked Potentials, Cortical Evoked Potentials, Olfactory Evoked Potentials, Somatosensory Evoked Potentials, Visual Evoked Potentials]
alcohol, photic evoked potentials from primary visual cortex & superior colliculus, male rats, 3036
attention & methylphenidate dosage, methods for measuring event-related potentials, hyperactive children, 10457
auditory & visual somatosensory & supraorbital nerve electrical stimulation EPs, diagnosis, 14–69 yr old multiple sclerosis patients, 13039
auditory &/vs electrodermal stimulation, EPs in auditory & sensorimotor & visual cortices, cats, 7518
auditory syllable stimuli, evoked potentials & responses from thalamocortical axons vs cortical cells, monkeys, 2849
brain evoked potentials in assessment & diagnosis & treatment planning, patients with physical & behavioral & psychological problems, 1205
computer program, correction of baseline drift artifact in slow potential recording, 70
electrical acupuncture vs fentanyl vs nitrous oxide, event related potentials during painful tooth pulp stimulation, 19–40 yr old males, 7490
EPs as primary indicators in psychophysiological experiments to objectify socially induced processes of activation, 6982
EPs during word recognition task, college students, 7393
EPs of sensorimotor cortex & caudate nucleus during mass alimentary-motivated training in males, rats, 7434
event related potentials & cognitive processes, literature review, 5072
event related potentials during discrimination between words vs pseudohomophones vs visually matched nonwords, right handed young adult males, 5091
evoked potentials of dorsal hippocampus before vs after tetanization of medial septum & dentate fascia, rabbits, 2951
hand tapping frequency, EEG, 17–20 yr old right handed males, 9663
instructions emphasizing speed vs accuracy, P3 latency during choice RT task, 20–30 yr old females, 9662
intensity of electrical stimulation of tooth pulp, magnitude estimates of intensity of sensation & evoked potentials, 25–34 yr olds, 2949
lateral distribution of event related brain potentials during processing of sentences with congruous vs incongruous endings, 18–24 yr olds, 458
model of 2 modes of consciousness, implications for event related potentials & brain lesion studies, 11921
model referenced approach, identification of EP component wave forms, 9659
pattern recognition vs stimulus classification tasks, N2 vs N sub A event related potentials, adults, 525
pattern reversal evoked potential as diagnostic aid, multiple sclerosis, 1406
physical & semantic discrimination tasks, EP correlates of cognitive processes, adults, 11862
polarity histogram & averaged EP, 9637

properties & generating mechanism of inhibitory potentials evoked in olfactory bulb & other neuronal pathways to or from pyriform cortex, rabbits, 473
psychobiology of attention & RTs & EPs, implications for role of cognitive psychology & psychophysiology, literature review, 9614
P300 component & slow wave during message transmitted by 2 successive events, 18–26 yr olds, 472
P300 component of event-related potentials & cognitive functioning in active stimulus evaluation process, autistic 12.8–17.3 yr olds vs normal Ss vs 11.9–17.3 yr olds with Down's syndrome, 3742
reaction of command neurons to tactile vs vestibular vs light-off vs thermal stimuli evoking escape behavior, snails, 2815
saccade size & stimulus field luminance, lambda potentials, rhesus monkeys & humans, 7406
sensory cerebellar stimulation, EPs &/vs afferent pathway responses, catfish, 7362
slow potential shifts during time discrimination tasks, 17–26 yr olds, 462
spatial organization of slow components of evoked activity, schizophrenic patients, 1156
temporal interval between visual stimuli, immediate vs delayed memory of temporal intervals & cortical evoked potentials, humans, 510
Evolution (Theory of) [See Theory of Evolution]
Exceptional Children (Gifted) [See Gifted]
Exceptional Children (Handicapped) [See Handicapped]
Excretion [See Also Defecation, Urination]
space use for excretory behavior, suckling piglets, 7313
Executives [See Top Level Managers]
Exercise [See Also Yoga]
active lifestyle, quality of life & self concept, children, 5323
activity of mind & body in occupational therapy, 1843
acute & chronic exercise, improved affect & beta-endorphin & beta-lipotropin activity, literature review, 5122
aerobic conditioning, mood, depressed patients, 8381
aerobic exercise, clinical depression, 19–24 yr old females, 10670
aerobic exercise, psychological well being, 25–61 yr olds, 6054
benefits of & obstacles to & approaches for encouraging exercise, weight reduction, literature review, 6056
blood pressure changes during exercise, homeostatic reflex control & role of vagally-innervated receptors, literature review, 9606
body heating through high intensity exercise vs passive condition, sleep onset & length & NREM stage, runners with mean age of 25.4 yrs, 12134
cardiovascular risk reduction education project, diet & exercise, families of elementary school students, 3999
compliance to progressive relaxation & orthopedic exercises & pain levels, 42 yr old female with chronic back pain, 13255
conditioning course, self concept, college age females, 2882
exercise, dyspnea & perceived magnitude of respiratory load, review of psychophysical research, 9604
exercise, mood & cognitive ability, 16–45 yr olds, 12160
exercise program, morale, independently living adults aged 60 yrs or older, 13121
exhaustive exercise, REM & NREM sleep & cardiovascular measures & cortisol excretion during sleep, 21–30 yr old males vs females, 2883
factors & prediction of adherence to & physical & psychological benefits of exercise program, literature review, 6082
modified atmosphere & limitation of motor activity, disturbances in circadian rhythm dynamics as measured by physical exertion & effects of exercise & hypoxic gas, healthy humans, 12174
motivational factors, use of exercise facilities, 18–41 yr old male submarine crew members, 13705
myoelectric feedback vs force feedback vs no feedback in isometric strength training, strength & myoelectric effects & retention, 17–28 yr old college students, implications for experimental design, 2885
need for health education at primary school level, children, 6611
passive exercise of extremities, peripheral vision, 9–13 yr olds with muscular dystrophy, 13398
physical therapy & exercises, obesity & coordination & anxiety & dependency & lack of socialization, 15 yr old male with hysterical paralysis, differential diagnosis implications, 4105
physiological & psychological variables, prediction of compliance with exercise therapy, 36–70 yr old myocardial infarction patients, 6313
regular aerobic exercise, physiological & psychological changes, 65–85 yr olds, 3779
running therapy, depression & anxiety & physical & psychological benefits, 6092
small group exercise instruction, posture, 8–12 yr olds with scoliosis, 8379
sport participation, aged, 746
stationary bicycle riding, physical work capacity, mentally retarded 11–19 yr olds, 3782
views of Renaissance physician G. Cardano on exercise, literature review, 23
Exhaustion [See Fatigue]
Exhibitionism
etiology & sex differences in prevalence, exhibitionism, literature review, 1268
group therapy vs behavioral techniques including covert sensitization & aversion & shame therapy, exhibitionists, 3803
hypnotherapy, 30 yr old male exhibitionist, 8591
preparatory erotic stimulation, phallometric assessment of sexual arousal, 15–51 yr old male exhibitionists, 12923
Existential Therapy
meditation, existential crisis & acceptance of vulnerability in existential & Buddhist psychology, 10746
Existentialism
criticism of current provision of services, philosophical orientation based on existential notion of life review, aged, 6356
existentialism & psychodynamically directed angst theories, 11550
identity as active & creative involvement with past & future, review of psychoanalytic & existential theories, 34
mescaline, fiction & formal expositions of existentialism, J. P. Sartre, analysis based on S. Grof's theory of perinatal memory matrices, 10303
religious personality structure & development & psychology of A. Van Kaam, 12525
Exogamous Marriage [See Also Interracial Marriage]
ethnic identity & cultural awareness, 12–18 yr olds of Mexican interethnic marriages, 7815
Expectations [See Also Experimenter Expectations, Role Expectations, Teacher Expectations]
achievement locus of control & expectations of academic success, gifted high school students, 9043
age & employment status & chronicity of illness, determinants of worries & expectations, family practice patients, 8632
alcohol content of beverage vs alcohol expectancy, incidence of graffiti following experimental task, male college student heavy social drinkers, 12289
alcohol-related expectancies vs demographic variables, prediction of alcohol drinking, 12–19 yr olds, 871
anticipation of hypnotic vs learned relaxation, baseline muscle tension, male college students, 7101
anticipatory stress, heart rate & blood pressure & T-wave amplitude, male college students, 5138
athletes' vs coaches' expectations vs previous competition scores, prediction of competition performance, 7–12 yr old female gymnasts, 3138
athletic career expectations, Black & White male high school athletes, implications for career counseling, 11244
attribution for expected failure to self vs environment, effect of negative expectations on performance, college students, 1072
axioms of effects of gain on perceived risk, 2501
behavioral approach test & self efficacy scores, constitution of valid Guttman scales & redundancy of concordance rates, 4830
belief in media attributes, gratifications sought from media, college students, test of expectancy value theory, 717
blame for task failure & ability known vs not known by teacher, estimation of test performance & interest in task, Ss acting as teachers & students, 2672
candidate's number of wins & losses & quality of opposition, prediction of winner, college students, extension of W. K. Estes' probability learning paradigm, 2656
causal attributions & affect & expectations, perceived job performance, 21–61 yr old nurses & manufacturing employees, 9173
client expectations & self fulfilling prophecy & development of Project Overcome, self-esteem & hope & recovery from chronic schizophrenia, 1185
client need for approval & clear vs ambiguous therapist expectations, self disclosure, female college students, 3848
clinicians' prognoses & expectations, psychiatric rehospitalization, community mental health center patients, 11015
cognitive dissonance & expectations & product involvement & performance, product evaluations, college students, 2292
conceptual model based on expectancy theory, choice to use decision support system, college students, 11525

conceptual model of pension claiming behavior, perception of need & utility of benefit & stability of situation & feelings about outcomes, 60–96 yr old pensioners, Scotland, 3273
counselor & client sex, expectations about counseling, clients, 10983
counselor gender & personal vs vocational problem, expectations about counseling, college students, 6386
course outcome expectancies assessed by E. E. Lawler's theory vs global ratings, prediction of attitudes toward educational & vocational choices & career exploration behavior, college students in career development course, 6716
demographic variables & parental separation & maternal perception of child's academic abilities & future success, learning disabled students with mean age of 8.5 yrs, 1314
drug size & form & color, expectations of drug action, Black college students, replication of earlier study with White Ss, 3356
expectancy as result of stimulus presentation probability & serial dependency, choice RT, college students, 4845
expectancy vs self efficacy models of occupational preferences, male vs female college students, 4472
expectation & set, recognition of back of own hand, college students, 246
expectation context & observation as selective direction of attention processes, support for K. R. Popper's view, 9534
expectation of high- vs low-intensity shock & presence vs absence of male vs female companion, arousal & attributions for arousal & attraction to companion, male college students, 12650
expectation of improvement with relaxation vs biofeedback vs social skills training & drug therapy vs psychotherapy, improvement, migraine headache patients with mean age of 36 yrs, 13095
expectation-based & automatic judgment, status & dominance hierarchies, comments on theories of M. T. Lee & R. Ofshe & J. Berger & M. Zelditch, 10256
expectations & attitudes toward patronizing & behavioral intentions, satisfaction & complaints, automobile repairs & service consumers, 2282
expectations about relevance of cognitions, physiological arousal to negative vs neutral self statements, female college students preselected for high interpersonal anxiety, 5141
expectations for childhood development, abusing vs nonabusing parents, 1249
expectations of free recall vs recognition vs RT test, memory performance, college students, 7183
failure feedback vs no failure feedback &/vs cognitive coping strategy of affective isolation, anger & anxiety & expectations regarding performance on reading/comprehension/decision making task, female college students with high vs low life stress, 2668
grade & sex differences, expectancy for success & performance of tossing task, 3rd vs 5th graders, 7681
gratifications sought & obtained, dependency on network evening news vs 60 Minutes program, male & female household heads, 720
group faction size in mock jury, expectations about process & outcome of group decision making, college students, 3390
group intervention services, perfectionist thinking, 10748
health & affection & communication in & quality of relationship with adult children, personal & family adjustment, parents aged 61 yrs & over, 7892
hypnotizability expectations, scores on hypnotic susceptibility scale, college students, 2677
incidental pair rehearsal & rehearsal interval & expectation of interruption, recall & recognition & pair memory & associative learning, college students, 4955
instructions to imagine palatable food vs to decrease salivation vs placebo administration, salivation rate, college students, 530
interpersonal performance standards & self efficacy judgments, depressed vs nondepressed college students, 12817
interpersonal perspective, status & expectations of nursing, nurses, 4127
knowledge of previous grades, subjective grading of term paper, college students, implications for halo effect, 13679
locus of control & expectations, relaxation of frontalis muscle using EMG biofeedback, college students, 2894
manager's reputation & positive vs punitive vs goal setting manner, perceived power, college students, 13740
maximum-likelihood methods of K. G. Joreskog, reports of family life & childbearing expectations, 26–36 yr old wives & husbands, 996
motivation for job advancement & individual future perspective, 15–21 yr old worker trainees, 4466
occupational aspirations & expectations & work attitudes, employed vs unemployed Mexican Americans with mean age of 25.2 yrs, 9120
parental attitudes about school, expectations, kindergartners entering 1st grade, Israel, 13630
parents' expectations, child's academic achievement, literature review, 2064
participation in preschool efficacy oriented intervention to internalize locus of control for success/failure, academic achievement, kindergartners & 1st graders, 6657
perceived actual vs deserved political power, survey respondents, 1018
perceived difficulty of goal attainment, mobilization of effort & perceived magnitude of goal valence, college students, 7204
perceived task difficulty & vocational ability & work & authority attitudes, building project performance, 8th grade male vocational students, test of motivational feedback loop hypothesis, 889
performance expectations, GPA, transfer college students, 2062
personal characteristics, formation of performance expectations, female college students, 3442
placebo effect & biofeedback, 8511
position anticipation, visuo-locomotory pointing task, humans, 9442
positive vs negative affective states, effect of success vs failure on expectations & self evaluation & estimates of previous success, college students, 304
power position & generalized self efficacy, situational self efficacy & outcomes in negotiation networks, female college students, 7966
predicted vs actual sex differences, odor identification, adolescent through aged males vs females, 2567
preparatory interview by training coordinator concerning expectations about group therapy experience, neophyte group therapists, 4132
presentation of alphabetic letters followed by aversive white noise vs silence, judgments of probability of letters resulting in noise, college students, 2561
process topology based on concepts of desired & expected & actual mobility & decision making perspective, migration & residential mobility, adults, 3-yr longitudinal study, 10117
public vs private ratings of expectancies of outcomes, depressed vs psychiatric control vs normal college students, implications for motivational deficit vs social manipulation theories of depression, 5778
relaxation training & expectation of immediate vs delayed effects, blood pressure lowering, 41.2–66.2 yr olds with essential hypertension, 3907
reward expectations & values & motivations, depressed vs hyperactive children, 10319
salience & expectancy & associative priming, RT in symbolic comparisons, college students, findings contrary to K. Holyoak & W. Mah's study, 11856
scorer achievement expectations & writer handwriting quality, essay scores, college student scorers, 9097
self efficacy & self concept & self change processes, maintainers vs relapsers who had quit smoking on their own, 6479
self efficacy, posttreatment smoking status at 3-mo vs 6-mo vs 1-yr followup, smokers, replication & extension of findings by M. M. Condiotte & F. Lichtenstein, 13424
self efficacy theory vs response outcome expectations, insurance sales performance, 19–63 yr old sales representatives, 11367
self efficacy vs behavioral measures, prediction of behavior after assertiveness training, female college students, results contrary to A. Bandura's findings, 10801
self fulfilling prophecy, implications for prediction in sociological research, 4678
semistructured interview & picture sequence task, assessment of friendship expectations, 2nd & 4th graders, 2356
SES, holiday taking & recreational aspirations & expectations, city residents, Australia, 7851
sex differences, expectancy & attribution patterns & academic achievement, college students, 13616
sex differences, occupational aspirations & expectations & choice, high school seniors, Australia, 7774
sex role spillover in sex role attitudes & expectations & sexual harassment, working women, 6860
situational elements associated with anxiety & expected consequences, 12 vs 15 vs 18 yr olds, 7799
situational variables, compliance decisions as reactions in inequitable dyadic relationships, same- vs mixed-sex dyads, 7957
skill vs trance induction procedure & expectancies & E modeling, hypnotic responsivity & depth, college students, 4975
specialty of consultant & diagnostic group, expectations for continuing care of referred patient, family physicians, 8862

spontaneous vs 1-item vs multi-item rehearsal, expected & actual word recall, learning disabled vs nondisabled 8–10 yr old readers, 10533
status in one area, status & self perceived competence & performance in other areas, high school students, 3372
theoretical orientation & professional experience, diagnostic & prognostic & process expectancies, psychologists, 1909
treatment expectations & preferred counseling style, involvement & retention in treatment service areas, low SES drug abusers in polydrug treatment program, 1889
videotaped expectancy shaping vs informational preparation strategies, success in transfer to outpatient community, aftercare psychiatric inpatients with mean age of 35.8 yrs, 10941
visual stimuli presented in expected vs unexpected spatial location, RT for detection, 5 vs 7–8 yr olds vs college students, 832
word frequency & expectation of recall vs recognition memory test, recall & recognition & role of expectancy-specific encoding strategies, 11th & 12th graders & college students, 835
Expectations (Experimenter) [See Experimenter Expectations]
Expectations (Role) [See Role Expectations]
Experience (Practice) [See Practice]
Experience Level (Job) [See Job Experience Level]
Experiences (Events) [See Also Early Experience, Life Experiences, Vicarious Experiences]
accession from memory & direct behavioral vs indirect nonbehavioral experience in attitude formation, process model of attitude-behavior relation, college students, 12702
age & recent experience, attitudes toward terminal patients & their care, physicians & housestaff & nurses, 10999
"application group" session, application of experiential learning to everyday life, Tavistock conference participants, 10769
art as experience, implications for process of teaching from films, 6608
attributional style & causal attributions for stressful events, 18–35 yr old mothers with postpartum depression who were vs were not depressed during pregnancy, 5747
coincidences as spontaneous psychic phenomena, literature review, 11513
contextual determinants of failure management strategies or "accounting" behavior, college students, 10245
dental attitudes & perceptions & past dental experiences & anxiety & sex, utilization of dental services, college & graduate students, 8631
factors associated with 1st blood donation experience, subsequent donation decisions, donors with mean age of 21 yrs, 10264
history-graded events, course of life span development, conference proceedings, 4650
human experience as emergent vs energistic phenomena, implications for psychology, 11520
importance & therapeutic advantage of varied experience & optimal functioning & treatment of psychosis & borderline states, psychotherapists, 13193
job satisfaction as component of life satisfaction, social history of work as predictor of life satisfaction, 13772
life change events & accidents, 19–67 yr old males vs females, 12726
life change, yeast infections, 17–34 yr old females, 13093
life changes & coronary prone behavior pattern, development of myocardial infarction in middle age, literature review, 5961
life events, attributional style & depression, 20–40 yr old males, 10304
life events reported in 6th mo of pregnancy, obstetrical complications, 16–42 yr old females, 7484
Life Experiences Scale, discrimination of physical illness, hospitalized inpatients vs nonhospitalized controls, implications for relationship between life stress & onset of physical illness, 7022
life stress & coping responses, depressed patients, 5735
near death experiences, death attitudes, 3459
need for mind expansion & religious or mystical experiences, motivation for long term cannabis use, adolescents, 7798
objective & subjective experience & transference & illusion, stability of therapeutic frame, hospitalized borderline patients, 13383
outcome research & counselor-client interaction & client experience of counseling techniques, counseling effectiveness, 10972
past experiences, emotional responses to color, college students, 9431
personal or societal landmark event as reference point, time accuracy of retrospective reports, adults, 11888
plan schemata, recall & recognition & memory for goal-directed actions, college students, 4939
positive events & social supports, negative life stress & depressive & physical symptomatology, college students, 12633
P300 component & slow wave during message transmitted by 2 successive events, 18–26 yr olds, 472
recent life-stress experience, physiological reactivity, college students, 5137
relations between phenomenal experience & conscious & nonconscious perceptual processes, 9430
role change in "application group", application of experiential learning to everyday life, Tavistock conference members & trainers, 10770
significance of therapist experiences & nonverbal interaction, psychotherapeutic processes, borderline & psychotic clients, 13192
subjective weighting of inventories of life events, prediction of depression, college students, 11729
theoretical issues in research on life events & stress, literature review, 8004
threat to egalitarian self image & encounter with Black vs White confederate posing as panhandler vs student-petitioner, willingness to be helpful to Blacks, college students, partial replication of study by D. G. Dutton & J. L. Lennox, 3423
Experiences (Life) [See Life Experiences]
Experiment Controls
ANOVA 3-variable paradigm, control for nonrandom organismic variables in experimentation, 6971
experimental methods for controlling for time spent on task, assessment of learning performance using learning aids, 6987
frontalis EMG as control for subvocal EMG minimization paradigms, college students, 74
importance of control group selection in educational program evaluation, 6794
importance of experimental control of light quality & luminance in chromatic dark adaptation studies, 16–23 yr olds, 225
knowledge of being in control group, performance on & attitudes toward experimental task, college students, 4701
Experiment Volunteers
arrival time for experimental sessions, Type A vs Type B college students, replication of J. W. Gastorf's study, 12725
findings from series of studies conducted by drug addiction research center, implications for ethics & viability of research using volunteer addicts, 8196
guidelines for clinical diagnostic criteria for selection & problems of recruitment for research, Ss with senile dementia of Alzheimer type, 3676
knowledge of experimental hypothesis & instructions to play role of cooperative S, perception of experiment, college students, partial support of D. E. Carlston & J. L. Cohen's work, 11564
locus of control, choice of skill- vs chance-determined reinforcement, college students who volunteered for extra credit, implications for experiment volunteers, 12729
perceived likelihood of harm from experimental procedures & willingness to participate as Ss, college students, 11595
personality traits, volunteers for painful experiments, 5686
rates of refusal & attribution in research & sampling bias, fathers, literature review, 6992
rationale for informed consent, human Ss, 11760
satisfaction with treatment & involuntary commitment & participation in psychiatric research & teaching, psychiatric patients, 8386
sociodemographic & social psychological & gerontological characteristics, Mexican American & Anglo longitudinal study dropouts, implications for longitudinal studies with aged, 2381
White male vs Mexican American female E, EMG biofeedback training performance, male vs female White vs Mexican American college students, 7472
Experimental Apparatus [See Apparatus]
Experimental Design [See Also Hypothesis Testing]
ANOVA by ranks in multifactorial designs with unequal cell size, 11743
auditory backward recognition masking & stimulus suffix experiments & partial report paradigms, preperceptual storage concept of information processing models, college students, 11851
availability of 1 vs 2 levers, between- vs within-Ss partial reinforcement effects, male rats, 11937
bases for interpretation of experimental data in probability judgments, literature review, 4669
bifocal glasses & interpolated rest periods, target detection time in radar monitoring task, 40–50 yr olds, implications for air traffic control displays, 4880
characteristics of 5 interpretations of concurrent behavior & experimental procedures to distinguish among them, literature review, 9542
comparison of 3 statistical techniques described by E. F. Alf & N. M. Abrahams, estimation of relationships between variables in extreme group designs, 9410

design flaws & suggestions for modified designs & analysis, human communication research, literature review, 5258
design of field studies, cognitive psychology, 60
design of stratification factors in 1st & 2nd stage of multistage opinion poll, 2305
developmental paradigms & methodological design, counseling psychology research, 9263
experimental design & analysis & strategies, psychophysiological research, 11604
experimental design using standard vs reverse transposition test, delayed visual search for objects concealed in containers, 12 & 15 mo olds, 7736
external validity, laboratory studies of information integration, 2378
factors in & generalizability of human communication research, criticism of S. Jackson & S. Jacobs's article, 5257
factors in design & analysis, human communication research, criticism of S. Jackson & S. Jacobs's article, 5255
function of theory in survey research, critique of article by R. J. Lawrence, 2303
function of theory in survey research, response to P. H. Van Westendorp's critique, 2293
geographical clustering & interview effects, attitude survey precision, 2287
illustrative analyses for each of L. Shine's group actualized & group pure & generalized pure multi-S behavior functions, 9421
importance of analyzing bisexual research populations independent of homosexuals & heterosexuals, 11596
independent observation & self monitoring, group comparison research design for use in clinical & educational settings, 9255
measurement & design factors & dependent & independent variables & S & setting characteristics, self control research in classroom setting, learning &/or behavior handicapped students, literature review, 4381
misuse of within-Ss design in marketing research, literature review, 179
multiple crossover design, evaluation of clinical effects of imipramine, 30–63 yr old depressed outpatients, 4676
multivariate analysis of data in activation design, covariation & consistency, male students, 4823
myoelectric feedback vs force feedback vs no feedback in isometric strength training, strength & myoelectric effects & retention, 17–28 yr old college students, implications for experimental design, 2885
necessary & sufficient experimental design factors for classical conditioning, 311
nonparametric techniques, analysis of rank order data in multigroup repeated measures designs, 7089
number of groups & sample size & covariance inequalities, Type I errors for different levels of Tukey Wholly Significant Difference Test, 2535
past & future of psychological experimentation, formula for manipulation & control of psychological states & experimental application, 6969
principles for designing clinical trials on efficacy & toxicity, antiepileptic drugs, 9250
problems in use of group statistics with single case design studies, 178
program evaluation & scientific inquiry, implications for counseling psychology, criticism of E. R. Oetting's study, 8700
program evaluation & scientific inquiry, implications for counseling psychology, criticism of E. R. Oettting's study, 8694
random stimulus design for overcorrection treatment, 8–10 yr olds with spelling & reading deficits, 6973
relationship between social cognition & behavior & methodological problems & proposed reconceptualization of experimental design, preschoolers, literature review, 7682
research paradigm for idiographic-nomothetic analysis of personality & emotions, personality theory development, 11571
research paradigms, study of formal organizations, 2377
scientific inquiry vs evaluative research, implications for counseling psychology, 8696
signal detection model for 2 alternative forced-choice procedure of visual detection & identification, comparison with high threshold model, 4881
single sample designs & cross-validation, 183
single-S research design in instructional & treatment effectiveness evaluation in special education, 6721
Ss' educational background & current mental state & attitudes, choice of experimental procedures in pathopsychology, 1132
systematic scheme & decision aid for conducting 2-sample profile analysis with Hotelling's T squared & univariate tests, 9413
time series experimental designs, evaluation of task-centered casework, 8708
univariate classification procedure as alternative to traditional 2-group single response variable design, 2516
universals & individual differences paradigms, study of language acquisition, 9261
usefulness & applications of single case research designs, counselors & counselor educators & supervisors, 6989
violations of variance-covariance heterogeneity & data block size, Type I errors in repeated measures ANOVA, 9411
vocabulary level & perceived choice vs no choice & immediate vs delayed reading test, comprehension & memory, 21–36 vs 57–83 yr olds, 3200

Experimental Epilepsy
age, susceptibility to kindling-induced seizures, suckling vs adult rats, 12217
amygdaloid lesions, increased toxicity of intrahippocampal kainic acid injection & reduced late occurrence of spontaneous recurrent seizures, male rats, 12181
dorsal hippocampus injections of bethanechol chloride, behavior & limbic seizures & EEG & brain damage, male rats, 12326
GABA antagonist R-5135, epileptiform discharges & visual EPs & sedation & stereotyped behavior, rats pretreated with gamma-acetylenic GABA vs sodium valproate vs diazepam, 9839
postictal locomotor activity following recovery from seizures in different epilepsy models, male rats, 544
status epilepticus induced by intra-amygdaloid kainic acid, aggressive & feeding behavior & sleep patterns, baboons, 2910

Experimental Ethics
assessment of public speaking as ethically acceptable situation for study of effects of apprehension on performance, inexperienced adult male speakers, 11583
basic physiology & psychological effects of pain, animals, implications for experimental ethics in animal research, 316
ethical problems in psychiatric therapeutic research, 8382
experimental investigation of morality & maintenance of scientific ethic of value neutrality in social science, 2367
findings from series of studies conducted by drug addiction research center, implications for ethics & viability of research using volunteer addicts, 8196
history & legal authority & procedures of medical ethical review committees, Declaration of Helsinki adopted by World Medical Association in 1964, 1919
humanistic approach to psychological experimentation, 9245
perceived likelihood of harm from experimental procedures & willingness to participate as Ss, college students, 11595
rationale for informed consent, human Ss, 11760
values, organizational research, researcher & client & client organization & research enterprise, 4173

Experimental Instructions
anxiety arousing vs reducing instructions, level of anxiety & kind & quality of images, 11916
assignment of reading perspective before vs shortly vs long after reading, recall, high school & college students, 5338
challenging incentives, feedback-assisted heart rate reduction, Type A vs Type B college students, 532
content & length of cognitive pain-control strategy instructions, pain tolerance, college students, 7487
continuous loud noise & perceived control, tracking task performance & Stroop Color Word Test performance, 18–55 yr olds, 194
divided vs focused attention instructions & detection vs identification procedure, right ear effect in dichotic listening, right handed college students, 2603
friend vs stranger & single vs multiple instances of aid & ego- vs non-ego-relevant task dimensions, affect & self & helper evaluations, male college students, 5634
instructional set & sex guilt & degree of body accessibility & sex, touching, college students, 12638
instructional set, modification of stereotyped oculomotor reading strategy, 20–24 yr olds, 11761
instructional set of assessment procedures, role play social skills performance, 7–13 yr old psychiatric inpatients, 10378
instructions emphasizing speed vs accuracy, P3 latency during choice RT task, 20–30 yr old females, 9662
instructions on attention in shadowing task, phonetic & semantic coding & short & long retention, college students, 4976
instructions, sleep onset vs wakefulness, sleep deprived vs normal sleeping vs medicated narcoleptic Ss, 5155

instructions to choose more vs less frequent word & difference in frequency of presentation of members of word pairs, congruity effect in discrimination RTs, college students, 11883
instructions to ignore or attend & intensity of auditory stimuli, electrodermal habituation, male college students with mean age of 23.2 yrs, 2887
instructions to retrieve mediator from interactive pictures of paired associates, recall of paired associates, preschoolers & kindergartners, 5390
knowledge of being in control group, performance on & attitudes toward experimental task, college students, 4701
knowledge of experimental hypothesis & instructions to play role of cooperative S, perception of experiment, college students, partial support of D. E. Carlston & J. L. Cohen's work, 11564
motivating test instructions & practice, self paced vs externally paced performance RT, brain damaged patients, 1438
opposed-set measurement of local cue strength & viewer's intention, durations of perceptual organizations of drawings & 3-dimensional objects, college students, 11780
orienting task, free recall of words, college students, 11891
presence & instructional sets & self monitoring & direct observation & other methods of assessment, reactive effects on S & data reliability, literature review, 2374
presentation modality & instructions & list length & organization, word & modality recall, 2nd vs 3rd vs 6th graders vs college students, 2655
speed vs accuracy instructions, visual vs acoustic coding in sequential same-different task, humans, 11868
stimulus control instruction, worry & tension, college students, 10781
suspiciousness of experimenter's intent, mediation of expectancy effects, teachers, 4253
verbal language & verbalization vs verbal labeling instructions, reversal shift learning, mentally retarded children with IQs 41–78, 5907
verbal rehearsal training with vs without feedback & looking strategy & instructions, serial recall performance, kindergartners & 1st graders, 7732

Experimental Laboratories

conversion of motorized van into mobile psychophysical research laboratory, 4685
home vs laboratory setting & sibling presence & task structure & day of week, mother-child interaction, mother-child pairs with mean child age of 4.9 yrs, 10157
laboratory organization & leadership style & research success, biomedical research laboratory supervisors, 61
perception of food flavor preferences of pet dogs, owners, comparison with food flavor preferences of laboratory Beagles, 11935

Experimental Methods

adaptive psychometric method for Bayesian estimation of threshold, 9423
analysis of species of Ss used in research articles published in "Journal of the Experimental Analysis of Behavior" from 1958–81, 9259
application of operant conditioning techniques & suggestions for procedural modifications, wasps, 7234
assessment of public speaking as ethically acceptable situation for study of effects of apprehension on performance, inexperienced adult male speakers, 11583
attitude of S, polarization of judgment of others' attitudes, college students, implications for data collection & analysis, 5647
automated stimulus presentation to eliminate error variance due to E, elicitation of proboscis extension reflex, dipterans, 11629
autoshaping paradigm, assessment of short term memory, pigeons, 11625
bias in retrospective data analysis & smoking cessation, change in self perceived motives for smoking, 21–81 yr old former tobacco smokers & recidivists, 9264
bilateral vs unilateral cold-blocking vs extirpation of structures of auditory system, 3-dimensional hearing, cats, 7507
bite-board holder having 3-axis rotation & translation, vision research, 11605
bogus pipeline vs paper & pencil rating conditions, attitudes toward ethnic groups, replication of H. Sigall & R. Page's experiment, 6975
brief visuomotor task, lateralized shifts in spatial patterns of dynamically correlated electrical brain potentials, right handed adults, methodological implications, 12090
capacity model to resolve problems in shadowing technique, relationship between selective attention & memory, confirmation of D. A. Norman's late-selection model, literature review, 4963
card sort technique, study of animistic thinking, 5 vs 7 vs 9 vs 11 yr olds, 9946
catecholamine depletion in visual cortex using 6-hydroxydopamine systemic neonatal injection vs osmotic minipump delivery, neuronal plasticity, monocularly deprived kittens, 11556
causal explanation of scientific judgment, reply to N. Roll-Hansen's criticism, 11555
characteristics of distractor material, comparability of experimental results in recall/recognition experiments, 11882
choice discrimination tasks, learning & retention, institutionalized mentally retarded, implications for ecological validity of laboratory-type research, 12954
color perceptual confusions & photoreceptor spectral sensitivity & importance of standard O data & fundamental response curves in research, dichromats, 1453
comparison of research methods & results & underlying mechanisms, hypnotic vs nonhypnotic instructed forgetting, discussion of article by R. E. Geiselman et al, 7190
conflict paradigm using footshock punisher & water as reinforcer, evaluation of anxiolytics, 9271
contextual effects, social judgment, college students, support for range-frequency theory & methodological implications, 12676
convergence of symbolic & cognitive approaches in anthropology, 942
definition & experimental controllability of concept of universality, implications for cross cultural studies, 3288
design & calibration, error sources in use of corneal reflex technique to analyze visual scanning patterns, infants, 11560
design flaws & suggestions for modified designs & analysis, human communication research, literature review, 5258
development of response priming experimental technique, RT in voluntary body movements, 30–40 yr old right-handed females, 2389
diazepam, anxiolytic effects in exploratory behavior, male mice, implications for time of day & intertrial interval & multiple use of test animals in 2-chambered model system of anxiety, 3004
dichotic rhyme- & category-monitoring tasks, consistency & reliability of ear advantage, 18–25 yr olds, 46
differences in measurement unit & method & group & individual & modality & central/peripheral processing & pathological differences in reaction & in transformation of distal to proximal stimuli, measure constant in psychophysical power equation, 11558
differential experimental methods, species differences in cerebellar flocculus function in vestibulo ocular reflex, rabbits vs monkeys, critique of S. G. Lisberger's article, 2804
digital filters in behavioral research, 6990
dissociation of shock-frequency reduction vs shock delay as independent variables, Sidman avoidance, 6948
early intervention, maternal & child development, comments on study by D. T. Slaughter & its methodology, 12466
electroacoustic method, 3-dimensional analysis of hand movements during positioning tasks, 11572
electron microscopic autoradiographic analysis of spatial & local organization of connections between visual cortex & hypothalamus, cats, 7415
epistemological & methodological bases of naturalistic vs rationalistic research paradigms, social/behavioral sciences, 6960
EPs as primary indicators in psychophysiological experiments to objectify socially induced processes of activation, 6982
evaluation of cued recall methods, saliency of deep structure syntactic relations in memory representation of sentences, college students, 9515
event situation, generation of plausible causal attributions, college students, methodological implications, 12663
experimental approaches & hypotheses, reading of technical drawings, literature review, 9434
experimental methods in assessment, smooth tracking dysfunction, 11582
experimental model for testing R. Sheldrake's theory of formative causation in rats, 7223
experimental techniques & instrumentation in visual word recognition experiments, 4675
experimental techniques, facilitation of increased rate of response to questionnaires in consumer research, 73
experimentally induced success vs failure, extension of future time perspective & attitude toward past & present & future, normal vs socially handicapped adolescents, 9933
factors in & generalizability of human communication research, criticism of S. Jackson & S. Jacobs's article, 5257
factors in design & analysis, human communication research, criticism of S. Jackson & S. Jacobs's article, 5255

film segments as affective stimulus, factor structure of self reports of emotional responses, college students, implications for utility of film stimuli, 2670
food additives & hyperactivity, preschool age children, need for controlled studies, 10644
food intolerance & hyperactivity, preschool & school age children, need for improved methodology, 10645
frequency of interaction with peers, identification of socially withdrawn & isolated children, implications for intervention, literature review, 10034
hidden observer phenomenon in hypnosis, reply to critique by J. R. Laurence et al, 2678
hidden observer phenomenon in hypnosis as laboratory artifact, reevaluation of N. P. Spanos & E. C. Hewitt's study, 2676
history of psychology from philosophy to empiricism to nationalism to scientific tradition, contributions of W. Dilthey & F. Nietzsche & Jung, 9211
imipramine with vs without physostigmine vs platform size, reversal of memory disruption caused by REM sleep deprivation, male rats, 2921
impediments to & suggestions for geriatric psychopharmacological research with dihydroergotoxin mesylate, demented aged, 8585
importance of positive & affirmative statements in social science research, 4702
intracranial self stimulation methodology, literature review, 9270
introduction to radionuclides & radiopharmaceuticals & detection systems & tracer techniques in positron emission tomography & clinical applications, literature review, 12757
knowledge of experimental hypothesis & instructions to play role of cooperative S, perception of experiment, college students, partial support of D. E. Carlston & J. L. Cohen's work, 11564
lateral presentation of stimuli, activation balance in integrated brain, 12101
lateralized presentation of visual material & integrated functioning of both hemispheres & lack of central presentation as control condition, behavior, 12130
letter naming & dot enumeration of unstructured & structured arrays, assessment of information processing strategies & hemispheric specialization & thought processes, 18–60 yr old paranoid & nonparanoid schizophrenics, 8139
light-emitting diode transistor optoelectronic device, measurement of peripheral vascular flow & comparison with strain-gauge, 19–28 yr old males, 11626
magnitude estimation of loudness from auditory stimulation vs written descriptions of sounds, college students, 4848
measures of limbic & sensory system integrity, assessment of trimethyltin-induced dysfunction, rats, 12261
method for measurement of noisiness of level-fluctuating noises, 2608
method to measure impedance & transmissibility of whole-body sinusoidal vibration by means of spinally surgically-implanted accelerometers, rhesus monkeys, 11620
methodological & conceptual issues & use in clinical practice, time-series research, 11591
methodological & conceptual problems in research on interactions between attributes & treatment, 11644
methodological considerations, study of diet & behavior, children, 9241
methodological errors in attributional research, 12685
methodological problems in using "as-if" experimental techniques in social psychology research, 4706
methodology employing repertory grid technique, experimental assessment of teachers' beliefs & principles & decision making, 64
methodology of laboratory studies of uncontrollable outcomes & learned helplessness, criticism of studies by W. F. Oakes & N. Curtis & by H. Tennen et al, 9528
methodology to differentiate retinal from nonretinal components of averaged visual EPs during selective attention, analysis of precortical filtering, adults, 11570
methods of & need for research on efficacy of advance organizers, 2145
multilevel approach for assessment of peer group interaction, individual & group behavior & affective responses, nurses, 10246
network analysis, study of assimilation & integration of immigrants, 4661
neutral vs achievement motivation evoking situation, responses to TAT, 16–19 yr olds, Poland, validity of TAT for Polish populations, 9343
perceptual mapping techniques & external preference analysis, assessment of career preferences, business students, 11622
personal project methods, study of personality in social & physical & temporal contexts, 6972
personality models in interactionism & situationism & psychodynamic & trait psychology, research & theory development implications, 12701
prediction of behavior in situations using template matching technique, theory verification & exploration in person-situation interaction research, 11557
presence & instructional sets & self monitoring & direct observation & other methods of assessment, reactive effects on S & data reliability, literature review, 2374
problems of sampling & interviewing, elderly persons, 13807
procedural differences between laboratories, discrepancies in open field defecation scores, Maudsley reactive vs nonreactive rat strains, 9262
program evaluation & scientific inquiry, implications for counseling psychology, criticism of E. R. Oetting's study, 8700
program evaluation & scientific inquiry, implications for counseling psychology, criticism of E. R. Oettting's study, 8694
psychological variables, external validity & need for precisely delimited samples & criteria to monitor Ss' readiness to respond to mailed psychological questionnaire studies, industrial workers vs salaried employees, 9266
psychophysiological methods in personality research, 11593
relationship between religion & mental health & behavior, clinical assessment & treatment of religious pathology & methodological problems in research, literature review, 12526
research paradigm for idiographic-nomothetic analysis of personality & emotions, personality theory development, 11571
sarin vs alcohol vs amphetamine vs diazepam, swimming behavior as test of motor performance, male guinea pigs, 6980
scientific inquiry vs evaluative research, implications for counseling psychology, 8696
simultaneous recording from vertex & ear contra- vs ipsilateral to stimulation, resolution of Wave V in brain stem auditory EPs, 13–34 yr olds, 7411
social science research methods, 4674
Ss' educational background & current mental state & attitudes, choice of experimental procedures in pathopsychology, 1132
statistical data analysis, study of psychopathology, 11734
stereotyped work patterns in methodology of psychology experiments, 11611
strategies for design & implementation & measurement of prevention research in service environments, tobacco use, 5th–6th graders, literature review, 11329
study of everyday task performance in society, inference of knowledge structures, 943
styles of maternal involvement & proposals for manual & computer systems to record mother-infant movement, infant psychotherapy, infants & mothers, 6135
successive vs simultaneous comparison method, purity discrimination thresholds, trained Os with normal color vision, 4884
techniques for in vivo neurotransmitter extraction using local intracerebral dialysis cannulae in caudate vs thalamus, male rats, 9265
theories & experimental methodologies, information processing & problem of divided attention, literature review, 11842
traditional psychometric vs experimental psychosemantic approach to organization of data, empirical study of individual differences, 6984
traditional vs action research, applicability to environmental design process, 9196
typology of types of employee ownership, implications for social science research, 13781
unreliability of estimates of vertical fusional vergence using perceived displacement of nonius lines, humans, 9469
use of drug discrimination procedures to analyze mechanisms of action of LSD, 613
use of explanations in evaluation of class-inclusion task performance, children, disagreement with G. A. Winer's conclusions, 9248
use of self reported motives & intentions in sociological research, 11563
validity of verbal recognition testing with vs without distractor items, college students, 78

Experimental Psychologists

interaction of academia & scientific discipline of psychology & feminism & women as scientists & content area, advocacy vs scholarship in psychology of women, 6529
life & work & contribution to study of dialectical materialism associations of P. A. Shevarev, 6929
life & work & views of Russian psychologist G. I. Chelpanov, 6938

Experimental Psychology
analog vs digital models & clinical method vs experimental research, psychology, 6979
applied vs experimental behavior analysis, comment on J. L. Michael's discussion, 1
applied vs experimental behavior analysis, critique of discussion by J. L. Michael, 4
concern with consciousness in experimental cognitive psychology & relationship between consciousness & behavior, literature review, 9429
contributions of B. Inhelder to child & genetic & experimental & cognitive psychology, bibliography & biography, 15
distinction between risk & uncertainty & ambiguity in risky choice & risk preference & planning & goals & aspirations & economic model, psychological concept of risk, 4972
early development of Moscow University's Scientific Research Institute of General & Pedagogical Psychology, USSR, 33
failure of behaviorism & reinstatement of mind as subject matter of psychology, concepts of purpose & cognition in experimental animal psychology, 9216
heuristics used & overestimation of small cells & nature of task, estimates of contingency between dichotomous variables, college students, applications to experimental & clinical & social psychology, 7146
methodological & conceptual problems in research on interactions between attributes & treatment, 11644
methodological issues, W. Wundt's experimental psychology, 9231
number of experimental sources cited in Journal of Applied Behavior Analysis, growing applied vs experimental behavior analysis rift, 6
past & future of psychological experimentation, formula for manipulation & control of psychological states & experimental application, 6969
review of history & current research of psychology department & celebration of 350th anniversary of University of Tartu, USSR, 11151
work of W. Wundt & development of experimental psychology, Romania, 11521
Experimental Psychosis
controllable vs uncontrollable shock following cocaine vs amphetamine, potentiation of stereotypy, rats, implications for role of stress & coping in amphetamine & cocaine & endogenous psychoses & schizophrenia, 9735
lysergic acid diethylamide into lateral brain ventricles & mesencephalic reticular formation, development of model psychosis, rats, 658
Experimentation [See Also Related Terms]
adolescence as cultural rather than physical developmental period, implications for psychological research, 9927
adversarial dialog in advertising development, creatives vs researchers, 2304
anthropology of magic & parapsychological research, literature review, 11519
applicability of research & theory to practice of adult & continuing education, 4218
assessment of research on role of reading programs in retention efforts, college students, 13571
basic physiology & psychological effects of pain, animals, implications for experimental ethics in animal research, 316
BASIC-PLUS-2 programs, control of serial paired-associate learning experiments, 11610
behavioral research on elderly populations, analysis of 5 journals, 787
biomedical & social factors, cognitive impairment, aged, implications for research, 12393
census of human operant behavior research literature for years 1958–81, 9426
class & sex inequalities & role of media & effects of life cycle, community studies of leisure, 7847
clinically oriented social science research, academic development of primary care in family medicine, 13310
comparison of E. Bloch's "concrete utopia" & gestalt theory, psychological utopia research, 2333
computer system & high level laboratory-oriented language, control of psychological experiments, 11598
concepts of work commitment in organizational research, 11353
conceptual & methodological issues & dyad as unit of analysis, family research, 995
conceptualization & investigation of common sense knowledge, 9501
conceptualization of aggressive behavior as social interaction & as subject for social psychology research, 3377
construction & validity & reliability of Dutch version of J. G. Adair & D. P. Fenton's Psychology Research Survey, measurement of attitudes toward research, 7036
contemporary & historic trends in theory & research & treatment of learning disabilities, 5899
contingency management program in clinical vs experimental setting, writing blocks, 31–55 yr old academicians, 1563
conventional knowledge, interference in advancement of inquiry & knowledge in psychological research, 14
cost of food procurement, feeding frequency & meal size, wild vs domesticated rats, implications for generalizations from captive species, 11587
criteria validating clinical psychopharmacological relevance of animal neuropharmacological observations, literature review, 6245
critical analysis of arguments for role of cognitive science, experimental analysis of behavior, literature review, 9432
critical analysis of theoretical foundations & empirical work, cognitive style dimension of impulsivity-reflection, literature review, 12744
criticism of Neil v Biggers criteria for judging eyewitness accuracy & relevant psychological research, literature review, 12587
cultural factors & formal structures & technological processes in participatory research, organizational change, textiles plant, 11403
current status of cognitive consistency research, 12686
data collection & measurement strategies & research, interdependence in close relationships, 1050
day care, review of studies & suggestions for future research & impact on cognitive & emotional & social development, infants & preschool age children, 5286
deficiencies of clinical trials, treatment of alcohol withdrawal effects, 9275
DEMOS project, support of local union action & research for democratization of planning in work life, 11437
development & evaluation of alcohol treatment program & research, clinic, Norway, literature review, 1884
development of systematic studies of infrahuman primates & role of G. V. Hamilton & R. M. Yerkes, US, 4643
developmental paradigms & methodological design, counseling psychology research, 9263
deviance & pathology perspective, research on single parent families headed by mothers, literature review, 967
diagnostic & psychosomatic methodologies & models, review of psychoanalytic & behavioral & family interactions research, 1970–80, 8341
digital filters in behavioral research, 6990
diversity & application of organizational research, 2264
drug & alcohol dependence as behavioral problem & experimental progress & needs, 3595
economic market behavior, implications for consumer behavior & potential for theory development, critique of review by V. L. Smith, 6894
effects of research on teaching, survey of college students & faculty, 11167
electrical circuit for visual experimentation, 4659
empirical & theoretical ambiguities in interaction between stimulus factors & contextual information, effect of sentence context on word recognition, college students, literature review, 7202
empiricist view of psychological research & theory, a priori assumptions, 6953
ethical problems in psychiatric therapeutic research, 8382
experimental approaches to analysis of neural mechanisms underlying operant conditioning & reinforcement, 7385
experimental design & analysis & strategies, psychophysiological research, 11604
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
experimental system using microcomputers, control of experimental devices & response measurement, 2382
experimentation, market mechanisms for classical environments, literature review, 6903
exposing legends & myths via scientific study, 9249
factors affecting acceptability of psychological research by nonpsychologist review committee members, 9257
Feingold diet, treatment for hyperkinesis, assessment of research reviews, 10704
findings from series of studies conducted by drug addiction research center on drug metabolism & binding sites for SKF-10047 & role of nicotine in maintenance of tobacco smoking, 7592

findings from series of studies conducted by drug addiction research center, implications for ethics & viability of research using volunteer addicts, 8196
formal structure & status problems, interaction & communication, interdisciplinary research team, 13759
formulations of J. Lacan, origins & functions of ego, literature review, 6934
functional localization of epileptogenic lesions for purposes of surgical resection & brain research, literature review, 10574
graduate training in evaluation research within psychology, Hofstra University program, 13469
heterogeneity in research samples, 6951
historical background, mental imagery research, 2624
historical vignettes, research in mental retardation, 3636
history & characteristic research areas, environmental psychology, Japan, literature review, 4571
hypotheses & goals in sociological research, 20
impact of psychological research, public policies affecting children, 10188
implications of cognition research for design of social studies text, 2026
importance of analyzing bisexual research populations independent of homosexuals & heterosexuals, 11596
importance of distinction between statistical correlation & causation in scientific model fitting, 2496
importance of intervening cognitive processes in animal learning experimentation, critique of E. A. Wasserman's book review, 338
innovative theoretical methodology & techniques, family studies, literature review, 965
interaction of theory & practice & case examples, development of clinical sociology, 6074
interactive FORTRAN program, control of signal detection experiments, 4694
internalized nosological theory vs individual diagnostic scheme, clinical diagnosis vs research, psychiatrists, 6099
involvement of students in research in team-taught seminar, psychology undergraduates, 6601
large-scale expandable input/output port for TRS-80 microcomputer, online control of experiments & data collection, 11614
legal standards for evaluation research, criticism of article by N. L. Smith, 5560
level of paradigm development in various scientific fields, research productivity impact of national science policy, implications for organizational research, 2255
life span developmental framework & alternative strategies, adolescent research, 9910
measurement & design factors & dependent & independent variables & S & setting characteristics, self control research in classroom setting, learning &/or behavior handicapped students, literature review, 4381
measures & control procedures in evaluation of schedule-induced behavior, comments on article by T. J. Roper, 7227
meta-analysis as approach to integration of results of social science research, 4835
methodological deficiencies in research about adolescent fathers, 2388
methodological issues, counseling process research, criticism of C. E. Hill's article, 8697
methodological issues, counseling process research, criticism of C. E. Hill's article, 8693
methodological issues, counseling process research, literature review, 8689
methodological issues in legal communication research, trial simulations used to study juror responses, 10192
methodological problems & developments in personnel & industrial relations research, application to job analysis & pay equity, 13782
methodological problems, psychological research & theory, 6967
methodological problems, research on torture, 11630
methodologies, marital & family phenomena research, literature review, 982
methodology employing repertory grid technique, experimental assessment of teachers' beliefs & principles & decision making, 64
methodology, study of sociophonological variation in Viennese German, literature review, 5265
methods of clinical research, mothers of autistic dehydrated children, 11584
methods of estimation & testing of linear models for effect sizes from series of independent experiments, 7088
methods used in ESP & psychokinesis research, 6909
microcomputer-based system, continuous automatic collection & storage & analysis of food intake data, rodents, 4698
misconceptions about & obstacles to & methods of control & analysis, laboratory study of human behavior, literature review, 9425
misrepresentation in psychological experiments, 11599
models, decision making experimentation, social psychologists, literature review, 5611
models of social desirability effects, organizational behavior research, managerial vs nonmanagerial employees in manufacturing & finance & state government, 9166
multichannel leasing of unit activity in chronic experiment, 2375
necessity of multidisciplinary research & special techniques for investigation of personological system of H. A. Murray, 3480
need for better research on child abuse & neglect, criticism of D. J. Besharov's study, 5854
need for controlled experiments & failure of current data to support H. J. Eysenck's theory of incubation, professional criticism reply, 9212
need for study of behavior, cognitive psychologists, 7100
need for system design changes, prevention of road traffic accidents & highway safety, 4458
O bias in selection of size of open field study group, baboon field studies, 6983
operation of centrifugal 3-axis accelerometer, 11606
operational definitions of dyslexia in published research, 1971–80, literature review, 5923
operational/empirical basis of & use of untrained raters in Truax-Carkhuff method & proposal for science of meaning method, therapist empathy research, 6964
opto-electronic belts, monitoring respiration in psychophysiological experimentation & therapy, 11624
outcome research & counselor-client interaction & client experience of counseling techniques, counseling effectiveness, 10972
participatory research project for "humanization" of working life, metal workers, 11412
perceived likelihood of harm from experimental procedures & willingness to participate as Ss, college students, 11595
percentage of studies using rats as subjects published in Journal of Comparative & Physiological Psychology, 1969–81, 4980
PL/1 program, generation of randomized stimulus & response sequences, 4679
practicum supervision, review of research, 1975–82, 8874
principles & development of research in education & rehabilitation of handicapped, Faculty of Defectology at University of Zagreb, Yugoslavia, 1859
private foundations, research & public policy, child development & welfare, 10175
problems & guidelines for research on stress factors, correctional officers, 11032
problems in assessment of models in historical linguistics analyses, 724
problems in prediction of outcomes of national football league games, implications for psychological research, 4827
problems of conducting cross cultural research, 12624
process vs content aspects of employee turnover research, expansion & test of T. N. Martain's causal content model, medical laboratory employees, literature review, 13780
psychological experimentation, 6970
psychological vs sociological vs cybernetic vs systems models, systems theory/model, counseling & psychotherapy research, 3827
psychopathology, animals, implications for study of human psychopathology, literature review, 5773
psychophysiological stress due to captivity & confinement & handling in research, dolphins, 308
qualitative vs quantitative approaches to research on participation in adult education, literature review, 4332
qualitative vs quantitative social research, 4687
reactivity of S, internal & external validity of observational research, literature review, 2369
reasons for lack of research conducted by school speech-language pathologists, criticism of M. Laney's contention, 1990
rehabilitation research, international bibliography of books, 1828
rehabilitation research, international bibliography of journal articles, 1827
reliability, peer judgments of psychology research proposals, ethical review committee, 13453
research & development work climate, work group behavior & innovation & attitude & work performance, managers in semiconductor industry, 9150
research & practice & training of graduate students & workplace humanization & life satisfaction counseling, counseling psychologists, 4185

research & professional practice, special education, emotionally disturbed/behaviorally disordered students, 4351
research agenda, mental health services in local jails, 6469
research applications, Tasks of Emotional Development Test, 11645
research capabilities & time for research & research topics, school psychologists, 4243
research in direct instruction, special education & normal students, Australia, 6543
research in family therapy, families of patients with schizophrenia & affective & borderline disorders, literature review, 6170
research in mathematics education on concepts & strategies in mathematics problem solving, children, 13570
research issues in evaluation of organizational development programs, 13753
research methodological problems, analysis of organizational task group developmental patterns, 65
research of B. F. Skinner on causes of human behavior, 2349
research on psychotherapeutic outcomes, literature review, 8432
research on role in educational policy, state legislatures, 11155
research prospects in psychosomatic medicine, literature review, 6040
research suggestions, mental health services in jails, 6454
research trends in military psychology, 1980's, 4439
research trends in trait concepts, literature review, 12688
role in mathematics teaching & model building, understanding children's constructions of mathematical concepts & operations, constructivist researchers, 13550
sample selection biases in sociological research, 2354
sampling, family research, literature review, 977
scientific empiricism as basis for methodological criticism of social psychology experimentation, 4677
scientific studies & institutional applications & future research directions, preschool education & childcare, USSR, 11158
significance evaluation, music education research & theories, 6610
Sinclair ZX81 computer with Byte-Back BB-1 software module & interface to Skinner box for experiment control, 4689
situational variability of behavior, personality studies, criticism of article by W. Mischel & P. K. Peake, 10290
social science research, social action regarding detoxification center, Canada, 6478
Ss' educational background & current mental state & attitudes, choice of experimental procedures in pathopsychology, 1132
statistical significance & power & effect size, manuscript reviewer bias regarding manuscript publication, response to N. S. Fagley & I. J. McKinney, 9283
stereotyped work patterns in methodology of psychology experiments, 11611
suggested research topics in student affairs, members of American College Personnel Association, 6770
technique of organizational mapping & participative research & democratization of organizational change, Norway, 11409
techniques for meta-analysis, implications for research in nursing, 184
thematic analysis of research & publication trends in 4 experimental social psychology journals, 1971–80, 48
theoretical & methodological foundations & current research, sociobiology, 12077
theoretical issues in research on life events & stress, literature review, 8004
theory & measurement & data analysis, family studies research, literature review, 987
theory & research in sex differences, behavior & personal identity & sex-related concepts, literature review, 7930
theory of formative causation & existence of morphogenetic fields, implications for nature of memory & psychical research, 6910
trends in cross cultural management research papers published in journals, 1971–80, 13735
use of automatized logical play system in game-like psychological experiments, 4707
use of comparative method in psychological research, 6993
use of lens model for research on curriculum advisement behavior, advisors to college students, 6782
usefulness of AMDP psychiatric rating system, clinical research in psychopharmacology, 11569
utility of nonparametric statistical tests in analysis of research data in psychology & education, 164
validity of self reported confidence & rated importance of knowledge of research competencies & attitudes toward educational research as predictors of research quality & quantity, graduate & postgraduate education students, 4432
values, organizational research, researcher & client & client organization & research enterprise, 4173
Vermont Vulnerable Child Project, community-based preventive intervention research, at risk children living with mentally disturbed parents, 6090
worker participation in research on quality of working life, 11410

Experimenter Bias
O bias in selection of size of open field study group, baboon field studies, 6983
scientific empiricism as basis for methodological criticism of social psychology experimentation, 4677
values, organizational research, researcher & client & client organization & research enterprise, 4173

Experimenter Expectations
bases for interpretation of experimental data in probability judgments, literature review, 4669
E evaluation of S performance, assessment of projective intelligence test, vocational counselor interns, 9305

Experimenters
Es with mean age of 26 vs 9 yrs, social desirability & verbal & behavioral delay of gratification, 6 & 9 & 11 yr old males, 892
general ESP vs clairvoyance & same vs different target symbol & known vs unknown target vs nontarget E, ESP performance, volunteer Ss, 11514
test apparatus & sex of S & E, Halstead Category & Tactual Performance Test scores, college students, 11642
White male vs Mexican American female E, EMG biofeedback training performance, male vs female White vs Mexican American college students, 7472

Expert Testimony
application of forensic psychiatry principles, formulation of opinions about mental illness & legal responsibility, 5571
countertransference during court proceedings, forensic psychiatrists, 1024
fallacy of insanity defense, discussion of J. Hinckley's case, 3321
guidelines for preparation of court testimony, mental health professionals, 12572
history of expert psychological testimony, Europe, literature review, 10201
hypothetical suicide case, judgment of adequacy of treatment & willingness to endorse malpractice suit against therapist, psychiatrists vs psychologists vs social workers vs suicidologists, implications for expert testimony, 8840
improvement of performance as expert witnesses, mental health personnel, 5570
physician's role in preparation of court report in relation to access to children, 46 yr old recovering psychiatric patient, 3332
principles of forensic psychiatry, formulation of psychiatric-legal opinions, 5572
role as expert witness, neuropsychologists, 10181

Exploratory Behavior [See Also Animal Exploratory Behavior]
applications of biolocation, determination of oil deposit boundaries, USSR, 2319
attractiveness & sex typed characteristics of novel toys, toy preference & exploration time, male vs female 42–75 mo olds, 10067
day care, exploratory behavior & mother-child attachment, 3 yr olds, 5463
habituation rate as reflection of information processing speed, free exploration tempo, 4 mo olds, 9999
sex typed labeling of toys, exploratory behavior & information seeking & retention, preschoolers with mean age of 66.2 mo, 12397

Exposure Time (Stimulus) [See Stimulus Duration]
Expressions (Facial) [See Facial Expressions]
Expulsion (School) [See School Expulsion]

External Ear
vertical angle discrimination acuity functions in echolocation & role of external ear structure, bats, 314

External Rewards
desire for control & extrinsic rewards, susceptibility to illusion of control in gambling game, college students, 3437
educational subsidies by employer, task interest & beliefs about reward, employed master of business students with expressive vs instrumental orientations toward program, test of sufficiency of justification hypothesis, 11406
extrinsic rewards & achievement related motives, intrinsic motivation in risk taking game, children, 12377
palatable food reward, hypothalamic opiate binding & concentrations of beta-endorphin vs dynorphin, male rats, 12084
provision of reward, intrinsic motivation, mentally retarded 7.5–10.3 yr olds, 1308

Extinction (Learning)
ACTH, testosterone levels & extinction of conditioned taste aversion, gonadectomized water-deprived male rats, 539
analysis of behavioral momentum & resistance to change, learned behavior, pigeons, 7259
apomorphine, self stimulation response rate & extinction, male rats, 7568
availability of 1 vs 2 levers, between- vs within-Ss partial reinforcement effects, male rats, 11937
cognitive extinction technique, cognitive & psychophysiological reactiveness, opiate-dependent hospitalized patients, 4110
cognitive restructuring, extinction of fear & avoidance, 20 yr old male with micturition anxiety & 21 yr old obsessive compulsive female, 6209
compound CSs & extinction of conditioned emotional responses, summation of undetected excitation, rats, 7240
context extinction using conditioned emotional response, latent inhibition, male rats, 4990
contingency contracting & extinction & DRO procedures, tantrums & self cutting behavior, 28 yr old female chronic psychiatric inpatients, 13259
continuous vs partial reinforcement in discrimination learning, choice behavior during acquisition vs extinction, male rats, 5006
differential signal order reversal & extinction & punishment, multiple continuous escape-avoidance with vs without warning signal, male rats, 343
electrical stimulation of hypothalamus & nucleus locus ceruleus & dorsal & median raphe nuclei, acquisition & extinction of operant task, rats, 5172
extinction, response frequency on 2nd-order FR FI food reinforcement schedule with vs without CS presentation, rhesus monkeys, 330
fragments 4–10 of melanocyte stimulating hormone & ACTH &/vs diluent classically conditioned nictitating membrane behavior, rabbits, 690
gradual increase vs decrease in ratio of partial reinforcement schedule, resistance to extinction, male rats, support for E. J. Capaldi's reinforcement level theory, 11947
group size & classroom social homogeneity & feedback vs verbal praise vs candy & direct vs indirect rewards, extinction of conditioned handwriting performance, 1st vs 3rd vs 6th graders, replication of C. F. Sharpley's work, 6803
multiple VI VI schedules & extinction, positive behavioral contrast, pigeons, 7256
neuronal activity in caudate nucleus during formation of inhibitory CRs, cats, 7410
neurophysiologic mechanisms of internal inhibition, rabbits, literature review, 9646
orientation of angry facial expressions, extinction & electrodermal conditioning to facial stimuli, college students, 12148
phylogeny & ontogeny of paradoxical reinforcement effects, various species of animals, literature review, 7260
postconditioning devaluation of sucrose reinforcer using aversion conditioning, extinction performance following VR vs VI operant schedules, male rats, 11941
posttraining lysine vasopressin & response prevention, avoidance responses during extinction, male rats, 12272
presentation alone of tone previously paired with aversive stimulus, mediation strength in extinction, rats, 5002
probabilistic characteristics, extinction of orienting-investigating behavior, rats, 7304
punishment & amount of acquisition training, resistance to extinction of keypecking, 1 vs 4 day old chicks, 5012
telencephalic noradrenaline depletion, resistance to extinction in operant task & enhancement of gustatory neophobia, male rats, 9787
Extracurricular Activities [See Also Fraternity Membership]
learning & social activities & morality & vocational maturity & interests, 8th–10th graders, USSR, 9029
Extradimensional Shift Learning [See Nonreversal Shift Learning]
Extramarital Intercourse
attitudes toward extramarital & premarital sex, fundamentalist vs nonfundamentalist males vs females, 5600
extramarital sex & marital relations, male vs female separated or divorced 20–67 yr olds, 12562
extramarital sex, literature review, 12566
physical attractiveness of husband vs wife having affair, perception of extramarital affair, college students, 12668
Extrapyramidal Tracts
degeneration of components of extrapyramidal system, Parkinson's & Huntington's disease & tardive dyskinesia, literature review, 5966
Extrasensory Perception [See Also Clairvoyance, Precognition, Psychokinesis]
attitudes toward ESP & parapsychology & anomalous experience, scientists, 2314
biological electromagnetic resonance-field interaction with external factors, implications for biophysics & biocybernetics & bionics & ESP, 495
ESP & schizophrenia, literature review, 3570
ganzfeld free-response GESP test using pictorial targets, response bias & temporal incline, naive & experienced Ss, 2464
general ESP vs clairvoyance & same vs different target symbol & known vs unknown target vs nontarget E, ESP performance, volunteer Ss, 11514
mental imagery training, ESP functioning, volunteers, 2310
methods used in ESP & psychokinesis research, 6909
similarities between qigong meditation & ESP abilities & relation to acupuncture & health care, 8
tone- vs noise-based ganzfeld stimulation, word associations, college students, implications for establishment of conditions favorable to occurrence of ESP, 11516
verbal vs performance scores on psychological tests & right vs left hand performance, verbal vs performance ESP tasks, 25 vs 34 yr old right handed females with motor vs verbal occupations, 4613
Extraversion
anxiety & extraversion & critical independence & sensitivity & shrewdness & inhibition, moderation of impact of psychological impact of life stress, college students, 1095
astrological sun signs & extraversion & neuroticism, 18–65 yr olds, replication of J. Mayo's results, 12738
biological bases of personality & introverts' vs extroverts' response to sensory stimulation, comment on T. J. Paisey & G. L. Mangan's neo-Pavlovian temperament theory, 7998
caffeine & overhabituation & dishabituation, arousal, extraverted vs introverted college students, partial support for H. J. Eysenck's hypothesis, 3089
closed mindedness & extraversion & neuroticism & psychoticism & use of corporal punishment, public school teachers, 11183
extraversion & neuroticism, job preferences & satisfaction, 18–64 yr old Civil Service employees, 11442
extraversion & rapid finger tapping performance, 3432
extraversion &/vs psychoticism, attitude toward capital punishment, male vs female college students, replication of S. J. McKelvie & J. Daoussis's study, 8033
extraversion/introversion & emotional stability/neuroticism, guessing task performance, Ss in groups vs individually, 8050
extraversion/introversion, preference for high vs low activity interpersonal vs noninterpersonal events, 60–92 yr olds, 3465
factor analysis & validity, measures of extraversion & emotional liability, students, 2406
factorial dimensional analysis of various personality scales with emphasis on emotionality & extraversion/introversion, 2407
family size, introversion-extraversion, obedient vs disobedient students, 12487
field dependence-independence & learning style & extraversion-introversion, map reading performance, male vs female 14 yr olds, 7695
introversion & extraversion, prognosis following mastectomy & breast cancer therapy, females, 6340
level of activation & internal vs external orientation, creativity, 18–38 yr olds, 10294
locus of control & extraversion, autonomic activation during biofeedback training of EEG alpha, 20–53 yr olds, 7476
locus of control & introversion vs extraversion & score on Least Preferred Coworker scale, office desk & seating arrangements, university faculty members, 13527
neurophysiological bases of temperament & emotionality & extraversion-introversion & neuroticism, "need-information" theory of emotion, 9709
personality traits of psychoticism & extraversion & neuroticism & social acquiescence & observed neurotic & antisocial behavior, 7–16 yr olds, 3614
psychoticism & extraversion & anxiety & stimulus intensity, eyelid conditioning, 16–58 yr old females vs males, 8011
self reported variability of trait anxiety & extraversion, prediction of anxiety & extraversion in specific situations, college students, 5666
sex & introversion vs extraversion, performance on mathematics tests, 11 yr olds, 7694

stimulus person's self description vs actual behavior in conversation, ratings of introversion-extraversion & attributions about behavior, college students, 10262
Extrinsic Motivation
intrinsic vs extrinsic motivation for volunteering, quality of volunteer commitment, 2265
Extrinsic Rewards [See External Rewards]
Eye (Anatomy) [See Also Cones (Eye), Cornea, Fovea, Iris (Eye), Lens (Eye), Retina, Rods (Eye)]
abnormal visual input, development of abnormal axon trajectories, frogs, 7341
conversion of rhodopsins to metarhodopsins after absorption of light, eyes of intact butterflies, 5106
explantation of stage 28 embryonic eye rudiments onto embryos with normal vs nasotemporal orientation reversal & subsequent retransplantation to stage 32/34 embryo with vs without orientation reversal, visuotectal projections, toads, 9722
eye color & ethnic origin & family size & birth order, cognitive performance & emotional stability, 20–26 yr old Sephardi vs Ashkenazi Jewish males, 3285
eye color, fast food consumption, 19–65 yr olds, 12166
ocular anatomy & vision, Amazonian manatees, 12141
Eye Contact
change in apparent interactive distance & interviewer eye contact, heart rate & pulse amplitude, college students interviewed across interactive TV, 9704
eye contact & gesturing & self contact behaviors on right vs left sides of body during interpersonal contact vs emotional situations, right handed 19–35 yr old females, Italy, 3401
head-holding procedure, eye contact, developmentally delayed 3 yr old male, 1562
interpersonal distance & lighting level, eye-gaze discriminability & overestimation bias as measured by signal detection, graduate students, 1074
mathematical relationship between eye contact & individual looking levels, 12657
perceived dominance & leadership status, gazing patterns, college students, 1052
Eye Convergence
axonal projections of excitatory vestibuloocular neurons & synaptic contacts with extraocular motoneurons, cats, implications for convergence movements, 485
convergence distance, dynamic wallpaper phenomenon, 11806
dark vergence & retinal eccentricity, binocular vergence responses, 19–28 yr olds, 4866
distance judgments in reduced vs structured viewing conditions before vs after induced phoria, college students, 11822
ethanol, heterophoria & impairment of oculomotor coordination & vision, adults, 9828
learning of unaided cross-eyed stereopsis, 18–67 yr olds, 9462
unreliability of estimates of vertical fusional vergence using perceived displacement of nonius lines, humans, 9469
vergence angle & direction of lateral gaze & luminance, steady-state accommodation responses, 20–30 yr olds, 11805
vergence movement, stereoscopic depth perception, human Ss, 7140
Eye Disorders [See Also Amblyopia, Color Blindness, Glaucoma, Myopia, Nystagmus, Refraction Errors, Strabismus]
diagnostic utility of clinical vs electro-ophthalmological vs psychophysical findings, 15 & 16 & 29 yr olds with acquired color vision deficiencies, 1385
eye disease, peripheral field thresholds & color discrimination in ophthalmological examination, 1368
interpretation of vision test battery using decision theory, diagnosis of color defects, 10–55 yr olds with various ocular diseases, 1428
ophthalmoplegia in Fisher's syndrome, 8290
short wavelength cone functioning, Ss with diseased eyes with foveolar fixation, 1399
Eye Examination [See Ophthalmologic Examination]
Eye Fixation
activation of nonoriented cells of striate cortex by visual stimulation during steady fixations & smooth pursuit eye movements, "behaving" monkeys, 7369
attentional inertia, 4 & 7 mo olds, 7740
body & head movement, smooth pursuit & saccadic & vestibulo-ocular eye movements, humans, adaptive control model for gaze control, 4874
design & calibration, error sources in use of corneal reflex technique to analyze visual scanning patterns, infants, 11560
disappearance of fixation point prior to vs simultaneously with target appearance, type of saccadic eye movements after extremely short RTs, monkeys, 7366
distribution of fixation times, cognitive activity during driving vs laboratory observation task, students, 2614
eye fixation as measure of attention, recognition of central & incidental stimuli, kindergartners vs 2nd vs 6th graders, 12441
eye fixations & random letters & digits & gratings as space fillers between words & delayed onset of space fillers, interference in eye movements during reading, adults, support for 2-process theory of eye movement control, 231
eye position changes caused by electrical stimulation of superior colliculus, eye movements, monkeys, 7534
fixation & optokinetic stimulation, suppression of vestibulo-ocular reflex, patients with neurological disorders, 3694
fixation on visual target presented to left vs right side & electric shock to ipsi- vs contralateral ankle, detection of or RT to shock, 7116
high vs low friendship, gaze & mutual gaze during conversation, 39–63 mo olds, 7795
immersion hypokinesia, eye & head movements during gaze fixation reaction, humans, 551
lateral vs central eye fixation, response latency to verbal vs spatial questions, right handed college students, 7448
local peripheral stimulus eccentricities & angular positions, motor & nonmotor components of fusional response, male adults, 4868
pictures of normal vs taboo topics, emotional responses & duration of visual inspection & role of social pressure, male vs female college students, 533
retinal image displacement during binocular fixation with active head rotation measured by afterimage method, humans, 219
similarity of stimulus to real face, visual fixation & expressed interest & heart rate, 2–8 mo olds, 5372
vergence angle & direction of lateral gaze & luminance, steady-state accommodation responses, 20–30 yr olds, 11805
visual & auditory & kinesthetic stimulation in maternal behavior & eye contact, 16–35 yr old postpartum depressed mothers & their neonates, 8137
visual fixation, vestibular reactivity & suppression of caloric nystagmus, 20–50 yr old schizophrenics & manic depressives, 8126
visual fixations to regions of photographs of rhesus vs human vs chimpanzee vs schematic faces, rhesus monkeys, 2683
Eye Movements [See Also Eye Convergence, Nystagmus, Rapid Eye Movement]
abnormal patterns of normal eye movements, schizophrenia, 12875
activation of nonoriented cells of striate cortex by visual stimulation during steady fixations & smooth pursuit eye movements, "behaving" monkeys, 7369
age differences, saccadic eye movements, 18–37 vs 59–87 yr olds, 5279
age, eye movement patterns & accuracy in perceptual motor performance, 19–39 vs 62–72 yr olds, 3169
body & head movement, smooth pursuit & saccadic & vestibulo-ocular eye movements, humans, adaptive control model for gaze control, 4874
brain neural adaptation in ontogeny of oculomotor control, literature review, 9650
characteristics of steady tracking eye movements, schizophrenics, 3577
darkness vs illumination, horizontal eye position & corneo-retinal potential at electrooculographic registration of saccadic eye movements, humans, 7365
defensive style & verbal & visual/spatial & emotional question content, lateral eye movements, right handed college students, 7396
design & calibration, error sources in use of corneal reflex technique to analyze visual scanning patterns, infants, 11560
differential diagnosis & mechanisms of action, drug-induced ocular motor disorders, literature review, 13013
disappearance of fixation point prior to vs simultaneously with target appearance, type of saccadic eye movements after extremely short RTs, monkeys, 7366
distance between pronoun and antecedent, eye movements during pronoun assignment, college students & faculty, 7156
EEG recording triggered at onset vs offset of saccadic eye movements, Lambda response, 26–30 yr olds, 5103
electrical stimulation of frontal eye fields, eye movements, marmosets & squirrel monkeys, 573
electrooculography, prediction of saccadic eye movements with induced fixation errors in learning, humans, 6961
electrophysiological technique, measurement of eye-head coordination & bodily RT & eye movement latency in prediction of open skill, 4–5 yr old males & college students, 817

experimental methods in assessment, smooth tracking dysfunction, 11582
exposure to styrene, rotatory & optokinetic nystagmus & visual suppression & saccades, healthy Ss, 3064
eye fixations & random letters & digits & gratings as space fillers between words & delayed onset of space fillers, interference in eye movements during reading, adults, support for 2-process theory of eye movement control, 231
eye movements to serially flashed targets & electrical stimulation of superior colliculus, neuronal activity in superior colliculus, rhesus monkeys, 7535
eye position changes caused by electrical stimulation of superior colliculus, eye movements, monkeys, 7534
genetics & eye movement dysfunction in schizophrenia, literature review, 12809
genetics & eye tracking dysfunction, functional psychotic & schizophrenic & psychiatric patients, literature review, 12874
gentamicin vs tobramycin vs dibekacin, auditory cortex click-evoked responses & eye movements during sinusoidal rotary stimulation, guinea pigs, 9792
harmaline, cerebellar control of oculomotor function, baboons, 7605
immersion hypokinesia, eye & head movements during gaze fixation reaction, humans, 551
instructional set, modification of stereotyped oculomotor reading strategy, 20–24 yr olds, 11761
internal vs external imagery, biceps EMG activity & ocular responses, male college students & faculty experienced vs inexperienced in weight lifting, replication of E. Jacobson & P. J. Lang's findings, 2886
lateral eye movements & defense mechanisms & somatic symptoms, female college students, 2898
local peripheral stimulus eccentricities & angular positions, motor & nonmotor components of fusional response, male adults, 4868
methodological issues, research on visual imagery & eye movements during wakefulness, literature review, 2638
modality of imagery, eye movements, college students, implications for R. Bandler & J. Grinder's theory, 9627
models & cerebral mechanisms, slow & rapid ocular movements, literature review, 5099
perception of rotation during eye movement, college students, 11818
plugging of semicircular vs horizontal canals, horizontal ocular reflexes, cats, 538
projections of oculomotor internuclear neurons to abducens nucleus, cats, 9647
REM sleep eye movement activity & CSF concentrations of 5-hydroxyindoleacetic acid, 19–51 yr old male psychiatric patients, 8090
representational system & eye movements during counseling, perceived empathy & ease of communication & anxiety & hostility, 17–27 yr old clients, 10959
retinal image displacement during binocular fixation with active head rotation measured by afterimage method, humans, 219
saccade size & stimulus field luminance, lambda potentials, rhesus monkeys & humans, 7406
saccadic eye movements & smooth pursuit measured by reflected light technique, 26–36 yr old schizophrenics, 3554
saccadic functioning, afferent pathway & retinotopic vs CNS & spatiotopic visual persistence, 9453
saccadic refixation eye movements & attention, schizophrenic & hospitalized nonpsychotic patients with mean age of 17 yrs, 1149
scores on Self-Rating Depression Scale & eye movement density during REM sleep, 21–47 yr old males, 7488
sensorimotor characteristics of eye movement, visual perception, 11801
slow eye closure self induced epileptiform activity, preceding EEG spectral characteristics, 13–26 yr old epileptics, 8351
smooth pursuit & saccadic eye movements, schizophrenic vs alcoholic & manic depressive patients, 12862
smooth pursuit eye movement dysfunction, schizophrenic & affective psychotic patients, literature review, 12831
smooth pursuit eye movement velocity assessed by computerized EOG technique, 19–31 yr olds, 1462
smooth pursuit impairments, schizophrenic patients, literature review, 12827
smooth pursuit reflex & vestibulo-ocular reflex suppression, normal Ss vs patients with CNS diseases, 8282
surgical vs physical stabilization techniques vs neuromuscular blocking agents & physical restraint, restriction of eye movements, rats, 2386
visual fixation, vestibular reactivity & suppression of caloric nystagmus, 20–50 yr old schizophrenics & manic depressives, 8126
visual imagery, eye movements & hemispheric differences in alpha activity, college students, 7351
visual tracking task concurrent with auditory discrimination task, saccadic eye movements, adult males, 11775

Eyeblink Reflex
electroacupuncture & transcutaneous nerve stimulation, blink reflex, 21–33 yr olds, 2959
intensity of pure tone background stimulation, startle eyeblink responses to intense white noise, humans, 253
intensity of reflex-eliciting noise, startle eyeblink reflex, humans, implications for lead-stimulus inhibition, 12146
problem difficulty & internally vs externally directed attention & numerical vs alphabetical tasks, eyeblink rate during nonvisual problem solving, college students, 2901
repetitive trigeminal & acoustic & visual stimuli & interstimulus interval, habituation of blink reflex, 20–30 yr olds, suggestions for role of interneurons, 2837
spontaneous eyeblink rate, platelet MAO activity, chronic schizophrenics with vs without tardive dyskinesia, 8128
spontaneous eyeblinks & blink suppression during lipreading, graduate & college students, implication for relationship between attention & blink rate, 4872

Eyelid Conditioning
hypothalamic electrical stimulation, latency of sensorimotor cortex single unit activity during eyeblink conditioning, awake cats, 12222
hypothalamic stimulation prior to CS-UCS pairing, rate of acquisition of eyeblink CR, cats, 12215
psychoticism & extraversion & anxiety & stimulus intensity, eyelid conditioning, 16–58 yr old females vs males, 8011

Eysenck Personality Inventory
cross cultural differences, factors scores on Eysenck Personality Inventory, adult males vs females, England vs Germany, 7016
factor analysis & validity, measures of extraversion & emotional liability, students, 2406
factorial structure, Eysenck Personality Questionnaire, college students, Egypt, 114
item analysis of Eysenck Personality Inventory, assessment of group personality correlates, male vs female drug addicts in treatment vs prisoners, implications for management & treatment, 8188
Matching Familiar Figures Test vs Eysenck Personality Questionnaire, impulsiveness measure, 16–58 yr olds, 7027
performance on Junior Eysenck Personality Questionnaire, 7–15 yr olds, Denmark vs England, 4719
performance on Least Preferred Co-Worker Scale & 16PF & Eysenck Personality Questionnaire, 20–57 yr old mill supervisors, 4808
personality subgroups delineated from cluster analysis of Eysenck Personality Questionnaire, number of previous convictions &/vs type of offense, 14–17 yr old delinquents, partial support of H. J. Eysenck's theory of criminality, 8212
scores & stability coefficients of Eysenck Personality Inventory, male vs female Further Education & College of Education students, 2467

F Test
data transformation & power & skew, robustness of F test, reply to criticism by P. A. Games, 4833
distinction between classical & partial eta square & formula for classical eta square in multifactor ANOVA designs, 2506
F tests for main effects & interactions in 2 by 2 contingency tables, 4837
modification of N. Jaspen's FORTRAN program & method, approximation of probabilities corresponding to values of F ratio between unity & median, 2359

Face (Anatomy)
inversion of faces, visual discrimination learning, male monkeys, 320
prosopagnosia, 70 yr old male & 49 yr old female, 1430
sensory nerve terminal types & innervation patterns in hairy facial skin, newborn to 6 mo old & adult rhesus monkeys, 2835

Facial Expressions [See Also Grimaces, Smiles]
age & spontaneity of emotional facial expressions, recognition, 4–5 yr olds vs adults, 5295
age differences, asymmetry in facial expressions of happiness vs sadness vs surprise, 6–13 yr olds, 9985
attribution of facial expression of emotion, 20–40 yr old college students vs nurses vs dancers vs photographers vs artists, India, 12679
deafness & age, recognition of facial expressions of emotion, normal vs deaf 5–17 yr olds, 6027
depressed maternal facial expression, behavioral reactions, 3 mo olds, 873

facial EMG & heart rate & palmar skin conductance response in reaction to happy vs angry facial expressions, college students, 514
facial expressions of emotions in C. Le Brun's drawings, 5273
familiarity with frustrator & repetition of trials & sex, facial expression of anger, 7 mo olds, 910
imitation of adult facial gestures, 0.7–71 hr olds, 7688
infant facial expression vs configuration, ratings of physical attractiveness, college students, 5305
neuroanatomical basis for assessment of asymmetrical facial expression of emotion, criticism of article by R. Alford & K. F. Alford, 7209
orientation of angry facial expressions, extinction & electrodermal conditioning to facial stimuli, college students, 12148
pain, facial expressions & soothing time required, infants with mean ages of 2.1–19.2 mo, 5438
pediatric examinations, emotional responses & coping behavior, 6–12 vs 18–36 vs 42–60 mo olds, 3988
perceptions of facial expressions of positive vs negative emotion presented to right vs left visual field, right handed college students, 9635
sex & age & facial expression of drawings of teachers, student's evaluation, male vs female 1st–5th graders, 6697
trait & state anxiety, perception of facial expressions in normal vs stressful situations, college students, 3414
viewing of happy vs sad videotaped facial expressions, asymmetrical brain activity, 10 mo olds, 3134
visual discrimination & initiation of facial expressions, neonates, 7674

Facial Features

computer-sculpted 3-dimensional bust using cardioidal strain transformation, perceived age of bust model, 9443
facial recognition memory, patients with senile dementia of Alzheimer's type, 6045
familiarity & incidental vs intentional learning conditions & age-progressed vs regressed pictures, dynamic facial recognition as natural phenomenon, college students, 1081
familiarity, hemispheric advantage in facial recognition, right handed female college students, 9671
hypnosis, facial recognition, hypnotically susceptible college students, 2679
infant facial expression vs configuration, ratings of physical attractiveness, college students, 5305
narcissism, recognition of inverted photographs of own vs peer face, 13–14 vs 18–21 vs 25–35 yr olds, 3215
permanent vs temporary vs no facial disfigurement, proxemic behavior, pedestrians, 10255
presentation of compound stimuli of squares vs facial features &/vs frame, scanning behavior, newborns through 2 mo olds, 7738
representations of facial vs nonfacial patterns on same-different judgment tasks requiring mental rotation vs comparison of individual features, RT & accuracy of judgments, college students, 7152
similarity of stimulus to real face, visual fixation & expressed interest & heart rate, 2–8 mo olds, 5372
verbal elaboration, facial recognition, college students, 2651
visual fixations to regions of photographs of rhesus vs human vs chimpanzee vs schematic faces, rhesus monkeys, 2683

Facial Muscles

EMG biofeedback training, ability to relax frontalis muscle, 25–57 yr old male middle-stage alcoholics vs 22–54 yr old nonalcoholics, 10818
facial EMG & heart rate & palmar skin conductance response in reaction to happy vs angry facial expressions, college students, 514
facial EMG & reactivity, 23–62 yr old depressed inpatients, 5740
mechanical stimulation, reflex responses of single motor units in lower lip muscles, adults, 2833

Facial Nerve

levo amino acids, evoked responses of chorda tympani fibers & generalization in conditioned taste aversion paradigm, rats, 5085
levo-amino acids, neural thresholds & chorda tympani nerve responses & preferences, male rats, 5084
neurophysiological activity, chemosensory neurons in geniculate ganglion, goats, 430
stapedial muscle motor neuron distribution, male chickens, 7376

Facilitation (Social) [See Social Facilitation]

Factor Analysis [See Also Cluster Analysis, Interaction Analysis (Statistics), Item Analysis (Statistical), Statistical Rotation]

applicability of item response theory using restricted factor analysis, development of personality & attitude scales, 11647
chi square tests of M. S. Bartlett vs J. H. Steiger, assessment of significance of correlation matrix & suitability & appropriateness of factor analysis, 2552
cognitive & personality variables, factorial structure of verbal fluency, high school students with mean age of 17.1 yrs, 12430
component analysis, Bayley Scales of Infant Development, high-risk infants at 92 wks postconceptual age, 121
construct validity & factor analysis of M. Snyder's Self Monitoring Scale, assessment of relationship between social skills & self monitoring, normal & psychiatric outpatient adults & school children & nurses, Great Britain & South Africa, 7023
construct validity of factor structure of Occupation Analysis Inventory, derivations of human work dimensions, 4738
construction & reliability & validity of Rahim Organization Conflict Inventory II, measurement of styles of handling interpersonal conflict, executives, 7060
cross cultural differences, factors scores on Eysenck Personality Inventory, adult males vs females, England vs Germany, 7016
differentiation & complexity of factorial structure of intelligence, 9 yr olds of average vs below vs above normal IQ, test of K. H. Wewetzer's divergence hypothesis, 794
dimensionality & concurrent validity of Handler Anxiety Index, 16–47 yr old medical & psychiatric patients, 11717
empirical item structure of Basic Personality Inventory, construct-oriented heuristic measurement of psychopathology, normal adults & high school students & psychiatric patients, 3540
factor & cluster analyses, symptoms, patients with delirium tremens, 12998
factor analysis & evaluation & reliability, Dutch version of Rotter's Internal External Locus of Control Scale, 7000
factor analysis & Thurstone scaling & placement data, identification of optimal sequences for learning of reading & study skills, college students, 9496
factor analysis & validity, French revision of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie rating scales, patients, France & Belgium, 9311
factor analysis & validity, measures of extraversion & emotional liability, students, 2406
factor analysis, appropriate ratio of Ss to variables, 11730
factor analysis, attitudes toward TV advertisements, White middle class children with mean age of 10.7 yrs, 7761
factor analysis, attributions for events, college students, 191
factor analysis, Body Symptom Questionnaire, college students, 2401
factor analysis, client satisfaction measure, 2472
factor analysis, data obtained using 3 methods of attribution measurement, reanalysis of T. W. Elig & I. H. Frieze's data, 180
factor analysis, intrapartum fetal heart rate patterns, neonates, 759
factor analysis, Kurtzman Community Dental Health Ideology Scale, male dental students, 13487
factor analysis, measurement of interrater reliability of AMDP Psychopathology Scale, 156
factor analysis of Fear Survey Schedule-III & correlation with fear ratings of South African Indians, male vs female college students, Great Britain, 8021
factor analysis of Hamilton Anxiety Rating Scale, psychological & somatic aspects of anxiety, 2455
factor analysis of Initiating Structure scale of Leadership Behavior Description Questionnaire, workers with average age of 37 yrs, 11697
factor analysis of open field behavior, 1 & 4 & 7 day old chicks, 5037
factor analysis of Overcontrolled Hostility Scale of MMPI, male prisoners with average age of 29.2 yrs, 9389
factor analysis of response patterns, finger maze learning, normal vs mentally retarded children, 5912
factor analysis of responses to Piers-Harris Children's Self-Concept Scale, components of self concept, gifted 2nd–9th graders, 5421
factor analysis of Restraint Scale, correlation of body image with concern for dieting & weight fluctuations, female college students, 9309
factor analysis of Restraint Scale scores & relation to degree of self reported overweight, adults, 100
factor analysis of scores on WISC-R & Wide Range Achievement Test, 6–11 yr olds referred for psychological testing, 161
factor analysis of screening battery, assessment of personality & intellectual & demographic & behavioral variables, incarcerated male & female delinquents, 9325
factor analysis of screening scales, incarcerated juvenile delinquents, 9384
factor analysis of WAIS-R for 9 age levels, 16–74 yr olds, 131
factor analysis of WISC-R variables, 6.2–13.6 yr old Ojibwa Indians, 6997

factor analysis of Zigler-Phillips Social Competence Scale, measurement of premorbid social competence, schizophrenics, criticism of analysis by E. Zigler & J. Levine, 150
factor analysis of 7 composite symptom scales, depression, Anglo vs Black vs English- vs Spanish-speaking Hispanics, 4727
factor analysis, perceived central components of empathy, parents of 9–12 yr olds, 12717
factor analysis, reports of parental behavior, 7–11 yr olds living with divorced mother vs married parents, 917
factor analysis, sexual attitudes & behavior, female college students, 12600
factor analysis, sleep-wakefulness cycle, cats, 2868
factor analysis, social development, chicks, 5033
factor analysis, teacher evaluation, college students in laboratory vs seminar/discussion classes, 13688
factor analysis used to test theory of self concept, young adults, 10286
factor analysis, values measurement, high school & college students, implications for uni-factor values model, 12364
factor analysis, verbal & nonverbal communication in physical education class, female student teachers, 4237
factor analysis, WISC scores, 6–15 yr olds, Italy, 4755
factor structure & reliability of Galo Intelligence Test & subtests, primary school children, 4811
factor structure, attitudes toward divorce, attorneys, 3330
factor structure, Behavior Problem Checklist, Black vs White emotionally disturbed vs learning disabled vs educable mentally retarded children with mean age of 11.4 yrs, 103
factor structure, Bruininks-Oseretsky Test of Motor Proficiency Short Form, 4.5–14.5 yr olds, 9290
factor structure, frequently reported physical stress reactions, male vs female Ss, 1433
factor structure of Attitudes Toward Disabled Persons Scale-Form B, medical & rehabilitation students, 9333
factor structure of combined Luria-Nebraska Neuropsychological Battery & WAIS & Wide Range Achievement Test, neuropsychiatric patients with mean age of 47 yrs, 144
factor structure of Counselor Rating Form, assessment of perceptions of counselors, clients, 4761
factor structure of Level I Life Styles Inventory, employees, test of J. C. Lafferty's 4-factor model, 9320
factor structure of Menstrual Symptom Questionnaire, relationship to oral contraceptive use & neuroticism & life stress, female college students, 147
factor structure of Rutter's Children's Behaviour Questionnaire, 7–8 yr old primary school students, India, 4436
factor structure of South African version of Wechsler Bellevue Adult Intelligence Scale, White psychiatric patients, 127
factor structure of Symptom Checklist-90, psychiatric inpatients, 11686
factor structure, self reported peak performance variables, college students, 3464
factorial dimensional analysis of various personality scales with emphasis on emotionality & extraversion/introversion, 2407
factorial structure, Eysenck Personality Questionnaire, college students, Egypt, 114
factorial structure, family climate, families with 9–14 yr olds, 3313
factorial structure of Revised German Multidimensional Pain Scale, differential therapeutic measures for predomination of sensory vs affective aspects of pain, Ss with clinical symptoms of pain, 9322
factorial validity, Bem Sex Role Inventory, 24–60 yr old females, 11653
fear & anger & joy factors, individual emotionality profiles, questionnaire respondents, 8042
film segments as affective stimulus, factor structure of self reports of emotional responses, college students, implications for utility of film stimuli, 2670
indicator- & institution-specific models & systemic-structural model, indicators of individual & social welfare & relation to social structure, review of factor analytic studies, 7853
interaction structure analysis as method of orthogonality evaluation of factorially simple structured tests, 11674
intercorrelations of low proportion variables by empty-cell corrected Yule coefficients, 11745
item & factor analysis & construct validity of short & long forms, German version of Beck Depression Inventory, college students, 9339
item & factor analysis, Drug Abuse Screening Test, drug & alcohol abuse clients with mean age of 32.5 yrs, 9303
item & factor analysis of German short form of WAIS, males with mean age of 19.2 yrs, 9377
item construction & factor structure & reliability & validity of teacher communication concern scales, measurement of self & task & impact dimensions, prospective & inservice elementary & secondary teachers, 6807
item vs factor analysis in development of attitude scales, college students, 7048
method of factor analysis, concept-scale interaction in factor structure determination in semantic differential, 5th graders, 2533
method of joint use of R & Q techniques in factor analysis, validation of tests & theory elaboration, 2549
model of situation perception in compliance-gaining situations, factor analysis of extant studies, college students, 5610
number of dimensions & items & Ss, effects of violations of linearity assumption on robustness of linear factor analytic techniques for binary items, 11639
perceived dimensions of interpersonal cooperative & competitive goal-oriented situations, college students, 3391
personality test using self descriptive bipolar adjectives in dichotomous vs 7-point bipolar rating scale format, factor structure & variance accounted for, 11688
programmatic factor analysis, evaluation & revision of Halstead-Reitan Neuropsychological Test Battery, 149
Q technique in factor analysis, validation of tests & theory elaboration, comment on work of B. Thompson et al, 2544
rating of events in terms of internal-external vs endogenous-exogenous dimensions, factor analysis of interrelationships of these partitions in attribution theory, college students, 3430
sample sizes for factor analysis, 11746
sex differences & consistency of factor pattern, Adult Nowicki-Strickland Internal-External Control Scale, college students, 6996
sex differences on WISC-R, 6–6.4 yr olds, findings inconsistent with those of W. Samuel, 7039
split-half factor comparabilities based on factor scores, determination of number & rotation of factors, 9407
three-mode principal component analysis & factor analysis, annotated bibliography of published & unpublished theoretical & applied papers, 7092
2nd-order factor analysis of attitudes, industrial aircraft workers, 9165

Factorial Validity
concurrent & factorial validity of items on Quality of Effort scales of College Student Experiences Questionnaire, assessment of perception of grades & personal growth, college students, 11314
construct validity of factors, Career Decision Scale, college bound high school seniors, 11298
development & construct & concurrent validities of scale to assess sense of identity, assessment of figural & mimetic & symbolic imagery, college students, 4736
factorial invariance of Rosenberg Self Esteem Scale, race & sex differences in self esteem, Black vs White 3rd–12th graders, 7035
factorial validity of Adult Self-Depression Scale, assessment of assertion, 17–74 yr old American Indians, 9344
factorial validity of Ideal Child Checklist, middle class parents, 9362
factorial validity of Multidimensional-Multiattributional Causality Scale, assessment of attributions of success & failure, gifted high school students, 11325
psychometric properties of Multidimensional Health Locus of Control Scales, male alcoholic inpatients with mean age of 45.5 yrs, 7066
reliability & factorial validity of Affective Work Competencies Inventory, vocational teachers & industrial workers & supervisors, 9315
reliability & factorial validity of Self-Assessment Questionnaire, identification of potential occupations, liberal arts majors, 11334

Factors (Sociocultural) [See Sociocultural Factors]
Factory Environments [See Working Conditions]
Faculty [See Educational Personnel]
Fading (Conditioning)
fading teaching techniques, cursive writing learning, 1st graders, 8993
public posting of praise & feedback fading, praising behavior, teachers of handicapped preschoolers, 8945
stimulus delay & fading vs differential reinforcement, concept learning, mentally retarded 30–65 mo olds, 3906
visual training program composed of fading & social reinforcement & performance feedback, visual acuity on trained vs untrained stimuli, myopic college students, 1599

Fads and Fashions [See Clothing Fashions]
Failure [See Also Academic Failure]
attribution for expected failure to self vs environment, effect of negative expectations on performance, college students, 1072

attributional distortion, acceptance of responsibility for failure, depressed vs nondepressed nonanxious vs nondepressed anxious college students, 12867
attributional self presentation as actor vs O in success vs failure, college students, 5648
causal attribution vs outcome, general vs self esteem related affect, female college students, 298
contextual determinants of failure management strategies or "accounting" behavior, college students, 10245
experimentally induced success vs failure, extension of future time perspective & attitude toward past & present & future, normal vs socially handicapped adolescents, 9933
factorial validity of Multidimensional-Multiattributional Causality Scale, assessment of attributions of success & failure, gifted high school students, 11325
failure feedback vs no failure feedback &/vs cognitive coping strategy of affective isolation, anger & anxiety & expectations regarding performance on reading/comprehension/decision making task, female college students with high vs low life stress, 2668
gender & assessed masculinity vs femininity & false success/failure feedback, choice of topic area & performance self evaluation, male vs female college students, 5670
high standards & overgeneralization of failure & self criticism as components of self punitiveness, depressed college students, 12781
motivation & cognitive failure & doxepin vs hydroxyzine therapy, concept learning, anxiety disordered male 20–50 yr old inpatients, 10861
nature of activity & success/failure criteria, attribution of responsibility for group success or failure in intergroup activity, college students & youth camp participants, 10031
performers' internal vs external attributions for performance success vs failure, impressions of performers' honesty & modesty & ability & likeability, college students, 10265
positive vs negative affective states, effect of success vs failure on expectations & self evaluation & estimates of previous success, college students, 304
self awareness & self esteem, causal attributions of success vs failure, male college students, 3458
social status & demographic variables, emotions engendered by & causal attribution for perceived financial success, survey respondents over 18 yrs old, 1083
task achievement vs failure & importance & effort, emotions, college students, 2671
task success vs failure & sex differences, attribution & prediction of future task performance, adolescents, 3213
Fainting [See Syncope]
Faith Healing
mechanisms operative in psychotherapy vs Thai ritual of protective magic, 6110
model of "healing as transformation" exemplified in faith healing practices, !Kung, Botswana, 6075
role of healer vs patient, EEG power during psychic healing, adult male, 2312
sociocultural factors, integration of religious healing & traditional medical & psychiatric care, staff & patients of healing ministry, Jamaica, 1697
transformation of consciousness in Kung experience of healing, Africa, 7860
Faking [See Also Malingering]
aversive covert images in covert sensitization procedure, arousal induced by homosexual stimuli, 38 yr old bisexual male, 8494
detection of faking on Personality Inventory for Children, college students, 9352
overcontrolled hostility, faking good & bad adjustment on MMPI, male patients in maximum security psychiatric hospital, 12857
Familiarity
age & cognitive development factors & experiences with death or separation or divorce, conceptions of death & personal mortality, 5–10 yr olds, 3248
age & cultural & environmental differences, rates of fussing & crying, 2 vs 4 vs 7 vs 11 mo olds in kibbutz vs Bedouin vs institutional care, Israel, 3236
age & number & novelty of toys, toy preferences, 8 vs 12 mo olds, 5364
amount of coverage of diseases in medical journals & encounters with persons suffering from diseases, estimates of mortality rate of various diseases, physicians vs college students, 5953
concreteness & familiarity of depicted object, perception & comprehension of pictorial symbols, adults, 2592
degree of contact, favorableness of attitudes toward community subgroups, Australians, 7987
effectiveness of expanded guide to taking Scholastic Aptitude Test, high school juniors, 9106
experience with children, voice pitch when addressing infant or small child, 21–30 yr old parents vs nonparents, 5267
exposure frequency to novel foods, food preferences, 2 yr olds, 7668
exposure, liking for fruit juices, male college students, 204
familiar size cue, judgments of object's size & distance, 1st vs 3rd vs 6th graders, 12413
familiar vs novel available diet & chronic lithium chloride, conditioned suppression of food intake & preference, rats, 9717
familiar vs unfamiliar cultural context, foreign language composition, adults enrolled in English as 2nd language courses, 9899
familiarity & duration of female voices presented to right vs left ear, ear asymmetry in recognition, female college students, 471
familiarity & incidental vs intentional learning conditions & age-progressed vs regressed pictures, dynamic facial recognition as natural phenomenon, college students, 1081
familiarity effects & memory set size, letter search task, college students, 11798
familiarity, hemispheric advantage in facial recognition, right handed female college students, 9671
familiarity, popularity of names, 4841
familiarity with frustrator & repetition of trials & sex, facial expression of anger, 7 mo olds, 910
gestures & linguistic sophistication, responses to "what" questions, 1.3–1.5 yr olds, 9938
hospital visiting program, prevention of anxiety & emotional complications upon admission, kindergartners, 6439
individual vs group housing vs new cages vs forced exploration, corticosteroid levels, mice, 504
interrater reliability of behavioral ratings of own vs unknown 4.5–6 yr old, parents, 4667
isolation vs aggressive experience & intruder familiarity, aggressive behavior, male mice, 9585
letter spacing, reduction of familiarity effect in free recall tachistoscopic task, college students, 4953
life-threatening event vs familiar environment, hypothermia-induced retrograde amnesia, male rats, 2937
occupational therapy curriculum with Level I fieldwork, anxiety toward Level II fieldwork, occupational therapy students, 8864
perceptions regarding achievement & personality & appearance of peers wearing body-type vs post-auricular vs no hearing aid, 65–80 yr olds with vs without personal or family experience with hearing aid, 5978
practice on small vs intermediate size problems in familiar vs unfamiliar context, solution of large size problems, college students, 11905
prenatal stimulation of familiar vs alien sound, postnatal heart rate & emotionality, ewes & lambs, 4988
prior knowledge & familiarity with text, accuracy of proofreading, college students, 7164
recency information & stimulus novelty & familiarity, delayed-matching-to-sample performance, female macaques, 2703
repetition of statements of uncertain truth value, changes in perceived truth of statements, college students, 268
role play vs in vivo situation & familiarity & race of partner, assertiveness & expression of negative opinion & compliance, 19–45 yr old Black male psychiatric patients, 8149
same-age vs mixed-age groups & acquaintanceship between members, performance at tower-building task, 1st & 3rd graders, replication of previous studies, 10039
sex of strange vs familiar cage mates & strange vs familiar cage bedding, huddling, rat pups, 367
similarity & familiarity of neighbor's vs stranger's song, song matching, great tits, 2736
social familiarity & experience, leadership seniority in groups, college students, 1051
vocabulary difficulty & text cohesion & schema availability, reading comprehension, 6th graders, 6668
Family Background [See Also Family Socioeconomic Level, Parent Educational Background, Parental Occupation]
age at 1st treatment & family factors, psychological status & anorexia nervosa, adolescent Turner syndrome females, followup study, 6034
assortative mating & predisposition to & prevalance of mental illness in 1st-degree relatives & diagnostic concordance between patient & spouse, married inpatients with primary affective disorders & spouses, 3557

California Psychological Inventory scores & family background, prediction of GPA, 8th–12th graders, Greece, 6798
characteristics of life roles of worker & student & homemaker, 20–22 yr olds, 7811
childhood minimal brain disorder & hyperactivity & familial alcoholism & alcoholism severity & psychopathology, male VA alcoholic inpatients, 10445
conception of institutional structure of modern science as risk-oriented context for creative behavior & role of family background, Nobel scientists, 13484
demographic characteristics & family history & psychopathology & drinking history, course & consequences of alcohol abuse, alcoholics, 5858
demographic characteristics & premorbid factors & motives & family background, mentally ill vs non-mentally-ill arsonists with vs without mental deficiency, 12761
economic independence & education & employment & family background & marriage & social support, Black working females, US vs West Africa, 7855
employment of mother during adolescence & attainment of ideal family size, females, attempted replication of D. J. Adamchak's findings, 3314
familial attributes & educational attainment & occupational aspirations & personality adjustment & migration status, occupational attainment, males surveyed at 24 yrs previously while high school sophomores, 11407
familial pathology & psychopathology & sociopathology, young addicts, 12900
family & child characteristics & health status, abused & neglected male vs female children vs siblings, Greece, 1258
family & personal characteristics, battered 6 mo to 13 yr olds, Hong Kong, 8205
family affiliation, decision to petition court for formal hearing & hold in preadjudicatory detention, arrested 10–18 yr olds, 3327
family background & clinical characteristics, 7–20 yr olds in residential treatment programs, 11019
family background, suicidal behavior, 14–16 yr olds, 5884
family ethnicity, childhood disadvantage measured by health care & education & home environment, children followed up to 3 yrs of age, New Zealand, 7673
family history of affective disorder & alcoholism, 21–25 yr old male college students, implications for increased risk of mental health problems, 12758
family history of affective disorders & alcoholism & antisocial behavior & alcohol-related life problems & drug usage & client characteristics, male alcoholics with mean age of 48 yrs with vs without secondary depression, 10499
family history of alcoholism in 1st-degree relatives, alcoholic males with mean age of 47.2 yrs, 5879
gender differences & older generations' impact & prevalence & content, family conceptions of parental heritage, White middle-class mothers with mean age of 37.2 & fathers with mean age of 38.8 & children with mean age of 11.1 yrs, 7889
genetic counseling in adoption program, identification of infants at risk for genetically caused mental retardation, 1699
interdisciplinary investigation of incidence & characteristics & injuries & familial social characteristics, abused newborn to 10 yr olds, Greece, 1225
length of Y chromosome & psychiatric symptom severity & hyperactivity & parental psychopathology & alcoholism, child psychiatric inpatients & 7–15 yr old inpatients, 10400
male role models in family background, 3–13 yr old males with gender disturbances, 3249
parental age, psychosis, 3–19 yr old psychiatric inpatients, 3535
parent's social position, educational achievement & inequalities in selection for higher education, junior high & high school & college students, China, 13606
perceptions of individual vs group fights & correlation with deviant lifestyle & background & attitudes, 18–19 yr olds, 1233
personality & diagnosis & criminal & violence history & family background & alcohol & drug use & sexual behavior, male arsonists vs property vs violent offenders, 3606
psychological & physical & demographic & family characteristics & social milieu & criminal careers & attitudes toward criminality, 18–53 yr old female forgers, 8232
psychosocial characteristics, 1–17 yr old delinquents discharged from approved school, Nigeria, 1958–76, 1854
self image disparity & adjustment, young adult females from controlling vs autonomy-granting family backgrounds, 12697
similarities in family & personal history & treatment outcome, depressed vs nondepressed 23–67 yr olds with chronic pain, 10607
socioeconomic bonds & satisfaction & background factors, interstate migration, Rhode Island adults, longitudinal study, 3275
Family Counseling [See Family Therapy]
Family Crises
income level & 1 vs 2 parent families, family stress, divorced vs married mothers, 12544
psychiatric consultation for family stress, spinal cord injured patients & their families, 6438
Family Life [See Family Relations]
Family Members [See Also Adopted Children, Adoptive Parents, Brothers, Cousins, Daughters, Fathers, Foster Children, Foster Parents, Grandchildren, Grandparents, Heterozygotic Twins, Housewives, Husbands, Monozygotic Twins, Mothers, Multiple Births, Orphans, Parents, Schizophrenogenic Mothers, Siblings, Sons, Spouses, Stepchildren, Stepparents, Twins, Unwed Mothers, Wives]
adjunctive hypnotic techniques, families with hemophiliac member, 3972
anticipatory grief, family members of adult cancer patients, 3770
assortative mating & predisposition to & prevalance of mental illness in 1st-degree relatives & diagnostic concordance between patient & spouse, married inpatients with primary affective disorders & spouses, 3557
birth of child, relationship between daughters & mothers & mothers-in-law, 7879
cancer, coping, family members, 3743
cardiovascular risk reduction education project, diet & exercise, families of elementary school students, 3999
case management & legal & therapeutic issues in handling of child sexual abuse cases in juvenile court, families with sexually victimized children, 1031
community-based Natural Supports Program, support for primary caregivers of aged relatives, 10953
consumption of prescription & over-the-counter psychoactive drugs & alcohol & nicotine & illicit drugs, rural families with at least 1 adolescent living at home, 12614
definitions of suggested procedures for psychiatric evaluations, multiproblem families, 5810
demographic & symptomatic & familial characteristics, patients with unipolar vs bipolar mania, 1203
dynamics & characteristics, families with drug abusing member, 3603
epidemic hysteria, family members, India, 5790
familial & genetic correlational analyses & X-linked gene hypothesis of human sex differences, 5050
familial prevalence of anxiety neurosis, Ss with mean age of 40 yrs, 5794
family centered home based management, disturbing behaviors, 67–73 yr old females, 1575
family history of alcoholism in 1st-degree relatives, alcoholic males with mean age of 47.2 yrs, 5879
group social work, relatives of dependent aged, 6387
group social work services, relatives & friends caring for frail aged, 6383
human lymphocyte antigen & genetic heterogeneity of schizophrenia, families with at least 2 schizophrenic members, 10401
importance of involvement in decision making regarding post-discharge long-term care, elderly patients & their families, social work implications, 3984
incarceration of parent, coping, children & family members of inmates, 11026
incidence of chronic & latent & uncertain schizophrenia & schizotypal personality disorder, biological & adoptive relatives of schizophrenic adoptees, response to criticisms by T. Lidz & S. Blatt & R. Abrams & M. A. Taylor, 10382
incidence of conduct disorder & affective illness, 5–47 yr old offspring of Huntington's disease patients, genetic counseling implications, 10313
incidence of paranoia & uncooperativeness & verbal abusiveness of Alzheimer's patients & level of depression of caretakers, 10552
incidence of secondary psychosis, families of children with infantile schizophrenia, 3546
individual & household characteristics & perceived morbidity & sex & age, prescribed & nonprescribed medicine use, households receiving Aid to Families with Dependent Children, 3359
intergenerational separation anxiety, family members, guidelines for family therapy, 6172
mental health service needs, family caregivers of mentally ill persons, 1734

morbidity risks for depression among 1st- & 2nd-degree relatives, unipolar & neurotic-reactive depressives, 5799
myths held about family feedback conferences & interference with diagnostic process, clinicians, 3817
number & types of problems & coping skills & skills training program, maintenance of patient at home, 41–71 yr old caretaking relatives of demented aged, 8659
patients' emotions & demands & therapist's responses & attitudes of significant others, psychotherapy of suicidal patients, 1503
pediatric care & family therapy, chronically ill children & their families, 3891
psychological intervention program, coping, families of children with mean age of 6.6 yrs with leukemia, 5-yr longitudinal study, 13214
psychosocial assessment framework, responses to stress by cancer patients & families, hospital social workers, 10903
respite care as social support, families with developmentally disabled members living at home, 8678
risk for affective disorders, 1st degree relatives of 17–39 yr olds with anorexia nervosa vs 16–56 yr olds with bulimia vs 13–43 yr olds with both disorders, 10600
risk for major depression & anxiety disorders, relatives of Ss with major depression with vs without anxiety disorder, 10389
role of social worker, families of institutionalized aged, 10982
Rorschach responses, 3 generations of 1 family, 5542
sexual orientation of relatives, 25–35 yr old heterosexual vs homosexual unmarried males, 3348
short term family group within private psychiatric hospital alcoholism treatment unit, relatives of alcoholic patients, 1873
social classification of home areas, family members, 4583
statistical analysis of Semantic Differential applied to family, family members with medium-high SES, Italy, 12547
structural open ended vs closed time limited family support groups, family caregivers for senile dementia & Alzheimer patients, 1547
sudden death vs following short term vs chronic illness, grief at death of close family member, adults with mean age of 52 yrs, 3469
suggestions for psychological evaluations, families involved in custody disputes, 5562
therapeutic effects of pathological label, functioning, members of marital or family system, 6162
urine levels of 3-methoxy-4-hydroxyphenylethylene glycol & 5-hydroxyindoleacetic & homovanillic & dihydroxyphenylacetic acids, healthy 18–41 yr olds with vs without family history of psychiatric morbidity, 5837

Family Physicians

behavioral sciences training in family medicine, residents, 13458
characteristics of stepfamilies, implications for family physicians, 1698
clerkship in family medicine with vs without training in interviewing, interviewing skills, medical students, 6517
clinically oriented social science research, academic development of primary care in family medicine, 13310
concepts of health & prescriptive vs preventive treatment in family practice, Sweden, 13323
creativity in management in family medicine, 8633
differential diagnosis of episodic violent behavior, 21 yr old male with final diagnosis of temporal lobe epilepsy, implications for family physicians, 12989
elements of family practice, 34–54 yr old family physicians, 13302
evaluation of family practice residency program with vs without behavioral science emphasis, senior residents, 11124
frequency of occupational history taking in family practice center, 8605
instruction in child development & behavior, family practice residents, 13454
morbidity & visits to family practices, male vs female 13–20 yr olds, 8625
perception of psychiatric manpower needs, psychiatrists vs family physicians, Canada, 4140
perceptions of psychosocial problems encountered in their practice, family physicians, implications for educational programing, 11138

centrality & control afforded parents, family leaving/staying patterns & satisfaction & communal childrearing attitudes, families living in communes, US, 10150
chronic illness in self or sibling, goal setting behavior & family climate, 7–11 yr old asthmatics vs diabetics vs siblings of asthmatics vs healthy children from healthy families, 3716
circumplex model of D. H. Olson, conceptualization & operationalization of workshop design in family life education programs, 8642
Circumplex Model of marital & family systems, clinical implications, 13217
Circumplex vs Beavers models of family systems, implications for clinical usefulness, 13204
conceptual & methodological issues & dyad as unit of analysis, family research, 995
coping with stress, family day care workers, 1910
creation of congressional Select Committee on Children Youth & Families & role of psychological community, needs & problems of children & families, US, 10191
cross cultural analysis, primary decision maker for family purchases, surveyed middle & upper class wives, implications for H. Rodman's theory, 2289
death of parent vs spouse vs child, grief experiences, adults over 50 yrs old, 3310
definition & structure & processes of family, literature review, 998
deinstitutionalization, parental caretaking role & impact on family, schizophrenic & mentally ill patients & their families, 1823
design of facilitating environments, care & treatment, children & their families, 5461
development & validity of measures of perceived social support from friends & family, college students, 9365
disinheritance patterns as illustrations of kinship reciprocity & destruction, literature review, 5544
domesticity & corollaries of rational friendship & new paradigm of sociality & sexuality & marriage, female aristocrats, 1660–1760, England, 3291
educational role of family in socialism, 5546
effect on family & issues for treatment professionals, families having child with Duchenne muscular dystrophy, 13000
evaluation of & satisfaction with mental health professionals & resources & effects of illness, families of chronically mentally ill, 1736
evolution of position of family & implications of family for economic & social control & sex roles, kibbutzism, Israel, literature review, 935
familial factors & satisfaction with school & student/faculty relationships & academic interest & skills & educational goals, dropout rate, college students, 2079
family & community acculturation & health/illness status, 6–15 yr old Navajo boarding school students, 10310
family experiences with child residential treatment, implications for child care workers, 1788
family of origin as resource in training, family therapists, 4135
family's role as social agent, identity development & identity crises, children, 7770
founding of National Schizophrenia Fellowship, coping with schizophrenia, friends & families of schizophrenic patients, UK, 1746
group summer project, school attendance & attitudes & adjustment & involvement of families, female adolescent students, 13587
home care, social & emotional & financial stress & family life, families with infant to 22 yr old mentally handicapped children, Denmark, 1866
home care treatment by visiting nurse, clinical outcome & social functioning & burden on family, 15–45 yr old schizophrenics, 10702
impact of "new federalism" proposals, programs affecting children & youth & families, 10193
individual reactions to job loss & projects developed by Family Service of Detroit & Wayne County, unemployed persons & their families, 10944
inheritance practices, preliterate vs complex societies, literature review, 5499
innovative theoretical methodology & techniques, family studies, literature review, 965
interagency cooperation & volunteer support & self-help & humanistic therapy, Child Sexual Abuse Treatment Program of Santa Clara County, California incest victims & their families, 1729
interests in role of society vs community vs family vs individual status in health & illness, medical students, 6533
kinship & family's everyday meaning, assignment of family status in treatment & informal relations, nursing home & residential treatment center & rehabilitation hospital patients, 6070
law & legal systems, family systems, 7899
level of disability & economic factors & family caring capacity & physical & sociopsychological factors, institutionalization vs home living, Ss aged 65 yrs & over, Japan, 4073

mental health of community & family & impact of community mental health services, Appalachia, 4037
methodological issues of proportional hazards models, analysis of family formation & dissolution in life course transitions, 15–44 yr old married White females, 994
methodologies, marital & family phenomena research, literature review, 982
model for family impact analysis in social work, application in assessing public policy, 8702
needs & maintenance as functioning unit, families of offenders, 10509
parental unemployment, material deprivation & psychological factors & family roles & relations & health & behavior & abuse & progress in school & reception into care, children, literature review, 3142
parents' views, provision of services to handicapped families, parents with mentally handicapped children, Wales, 8671
personal losses & culture shock & patterns of acculturation & coping strategies, clinical manifestations of stress, Vietnamese refugees, 1126
physician-patient/family relationship, comments on "Of Mist, and Grass, and Sand" by V. McIntyre, 10912
premorbid adjustment & recent symptomatology, 18–41 yr old schizophrenics from families with high vs low levels of expressed emotion, 12841
priorities of family related needs, surveyed public vs participants at regional public hearings, 10196
psychiatry & family practice liaison approach to clinical training, psychiatry residents & medical students, 13468
risk taking attitudes, inner tube river floaters in family vs friendship groups, implications for risky shift paradigm, 12647
role of family & social learning theory & usefulness in psychotherapy, development of locus of control, 1086
sampling, family research, literature review, 977
school-family systems orientation, provision of psychoeducational services, multidisciplinary teams, 11321
separation from family members & culture shock & adjustment difficulties, depression & anxiety & somatization, 13–73 yr old Southeast Asian refugees resettled in Canada, 1128
social & family & child characteristics, actual vs predicted placement in foster care, abused children, 1750
social context of life course, 3 generation family, 7885
social support networks, Black families, literature review, 10158
stages of family life cycle & nature of & fixation & regression in transitions between stages, 5526
supply & demand & effects on child & family & child abuse prevention, child care, literature review, 8653
supportive family counseling as alternative to traditional family therapy, emotional support & needs, families of schizophrenic patients, 1529
systems model, therapeutic context & family & patient & psychiatric institution interactions, 6083
theory & measurement & data analysis, family studies research, literature review, 987
theory generation, family sociology, 3367
treatment of alcohol abuse, families, 13416
treatment of families in conflict in literature & clinical practice, 6177
unification of community mental health services with primary health care & preventative programs & focus on family as basic health-promoting unit, 6317
welfare programs & deinstitutionalization & families, US, 1740
Fantasy [See Imagination]
Fantasy (Defense Mechanism)
denial in fantasy, discussion of A. Freud's book "The Ego & the Mechanisms of Defence", 2345
discussion of psychoanalyst M. Klein's work, fantasy as related to object relations & narcissism & concept of "positions" in development & "Narrative of a Child Analysis", 36
influence of therapeutic process, psychosomatic symptoms & anxiety & fantasy & prognosis of disease, patients with cirrhosis of liver, 8281
symbolic experiences of creativity vs body oriented ego experiences, evolution of ego-ideal during psychoanalysis, sexually impotent males, 8427
transactional analysis method to help clients develop positive future scenarios while abandoning destructive past decisions, 8451
Farmers [See Agricultural Workers]
Fascism
biographic & intellectual & Nazi political context of J. F. Rittmeister's criticism of Jungian archetype theory, 2332
impact of Nazism on psychoanalysis, Germany, 2337
philosophical & Nazi political context of Jungian theory of archetypes, 2343
psychoanalytic accommodations to Nazism, Germany, 1933–45, 2327
psychological aspects of medical behavior & integration of biomedical vs political ideology vs individual behavior, doctors, Nazi Germany, 4170
Fat Metabolism [See Lipid Metabolism]
Fatalism
rhetoric in attribution of blame, Greece, 945
Father Absence
deviance & pathology perspective, research ... single parent families headed by mothers, literature review, 967
family type & age at onset of father absence, locus of control, college students, 12734
father absence, cognitive development, 12–17 yr olds, 5358
income level & 1 vs 2 parent families, family stress, divorced vs married mothers, 12544
psychotherapy, children in single-parent families headed by mothers, 10745
Father Child Relations
degree of paternal caretaker involvement, preference for mother vs father, infants observed at ages 8 & 16 mo, Sweden, 5537
divorce & remarriage, father-child relationship, 969
fatherhood, educational & vocational achievement & marital relationship & parenting, 15–19 yr old fathers, 5527
fathers' behavioral/personality traits & childrearing practices & peer influences, adolescent marihuana usage, male college students, 7765
father's personality characteristics & socialization techniques & son's personality attributes, son's smoking behavior, males with mean age of 20 yrs & their fathers, 10147
holding newborn at delivery, bonding behavior, 21–32 yr old 1st-time fathers, 7902
marital & parenting satisfaction, parenting behavior in early infancy, primiparous mothers with mean age of 25.8 yrs vs fathers with mean age of 27 yrs, 5533
maternal employment status, involvement in child care, fathers, Australia, 7894
mothers' vs fathers' perceptions & relationship between former spouses & feelings toward each other, noncustodial father's involvement with children, ex-spouses, 12539
parent-child relations & prior status offenses & preferences for nondepressant drugs, self concept, 15–18 yr old White male institutionalized drug abusers, 5875
parental speech during free play with child, mothers vs fathers & their 1.5 vs 2.5 vs 3.5 yr olds, 979
perceptions of parental behavior, mothers vs fathers vs their 7th grade children, 10155
responses to infant distress, mothers vs fathers & their 4 wk old infants, 1001
sex of child, father-child interactions, fathers & their 1 yr olds, 990
syntactic & conversational characteristics during interaction with their 2 yr olds, fathers vs mothers, 974
Fathers
aggressiveness & noncompliance & antisocial behavior, 5–14 yr old males vs their biological fathers, 8233
announcement & moratorium & focusing phases, pattern of development of subjective emotional involvement in pregnancy, 1st time expectant fathers, 3309
attitudes toward children's home language & English language in schools, Muslim fathers in families who came from India, UK, 12347
degree of paternal caretaker involvement, preference for mother vs father, infants observed at ages 8 & 16 mo, Sweden, 5537
differential morbidity risk, offspring of schizophrenic mothers vs fathers, 8152
etiology & prevention & incidence of suicide following death of sons in wars, fathers, Israel, 5861
evaluation of parent education & communication skills program, fathers of 6–12 yr olds, 8490
fatherhood, educational & vocational achievement & marital relationship & parenting, 15–19 yr old fathers, 5527
father's personality characteristics & socialization techniques & son's personality attributes, son's smoking behavior, males with mean age of 20 yrs & their fathers, 10147
gender differences & older generations' impact & prevalence & content, family conceptions of parental heritage, White middle-class mothers with mean age of 37.2 & fathers with mean age of 38.8 & children with mean age of 11.1 yrs, 7889
importance of involving divorced father in family therapy, family therapists, 3902

interest in & perceived problems & needs in single fatherhood, surveyed psychologists & psychotherapists, 3887
interparent agreement on Behavior Problem Checklist, mothers & fathers of delinquent vs nondelinquent 10–18 yr olds, 2440
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father, 3.5–11.5 yr olds, Israel, 12480
locus of control, unwed adolescent fathers vs nonfathers, 12493
methodological deficiencies in research about adolescent fathers, 2388
paternal-fetal attachment behavior & marital relationship, expectant fathers, 12567
problems & social program recommendations, unwed adolescent fathers, literature review, 4015
psychoanalytic perspective, lack of criminal clause for patricide, ancient Rome, 12582
rates of refusal & attribution in research & sampling bias, fathers, literature review, 6992
sex role orientation, 22–62 yr old homosexual fathers vs nonfathers, 7941
speech patterns with 1st born 3 yr old son, mothers vs fathers, 5538
stages in emotional adjustment to life change, kindergartners through 2nd graders entering school vs students entering junior high school vs college vs females marrying vs couples becoming parents, 911
suggestions for work with Black adolescent fathers, human service workers, 10966
views on fatherhood & relations with mother of child, unmarried adolescent fathers, 5434

Fatigue
eyestrain & fatigue & shoulder & arm muscle pain, female office machine operators, Japan, implications for keyboard design, 13064
feeling of helplessness & loss of narcissistic defense & fear of loss of life, cause of combat exhaustion, 13080
feelings of tedium & exhaustion & job & life satisfaction, managers, Israel vs US, 2243
industrial noise, stapedius reflex fatigue, shipbuilding yard employees, 4480
localized fatigue complaints & pain in upper limbs & neck, 17–29 yr old accounting machine operators, 13045
manifestations of fatigue & circadian desynchronization, naval aircraft mishaps, fighter & helicopter pilots, 11340
monosodium glutamate, treatment of learning disabilities & fatigue, 17–44 yr olds, 6258
number of objects/stimuli, fatigue & boredom & practice effects on multidimensional scaling reliability using method of complete triads, college students, 2419
physical & mental & vigilance fatigue, autokinetic reports, college students, 11802
physical & neurological & psychiatric & biochemical indicators, duration of recovery period, 29–67 yr old alcoholics following withdrawal, 1870
psychosocial aspects of work, job dissatisfaction & work-related exhaustion, male vs female workers, Finland, 11420
shift schedule changes from 8-hr/12-day to 12-hr/8-day cycle, cardiorespiratory fitness & blood pressure & sleep deprivation & quality & alertness, police personnel, 11434
strenuous eye movement tracking task, extraocular muscle fatigue & task performance, right handed Ss, 7458
training & feedback, voluntary physical exertion, 4851
uncommon tiredness, depression & anxiety & emotional instability & introversion & competitiveness & perception of stress & academic performance, college students, 13056
vulnerability to & prevention of combat fatigue & shock, soldiers at war, Israel, 8116
weariness & visual fatigue & potential risks, video display terminal operators, 2270
working environment & posture & lighting & work rest cycles, visual & muscular fatigue, 18–37 yr old visual display terminal operators, 2271

Fatty Acids [See Also Phosphatides]
capsaicin pretreatment & morphine, body temperature, freely moving vs restrained male rats, 12324
circadian rhythms, fasting effects on plasma glucose & insulin & free fatty acid, male rats, 5159
increase of fatty acids through heparinoid injections, intake of high-fat vs high-carbohydrate diet, male rats, 5216
light-dark shift stress, cellular immune response & serum corticosterone & plasma-free fatty acids & blood glucose & peripheral leucocytes & adrenal gland & spleen weight, female rats, 2923
physical & neurological & psychiatric & biochemical indicators, duration of recovery period, 29–67 yr old alcoholics following withdrawal, 1870
plasma fat metabolites, appetite, male rats, 5196
recovery from dietary vs protamine zinc insulin induced obesity, food intake & plasma fat metabolites, male rats, 5149

Fear [See Also Panic]
age & sex & race & marital status & SES & amount of TV watched & relative victimization of fictional counterpart in TV dramas, susceptibility to cultivation of sense of personal risk in real world, adult TV viewers, 5259
anti-smoking with fear appeal, arousal & anxiety & smoking attitudes, 18–60 yr old smokers, 12172
arguments against the Epicurian position that fear of death is irrational, 4636
assessment & behavioral treatment of fear & anxiety, rape victims, 13263
atomic weapons & terrorism, insecurity & recognition of reality of threat, 5493
case description of mentally retarded vs normal intelligence client with debilitating fear, ratings of psychopathology & need for therapy & diagnostic overshadowing of retardation, social work vs clinical psychology students, 5909
demographic characteristics, fear of violent crime, 12891
developmental & genetic influences on fears, 10–64 yr old like-sex twins, 5464
emotional deprivation & too much responsibility & fear of abandonment, paroxysmal tachycardia, children, 1413
exposure & fear reduction, reply to criticism of T. L. Boyd & D. J. Levis, 1574
exposure as necessary condition for fear reduction & behavior change, criticism of work by P. de Silva & S. Rachman, 1564
exposure to fear conditioning context with vs without reinforcement, fear of CS, rats, 5009
expressed fears of & identification with animals, 5 yr olds, 10038
factor analysis of Fear Survey Schedule-III & correlation with fear ratings of South African Indians, male vs female college students, Great Britain, 8021
fear & anger & joy factors, individual emotionality profiles, questionnaire respondents, 8042
fear of crime & victimization rate, aged, Great Britain vs US, literature review, 10483
fear stress & fear imagery, psychophysiological reactions, college students with snake phobia vs public speaking anxiety, 12159
feeling of helplessness & loss of narcissistic defense & fear of loss of life, cause of combat exhaustion, 13080
hypnotherapy, dental fear, 3965
mastery vs coping modeling, reduction of fear of dental treatment, 4–12 yr olds, 13247
participation & symbolic modeling & graduate exposure, reduction of fear of dentistry, 19–53 yr olds, 8499
perceptions of neighborhood physical & social environment, fear of crime & behavioral restrictions, city & suburban residents, 4573
personal history of pain & coping strategies, college students, test of fear-avoidance model of exaggerated pain perception, 13081
placebo vs naloxone & treatment for snake fear, fear reduction, female college students, implications for role of endorphins in placebo fear reduction, 7481
proximity to tense northern border & population size of settlement, fear, 6th–8th graders, Israel, 7794
psychosocial factors in exaggerated pain perception, development of fear-avoidance model based on multidisciplinary treatment of chronic low-back pain, 13044
psychosomatic aspects of odontology & fear of dental treatment, 1695
residential building size, personal crime & fear of crime, moderate- & low-income housing project residents, 4577
response to fear & psychological & physical stress & presence of organic brain disease, etiology of catatonia, 28–48 yr olds, 10327
severity, fear of crime, survey respondents over 60 yrs old, 8063

Fear of Success
construction & predictive validity of Fear of Success Questionnaire, measurement of fear of academic success, college students, 2180
correlation between scores on scales by M. Pappo vs L. R. Good & K. C. Good vs M. Zuckerman & S. N. Allison, assessment of fear of success, college students, 11659
early experience, test anxiety & achievement motivation & fear of success, graduate students, 6693
false feedback about personal masculinity/femininity, performance on feminine vs masculine labeled tasks, female college students, implications for role of environmental events on motive to avoid success, 8002

Fecal Incontinence
behavior modification program, bladder & bowel continence, developmentally retarded 2.7–3.8 yr olds functioning within profound range of mental retardation, 10811
behavioral techniques & self regulation, encopresis, 9 yr old male, 1582
behavioral treatment, fecal soiling, 4 yr old female, 8501
biofeedback training, incontinence, patients aged 65 yrs & older, 13241
encopresis as defense mechanism, defense against homosexual approaches, 12 yr old male, 1250
family therapy approach, encopretic 6–10 yr old males, 10761
major themes of analysis & trauma in psychodynamics of childhood encopresis, pesonality development, 22 yr old male, 6035
Feeblemindedness [See Mental Retardation]
Feedback [See Also Auditory Feedback, Biofeedback, Biofeedback Training, Delayed Auditory Feedback, Knowledge of Results, Visual Feedback]
behavioral incentive systems with vs without back-up contingencies & feedback, points earned for job seeking behavior, 20–48 yr olds in job search program, 11354
blame for task failure & ability known vs not known by teacher, estimation of test performance & interest in task, Ss acting as teachers & students, 2672
bogus success vs failure performance feedback given under high vs low mirror self focusing, belief perseverance after debriefing preceded vs followed by self focus, college students, 1094
content & process of survey feedback sessions & their relation to survey responses, employees of underground mining company, 11413
content of group activity & age, content & form of feedback about oneself in real-life interpersonal communication, 1059
controlled smoking program with vs without carbon monoxide feedback, reduction of targeted smoking behaviors, chronic cigarette smokers with mean age of 41 yrs, 11065
cover letter with vs without feedback, mail questionnaire response rate, surveyed high school juniors, implications for surveys in higher education, 6797
critical feedback variables in stuttering, reply to criticism of T. F. Altrows, 5936
cues & participation & corrective feedback, learning, students, synthesis of data from previous studies, 2023
didactic instruction with vs without modeling & practice with feedback, intake interviewing skills, graduate students in rehabilitation counseling, 4181
dynamic testing procedure involving verbalization vs feedback for Raven Coloured Matrices, performance & visual scanning & test anxiety & orientation to situation, 3rd graders, 85
E evaluation of S performance, assessment of projective intelligence test, vocational counselor interns, 9305
efficacy of videotape & verbal feedback in behavioral couple therapy, literature review, 3871
experience level & structured feedback, WISC-R administration & scoring errors, student examinees, 11635
failure feedback vs no failure feedback &/vs cognitive coping strategy of affective isolation, anger & anxiety & expectations regarding performance on reading/comprehension/decision making task, female college students with high vs low life stress, 2668
feedback, adjustment of speech, 3 vs 5 yr olds telling stories to doll vs adult, 7825
feedback behavior model of W. T. Powers, employment counseling implications, 2214
feedback with vs without praise, efficiency, 18–64 yr old manufacturing employees, 2252
flooding vs instruction & modeling vs videotape feedback & discussion, public speaking problems, college students, 1597
genuine vs false personality feedback & presence vs absence of mirror & private self awareness, judgment of feedback, 18–29 yr olds, 1093
goal setting & feedback, task productivity, mentally retarded 22–25 yr olds, 8767
group size & classroom social homogeneity & feedback vs verbal praise vs candy & direct vs indirect rewards, extinction of conditioned handwriting performance, 1st vs 3rd vs 6th graders, replication of C. F. Sharpley's work, 6803
group size & individual ability & performance feedback & type of task, effect of dispensability of member effort on motivation, college students, 3389
immediate feedback & partial credit vs traditional multiple choice test format, test performance, high- vs low-test-anxious college students, 13668
individualized feedback & instructions, ability & effort attributions & spelling achievement, 3rd graders, 11223
information feedback & goal specificity characteristics of problem, problem solving strategies, college students, 7180
interaction with depressed individual, social response & willingness to share negative response, college students, implications for therapeutic concept of cognitive distortion, 12655
interactive vs descriptive vs no feedback, student ratings of teaching quality, graduate student teaching fellows, 1975
leadership & structure initiation & participation & feedback behavior of supervisors, role stress & job satisfaction, industrial salespersons, 2267
mathematics instruction with vs without systematized feedback, mathematics achievement, 6th graders, 13566
model of worker development & outline & graphic representation of performance appraisal system, 9145
naturalistic assessment of teacher commands & child compliance & positive vs negative teacher feedback, teachers & kindergartners through 3rd graders identified as making vs not making good social adjustment, 13629
perceived task difficulty & vocational ability & work & authority attitudes, building project performance, 8th grade male vocational students, test of motivational feedback loop hypothesis, 889
performance feedback & token economy intervention, improvement in cleaning activities, 18–75 yr old hotel housekeeping personnel, 2234
performance feedback, extrapolation of constant velocity & acceleration trajectories, college students, evidence for nonveridical internal model, 4915
positive vs negative feedback from supervisors vs co-workers vs clients, prediction of motivation & job performance, nurses, 13471
prompting & feedback & type & amount of information provided, learning from concept-programed material, college students, 2011
public posting & individualized feedback, delivery of verbal praise & nontargeted behavior & resident on-task behavior, hospital staff & mentally retarded inpatients, 1927
public posting of praise & feedback fading, praising behavior, teachers of handicapped preschoolers, 8945
response & feedback functions, demand curves, criticism of S. E. Lea & R. M. Tarpy's economic equilibrium models of schedule behavior, 2709
role & goal characteristics & feedback, organizational performance, 2254
role of noise as distractor in stuttering, criticism of article by S. C. Stephens & M. P. Haggard, 5925
self esteem & performance feedback, social comparison choices, Ss recruited by telephone, 7972
self evaluation techniques to make better use of feedback in learning situations, reading clinic & elementary school students, 13551
self monitoring with vs without meter recording, excessive TV watching, 29 & 33 yr old females, 6210
social support & feedback intervention, understanding & management of stress, elementary school teachers, 1973
source & message & recipient & channel & feedback, courtroom persuasive techniques, lawyers, 1017
survey-guided feedback as basis of organization development programs, 2256
teacher feedback & public posting of information, usage of hearing aids in classroom, 5–12 yr olds, 2114
type of feedback & initial success, verbal discrimination learning, college students, 7199
valence of performance feedback given to handicapped vs nonhandicapped person, perception of feedback, college students, 3426
validity & specificity & desirability & clarity & sequence of feedback, reactions to psychological test results, clients, 8357
variable vs constant practice &/vs modeling vs physical information mode, motor learning, right handed college students, 9435
verbal rehearsal training with vs without feedback & looking strategy & instructions, serial recall performance, kindergartners & 1st graders, 7732
videotape & written feedback, interpersonal communication & problem solving skills, happy vs distressed married couples, 8469
visual stimulus velocity & information feedback, receptor anticipation performance, mentally retarded 20–36 yr olds, 8269
visual training program composed of fading & social reinforcement & performance feedback, visual acuity on trained vs untrained stimuli, myopic college students, 1599
Feeding Behavior (Animal) [See Animal Feeding Behavior]

Feeding Practices [See Also Bottle Feeding, Breast Feeding, Weaning]
attitudinal & normative factors & stated intention, infant feeding from birth to 6 wks, primiparous vs multiparous mothers aged 16–40 yrs, support for M. Fishbein & I. Ajzen's theory of reasoned action, 12551
Feelings [See Emotions]
Feet (Anatomy)
frequencies of loop patterns on proximal sole, Ss with trisomy 21, 8256
sex & handedness & asymmetry of hand & foot length, 4–9 yr olds, 7687
topic saliency, speech rate & foot & leg movements, male vs female college students, 9428
Felonies [See Crime]
Female Animals
age & environmental factors, variations in fecundity, female olive baboons, 10-yr study, 2875
aggressive experience during lactation, level of aggression, female Mongolian gerbils, 7321
aggressive mate takeover & infanticide & subsequent breeding, bigamous territorial female northern jacana, 2785
anogenital swelling & reproductive status, frequency of copulatory attempts, female & male captive adult chimpanzees, 2793
behavior prior to & during & following birth, wild orangutans, 7296
birth, free ranging howler monkeys, Venezuela, 7316
chronic delta-9-tetrahydrocannabinol, tolerance development to disruptive effects on menstrual cycle, female rhesus monkeys, 12318
chronic vs acute estrogen treatment, potentiation of pimozide-induced cataleptic response, ovariectomized female rats, 3042
classical conditioning, reflex of milk ejection, lactating dairy cows, 7275
coital stimulation, estrus termination & sexual receptivity & brain 5-HT & 5-hydroxyindoleacetic acid levels, ovariectomized steroid-primed rats, 2802
colchicine vs anisomycin vs cycloheximide, lordosis induced by estradiol benzoate & progesterone, ovariectomized rats, 5225
competition between female relatives, productive success, matrilocal nonterritorial red deer, 364
courtship & copulatory behavior, all-female parthenogenetic lizards, 9573
courtship summation, female Drosophila melanogasters, 2774
diethylstilbestrol, masculine sex behavior & estrogen & androgen receptors, female rats, 5199
dominance rank, reproductive success, female Japanese monkeys, 2741
estradiol & progesterone & testosterone induced artificial menstrual cycle following ovariectomy, behavioral rhythms, rhesus monkeys, 559
estradiol benzoate, vaginal membrane rupture & body weight, pregnant guinea pigs, 7575
estradiol followed by progesterone, prazosin binding to brain alpha adrenergic receptors, female guinea pigs, implications for mediation of sexual behavior, 9842
estradiol, food & water intake & body weight, female ovariectomized guinea pigs, 9719
estradiol with vs without progesterone, sexual responsiveness, ovariectomized rats, 7597
estrogen mimicking of nonsteroidal antiestrogens, sexual receptivity, female lizards, 698
estrogen pellets in left vs right hypothalamus, behavioral & hormonal sexual differentiation, female rats, 672
foraging patterns & aggression toward insects & flower sugar production, female Rhopaloceran butterflies, 12059
genetics, mate selection preferences, female melanic vs nonmelanic ladybirds, 2807
gestation length, red howler monkeys, 2859
high fat protein supplemented diets during breeding & gestation & lactation, reproduction & pup growth & maternal behavior, female rats, 2906
hypophysectomy, suckling-induced prolactin release & maternal aggression, parturient mice, 5179
hypothalamic lesions, lordosis, female rats, 5180
hysterectomy, sexual receptivity & food intake & running wheel activity & lordosis & hypothalamic estrogen & progestin receptors, rats, 607
identification of sex pheromone R-1-methylbutyl decanoate, female bagworm moths, 5026
in utero contiguity to male littermates, onset of testosterone propionate-induced sterility, female rats, 506
luteinizing hormone response to progesterone & estrogen responsiveness of progestin receptor induction in pituitary gland & preoptic-hypothalamic brain & uterus, neonatally estrogenized female rats, 5206
mate choice, female widowbirds, criticism of Darwinian sexual selection hypothesis of M. Andersson, 11972
mate choice, female widowbirds, reply to R. R. Baker & G. A. Parker's criticism of predation hypothesis, 11968
mesencephalic central grey beta-endorphin, regulation of lordosis by way of luteinizing hormone releasing hormone modulation, female rats, 9612
methyl thiolbutyrate, signal of estrous state & attraction of males & facilitation of copulatory behavior, female hamsters, 5128
midbrain & habenula implants of progesterone, sexual receptivity, female rats, 696
multiple copulations, female waterbucks, Kenya, 25-mo study, 9588
normal browsing vs competitive feeding situation, dominance hierarchy, female red deer & offspring, 12008
nursing termination & resting behavior, sows & piglets, 7314
ovarian cycle, estradiol & progesterone levels & receptivity & proceptivity, female beagles, 5105
ovarian hormone changes, food intake, captive ovariectomized vs intact vs wild intact female baboons, 5107
ovarian hormone injections, initiation of sexual contact with physically-restrained male & sexual motivation, female rats, 12263
pair-bond formation & breeding success, female common marmosets, 7294
parental investment during breeding season, female red-winged blackbirds, criticism of article by G. C. Biermann & R. J. Robertson, 12037
parental investment during breeding season, female red-winged blackbirds, reply to criticism by N. Nur, 11979
postpartum pheromonal emission attractive to young, hepatic prolactin level & binding capacity, lactating female rats, 2866
pregnancy & lactation, reactivity to nest odors, female rats, 7456
prenatal environmental vs ACTH stress, androstenedione, pregnant female & fetal rats, 570
prepubertal ovariectomy, scent gland development & scent marking & aggressive behavior, female monkeys, 590
presence of male, menstrual cycle, Celebes black ape females, 7283
presence of 2nd litter produced by postpartum mating & length of 2nd gestation, interaction of mother with 1st litter, Norway rats, 7297
prolactin microinfusions into dorsal midbrain, lordosis, estrogen-treated ovariectomized rats, 12188
prostaglandin, termination of pregnancy & maternal behavior & sexual receptivity, female rats, 687
reproductive behavior & physiology, female offspring of prenatally stressed vs normally handled female rats, 9714
responses to dominant vs subordinate conspecific males & differential urine odor preferences, female bank voles, 12011
responses to stressful stimulation, milk production in loose housing, cow breeds, 2924
role of peripeduncular-hypothalamic pathways, lordosis, female rats, 5079
role of pheromones in regulation of queen number in colonies, fire ants, 5020
sagittal cuts in near vs far lateral preoptic area-hypothalamus, ultrasonic vocalizations, female hamsters, 598
sc & icv arginine vasopressin, alteration of sexual behavior independent of blood pressure effects, female rats, 9859
seasonal variations & male testosterone levels, reproductive behavior, ovariectomized estradiol-treated female rhesus monkeys, 12065
septal lesions, lordosis, estradiol- & progesterone-primed female hamsters, 2994
singing & family group maintenance, female Black-headed grosbeaks, 12044
social rank of mother, sex ratios of infants, rhesus monkeys, 407
spacing behavior & locomotion & socially induced delayed breeding, yearling female blue grouse, 374
stages of delivery process, female rhesus monkeys, 7277
testosterone propionate, ejaculatory response & penile reflexes & hypothalamic preoptic area androgen receptors, female rats, 5249
testosterone-treated castrated males & androgenized ewes & intensity & duration of stimulation & number & libido of "teasers," effectiveness at inducing breeding activity & ovulation, anovular ewes, 562
time of conception & gestation length & tendency to foal at night & weight of foal & fetal membrane, mares & foals, 361
ultrasound production, pregnant rats, 5118
wing fluttering, frequency of attacks, female cliff swallows, 360

Female Criminals
demographic & psychosocial characteristics, female murderers with mean ages of 24.7 vs 47.2 yrs, 12919
gender stereotyping of female criminals, general public, 5872
interaction between court & mental health center, 29 yr old female charged with threatening to shoot her aunt, 1846
prevalence of alcoholism, female hospitalized psychiatric patients & felons & narcotic addicts, implications for diagnostic predisposition to alcoholism, 3493
psychological & physical & demographic & family characteristics & social milieu & criminal careers & attitudes toward criminality, 18–53 yr old female forgers, 8232
social & environmental characteristics, Black female homicide victims vs offenders, 3612
social conditioning & sex roles, female criminality, India, literature review, 10489
somatization & substance abuse, 17–54 yr old female criminals, 6-yr followup, 8210
strategy for change in correctional services for female offenders, Canada, 1836
women's liberation, crime rates, females, England & Wales, 1951–79, 10454
Female Delinquents
factor analysis of screening battery, assessment of personality & intellectual & demographic & behavioral variables, incarcerated male & female delinquents, 9325
group hypnosis as in-depth treatment technique, female delinquents, 11037
performance on Rosenzweig Picture Frustration Study, delinquent vs normal 11–15 yr old females, 5873
sex role orientation, 12–17 yr old female prostitutes vs other delinquents, 1252
Female Genitalia [See Also Cervix, Uterus, Vagina]
anogenital swelling & reproductive status, frequency of copulatory attempts, female & male captive adult chimpanzees, 2793
cultural context & symbolism of Pharaonic circumcision, females, Sudan, 940
erotic stimulation, subjective sexual arousal & genital response, female college students, 12156
Female Orgasm
hypnoanalytic/behavior modification vs cotherapist/couples-type treatment, 18–36 yr old orgasmically dysfunctional females, 3808
nitrous oxide &/vs naloxone, enhancement of sexual fantasy & orgasmic sexual pleasure, 22–39 yr old females, 12270
pubococcygeal strength & self-reported orgasmic response, 18–58 yr old females, 2857
sex education, 19–59 yr old couples including female with secondary orgasmic dysfunction, 13212
sexual arousability & satisfaction, 17–62 yr old lesbian vs heterosexual females, 12589
stimulation of Grafenberg spot, ejaculatory response during orgasm, 24–61 yr old females, 12133
thioridazine, inhibition of orgasm, 26 yr old female schizophrenic, 6287
validity of questionnaire to assess 3 dimensions of subjective orgasm, support for unitary nature of female orgasm, 18–58 yr old females, 12140
Females (Human) [See Human Females]
Femininity
anxiety & depression & femininity & masculinity, adjustment, male college students, 12735
Bem Sex Role Inventory & Personality Attributes Questionnaire as measures of dominance & nurturance/warmth vs masculinity/femininity, arguments against view of androgyny as interactive concept, criticism of study of D. Lubinski et al, 4799
Bem Sex Role Inventory Masculinity & Femininity Scales, assessment of relation to personality & vocational adjustment, psychiatric patients with mean age of 39.3 yrs, 9390
equivalence of scales & validity & utility of short forms & concepts of Bem Sex Role Inventory & Extended Personal Attributes Questionnaire, masculinity & femininity & androgyny, college students, 4773
gender & assessed masculinity vs femininity & false success/failure feedback, choice of topic area & performance self evaluation, male vs female college students, 5670
interpersonal skills training, sex role orientation, premarital college student couples, 1557
masculinity-femininity complementarity & views on attachment & autonomy, 21–45 yr old heterosexual & homosexual couples, 7931
methodological comments on labels & traits & interaction & types, femininity & masculinity & androgyny, reply to criticism of J. T. Spence, 4803
need for separate masculinity & femininity scale scores for scoring androgyny, 7005
sex role identity & loss of control, self esteem & choice of total vs no control of team vs nonparticipation, female college students, implications for rate of female depression, 4967
sex role identity & self concept, preschool age children, 868
sex role orientation & behavioral interactions, interpersonal attraction, female dyads, 1054
sex role orientation, female dental vs dental hygiene students vs dental assistants, 6504
sex role orientation, gifted male vs female 14–18 yr olds, 921
Feminism
contradictions with their students & disciplines & institutional setting & feminists in nonacademic community & role of structured competition, feminist academics, 6559
cultural & biological & psychological factors, feminism, Poland, 5604
domesticity & corollaries of rational friendship & new paradigm of sociality & sexuality & marriage, female aristocrats, 1660–1760, England, 3291
feminism, TV viewing & radio format preferences & mass media habits, adults, 12598
feminist analysis of sexuality, 1880–1914, 10207
feminist perspective, treatment of drug dependence problems, females, 11092
feminist theory in ethnology & social & cultural anthropology, literature review, 5588
ideology & feminism, 10204
impact of voluntarism & feminism on higher education, 1036
interaction of academia & scientific discipline of psychology & feminism & women as scientists & content area, advocacy vs scholarship in psychology of women, 6529
life & work & literature of A. Kollontai, encouragement of communality & consciousness raising, females, 3347
model of developmental process, self identity formation, lesbians &/vs feminists, 7929
perception of attractiveness of outspoken vs inactive advocates vs critics of feminism, Ss from different geographic & cultural samples, 7979
race & sex, sex role attitudinal traditionalism, Blacks vs Whites, 10211
sociopolitical & economic inequities between sexes & frequency of rape, test of feminist explanation, 12903
structuralist account of sexual divisions developed by J. Mitchell & N. Chodorow's views on mothering, psychoanalytic theory & feminism, 10212
Femoral Nerve [See Spinal Nerves]
Fenfluramine
dextroamphetamine & fenfluramine & clonidine, rectal phasic activity, 15–51 yr olds with high vs low intestinal tone, drug therapy implications, 6261
distal colon tone, prediction of antidepressant response to fenfluramine vs imipramine vs clomipramine, depressed outpatients, 10853
Fertility Enhancement
treatment with clomiphene, happiness & well-being as outcome variables, infertile females, 3947
Fertilization
personality profile, females with mean age of 29.1 yrs attending artificial insemination by donor clinic, 8006
season of conception, frequency of postpartum depression, females, Sweden, 12768
Fetishism
erotic piercing & homosexuality & sadomasochism & bondage & fetishism & tattoos, magazine subscribers who advertised in "dalliance" columns, 12896
fetishes in psychoanalytic theory, 4628
Fetus
attitudes toward prenatal diagnosis process & reported stress, females with mean age of 36 yrs & their husbands after amniocentesis, implications for genetic counseling, 1707
bone-conductor vibrator in contact with uterus, measurement of heart rate response to sound stimulation, fetus, 57
complementary rhythms & synchronies, mothers & fetuses or newborns, 956
factor analysis, intrapartum fetal heart rate patterns, neonates, 759
fetal heart rate during last hr of labor, attention-orientation & temperament & arousal, 2–3 day olds, 760

gestational age & sex differences, habituation to repeated vibrotactile stimulus, fetus, 5313
in utero ethanol exposure, prenatal & postnatal development & decline of ethanol tolerance, mice, 12309
in utero injection of met-enkephalin & learned taste/odor aversion at fetal day 20, odor aversion, 16 day old rats, 7625
in-utero exposure to odor stimulus paired with lithium chloride, conditioned aversion to odor, 10 day old rats, 347
maternal alcohol use during pregnancy, alcohol syndrome, fetus, 12756
maternal digestive processes & vocalizations in intrauterine sound environment, fetal lambs, 5039
overproduction & selective elimination of retinogeniculate axons, rhesus monkey fetuses, 12119
posture & emergence of spontaneous fetal motility, 12 wk longitudinal assessment, 12365
prenatal environmental vs ACTH stress, androstenedione, pregnant female & fetal rats, 570
spontaneous fluctuations in movement, human fetuses in utero, 2872
Fever [See Hyperthermia]
Fiction [See Literature]
Field (Visual) [See Visual Field]
Field Behavior (Animal) [See Animal Open Field Behavior]
Field Dependence
cognitive style, development of ability to represent horizontal coordinate, 1st vs 3rd vs 5th graders, 9961
field dependence & handedness strength & EEG, right vs left handed Ss, reanalysis of K. P. O'Connor & J. C. Shaw's data, 5145
field dependence & handedness strength & EEG, right vs left handed Ss, reply to data reanalysis by P. Zoccolotti, 5135
field dependence & sex role perceptions, dichhaptic laterality, male vs female college students, 488
field dependence, college basketball players vs nonplayers, 3451
field dependence, development of formal operational thought, 6th graders, 3-yr longitudinal study, 9965
field dependence, EEG coherence, 25–65 yr old females, 5130
field dependence, scholastic achievement, 5th graders, 9016
field dependence vs independence, left hemisphere specialization, college students with mean age of 2.3 yrs, test of H. A. Witkin's differentiation theory, 4920
field dependence vs independence, performance in unstructured free-association interview, 17–32 yr old college students, implications for psychotherapy, 3823
field dependence-independence & learning style & extraversion-introversion, map reading performance, male vs female 14 yr olds, 7695
field dependence-independence & paired associates task, flexibility of information processing & memory recall, college students, 11875
field dependence/independence & cognitive operational level, 9.5 yr old males, 777
field dependence/independence & personality traits, alcoholics, literature review, 5864
field dependency & self esteem & body concept, attitudes toward women's liberation, females with mean age of 17 yrs, 5591
genetic model of sex-linked differences in field dependence-independence, 12743
intentionality & field dependence, moral judgments, 6.8–8.2 yr olds, 9920
locus of control & field dependence & need for power, efficacy of electroconditioning aversion program with vs without covert sensitization & preferred vs nonpreferred beverage, male alcoholics, 4118
measurement instrument-dependent evidence for 2 constructs within field dependence-independence construct, 12–17 yr olds, 7068
obsessive vs hysteric personality traits, field dependence, college students, 5660
rod-and-frame test with vs without field motion, field dependence, female college students, 4757
Field Instruction [See Curricular Field Experience]
Field Trips (Educational) [See Educational Field Trips]
Field Work (Educational) [See Curricular Field Experience]
Fighting [See Aggressive Behavior]
Figurative Language [See Metaphor]
Figure Ground Discrimination
dotted test region embedded in dotted surrounds, assimilation-enhancing effect, human Os, 245
pattern depth & connectedness & structural relevance of target line, identification of line segment, human Os, implications for object superiority effect, 242
spatial frequency of line segment, detection in figural vs ground regions, experienced & inexperienced Os, 11830
tachistoscopic presentation of short duration shape stimuli, extraction of topological dimensions in visual perception, humans, 215
Film Strips
resources & current & future trends in visually captioned instructional media, deaf, 2098
Filtered Noise
laboratory rating vs field effectiveness & user acceptability, hearing protectors, military personnel, 6885
measurement of effectiveness & user acceptability, hearing protection, military personnel, 6877
Financial Assistance (Educational) [See Educational Financial Assistance]
Fine Motor Skill Learning
Developmental Education Birth through Two early intervention project, fine motor & social & language skills & subsequent student placement, at-risk & handicapped children with mean age of 16 mo & their parents, 2125
fine motor skill development, performance consistency of rod placement, 8 mo longitudinal study of 12 mo olds & cross sectional study of 18–22 vs 26–30 vs 36–40 mo olds, failure to support modular theory of motor skill, 9996
Finger Tapping
extraversion & rapid finger tapping performance, 3432
finger tapping & verbal vs visuo-spatial tasks, hemispheric differences in interference, left vs right handed vs stuttering Ss, 7442
internal representation of sequence of finger taps, finger tapping performance, college students, 7107
Fingers (Anatomy)
finger length & assertiveness, females, 3481
finger temperature feedback with vs without cold stress vs frontalis EMG feedback vs autogenic training, finger temperature, 20–65 yr olds with Raynaud's disease, 13246
ipsilateral forearm EMG feedback, finger temperature, 19–25 yr olds, 7483
model of hierarchically controlled execution of finger movement sequences, 35–45 yr old right-handed females, 4856
Finland
cooperation between health care & social welfare systems, Finland, 10925
developmental tension, sense of justice, 9–27 yr olds, Finland, analysis of data collected by K. Tamminen, 5326
history & development of psychology, Finland, 11535
marital status & social class, risk of alcohol-related hospital admissions, 25–64 yr old females, Finland, 11012
materialist didactic theory, analysis & development of instructional practice, Finland, 6539
overall TV viewing frequency vs TV violence viewing, peer-rated aggressiveness, 1st–5th graders, Finland, 3235
prevalence of psychiatric disorders & need for treatment, Finland, 3552
psychosocial aspects of work, job dissatisfaction & work-related exhaustion, male vs female workers, Finland, 11420
seasonal variation & marital status, incidence of suicide, over 15 yr olds, Finland, 10490
seasonal variations, alcohol related hospital admissions, Finland, 1969–75, 1705
sex & age & occupation, seasonal variations in suicides, Finland, 1259
social pressure & family problems & self destruction, alcohol intoxication, hospital treated 6–16 yr olds, Finland, 5865
sociocultural factors, cupping as indigenous treatment of pain, Finland, 1711
working conditions, prevalence of neck & upper limb disorders, different occupational groups, Finland, 13041
Firearms [See Weapons]
Fishes [See Also Carp, Cichlids, Electric Fishes, Goldfish, Sticklebacks]
auditory brain stem responses, elasmobranchs & osteichthyans & amphibians & reptiles & birds, 2818
changing location of predator model, avoidance & habituation, 4 mo old angelfish, 9586
chemical communication, fishes, literature review, 12001
cleaning behavior toward the ballan wrasse, goldsinny, Sweden, 9579
conditioned reflex to beta-phenylethanol & differentiation of cumarin, guppies, 2712
courtship & reproductive behaviors, honey vs dwarf vs thick-lip vs giant gourami fishes, phylogenetic implications for behavioral evolution in Colisa & Trichogaster genera of Belontiidae family, 12035
courtship complexity & mating success, male monochromatic vs temporarily vs permanently dichromatic damselfish, 12063

food & social status & body size & frequency of aggressive interaction, protandric sex change, male anemonefish, 9577
freezing seawater temperature, migratory behavior & physiological changes, cold-water fishes, literature review, 9575
inheritance of mobility & positioning characteristics, lake charr & brook charr hybrids, 11999
location of sound sources & distance discrimination, cod, 9697
mandibular muscle spindle & histochemical comparison with mammalian masseter muscle, fish, 9649
multiple matings & sexual dichromatism, blue vs dwarf gouramis, 2771
photopic spectral sensitivity, dichromatic freshwater perch, 433
psychophysical method, measurement of orienting ability in chemical gradients, fishes, 2380
recruitment patterns & population dynamics, bluehead wrasse, 5038
retinal growth changes, ability to capture planktonic prey, bluegill sunfishes, 2745
sensitivity to electric & magnetic fields in seawater, sharks & other elasmobranch fishes, 385
sensory cerebellar stimulation, EPs &/vs afferent pathway responses, catfish, 7362
social & mating systems, labrid fish, 2766
specialized pattern of electrical activity in pharyngeal muscles, mollusc-eating sunfish, 9645
species differences, group density, cave vs epigean fishes, 5024
spectral response curves of cones & quantitative relation with color opponent response of horizontal C-cells, walleye, 12081
spontaneous alternation, acquisition of win-shift foraging behavior, wild-reared & hatchery-raised rainbow trout, 376
territorial topography & intensity of breeding coloration, mating success, male pupfish, 12013
Fixed Interval Reinforcement
autocorrelation analysis of FI reinforcement & postreinforcement pauses, performance, rats & pigeons, 9565
clozapine vs haloperidol vs thiothixene, eating & drinking under FI schedules, female rabbits, 617
FI food reinforcement vs meal of dry food vs water deprivation, drinking & other schedule-induced behaviors, rats, 9548
FI operant conditioning, EEG parameters & relationship to response timing, dogs, 9557
FI reinforcement & role of verbal behavior, task performance & operant responding, 9 & 10 mo old infants, 7737
food deprivation & FI food delivery schedule & light/dark cycle, iv self administration of acetaldehyde, male rats, 3059
food presentation & anticipation & elicitation, feeding behavior & schedule induced drinking, rats, 7264
imipramine vs amitriptyline vs doxepin vs amphetamine vs chlorpromazine vs caffeine vs diazepam, transition from FR to FI schedule, male rats, 9819
interval values of FI reinforcement schedules, bisection of temporal intervals, male pigeons, 11955
misleading use of "FI scallop" to describe everyday behavior patterns, variables which influence human FI performance, literature review, 10300
piribedil vs haloperidol vs dextroamphetamine vs tetrabenazine methane sulphate vs alpha-methylparatyrosine, FI responding, pigeons, 660
postreinforcement pause & interim & terminal behavior in FI responding, male pigeons, 9551
procainamide vs cocaine vs dimethocaine vs lidocaine vs procaine vs chloroprocaine vs tetracaine vs propoxycaine, FI responding, male rhesus monkeys, 12329
tandem & chain & FI schedules of reinforcement & interreinforcement intervals, response rates, pigeons, failure to replicate L. R. Gollub's study, 2713
value of VI vs FI schedule in search stage of foraging experiment, acceptance of long VI in choice state, male pigeons, 317
Fixed Ratio Reinforcement
concurrent schedules of reinforcement, response rate & rate constancy, pigeons, 9567
cumulative dosage of phencyclidine & pentobarbital & dextroamphetamine, operant responding, pigeons, 7629
ethanol & tertiary-butanol, FR responding, male rats, 9869
fixed & mixed & random ratio reinforcement schedules, rate of continuous responding, female rats, 9555
FR numerical value & inter-reinforcement interval, postreinforcement pause, rats, 7253
FR reinforcement with vs without pretrial timeouts, interresponse times, pigeons, 339
imipramine vs amitriptyline vs doxepin vs amphetamine vs chlorpromazine vs caffeine vs diazepam, transition from FR to FI schedule, male rats, 9819
required response force in FR schedules, response rate & interresponse times, pigeons, 4996
sample specific ratio effects in matching to sample, pigeons, 7262
Flexibility (Personality) [See Adaptability (Personality)]
Flexion Reflex
known vs unknown direction of load & load vs unload & accuracy constraints & visual stimulus, speed & accuracy of compensatory responses to wrist disturbances, adults, 4853
prolonged electrical stimulation of peripheral nerve, naloxone-reversible inhibition of flexion reflex, cats, 7516
Flextime [See Work Scheduling]
Flicker Fusion Frequency [See Critical Flicker Fusion Threshold]
Flies [See Diptera]
Flight Attendants [See Aerospace Personnel]
Flight Instrumentation
Airborne Integrated Display, time required to memorize contents of static models of modified electronic Attitude Director Indicator, pilots, 13788
Flight Simulation
approach lighting & variation in visible runway length, perception of approach angle in simulated night landing, 25–60 yr old pilots, 11455
auditory vs visual input & spatial vs verbal central processing & manual vs speech output, performance on simulated flight task, 22–46 yr old right handed male students & US Naval air test center employees, 9188
evaluation of workload assessment techniques using psychomotor loading task, 23–50 yr old male instrument-rated pilots, 4490
heart rate & GSR, indicators of workload during learning of simulated aircraft carrier landing task, male ROTC students, 6821
monocular vision, visual strategies & surveillance tasks in aircraft navigation, pilots, implications for employee selection, 4477
quality of visual cues & physical factors, simulated carrier landing performance, naval aviators, 6824
simulated air combat, performance assessment, US Air Force pilots, 2233
simulator flight task, heart rate & stress cardiac output & index, 27–59 yr old pilots, 12137
Visual Technology Research Simulation, carrier-landing training, experienced military pilots, 9143
Flooding Therapy [See Implosive Therapy]
Fluency [See Verbal Fluency]
Fluphenazine
chlorpromazine & haloperidol & fluphenazine, erythrocyte catechol-O-methyltransferase, 19–27 yr old chronic schizophrenics, 3937
depot fluphenazine vs oral antipsychotics & aftercare with single vs multiple therapists, mental status & work performance & self ratings & psychotic symptoms, chronic schizophrenics, 6-yr follow-up, 13129
fluphenazine, blood levels of fluphenazine & clinical improvement, psychotic patients, 1643
fluphenazine decanoate, schizophrenics, implications for concurrent need for other medication or ECT, 13280
fluphenazine decanoate therapy, plasma prolactin variations, chronic & acute schizophrenic males with mean age of 32 yrs, 6247
fluphenazine decanoate vs chlorpromazine maintenance & haloperidol, 26–66 yr old male psychotics, 1660
fluphenazine treatment, depersonalization, 52 yr old female with bipolar disorder, 6271
fluspirilene vs fluphenazine decanoate, schizophrenics, 1662
late onset akathisia as indicant of covert dyskinesia, 42 yr old female & 28 yr old male on long term fluphenazine treatment, 6241
pimozide vs clozapine vs fluphenazine & no retraining before extinction, response rate & duration, male rats, 643
Flurazepam
abrupt withdrawal from long term flurazepam therapy, symptoms, 37 yr old male with chronic insomnia, 6239
benzodiazepine receptor antagonist 3-hydroxymethyl-beta-carboline, sleep latency & reversal of flurazepam-induced sleep, male rats, 5224
benzodiazepines, GABA-mediated electrically evoked cortical inhibition, cats, 5231
chlordiazepoxide & flurazepam, behavioral convulsions & role of development of type 1 vs 2 receptors & antagonism by Ro-15-1788 vs trizolopyridizine, preweanling rats, 12245

diazepam vs midrazolam maleate vs flurazepam vs chlordiazepoxide vs convulsant benzodiazepine Ro5-3663, water intake & rate & duration of drinking, male rats, 629
dosage & side effects of flurazepam vs temazepam drug therapy, insomnia, 10852
flurazepam, sleep time & efficiency & latency & intermittent waking time, 23–44 yr old insomniacs, 3950
intra-raphe chlordiazepoxide vs flurazepam vs midazolam vs bicuculline doses with vs without muscimol, locomotor activity, male rats, 12312
triazolam vs flurazepam, sleep & daytime sleepiness & performance & mood, 64–79 yr old insomniacs, 3941
Focusing (Visual) [See Ocular Accommodation]
Folk Medicine
biomedical elements & sorcery in medical perceptions & treatments & practices, Nyole of Eastern Uganda, 4012
folk healing practice, urban Greek immigrants, 13321
health & disease & health care, Bangladesh, 3981
outcome & satisfaction with treatment by shamans vs physicians, patients, Taiwan, 3799
sociocultural factors, cupping as indigenous treatment of pain, Finland, 1711
Folklore [See Myths]
Folktales [See Myths]
Followup (Posttreatment) [See Posttreatment Followup]
Food
exposure to toxic agents used in wildlife management, conditioned food avoidance, rats, 7595
food intolerance & hyperactivity, preschool & school age children, need for improved methodology, 10645
method for separating intervention from normal growth effects, evaluation of Special Supplemental Food Program for Women, Infants, and Children, 9415
palatable food reward, hypothalamic opiate binding & concentrations of beta-endorphin vs dynorphin, male rats, 12084
thirst & hunger & subsequent food & water consumption, pleasantness of taste & sight & taste intensity of foods & water, young adults, 7118
vomeronasal duct suture, discrimination of earthworm extract, garter snakes, 9696
Food Additives
beverage color preferences & attitudes toward artificial food colors, consumers, 9205
effectiveness of Feingold diet, hyperkinesis, literature review, 10692
Feingold diet, treatment for hyperkinesis, assessment of research reviews, 10704
food additives & hyperactivity, preschool age children, need for controlled studies, 10644
food additives, hyperkinesis, children, criticism of C. K. Conners's book, 3750
meta-analysis of B. F. Feingold's hypothesis, diet modification treatment for hyperactivity, 10687
Food Allergies
food intolerance & hyperactivity, preschool & school age children, need for improved methodology, 10645
Food Deprivation
central vs peripheral naloxone administration, suppression of food intake, food deprived vs genetically obese female rats, 697
chlordiazepoxide & food deprivation, feeding & rearing & ambulatory locomotion, male rats, 12182
circadian rhythms, fasting effects on plasma glucose & insulin & free fatty acid, male rats, 5159
feeding habits & light onset change & energy deficits, dawn feeding, male rats, 2939
food deprivation & FI food delivery schedule & light/dark cycle, iv self administration of acetaldehyde, male rats, 3059
food deprivation vs sucrose supplemented diet & footshock, plasma catecholamine & sodium levels & blood pressure & heart rate & plasma volume, male rats, 7511
food vs water deprivation, effectiveness of liquid vs solid reinforcers & signal centered behavior, rats, 322
hours of food deprivation, maze & discrimination learning, rats, 5004
icv neurotensin, suppression of norepinephrine- vs insulin- vs muscimol- vs dynorphin- vs starvation-induced feeding, intact vs vagotomized male rats, 2926
nephrectomy vs food deprivation, spontaneous & angiotensin induced drinking, male rats, 7492
nutritive & suckling deprivation & gastrointestinal fill & milk availability, sucking & milk intake, rat pups, 2722
pre- & postnatal malnutrition, body weight & sexual development & behavior & blood sugar levels, rats, 2930
preoperative dieting & 2-deoxydextroglucose, feeding behavior, rats with area postrema lesions, 584
preweaning undernutrition & postweaning environmental enrichment, growth & sexual maturation & behavior & brain weight, female vs male rats, 9753
septal vs suprachiasmatic vs ventromedial hypothalamic lesions, anticipatory activities preceding food delivery under restricted feeding schedule, male rats, 593
undernourishment during suckling period & enriched vs impoverished environments at 1 mo vs 5 mo of age, weight & size of cerebrum & parameters of hippocampus & thickness & area of occipital cortex, rats, 5157
undernutrition during prenatal period, subsequent weight gain, male rats, replication of study by G. P. Ravelli et al, 9726
undernutrition, hoarding behavior & defense of body weight, lactationally vs gestationally undernourished vs undernourished after weaning vs normally nourished male rats, 2784
unexpected meal presentation, carbohydrate metabolism & food intake, food restricted male rats, 553
Food Intake [See Also Diets, Eating]
access to diets varying in fat vs carbohydrate vs protein content, body weight regulation during pregnancy & lactation, female golden hamsters, 9688
ad lib vs scheduled feeding & access to activity wheels, food intake & body weight, male rats, 7495
age & length of US residence, food preferences & intake, Vietnamese children less vs more than 6 yrs of age, 12385
amygdalo-hypothalamus lesions, autonomic responses during alimentary CR & UCR, dogs, 9778
buprenorphine vs methadone, food & opiate self administration, monkeys, 7609
calcitonin, food & water consumption, male rats, 700
caloric intake following insulin administration, male rats, 650
calories & sweetness perception of preload, subsequent caloric intake, college students, 5191
carbohydrate intake, hypoglycemia & appetite & hunger & obesity, humans & rats, literature review, 1364
caudate-putamen lesions, body weight loss & food & water intake, rats, 600
central vs peripheral naloxone administration, suppression of food intake, food deprived vs genetically obese female rats, 697
cholecystokinin & bombesin, consummatory responses, male rats, 9829
cholecystokinin, EEG activity & ingestion & rest behavior & sleep during vs after feeding, male rats, 7604
cholecystokinin, insulin secretion & availability & satiety, free-fed rats, 701
cholecystokinin-octapeptide, food & water intake & colonic temperature, male chickens, 636
chronic pre- & postnatal morphine, naloxone induced suppressed food intake & role of brain opiate receptor development, rat pups, 12242
cingulate cortex lesions, food intake of amino acid imbalanced & high vs low protein diets, male rats, 7549
complete vs skeleton photoperiods, entrainment of circadian feeding & drinking rhythms, male rats, 12203
cross-immunoreactivity of brain alpha-bungarotoxin binding sites with peripheral anti-acetylcholine receptor poly- & monoclonal antibodies, rats, implications for hypothalamic mediation of ingestive behavior, 9654
daily body energy balance, male rats, 503
dextro- &/vs levoaspartic acid, food & water intake & urine volume & feces weight & rectal temperature, male rats, 3048
dextroamphetamine, ad lib food & water intake, genetically obese female rats, 9836
diazepam &/vs picrotoxin, hyponeophagia, rats, 693
diet adulteration with bitter tasting quinine sulfate vs quinine tannate vs sucrose octaacetate, food intake & body weight, male rats, 2682
entromedial hypothalamic lesions, role of sensory vs postingestive properties of quinine on food intake, male rats, 9757
estradiol, food & water intake & body weight, female ovariectomized guinea pigs, 9719
estrus cycle & ovariectomy, fat intake, female hamsters, 12197
ethanolamine-O-sulfate, reversal of chronic eating, female rats, 3062
excitability of CNS, time course of formation of CRs to water & food, unrestrained dogs, 7265
familiar vs novel available diet & chronic lithium chloride, conditioned suppression of food intake & preference, rats, 9717

feeding & satiety & glucose injection, dopaminergic unit activity in substantia nigra, cats, 9675
feeding efficiency, bottle-fed preterm 25–37 wk gestational age neonates, 13002
food & water deprivation, day & night levels of dynorphin in hypothalamus & pituitary, male albino rats, 5086
food flavor variety, meal consumption, male rats, implications for etiology & control of obesity, 7324
food palatability, cardiac activity, male dogs, 7460
GABA-transaminase inhibitor ethanolamine-O-sulfate, brain glucose uptake & food intake & activity level & sensorimotor function & tactual orienting & catalepsy & auditory startle habituation, male rats, 12307
gastrin releasing peptide, food intake, mildly food deprived male rats, 694
glucoprivic agent 2-deoxydextroglucose administration, dietary self selection, male rats, 3044
glycerol, food intake, male rats, 681
gustatory deafferentation, food intake & body weight, male rats, 2975
histamine antagonists, attenuation of food-related drinking & vagal stimulation-induced gastric histamine release, male rats, 9731
hypothalamic injection of levorphanol vs dextrorphan vs codeine vs ketocyclazocine vs phencyclidine, food intake, male rats, 3095
hysterectomy, sexual receptivity & food intake & running wheel activity & lordosis & hypothalamic estrogen & progestin receptors, rats, 607
icv neurotensin, suppression of norepinephrine- vs insulin- vs muscimol- vs dynorphin- vs starvation-induced feeding, intact vs vagotomized male rats, 2926
icv stress-related corticotropin-releasing factor, suppression of feeding induced by various drugs, male rats, 12294
increase of fatty acids through heparinoid injections, intake of high-fat vs high-carbohydrate diet, male rats, 5216
intraduodenal glucose infusion, regulation of hunger & satiation, female rabbits, 648
ip atropine methyl nitrate & diet palatability, sham feeding & drinking, male rats, 3105
length of feeding & rate of milk intake during breast feeding, neonates, 5336
lesions of dorsal vs ventral aspects of rostral cortex, food & water intake & body weight, female rats, 5175
level of thirst & hunger, dorsal hippocampal electrical activity during operant choice of food vs water reinforcer, dogs, 9621
liver denervation, feeding & water consumption induced by insulin & hyperglycemic metabolic & hypertonic saline challenges, male rats, implications for role of liver glucoreceptors & osmotic receptors, 12178
long-delay reinforcement, food aversion conditioning, literature review, 7239
mating, food intake & body weight, intact vs orchiectomized & testosterone treated vs untreated male rats, 569
microcomputer-based system, continuous automatic collection & storage & analysis of food intake data, rodents, 4698
naloxone, food & water consumption, vagotomized male rats, 7561
naloxone, food intake & spontaneous locomotion in winter vs summer, wolves, implications for endogenous opiate regulation of energy intake, 12305
naloxone, liquid & solid sucrose intake, vagotomized male rats, 541
naloxone vs naltrexone, food intake, preweanling rats, 614
neurotensin injection into paraventricular hypothalamus, suppression of food intake, rats, 9860
nicotine, food consumption & weight, rats, 12299
nitrogen-deficient vs high protein diets, ingestion & transfer to oocytes of male-derived uric acid after copulation & relation to mating & oviposition interval, cockroaches, 7506
norepinephrine &/vs electrical brain stimulation, food intake, male rats, 12187
nutritive & suckling deprivation & gastrointestinal fill & milk availability, sucking & milk intake, rat pups, 2722
ovarian hormone changes, food intake, captive ovariectomized vs intact vs wild intact female baboons, 5107
pargyline vs tranylcypromine vs nialamide, regulation of food & water intake & body weight, male rats, 3108
quadratic equation for curve of cumulative food intake during single-course liquid meals, 19–24 yr old males & females, 59
rate & site of cerebral ventricular injection of cholecystokinin-8, feed intake, sheep, 7576
recovery from dietary vs protamine zinc insulin induced obesity, food intake & plasma fat metabolites, male rats, 5149
serotonin depletion by 5,7-dihydroxytryptamine or parachloroamphetamine, onset & severity of anorectic response to cancer, immature female rats, 3011
single neuron activity during operant behavior guided by multimodal cues for food intake, functional properties & heterogeneity of neurons in dorsolateral prefrontal cortex, monkeys, 7346
suprachiasmatic nucleus lesions, circadian feeding rhythm & food intake, male rats, 5176
sweetness & energy content of solid vs liquid preload foods, rated intensity & pleasantness of sweet vs nonsweet stimulus, college students, 206
thirst & hunger & subsequent food & water consumption, pleasantness of taste & sight & taste intensity of foods & water, young adults, 7118
type & odor of food & anosmia induced by zinc sulfate, dehydration anorexia, weanling rats, 2908
undernourishment during prenatal period & lactation, postweaning food & water intake, rats, 7489
undernourishment during suckling period & enriched vs impoverished environments at 1 mo vs 5 mo of age, weight & size of cerebrum & parameters of hippocampus & thickness & area of occipital cortex, rats, 5157
unexpected meal presentation, carbohydrate metabolism & food intake, food restricted male rats, 553
water deprivation, food intake during 2-deoxy-D-glucose induced glucoprivation, rats, 568
5-thioglucose, feeding & glycemia, adult male hamsters, 639

Food Preferences

age & length of US residence, food preferences & intake, Vietnamese children less vs more than 6 yrs of age, 12385
conditioned signals, conditioned running to fresh vs salted foods, cats, implications for dominant motivation, 7231
discrimination & intensity perception & perceived pleasantness of sucrose sweetness, overweight vs nonoverweight 24–53 yr old females, 1358
exposure frequency to novel foods, food preferences, 2 yr olds, 7668
exposure, liking for fruit juices, male college students, 204
exposure of group leader to novel artificially-flavored food, development of preference for that food, follower rats, 11956
familiar vs novel available diet & chronic lithium chloride, conditioned suppression of food intake & preference, rats, 9717
food selection in captivity, Eastern vs Pale-headed Australian rosellas, 7288
glucoprivic agent 2-deoxydextroglucose administration, dietary self selection, male rats, 3044
letter labels & individual product label, preferences for Pepsi vs Coke, college students, 11786
mode of salt presentation & hole size of salt shaker, salting of food, consumers, Australia, 7102
naloxone & naltrexone vs morphine & enkephalin analog, intake of palatable sodium saccharin solution vs water, thirsty male rats, implications for endogenous opioid mechanisms underlying taste incentives, 12255
nausea following food ingestion, acquisition of food dislikes, college students, 7105
nicotine/tobacco smoking, food consumption & taste preferences, male rats & 18–36 yr old smokers, 9824
perception of food flavor preferences of pet dogs, owners, comparison with food flavor preferences of laboratory Beagles, 11935
preferences for sweet vs salty vs sour vs plain foods, 17–31 yr olds with Prader-Willi syndrome, implications for empirical research, 8240
pregnancy, ethanol preference, rats, 2764
protein vs carbohydrate premeal, subsequent protein vs carbohydrate food selection, male weanling rats, 552
satiety, positive reinforcement of actually fed vs sham-fed food, rats, 7325
sodium deficiency, intake of mixture of sodium chloride & sucrose vs sucrose alone, adenalectomized male rats, 12195
sweetness & energy content of solid vs liquid preload foods, rated intensity & pleasantness of sweet vs nonsweet stimulus, college students, 206
triple-test cross analysis, genetic architecture of alcohol preference, female rats of various strains, 9597

Football

motivational & situational factors, dropping out vs continued participation in competitive sports, high school football players, 3251
problems in prediction of outcomes of national football league games, implications for psychological research, 4827

Forced Choice (Testing Method)
number of dimensions & items & Ss, effects of violations of linearity assumption on robustness of linear factor analytic techniques for binary items, 11639
Foreign Language Education
familiar vs unfamiliar cultural context, foreign language composition, adults enrolled in English as 2nd language courses, 9899
humanistic psychology view of individual in relation to environment, methodologies of foreign language teaching, 11226
imagery elaboration through hook technique vs role rehearsal, recall of French article noun pairs, college students, 6595
methods of short term foreign language instruction, adults, 6619
Spanish &/vs English as language of instruction, Mexican American Head Start children, 13544
visual imagery, language & sociocultural education, 6633
Foreign Language Learning
analysis of syntactical errors & suggested modification of language instruction, Uzbek students learning Russian, USSR, 11197
double immersion program of trilingual instruction, 1st language development & 2nd & 3rd language learning, elementary school students, Canada, 2009
familiar vs unfamiliar cultural context, foreign language composition, adults enrolled in English as 2nd language courses, 9899
language acquisition by children & learning of 1st & 2nd languages, 10017
paired associate learning strategies, French vocabulary test results, 1st & 3rd yr comprehensive school students, 9001
preferences for oral &/vs sign language learning of English vs Spanish, preschool age deaf Spanish females, 1395
visual imagery, language & sociocultural education, 6633
2nd language immersion school programs, native language development & academic achievement & 2nd language proficiency & use & attitudes, students, literature review, 6605
Foreign Language Translation
administration & scoring & interpretation instructions, French translation of M. Kovac's Children's Depression Inventory & Interview Schedule for Children, 4774
clinical diagnosis vs computer assisted diagnosis based on French version of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, psychiatric inpatients, 10422
construction & construct validity, Dutch sensation seeking questionnaire, college students, Netherlands, 7018
construction & validity & reliability of Dutch version of J. G. Adair & D. P. Fenton's Psychology Research Survey, measurement of attitudes toward research, 7036
coordination of foreign adaptations of AMDP psychiatric documentation system, 12807
development of norms for Japanese translation of Emotions Profile Index, male vs female neurotics vs schizophrenics vs alcoholic males, Japan, 4756
development of short form of WAIS, forensic examination, adults, West Germany, 11664
factor analysis & evaluation & reliability, Dutch version of Rotter's Internal External Locus of Control Scale, 7000
factor analysis & validity, French revision of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie rating scales, patients, France & Belgium, 9311
factor analysis, WISC scores, 6–15 yr olds, Italy, 4755
Hamburg-WISC, diagnosis of minimal brain dysfunction, behaviorally disturbed 10 yr olds, 10609
influence of J. Strachey as translator, published work of Freud & development of psychoanalytic theory, 6935
item & factor analysis & construct validity of short & long forms, German version of Beck Depression Inventory, college students, 9339
item & factor analysis of German short form of WAIS, males with mean age of 19.2 yrs, 9377
neutral vs achievement motivation evoking situation, responses to TAT, 16–19 yr olds, Poland, validity of TAT for Polish populations, 9343
new norms for German adaptation of WISC, criteria for children with dyslexia & minimal brain dysfunction, 7069
performance on Junior Eysenck Personality Questionnaire, 7–15 yr olds, Denmark vs England, 4719
reliability & applicability of German version of Motivation Analysis Test, objective assessment of motivation in individual diagnoses, 2432
reliability & validity of Dutch translation of EMBU, Swedish inventory for assessment of memories of parental rearing behavior, normal & phobic & obsessive-compulsive Ss, 11650
reliability & validity of French translations, scales by P. Birleson & E. Poznaski et al assessing childhood depression, 4778
reliability & validity of Raven Standard Progressive Matrices, 6–8 yr olds, Spain, 11681
reliability of English language version of Swedish EMBU inventory, assessment of parental rearing behavior, college students & 16–24 yr old patients & 27–60 yr old employees, 2461
reliability of French adaptation of WISC-R, IQ, 6–16 yr olds, France, 2417
reliability of German version of WAIS vs Leistungsprufsystem, psychometric single-case diagnosis, brain damaged patients, 2470
use of videotaped psychiatric ratings to evaluate French translation of AMDP psychopathological & somatic scales, depressed & psychotic patients, 12774
validity & reliability of French version of Beck Depression Inventory, college students, 90
validity of Center for Epidemiologic Studies Depression scale in Italian, depressed vs normal Ss, Italy, 2422
validity of Italian translation of Symptom Rating Test & Symptom Questionnaire, neurotic vs depressed vs somatic disorder patients, 11671
validity of Spanish version of Jenkins Activity Survey, assessment of Type A behavior, students, 7013
Foreign Languages
acquisition of German negation, extension of T. Z. Park's criticism of theory of H. Wode, 9955
canonical sentence form & word order & inflectional perceptual strategies, comprehension of simple transitive sentences, English vs Italian vs Serbo-Croatian vs Turkish speaking monolingual 2–4.4 yr olds, 5399
French vs English names, recognition memory, monolingual French vs English speaking female college students, 277
preferred vs 2nd language & 1st vs 2nd language experimental sessions, encoding/response times for arithmetic problems, Chinese/English vs English/Chinese & Spanish/English vs English/Spanish bilingual adults, 2629
role in assessment & treatment of language disorders in minority language children, monolingual speech-language pathologists, 5930
stress-timed vs syllable-timed languages & isochrony, English vs Thai vs Spanish vs Italian vs Greek, 9886
Foreign Policy Making
attributional behavior of J. Kennedy & H. Kissinger in foreign policy, implications for inherent bad faith model, 1027
characteristics of US decision making during Cuban missile crisis, implications for development of organizational decision making model, 11399
Foreign Students
health needs & problems & campus health service utilization, recommendations for health education, foreign students, US, 11157
sex & religion, political orientations, Christian vs Muslim Arab college students, US, 7866
Forensic Psychiatry
application of forensic psychiatry principles, formulation of opinions about mental illness & legal responsibility, 5571
countertransference during court proceedings, forensic psychiatrists, 1024
cross validation of Rogers Criminal Responsibility & Assessment Scales, evaluation of legal insanity, patient-defendants, 9368
definition & discussion of legal aspects of malingering, 5568
development of short form of WAIS, forensic examination, adults, West Germany, 11664
ethical issues in forensic psychiatry, 4207
forensic issues in community mental health, 5567
important features to include in mental health/legal report, 5587
interdisciplinary uses of AMDP psychiatric documentation system, 11576
need for clear definition, identification of individuals as legally dangerous, mental health personnel, 5569
principles of forensic psychiatry, formulation of psychiatric-legal opinions, 5572
psychodiagnosis for therapeutic vs administrative or forensic purposes, implications for training of psychiatrists, 8138
use of cross cultural data in courtroom, 1006
Forgetting
amphetamine, enhanced retrieval of maze spatial discrimination after long retention interval & potential role of catecholamines, male rats, 12314
comparison of research methods & results & underlying mechanisms, hypnotic vs nonhypnotic instructed forgetting, discussion of article by R. E. Geiselman et al, 7190

cueing, recall of operantly learned & forgotten contingency, 8 wk olds, 5353
directed forgetting tasks, strategies to eliminate interference from irrelevant information in memory, 7 vs 9 vs 11 yr olds, 12398
discriminating diagnostic ability of Diagnostic Test for Cerebral Damage, analysis of learning process & forgetting of figurative material, organic brain damaged vs clinical vs nonclinical Ss, implications for rehabilitation, 9330
forgetting past mistakes & unrealistic orientation & aspirations for future & acceptance of reality of conflict in society, 5673
intentional & incidental learning & instruction to forget, encoding & retrieval processes, college students, implications for understanding of posthypnotic amnesia, literature review, 7185
lisuride pretreatment & reserpine depletion of biogenic amines, memory recovery following forgetting of fear conditioning measured by active vs passive avoidance, male mice, 9849
multiple VI VI schedules & delayed stimulus control, forgetting, pigeons, 7271
random vs sequential consistent vs inconsistent information about previously seen incident, loss of original memory for incident, college students, 4937
reading ability & age, intentional forgetting & recall of to-be-remembered items, normal vs reading delayed 1st–5th grade males, 5900
repeated measures of forgetting of spatial information, 22–24 vs 30 yr old rhesus monkeys, 2731
verbal & visual shape & visuospatial location information, short term retention, alcoholic Korsakoff amnesics vs alcoholics vs nonalcoholics with mean age of 60 yrs, 13026
wish to be remembered & clinical & linguistic significance of being forgotten, implications for development of mental disorders, 5729
Form and Shape Perception
age & texture-density cues of rotating figures, perceived depth & shape constancy, 3 vs 4 vs 5 vs 21 yr olds, 12433
age differences, scanning of complex geometric forms, rhesus monkeys from birth to 7 weeks, 4983
amodal completion of movement, phenomenal shrinkage, replication of L. Burke's & G. Kanizsa's findings on tunnel effect, 2584
angular orientation of comparison forms, rotational invariance in visual form recognition, pigeons vs humans, 223
asymmetrical vs symmetrical overlapping visual figures, amodal completion & role of assimilation, humans, 2588
boundary contour vs luminance, determination of perceived centers of shapes, college students, 9481
categorization behavior, recognition of visual forms, 3–4 mo old infants, 3159
city-block metric, analysis of subjective similarity of Shepard circles, criticism of V. Broderson's conclusions derived from multidimensional scaling, 212
color vs form vs size variations of conceptual oddity vs dimension-abstracted oddity problems, performance & definition of levels of stimulus difficulty, squirrel monkeys, 11962
dimensions of similarity judgments for rectangles, 7121
drawing of contour & shape of smooth objects, 2590
errors in copying angles, 5 yr olds, support for distortion by angle bisection, 3161
foveal & parafoveal discrimination of curved & straight lines, humans, 2601
geometric stimuli, confusion matrices, college students, test of gravitational model of form perception, 7120
letters vs geometric shapes, visual search strategy, 5.3–6.2 vs 6.6–7.6 yr olds vs college students, 12409
luminance, salience of diffuse- vs abrupt-edge illusory figure, humans, 9479
mathematical scheme, classification of impossible objects, 188
opposed-set measurement of local cue strength & viewer's intention, durations of perceptual organizations of drawings & 3-dimensional objects, college students, 11780
orientation of tactually-examined target relative to comparison shape presented to left vs right hand, mental rotation & role of visual imagery, congenitally vs adventitiously blind vs sighted adults, 8293
pattern structure & training, RT & method of pattern analysis, verification of D. Klahr's theory, implications for number comprehension, 2597
perceived brightness for diffuse vs sharp-edged illusory circles & rings, human Os, 229
perceived depth of subjective vs objective contour patterns, humans, 9454
perception of subregions in blob shapes, humans, 11793
perceptual reference frames, identification of 2-dimensional shapes, college students, support for computational approach to object representation, 9465
presentation of letter vs 3-dimensional shape to center of visual field & comparison stimuli to right vs left visual field, RT for same/different judgments, college students, 7408
recognition memory of form vs content for pictograms vs outline pictures vs words, college students, 280
size of figure explored by tip of index finger, identification of shapes & role of proprioception, adults, implications for design of tactile displays for education & assistance of blind, 11774
spatial & temporal separations between stationary vs moving target forms, detectability, experienced Os, 11795
tachistoscopic presentation of irregular geometrical patterns linked by geometrical relations to left vs right visual field, differential role of left vs right hemisphere in geometric transformation, humans, 2823
tachistoscopic presentation of short duration shape stimuli, extraction of topological dimensions in visual perception, humans, 215
theory & computer model, global structure analysis in early visual information processing, 53
use of gestalt perceptual strategy of rectangularity discrimination, 1st vs 2nd vs 4th vs 7th graders, US vs Africa, 10001
Form Classes (Language) [See Also Adjectives, Adverbs, Nouns, Pronouns, Verbs]
acquisition of German negation, extension of T. Z. Park's criticism of theory of H. Wode, 9955
acquisition of particles to complete sentences, mentally retarded children, 3641
appropriate vs inappropriate prepositions preceding nouns in Serbo-Croatian, lexical decision times, college students, 7167
complexity of sentences, comprehension of sentences containing preposition "between", 3–6 yr olds, 12406
comprehension of positive vs negative prepositions, 3 vs 4 yr olds, 9937
connective functions of conjunctive auxiliary words in Japanese, 5266
preposition errors in freshman English vs sophomore philosophy & educational psychology papers & relation to cognition, college students, 6669
senile dementia & cerebrovascular atherosclerosis, relative use of form classes & impoverishment of vocabulary, patients, 10555
sequence of written English preposition comprehension, severely to profoundly hearing impaired adolescents, 5983
super- vs subordinate propositions, importance ratings & recall, college students, 12348
Form Perception [See Form and Shape Perception]
Fornix
hippocampus & fornix lesions, internal inhibition & motor CR, cats, 12233
septal grafts following fimbria-fornix lesions, maze learning, female rats, 586
FORTRAN [See Computer Programing Languages]
Foster Care
adoption vs fostering vs return to biological mother, prevention of juvenile delinquency & social maladjustment, male children with negative social heritage followed from birth to 23 yrs of age, Sweden, 3289
child's social adjustment & degree of emotional disturbance, decision to place in institutional vs foster family care, social workers, 1762
clinical judgment, foster care vs institutional placement of emotionally disturbed children, social workers, criticism of S. Briar's study, 1765
conversion of foster homes to permanent adoptive homes, literature review, 6363
development & specialization & recruitment & legal issues & success of foster homes, ambiguity of foster parent role, literature review, 962
development of roles, child care workers vs foster care givers, 8649
evaluation of foster care program effectiveness, 4049
foster care, self perception & quality of care, 8–18 yr old foster children, 1730
group living projects, assistance in making transition from foster care to independent adulthood, adolescents, 8662
group work with natural parents, foster care, 13343
integration of Foster Grandparent Program with child & adolescent hospital psychiatric service, 1801
removal from abusive family & placement in foster care, recovery of physical & cognitive & behavioral functioning, neglected & abused 3 yr old male & 9 mo old female, 3619
research advances demonstrating effective social work practice & directing foster care reform, 4054

selection & training program in Florida's Department of Health & Rehabilitative Services, performance & workload levels, foster parents, 6369
social & family & child characteristics, actual vs predicted placement in foster care, abused children, 1750
variables contributing to success or failure of foster placement, children with mean age of 8.8 yrs, 7898
Foster Children
adjustment, adolescents in foster care, implications for drug abuse, 8676
foster care, self perception & quality of care, 8–18 yr old foster children, 1730
separation of sibling groups, child development & natural support systems & coping with loss & sibling relationships, children in foster care, 5477
Foster Homes [See Foster Care]
Foster Parents
development & specialization & recruitment & legal issues & success of foster homes, ambiguity of foster parent role, literature review, 962
development of roles, child care workers vs foster care givers, 8649
selection & training program in Florida's Department of Health & Rehabilitative Services, performance & workload levels, foster parents, 6369
Fovea
duration & intensity & wavelength of light flash, correlation of psychometric function slopes with Cozier's law & R. W. Massof's analysis, support for X and Y channels, 7134
parafoveally presented pairs of geometric figures appearing above/below vs left/right of fixation, report-order inversions, college students, 7124
Fowl [See Birds]
Foxes
descriptive radio-tracking study of movements related to home range, foxes, longitudinal study, 2735
France
aural vs visual stimulus presentation, commonality & repetition of word association response, college students whose native language is French vs Japanese vs English, 11861
behavior therapy, France, 1976–81, literature review, 8493
changes in divorce laws, perceptions of effects, family court judges, France, 3324
comparative value structures, female owners of household appliances, UK vs Germany vs France, implications for advertising campaigns, 2283
conceptual validity of California Psychological Inventory & Adjective Check List, males & females, France, 11679
construction & test of theory of transportability of reasoning ability measurement across cultures, 14–20 yr old secondary students, Spain & France & US, 9101
cross cultural & sex differences, Adjective Check List responses, France vs US, 1098
definition & classification of child abuse in 19th century, France, 1238
depression & psychosomatic symptoms, 35–39 yr old females, Algeria vs France, 12752
description of play schoolroom activities, projective technique for cross cultural study of community attitudes & values, 7–11 yr olds, France vs Great Britain vs US, 5458
development of psychoanalysis & influence of J. Lacan, France, 9226
epidemiological survey of mental diseases & treatment programs, France, 1140
epidemiology of physical & mental disorders, Ss undergoing check-ups, France, 1141
evening intensive-care unit for child psychiatry, France, 13332
factor analysis & validity, French revision of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie rating scales, patients, France & Belgium, 9311
intermediate structure concept in infant-juvenile psychiatric care center, France, 1733
outpatient group therapy at Senlis Medico-psycho-pedagogic Centre, France, 8467
peer influence & modeling, prediction & correlates of marihuana usage, 14–18 yr olds, US vs France, 7790
performance on French language test intended for 11–12 yr olds, college students & primary & secondary school teachers, France, 7652
reliability of French adaptation of WISC-R, IQ, 6–16 yr olds, France, 2417
social & economic & legal position & remarriage, Parisian widows in 2nd half of 16th century, France, 3295
social psychological & criminological writings of A. Hamon, 1890–1905, France, 12621
structure & implementation of regulations governing education & professional practice, psychologists, France, 4187
urban growth & migration, psychiatric morbidity measured by hospitalization, France, 1146
verbal vs written components of bilingualism, academic achievement, 10.9–14.6 yr old Spanish immigrant 6th graders with normal vs failing school records vs 3rd–4th graders with school failures, France, 11230
view of psychology, psychology college students, Spain vs Belgium vs France vs Mexico vs Canada, 4318
Frankness [See Honesty]
Fraternity Membership
experiences in White fraternity, Black student, 2084
Free Recall
age, free recall & recognition of unrelated words, 20–30 vs 60–70 yr olds, 3205
answering textually explicit vs implicit vs schema-based vs irrelevant questions following reading, long term free recall, 5th graders, 6686
elaboration vs mnemonic story condition & organization of internal cues & encoding specificity, free recall, college students, 4959
expectations of free recall vs recognition vs RT test, memory performance, college students, 7183
free recall & digit span & directed & short term memory, 65–90 yr olds, 7759
high vs low incentive & same vs shifted perspective, free recall of brief narrative, graduate & undergraduate students, 4962
incidental pair rehearsal & rehearsal interval & expectation of interruption, recall & recognition & pair memory & associative learning, college students, 4955
letter spacing, reduction of familiarity effect in free recall tachistoscopic task, college students, 4953
memory span & scanning rate & short- & long-term components of free recall & word recognition from long-term memory, male vs female college students, 283
mobilization of prior knowledge, free recall, college students, 2657
naloxone dosage, free recall & recognition memory for words, 20–33 yr olds, 12254
noise & orienting instructions with nonassociated vs associated words, free recall, college students, 295
number of visually vs orally presented high- vs low-frequency words, free recall, humans, 9520
orienting task, free recall of words, college students, 11891
post-adjunct vs post-interactive questioning techniques, elaboration of schemes & free recall of prose, college students, 11871
present-day vs past word frequency, free & sorting recall task performance, college students vs aged with mean age of 73.6 yrs, 10027
print vs oral vs pictorial stimulus presentation, free recall, 3rd vs 6th vs 9th graders, 808
printed word set, free vs ordered recall, deaf college students vs normally hearing Ss, 3712
rehearsal with 1- vs multi-item repetitions, free recall of semantically & phonemically related words, learning disabled vs nondisabled 8–10 yr olds, 8267
ridiculous imaged stories for linking word-list items, free recall, 43–56 yr olds with chronic organic amnesia, 8315
semantic processing vs cumulative rehearsal of words, free recall & retention, educable mentally retarded with mean age of 14.4 yrs, 12957
verbal & numerical & figurative stimuli, long vs short term free recall vs recognition, 288
yrs of schooling & being in school, metamemory & memory performance, female college students aged 18–26 vs 35–44 yrs vs out-of-school females aged 36–49 vs 60–86 yrs, 10029
Freedom
autonomy dimension of job properties model, performance & self reports of satisfaction, college students, implications for model of J. R. Hackman & E. E. Lawler & G. R. Oldham, 4484
conflict between self realization & self destruction in modern society, 12510
dialectic of freedom to be independent or dependent, pairs of close friends, 10253
methods used in & suggestions for policy changes in limitation of freedom of movement, adult psychiatric units, position of Canadian Psychiatric Association, 11014
Frequency (Pitch) [See Pitch (Frequency)]
Frequency (Response) [See Response Frequency]
Frequency (Stimulus) [See Stimulus Frequency]

Frequency Distribution [See Also Normal Distribution, Skewed Distribution]
analysis of frequency distribution by age & sex & time of day & season, death, 10650
correlation correction formula for restricted range with violations of distribution & selection assumptions, validity of selection tests, 11640
cumulative distributions of adjusted coefficient of determination derived from Monte Carlo simulation, evaluation of statistical significance of models developed by stepwise regression, 181
curvilinear transformations & skewness of population of dependent variables, criticism of study by D. E. Levine & W. P. Dunlap, 171
group heterogeneity & selection formulas, validity of spatial ability measures in prediction of achievement & orientation, technical school students, 6764
moment estimators for frequency distributions having mixtures of 2 binomials with 1 known success parameter, 9304
multivariate generalized beta & generalized F distributions & application to utility modeling, 2523
quantitative model of skewness of cohort variations of birth order distributions, 2491
testing distributional assumptions in parametric statistics, 2554
Freud (Sigmund)
analysis & autobiographical content of Freud's early essay "Screen Memories", 6930
antiSemitism & Germanic legend, Jewish identity & psychoanalytic work & life of S. Freud, 6940
discussion of Freud's case analysis of D. P. Schreber, colonizing of taboo, 6932
evolution of Freud's thoughts on memory & metaphor of magic writing slate, 4625
Freudian & Gestalt & spiritual disciplines' techniques for development of attention, psychotherapeutic attention, therapists, 10743
Freud's approach to theory of bisexuality & letters sent to M. Hirschfeld, 6931
Freud's concept of drive, 9224
Freud's conceptualization of dreams in terms of transference & countertransference, 13157
Freud's prepsychoanalytic work on aphasia, 4638
influence of Freud's view of fundamental conflict between individual & society & study of modern American culture, critique of P. Rieff's work, 7828
influence of J. Strachey as translator, published work of Freud & development of psychoanalytic theory, 6935
interpretation of Freud's dream of February 1918, 11538
Judeo-Christian myth of Fall of man as expression of body/spirit duality & fundamentals of Freud's work, directed reverie therapy, 8445
Jung's relationship with Freud as expressed in Jung's "Answer to Job", comments on H. Slochower's article, 4637
letter written by Freud to newspaper in 1931 concerning proposed funding of welfare organization, 11527
metapsychology of narcissism & Freud's formulation of instinctive theory, 11549
mysticism & German mystical rationality & Freudian thoughts on mysticism, 4619
psychoanalytic process between Freud & "Wolfman", 8458
psychological importance of anniversaries, implications for Freud's essay on magic writing slate, 4623
relationship & transference in Freud's therapies vs writings, 10726
relationship of M. Proust's "In Search of Time Lost" to Freud's "Interpretation of Dreams", sexual development, 11541
review of Freud's texts, language & life praxis & scenic understanding in psychoanalytic therapy, 10734
role of Freud's friendship with W. Fliess, formulation of psychoanalysis, 11523
significance of early memories, Freud & Bialik & W. Wordsworth & D. H. Lawrence & J. Joyce & F. Kafka & S. J. Agnon, implications for psychoanalysis, 12351
strategies employed in coming to grips with R. Rolland's postulation of "oceanic sensation" in Freud's "Civilization and Its Discontents", 5274
symbol formation in theories of Freud & Piaget, 765
thought processes in writings of Freud & M. Heidegger, 11547
unconscious & reality of God & mysticism, discussion of Freud's "Metapsychology" & "Psychopathology of Everyday Life", 4645
Freudian Psychoanalytic School
development of Freudian psychoanalysis & its impact on psychology & psychiatry, India, 6945
discussions in Hampstead index, "The Ego and the Mechanisms of Defence", 9232
evolution of model of man in works of Freud, 6927
Freud's concept of working through as role of patient in analysis, 10740
Freud's conceptualizations of transference & repression, 13197
importance of Freudian psychoanalytic theory & research origins of psychoanalysis, 2334
investigative value of analyst's clinical techniques vs experimental studies, tests of Freudian psychoanalytic theories, 6925
role of J. H. Jackson's theory of neural level hierarchies in Freud's hypothesized organization of psychological systems, 11529
Friendship
age, self image & attitudes toward solitude & heterosexual relations & friendship & relations with parents & authority, Ss with mean age of 11.4 vs 13.5 vs 15.6 vs 17.5 yrs, 7796
conversational patterns, same-sex pairs of 18–23 yr old friends, 10061
development & validity of measures of perceived social support from friends & family, college students, 9365
development of friendship conceptions, 4–7 yr olds, 7675
developmental sequence of friendship & ability to relate to peers, 9 mo through 16 yr olds, 907
dialectic of freedom to be independent or dependent, pairs of close friends, 10253
dilemmas of candor vs restraint in conversation, pairs of close friends with mean age of 24.7 yrs, 10254
domesticity & corollaries of rational friendship & new paradigm of sociality & sexuality & marriage, female aristocrats, 1660–1760, England, 3291
friend vs stranger & single vs multiple instances of aid & ego- vs non-ego-relevant task dimensions, affect & self & helper evaluations, male college students, 5634
friendship & development & maintenance of love relationships, 19–33 yr old lesbians, 7942
friendship interaction with vs without anxiety management training, social anxiety & isolation, college students, 1609
friendship patterns & formation of group cohesiveness & self image, remedial comprehensive school students, 9077
health & friends & offspring living in same area & educational level, life satisfaction & death anxiety, females over age 65, 916
high vs low friendship, gaze & mutual gaze during conversation, 39–63 mo olds, 7795
perceptions of gratifications associated with frequent vs infrequent use of books & magazines & films & TV & newspapers & radio & music & friends, college students, 7639
preference in 1958 vs 1971 for religious homogamy in marriage partners & friends, Catholic vs Protestants, 7862
risk taking attitudes, inner tube river floaters in family vs friendship groups, implications for risky shift paradigm, 12647
semistructured interview & picture sequence task, assessment of friendship expectations, 2nd & 4th graders, 2356
sex &/vs racial differences, friendship patterns, West Indian vs White vs Asian 11–16 yr olds, England, 7821
shyness & love vs dating vs friendship, college students, 3393
social club, loneliness & friendship, 50–70 yr old unattached females, 8489
social processes in formation of friendship with peers, 3–9 yr olds, 5432
social structuring of activity, age similarity among friendships, 17–74 yr old factory workers, 3382
social-psychological analysis of form & content & contemporary status & interpersonal meaning of friendship, 3378
stability of reciprocal friendships vs unilateral relationships, 34–61 mo olds, 10050
types & qualities of friendships, male vs female 11 & 12 yr olds, 12501
uncommonness & importance of specific values in value similarity, friendship choice, college students, 1055
unrestricted vs limited vs no access to car, daily life & time spent with friends & freedom from parental control & socially responsible behavior, teenage males, 5468
Frogs
abnormal visual input, development of abnormal axon trajectories, frogs, 7341
chemical & visual & auditory cues, kin recognition, tadpoles, 7285
development of pattern generator for interlimb coordination of hindlimb locomotor activity, CNS, bullfrogs, 7440
directed axonal outgrowth & topographic ordering of retinotectal connections, Xenopus laevis, 5074

divalent magnesium & strontium & barium ion perfusion, hypersensitivity of dark adapted rods & comparison with calcium & magnesium & strontium, frogs, 9713
fictive swimming, electrical activity of spinal cord myotomal motoneurons, frog embryos, 5096
local light onset, rod shedding throughout retina, frogs, 7353
maternal & paternal cues of origin, kin recognition, frog tadpoles, 2718
mesencephalic retinal terminal field lesions, horizontal optokinetic nystagmus, frogs, 9783
neuronal receptive fields in tectum opticum, frogs, 9618
odor stimuli, electrophysiological responses of olfactory bulb neurons, frogs, 2821
odorant concentration, odor discrimination in olfactory receptor cells, frogs, 2836
optic nerve section vs tectal lobe ablation vs transverse hemisection between tectum & cerebellum, visual prey acquisition, frogs, 2980
phosphorylation of rhodopsin in retinal rods, frogs, 12116
piracetam & GABA, defensive conditioned reflexes, frogs, 12285
poison-secreting granular glands of skin & role in evolutionary preadaptation, dendrobatid frogs, 12139
rostral spinal cord hemisection, tonic & phasic synaptic input to motoneurons during fictive swimming, frog embryos, implications for descending inhibitory mechanisms, 5178
seismic sensitivity in auditory/vestibular nerve axons, American bullfrogs, 457
sinusoidal amplitude modulation of white noise, temporal tuning of single auditory nerve fibers, leopard frogs, 9669
utilization of exogenous retinol, frog pigment epithelium in vitro vs in vivo, 5203
variation in on-off response, frog retinal ganglia cells, 5054
vocal interaction & territoriality & call matching, male treefrogs, 11969
vocal interactions & individual calling behavior, 2 species of neotropical treefrogs, 12049
Frontal Lobe [See Also Gyrus Cinguli, Motor Cortex]
ablation of posterodorsolateral neostriatum, retention of delayed alternation & visual discrimination learning & comparison with mammalian prefrontal cortex function & dopaminergic innervation, pigeons, 9652
ablation of prefrontal cortex before vs after learning, delayed alternation performance & spatial reversal, hedgehogs, 12237
ablation of proreal gyrus, differentiation of conditioned stimuli, cats, 2985
bilateral removal of medial prefrontal cortex vs lesions of lateral prefrontal cortex, stimulus control in instrumental avoidance vs alimentary conditioning, dogs, 9772
dopamine & noradrenaline levels in prefrontal cortex vs nonprefrontal frontal lobe region, rats, 479
interactions among prefrontal cortex & hippocampus & caudate nucleus head & thalamic medio-dorsal nucleus during delayed reaction & trace conditioned reflex, monkeys, 2834
lesions of medial frontal cortex vs dorsomedial thalamic nucleus, spatial localization abilty, male rats, 2977
lesions of medial vs orbital frontal vs parietal cortex, spatial localization, rats, 2979
localized brain damage, visual & auditory reversals, Broca's vs fluent aphasics vs non-aphasics with right anterior vs right posterior insult, support for central processing mechanism theory, 8302
neonatal & adult hemidecortication vs removal of frontal cortex, behavioral sparing & morphogenesis of remaining cortex, rats, 2978
orbitofrontal cortex lesions via leukotomy & role of frontal lobes, memory & proactive interference, schizophrenic patients, 1215
performance on tests sensitive to frontal & temporal & parietal lobe function, schizophrenics with mean age of 28.5 yrs, 12823
proglumide, blockade of cholecystokinin's excitatory effects on midbrain dopaminergic neurons & dopamine-sensitive prefrontal cortex cells, male rats, 12253
role of prefrontal cortex & cortical reward areas in associative learning, literature review, 7429
selective degeneration of cholinergic neurons in basal forebrain in Alzheimer's disease, 10567
single neuron activity during operant behavior guided by multimodal cues for food intake, functional properties & heterogeneity of neurons in dorsolateral prefrontal cortex, monkeys, 7346
spectral-correlation analysis, frequency parameters of premotor & motor & parietal & visual cortices during induced development of single postural focus, rabbits, 9764
stimulation of orbital cortex at frequencies of 1 vs 100 Hz, CR latency & volume of spontaneous vs conditioned salivation, dogs, 7363
unexpected cutaneous shock vs food presentation, extracellular potassium ion EP activity changes in frontal cortex, cats, 7435
visual cue-mediated forearm movement vs withholding of movement, premotor cortex unit activity, male rhesus monkeys, 9683
visual EPs recorded from frontal sinus vs neck muscle electrode, cats, 9672
Frostig Development Test Vis Percept
validity of Frostig Developmental Test of Visual Perception, prediction of skills needed for putting on shirt, adult stroke victims with left hemiplegia, 128
Fruit Fly [See Drosophila]
Frustration
covert behavior modification to develop self control in managing frustration, academic achievement & successful mainstreaming, secondary school learning disabled students, 13632
familiarity with frustrator & repetition of trials & sex, facial expression of anger, 7 mo olds, 910
frustration & support, facilitation of client growth in Gestalt therapy, 6146
group gender composition, type of reaction to frustration & problem solving behavior in triads, 18–35 yr olds, 7960
homosexuality as consequence of heterosexual frustration & dissatisfaction, 10205
liberal vs strict family upbringing, internal state & frustration & methods of coping with stress, male vs female adults, 7999
sexual activity & satisfaction/frustration, college date rapists, 12922
trait frustration, aggressive responses to frustrating situation, college students, 5652
Fulfillment [See Satisfaction]
Functionalism
functionalism explanation in social sciences, criticism of J. Elster's study, 11532
Fund Interper Rela Orientat Beh Ques
home vs work context, FIRO-B scores, postgraduate students, implications for test-retest reliability, 7054
Galvanic Skin Response
auditory &/vs visual biofeedback of GSR & relaxation therapy, muscle relaxation, college students, 10793
doxepin vs hydroxyzine, muscle action potentials & GSR following experience of success vs failure on cognitive task, psychiatric anxiety patients, 13295
electrodermal & electro oculographic activity during hypnagogic state, male college students, 521
emotionality & intensity of subliminal auditory stimulation, electrodermal responses, 20–30 yr old females, 2880
functional properties of & independent processing in brain hemispheres, nonattended auditory stimuli, reply to criticism of E. Walker & S. J. Ceci, 4888
GSR & EKG during response to Rorschach cards, asthmatic vs nonasthmatic Ss, 10571
GSR to conditioned meaning of polysemous word in attended vs unattended message, college students, 305
GSR under various functional conditions, preschool age children, 3151
guilty knowledge technique of mock crime enactment, GSR response on polygraph, 36 yr old male with pseudologia fantastica, 8221
heart rate & GSR, indicators of workload during learning of simulated aircraft carrier landing task, male ROTC students, 6821
instructions to ignore or attend & intensity of auditory stimuli, electrodermal habituation, male college students with mean age of 23.2 yrs, 2887
lateral differences in electrodermal response to tone & symptoms, 18–65 yr old schizophrenics, 1165
left hemisphere or bilateral processing locus for nonattended auditory stimuli, criticism of work of M. E. Dawson & A. M. Schell, 4897
prediction of success in voluntary suppression of conditioned GSR in avoidance of stress stimuli, Ss with high tested anxiety, 7482
psychosocial stress & GSR patterns, perception of & response to stress, college students, Taiwan, 522
vigilance level, conditioned electrodermal response to high vs low frequency sound, cats, 494
Gambling
desire for control & extrinsic rewards, susceptibility to illusion of control in gambling game, college students, 3437
personal characteristics & reactions & coping & Gam-Anon affiliation, spouses of compulsive gamblers, implications for community based treatment services, 8660
red vs blue lighting, gambling & risk taking, 18–22 yr old card players, psychoanalytic theory & psychophysiological & choice shift implications, 1065

unwinnable gambling situation, frequency of trials before expression of doubts & awareness of futility, college students, implications for reasonableness of .05 probability level for statistical significance, 167
Game Theory
game theory interpretation of combat over access to adult females, male bowl & doily spiders, 11971
Games [See Also Chess, Childrens Recreational Games, Prisoners Dilemma Game, Simulation Games]
behavior analysis, assessment of effectiveness of organized games in prevention of aggression on playground, kindergartners through 2nd graders, 2029
characteristics of singing games & significance in educational settings, Black children, 13507
demand for communication in store game task, amount of verbalization & effective communication, 22 & 29 yr old moderately mentally retarded females & severely mentally retarded 16–17 yr olds, 5890
dynamics of "love bind" game & transactional analysis recommendations, couples where 1 or both partners have destructive problems, 8478
games, development of formal thinking process, gifted students, 2140
modified table game, social skills training, institutionalized retarded & dually diagnosed 20–47 yr olds with behavior problems, 13244
predictive efficiency, core solution in side payment games, 9417
preemptive behavior in mixed motive game & emergence of leadership roles in small same-sex groups, college students, 12641
psychotherapeutic treatment strategy for transactional analysis game "allergic" as incorporating medical & psychological treatment, patient & family, 8375
rhetorical game "playing the dozens", regulation of personal & social conflicts, Blacks, 12521
similarities & differences between rackets & games, transactional analysis, 8441
use of automatized logical play system in game-like psychological experiments, 4707
use of games & toys in child psychotherapy, 13187
use of games in recuperation of verbal communication, autistic children under 8 yrs of age, Romania, 10673
validity of questionnaire for measurement of illusion of control & skill orientation, Ss playing games with different levels of chance & skill, 11691
video game reward system, behavior change, emotionally disturbed students, 13639
video games & biofeedback training & behavioral techniques & other innovations, hospital practice, psychologists, 4078
Gamma Aminobutyric Acid
acute & chronic ethanol treatment, GABA transmission, literature review, 9830
benzodiazepines, GABA-mediated electrically evoked cortical inhibition, cats, 5231
clonazepam vs RO5-4864 & chloride vs GABA vs strychnine, spinal cord benzodiazepine binding sites, male rats, 7577
ethanol, glutamate & GABA levels in brain & CSF, rats, 5197
ethanolamine-O-sulfate, reversal of chronic eating, female rats, 3062
GABA antagonist R-5135, epileptiform discharges & visual EPs & sedation & stereotyped behavior, rats pretreated with gamma-acetylenic GABA vs sodium valproate vs diazepam, 9839
GABA-transaminase inhibitor ethanolamine-O-sulfate, brain glucose uptake & food intake & activity level & sensorimotor function & tactual orienting & catalepsy & auditory startle habituation, male rats, 12307
icv GABA agonist 4,5,6,7-tetrahydroisoxazolo-(5,4-c)-pyridin-5-ol, enhancement of mouse-killing & reversal by bicuculline, male rats, 12258
icv vs ip injection of GABA agonists & picrotoxin, apomorphine-induced climbing behavior, male mice, method for testing GABAergic compounds, 3024
injection of labeled GABA into visual Wulst, retrograde labeling in ipsilateral thalamic relay, pigeons, 7349
intra-raphe chlordiazepoxide vs flurazepam vs midazolam vs bicuculline doses with vs without muscimol, locomotor activity, male rats, 12312
learned helplessness &/vs imipramine, neurochemical changes in serotonin & GABA release in neocortex & hippocampus & septum, male rats, 5245
lithium carbonate, plasma CSF & GABA, patients with bipolar & unipolar affective illness, 8553
morphine sulfate vs haloperidol vs arecoline vs GABA vs etonitazene vs beta endorphin, posture & activity & catalepsy vs reflexive responses & analgesia & body temperature, male rats, 3079
muscimol injections into dorsal vs median raphe nucleus & chlordiazepoxide vs bicucylline vs destruction of ventral tegmental nuclei vs forebrain 5-HT depletion, hyperactivity, male rats, 689
neuroleptic drugs, antagonism of GABA functions in spinal primary afferents & interneurons & motoneurons, rats, implications for antipsychotic actions, 12240
opioids & GABA-ergic drugs, treatment of depression & mania, 13275
orally administered GABA-analog, anorexia, rats, 621
pharmacological manipulation of GABA receptor activity, modulation of ethanol-induced motor impairment, male rats, 646
piracetam & GABA, defensive conditioned reflexes, frogs, 12285
plasma & CSF GABA levels, patients with bipolar affective illness & monozygotic twins, 1142
plasma GABA levels, 29–54 yr old patients with bipolar affective disorder in remission vs depression vs chronic alcoholism, 5716
platelet GABA-transaminase, monozygotic twins & bipolar patients with mean age of 32 yrs, 1143
Ganglia [See Also Autonomic Ganglia, Basal Ganglia]
buccal ganglion intracellular injections to decrease hydrogen ion concentration, potentiation of slow inward current, snails, 7374
phase locking of pyloric system network with commissural ganglia as basis for stomatogastric ganglia motor pattern generation, lobsters, 5081
role of pyloric network neurons in bursting pacemaker potentials, stomatogastric ganglia motor pattern generation, lobsters, 5080
spiral ganglion cell populations, discrimination of electrical pulse rate & amplitude following cochlear stimulation, deafened cats, 9771
synaptic organization of pyloric neurons as underlying basis for stomatogastric ganglia motor pattern generation, lobsters, 5066
variation in on-off response, frog retinal ganglia cells, 5054
Ganglion Blocking Drugs [See Also Nicotine]
icv nicotinic agonists dextro- & levonicotine & cystisine & dimethylphenylpiperazinium iodide & lobeline, convulsions & reversal by various nicotinic antagonists & role of central "C6"-like receptors, male mice, 12251
Gangs (Juvenile) [See Juvenile Gangs]
Gastrointestinal Disorders [See Also Colon Disorders, Fecal Incontinence, Gastrointestinal Ulcers, Ulcerative Colitis, Vomiting]
brief dynamic psychotherapy, psychological distress & intestinal symptoms, patients with irritable bowel syndrome, 1518
etiology & epidemiology of Crohn's disease, 8310
family & hypnotherapy, treatment of stress induced abdominal pain, 10 & 11 yr old males, 2 case reports, 1457
information vs muscle relaxation training, distress during gastrointestinal endoscopy, 21–93 yr olds, 4013
lifelong intestinal malabsorption, cognitive impairment, 28–64 yr olds with celiac disease, 8306
plasma amino acid levels, schizophrenics vs celiac disease patients, 3503
psychotherapy & gastroenterology, gastrointestinal disease, 8414
tryptophan deficiency stupor & associated psychiatric symptoms, 49–66 yr old carcinoid & parkinsonian patients, 8322
Gastrointestinal System [See Also Intestines, Liver, Stomach]
distal colon motility & clinical characteristics, 14–63 yr old females with major depressive disorder, implications for subtypes of depression, 10388
distal colon tone, prediction of antidepressant response to fenfluramine vs imipramine vs clomipramine, depressed outpatients, 10853
Gastrointestinal Ulcers
neurotensin, role of autonomic adrenergic mechanisms in modulation of stress induced gastric ulcer, rats, 9742
personality & physiological response to verbal & acoustic & color stimuli, male duodenal ulcer vs hypertension patients, implications for identification of persons at risk, 1384
personality & psychopathological & hereditary variables & stressful life events, 17–35 yr old males with duodenal ulcers, 13004
personality & stress, pathogenesis of peptic ulcers, psychotherapeutic treatment implications, 1450
personality profiles, duodenal ulcer patients, 5987
tailshock, formation of gastric lesions, rats bred for high vs low alcohol sensitivity, 12214
work & interpersonal conflict & personality structure & physical complaint, psychodynamics & physiological correlates, patients with Crohn's disease & duodenal ulcers & ulcerative colitis, 6046
Gastropods [See Mollusca]
Gazing [See Eye Fixation]

Geese
reproductive cycle, courtship & mating behavior, Cape Barron geese, 7312
sex ratio & egg hatching sequence, lesser snow geese, 11990
Gender Differences [See Human Sex Differences]
General Anesthetics
general anesthesia & neuroleptic malignant syndrome following neuroleptic therapy, 49 yr old with psychotic depressive syndrome, 8571
General Aptitude Test Battery
Test M of General Aptitude Test Battery, measurement of recovery from anesthesia, 16–59 yr old patients, 13286
General Hospital Psychiatric Units [See Psychiatric Hospitals]
General Practitioners [See Also Family Physicians]
clinically oriented social science research, academic development of primary care in family medicine, 13310
frequency of psychiatric disturbances & need for psychiatric referral, patients seen by general practitioners, West Germany, 1694
incidence of psychiatric problems, patients seen by general practitioners, West Germany, 1714
research on general practitioner-patient relations, 8623
symptoms & treatment of depression in general practice, patients, 3786
training & role in patient education on cancer, general practitioners, 6520
Generalization (Cognitive) [See Cognitive Generalization]
Generalization (Learning) [See Also Response Generalization, Stimulus Generalization]
behavioral training, visual acuity & generalization of training effects, 18–30 yr old myopes, 10794
compliance training using positive &/vs negative specific vs general requests, generalized compliance, behavior disordered 6–8 yr olds, classroom applications, 2131
discrimination & generalization training to recognize time durations, application of bisection method of psychophysical scaling, male rats, 2705
effectiveness & generalization of parent advice package, restaurant behavior, preschool age children, 1552
generalization & maintenance in behavioral training, parents, literature review, 8535
group language training, increased rate of verbal interaction & generalization, 51–57 yr old socially isolated mentally retarded males, 4 mo followup, 13253
language rules & difficulty in generalization of syntactic rule training, language disordered 4–5 yr olds, 1316
novel sample trials, acquisition of delayed matching of key location & transfer to new location, pigeons, 7273
operant training & bemegride, discrimination & generalization of intragastrically administered ethanol & diazepam, pigeons, 3041
self evaluation procedures, generalization to classroom & maintenance of behavior modification treatment gains, behaviorally handicapped students with mean age of 8.7 yrs, 13657
toxicosis via lithium, generalized conditioned flavor aversion, male rats, 7261
transfer of stimulus control, cross-setting generalization of manual signs to verbal instructions, severely mentally retarded 8.7 & 12 & 16.2 yr olds, 6198
Generalization (Response) [See Response Generalization]
Generalization (Semantic) [See Semantic Generalization]
Generalization (Stimulus) [See Stimulus Generalization]
Generation Gap
changes in female sexuality & sexual behavior & attitudes & mother-daughter communication & differences, mothers with college age daughters & college sophomores, 10173
expression of social problems by youth, implications for learning by older generations & psychotherapists, 7833
gender differences & older generations' impact & prevalence & content, family conceptions of parental heritage, White middle-class mothers with mean age of 37.2 & fathers with mean age of 38.8 & children with mean age of 11.1 yrs, 7889
intercultural & intergenerational differences, mental test performance, Flynn vs Lynn debate, 11687
selective exposure to political campaign communications, reinforcement of partisan predispositions, 10–17 yr olds & parents interviewed early & late in 1980 presidential campaign, 7766
Generators (Apparatus)
model nets composed of neuron-like elements, simulation of muscle control signals in locomotor movements, 9285
Genes
calmodulin-calcium abnormality at gene level & diagnosis & treatment, Huntington's disease, 5971
familial & genetic correlational analyses & X-linked gene hypothesis of human sex differences, 5050
model for inheritance of schizophrenic-sensitive gene based on human leucocyte antigen typing, Ss with continuous vs paroxysmal vs recurrent forms of schizophrenia & their 1st degree relatives, 1192
retinal ganglion cell receptive field organization & light sensitivity, normally pigmented vs congenic hypopigmented mutant female mice, 428
Genetic Counseling
assessment of familial risks of psychosis & genetic counseling, literature review, 6325
attitudes toward prenatal diagnosis process & reported stress, females with mean age of 36 yrs & their husbands after amniocentesis, implications for genetic counseling, 1707
genetic counseling in adoption program, identification of infants at risk for genetically caused mental retardation, 1699
genetic counseling, social workers, 8688
new findings relevant to genetic counseling, parents of children with Down's syndrome, 1688
Genetic Disorders [See Also Albinism, Chromosome Disorders, Downs Syndrome, Hemophilia, Phenylketonuria, Sex Chromosome Disorders, Sex Linked Hereditary Disorders, Trisomy, Trisomy 21, Turners Syndrome]
Charcot-Marie-Tooth disease & Refsum's disease, literature review, 8339
early memories, coping behavior, parents of genetically handicapped children, 1533
EMGs & sensory nerve conduction velocities, 16–40 yr olds with Friedrich's ataxia, 10557
genetic counseling in adoption program, identification of infants at risk for genetically caused mental retardation, 1699
genetic disposition & genetic association, schizophrenia & Stein-Leventhal syndrome, 55 & 56 yr old parents & their 18–23 yr old daughters, 3498
group counseling & educational program, teenagers with Usher's syndrome, 11335
hereditary sensory neuropathy, 4 yr old male & 9 yr old female, 6038
insulin tolerance test, glucose response, patients recovering from pure familial vs bipolar depression, 5780
Genetics [See Also Related Terms]
activity level & emotionality & cognitive-anticipatory performance ability, spontaneous locomotion in tunnel labyrinths, RHA/Verh vs RLA/Verh rats, implications for role of genetics in personality, 9593
age & family history, prevalence of sleepwalking & bedwetting & night terrors & teeth grinding & sleep talking, male & female 5–18 yr olds, 1431
anthropological perspective, genetic inheritance & law, 5487
biological preprogramming, adaptation & behavior, infants, 3150
blood group system & platelet MAO activity, healthy 20–24 yr old males, implications for genetic markers of affective disorders, 10340
clinical & psychological assessment, 7–14 yr old children of bipolar probands, 5748
cognitive functioning & success & SES, adult offspring of manic depressives with mean age of 28.1 yrs, 1221
Colorado Adoption Project, nature-nurture contribution to cognitive development, adopted children under 7 yrs old & their biological & adoptive families, longitudinal study, 5388
comparative IQs, Japan vs US, criticism of R. Lynn's study, 3444
conceptualization & measurement of environment in genetic/environment studies, literature review, 5052
concordance rates & sex differences, 18–66 yr old neurotic same-sex monozygotic vs dizygotic twins, 10437
contributions of B. Inhelder to child & genetic & experimental & cognitive psychology, bibliography & biography, 15
demographic & symptomatic & familial characteristics, patients with unipolar vs bipolar mania, 1203
developmental & genetic influences on fears, 10–64 yr old like-sex twins, 5464
developmental-genetic analysis, ontogeny of aggressive expression, male mice, 7333
diazepam vs other anticonvulsants, pentylenetetrazol-induced genetically determined stereotypic behavioral convulsions, C57BL/6J mice, 12323
difference-equation models of like-gene selection & altruism, 12076
differential morbidity risk, offspring of schizophrenic mothers vs fathers, 8152

discrimination between full & half sisters, honey bees, 9599
DNA technology & Copernican world view, 9605
dopamine-beta-hydroxylase activity & family history of affective illness, 22–65 yr olds with endogenous depression, 10419
erythrocyte catechol-O-methyltransferase activity & family history of affective illness, 23–65 yr olds with endogenous depression, 10417
etiological role of chromosome 15 in reading disability, children & adolescents & adults from families with autosomal dominant reading disability, 12980
examination & critique of reanalysis by T. Lidz et al of Greater Copenhagen Adoption Study of offspring of schizophrenic parents conducted by D. Rosenthal et al, 12802
familial & genetic correlational analyses & X-linked gene hypothesis of human sex differences, 5050
generational differences, assortative mating for educational attainment, parents vs grandparents of Chinese vs European vs Japanese ancestry, 10098
genetic & environmental factors, grammar of song sequences, Ontario vs Nova Scotia savannah sparrows, 9571
genetic & environmental influences, auditory-visual integration & reading achievement, 1st & 2nd grade twin pairs, 9972
genetic & environmental influences, development of Piagetian logico-mathematical concepts & other cognitive abilities, 4–8 yr old monozygotic vs dizygotic twin pairs, 9969
genetic androgyny vs differences from sociobiological perspective, males & females, 7337
genetic determination of intelligence, 5051
genetic disposition & genetic association, schizophrenia & Stein-Leventhal syndrome, 55 & 56 yr old parents & their 18–23 yr old daughters, 3498
genetic effects on personality, literature review, 5045
genetic influences, stability of reading performance, reading disabled children tested at 9.5 & 14.9 yrs, 5896
genetic linkage of manic depression & human lymphocyte antigen, 1180
genetic markers of biological predisposition to primary affective disorders, 5834
genetic model of sex-linked differences in field dependence-independence, 12743
genetic predisposition to psychological problems related to drinking, adult children of alcoholics, 10467
genetic selection for shuttle box avoidance learning, proportions of hippocampal syntactic fields, mice & rats, 7339
genetic variability, personality functioning & social interaction & genetic evolution, humans, 2800
genetic vs role-model vs cohort vs sociocultural factors, intelligence & morality & eminence & leadership & life span & reign span, European hereditary monarchs, 5685
genetics & environmental agents & chromosome abnormalities & age-related processes, etiology of Down's syndrome & Alzheimer's disease, literature review, 3508
genetics & eye movement dysfunction in schizophrenia, literature review, 12809
genetics & eye tracking dysfunction, functional psychotic & schizophrenic & psychiatric patients, literature review, 12874
genetics & life events & stress, onset of allergies, monozygotic & dizygotic twins, 6012
genetics, etiology of schizophrenia, schizophrenic adoptees, analysis of studies by D. Rosenthal et al & S. S. Kety, 5781
genetics in etiology & potential therapies, senile dementia & symptoms of aging, literature review, 3813
genetics, learning disabilities, literature review, 5917
genetics, mate selection preferences, female melanic vs nonmelanic ladybirds, 2807
genetics of traits & suitability for work as guide dogs for blind persons, dogs, implications for selective breeding, 7298
genetics, personality, test of simplifying path model, 10283
genotype & sex differences in hand preference & left vs right hand skills & developmental language problems, children more than 5 yrs old raised by 2 left-handed parents, 12392
geographic origin, emigration responses to temperature, wild fruit-flies, Japan, 9607
group selection, warfare & sharing ethics & indoctrinability of values & authority, humans, 2801
hand & eye & foot preference & family handedness, mathematical ability, high school & college students & mathematics teachers, 9940
harmfulness & genetic consequences & clinical presentation, incest, 10475
hereditary & environmental factors, intelligence & school achievement, implications for school psychology, 1966
heredity & neuropathogenic & psychosocial background factors, minimal brain dysfunction, 7 yr olds, 5969
heredity vs environment, IQ differences, 8017
human lymphocyte antigen & genetic heterogeneity of schizophrenia, families with at least 2 schizophrenic members, 10401
inbreeding, mental ability scores on 11 WISC subtests, Ss with mean age of 8.6 yrs, Japan, 3173
incidence of chronic & latent & uncertain schizophrenia & schizotypal personality disorder, biological & adoptive relatives of schizophrenic adoptees, response to criticisms by T. Lidz & S. Blatt & R. Abrams & M. A. Taylor, 10382
incidence of conduct disorder & affective illness, 5–47 yr old offspring of Huntington's disease patients, genetic counseling implications, 10313
incidence of genetically transmitted human leucocyte antigens, schizophrenics, 1159
individual differences in mental development, monozygotic vs dizygotic twins, 15-yr longitudinal study, 5409
intelligence & personality traits, heterozygotes for lipidoses, 8312
La Trobe Twin Study, genetic effects in cognitive abilities, 3–15 yr old twins vs their siblings vs cousins, 12-yr longitudinal study, 5360
methodological & statistical issues in research on biometrical genetic model for discrimination of genetic vs environmental influences on IQ, 5043
mice as laboratory Ss, behavioral & physiological & genetic research, 7338
minor physical anomalies & obstetrical complications, hyperactive vs psychoneurotic 5–12 yr old males & their families, 10579
model for inheritance of schizophrenic-sensitive gene based on human leucocyte antigen typing, Ss with continuous vs paroxysmal vs recurrent forms of schizophrenia & their 1st degree relatives, 1192
morbidity risk for psychiatric illness for parents & siblings, patients with schizophrenia vs bipolar vs unipolar depressive vs schizoaffective psychosis, 5841
morbidity risks for depression among 1st- & 2nd-degree relatives, unipolar & neurotic-reactive depressives, 5799
nature-nurture views of philosopher J. Locke, 9228
neurodynamic & psychodynamic & morphological characteristics, adolescents & their parents, 12367
organ of Corti morphology, genetically epilepsy prone female rats susceptible to audiogenic seizures, 9609
parasite resistance, evolution of plumage coloration, birds, criticism of W. D. Hamilton & M. Zuk's hypothesis, 2803
parental age, psychosis, 3–19 yr old psychiatric inpatients, 3535
parental educational level, parent-offspring correlations for spatial ability & rule inference test scores, families, 9600
path analysis, relative contribution of genetics vs environment to stability of cognitive ability, 1 & 2 yr olds & their adoptive & biological families, longitudinal study, 5340
pedigrees with human lymphocyte antigen linkage, probands with bipolar affective disorder, implications for genetic markers, 8170
personality & psychopathological & hereditary variables & stressful life events, 17–35 yr old males with duodenal ulcers, 13004
personality correlates, ability to taste phenylthiocarbamide, college students, 12162
platelet GABA-transaminase, monozygotic twins & bipolar patients with mean age of 32 yrs, 1143
platelet MAO activity & family history of affective illness, 21–65 yr olds with endogenous depression, 10418
platelet MAO activity distribution, college students, 2810
primary prevention of psychopathology & psychosis, children at high risk, 10928
psychodynamic & physiological processes & learning & heredity, psychosomatic disorders, 13040
recovery from stuttering as genetically milder form of stuttering, adult stutterers & their 1st-degree relatives, 12986
resemblance of IQ to biological vs adoptive parents, 5 to over 10 yr olds, 5363
rest vs motor activity, EEG amplitudes, monozygotic vs heterozygotic twins, 5047
risk for affective disorders, 1st degree relatives of 17–39 yr olds with anorexia nervosa vs 16–56 yr olds with bulimia vs 13–43 yr olds with both disorders, 10600
role of aging & genetics & pathology & stages of Alzheimer's disease & relationship to Down's syndrome, 3504
single major gene correlate, central excitatory state, pure-bred black blow flies, 2812

sociology of psychological knowledge & Marxist-Leninist ideology & belief in genetic basis for individual differences in intelligence, 9220
spectographic analysis of spoken & sung words & structural limitation of auditory sensation & Japanese phonic sound structure, tonal sense, 21–51 yr olds, Japan, 5269
stability of scores on task orientation & test affect/extraversion & activity, identical vs fraternal twins tested at 6 & 12 & 18 & 24 mo, 5317
stress due to physical restraint & high salt diet, basal heart rate, hypertension sensitive vs resistant rats, 5044
urine levels of 3-methoxy-4-hydroxyphenylethylene glycol & 5-hydroxyindoleacetic & homovanillic & dihydroxyphenylacetic acids, healthy 18–41 yr olds with vs without family history of psychiatric morbidity, 5837
X-linkage between color blindness & affective disorders, schizoaffective probands, 8089

Geniculate Bodies (Thalamus)
blockade of input to area 17 from layer A of lateral geniculate nucleus, visual activity in cortical layers 4ab & 4c & 6, cats, 12109
corpus callosal & corticotectal & corticogeniculate visual projections, golden hamsters, 9673
crossed & uncrossed visual receptive field organization in dorsal lateral geniculate nucleus & comparison with higher mammals, male rats, 12121
electrical stimulation of mesencephalic reticular formation during various stages of sleep-waking cycle, perigeniculate neuron responses, cats, 7522
induced strabismic amblyopia, receptive field properties of visual cortex & lateral geniculate nucleus, cats, 2931
laminar segregation in lateral geniculate nucleus as measured by extracellular ON & OFF recordings, male minks, 460
misrouting of optic tract fibers as basis for disproportionate ipsilateral vs contralateral development of retinogeniculate projections, Siamese cats, 2842
orientation sensitivity of dorsal lateral geniculate neurons to moving light bars, kittens, 9617
overproduction & selective elimination of retinogeniculate axons, rhesus monkey fetuses, 12119
pairing of electrical CS to lateral geniculate with food UCS, changes in late components of EPs in motor & sensorimotor & visual cortex, cats, 9761
receptive field & electrophysiological response properties of lateral geniculate cells, dark-reared cats, 2925
stage of sleep-wake cycle, membrane potential of lateral geniculate body relay neurons, cats, 7383
structure of physiologically classified neurons in dorsal lateral geniculate nucleus, neonate & adult cats, 446
viewing through moving aperture, illusions in size perception & role of lateral geniculate & visual cortex, humans, 11797

Genital Disorders [See Also Amenorrhea, Dysmenorrhea, Gynecological Disorders, Hermaphroditism, Infertility, Menstrual Disorders, Premenstrual Tension, Turners Syndrome]
life change, yeast infections, 17–34 yr old females, 13093

Genitalia (Female) [See Female Genitalia]

Geniuses [See Gifted]

Genotypes
domestication & genotype & family group & sex, infanticide & parental behavior, non-lactating wild & laboratory house mice, 2753
genetic polymorphism, habitat choice, black turban snails, 9595
genetics, mate selection preferences, female melanic vs nonmelanic ladybirds, 2807
genotype & age, noise induced auditory losses, mice, implications for studies of ethnic differences in industrial noise-induced hearing loss, 7335
genotype & sex differences in hand preference & left vs right hand skills & developmental language problems, children more than 5 yrs old raised by 2 left-handed parents, 12392
genotype &/vs environment, phenotype, 5048
genotype, pleiotropic influence on ethanol sensitivity, inbred mice, 9596
genotypic variation for vagility, Drosophila pseudoobscura, 12045
phenotypes & genotypes in genetics, mental functioning & psychopathology, 12075
shock induced audible vs ultrasonic vocalizations, 3 single-gene mutants of C57BL6/J & SEC1Re/J mice strains, 12074
strain differences, sensitivity & development of tolerance to hypothermic effects of ethanol & behavioral responses, inbred mice, 631

Geographic Regions [See Geography]

Geographical Mobility
age & sex & family status, migration, West Germany, 932
education & intercompany poaching & mobility & inter-race bias & technological exposure & sociocultural problems & successful company programs, advancement at work, Blacks, South Africa, 9141
geographical relocation, coping behavior, high school students, 10046
personal mobility rate, health status, non-faculty university employees, 3-mo followup, 11478
process topology based on concepts of desired & expected & actual mobility & decision making perspective, migration & residential mobility, adults, 3-yr longitudinal study, 10117
SES, movement patterns for purposes of medical treatment, rural village residents, India, 10915
urban residential mobility, social integration & crime rate, 5847

Geography
cognitive representation of environment, implications for interdisciplinary cooperation between psychologists & geographers, 11464
field trips, geography fact & skill learning, 8th & 9th graders, 2024
teaching methods, geography education, Czechoslovakia, 4302

Geometry [See Mathematics]

Gerbils
aggressive experience during lactation, level of aggression, female Mongolian gerbils, 7321
exposure to escapable vs inescapable shock, learned helplessness, gerbils, 7233
lesions in medial preoptic area, effect of testosterone stimulation on scent marking & sexual behavior, castrated male gerbils, 605
methyl 4,6-dichloro-4,6-dideoxy-alpha-dextro-galactopyranoside alone vs with sucrose vs saccharin vs sodium chloride vs hydrochloric acid, taste response suppression, gerbils, 5210
polyethylene glycol injection, water vs saline intake, 30 & 60 day old gerbils, 657
pretreatment with dopamine receptor blocker pimozide, stereotypies induced by dextroamphetamine vs apomorphine, gerbils, 3012
size & shape of testing chamber, defensive burying, Mongolian gerbil, 7220
type of odor, social & investigatory & approach behaviors, male Mongolian gerbils, 402
water intake following stomach loading with NaCl, male vs female 30 vs 40 vs 50 day old gerbils, 656

Geriatric Patients
admissions group, adjustment following nursing home facility, frail aged, 6433
age & age of onset, course of primary depressive illness, patients over 65 yrs of age, 12785
anxiety & depression & physical disability, use of services, general practice patients over 70 yrs of age, 8413
behavioral assessment & treatment, behavior problems, institutionalized 79 yr old female with right sided hemiparesis, 10812
biofeedback/stress reduction, sleeplessness, 64 yr old female, 8542
brief behavioral intervention, verbal interactions, nursing home residents, 1809
caretaker predictions, Reinforcement Survey Schedule responses, 54–87 yr old psychogeriatric inpatients, 1824
construction & validity of Geriatric Depression Scale as screening test, aged patients, 91
demographic characteristics & patterns of emergency room use, 14–64 yr olds vs patients over 65 yrs old, 6408
depressive symptoms, geriatric patients in long term care facilities, 1797
ECT, depression, aged, 1496
efficacy of psychotherapy & alprazolam vs imipramine, moderately to severely depressed 61–81 yr old outpatients, 1488
ethical issues, long term gerontological care, social work implications, 11127
factors affecting life satisfaction & functional disability, geriatric day hospital patients, 10940
general hospital vs geriatric unit treatment, treatment outcomes, 67–91 yr olds, 13365
geriatric clinical evaluation training course, multidisciplinary assessment of aged clients, 4163
history & function of geriatric ward in general hospital, 13384
hospital environment, social work practices, elderly clients, 10956
indications & benefits & side effects & principles for use, haloperidol in treatment of psychotic symptoms, geriatric patients, literature review, 8582
institutionalization, process mediated by CNS & speed of response & cognitive processes, nursing home residents, 1806

life stress, 51–85 yr old patients hospitalized for neurobehavioral diagnosis & treatment, 13054
literacy skills, chronic psychogeriatric patients, rehabilitation implications, 13369
lithium therapy, red blood cell glycine & choline & cognitive functioning, cognitively impaired & Alzheimer's disease geriatric patients, 10862
maprotiline, depression, females over 60 yrs of age, 1632
medical factors & care, psychiatric outcome, 40–89 yr old patients in geriatric psychiatry unit, 6444
music/reminiscence therapy, 78 yr old female with exogenous depression, 8363
need for integration of liaison & geropsychiatry in general hospitals, 13366
onset of mania after age 70, 71 & 79 yr old females, 12880
operant therapy with vs without cognitive therapy, depression & high frequency verbalizations about death, 68 & 76 yr old institutionalized patients, 10797
outdoor gardening program, institutionalized geriatric patients, 8725
paired-associate learning test vs 10-word-list recall test, assessment of dementia, residents of homes for elderly with impaired memory compatible with Alzheimer's dementia, 1167
passive dependent personality, pseudodementia, 77 yr old female, 8094
psychodynamic vs cognitive-behavioral group therapy vs imipramine vs doxepin, depression, geriatric outpatients with mean age of 67 yrs, 1474
psychosocial support provision for aged & role of counselors, counselors on private practice medical staff, 10922
reality orientation, confused & disoriented nursing home patients, 13238
reality orientation therapy, 30–84 yr olds with dementias, 1508
relaxation training combined with music, tension headaches, 89 yr old nursing home patient, 1802
reprogramming of ward physical arrangement & staff reinforcement & prompting, activity level, 36–93 yr old psychogeriatric patients, 1804
role of social worker, families of institutionalized aged, 10982
sensory training, psychiatric patients with mean age of 78 yrs, 8401
social group work, disoriented elderly nursing home residents, 6382
staff evaluation of mental status & hypochondriasis & depression, 50–95 yr olds at day care center for frail &/or impaired elderly, 8663
stimulus control procedures, modification of inappropriate behavior, elderly institutionalized patients, 1796
structured learning therapy, social skill acquisition & transfer, psychogeriatric inpatients, 1795
supportive role of social worker, refusal of treatment, 87 yr old female terminal cancer patient, 10919
visual EPs, 64.2–82.5 yr olds with mild senile dementia of Alzheimer type, 10563

Geriatric Psychotherapy
age changes in intellectual functioning & health status & differences in cultural & educational experience, cognitive-behavioral vs psychodynamic group therapy, 55–78 yr old depressed geriatric outpatients, 13225
medical factors & care, psychiatric outcome, 40–89 yr old patients in geriatric psychiatry unit, 6444
present & future levels of services for aged & interest in hiring geropsychologists, hospitals & community mental health centers & nursing homes & psychology graduate departments & hospices, 4138

Geriatrics
burnout syndrome & coping strategies, counterproductive behavior & job dissatisfaction & drug & alcohol use & job search & illness rates, 26–86 yr old geriatric counselors & service workers, 8898
demographic characteristics & incidence & prevalence of psychiatric disorders & models for & barriers to mental health services, aged, literature review, 10440
geriatrics, bibliography, 10705
impediments to & suggestions for geriatric psychopharmacological research with dihydroergotoxin mesylate, demented aged, 8585
model for multidisciplinary training & education in hospitals, geriatric medicine, 6493
need for integration of liaison & geropsychiatry in general hospitals, 13366
present & future levels of services for aged & interest in hiring geropsychologists, hospitals & community mental health centers & nursing homes & psychology graduate departments & hospices, 4138
psychiatric care, aged, Great Britain, 10657
psychodynamics, illness, aged, social work implications, 10973
self ratings of skills in geriatric medicine, family physicians vs residents vs medical faculty members & fellows, 1955
social & professional & conceptual models of aging, scientific & professional & patient care impact, 12371

German Measles [See Rubella]

Gerontology
aging, clothing preferences & needs, females age 65 & over, implications for education & clothing industry, 4602
behavioral research on elderly populations, analysis of 5 journals, 787
essay about aging, implications for gerontology, 5324
geriatric profile of E. Roosevelt from age 61 to 78, 8053
gerontological knowledge, attitudes toward aged, religious college & graduate students, 3283
gerontological perspective, research on life span & change, 7703
gerontology instruction, physicians, 1907
intelligence & creativity, aged, Scandinavia, 5282
number & location & extent of gerontological counseling training programs, 4176
psychogerontology & life-span psychology, 5320
rural context, well-being, aged living in small towns, implications for gerontological research & intervention, 12388
social & professional & conceptual models of aging, scientific & professional & patient care impact, 12371
vision research issues, aged, 10014

Gestalt Psychology
clarification of Gestalt therapy concept of figure/ground, focus of therapy, reply to criticism of S. F. Crocker, 4640
comparison of E. Bloch's "concrete utopia" & gestalt theory, psychological utopia research, 2333
debate of proposed contact/boundary interference termed "proflections" in Gestalt theory, criticism of work of S. F. Crocker, 4627
life & work of M. Wertheimer & origins of his Gestalt psychology, 2338
proflection & Gestalt theory, reply to J. Latner's criticism, 4626
rating of Gestalt characteristics, Japanese/Chinese Kanji, 12343

Gestalt Therapy
clarification of Gestalt therapy concept of figure/ground, focus of therapy, reply to criticism of S. F. Crocker, 4640
clinical intervention based on Gestalt principles for joint activity of worker & client, 6130
debate of proposed contact/boundary interference termed "proflections" in Gestalt theory, criticism of work of S. F. Crocker, 4627
Freudian & Gestalt & spiritual disciplines' techniques for development of attention, psychotherapeutic attention, therapists, 10743
frustration & support, facilitation of client growth in Gestalt therapy, 6146
Gestalt & creative media therapies, 36 yr old terminally ill cancer patient, 3809
Gestalt therapy, schizophrenia, 6144
model of group therapy based on Gestalt theory, 21–43 yr old schizophrenics, 6182
primary prevention Gestalt oriented model, failure, students, Israel, 4272
proflection & Gestalt theory, reply to J. Latner's criticism, 4626
psychoanalytic developmental theories of M. Mahler & self concepts of H. Kohut & Gestalt psychology, diagnosis & treatment of narcissistic patients, 5827
use of confusion & trance in Gestalt therapy, 6148

Gestation [See Pregnancy]

Gestures
association of qualifying words & bodily expressions with musical excerpts, college students, 742
eye contact & gesturing & self contact behaviors on right vs left sides of body during interpersonal contact vs emotional situations, right handed 19–35 yr old females, Italy, 3401
paired gestural & vocal communication, cleft palate 12–13 mo olds, 5990
physiographic gestures & speech, 7 yr olds, 845
self manipulative gestures following film on insects, college students, 11920

Gifted
accuracy in identifying gifted students, primary & secondary school teachers, 2167
achievement locus of control & expectations of academic success, gifted high school students, 9043
age & intelligence & physical fitness & self concept & parent-child relations, creative thinking abilities, gifted elementary & junior high school students, Taiwan, 802

age & sex & grade level, perception of gifted programs, 8–17 yr old gifted students, 9071
amount of stimulation received in mixed-ability classes, bright 7th graders, 2117
assessment, discrepantly gifted children, 6786
assessment of educational program effectiveness, gifted, 6776
attributes & incidence of underachievement & strategies to reduce or eliminate problem, gifted students, 2135
career education & vocational guidance, gifted elementary & secondary school students, 2106
career related attitudes & values, 24–35 yr olds identified as gifted in high school, 4468
causes & prevention of academic underachievement, gifted students, 2107
Center for Global Futures program in laboratory school setting, gifted students, 9064
cognitive & affective goals & measurement instruments, evaluation of programs for gifted & talented students, 9035
cognitive development & abilities, gifted 3rd–6th graders, Taiwan, 803
cognitive-developmental approach to identification of giftedness, children, 801
correlations between Cognitive Abilities Test Form 3 & Ross Test of Higher Cognitive Processes, gifted 4th–6th graders, 11692
development of school related & recreational & personal & social interests, gifted elementary & middle school students, Taiwan, 3-yr longitudinal study, 774
early identification & reading instruction, gifted children, 9038
emotional development, gifted 4th & 6th & 8th graders, Taiwan, 915
emotional needs, gifted children, 12375
emotional stability as indicated by chronic anxiety levels, 2nd–12th graders in gifted program vs 1st–12th graders in regular classrooms, 11247
Estes Attitude Scales, diagnosis & identification of underachievers, gifted students, 2153
evaluation of nonintellectual measures of early screening, educable mentally retarded & gifted students, 11299
factor analysis of responses to Piers-Harris Children's Self-Concept Scale, components of self concept, gifted 2nd–9th graders, 5421
factorial validity of Multidimensional-Multiattributional Causality Scale, assessment of attributions of success & failure, gifted high school students, 11325
family interaction & parental pride & children's personality adjustment, families with 1 vs both children attending gifted school programs, 757
foregrounding program in teaching literature, gifted children, 9074
form & use of reading guides, gifted children, 9084
games, development of formal thinking process, gifted students, 2140
gender & self concept, gifted elementary & junior high school students, Taiwan, 894
guidance & counseling services, gifted students, 2148
hazards of standardized IQ tests, identification of gifted students, 4408
high vs low ability, hemispheric preferences, gifted vs learning disabled or educable mentally handicapped elementary school students, 12977
high vs low experience & talent, creativity, 13–17 yr old drama students, 9912
humor in classroom, identification & development of creative talent, gifted students, 2093
identification & reading achievement & optimum reading instruction, gifted 1st grade readers, 9037
inadequate level of difficulty of WPPSI, gifted 4–6 yr olds, 4759
integrated vs separate education, handicapped & gifted children, parents & special education teachers & students, 6759
internal consistency of Leadership Inventory, assessment of potential leadership ability, gifted 4th–7th graders, 4737
IQ level & sociocultural background, academic & social success, disordered gifted children in psychiatric center, 5719
issues in career education, disadvantaged gifted students, 9044
issues in family counseling, gifted & talented Black students, 8468
leadership roles in groups, gifted children, 7704
model for creativity training, gifted students, 2104
multidisciplinary approach to creative dramatics, gifted students, 2095
oral communicative output & linguistic ability, 8–11 yr olds with superior intellectual potential, 799
parent-teacher cooperation, gifted education, 6756
parental & school influences, development of attitudes about control, talented & gifted adolescents, 10096
perceived victimization & anonymity & self esteem & preferred teacher characteristics, nonlabeled vs gifted & talented 5th–8th graders, 9027
perceptions of experience with school science education, 9 & 13 & 17 yr olds, implications for instruction of gifted, 2141
personality characteristics & sex differences & SES, gifted 7th–12th graders, 7680
personality measured by Children's Personality Questionnaire, male vs female gifted 4th–6th graders, 10063
physique & physical fitness, 4th & 6th & 8th grade gifted students, Taiwan, 755
problems in parenting gifted children, 7880
radiation emitted during performance of exceptional capabilities, gifted Ss, 537
reasons for underachievement & programs to make school more meaningful, gifted middle school students, 2100
recommendations for professional training in education of gifted & talented, teachers, 8950
recreational reading, gifted children, bibliography of books, 9069
research in direct instruction, special education & normal students, Australia, 6543
role in education of gifted students, school psychologists, 1974
rule vs discovery instruction, syllogistic reasoning, gifted 7–11 yr olds & normal 6th graders, 6617
self concept & achievement motivation & internal responsibility & anxiety & psychological makeup, male & female mentally retarded & gifted junior high school students, Taiwan, 1295
self esteem & self concept, male vs female 7th & 8th graders highly gifted vs able vs average in mathematical ability, 7702
sex role orientation, gifted male vs female 14–18 yr olds, 921
sex role stereotyping, creativity, gifted children, 5433
short form combinations of 2 subtests of WISC-R, prediction of full scale IQ, gifted 6–11.7 yr olds, implications for usefulness in screening, 4747
social & emotional problem solving & cognitive ability, gifted vs average 6th graders, 3231
socio-educational issues, gifted children, Australia, 9082
strategy for identification of giftedness, students, 2189
student self documentation approach, educational program evaluation, gifted, 6793
Study of Mathematically Precocious Youth, identification & educational facilitation, mathematically gifted students, 1971–81, 6757
suggestions for meeting special needs within ordinary classroom, gifted students, 2105
systems approach to planning guidance programs, parents of gifted children, 1560
teacher identification & intellectual vs creative giftedness & characteristics of recognized vs unidentified gifted students, gifted secondary students, UK, 4362
teacher's use of R. Blake & J. Mouton's managerial grid, leadership styles & academic achievement, gifted students, 9066
typology based on approaches chosen to cope with emotions, gifted children, 902
validity of California Abbreviated WISC for Intellectually Gifted, screening, 6–16.6 yr olds referred for gifted placement, 6783
validity of R. A. Male & D. Perrone's instrument, identification of gifted achievers, junior & senior high school students, 6795
Yehudi Menuhin School for meeting special needs, talented young musicians, 2136

Gilles de la Tourette Disorder
adult onset of Gilles de la Tourette syndrome, 45 yr old male, 10621
characteristics & diagnosis & haloperidol treatment, Gilles de la Tourette's syndrome, mentally retarded persons, 12961
emergence of body self during 1st 15 mo of life through separation-individuation, infants, implications for psychosis & Gilles de la Tourette's syndrome & phantom limb disturbances, 7800
Gilles de la Tourette syndrome, male monozygotic twins, 8350
neuroanatomy & amine excretion & psychopathology, 12 yr old female with Gilles de la Tourette's syndrome, 8352
propranolol, amelioration of symptoms, 12–13 yr olds & 36 yr old females with Gilles de la Tourette's syndrome, 10870

Girls [See Human Females]

Glands [See Also Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Pancreas, Pineal Body, Pituitary Gland, Testes]
poison-secreting granular glands of skin & role in evolutionary preadaptation, dendrobatid frogs, 12139
prepubertal ovariectomy, scent gland development & scent marking & aggressive behavior, female monkeys, 590

Glaucoma
chromatic & achromatic spectral sensitivities & potential role of ganglion cell loss, diabetics with vs without retinopathy & glaucoma patients, 1326
Globulins [See Antibodies, Immunoglobulins]
Globus Pallidus
globus pallidus & putamen & claustrum lesions, motor asymmetry during active defensive reflex, cats, 12228
intrastriatal dopamine injection, mapping of striatal efferent system by glucose utilization in striatum & projection nuclei & rotation, male rats, 9798
lesioning of globus pallidus, conditioned reflexes, cats, 2973
morphine & phenobarbital vs chloral hydrate anesthesia, globus pallidus unit activity, rats, 9840
paleostriatal lesions, enhancement of classical conditioning components of FI schedule responding & operant go-no-go discrimination & alternation, pigeons, 9782
Glossolalia
glossolalic training, nonverbal sensitivity, psychology graduate students, 13457
Glossopharyngeal Nerve [See Cranial Nerves]
Glucagon
ip injections of antibodies to pancreatic glucagon, increase in meal size & duration, male rats, 659
Glucocorticoids
ACTH vs glucocorticoid treatment, EEG & Tree Test performance, 53 yr old female with isolated ACTH deficiency, 13276
adrenalectomy & superior colliculus injections of 5,7-dihydroxytryptamine, photoperiodic effect on receptive field size for grooming reflexes, pontile-lesioned cats, 9725
basal cortisol level & cortisol response to dexamethasone, primary vs secondary depressives, 12885
dexamethasone, reversal of adrenalectomy-enhanced footshock-induced analgesia, mice, 9736
dexamethasone suppression & mood response to methylphenidate, 20–65 yr olds with primary depression, 12776
dexamethasone suppression test & clinical correlates, endogenously depressed patients, 10342
dexamethasone suppression test, diagnosis of major depressive disorder, 13–19 yr old psychiatric inpatients, 5826
dexamethasone suppression test, hyperactivity of hypothalamic-pituitary adrenal axis, 16–49 yr old bulimic patients, support for bulimia as form of affective disorder, 13029
dexamethasone suppression test, panic disordered & depressed patients, 10394
dexamethasone suppression test results, 21–61 yr olds with panic attacks, 12868
dexamethasone suppression test, suicidal patients with unipolar depression, 10436
dexamethasone suppression test, 16–74 yr old inpatients with major depression with vs without melancholia & psychosis, 5751
dexamethasone suppression test, 18–65 yr old mildly & moderately depressed outpatients, 10420
dexamethasone suppression test, 20–65 yr olds with mixed bipolar disorder, 5752
dexamethasone suppression test, 5–12 yr olds with major depressive disorder, 5759
dexamethasone suppression tests, cortisol & 11-deoxycortisol & corticosterone & 11-deoxycorticosterone & cortisone, 27–58 yr old endogenously depressed females, 10376
DSM-III criteria & dexamethasone suppression test, prediction of response to drug therapy & psychotherapy & ECT, depressed inpatients with mean age of 71.2 yrs, 10714
multiple time point sampling, sensitivity of dexamethasone suppression test, neuropsychiatric inpatients, 10369
perinatal glucocorticoid administration, body & brain weights & spatial learning task acquisition, male rats, 635
serum cortisol & fasting blood sugar levels during dexamethasone suppression test, females with endogenous depression, 8159
thyroid stimulating hormone & urinary free & plasma cortisol & dexamethasone suppression & CSF 3-methoxy-4-hydroxyphenyl glycol & 5-hydroxyindoleacetic acid levels, 17–67 yr olds with major depression, 10335
time of dexamethasone suppresssion test administration, 24-hr cortisol secretory patterns, 48–70 yr old major depressives, 12850
total sleep deprivation, dexamethasone suppression test, endogenously & nonendogenously depressed 21–76 yr olds, 12819
Glucose [See Also Blood Sugar]
fasting vs glucose feeding, variability in forces applied during repetition of habituated cycling task, males, 2881
feeding & satiety & glucose injection, dopaminergic unit activity in substantia nigra, cats, 9675
GABA-transaminase inhibitor ethanolamine-O-sulfate, brain glucose uptake & food intake & activity level & sensorimotor function & tactual orienting & catalepsy & auditory startle habituation, male rats, 12307
glucoprivic agent 2-deoxydextroglucose administration, dietary self selection, male rats, 3044
insulin tolerance test, glucose response, patients recovering from pure familial vs bipolar depression, 5780
intraduodenal glucose infusion, regulation of hunger & satiation, female rabbits, 648
intrastriatal dopamine injection, mapping of striatal efferent system by glucose utilization in striatum & projection nuclei & rotation, male rats, 9798
liver denervation, feeding & water consumption induced by insulin & hyperglycemic metabolic & hypertonic saline challenges, male rats, implications for role of liver glucoreceptors & osmotic receptors, 12178
methylphenidate, decrease in motor cortex & increase in subcortical & cerebellar & thalamic & reticular formation glucose metabolism, male rats, implications for pharmacological action in attention deficit disorders, 3938
peripheral & icv glucose & insulin, peripheral & CSF glucose & insulin levels, male rats, 7612
pleasant handling vs stress, plasma protein & glucose & urea, pigs, 7455
post ingestive vs oral influences of glucose or sucrose solution, satiety, male rats, 7462
preoperative dieting & 2-deoxydextroglucose, feeding behavior, rats with area postrema lesions, 584
unilateral 6-hydroxydopamine along mesotelencephalic dopaminergic pathway, temporal parameters of recovery of tactual & somatosensory stimulus localization & hemispheric 2-deoxyglucose uptake, male rats, 7546
water deprivation, food intake during 2-deoxy-D-glucose induced glucoprivation, rats, 568
5-thioglucose, feeding & glycemia, adult male hamsters, 639
Glue Sniffing
glue sniffing, persistent visual hallucinations & abnormal EEG & delayed visual EPs, 16 yr old male, 8181
knowledge of & attitudes toward solvent & aerosol abuse, Saskatchewan retailers, 8194
use & abuse of solvents & glue sniffing, adolescents, literature review, 10453
Glutamic Acid
amitriptyline, serum glutamate concentration & serum-free tryptophan, rats, implications for action in depressed humans, 12288
ethanol, glutamate & GABA levels in brain & CSF, rats, 5197
levoglutamate microinjection into nucleus reticularis paragigantocellularis & raphe magnus nucleus, analgesia & inhibition by phentolamine & phenoxybenzamine & methysergide, male rats, 9855
microiontophoretically applied glutamate & acetylcholine as analogs of CS & UCS to sensorimotor cortex micropool of neurons, associative properties of CRs, rats, 9834
monosodium glutamate, treatment of learning disabilities & fatigue, 17–44 yr olds, 6258
neural mechanisms underlying aggressive behavior as revealed by intracerebral glutamic acid microinjections vs electrical brain stimulation procedures, literature review, 5056
serum glutamate level, 20–72 yr olds with endogenous & neurotic depression vs schizophrenic & schizoaffective patients, 12822
Glutamine
proglumide, blockade of cholecystokinin's excitatory effects on midbrain dopaminergic neurons & dopamine-sensitive prefrontal cortex cells, male rats, 12253
Glutethimide
glutethimide overdose & withdrawal, catatonia, 31 yr old male, 8555
Glycine
lithium therapy, red blood cell glycine & choline & cognitive functioning, cognitively impaired & Alzheimer's disease geriatric patients, 10862
Goals [See Also Educational Objectives]
analysis of behavior rules & goal values & images, day care center staff, Italy, 13517
chronic illness in self or sibling, goal setting behavior & family climate, 7–11 yr old asthmatics vs diabetics vs siblings of asthmatics vs healthy children from healthy families, 3716

distinction between risk & uncertainty & ambiguity in risky choice & risk preference & planning & goals & aspirations & economic model, psychological concept of risk, 4972
explicit statement vs implicit understanding of group goals, group problem solving, college students, 5629
functions & goals of psychoanalytic supervision, 11148
goal acceptance, goal setting & task performance & motivation, employees, 11411
goal attainment scaling as technique to improve accountability, educational psychologists, 13523
goal attainment scaling, evaluation of outcomes in family therapy, families with 6–16 yr olds, 4816
goal change, satisfaction & organizational commitment & absenteeism, secretarial staff, 13751
goal hierarchy as decision aid, information seeking & processing efficiency in choosing apprenticeship, high school students, 4259
goal setting & feedback, task productivity, mentally retarded 22–25 yr olds, 8767
goal-directed behavior in personality theory, literature review, 12736
hypotheses & goals in sociological research, 20
identity formation & level of autonomy & transference/countertransference, self determination & creativity & cooperation in therapy & decision about goals, females, 1520
information feedback & goal specificity characteristics of problem, problem solving strategies, college students, 7180
knowledge of results & goal setting, maintenance of RT speed, female college students, 7208
knowledge of results & goal setting mode, causal attributions, college students, 3408
participative vs assigned goal setting, intrinsic motivation for interesting vs boring tasks, male college students, 11911
perceived difficulty of goal attainment, mobilization of effort & perceived magnitude of goal valence, college students, 7204
perceived dimensions of interpersonal cooperative & competitive goal-oriented situations, college students, 3391
rehabilitation training & motivational & psychological status, meeting basic needs & participation in vocational & avocational activities & accomplishment of personal goals, spinal cord injured patients, longitudinal study, 1841
reliability & validity, verbal cathexis test correlated with goal orientations & mood ratings, Ss with mean age of 26 yrs, 9382
role & goal characteristics & feedback, organizational performance, 2254
self control treatment with vs without proximal vs distal goals & financial contingency & group meetings, increase in study time & grades, college students, 13687
sex of E, performance on E imposed vs self selected goals, humans, 11910
task analysis of age, goal setting & attribution & affective self evaluation & perception of task difficulty as components of achievement motivation, 5–6.1 yr olds, 874

Goats
neurophysiological activity, chemosensory neurons in geniculate ganglion, goats, 430
occurrence & functions of flehman, feral goats, 2769

God Concepts
hypnosis & awareness of God & treatment of depression & emotional illness, 1678
unconscious & reality of God & mysticism, discussion of Freud's "Metapsychology" & "Psychopathology of Everyday Life", 4645

Goldfish
inescapable low intensity shock, number & latency of responses during subsequent avoidance learning, goldfish, implications for learned helplessness, 7258
level of steady vs modulated adapting light, retinal ganglion cell discharge rate, goldfish, 461
moving light as CS, CR following enucleation, goldfish, 7543
optic nerve crushing & impulse activity elimination by tetrodotoxin during axonal regeneration, retinotopography, goldfish, 9739
pinealectomy, bombesin effects on body temperature regulation, goldfish, 7497
prolyl-leucyl-glycinamide vs naloxone, morphine analgesia, goldfish, 3017
temporal interval following surgical redirecting of retinotectal fibers, ocular dominance column development, goldfish, 9781

Gonadotropic Hormones [See Also Luteinizing Hormone, Prolactin]
electrical stimulation of mesostriatal dopamine system & gonadectomy & estrus cycle, rotational behavior, male vs female rats, 561
gonadal hormones & sensory function, humans & animals, literature review, 9689
gonadotropin releasing hormone, growth hormone & prolactin & thyrotropin release, depressed patients, 1138
gonadotropin releasing hormone infusion test, levels of luteinizing & follicle-stimulating & growth hormones & prolactin & thyrotropin, 46–64 yr old depressed vs 54–67 yr old nondepressed postmenopausal females, 10338
testosterone, electrically induced medial preoptic/anterior hypothalamic & arcuate/median eminence & medial forebrain bundle neuronal responses, intact vs castrated male rats, gonadotropin release & sexual behavior implications, 9729
tetrahydrocannabinol & castration, plasma levels of follicle stimulating hormone & prolactin & growth hormone, testosterone propionate treated vs untreated male mice, 2912

Gonadotropin [See Gonadotropic Hormones]

Gonads [See Also Testes]
electrical stimulation of mesostriatal dopamine system & gonadectomy & estrus cycle, rotational behavior, male vs female rats, 561

Gonorrhea
role of social work, prevention & treatment & control of gonorrhea, 4044

Goodenough Harris Draw A Person Test
teacher vs peer nomination vs pupil product vs Draw-A-Man test vs Leiter International Performance Scale, identification of intellectual superiority, Black kindergartners & 3rd graders, 9108
validity of Draw-A-Person test, measurement of anxiety, literature review, 9381

Gorillas
gestation period & estrous cycle length, orangutans & gorillas & Celebesian black apes & Goeldi's monkeys & cotton-topped tamarins & Mayotte brown lemurs, 2860
move to new enclosure & subsequent social integration, lowland gorillas, 2719

Gossip
origin & dissemination of rumors, retarded institutional residents, 13363
rumors as defenses in groups, 10234
social process of instigating as reporting of what was said behind one's back, Black 7–13 yr old females, 881

Government
children's rights & services & service delivery & role of state, literature review, 1970 to present, 1731
political uses of dead citizens, social control, 7914
psychoanalytic interpretation of dreams & associations in reaction to state's suppression of mourning reactions, Zurich youth movement supporter, Switzerland, 7846

Government Agencies
National Institute of Mental Health information campaign, stigma of mental illness & employment of recovered patients, 8763
organizational counseling & career development program, government employees & supervisors, 11347
relationship with federal agencies, Cherokee Indians, 3278

Government Bureaucracy [See Government]

Government Personnel [See Also Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Law Enforcement Personnel, Marine Personnel, Military Personnel, Navy Personnel, Police Personnel, Prison Personnel, Probation Officers, ROTC Students]
analysis of employee attitudes, evaluation of supervisory implementation of Civil Service Reform Act performance appraisals, government employees, 4482
attitudes toward management style & employee performance, managers in state administration, 11381
biological & organizational & sociocultural models, sexual harassment at work, federal employees, 6873
development & validity of alternative selection inventories, federally employed attorneys, 11358
development & validity of instrument, assessment of C. A. Perrow's dimensions of work-unit technology, government employees, 2484
ethical responsibility to employees & employment security during reassignment, public employers, 11416
extraversion & neuroticism, job preferences & satisfaction, 18–64 yr old Civil Service employees, 11442
failure of merit pay system in federal government, 6853
job characteristics & availability & value of various outcomes for good performance & probability of good performance & motivation, male vs female municipal personnel, 9171
knowledge of & attitudes toward educational placement of handicapped children, New York City Committee on Handicapped, 6723

models of social desirability effects, organizational behavior research, managerial vs nonmanagerial employees in manufacturing & finance & state government, 9166
multivariate approach using triple cross validation design, analysis of job characteristics & job satisfaction, public sector employees, 2521
occupational demands, wives' satisfaction & well-being, male 30–60 yr old senior administrators of probation/parole/aftercare services, 6857
organizational counseling & career development program, government employees & supervisors, 11347
performance appraisal system & bonus payments, senior managers in federal public service, Canada, 9149
role conflict & ambiguity as job stressors & social support, job outcomes, federal government employees, 9175
strategies & tactics of mediation, state vs federal mediators, 4487
task perception & managerial effectiveness, civil service managers, 11376
training program, enhancement of services to elderly, municipal housing authority personnel, 4016
value importance, value fulfillment/job satisfaction, state vs bank employees vs US Navy cadets, 13755
Government Policy Making [See Also Drug Laws, Foreign Policy Making, Gun Control Laws, Laws, Legislative Processes, Marihuana Legalization]
affirmative action in public sector, Canada, 11443
autonomy & privacy as public policy values, adolescents & their rights, 10190
behavioral framework for policy implementation analysis, social programs, 8670
chemicals & crude drugs derived from cannabis & effects of marihuana & Reagan administration approach to drug problem, 3098
criminalization & medicalization of heroin users during 2 historical time periods, US, 8200
criticism of use of metaphors & analogies in social science & public policy, literature review, 4693
current public policy & recommendations, infant daycare, US, 10202
emphasis on decision processes vs risk-cost-benefit analysis, government regulatory decisions, 5565
epidemiology of mental disorders & national mental health policies, 1210
ethical issues in mental health policy & administration, summary of National Institutes of Health conference & annotated bibliography, 1458
factors affecting public understanding & future of psychology & need for involvement in national policy, recommendations based on address by president of American Psychological Association, 4129
federal support for hospice care, dying patients, 4001
financial vs psychological & social considerations, medical decisions for treatment of end-stage renal disease, physicians, public policy implications, 3991
government policy, performance measurement & quality assurance vs client outcome models for mental health program evaluation, 1721
historical development of public policy, children of alcoholics, 10493
history of drug production & use-value characteristics of drugs, development of drug industry & control policies, 7945
impact of "new federalism" proposals, programs affecting children & youth & families, 10193
impact of psychological research, public policies affecting children, 10188
legal issues & policy considerations affecting children, literature review, 7911
level of paradigm development in various scientific fields, research productivity impact of national science policy, implications for organizational research, 2255
mental health policy change, overcrowding & admission procedures, adult psychiatric inpatient units, 11005
model for family impact analysis in social work, application in assessing public policy, 8702
myths & rate & length of stay & treatment & cost effectiveness, mental hospitalization, implications for public policy, 4077
nuclear disarmament movement, US, 3265
patterns in government drug control policies, literature review, 7921
policy making & management in management-labor vs business-government vs industry-environment vs business-business relations, Japan vs US, 4507
priorities of family related needs, surveyed public vs participants at regional public hearings, 10196
private foundations, research & public policy, child development & welfare, 10175
probability of tax audit, decisions about tax evasion, college students, implications for tax administration, 1026
proposed 1983 budget cuts & implications of R. Reagan's policies on children & youth services, 3337
public policy debate on nature of services & insurance reimbursement for hospice care, 3979
research advances demonstrating effective social work practice & directing foster care reform, 4054
review of efforts to modify position of Joint Commission of Accreditation of Hospitals & state mental hospital codes, hospital practice of psychology, American Psychological Association, 4211
school characteristics, normal reading achievement, urban low income Black children, literature review, implications for educational policy, 6625
self esteem & work, employment policy implications, 1005
social policy & social practice issues surrounding subsidization of adoption, paid parents, 3340
social pressure, emergence of Sudden Infant Death Syndrome as high medical research priority, 3989
subjective quality of life as criterion, assessment of needs for social policy & resource allocation decisions, adults & older persons, 10106
suggestions for overcoming sociocultural & governmental obstacles to growth & development of guidance & counseling, Thailand, 6396
trends in perinatal health policy, UK, 6335
Government Programs [See Also Job Corps, Project Head Start, Welfare Services (Government)]
availability of group homes, mentally retarded, US, 8756
criticism of government Mandatory Supervision program, prisoners not eligible for parole, 8775
deinstitutionalization, behavior change, mentally retarded & Down's syndrome victims with mean age 26.4 yrs & 6 mo or more in community placement, 1757
development of national drug treatment program, Israel, 1882
diagnostic criteria used to determine eligibility of mentally retarded for vocational rehabilitation services, state rehabilitation agencies, 8768
directory of national information sources on handicapping conditions & services, book, 8636
framework for understanding & design guidelines for interventions, social problem solving, residents & corrections officials involved in implementation of Minnesota Community Corrections Act, comment by C. L. Chiles & author's reply, 12574
impact of "new federalism" proposals, programs affecting children & youth & families, 10193
interagency cooperation & volunteer support & self-help & humanistic therapy, Child Sexual Abuse Treatment Program of Santa Clara County, California incest victims & their families, 1729
labor force participation rate, Comprehensive Employment & Training Program participants, 2201
opinions on domestic welfare & civil rights policy, prediction of political party membership, citizens, US, 1956–80, 5553
police program for employment, police detentions, 14–16 yr old gang members, 11044
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, 2276
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, criticism of B. G. Gricar & A. J. Baratta's article, 2278
program to involve citizens in dissemination of information about radiation levels after Three Mile Island, response to criticism by W. Key, 2277
proposed 1983 budget cuts & implications of R. Reagan's policies on children & youth services, 3337
recent US Supreme Court decisions, federal role in programs & services for handicapped, 6748
self esteem & work, employment policy implications, 1005
self interest & racial affect & stratification beliefs, affirmative action attitudes, Whites aged 18 yrs and older, 7843
sex & primary drug problem & treatment environment, treatment outcomes, patients aged 55 or older in federally funded drug treatment programs, 13428
utilization of Comprehensive Employment & Training Act, drug abuse treatment programs, 1886
work/rehabilitation program at National Institute of Social Welfare, rehabilitative & preventive treatment, workers with job-related physical & psychological disorders, Brazil, 13410
Gradepoint Average [See Academic Achievement]

Grading (Educational)
knowledge of previous grades, subjective grading of term paper, college students, implications for halo effect, 13679
reliability of grading in oral examination, American Board of Pediatrics examiners, 6487
stereotyped attitudes & familiarity with student behavior, grading bias, female 1st–4th grade teachers, 1981
student's handwriting quality, assignment of essay grades, high school teachers, 13532
Graduate Degrees [See Educational Degrees]
Graduate Education [See Also Clinical Psychology Grad Training, Graduate Psychology Education, Medical Education, Psychiatric Training]
excellence as personality variable, mediation between attitude toward & intention to enter master's program in business administration, new students, support for predictive effectiveness of multiattribute attitude model, 13612
graduate training & classroom behavior management approaches, regular education vs learning disability resource teachers, 13533
Graduate Psychology Education [See Also Clinical Psychology Grad Training]
characteristics of graduate psychology departments & students, 1970–79, 4200
characteristics of psychology professional schools, 13479
courses & credit hours required for admission to counseling & counseling psychology graduate programs, 4161
demographic trends & sources of financial aid & employment & study plans, doctoral recipients in psychology vs physical sciences vs engineering vs life vs social sciences vs humanities vs education, 4202
enrollment in master's & doctoral level psychology programs, undergraduate psychology education, psychology department chairpersons, 2022
faculty & course offerings related to psychology of women, graduate departments of psychology, 6642
glossolalic training, nonverbal sensitivity, psychology graduate students, 13457
goal-oriented evaluation, health psychology doctoral program, 4195
graduate school origins, authors of articles in "Journal of Counseling Psychology", 6501
graduate training in evaluation research within psychology, Hofstra University program, 13469
history of psychology at University of Fribourg, Switzerland, 4644
hospital entry as patients as part of training program in psychopathology, graduate students in clinical & counseling psychology, 4191
model for resolving value dilemmas, social scientists & psychology & education & medical students, 4204
number & degrees of lecturers at undergraduate & graduate level, evaluation of universities and departments of psychology, Great Britain, implications for funding of universities, 13504
proposal for revision of doctoral school psychology to conform to accepted goals of professional psychology education, literature review, 13509
psychology graduate school admissions, 1980–81, 13444
recruitment & retention of minority faculty members, graduate departments of psychology, 4201
survey of ethics training in graduate schools of psychology, Canada, 8894
thematic review of PhD dissertations in psychology, USSR, 1976–81, 6485
training & application, school psychologists, New Zealand, 11179
training models & doctoral programs, counseling psychologists, 4165
Graduate Record Examination
undergraduate GPA & semester hours in psychology, performance on Graduate Record Examination advanced psychology test, college students, 2178
Graduate Schools
characteristics of psychology professional schools, 13479
faculty & course offerings related to psychology of women, graduate departments of psychology, 6642
Graduate Students
assigned attributes & mentally retarded label for videotaped children, attitudes & acceptance, undergraduate vs graduate regular vs special education teacher education students, 4374
attitudes toward current training program's curriculum, clinical psychology graduate students in scientist/professional vs professional school programs, 8886
barriers in graduate social work education, partially sighted & blind students, implications for support & assistance by rehabilitation counselors & college faculty, 6528
characteristics of graduate psychology departments & students, 1970–79, 4200
client-centered consultation, skills in describing classroom problems & generating appropriate remedial plans, graduate students in school psychology, 1976
construction of Career Exploration Survey, college & graduate students, 4433
demographic & educational characteristics & expectations & perceptions of graduate programs, graduate students in clinical behavioral sciences, France, 4131
early experience, test anxiety & achievement motivation & fear of success, graduate students, 6693
early parental behaviors & coping styles, Type A behavior, male vs female graduate business students, 12691
excellence as personality variable, mediation between attitude toward & intention to enter master's program in business administration, new students, support for predictive effectiveness of multiattribute attitude model, 13612
Graduate Record Exam & Miller Analogies Test & GPA, prediction of academic performance, graduate students, 9004
hospital entry as patients as part of training program in psychopathology, graduate students in clinical & counseling psychology, 4191
human sexuality course, attitude change, college & graduate students, 8999
knowledge of children's legal rights, school psychology graduate students vs interns prior to employment, 13528
task value & duration & deadline, decision making process in multitask situation, graduate engineering students, evidence for normative dynamic decision model for prediction of human task selection, 4922
teaching-learning model for psychology of women course, undergraduate seniors & graduate students, 6621
test & interscorer reliability of oral reading tests, professors & graduate students, 6801
validity of self reported confidence & rated importance of knowledge of research competencies & attitudes toward educational research as predictors of research quality & quantity, graduate & postgraduate education students, 4432
Grammar [See Also Adjectives, Adverbs, Form Classes (Language), Inflection, Morphology (Language), Nouns, Orthography, Phonology, Pronouns, Sentence Structure, Syntax, Transformational Generative Grammar, Verbs]
grammatical & semantic use of noun phrases in narratives & achievement of textual coherence, 2–5 yr olds, 791
grammatical structure & concreteness of expression, interpretations for novel metaphors, 17–47 yr olds, 7655
language rules & difficulty in generalization of syntactic rule training, language disordered 4–5 yr olds, 1316
persistence of self generated grammatical errors, 4 yr olds, 10003
production & structure & complexity of procedural discourse, 24–71 yr old moderately impaired aphasics, 3768
syntactic structure vs string length, parsing preferences, alternative view to J. D. Fordor & L. Frazier's theory, 7656
transformational grammar vs type transparency hypothesis vs derivational theory of complexity vs extended lexical theory, models of human sentence processing & linguistic research methodology, literature review, 7646
use of story grammar in teaching students to analyze stories, Japan vs Western countries, 2027
Writer's Workbench computer programs for UNIX operating system, analysis of English prose to facilitate improved writing, 4682
Grammar Schools [See Elementary Schools]
Grandchildren
Adopt-A-Grandchild program, facilitation of positive attitudes toward aged & interpersonal relationship, children & adolescents & aged, 8654
Grandparents
generational differences, assortative mating for educational attainment, parents vs grandparents of Chinese vs European vs Japanese ancestry, 10098
importance of having children, retired childless vs adoptive couples vs stepparents vs parents vs grandparents vs great-grandparents, 7878
integration of Foster Grandparent Program with child & adolescent hospital psychiatric service, 1801
transition to role of grandparent, 43–64 yr old grandmothers, 5530
Graphology [See Handwriting]
Gravitational Effects
gravitoinertial force level, susceptibility to space motion sickness, male college students, 12135

ontogenetic & diurnal changes, behavioral responses to light & pressure & gravity, crab larvae, 500
Great Britain [See Also England, Scotland, Wales]
apparent trend toward de-professionalization of clinical psychology, Great Britain, 11105
assessment methods, bilingual children with suspected learning difficulties, Great Britain, 13676
changing role of psychiatry in medicine, Great Britain, 13106
clinical psychology, treatment of chronic pain, Great Britain, 3781
construct validity & factor analysis of M. Snyder's Self Monitoring Scale, assessment of relationship between social skills & self monitoring, normal & psychiatric outpatient adults & school children & nurses, Great Britain & South Africa, 7023
cultural bias of Test of Children's Learning Ability, assessment of learning ability & progress in English language, 7–8 yr old immigrants, Great Britain, 13698
current patterns & other issues in training, professional psychologists, Great Britain, 4184
description of play schoolroom activities, projective technique for cross cultural study of community attitudes & values, 7–11 yr olds, France vs Great Britain vs US, 5458
diameter & thickness of new coin, confusion with coins of other denominations, young & elderly blind & partially sighted Ss, Great Britain, 6875
disciplinary technology, factories, Great Britain, 4500
educational standards, eligibility for British Psychological Society's Diploma in Clinical Psychology, 13436
Eysenck Personality Questionnaire scores, adults, Spain vs Great Britain, 10288
factor analysis of Fear Survey Schedule-III & correlation with fear ratings of South African Indians, male vs female college students, Great Britain, 8021
factors contributing to problems in school counseling movement, Great Britain, 6811
fear of crime & victimization rate, aged, Great Britain vs US, literature review, 10483
intelligence measured by British Ability Scales, children with mean age of 7.5 yrs from regional vs standardization samples, 11661
issues in obtaining teacher training, psychology graduates, Great Britain, 4246
jury selection procedures, Great Britain vs US, literature review, 10183
length of breast feeding & reasons for weaning, motivated middle class mothers, Great Britain, 5548
number & degrees of lecturers at undergraduate & graduate level, evaluation of universities and departments of psychology, Great Britain, implications for funding of universities, 13504
origins & objectives of groupwork approach in social work, Great Britain, 4042
Present State Examination vs staff diagnosis, psychiatric disorders, hospitalized patients, West Germany vs US vs Great Britain, 1220
pretrial publicity & fairness of legal trials, Great Britain, literature review, 10185
professional registration, practicing psychologists, Great Britain, 4152
psychiatric care, aged, Great Britain, 10657
recommendations for psychology postgraduate education, Great Britain, 13432
responsibility & role as clients vs partners in special education, parents, Great Britain, 13664
role of newly created Counselling Section of British Psychological Society, 11128
sex & political attitudes, causal explanations for poverty, Conservative vs Labour voters, Great Britain, 931
State-Trait Anxiety Inventory scores, male vs female further education vs certificate of education vs bachelor of education students, Great Britain, 9030
test norms, Zulliger Test, technical college students & neurotic & schizophrenic patients, Great Britain, 4775
use of educational TV, teachers in Infants' Schools, England & Wales, 8969
Greece
California Psychological Inventory scores & family background, prediction of GPA, 8th–12th graders, Greece, 6798
establishment of learning disabilities program in American Community School, Greece, 6738
family & child characteristics & health status, abused & neglected male vs female children vs siblings, Greece, 1258
interdisciplinary investigation of incidence & characteristics & injuries & familial social characteristics, abused newborn to 10 yr olds, Greece, 1225
rhetoric in attribution of blame, Greece, 945
SES, utilization of mother & child health services, rural families with children under 6 yrs of age, Greece, 8634
Grief
abortion as developmental step, unconscious staging of mourning, 10901
anticipatory grief, family members of adult cancer patients, 3770
bereavement, increased susceptibility to infectious diseases & altered biochemistry & chemotherapy vs psychotherapy, literature review, 10580
coma as symbolic death, depression, 15 yr old male in mourning for dead brother & absent father, 10709
cultural attitudes toward death & mourning, implications for physicians, 6310
death & mourning, literature review, 3793
death of child from cancer, grief & adaptation, 26–58 yr old parents, 3-yr longitudinal study, 3466
death of parent vs spouse vs child, grief experiences, adults over 50 yrs old, 3310
developmental perspective, mourning, literature review, 7669
grief & unresolved grief & depression, bereaved 19–74 yr olds, 10334
grief reactions during 1st yr after death of spouse, widows & widowers, 8030
grieving process, acceptance of homosexual orientation in nurse-client relationship, female, 4021
health risks after death of spouse, widows vs widowers, literature review, 1134
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father, 3.5–11.5 yr olds, Israel, 12480
marital separation, mourning process & recovery, spouses, implications for therapy with remarriage families, 1536
mourning ritual obligations in traditional area of Naples, Italy, 12532
pastoral grief counseling, bereaved adults, 10987
personality traits & social network & health & financial correlates, distress patterns following bereavement, 27–69 yr old widows, 3317
psychodynamics & treatment, patients with symptoms of agitated grief or depression, 6138
racial differences, death attitudes & responses to children's grief, Black vs non-Black elementary school teachers, 4226
rational-emotive-therapy-based cognitive model for assessment & treatment of feelings of loss, divorced persons, 1588
role of object loss & grief & mourning of father's death in onset of erotomania & psychosis, 34 yr old female, 8108
role of professional, self help groups, bereaved parents, 10772
self help concept & use in bereavement & theological implications & alternate mode of ministry, Compassionate Friends, parents whose children have died, 13213
sex & experience of loss & academic underachievement & parents' marital problems & intrafamilial violence, suicidal vs nonsuicidal 5.2–13.9 yr olds, 12924
sibling death, bereavement reactions & self concept perceptions, 14–19 yr olds, 10033
sudden death vs following short term vs chronic illness, grief at death of close family member, adults with mean age of 52 yrs, 3469
underlying pathology & symptoms & desire for patienthood, feigned bereavement or factitious mourning, 15–55 yr old patients, 5802
Grimaces
developmental stages, play & fear type mouth displays & grimaces, infant pigtail macaques, 2757
Grooming Behavior (Animal) [See Animal Grooming Behavior]
Gross Motor Skill Learning
home learning program of gross motor training, static & dynamic balance, 7–9 yr old learning disabled males, 8383
integration of gross motor training into early childhood curriculum, 8982
mother's teaching style, learning of climbing & placement movements, 2–4 yr olds with Down's syndrome or brain injury, 8362
presentation of model before vs during trials, performance on balance task, 7 vs 9 yr old males, 7707
small group exercise instruction, posture, 8–12 yr olds with scoliosis, 8379
uncertainty of movement on gross motor tasks, RT & movement time, mildly mentally retarded vs normal 8–10 yr olds, 8244
Ground Transportation [See Also Motor Vehicles, Railroad Trains]
direction of pedestrian travel after alighting from bus, passengers, implications for placement of stops, 4581
Group Behavior [See Collective Behavior]
Group Cohesion
ability level of group & socioemotional cohesiveness, group performance, 18–19 yr olds in 3-man tank crews, 6841

acceptance of & attribution of positive personality traits to new group member, cohesive vs prosocially oriented vs antisocial diffuse groups, 5613
cohesion of self development groups, implications for management, 6854
cohesiveness & oral vs written discussion & content of decision task, risk polarization in group decisions, dyads, 12658
factor analysis of data concerning perception of other participants & leader & group as whole & behavior, clarification of concept of group cohesion, 20–61 yr old members of learning groups, 1060
friendship patterns & formation of group cohesiveness & self image, remedial comprehensive school students, 9077
group cohesiveness, attitude polarization & knowledge acquisition in strategic planning context, business students in role of product manager vs strategic planner, 9161
group cohesiveness of bystanders, bystander effect in offering assistance in emergencies, male college students, 10233
group development, problem solving performance, grade school students in 4–7 member groups, 5453
group size & formation of subgroups & cliques, social groups, 12642
prior absenteeism & group cohesiveness & health locus of control & other factors, prediction of absenteeism, manufacturing plant employees with mean age of 34 yrs, longitudinal study, 13728
team cohesion & satisfaction & performance, female intercollegiate field hockey players, 4461
team development intervention, squadron climate & performance, US Air Force Academy cadets, 6-mo followup, 11359
theory, group solidarity based on individual action, 5625
theory, group solidarity, comments on article by M. Hechter, 5643

Group Counseling

Academic Success Groups, improvement of time management & study skills, failing 7th–8th graders, 9115
activity therapy group, 9–10 yr old females in multiethnic neighborhood & experiencing family-related loss, 8699
admissions group, adjustment following nursing home facility, frail aged, 6433
advocacy group model, coping with environmental stress, social workers & clients, 4059
Assertiveness in Recovery groups, recovering alcoholics, 1888
behavior therapy vs group support vs brief information, modification of Type A behavior pattern, 26–50 yr old healthy male executives, 1476
career education & individual & family & group counseling, unemployed workers during recessionary economy, 10980
characteristics & functions of support groups, 1556
characteristics of social work practice with groups, 8690
core aspects & methods of social group work practice, 8680
development & use of 5-phase group curriculum, outpatient alcoholism treatment, 1876
development of short-term group, females recovering from alcoholism & other addictions, 1883
group counseling & educational program, teenagers with Usher's syndrome, 11335
group counseling, rehabilitation, psychiatric clients, 13392
group counseling, transient elementary school students, 11281
group counseling treatment, 13–17 yr old children of alcoholic parents, 1877
group counseling with vs without individual psychotherapy, heroin addicts on methadone maintenance, 8805
group intervention services, perfectionist thinking, 10748
group social work, relatives of dependent aged, 6387
group social work services, relatives & friends caring for frail aged, 6383
group treatment & aftercare & couples/family counseling, elderly alcoholics, 1880
group treatment, 6–12 yr old children from alcoholic families, 1875
group work with natural parents, foster care, 13343
group work with parents of children in residential treatment, parent participation in long term planning, 13372
in-school group counseling program, increased self awareness & expression through creation of sound filmstrip, 5th graders experiencing parental separation & divorce, 4389
multidisciplinary parent support group, prevention of child abuse, potentially abusive parents, 3868
perceived problems & recommendations, guided peer group interaction treatment programs, troubled 13–17 yr olds & staff members, 1531
psychoeducational group intervention, psychosocial adjustment & medical utilization, members of health maintenance organization experiencing marital separation, 1550
role of professional, self help groups, bereaved parents, 10772
school group assertive training, aggressive behavior, adolescent students, 11303
self help concept & use in bereavement & theological implications & alternate mode of ministry, Compassionate Friends, parents whose children have died, 13213
short term family group within private psychiatric hospital alcoholism treatment unit, relatives of alcoholic patients, 1873
short term group treatment approach, problem drinking drivers, 1891
short term group work approach, post-surrender treatment, unwed mothers who have surrendered child for adoption, 13344
social group work, aged, 6389
social group work, disoriented elderly nursing home residents, 6382
strategy for use of stress as learning tool, social work groups, 8682
structural open ended vs closed time limited family support groups, family caregivers for senile dementia & Alzheimer patients, 1547
structured time limited values clarification group, interaction & self awareness & identity crisis issues, high school students, 2166
structuring group guidance activities in schools, 13683
token economy intervention, scapegoating in group for improvement of study behavior, 13–15 yr old males, 8681
use of groups in self help community services-sponsored day center, physically frail handicapped aged, 6354
women's groups, self awareness & respect & esteem, drug dependent females, literature review, 8834
workshop dealing with psychological stages of separation, separated & divorced adults, 13230

Group Decision Making

analysis of Delphi decision making process, 7965
approaches to structured special education decision making, multidisciplinary teams, literature review, 11265
characteristics & effectiveness of multidisciplinary teams, educational decision making concerning handicapped students, literature review, 11253
cohesiveness & oral vs written discussion & content of decision task, risk polarization in group decisions, dyads, 12658
comparison of methods of studying group decision making through talk analysis, college students, 5619
Delphi methodology, sensitivity & validity of self developed quality of work life measures, white collar employees, 11427
demographic & personality characteristics, jury verdict & juror's predeliberational verdict & tendency to change verdict & self perceived participation & influence, felony jurors, 1021
DEMOS project, support of local union action & research for democratization of planning in work life, 11437
development & test of model for prediction of group consensus in choice dilemma situations, 7954
effectiveness of multidisciplinary teams, special education evaluation & program decision making, literature review, 11279
emphasis on decision processes vs risk-cost-benefit analysis, government regulatory decisions, 5565
group faction size in mock jury, expectations about process & outcome of group decision making, college students, 3390
group vs individual decision making, polarization of risk/caution, male vs female 17–19 yr olds, 12630
individual vs group norm determination of cue scale, analysis of group decision making in policy-capturing research, 11735
inservice training program, participation in Individual Educational Program decision making process, multidisciplinary team members, 11254
level of task complexity, group decision-making behaviors, teachers in early education program, implications for social work, 3402
methods based on selection of individual judgments vs integration of multiple judgments, market share estimations, graduate business students, 9199
participative methodology to involve all affected individuals & group in "decision-taking", design of new technical & work systems, 11456
personality & demographic characteristics, attitude change in jury decision making, college students & jury pool members, 3450
prediction of group & individual frame choices & support for prospect theory, 4907
problems with implementation of multidisciplinary team approach, special education program planning & implementation, 11261
salience of relevant other, individual & joint preferences, graduate students & their household partners, 11495
sex & sex role, group decision making social interactions, college students, 10242
work shift, ratings of patient behavior, nurses, implications for multidisciplinary team decision making, 13477

Group Discussion
decision making roles as basis for group discussion, college students in career planning groups & workshops, 11291
factor analysis, teacher evaluation, college students in laboratory vs seminar/discussion classes, 13688
noninterpretive discussions of spontaneous metaphors in ward community meeting, psychiatric inpatients, 10998
preschool program using discussion & role playing & social modeling, listening skills & perspective taking, 3–5 yr olds, 13556
Group Dynamics [See Also Group Cohesion, Group Discussion, Group Participation, Group Performance, Group Size, Group Structure, Intergroup Dynamics]
alternative approaches to social psychology of groups, 12651
Apple II microcomputer system & electronic interface, extension of automatic vocal transaction analyzer approach from dyads to groups, 11568
characteristics of group & family functioning, dynamics of family problem solving, 10–50 yr old family members, 10258
content & process of survey feedback sessions & their relation to survey responses, employees of underground mining company, 11413
content of group activity & age, content & form of feedback about oneself in real-life interpersonal communication, 1059
curriculum development & student group process & learning & teaching problems & course evaluation, women's studies course, psychiatry residents, 6489
dangers of individual & group regression & therapeutic community dynamics, large group therapy, psychiatric patients, 3893
development of informant panel using features of nominal group & Delphi techniques, retrospective methodology for organizational change, employees of small business, 11429
development of Members Advisory Council in psychosocial club, 4104
drama program, group interaction & role playing, aged, 8673
dynamics of aggression, group psychotherapy, 3880
dynamics of large group therapy, neurotic patients, 3867
evolution of parent group from directive/educational to autonomous/mutual support structure & purpose, parents of handicapped children, 13654
factors affecting inequality of influence, mixed-sex groups, 10252
formal structure & status problems, interaction & communication, interdisciplinary research team, 13759
group development level, peer status perceptions, college students, 5628
group faction size in mock jury, expectations about process & outcome of group decision making, college students, 3390
group formation & incorporation of new members, 3381
group member compatibility, peer group learning, college students, 5638
group membership & attachment at cue & ambiguous vs unambiguous cue, group affiliation at exit from burning building, survivors of 1973 leisure complex fire, support for affiliative model, 11477
group selection, warfare & sharing ethics & indoctrinability of values & authority, humans, 2801
group size & individual ability & performance feedback & type of task, effect of dispensability of member effort on motivation, college students, 3389
importance of marginals in flow of information between groups, 3403
individual characteristics, analytic & didactic phases in group formation, group members, 3375
interpersonal relations, cooperation & physiological correlates, female work crews, 6836
large group dynamics of confrontation & transference/countertransference & interpretation, neurotic & borderline group psychotherapy patients, 3899
leader verbal response style, attitudes toward leader & self concept & verbal style, group members, 5618
leadership roles in groups, gifted children, 7704
level of collective development & opinion unification, youth worker collectives, Czechoslovakia, 7963
level of task complexity, group decision-making behaviors, teachers in early education program, implications for social work, 3402
methodology for identification of group phase boundaries & describing moment-to-moment process of group development, psychotherapy groups, 10749
mixed vs single sex group, correlation of dominance behavior with score on personality measure, college students, 12628
motivational & situational factors, dropping out vs continued participation in competitive sports, high school football players, 3251
multilevel approach for assessment of peer group interaction, individual & group behavior & affective responses, nurses, 10246
multiracial group characteristics & interracial conflict, Black & White maintenance employees, 12537
origin & function of conceptualization of "crowd" as object of study, analysis of late 19th century publications, 12623
peer praise vs disapproval, group use of praise vs disapproval & music learning, high school music students, 9006
perceived economic gap between groups & type of personal-group relative deprivation, group discontent & role in sociopolitical attitudes, 22–50 yr old Francophones vs Anglophones, Quebec, 10110
personal authority, support for positional authority, male college students in small groups, support for Machiavelli's observations on power relations, 12653
phases in group development, group functioning, 3400
preemptive behavior in mixed motive game & emergence of leadership roles in small same-sex groups, college students, 12641
psychoanalytic interpretation, relationship to groups, group members, 5635
psychological climate of collective group, 7956
psychosocial identification & rigidity vs flexibility, social influence, 15 yr old male college students, 1058
risk taking attitudes, inner tube river floaters in family vs friendship groups, implications for risky shift paradigm, 12647
rumors as defenses in groups, 10234
scapegoating in group psychotherapy, children, 8481
selection & addition of members & bizarre behaviors & group atmosphere & function of silence & verbalization, analytic group therapy, institutionalized psychotic patients, 8477
social energy & inter- & intrapsychic dimensions of personal identity, 7994
social familiarity & experience, leadership seniority in groups, college students, 1051
social loafing & artistic creativity in songs of J. Lennon & P. McCartney, 3388
social-energetic processes in group dynamics, ego function development & cerebral localization, 7995
strategy for use of stress as learning tool, social work groups, 8682
structure of influence in group dynamics, 3376
supersensible/spiritual dimension, societal & organizational & group & individual development, implications for management training, 9156
teacher training in group dynamics, comprehension & participation, 1st & 2nd graders, Zaire, 11172
token economy intervention, scapegoating in group for improvement of study behavior, 13–15 yr old males, 8681
unexpected change in formal leadership, behavioral continuity, 3–5 yr olds, 5417
Group Health Plans [See Health Maintenance Organizations]
Group Homes
availability of group homes, mentally retarded, US, 8756
environment & architectural plans for community based residential treatment facilities, children & adolescents & adults in rehabilitation programs, 13391
group home Placement Evaluation Program, evaluation of developmental needs, 4.3–12.8 yr olds, 10969
group living projects, assistance in making transition from foster care to independent adulthood, adolescents, 8662
low vs high dose chlorpromazine vs doctor's choice vs placebo & nursing home vs family care home vs supervised co-operative apartment, psychosocial adjustment, chronic schizophrenics, 12-yr followup, 3789
need for accommodation in community of ex-psychiatric patients & characteristics of group homes, 10946
patient-run group home, psychiatric patients, 1759
personal characteristics & service needs & problem behaviors, group home placement success vs failure, mentally retarded, 4029
rationale for group home residences, visually impaired severely multiply handicapped, 8754
running of boarding home for patients discharged from hospitals, house mothers, 10929
self concept & anxiety level & problem behavior, 2.9–12.7 yr old residents of battered women's shelter, 13336
stress & coping responses & professional role, group home & halfway-house parents, 13478
Group Instruction
amount of noncontingent adult attention & group vs individualized teaching vs play, variability of prosocial & problem & task-related behaviors, hyperactive males, 13653

group language training, increased rate of verbal interaction & generalization, 51–57 yr old socially isolated mentally retarded males, 4 mo followup, 13253
group member compatibility, peer group learning, college students, 5638
small group exercise instruction, posture, 8–12 yr olds with scoliosis, 8379
Group Participation
cues & participation & corrective feedback, learning, students, synthesis of data from previous studies, 2023
demographic & personality characteristics, jury verdict & juror's predeliberational verdict & tendency to change verdict & self perceived participation & influence, felony jurors, 1021
group membership & attachment at cue & ambiguous vs unambiguous cue, group affiliation at exit from burning building, survivors of 1973 leisure complex fire, support for affiliative model, 11477
group participation, well-being & comprehension of environment, mentally retarded children, 12959
history of artistic circles & contribution to development of artists, 5624
Personal Management Interview, prevention of regression after team building seminars, supervisors & subordinates, 2237
psychoanalytic interpretation, relationship to groups, group members, 5635
social skill training, sociability & group negative behavior, 41–63 mo old preschool students, 11204
style of personal boundary management, social involvement/disengagement reflected in nonverbal behavior during small self study groups vs intergroup activities, college students, 10240
task difficulty & uniqueness of contribution, social loafing in group problem solving, college students, 1049
Group Performance
ability level of group & socioemotional cohesiveness, group performance, 18–19 yr olds in 3-man tank crews, 6841
audio vs audio-video teleconference & cooperative vs competitive tasks, perceptions of equipment & performance of self & others, middle & senior managers, literature review, 6817
evidential validity of F. E. Fiedler's contingency model for male vs female leaders, West Point cadets, 5636
group development, problem solving performance, grade school students in 4–7 member groups, 5453
group vs individual performance, resource maintenance task, college students, implications for social & temporal traps, 12644
nature of activity & success/failure criteria, attribution of responsibility for group success or failure in intergroup activity, college students & youth camp participants, 10031
organizational design & group structure & group performance, review of social network research, 11435
perception of supervisor's behavior & satisfaction & group performance, managers, Iran, implications for cross cultural differences in leader behavior, 6844
same-age vs mixed-age groups & acquaintanceship between members, performance at tower-building task, 1st & 3rd graders, replication of previous studies, 10039
task structure & over- vs undermanned conditions & manipulated competence of individual Ss, group task performance, male college students, evaluation of R. G. Barker's theory, 3399
team cohesion & satisfaction & performance, female intercollegiate field hockey players, 4461
team development intervention, squadron climate & performance, US Air Force Academy cadets, 6-mo followup, 11359
type of task, effectiveness of group vs individual problem solving, 6 & 9 & 12 & 15 & 18 yr olds, 3132
Group Problem Solving [See Also Brainstorming]
action learning programs, solution of organizational & quality control problems & staff development, building-components company supervisors, 9157
audio vs audio-video teleconference & cooperative vs competitive tasks, perceptions of equipment & performance of self & others, middle & senior managers, literature review, 6817
characteristics of group & family functioning, dynamics of family problem solving, 10–50 yr old family members, 10258
development of informant panel using features of nominal group & Delphi techniques, retrospective methodology for organizational change, employees of small business, 11429
explicit statement vs implicit understanding of group goals, group problem solving, college students, 5629
group development, problem solving performance, grade school students in 4–7 member groups, 5453
group gender composition, type of reaction to frustration & problem solving behavior in triads, 18–35 yr olds, 7960
group size & individual ability & performance feedback & type of task, effect of dispensability of member effort on motivation, college students, 3389
group size, group problem solving efficiency, college students, 5632
history of quality circles & labor relations, Japan, 13745
research methodological problems, analysis of organizational task group developmental patterns, 65
task difficulty & uniqueness of contribution, social loafing in group problem solving, college students, 1049
type of task, effectiveness of group vs individual problem solving, 6 & 9 & 12 & 15 & 18 yr olds, 3132
use of nominal group process technique, identification of critical issues for counselor profession, members of Association for Counselor Education and Supervision, 13455
Group Psychotherapy [See Also Encounter Group Therapy, Marathon Group Therapy, Therapeutic Community]
active techniques in group psychotherapy, 1970's, 3897
age changes in intellectual functioning & health status & differences in cultural & educational experience, cognitive-behavioral vs psychodynamic group therapy, 55–78 yr old depressed geriatric outpatients, 13225
analytic group psychotherapy, transformation of psychic structures, 6160
art & verbal group therapy, 32 yr old chronically depressed self destructive female with psychosomatic complaints, 10662
audiovisual confrontation, group psychotherapy, adolescent inpatients, 8476
behavioral marital therapy vs communication training in conjoint vs conjoint group modality, marital distress, 25–40 yr old couples, 6163
benefits from multiple therapists, large group therapy, 3883
benefits of sociotherapeutic large groups, adolescents, 3886
benefits of therapeutic team meetings after large group psychotherapy, 3889
change in group psychotherapy, discussion of E. N. Fried's & H. E. Durkin's articles, 6152
characteristics of large group therapy, alcoholics, 4114
criminal psychodynamics & group psychotherapy in therapeutic prison community, Romania, 8758
cultural factors, group therapy, aged Latino females, 1539
dance vs group therapy, emotional responses, student nurses & occupational therapy students, 3800
dangers of individual & group regression & therapeutic community dynamics, large group therapy, psychiatric patients, 3893
demographic characteristics & group vs individual psychotherapy, satisfaction with services at psychiatric walk-in clinics, clients, 10935
direct confrontation in group psychotherapy, alcoholics, criticism of M. Vannicelli's article, 11075
divorce adjustment training program, postdivorce adjustment & empathy & self esteem, 21–47 yr old females, 1-mo followup, 3873
dynamics of aggression, group psychotherapy, 3880
dynamics of large group therapy, neurotic patients, 3867
effectiveness of humorous remarks directed toward self vs group member vs generalized other, 22–34 yr old patients in group psychotherapy, 6179
efficacy of short term homogeneous group therapy, schizophrenic inpatients with mean age of 29.8 yrs, 6167
family therapy in large groups, parents of psychotic patients, 3885
group analysis vs psychoanalysis & link between individuals & groups, 13203
group experiential psychotherapeutic procedure to maximize insight process, 19–56 yr old chronic schizophrenics, 3869
group format, treatment of sexual dysfunction, literature review, 6176
group history as psychotherapeutic tool, severely mentally disordered, 6151
group hypnosis as in-depth treatment technique, female delinquents, 11037
group psychotherapy & family & marital & couples therapy, literature review, 6183
group psychotherapy, assistance with identity crisis of hospital discharge, adolescent psychiatric patients, 10767
group psychotherapy centered around health issues & sexuality, 9–12 yr old male psychiatric inpatients, 10766
group psychotherapy during aftercare, suicide attempters, 13226
group psychotherapy within school setting, 16–17 yr olds with alcoholic parents, 10758

group psychotherapy, 23–70 yr olds with irritable bowel syndrome, 8484
group therapy, alcoholism, 40–50 yr old hospitalized patients, 4123
group therapy, behavior problems, 9–13 yr olds, 8472
group therapy involving dream analysis, chronic schizophrenic patients, 3901
group therapy, parents of delinquent children, 10747
group therapy utilizing behavioral package vs traditional psychotherapy vs self-monitoring, chronic muscle-contraction headaches, 22–67 yr olds, 1534
group therapy vs behavioral techniques including covert sensitization & aversion & shame therapy, exhibitionists, 3803
homogeneous group therapy, acutely psychotic schizophrenic inpatients, 10997
Hub Group contracting methods as eclectic approach to group therapy, adolescents in short term inpatient unit, 6410
integration of 2 approaches to assessment of leadership behavior in groups, group therapists, 6161
interactionally oriented group & milieu approach, summer day program, mentally impaired aged, 6362
large group as modification of therapeutic community, 3860
large group dynamics of confrontation & transference/countertransference & interpretation, neurotic & borderline group psychotherapy patients, 3899
large group therapy within therapeutic community, 3879
learning opportunities, large group therapeutic community, 3861
methodology for identification of group phase boundaries & describing moment-to-moment process of group development, psychotherapy groups, 10749
model of group therapy based on Gestalt theory, 21–43 yr old schizophrenics, 6182
multiple family group therapy as aftercare, patients discharged from inpatient treatment, 6171
multiple-family therapy & parallel group therapy at community mental health center, parents & children, 1543
need for achievement of behavior change in group psychoanalysis, 6158
object relations development & process of group psychotherapy, severely disturbed children, 6185
outpatient group therapy at Senlis Medico-psycho-pedagogic Centre, France, 8467
part-time & group therapy vs institutionalization, child psychiatry, severely emotionally disturbed children, 8388
perceived problems & recommendations, guided peer group interaction treatment programs, troubled 13–17 yr olds & staff members, 1531
perception of curative factors in group psychotherapy, 24–61 yr old psychiatric inpatients, 10757
phases of transference & countertransference in group psychotherapy, Vietnam veterans wih posttraumatic stress syndrome, 8470
preparatory interview by training coordinator concerning expectations about group therapy experience, neophyte group therapists, 4132
pressure of staff members as cotherapists or silent Os in short term inpatient group psychotherapy, 6178
pretreatment characteristics, prediction of outcome in group psychotherapy, depressed clients with mean age of 36 yrs, 6184
problem solving therapy & social adjustment, performance on Means-Ends Problem-Solving Procedure, alcoholics & prison inmates & college students & counseling clients & hospital patients, West Germany, 3878
projective level of functioning in group psychoanalysis, 6175
psychoanalytic vs client-centered group, anxiety & self actualization, graduate counseling students, 10753
psychodynamic vs cognitive-behavioral group therapy vs imipramine vs doxepin, depression, geriatric outpatients with mean age of 67 yrs, 1474
qualities recommended for leaders, large group psychotherapy, psychotic patients, literature review, 3892
reinterpretive distortion in group psychotherapy, 27–37 yr old males with borderline personality disorder, 6157
residential group psychotherapy, children, 10762
resolution of resistance in group psychotherapy training, 8911
role of humor in group psychotherapy, 13205
scapegoating in group psychotherapy, children, 8481
selection & addition of members & bizarre behaviors & group atmosphere & function of silence & verbalization, analytic group therapy, institutionalized psychotic patients, 8477
support group led by nurses, depression, 40–60 yr old females, 4024
supportive group psychotherapy, resocialization, adult nonpsychotic psychiatric outpatients with moderate social ineptness, 10750
therapy groups, college students, 9092
training value of participaton in large sociotherapy groups as cotherapists, student social workers & group therapy trainees, 4186
use of dreams in psychoanalytic group therapy, 10755
use of poetry in group therapy as catalyst for emotional expression, emotionally isolated 21–48 yr old males, 8465
use of videotape in group psychotherapy, 9–12 yr old males, 6174
usefulness of therapist's countertransference in dealing with therapeutic conflict in group psychotherapy, difficult clients, 10754
value & techniques & processes, large group therapy, depressed patients, 3898

Group Size

crowding & sex & group size, walking speed, pedestrians, walkway design implications, 4564
group development, problem solving performance, grade school students in 4–7 member groups, 5453
group size & classroom social homogeneity & feedback vs verbal praise vs candy & direct vs indirect rewards, extinction of conditioned handwriting performance, 1st vs 3rd vs 6th graders, replication of C. F. Sharpley's work, 6803
group size & density, perceived crowding & social interaction in unstructured situation, male & female college students, 12648
group size & formation of subgroups & cliques, social groups, 12642
group size & individual ability & performance feedback & type of task, effect of dispensability of member effort on motivation, college students, 3389
group size, group problem solving efficiency, college students, 5632

Group Structure

acceptance of & attribution of positive personality traits to new group member, cohesive vs prosocially oriented vs antisocial diffuse groups, 5613
factors affecting inequality of influence, mixed-sex groups, 10252
group gender composition, type of reaction to frustration & problem solving behavior in triads, 18–35 yr olds, 7960
group interdependence, supervisor performance evaluations, college students, 11369
individual characteristics, analytic & didactic phases in group formation, group members, 3375
induced competence & perceived group size, speed in offer of help during emergency situation, female college students, 10251
organizational design & group structure & group performance, review of social network research, 11435
parallel task vs process-oriented verbal vs activity group, verbal communication, hospitalized psychiatric patients, 13379
selection & addition of members & bizarre behaviors & group atmosphere & function of silence & verbalization, analytic group therapy, institutionalized psychotic patients, 8477
structure & relationship to corporate network, intercorporate elite, Italy, 13756
structuring group guidance activities in schools, 13683
style of personal boundary management, social involvement/disengagement reflected in nonverbal behavior during small self study groups vs intergroup activities, college students, 10240
theories of informal leadership, small social groups, 5626

Group Testing

teacher training in test administration & student training in test taking skills & monetary rewards, teacher testing behavior & student group standardized test scores, 2nd grade students & teachers, 2187

Group Therapy [See Group Psychotherapy]
Groups (Ethnic) [See Ethnic Groups]
Groups (Organizations) [See Organizations]
Groups (Social) [See Social Groups]
Groups (Statistics) [See Population (Statistics)]
Growth [See Development]
Growth Centers [See Human Potential Movement]
GSR (Electrophysiology) [See Galvanic Skin Response]

Guanethidine

vagotomy vs methyl scopolamine vs sympathectomy & guanethidine vs propranolol, role of vagus nerves in heart rate response to auditory & olfactory & painful stimulation, preweanling & neonatal rats, 7493

Guatemala

acquisition of language routines, 1–10 yr old Cakchiquel speaking Indians, Guatemala, 10025
satisfaction with & success of vasectomy, males, Guatemala, 1–3-yr followup, 4003

SES & sex, physical & cognitive growth, 1st–6th graders, Guatemala, 750
Guessing
correcting for guessing, inflation of treatment-effect estimates, 4700
guessing comprehension of Amer-Ind vs American Sign Language, normal adult Ss, applications to speech handicapped, 3114
multiple choice test using answer-until-correct procedure, order of elimination of distractor items & guessing, college students, 11649
scoring method & prevalence of distractor answers & guessing, validity & reliability of simulated multiple choice test scores, 2397
Guidance (Educational) [See Educational Counseling]
Guidance (Occupational) [See Occupational Guidance]
Guidance Counseling [See School Counseling]
Guided Daydreams [See Directed Reverie Therapy]
Guided Fantasy [See Directed Reverie Therapy]
Guilford Zimmerman Temperament Surv
factor analysis & validity, measures of extraversion & emotional liability, students, 2406
Guilt
development of pride & shame, children, 912
guilt & self concept, secondary psychopaths, 3602
guilt & self esteem & conscience, depressed & schizophrenic 17–67 yr olds, 10416
guilt as source of narcissistic gratification, psychoanalysis, 13145
instructional set & sex guilt & degree of body accessibility & sex, touching, college students, 12638
moral reasoning stage & guilt by association, attributions of guilt & sentencing decisions for defendant in ambiguous murder case, college student simulated jurors, 12569
shyness as primary emotion related to shame vs form of social anxiety, literature review, 296
survivor guilt, low income urban 1st generation college students, counseling implications, 11322
Guinea Pigs
affinity of beta-casomorphin analogs to opiate receptor sites, mice & guinea pigs & rats, 622
complete cochlear & complete vs partial vestibular hair cell destruction, round window & cortical auditory EPs, guinea pigs, 12227
estradiol benzoate, vaginal membrane rupture & body weight, pregnant guinea pigs, 7575
estradiol followed by progesterone, prazosin binding to brain alpha adrenergic receptors, female guinea pigs, implications for mediation of sexual behavior, 9842
estradiol, food & water intake & body weight, female ovariectomized guinea pigs, 9719
ethanol, recovery from vestibular disturbance following labrinthectomy, guinea pigs, 3069
gentamicin vs tobramycin vs dibekacin, auditory cortex click-evoked responses & eye movements during sinusoidal rotary stimulation, guinea pigs, 9792
lithium, rubidium concentration, male guinea pigs & rats, 5217
medial thalamic nuclei stimulation, visual cortex excitation, guinea pigs, 12209
naloxone dosage, emotionally conditioned digitalis toxicity, guinea pigs, 3060
off-responses in auditory cortex, guinea pigs, 2854
sarin vs alcohol vs amphetamine vs diazepam, swimming behavior as test of motor performance, male guinea pigs, 6980
spatial distribution of electrically stimulated neurons in visual cortex, guinea pig, 7515
Gulls [See Sea Gulls]
Gun Control Laws
risk of criminal victimization, gun regulation attitudes, surveyed Blacks and Whites, 12575
Gustatory Perception [See Taste Perception]
Gymnastic Therapy [See Recreation Therapy]
Gynecological Disorders [See Also Amenorrhea, Dysmenorrhea, Menstrual Disorders, Premenstrual Tension]
sexual behavior prior to vs after diagnosis of gynecologic cancer, females with mean age of 52 yrs, 3714
socioeconomic & anamnestic & psychological correlates, uterus myomatosus & descensus uteri, 35–55 yr old females, 13014
Gypsies
ethnic & social & economic status, Gypsies, Czechoslovakia, 947
Gyrus Cinguli
cingulate cortex lesions, food intake of amino acid imbalanced & high vs low protein diets, male rats, 7549
group housing vs isolation, aggressive behavior & dopamine uptake in mesocortical vs nigrostriatal terminals, male mice, 12094
hippocampal electrical stimulation, cingulate cortex unit activity, squirrel monkeys, implications for functioning of Papez circuit, 7517
in vitro electrical stimulation of corpus callosum, cingulate cortex cell responses & analysis of synaptic termination of callosal afferents with layer V neurons, male rats, 5173
Habitat Selection [See Territoriality]
Habits [See Also Hair Pulling, Thumbsucking, Tobacco Smoking]
age, emotional attachment to objects & sucking habits 1.5–7 yr olds, longitudinal studies, 3240
feminism, TV viewing & radio format preferences & mass media habits, adults, 12598
Habituation
ACTH, habituation of startle response at various intertrial intervals, male rats, 12278
attention-demanding task, amplitude & habituation of electrodermal orienting response, 17–28 yr olds, 12157
autonomic arousal measured by skin conductance & habituation to tones, 14–42 yr old females with anorexia nervosa vs bulimia nervosa, 8279
body rotation & oscillation with triangular waveform, efferent inhibition of nystagmus, otoneurological patients & normal Ss, 2571
caffeine & overhabituation & dishabituation, arousal, extraverted vs introverted college students, partial support for H. J. Eysenck's hypothesis, 3089
changing location of predator model, avoidance & habituation, 4 mo old angelfish, 9586
conflict resolution vs concept learning tasks. habituation of heart rate & pulse amplitude & EMG & skin conduction, 18–51 yr old males, 9711
distinctive vs nondistinctive environments, development of morphine tolerance, rats, implications for role of habituation & classical conditioning, 3045
gamma-endorphin deficiency induced by antiserum injections into nucleus accumbens, hyperactivity & habituation & cognitive impairment, male rats, 7634
gestational age & sex differences, habituation to repeated vibrotactile stimulus, fetus, 5313
habituation of postsynaptic response to orthodromic stimulus, electroexcitable membrane excitation, turtles, 12118
habituation rate as reflection of information processing speed, free exploration tempo, 4 mo olds, 9999
habituation training vs thought-stopping, obsessions, 18–65 yr olds, 1594
hearing resistance to noise effects, short term acoustic adaptation, patients with neurosensory hypoacusis, 6021
instructions to ignore or attend & intensity of auditory stimuli, electrodermal habituation, male college students with mean age of 23.2 yrs, 2887
interindividual differences, habituation of electrodermal responses, 18–29 yr old males, measurement implications, 7447
male vs gravid vs nongravid conspecific intruders vs shrimp, sensitization-habituation functions for territorial aggression & feeding, 3-spined male sticklebacks, 7311
morphological correlates of synaptic plasticity, long term potentiation & sensitization of gill withdrawal reflex, aplysia, implications for cellular basis of memory, 12079
omission of 2nd stimulus & stimulus intensity, dishabituation of skin conductance response, college students, 12167
progression through parental cycle, sensitization & habituation of territorial aggression, convict cichlids, 401
repetitive electrical stimulation of cochlear nucleus vs reticular formation, elicitation & sensitization & habituation of startle-like responses & role of motor vs sensory reflex arcs, male rats, 574
repetitive trigeminal & acoustic & visual stimuli & interstimulus interval, habituation of blink reflex, 20–30 yr olds, suggestions for role of interneurons, 2837
resistance to habituation of orienting reactions, 11–72 yr old patients with epileptogenic cerebral tumors, 8337
selective adaptation & visual habituation, infants during 1st 6 mo of life, 9960
sleep & wakefulness & orienting responses & sensory habituation, substantia nigra dopaminergic unit activity, freely moving cats, 7441
tone intensity, amplitude & habituation of pupillary dilation as index of orienting response, humans, 531
vasopressin & locus ceruleus & nuclei dorsalis & substantia nigra lesions, learning & habituation, rats, 12176
visual memory assessed by habituation, neonates, 849

Hair
centrifugal stress & removal of mystacial vibrissae, swimming, yellow-bellied cotton rats, 2904
concentrations of trace metals in hair, autistic children, 10366
hair metal concentrations, emotionally disturbed children with mean age of 8.7 yrs, implications for etiology of behavior disorders, 12838
hair mineral levels, physical & mental & behavioral disorders & intelligence, literature review, 8081
origin of receptor potential, inner hair cells of cochlea, mammals, evidence for resistance microphone theory of H. Davis, 7428
sensory nerve terminal types & innervation patterns in hairy facial skin, newborn to 6 mo old & adult rhesus monkeys, 2835
Hair Pulling
attention/reflection & punishment of thumbsucking, trichotillomania, 3 yr old female, 8495
cognitive behavior modification, compulsive hair pulling, 6220
hypnotherapy, trichotillomania, 14–35 yr old females, 10885
psychodynamics of trichotillomania, females, 10383
rational emotive therapy & self instructional training, hair pulling, 17 yr old female, case report, 13097
Halfway Houses
assessment of needs & proposal for housing & psychosocial support, mentally retarded adults, Austria, 1834
hospital quarterway house program as preparation for community living, chronic patients, 1813
night clinic as halfway house for psychiatric patients, 13334
running of boarding home for patients discharged from hospitals, house mothers, 10929
stress & coping responses & professional role, group home & halfway-house parents, 13478
Hallucinations [See Also Auditory Hallucinations, Drug Induced Hallucinations, Visual Hallucinations]
definition of hallucinations, 3734
doxepin, hallucinations, 72 yr old female treated for depression, 10858
frequency & pattern of hallucinations, male vs female schizophrenics, Kenya, 12847
glue sniffing, persistent visual hallucinations & abnormal EEG & delayed visual EPs, 16 yr old male, 8181
medieval religious visions & contemporary hallucinations & cultural norms, attribution of mental illness, 20–30 yr olds, 3548
present forms of chronic hallucinatory psychosis, 8135
stress reaction or traumatic neurosis & pretreatment nausea & chemotherapy, pseudohallucinations, cancer clinic outpatients with mean age of 35 yrs, 6332
Hallucinogenic Drugs [See Also Lysergic Acid Diethylamide, Mescaline, Phencyclidine]
activity of indolealkylamine & phenalkylamine hallucinogens, literature review, 652
administration of N,N-dimethyltryptamine vs 5-methoxy-N,N-dimethyltryptamine to spinal vs brain sites, acoustic startle reflex, rats, 628
hallucinogen & marihuana abuse, flashbacks, 17–28 yr old soldiers discharged as unfit, 10512
hallucinogenic drugs, sensitization of serotonergic & noradrenergic receptors, 664
ip apomorphine & clonidine or 5-methoxy-NN-dimethyltryptamine, approach & escape reactions induced by hypothalamus or mesencephalic central gray stimulation, BALB/c vs DBA/2 mice, 2909
LSD vs 2,5-dimethoxy-4-methylamphetamine vs dimethyltryptamine vs mescaline, pausing during FR-40 operant procedure & agonistic effect at central 5-HT receptors, rats, 683
mechanisms of indole- & phenethylamine hallucinogens acting through central 5-HT receptors, 684
Hallucinosis [See Delirium Tremens, Korsakoffs Psychosis]
Halo Effect
knowledge of previous grades, subjective grading of term paper, college students, implications for halo effect, 13679
labeling of child as high vs low SES, ability rating, college students, 3411
multitrait-multimethod analyses on items vs factor scores, assessment of convergent & divergent validity & detection of method/halo effect in rating data, 9297
nature of Jacob's rebuke of Simeon & Levi, implications for attribution processes & halo effects, 939
statistical removal of ratings on invalid from valid items, elimination of halo in performance ratings, personnel, 4710
status attributes & ethnic characteristics of speaker, retrospective speech halo effect, college students, Australia, replication of J. N. Thakerar & H. Giles's study, 7645
Haloperidol
amantadine, treatment of haloperidol-induced malignant neuroleptic syndrome, 19 yr old female, 8549
apomorphine & haloperidol & scopolamine & pilocarpine, motor activity level & tonic immobility, male chickens, implications for cholinergic & dopaminergic bases of motor activity, 7618
apomorphine & pretreatment with domperidone vs haloperidol, prolactin responses, male rats, 5194
apomorphine or haloperidol bilaterally administered into caudate nucleus, behavior deficits elicited by unilateral injection of picrotoxin or muscimol into nigral pars reticulata, cats, 7574
apomorphine vs haloperidol, role of telencephalic dopamine in feeding-induced behavioral stereotypy, food deprived pigeons, support for findings of S. M. Antelman & A. R. Caggiula, 9724
atropine vs benztropine vs diphenhydramine, haloperidol-induced reduction of locomotor activity & intracranial self stimulation, male rats, 3009
barbamyl vs seduxen vs aminazin vs haloperidol vs chloroprothixene vs apressin vs phentolamine vs inderal vs dopegyt, stress reaction to acoustic stimulation, rats, 5213
chlorpromazine & haloperidol & fluphenazine, erythrocyte catechol-O-methyltransferase, 19–27 yr old chronic schizophrenics, 3937
classical conditioning, tolerance to haloperidol induced catalepsy, male rats, 5208
clomipramine vs nortriptyline vs mianserin vs morphine vs naloxone vs diazepam vs haloperidol vs amphetamine, social behavior, isolated vs group-housed male rats, 5232
clozapine vs haloperidol vs thiothixene, eating & drinking under FI schedules, female rabbits, 617
continuous amphetamine vs caffeine & haloperidol vs pimozide, self biting, male rats, 3058
cultural factors, haloperidol & vitamin treatment of psychosis caused by vitamin B12 deficiency, 83 yr old non-English-speaking Chinese female, 8554
dopamine & homovanillic acid & 3,4-dihydroxyphenylacetic acid content in retina in light vs dark environment & following haloperidol &/vs apomorphine treatment, male rats, 7359
electrical limbic stimulation & testosterone & amphetamine & apomorphine & haloperidol, sexual drive, adult male cats, 9712
estradiol, potentiation of haloperidol-induced vs handling-related catalepsy, male rats, 637
fluphenazine decanoate vs chlorpromazine maintenance & haloperidol, 26–66 yr old male psychotics, 1660
haloperidol & chlorpromazine & clozapine & sulpiride dosages, LSD-potentiated apomorphine hypermotility vs apomorphine-induced hypermotility, male rats, test of model to differentiate typical from atypical neuroleptics, 3057
haloperidol & physostigmine, self administration of procaine vs cocaine, monkeys, 3013
haloperidol & propranolol & phentolamine & methysergide, retention impairment in spatial working memory & role of monoaminergic neurotransmitters, male rats, 3001
haloperidol, dopamine supersensitivity & brain iron metabolism, iron-deficient rats, 616
haloperidol vs propranolol pretreatment, discriminable effects of dextroamphetamine & generalization with levamfetamine vs para-hydroxyamphetamine vs morphine vs delta-9-tetrahydrocannabinol vs apomorphine vs LSD, pigeons, 3040
haloperidol vs 6-hydroxydopamine nucleus accumbens lesions vs apomorphine, dextroamphetamine-induced place preferences, male rats, 5164
haloperidol vs 6-hydroxydopamine, oral drug-taking behavior, rats dependent on etonitazene, 9818
indications & benefits & side effects & principles for use, haloperidol in treatment of psychotic symptoms, geriatric patients, literature review, 8582
injectable molindone vs haloperidol, acutely agitated schizophrenics, 1667
ip haloperidol in dark vs illuminated context, role of classical conditioning vs brain dopamine binding changes in development of drug tolerance, 678
morphine sulfate vs haloperidol vs arecoline vs GABA vs etonitazene vs beta endorphin, posture & activity & catalepsy vs reflexive responses & analgesia & body temperature, male rats, 3079
nomifensine vs 3,4-dihydroxynomifensine, motor activity & binding to putative dopamine receptor site & amine uptake, drug-free vs haloperidol-maintained mice, 649
patient & treatment characteristics, incidence of extrapyramidal side effects, 14–77 yr old patients treated with haloperidol, 6268

pimozide vs haloperidol vs 6-hydroxydopamine nucleus accumbens lesions, cocaine- vs procaine-induced place preference conditioning, male rats, 5165
piribedil vs haloperidol vs dextroamphetamine vs tetrabenazine methane sulphate vs alpha methylparatyrosine, FI responding, pigeons, 660
rubidium &/vs haloperidol, spiperone binding, rats, 7560
signal duration & metamphetamine & haloperidol & vasopressin & oxytocin & physostigmine & atropine, internal clock speed & memory storage, male rats, 12300
stress & timing, effects of dopaminergic drugs, 612
striatal kainic acid lesions, haloperidol-potentiated tonic immobility, chicks, 9745
trifluoperazine & lithium & haloperidol, cerebral dysfunction Capgras syndrome & paranoid psychosis, 22 yr old psychotic female, 10877
Halstead Reitan Test Battery [See Neuropsychological Assessment]
Hamsters
access to diets varying in fat vs carbohydrate vs protein content, body weight regulation during pregnancy & lactation, female golden hamsters, 9688
acetylcholine, transfer of information about light-dark environment to hypothalamic-pituitary-gonadal axis, male hamsters, 5065
circadian photoperiods & sex differences, obesity caused by high fat diet vs decreased energy expenditure, golden hamsters, 5167
constant darkness, entrainment of circadian drinking & activity rhythms to various period lengths & to skeleton photoperiods, male rats vs hamsters, 12208
corpus callosal & corticotectal & corticogeniculate visual projections, golden hamsters, 9673
development of sequential organization of hoarding, hamster pups reared in isolation vs with mother & littermates, 11998
estrus cycle & ovariectomy, fat intake, female hamsters, 12197
ethanol administration during light vs dark phase, open field behavior, male hamsters, 676
functional behavioral recovery & cortical reinnervation following early lateral olfactory tract section, golden hamster pups, 12238
intertrial interval, food hoarding reinforced running behavior, male golden hamsters, 5007
maze learning task difficulty & food searching strategies, golden hamsters, 4989
methyl thiolbutyrate, signal of estrous state & attraction of males & facilitation of copulatory behavior, female hamsters, 5128
morphine sulfate, locomotor activity, hamsters, 12315
naltrexone blockade of opiate receptors, voluntary running & hypothalamic self stimulation, female hamsters, implications for endogenous opiate mediation of motivated behaviors, 9846
removal of interscapular brown adipose tissue & photoperiod light-dark ratio, body weight control, female hamsters, 12179
sagittal cuts in near vs far lateral preoptic area-hypothalamus, ultrasonic vocalizations, female hamsters, 598
septal lesions, hyperactivity & rapid weight gain & role of reduced capacity of running to induce psychomotor arousal & mobilize metabolic fuels, female hamsters, 12224
septal lesions, lordosis, estradiol- & progesterone-primed female hamsters, 2994
suprachiasmatic nuclei symmetrical innervation by retinohypothalamic tract, entrainment of circadian rhythms, blinded male rats & hamsters, 2992
5-thioglucose, feeding & glycemia, adult male hamsters, 639
Hand (Anatomy)
electroacoustic method, 3-dimensional analysis of hand movements during positioning tasks, 11572
expectation & set, recognition of back of own hand, college students, 246
financial need & daily living activity level & occupational therapy, return to work, 18–65 yr olds with hand injuries, 11024
menstrual cycle, stability of grip strength, female college students, 7453
motor cortex neurons having excitatory influence on spinal motoneurons of intrinsic hand muscles, monkeys, 9656
occupational therapy, hand dysfunction, implications for therapist education on psychological & physiological correlates of severe hand dysfunction, 11025
psychoanalysis, depressed male teenager with injury crippled right hand, 13163
sex & handedness & asymmetry of hand & foot length, 4–9 yr olds, 7687
tactile sensory coding in glabrous skin of hand, role in perception & motor function, humans, 7388
Handedness
age & sex & handedness & disadvantaged life circumstances, patterns of choosing objects according to formal aspects, children younger vs older than 5 yrs, test of I. Hermann's findings, 12421
age differences, right & left hand skill development, right vs left handed 4–9 yr olds, 7701
cluster analysis, hand preference for motor tasks, 6–81 yr old right- vs left handed vs unclassifiable Ss, 12396
complexity & intensity of tactile temporal patterns presented to right vs left hand, accuracy of pattern perception, right vs left-handed Ss, 459
development of dichotic ear asymmetries & handedness, school achievement, males evaluated in kindergarten & 2nd & 5th grade, longitudinal study, 3168
development of response priming experimental technique, RT in voluntary body movements, 30–40 yr old right-handed females, 2389
directional preference for horizontal hand movements, right- vs left-handed 4 yr olds, 3199
electrical stimulation of caudate nuclei & dentate nucleus lesions, prolongation of latencies of acoustically & visually signaled lateralized operant reaching, male rats, 7503
field dependence & handedness strength & EEG, right vs left handed Ss, reanalysis of K. P. O'Connor & J. C. Shaw's data, 5145
field dependence & handedness strength & EEG, right vs left handed Ss, reply to data reanalysis by P. Zoccolotti, 5135
finger tapping & verbal vs visuo-spatial tasks, hemispheric differences in interference, left vs right handed vs stuttering Ss, 7442
genotype & sex differences in hand preference & left vs right hand skills & developmental language problems, children more than 5 yrs old raised by 2 left-handed parents, 12392
hand & eye & foot preference & family handedness, mathematical ability, high school & college students & mathematics teachers, 9940
hand position during writing, verbal & visuospatial lateralization & reading comprehension & ability, right handed 7–9 yr olds, 3204
hand superiority, serial recall of tactile stimulation, right handed 20–27 yr old males, 9666
hand-eye & ear laterality & familial handedness, WISC-R scores, 12–14 yr olds, 12420
handedness & age, development of intelligence & language & visuospatial ability, under 60 mo vs 60–96 mo vs over 96 mo old autistic females, 10438
handedness & sequentially presented visual stimuli, hemispheric differences in discrimination learning, split-brain rhesus monkeys, 7381
handedness, US Navy sonarmen vs corpsmen vs enlisted males aboard submarine, implications for validity of G. C. Briggs & R. D. Nebe's questionnaire, 2841
handwriting characteristics, left vs right handed males vs females, 7399
hemispheric lateralization & physiognomic perception & cognitive flexibility, left vs right handed female college students, 7403
history of perinatal complications, rightward headturning bias & duration of postural reflex & lateralization, 4–10 wk olds, implications for development of left-handedness, 7735
intellectual development, left- vs right-handed preschool children with orthopedic disabilities, 10-yr longitudinal studies, 10545
lateral cradling preferences & handedness, females with mean age of 59 mo, 3193
lateral preference & hemispheric specialization for cognition, perceptual motor abilities & sports performance, left vs right handed Ss, 7379
laterality, direction of traces in simultaneous graphic activity, right vs left handed elementary school students, 5379
left handedness, learning disorders, 2nd & 3rd graders, 1292
left handedness, motor performance, literature review, 2573
material density & task frequency & load center of gravity locations in direction of preferred vs nonpreferred hand, maximum acceptable weight of lift, 2578
mirror writing, right- vs left-handed 17–29 yr olds, 5098
movement direction & preprogramming vs programming vs reprogramming, ballistic motor act, females with mean ages of 21.9 vs 69.1 yrs & right vs left handed college students, 3174
normal vs inverted writing hand/posture, handwriting performance, left vs right handed students, test of J. Levy & M. Reid's neurological model, 9680
personality profile, Wright brothers, 10305

precuing for dominant vs nondominant hand & ipsilateral vs contralateral movement in forthcoming response, response organization, 4th graders, 12399
recognition of words dichotically presented to left vs right ear, right vs left handed males, 5077
reversed cerebral hemispheric organization, 67 yr old left handed male with damage to right hemisphere, 13009
sex & familial handedness & sensory & hemisphere mode stimulation, stimulus specific & nonspecific responses with greater magnitude on left hand, right handed college students, 5095
sex & familial handedness & Type A personality, lateral dominance of electrophysiological response to emotion, right handed college students, 5132
sex & familial sinistrality, handedness & spatial ability, college students, 419
sex & handedness & asymmetry of hand & foot length, 4–9 yr olds, 7687
sex & handedness & visual field & standard form vs mirror image of stimulus, mental rotation RTs, college students, 9639
silence vs nonspeech vocalization vs speaking & hand used & visual guidance, motor performance, right handed Ss, evidence of operation of left hemisphere motor control systems, 4840
skill imagery, bilateral transfer of pursuit tracking, male high school students, 3203
subtypes of left handedness & predisposition for particular subtypes of dyslexia, literature review, 1279
transfer of motor task to hand which was vs was not engaged in unrelated task during training, right handed students, 452
test-retest reliability & predictive validity of self assessed hand preference questionnaire, 6–8 yr olds, 7064
unimanual ballistic aimed movements, constant error with right vs left hand, right handed adults, 11770
verbal vs performance scores on psychological tests & right vs left hand performance, verbal vs performance ESP tasks, 25 vs 34 yr old right handed females with motor vs verbal occupations, 4613
visuomotor organization, sinistrals who wrote with vs without inverted hand posture, 431
Handicapped [See Also Adventitiously Handicapped, Amputees, Aurally Handicapped, Autistic Children, Blind, Brain Damaged, Congenitally Handicapped, Deaf, Educable Mentally Retarded, Emotionally Disturbed, Health Impaired, Home Reared Mentally Retarded, Institutionalized Mentally Retarded, Mentally Retarded, Minimally Brain Damaged, Multiply Handicapped, Partially Hearing Impaired, Partially Sighted, Physically Handicapped, Profoundly Mentally Retarded, Severely Mentally Retarded, Slow Learners, Speech Handicapped, Trainable Mentally Retarded, Visually Handicapped]
advances & problems caused by PL 94-142, handicapped, 13656
anxiety about disability & lack of family communication & negative parental attitudes toward handicapped child, emotional maladjustment, siblings of handicapped children, 10329
application of ergonomic research & user-oriented development procedures, design of washbasin for use by aged or handicapped persons, 11450
application of least restrictive environment principle to educational programs, handicapped children & adolescents, 9036
attitudes toward preschool mainstreaming, preschool teachers & parents of preschool students, 11259
attitudes toward specialized vs mainstreamed preschools & placement of own child, mothers of handicapped 3–5 yr olds, 4377
behavior modification, handicapped children, 1615
characteristics & effectiveness of multidisciplinary teams, educational decision making concerning handicapped students, literature review, 11253
client characteristics, dropping out of treatment, physically &/vs mentally handicapped clients at rehabilitation center, 8752
continuing education for care for disabled children, school nurses, 6527
cooperative vs individualistic learning experiences, interaction & interpersonal attraction & achievement, handicapped & nonhandicapped 11th graders, 4348
cooperative vs individualistic learning experiences, interactions & relationships with nonhandicapped peers, severely adaptively handicapped 7th graders, 9061
curriculum materials & media & books & teaching methods, acceptance of individual differences, handicapped & nonhandicapped students, 4366
development of teacher handbook, curriculum adaptation for handicapped students, 2096
Developmental Education Birth through Two early intervention project, fine motor & social & language skills & subsequent student placement, at-risk & handicapped children with mean age of 16 mo & their parents, 2125
developmental model for prescriptive educational assessment & programming, educationally subnormal children, 13637
directory of national information sources on handicapping conditions & services, book, 8636
early memories, coping behavior, parents of genetically handicapped children, 1533
economic & demographic & technological trends & proposed plan of action, rehabilitation efforts toward economic & social integration of disabled, England & Europe, 1865
employment status & job/career options & barriers & recommendations for service systems, disabled females, 1864
epidemiology of disabilities & handicaps, Australia, 1415
evolution of parent group from directive/educational to autonomous/mutual support structure & purpose, parents of handicapped children, 13654
feeding process & nutritional needs, handicapped infants & preschoolers, 10325
free & appropriate special education & educational environments & individualized education programs & parent involvement in decision making, handicapped children, 4369
full-time special education vs part- vs full-time regular classes & programs to facilitate social acceptance by classmates, achievement & self esteem & behavior & emotional adjustment, academically handicapped students, literature review, 6746
home-centered instructional strategy utilizing parents & professionals, language learning, nonverbal severely handicapped children, 3978
impairment status, community adjustment & alcohol & drug usage & arrests, intellectually vs emotionally vs developmentally vs physically impaired 20–26 yr olds, 12755
individualization of instruction, mainstreamed handicapped children, 13652
information gathering efforts, incidence of child abuse & neglect among handicapped, US, 5699
inservice career guidance experiences, educators who work with handicapped vs disadvantaged vs special need learners, 6576
integrated vs separate education, handicapped & gifted children, parents & special education teachers & students, 6759
integration of disabled persons into society, US, 1467
interactions with other parents, parents of handicapped vs nonhandicapped children in mainstreamed preschool, 4339
knowledge of special education legislation for handicapped children, physicians, 4171
labeling & noncategorical approaches to service delivery, handicapped students, literature review, 13642
laws & legal precedents, suspension & expulsion from school, handicapped, 6728
legal issues in educational & intelligence testing & PL 94-142, 2165
legal requirements & administrative issues & efficacy of summer school programing, handicapped students, 6741
lens-model approach, evaluation of special education in-service training program for dealing with rural handicapped preschoolers & their families, 22–55 yr old consumers & service delivery persons, 6729
level & complexity & initiation of play behavior, handicapped segregated vs mainstreamed vs nonhandicapped mainstreamed 3–6 yr olds, 6730
mainstreaming in preschool education, handicapped preschool students, literature review, 9076
medical & educational & employment & social concerns, females with disabilities, implications for benefits & services, 1839
model, financial factors affecting provision of educational services to handicapped children, 2132
model for generation of hypothetical examples of handicapped mainstreamed students' experience, sensitization of nonhandicapped students, 13659
motor performance & self concept, mainstreamed handicapped vs nonhandicapped kindergartners through 3rd graders in physical education classes, 4356
need for comprehensive vocational rehabilitation, disabled females, 11030
need for early identification & proper intervention services in day care & preschool education, exceptional children, 4373
nutritional assessment, handicapped preschoolers, 10316
opportunities & barriers in rehabilitation, disabled &/or minority females, 1833

performance on state minimum competency test, special education students, implications for test administration, 6787
pets as source for pleasure & responsibility & learning, handicapped children, 13105
physical handicap, sex-role identification, physically handicapped 18 yr olds with onset at birth vs 3–6 vs 12–15 yrs vs normals, 5957
placement in special education settings with partial to total instructional segregation vs regular classes, self concept, mildly handicapped elementary school students, 6727
presence of mentally handicapped child, relations, families, 8074
principles & development of research in education & rehabilitation of handicapped, Faculty of Defectology at University of Zagreb, Yugoslavia, 1859
quantitative techniques for measurement of abnormal motor movement in handicapped, nonhandicapped 7–15 mo olds, 6978
recent US Supreme Court decisions, federal role in programs & services for handicapped, 6748
reliability of O & mode of stimulus presentation, Behavioral Observation Audiometry, mild to severely handicapped 7–129 mo olds, 10312
role in independent living rehabilitation, rehabilitation counselors, 4103
school & teacher characteristics & teaching methods & mainstreaming of handicapped children, co-teaching in special education elementary schools, Norway, 2103
screening & diagnosis & treatment, handicapped infants, literature review, 5698
self reinforcement, on-task behavior, educationally handicapped 5th–6th graders, 13655
sex role conflicts & coping behavior & adjustment, disabled males, literature review, 5721
short form of Questionnaire on Resources & Stress, measurement of stress in family, parents of handicapped & mentally retarded children, 11677
social & educational functions of mealtimes, handicapped & nonhandicapped preschoolers in school settings, 11257
Social Competence Intervention Project, instruction in positive social interaction, handicapped students, 4341
social skills training with vs without contingency management, classroom social adjustment & peer-to-peer skills, mentally handicapped 6–12 yr olds, 9086
sociocultural factors, rehabilitation, handicapped, 6449
static vs dynamic presentations of concept exemplars, discrimination learning, nonhandicapped 3–6 yr olds vs mildly handicapped elementary school students vs severely handicapped adults, 1121
student behavior & characteristics & needs & program characteristics, public school physical education, disabled children, 11271
suggested changes in administration & interpretation of Adaptive Behavior Scale, handicapped, 7042
teacher attitudes toward mainstreamed handicapped children, literature review, 2113
theories of social competence & applications to curricula, mentally & physically handicapped children, 11256
training & use as paraprofessionals for teaching severely handicapped children in developmental day care center, 54–81 yr old retired females, 2101
uninformed vs informed consent & participation models of parent involvement in educational goal planning, parents of disabled children, 4371
valence of performance feedback given to handicapped vs nonhandicapped person, perception of feedback, college students, 3426
validity of survey methodology, estimated prevalence of physical & intellectual & behavioral handicap in Third World populations, Papua New Guinea, 45
value of Student Council for Exceptional Children, college students, 6710
variation in mainstreamed vs integrated special education programs, handicapped preschool students, literature review, 9075
works of F. Schonell & E. Schonell in special education, learning disabilities & mental & physical handicaps, literature review, UK, 11255

Handicapped (Attitudes Toward) [See Also Mental Illness (Attitudes Toward), Mental Retardation (Attit Toward), Physical Handicaps (Attit Toward), Sensory Handicaps (Attit Toward)]
application & evaluation of "Kids on Block" project, sensitization to needs of handicapped, students, Canada, 11205
attitudes toward alcoholic vs mentally retarded vs paraplegic vs schizophrenic clients, vocational rehabilitation counselors, 4156
attitudes toward stuttering & effects on job performance, employers, 3666
cooperative vs individualistic learning experiences, interaction & interpersonal attraction & achievement, handicapped & nonhandicapped 11th graders, 4348
factor structure of Attitudes Toward Disabled Persons Scale-Form B, medical & rehabilitation students, 9333
full-time special education vs part- vs full-time regular classes & programs to facilitate social acceptance by classmates, achievement & self esteem & behavior & emotional adjustment, academically handicapped students, literature review, 6746
inservice training, attitudes toward mainstreaming, physical education directors, 4241
knowledge of attitudes toward stuttering, vocational rehabilitation counselors, rehabilitation implications, 3667
media portrayal of disabled persons, attitudes toward disability, literature review, 5256
model for generation of hypothetical examples of handicapped mainstreamed students' experience, sensitization of nonhandicapped students, 13659
partnership approach to vocational rehabilitation, enhancement of employer attitudes & hiring behavior, disabled persons, literature review, 1852
portrayal of disabled in advertising & social service delivery, attitudes toward handicapped, 5726
presentation of information about handicapped through theatrical performance, changes in attitudes toward handicapped, 14–20 yr olds, 8066
pulse & skin temperature changes vs self reports, measurement of attitudes toward handicapped children, pre- vs inservice vs special education teachers, 6733
self efficacy scaling, measurement of attitudes toward stuttering clients, student clinicians, treatment implications, 4192
sociocultural factors, rehabilitation, handicapped, 6449
sources of negative attitudes toward disabled persons, 5714
training in mainstreaming, attitudes toward disabled, elementary & special education majors, 8949
visibility of handicap, wage level, mentally ill & mentally retarded & physically handicapped sheltered workshop employees, 8067

Handwriting [See Also Cursive Writing, Handwriting Legibility, Printing (Handwriting)]
content of handwriting sample & knowledge level of analyst, interrater reliability & validity of graphological inferences, adults, implications for use of handwriting analysis in job applicant screening, 6833
continuous stroke method of teaching handwriting, 9000
copied letter height reduction, 2nd graders, 12445
group size & classroom social homogeneity & feedback vs verbal praise vs candy & direct vs indirect rewards, extinction of conditioned handwriting performance, 1st vs 3rd vs 6th graders, replication of C. F. Sharpley's work, 6803
grouping letters into families, learning handwriting, learning disabled, 9057
grouping letters into families, learning handwriting, learning disabled children, 9081
hand position during writing, verbal & visuospatial lateralization & reading comprehension & ability, right handed 7–9 yr olds, 3204
handwriting assessment, developmental stages, female quadruplets who developed schizophrenia at 26 yrs of age, 12828
handwriting characteristics, left vs right handed males vs females, 7399
individual differences, spectrographic patterns of vocalized text & text writing, humans, implications for neural coordination of vocalization & handwriting, 449
manuscript method of teaching handwriting to young children, 8961
mirror writing, right- vs left-handed 17–29 yr olds, 5098
normal vs inverted writing hand/posture, handwriting performance, left vs right handed students, test of J. Levy & M. Reid's neurological model, 9680
problems in handwriting instruction, learning disabled secondary school students, 9041
stereotactic selective thalamotomy, writing tremor, 36–49 yr old males, 4000
visuomotor organization, sinistrals who wrote with vs without inverted hand posture, 431

Handwriting Legibility
penmanship & complexity & accuracy of prose & length & bulk of answers & number of quotations used, "A" level English literature examination marks, students, 9011
scorer achievement expectations & writer handwriting quality, essay scores, college student scorers, 9097

student's handwriting quality, assignment of essay grades, high school teachers, 13532
Happiness
depression proneness & low self esteem & unhappy outlook & narcissistic vulnerability, college students, 12888
facial EMG & heart rate & palmar skin conductance response in reaction to happy vs angry facial expressions, college students, 514
fear & anger & joy factors, individual emotionality profiles, questionnaire respondents, 8042
happiness with life, satisfaction with job counseling services, job applicants, 2211
increase in personal control over environment, activity & happiness & perceived control, 69–89 yr old nursing home residents, 10996
independence of positive & negative dimensions of Happiness Scale, urban vs nonurban Ss with median age of 72 yrs, 4748
level of marital alternatives & marital happiness, marital disruption, spouses, 7903
object relations theory, mental consequences of dramatic good fortune, patients thrown out of synchrony with internal milieu by gratification of social relationships, 13136
objective data vs popular beliefs about role of objective circumstances as causes of happiness, adults, 4970
perceived sources of stress & happiness, married vs single college students with mean ages of 26.8 & 19.2 yrs, 13628
psychoanalytic perceptions of silence & communication & happiness & sexual love & death, 8037
treatment with clomiphene, happiness & well-being as outcome variables, infertile females, 3947
viewing of happy vs sad videotaped facial expressions, asymmetrical brain activity, 10 mo olds, 3134
Haptic Perception [See Cutaneous Sense]
Hate
countertransference hate, inpatient treatment, 24 yr old female patient with dependent & borderline personality disorders, 11011
self hate & self esteem & self acceptance & role of irrational ideas & treatment implications, 8418
Hawaii
self analysis, identification of retribution in form of illness or misfortune, 27–53 yr old females, Hawaii, 2560
Hazards
awareness of & response to natural hazards, literature review, 4585
behavioral adjustment to natural hazards & pollution in environment, residents, Canada, 4580
driving experience, estimation of relative hazardousness of traffic situations, adults, 2193
Head (Anatomy)
audio feedback system, head control, profoundly retarded multiply handicapped 2–16 yr olds, 8523
Head Banging
naloxone, head banging, severely mentally retarded 8 yr old male, 6244
Head Injuries [See Also Brain Concussion]
availability & awareness & use of neuropsychological assessment for patients with head injuries, community hospitals, 1774
behavior modification, hemichorea-hemiballismus conversion reaction following head injury, 13 yr old female, 1587
computerized tomography scanning, identification of risk of post-traumatic epilepsy, patients with head trauma, 8287
EEG characteristics, patients with head injuries, 8346
mild head injury, cognitive & emotional changes, children, 5946
self instructional training, attentional deficits, 24 yr old male with closed head injury, 10822
Head Start [See Project Head Start]
Headache [See Also Migraine Headache, Muscle Contraction Headache]
battery of psychophysiological responses, prediction of success of biofeedback & relaxation training, headache patients, 10779
biofeedback treatment, headache & asthma & hyperactivity & muscle dysfunctions & anxiety & emotional disorders, children & adolescents, 3923
efficacy of biofeedback, headaches & Raynaud's disease & essential hypertension & irritable bowel syndrome, literature review, 8509
EMG biofeedback training, trauma-induced vs tension headache patients, 10820
incidence of headache & implications for treatment with psychotherapy & biofeedback, 18–28 yr old medical students, 13485
methodological guidelines, clinical headache research, literature review, 8399
pain as sensory indication of presence of life, 39 yr old male headache sufferer, implications for hypnoanalysis, 8593
relaxation training combined with music, tension headaches, 89 yr old nursing home patient, 1802
therapist's experience & characteristics & patient's level of physiological change & regularity of home practice, biofeedback &/or relaxation treatment outcome, 18–68 yr old chronic headache patients, 10780
treatment methods, organic & functional headaches, 8403
Health [See Also Community Mental Health, Mental Health]
air pollution, health & behavior, humans, 11469
burnout syndrome & coping strategies, counterproductive behavior & job dissatisfaction & drug & alcohol use & job search & illness rates, 26–86 yr old geriatric counselors & service workers, 8898
concepts of health & prescriptive vs preventive treatment in family practice, Sweden, 13323
correlation between occupational & other measures of social class & health characteristics, community residents, Israel, 39
development of concept of health, children, implications for health education, literature review, 5321
direct & indirect effects of education & occupational choice, health & health habits, employed persons aged 16 yrs & older, 10293
extention &/vs reception of help, physical & psychological adjustment, aged residents of retirement hotels & apartments with mean age of 77 yrs, longitudinal study, 5473
factors affecting life satisfaction & functional disability, geriatric day hospital patients, 10940
family & community acculturation & health/illness status, 6–15 yr old Navajo boarding school students, 10310
family activities as go-between in job stress vs ill health, 10148
health & affection & communication in & quality of relationship with adult children, personal & family adjustment, parents aged 61 yrs & over, 7892
health & disease & health care, Bangladesh, 3981
health & friends & offspring living in same area & educational level, life satisfaction & death anxiety, females over age 65, 916
health & social costs of unemployment, literature review, 4446
health & stress & life satisfaction, separated vs divorced French-Canadian & English-Canadian mothers with mean ages of 39.4 & 40.8 yrs, Canada, 10168
health needs & problems & campus health service utilization, recommendations for health education, foreign students, US, 11157
health status measures, implications for limitations for oncology, literature review, 8601
holistic treatment based on high level wellness, alcoholism, 11048
incarceration, physical & mental health, 11042
individual & household characteristics & perceived morbidity & sex & age, prescribed & nonprescribed medicine use, households receiving Aid to Families with Dependent Children, 3359
interests in role of society vs community vs family vs individual status in health & illness, medical students, 6533
model which integrates living conditions & quality of health care, physical & psychological well-being, children & their families & pediatricians, 3147
parent alcoholism, health & behavior & learning problems, alcoholic parents with mean age of 36.4 & children with mean age of 9.2 yrs, 1265
parental unemployment, material deprivation & psychological factors & family roles & relations & health & behavior & abuse & progress in school & reception into care, children, literature review, 3142
perceived vulnerability to health problems, children & adolescents, literature review, 5301
personal mobility rate, health status, non-faculty university employees, 3-mo followup, 11478
personality factors & demographic characteristics & work & nonwork demands & satisfaction & physical health factors, employment immobility, correctional institution administrators, Canada, 4495
personality traits & social network & health & financial correlates, distress patterns following bereavement, 27–69 yr old widows, 3317
physical health change & psychopathology & responses to increased work load, cortisol & growth hormone secretion, male air traffic controllers, 527
prior absenteeism & group cohesiveness & health locus of control & other factors, prediction of absenteeism, manufacturing plant employees with mean age of 34 yrs, longitudinal study, 13728
religious attendance & sociodemographic characteristics & alcohol/tobacco use, satisfaction with health & physical condition, persons aged 65 & over, 906
retirement, somatic complaints, 53–73 yr old males, 12372
severity of initial illness & physical health & life events & SES, outcomes, depressed 65–89 yr olds, 10698

sex & self rating of health, perceptions of parental health status & attitudes toward personal & peers' aging, Ss with mean age of 21.9 yrs, 8044
sex role orientation, stress & health, female college students, implications for scoring of Bem Sex Role Inventory, 12610
shift work schedules, physical & psychological health & job shift satisfaction & preference & turnover intentions, 25–34 yr old plant operators, 9178
social pressures vs health status vs income, prediction of early retirement intentions, 46–66 yr old industrial workers, 13762
social relations & locus of control, healthy elderly, 10090
social support networks, health, 60–92 yr olds, 12705
somatic risks & sociocultural factors, language development & disorders, 2.9–3.3 yr olds, 8270
stress & health status evaluation & cost effectiveness of wellness screening, police officers, 1713
theoretical biological approach, dynamics of needs, implications for psychoemotional stress & health, 7485
trends in perinatal health policy, UK, 6335
Type A behavior patterns, hardiness & illness onset, 33–65 yr old male executives, 5667
unemployment, health & illness, UK, literature review, 3486
validity of General Health Questionnaire, screening of psychological impairment, medical students, Yugoslavia, 9366
validity of Guttman scales, assessment of functional health & sociability, aged, 95

Health Behavior

behavior contracting, health behavior, college students in personal health classes, 6660
behavioral health's challenge to academic & scientific & professional psychology, comment on article by J. D. Matarazzo, 10722
cardiovascular risk reduction education project, diet & exercise, families of elementary school students, 3999
cognitive style & interpersonal need & eudaimonistic model of health, 25–60 yr olds, 12704
concepts of health & illness, children, implications for health education, 5310
correlation between occupational & other measures of social class & health characteristics, community residents, Israel, 39
development of methods & materials, instruction in breast self examination, 8622
direct & indirect effects of education & occupational choice, health & health habits, employed persons aged 16 yrs & older, 10293
family structure & interaction patterns & health related behavior, high vs low health care utilizers, 13322
future research, health behavior, children, implications for health education, 5300
health behavior, preschool age children, conference proceedings, 5287
Health Belief Model, noncompliance to medical treatment, implications for role of liaison psychiatrist, 13318
health beliefs & behaviors, parents & their 6–17 yr olds, 5294
health beliefs & intentions, prediction of return compliance for tuberculosis test reading, volunteers with average age of 22.3 yrs, 10927
health locus of control & MMPI-assessed personality variables, alcoholic inpatients with mean age of 46.6 yrs, 10482
health locus of control, participants vs dropouts vs nonparticipants in physical fitness program, 3461
health promotion program, drug dependent females, literature review, 8800
individual vs group nutritional & social skills training, kindergarten students, 2046
knowledge of & beliefs about breast cancer, breast self examination, athletic vs nonathletic females, 3472
lipid screening project for identification of coronary risk factors, behavioral response & subsequent cholesterol & triglyceride levels, medical students, 8618
need for knowledge about diverse cultures & health beliefs & oneself, health workers in cross cultural settings, 13461
parental marital status, health-risk behavior, adolescents, 9928
planning & techniques for health education in dense residential settings, health behaviors, aged, 1811
prior dental experiences & health behavior, compliance with novel preventive dental activity, 7th graders, 6326
promotion of student self care to preserve good health, school nurses, 4420
role in facilitation of patients' healthy lifestyle changes, family physicians, 8630
social support, adherence to medical treatment & modification of smoking & overeating & other health related habits, literature review, 13109
sociocultural factors, accessibility & use of health care, Mexican Americans, 13316
sociocultural factors, health beliefs & decision making, children, 5314
stress & relaxation training & self monitoring of blood glucose, management of diabetes mellitus, 8361
usefulness of TV messages in mass media campaigns for health promotion, 7641
Whole Person Care Program, promotion of health behavior, college students, 6808

Health Care Delivery

age & recent experience, attitudes toward terminal patients & their care, physicians & housestaff & nurses, 10999
characteristics of clients & treatment delivery & facility, use of alcoholism treatment agency, female alcoholics, social policy implications, 4109
children's rights & services & service delivery & role of state, literature review, 1970 to present, 1731
clinically oriented social science research, academic development of primary care in family medicine, 13310
co-occurrence of psychiatric & medical morbidity, primary care patients, implications for health care delivery, 8069
continuous relationship with personal health care provider, quality of health care, literature review, 1693
delivery of psychiatric services, rural US, literature review, 10658
demographic trends & elderly population, implications for concept of frailty & service delivery, 6329
development of Aftercare Orientation Scale, assessment of attitudes toward implementation of services for community care of chronically mentally disabled, mental health practitioners, 1749
disease-related perceptions, 11–20 yr old cancer outpatients vs their parents, implications for health care delivery & coping behavior, 3992
disenfranchisement, mental health & health care, American Indians, 8068
elements of family practice, 34–54 yr old family physicians, 13302
family systems theory & family intervention via model shelter program, battered women, 8675
health care delivery & therapeutic processes & treatment compliance & drug therapy, health care professionals & patients, 1469
history & functions & service delivery & social class bias, alcohol treatment system in California counties, 8835
identification & assessment procedures & intervention strategies & service delivery model, secondary prevention of child abuse by At Risk Parent Child Program, parents of young children, 1715
implementation of rehabilitation services & support systems, developing countries, 1472
Jewish viewpoint, allocation of limited medical resources, 13317
Lomest area psychiatric case register, statistics for monitoring prevalence of treated mental illness, residents, Italy, 10398
models of helping & coping during childbirth, health professionals, 13306
need for psychiatric hospitals & community facilities, mental health delivery systems, 8646
perceived priorities in service delivery for emotionally disturbed children, educational & mental health & social work professionals, Australia, 11260
primary health care, Cameroon, 4007
reciprocal effects among client characteristics & medical care structure & process & outcomes, medical model of health care delivery system for outpatient pediatric care, 1708
response bias, assessment of needs, hospice clients, 10900
role exchange as teaching method for health care education, social workers, 1954
role of & need for psychiatrists, mental health care delivery, 8650
role of social work intervention in health care, 13351
sociocultural factors, accessibility & use of health care, Mexican Americans, 13316
sociocultural factors, long term care delivery, minority aged, 11009
understanding of family pathophysiology & diagnostic & therapeutic techniques & needs of family vs individual members & consequences for health care delivery system, family medicine, literature review, 8628
US Department of Defense plan, health care, military personnel, 1690
White domination & cultural differences, mental & physical disorders & health needs & services, American Indians, 8073

Health Care Professionals [See Medical Personnel]

Health Care Services [See Also Community Mental Health Services, Mental Health Services]
attitudes toward self & others & children & authority & work & reality & parents & hope, utilization of university health service, college students, 6771
continuous relationship with personal health care provider, quality of health care, literature review, 1693
cooperation between health care & social welfare systems, Finland, 10925
cultural beliefs & attitudes toward health services & style of education & role of school health personnel, Southeast Asian refugee children, 13496
cultural differences, public reactions to medical & health programs, 12534
demographic characteristics & presenting problems & intervention, preschoolers to adolescents referred for psychological assistance in community based health care facility, 8679
design strategies for effective drug rehabilitation services, female substance abusers, 4117
directory of national information sources on handicapping conditions & services, book, 8636
factors affecting attendance at primary health care clinics, 10 mo to 5 yr olds, Nigeria, 3980
health & disease & health care, Bangladesh, 3981
history of services for elderly & evaluation of present systems of care, England, 13328
importance of psychotherapy in health care services, 3858
key curriculum elements within school health education program, preparation for hospitalization & health care, children, 6634
model which integrates living conditions & quality of health care, physical & psychological well-being, children & their families & pediatricians, 3147
need & enabling & predisposing factors, use of social & health services, noninstitutionalized Ss over age 65, 8603
pediatric care & family therapy, chronically ill children & their families, 3891
perceived need for relaxed services for mentally retarded children, preservice vs inservice special education teachers, 9072
primary health care, Cameroon, 4007
role exchange as teaching method for health care education, social workers, 1954
SES, utilization of mother & child health services, rural families with children under 6 yrs of age, Greece, 8634
socio-medical vs anthropological research approaches, health seeking behavior, developing countries, literature review, 10913
Teen Advocate Program, clinic-based peer sex education & health counseling program, adolescents, 3998
unification of community mental health services with primary health care & preventative programs & focus on family as basic health-promoting unit, 6317
White domination & cultural differences, mental & physical disorders & health needs & services, American Indians, 8073
Health Education [See Also Drug Education, Sex Education]
activity centered health curriculum, cognitive knowledge, 4th–6th graders, 6591
behavior modification vs nutrition education, changes in percentage overweight, children vs their parents, reanalysis of study by present authors et al, 3913
cardiovascular risk reduction education project, diet & exercise, families of elementary school students, 3999
characteristics & dynamics & treatment, anorexia nervosa, adolescents, implications for health education, 10560
company sponsored intervention program, reduction of controllable risk factors of smoking & hypertension & obesity, employees at risk for coronary heart disease, 8635
concepts of health & illness, children, implications for health education, 5310
content analysis, nursing interventions in hypertension education program, 10703
content analysis of community mental health ideology in high school health textbooks, 13505
development of concept of health, children, implications for health education, literature review, 5321
development of methods & materials, instruction in breast self examination, 8622
education for health decision making, students, 11203
effective use of health information, teachers & students, 4284
effectiveness of school nurse in teaching health habits, mainstreamed learning disabled 8 & 10 yr old females, 6755
evaluation of health education curriculum, 2–4 yr olds, 6592
future research, health behavior, children, implications for health education, 5300
health needs & problems & campus health service utilization, recommendations for health education, foreign students, US, 11157
health promotion program, drug dependent females, literature review, 8800
health screening program vs health education learning module, health knowledge, 4th graders, 11206
key curriculum elements within school health education program, preparation for hospitalization & health care, children, 6634
life span theory of development, implications for school health education, 6600
mass communication campaigns, smoking cessation & alcoholism & heart disease prevention programs, 10655
multiple risk factor intervention, reduction of smoking & hypertension & serum cholesterol, 35–57 yr old males at risk for coronary heart disease, 8613
need for health education at primary school level, children, 6611
number & focus of meetings & patient participation & emphasis on negative consequences of uncontrolled hypertension in health education program, knowledge & attitudes & compliance & blood pressure, hypertensive patients, 6017
peer- vs adult-taught cigarette smoking prevention program, cigarette smoking, 7th graders, 3-yr followup, 5448
planning & techniques for health education in dense residential settings, health behaviors, aged, 1811
prevention schema & case detection & staff education & patient & family group education & institutional structural innovations, psychological health, hospitalized medical patients, 4083
problems in design & implementation & probable results of workplace health promotion programs, 2196
review of undergraduate program in health education, 6622
training & role in patient education on cancer, general practitioners, 6520
Health Impaired
admissions group, adjustment following nursing home facility, frail aged, 6433
age changes in intellectual functioning & health status & differences in cultural & educational experience, cognitive-behavioral vs psychodynamic group therapy, 55–78 yr old depressed geriatric outpatients, 13225
care receivers' functional ability & care givers' assessment of patient's ability, preference for baby talk, 62–100 yr old residents of nursing homes & their caregivers, 13354
demographic trends & elderly population, implications for concept of frailty & service delivery, 6329
family & child characteristics & health status, abused & neglected male vs female children vs siblings, Greece, 1258
group social work, relatives of dependent aged, 6387
group social work services, relatives & friends caring for frail aged, 6383
role of social worker, frail elderly in nursing home & home care settings, 10981
social group work, aged, 6389
Health Insurance [See Also Workmens Compensation Insurance]
fee payment source, duration of outpatient psychotherapy, community mental health center patients, 3825
Massachusetts mandatory mental health insurance regulations, psychiatric benefits & coverage of mental illness, 1491
problems in health insurance coverage of mental health services, 4194
public policy debate on nature of services & insurance reimbursement for hospice care, 3979
Health Maintenance Organizations
psychoeducational group intervention, psychosocial adjustment & medical utilization, members of health maintenance organization experiencing marital separation, 1550
sociodemographic & status characteristics of physician, satisfaction, clients at fee for service vs prepaid multispecialty group practices, 8626
Hearing Aids
accuracy of test apparatus, performance of new hearing aids using ANSI S3.22-1976 standards, 6338
brain stem audiometry, hearing aid selection, hearing impaired children, 3722
electroacoustic characteristics of personal FM systems vs hearing aids in microphone mode, 6322
hearing aid &/vs lipreading rehabilitation approaches, acquisition of monosyllabic word discrimination, congenitally deaf 6–9 yr olds, 6309

hearing aid fitting with vs without training for 3 wks vs 6 hrs, audiovisual speech perception, 36–66 yr olds with sensorineural hearing loss, 1850
high-output hearing aid overamplification, hearing loss, 43 yr old female, 6321
measure of uncomfortable loudness level, hearing aid fitting, 6312
perceptions regarding achievement & personality & appearance of peers wearing body-type vs post-auricular vs no hearing aid, 65–80 yr olds with vs without personal or family experience with hearing aid, 5978
probe vs miniature electret vs eardrum microphones, measurement of hearing aid insertion gain, 40–93 yr old patients, 67
rehabilitation, aged with presbyacusis, 4098
seeding in single- vs double-elimination tournament method of hearing and selection, reliability of results, reanalysis of data from study by J. L. Punch & C. A. Parker, 6331
selection & use & precautions in using hearing aids, children with varying degrees of hearing loss, 6307
selective auditory filter amplifier, rehabilitation of language & speech, children with varying degrees of hearing loss, 6300
teacher feedback & public posting of information, usage of hearing aids in classroom, 5–12 yr olds, 2114
Hearing Disorders [See Also Ear Disorders]
acoustic reflex measurement with vs without airtight sealing, 5–31 yr olds with normal hearing vs C-type tympanogram, 6311
auditory brain stem response & speech discrimination, Ss with cochlear vs acoustic neurinoma hearing loss, 3677
brain stem auditory EPs & 4th-generation computerized tomography & air-computerized tomography cisternography, diagnosis of acoustic tumors, 51–62 yr old patients, 8308
central processing of dichotic CV syllables, patients with sensorineural hearing disorders, 13003
cerebral mechanisms, speech perception, implications for functional evaluation of hearing, 5059
demographic profile & patterns of prototypes & educational goals, education of public school children with special needs with emphasis on speech & hearing disorders, 4379
development of spoken & signed language, prelingually hearing impaired male 1 yr old, 8300
etiology, noise induced hearing loss, rural 11–18 yr olds, 3726
etiology of hearing disorders of noise trauma type with lack of noise exposure, children with mean age of 14 yrs, 3723
evaluation of program for early identification of hearing impairment, 5 yr olds, Sweden, 10603
genotype & age, noise induced auditory losses, mice, implications for studies of ethnic differences in industrial noise-induced hearing loss, 7335
hearing aid fitting with vs without training for 3 wks vs 6 hrs, audiovisual speech perception, 36–66 yr olds with sensorineural hearing loss, 1850
hearing resistance to noise effects, short term acoustic adaptation, patients with neurosensory hypoacusis, 6021
high-pass masking vs conventional methods, determination of bone conduction thresholds, 5–62 yr olds with low-frequency hearing loss, 1410
inservice workshop on hearing loss, mainstreaming of hearing impaired children, educators, 1979
maintenance of community register, infants at high risk for hearing loss, 6353
masking level difference, differentiation of types of presbycusis, 18–95 yr olds with metabolic vs sensory vs neural presbycusis, 6010
methodological issues, study of pathological auditory systems, literature review, 5995
nature & assessment & habilitation of hearing loss, aged, 13020
noise-induced hearing loss, speech perception in noise & reliability of audiogram diagnosis of hearing handicaps, 18–21 yr old normal vs hearing impaired, 6029
parent instruction & 20-day separation from family, speech & language learning, 6 yr olds with speech & language retardation & good vs poor hearing, 10895
perception of their preschooler's hearing ability, parents of 2–5 yr olds, 1366
psychoacoustic tuning curves & averaged EEG responses, 10 yr old female with sensory neural hearing loss, 3707
pure-tone audiometry of acoustic stapedial reflex, diagnosis of serious hearing loss, hearing impaired, 3710
reversal of stimulus phase, shift in latency of Wave V of auditory brain stem response, Ss with conductive vs high frequency hearing loss vs acoustic neurinoma vs cerebellopontine angle tumor, 3679
screening for auditory deficits, 8–18 yr olds with language & speech disorders, 8078
simultaneous assessment of hearing ability & cognitive status, 52–70 mo olds at risk for developmental delay, 10641
speech & hearing disorders resulting from congenital defects, 6028
Hearing Impaired (Partially) [See Partially Hearing Impaired]
Hearing Measures [See Speech and Hearing Measures]
Heart [See Also Heart Ventricles]
adrenal demedullation with vs without 6-hydroxydopamine, cold water swim & morphine analgesia & adrenal epinephrine & heart norepinephrine levels, male rats, 2907
doxepin vs other tricyclic antidepressants, cardiac conduction & rhythm & heart rate & mechanical function & blood pressure, review of clinical & animal studies, 13288
Heart Disorders [See Also Arrhythmias (Heart), Bradycardia, Myocardial Infarctions, Tachycardia]
company sponsored intervention program, reduction of controllable risk factors of smoking & hypertension & obesity, employees at risk for coronary heart disease, 8635
digoxin vs beta-methyl-digoxin vs digitoxin, induced color vision deficiencies, adult cardiac patients, 1623
hostility, incidence of coronary heart disease 25 yrs later, physicians, 12992
learning of high risk for premature heart disease, psychological stress response syndrome, 35–57 yr old males, 13028
lipid screening project for identification of coronary risk factors, behavioral response & subsequent cholesterol & triglyceride levels, medical students, 8618
mass communication campaigns, smoking cessation & alcoholism & heart disease prevention programs, 10655
mianserin therapy, heart disease & elderly patients, 10856
multiple risk factor intervention, reduction of smoking & hypertension & serum cholesterol, 35–57 yr old males at risk for coronary heart disease, 8613
physical handicaps, social relationships, normal vs heart diseased vs paralytic 10–17 yr olds, 5976
quitting smoking & use of benzodiazepines & stress & other sociodemographic & lifestyle variables & disease severity, memory problems, 31–64 yr old ischemic heart disease patients, 8298
role of behavioral scientists, multiple risk factor intervention & hypertension prevention trials, 10700
SES & child age & illness, depiction of & ideals for child, mothers of normal vs heart diseased 7.5–8.8 vs 9–10.8 vs 11–13.8 vs 13.9–16 yr olds, 6019
SES & other demographic characteristics & risk of death from ischemic heart disease or cerebral stroke or cancer, 30–59 yr old males, longitudinal study, 3753
stress management vs relaxation training, coronary heart disease patients with mean age of 49 yrs, 3921
stress of military service in World War II, war pension for resultant ischemic heart disease, reply to C. Tennant's criticism of Administrative Appeals Tribunal decision, literature review, 11339
stressful cognitive tasks, heart rate & blood pressure responses, Type A vs Type B adult males with vs without coronary heart disease, 1346
Type A behavior, assessment of coronary artery disease severity, patients with mean age of 53.7 yrs with vs without history of myocardial infarction, 1379
Heart Rate
acute vs chronic immobilization stress, blood pressure & heart & respiration rate, rats, 12206
aerobic fitness & recovery heart rate, reply to criticism by J. L. Jamieson et al, 7468
alpha-methylDOPA, blood pressure & heart rate following fear conditioning, spontaneously hypertensive rats, 7603
amygdalo-hypothalamus lesions, autonomic responses during alimentary CR & UCR, dogs, 9778
anticipatory stress, heart rate & blood pressure & T-wave amplitude, male college students, 5138
appetitive motivation, heart rate, 12150
atropine sulfate vs propranolol vs captopril, bethanechol-induced water intake & urine output & heart rate & blood pressure, female rats, 3022
attenuation of baroreflexes during operant cardiac conditioning, male adolescent macaques, 420
auditory RT task, limb pulse wave velocity & transit time & amplitude during anticipatory heart rate deceleration, males with mean age of 23 yrs, implications for vagal & alpha sympathetic activation, 9692

basal pulse volume & heart rate & skin resistance & muscle tension & reactivity to sound stimulation, 28.4–36.8 yr old patients with functional vs organic infertility, 3684
biofeedback of heart rate & blood pressure & slow cortical potentials, implications for behavior therapy, 9700
biofeedback training, heart rate modification, 48–57 yr old patients after suffering myocardial infarctions, 3927
biofeedback, voluntary heart rate control, healthy humans, 12168
bone-conductor vibrator in contact with uterus, measurement of heart rate response to sound stimulation, fetus, 57
cardiac detection via entrainment with artificial extrinsic feedforward, heart rate control, female college students, 518
challenging incentives, feedback-assisted heart rate reduction, Type A vs Type B college students, 532
change in apparent interactive distance & interviewer eye contact, heart rate & pulse amplitude, college students interviewed across interactive TV, 9704
clonidine, inhibition of withdrawal syndrome autonomic symptoms, morphine dependent rats, 9799
conditioned heart rate deceleration & Kamin effect, restrained albino rats, 344
conflict resolution vs concept learning tasks, habituation of heart rate & pulse amplitude & EMG & skin conduction, 18–51 yr old males, 9711
daily cocaine vs lidocaine, subjective & cardiovascular effects, normal 22–27 yr olds, 3021
developmental patterns of heart period activity & respiration frequency, rat pups between birth & 24 days of age, 2684
differences in self reported vs actual heart rate changes during stress, subsequent control of heart rate during feedback, 18–26 yr old males, 9707
doxepin vs other tricyclic antidepressants, cardiac conduction & rhythm & heart rate & mechanical function & blood pressure, review of clinical & animal studies, 13288
emotional & physical challenge, change in blood pressure & heart rate, Type A vs Type B 3–6 yr old males, 12383
facial EMG & heart rate & palmar skin conductance response in reaction to happy vs angry facial expressions, college students, 514
factor analysis, intrapartum fetal heart rate patterns, neonates, 759
fetal heart rate during last hr of labor, attention-orientation & temperament & arousal, 2–3 day olds, 760
food deprivation vs sucrose supplemented diet & footshock, plasma catecholamine & sodium levels & blood pressure & heart rate & plasma volume, male rats, 7511
heart rate & GSR, indicators of workload during learning of simulated aircraft carrier landing task, male ROTC students, 6821
heart rate & systolic & diastolic blood pressure during rest vs stress, 18–27 yr old sons of hypertensive vs normotensive parents, 519
heart rate biofeedback training &/vs speech skills training, physiological & overt motor & self reported public speaking anxiety, college students, 1601
heart rate biofeedback, treatment of sinus tachycardia, 6208
heart rate response as reliable & stable measure reflecting perception & affect, infants, literature review, 9934
icv arginine vasopressin fragments vs oxytocin vs oxytocin fragments, pressor response & bradycardia induced by electrical stimulation of mesencephalic reticular formation, male rats, 5251
iv phenoxybenzamine vs phentolamine vs yohimbine, heart rate deceleration induced by hypothalamic electrical stimulation, rabbits, 7582
iv vs icv vs periaqueductal gray nicotine &/vs naltrexone, cardiac & respiratory rates & analgesia & miosis & hypothermia & restlessness & emesis, female beagles, 3043
mental work vs sensory intake task performance, elevation of physiological & neuroendocrine responses, Type A vs Type B males, 536
methylphenidate dosage, heart rate & finger temperature & electrodermal resistance & motor activity & serial RT & impulsive errors, hyperactive 5.9–12.5 yr olds with attention deficit disorder, 1668
monetary task incentive, heart rate & blood pressure & skeletal muscle vasodilation & task performance, Type A vs Type B males, 2878
nonveridical heart rate feedback while viewing dental procedure, actual heart rate & emotional attribution, dentally anxious college students, 5144
operant conditioning via compressed air, elevation of blood pressure & heart rate, unrestrained olive baboons, implications for study of hypertension & atherosclerosis & cardiovascular disease, 2702
perceived physiological arousal, heart rate, 20–60 yr old social phobics & claustrophobics, 1172
periodicities in heart rate during play vs nap time, 44–50 mo old children, 12380
plasma catecholamines & blood pressure & heart rate & oxygen saturation & respiration & sleep patterns, obstructive sleep apnea, 55 yr old female, 6039
prenatal stimulation of familiar vs alien sound, postnatal heart rate & emotionality, ewes & lambs, 4988
prior social isolation & standing alone within sight of others in handling race vs movement in group around yard, heart rate & social stress & escape behavior & vocalization, sheep, 410
psychosocial stress, heart rate responses, Type A vs Type B male college students, 12152
rapid smoking of medium- vs low-tar/nicotine cigarettes, heart rate & blood pressure & carbon monoxide levels & smoking behavior, smokers, 688
respiration phase & information about response choice in RT task, cardiac cycle time effect, male college students, 513
RT tasks vs unavoidable shock tasks vs tasks with both elements & propranolol, phasic heart rate, 19–24 yr old college students, 2896
sex differences, heart rate & blood pressure & perceived environmental arousal & pleasantness, college students in single- vs triple-occupancy dormitory rooms, 4582
similarity of stimulus to real face, visual fixation & expressed interest & heart rate, 2–8 mo olds, 5372
simulator flight task, heart rate & stress cardiac output & index, 27–59 yr old pilots, 12137
skin conductance level & heart rate prior to & during & after cold pressor task & responses to McGill Pain Questionnaire after task performance, male college students, 7457
speech rate, blood pressure & heart rate, 21–33 yr olds, 5131
stress & anticipation of stress, heart rate & skin conductance & finger pulse amplitude, chronically depressed female college students, 8106
stress due to physical restraint & high salt diet, basal heart rate, hypertension sensitive vs resistant rats, 5044
stressful cognitive task, plasma catecholamine levels & heart rate & blood pressure & systolic time intervals, 18–25 yr old male college students, 2889
stressful cognitive tasks, heart rate & blood pressure responses, Type A vs Type B adult males with vs without coronary heart disease, 1346
stressful stimulation, recovery from stress & response stereotyping, patients with rheumatoid arthritis vs essential hypertension vs migraine headache vs tension headache, 8273
T-wave amplitude index of myocardial sympathetic activity, 11573
temporal patterns & spectral complexity of auditory stimuli, cardiac deceleratory response & vowel discrimination, newborns, 804
touching, heart rate & blood pressure, male macaques, 2863
vagotomy vs methyl scopolamine vs sympathectomy & guanethidine vs propranolol, role of vagus nerves in heart rate response to auditory & olfactory & painful stimulation, preweanling & neonatal rats, 7493
work stress & neuroticism, ectopic beats, ships' pilots, 8285

Heart Rate Affecting Drugs [See Caffeine, Epinephrine]

Heart Surgery

open heart surgery, cardiac psychosis & problems of visual acuity & accuracy & reality testing, patients, 6330
postoperative psychotic disorders, 27–60 yr old open-heart surgery patients, 12754
psychoanalytic analysis, death & resurrection & rebirth observations before & after cardiac surgery, cardiac patients, 10902
sexual adjustment, adults before vs 4 mo vs 4 yrs after coronary bypass surgery, 10924

Heart Transplants [See Organ Transplantation]

Heart Ventricles

stressful cognitive task, plasma catecholamine levels & heart rate & blood pressure & systolic time intervals, 18–25 yr old male college students, 2889

Heartbeat [See Heart Rate]

Heat Effects

heat stress in thermal environment, psychological change & subjective discomfort, glass factory workers, Sri Lanka, 2272
heat acclimatization, repeated acquisition & time estimation tasks, 18–22 yr old male US Marines, 12147
morphine vs met-enkephalinamide & naloxone, responses of substantia gelatinosa & deep dorsal horn neurons to noxious cutaneous stimulation, anesthetized vs unanesthetized cats, 7619
skin type & prior heating, paradoxical heat sensations during moderate skin cooling, 19–29 yr olds, 2574

Hebephrenic Schizophrenia
disease course characterized by atypical protracted psychosis, patients with juvenile psychopathlike heboid schizophrenia, 8124
evolution of symptoms over 35 yrs, institutionalized hebephrenic/catatonic schizophrenics, 5800
lateral brain ventricular size, 22–50 yr old hebephrenic vs paranoid vs undifferentiated schizophrenics, 3529
psychopathological data, chronic hebephrenic/catatonic institutionalized schizophrenics, 25-yr longitudinal study, 5801
Hedonism
religious & national ethnicity, hedonistic consumption, Catholic vs Jewish vs Protestant & Chinese vs Greek vs Irish vs Italian vs Jewish vs English graduate & college students, 3280
Heels (Anatomy) [See Feet (Anatomy)]
Height (Body) [See Body Height]
Helium
dive compression rate, effect of trimix of helium & nitrogen & oxygen on high pressure nervous syndrome tremors, 24–40 yr old experienced divers, 9716
Help Seeking Behavior
access to & use of medical care, aged Black urbanites, 6341
advice by relative/friend vs police/employer/teacher/bystander, help seeking behavior after injury or sudden illness, patients, 8600
anxiety & depression & physical disability, use of services, general practice patients over 70 yrs of age, 8413
anxiety level & health locus of control & social supports & number of life events & illness severity & demographic variables, health clinic utilization, 18–65 yr olds, 8674
attitudes toward counseling & counselors & level of career indecision & locus of control, college students with vocational problems who did vs did not seek counseling, 6813
attitudes toward self & others & children & authority & work & reality & parents & hope, utilization of university health service, college students, 6771
characteristics of clients & treatment delivery & facility, use of alcoholism treatment agency, female alcoholics, social policy implications, 4109
Chinese culture, diagnosis & treatment of major psychoses & minor mental disorders & patterns of help seeking, Taiwan, 10689
Client Satisfaction Questionnaire, internal consistency & correlations with service utilization & psychotherapy outcome, clients, 4728
coercion to seek alcohol counseling, treatment success, problem drinkers & alcoholics arrested for driving while intoxicated, 11064
commitment to Mexican American &/vs Anglo American culture, preference for ethnically similar counselor & willingness to use counseling services, Mexican American college students, 6398
demand vs direct vs choice vs minimal telephone request for help, compliance, adult Ss, results contrary to psychological reactance theory, 12635
demographic characteristics & patterns of emergency room use, 14–64 yr olds vs patients over 65 yrs old, 6408
demographic differences, utilization of telephone cancer information program, users, 10926
dental attitudes & perceptions & past dental experiences & anxiety & sex, utilization of dental services, college & graduate students, 8631
diagnosis & ease of access to care center & domicile & drug therapy, health care utilization, discharged psychiatric inpatients, 1-yr posttreatment followup, 4031
economic factors & causative model, prediction of mental health services utilization, rural Appalachia residents, 4014
factors affecting attendance at primary health care clinics, 10 mo to 5 yr olds, Nigeria, 3980
family structure & interaction patterns & health related behavior, high vs low health care utilizers, 13322
health needs & problems & campus health service utilization, recommendations for health education, foreign students, US, 11157
hospital discharge, readmission & use of support services, long stay inpatients, 6359
inconsistency between counselor verbal & nonverbal behavior, perceptions of counselor empathy & genuineness & expertness & willingness to seek counselor's help, college students, 10985
interpersonal & environmental influences supportive of drug dependency & approach to motivation of treatment acceptance, drug dependent females, literature review, 8793
morbidity & visits to family practices, male vs female 13–20 yr olds, 8625
need & enabling & predisposing factors, use of social & health services, noninstitutionalized Ss over age 65, 8603
patterns of large urban day hospital use, long stay psychiatric patients, 6366
preferences for counselor race & sex & likelihood of using counseling center, Native American college students, 6778
problem solving appraisal, satisfaction with & use of career planning services & vocational identity, college students, 11300
psychoeducational group intervention, psychosocial adjustment & medical utilization, members of health maintenance organization experiencing marital separation, 1550
religiosity & locus of control & perceptions of mental illness & pastor's role & church activities, mental health & choice of helping person, 13–77 yr old Puerto Rican vs Black members of the Pentecostal Church, 5513
SES, movement patterns for purposes of medical treatment, rural village residents, India, 10915
SES, utilization of mother & child health services, rural families with children under 6 yrs of age, Greece, 8634
sex & neuroticism & tolerance for dental pain & anxiety & efficacy, dental patients with mean age of 30.5 yrs seeking therapy for reduction of dental avoidance, 8614
sex differences, use of hospital & outpatient services & social adjustment, 15–45 yr old schizophrenics, 10708
sex roles & illness orientation, utilization of medical services, male vs female 18–59 yr olds, 10908
social & clinical factors, use of therapeutic clubs, psychiatric outpatients, 8677
socio-medical vs anthropological research approaches, health seeking behavior, developing countries, literature review, 10913
sociocultural factors, accessibility & use of health care, Mexican Americans, 13316
televised public service announcements by aging service agencies, demand for services, potential clients, 4036
Helping Behavior [See Assistance (Social Behavior)]
Helplessness (Learned) [See Learned Helplessness]
Hemiplegia
ability to write to dictation with right arm using limb prosthesis & agraphia with left hand, 23–53 yr old males with severe aphasia & right hemiplegia, 10553
behavioral assessment & treatment, behavior problems, institutionalized 79 yr old female with right sided hemiparesis, 10812
validity of Frostig Developmental Test of Visual Perception, prediction of skills needed for putting on shirt, adult stroke victims with left hemiplegia, 128
writing to dictation with left vs right hand, performance, 25–63 yr old aphasics with agraphia with vs without right hemiplegia, 1390
Hemodialysis
cause of thirst & weight gain, 10–68 yr old hemodialysis patients with vs without kidneys, 1712
chronic hemodialysis, neuropsychological functioning, patients, longitudinal study, 3996
demographic & illness & treatment variables, anxiety & depression, patients undergoing hemodialysis, 8617
hemodialysis, schizophrenia, 22–51 yr old patients, 6339
House-Tree-Person Test, measurement of pathology before vs after hemodialysis, schizophrenic 19–30 yr olds, 8156
locus of control, coping with stress of spouse's chronic illness, wives of hemodialysis patients, 8340
organic basis for psychiatric disorders, hemodialysis patients, 10577
zinc, sexual functioning, 39–63 yr old males on hemodialysis with uremic impotence, 10875
Hemoglobin
anxiety, glycosylated hemoglobin levels, diabetics with mean age of 27.4 yrs, 1442
smoking high- vs low-nicotine cigarettes, blood carboxy-hemoglobin & plasma thiocyanate & serum cotinine, smokers, 9852
Hemophilia
adjunctive hypnotic techniques, families with hemophiliac member, 3972
role in management of hemophilia, rehabilitation counselors, 4091
school behavior & attendance, children over 5.5 yrs with cancer or hemophilia, 6030
Hemorrhage [See Cerebral Hemorrhage]
Hemp (Cannabis) [See Cannabis]
Heparin
immobilization stress & adrenalectomy & hydrocortisone, heparin clearance, rats, 5158
Hepatic Disorders [See Liver Disorders]
Hereditary Disorders [See Genetic Disorders]
Heredity [See Genetics]
Hermaphroditism
competitive behavior, male vs female vs pseudohermaphroditic female dogs, 357

Heroin
complaints of side effects, methadone patients using vs not using heroin vs naltrexone vs other opiates, 11071
family life & involvement, use of heroin & other hard drugs & deviance, 19–28 yr olds, 12913
heroin & ethanol & diazepam & cocaine, response to negative emotional stimuli & positive emotional reactions & self reinforcement, rats & cats, 9865
hypnotic susceptibility, male college student heroin users, 3357
marihuana use as cause of heroin use, 12937
perceptions of drug law enforcement, heroin users, Canada, 1044
ventral tegmental area injections of diallyl-normorphinium bromide vs naloxone, rate of heroin self administration, rats, 5193
Heroin Addiction
assessment of optimum methadone dosage based on observed pulse & systolic blood pressure during withdrawal, heroin addicts, 1872
community services & social support networks & success in remaining drug free, ex-heroin addicts, 8830
complementary marital roles, male heroin addicts with mean age of 27 yrs & their wives, implications for treatment, 10477
criminalization & medicalization of heroin users during 2 historical time periods, US, 8200
CSF zinc concentrations, neuroleptic-treated vs drug free schizophrenics vs ex-heroin addicts, 3500
factors predictive of treatment outcome, opiate addicts, 4119
group counseling with vs without individual psychotherapy, heroin addicts on methadone maintenance, 8805
individual variations in symptoms of withdrawal, heroin addicts in rehabilitation, 6474
methadone vs levo-alpha acetylmethadol for 3 vs 6 wks, withdrawal symptoms & drug abstinence, heroin addicts, 8810
naltrexone maintenance with vs without individual psychotherapy, treatment compliance, detoxified heroin addicts, 8813
perinatal methadone & heroin, delayed development, infants, 8182
predictive factors, long term treatment outcome, heroin addicts admitted to methadone maintenance program, 11072
propoxyphene napsylate maintenance, heroin addicts, 8814
propoxyphene napsylate vs methadone, drug-seeking behavior & symptoms of withdrawal or overmedication, 22–55 yr old male heroin addicts on methadone maintenance, 8831
self perception & childrearing attitudes & practices & social support, heroin addicted vs nonaddicted mothers, 3592
sex differences, socialization & family dynamics & peer influence in heroin use, heroin addicts, implications for drug rehabilitation, 3589
social support, coping behavior & stress reduction, female heroin addicts with mean age of 25.8 yrs, 3624
Heterosexuality
homosexuality as consequence of heterosexual frustration & dissatisfaction, 10205
importance of analyzing bisexual research populations independent of homosexuals & heterosexuals, 11596
masculinity-femininity complementarity & views on attachment & autonomy, 21–45 yr old heterosexual & homosexual couples, 7931
self reported childhood play behavior, 15–75 yr old male & female homosexuals vs heterosexuals, 3224
sexual arousability & satisfaction, 17–62 yr old lesbian vs heterosexual females, 12589
sexual orientation of relatives, 25–35 yr old heterosexual vs homosexual unmarried males, 3348
Heterozygotic Twins
concordance rates & sex differences, 18–66 yr old neurotic same-sex monozygotic vs dizygotic twins, 10437
dextroamphetamine, behavioral & biochemical & neuroendocrine responses, normal monozygotic vs dizygotic twins vs bipolar patients in remission, 1199
individual differences in mental development, monozygotic vs dizygotic twins, 15-yr longitudinal study, 5409
prior knowledge of autistic child's language problem, communicative behavior with nonverbal autistic 4 yr old male vs his fraternal twin brother, female preschool teachers, 3555
rest vs motor activity, EEG amplitudes, monozygotic vs heterozygotic twins, 5047
similarity in perception of restrictiveness-permissiveness vs acceptance-rejection dimension of home environment, monozygotic vs dizygotic twins vs same vs opposite sex adolescent sibling pairs, 5466
stability of scores on task orientation & test affect/extraversion & activity, identical vs fraternal twins tested at 6 & 12 & 18 & 24 mo, 5317
Heuristic Modeling
degree to which chess pieces converge on same squares, recall of chess positions, masters vs class A vs C players, test of A. D. deGroot's heuristic model, 266
heuristic mathematical model of dynamics of sensory conflict, motion sickness, 11750
Hibernation
hibernation "trigger" molecule from blood of hibernating woodchuck infused into cerebral ventricle, suppression of vital processes, male monkeys, 3065
High Risk Populations [See Predisposition]
High School Diplomas [See Educational Degrees]
High School Graduates
homemaking as career choice, Black vs White female high school graduates of 1972, longitudinal analysis, 4465
voluntary school desegregation, career aspirations & planning & progression, high school graduates, 11349
High School Students
accuracy in identifying gifted students, primary & secondary school teachers, 2167
achievement locus of control & expectations of academic success, gifted high school students, 9043
achievement motivation & desire for self improvement, elementary & secondary students, Japan, implications for lifelong education, 4322
age vs grade as independent measure of psychosocial development, 4th–9th graders, 7822
aptitude vs experience, proportional reasoning, male vs female 7th vs 9th vs 11th graders, 6671
athletic career expectations, Black & White male high school athletes, implications for career counseling, 11244
attitudes about influence of popular music on social values, high school vs college students, 3258
attitudes toward mathematics, female 12th graders, 4-yr longitudinal study, 11248
attitudes toward school experiences, potentially creative high school students from traditional vs open schools, 9033
behavior problems, 14–18 yr old behavior disordered vs regular class students, 13643
California Psychological Inventory scores & family background, prediction of GPA, 8th–12th graders, Greece, 6798
career developmental stage model of vocational maturity & work salience & personality, career counseling & decision making, 11th grade females, 11330
career education & vocational guidance, gifted elementary & secondary school students, 2106
cognitive & cultural & attitudinal & personality correlates, secondary arts vs science students, 11235
community conflict over school desegregation, subsequent race relations, students & teachers in biracial high school, 4314
concordance vs discrepancy between self & teacher evaluation, acceptance of responsibility & satisfaction, high school students, 9019
concurrent validity of Mathematics Anxiety Rating Scale for Adolescents, 7th–11th graders, Lebanon, 11328
concurrent validity of School Attitude Measures, assessment of academic self concept & motivation & performance, 5th vs 8th vs 11th graders, 4399
construct validity of career maturity model of J. O. Crites as measured by Career Maturity Inventory Attitude Scale & Competence Test, 9th–12th graders, 4382
construct validity of factors, Career Decision Scale, college bound high school seniors, 11298
construction & test of theory of transportability of reasoning ability measurement across cultures, 14–20 yr old secondary students, Spain & France & US, 9101
construction of test, assessment of Optacon reading performance, 11–18 yr old visually handicapped Optacon readers, 11309
construction procedures & reliability & error analysis, performance on Florida State Student Assessment Test Part II, 3rd & 5th & 8th & 11th graders, 2150
cooperative vs individualistic learning experiences, interaction & interpersonal attraction & achievement, handicapped & nonhandicapped 11th graders, 4348
coping with poor mathematics achievement, 5th–9th graders, 4324
correlation between cognitive level of teacher-student questions & responses during class discussion, high school teachers & students, 2071

counselor expertness & attractiveness & client's initial level of resistance, attitudes toward & change in resistance & opposition to content of career counseling, high school sophomores & college students, 11307
cover letter with vs without feedback, mail questionnaire response rate, surveyed high school juniors, implications for surveys in higher education, 6797
covert behavior modification to develop self control in managing frustration, academic achievement & successful mainstreaming, secondary school learning disabled students, 13632
cross cultural differences, educational aspirations, Israeli vs Moroccan vs Rumanian parents of 9th graders, Israel, 4311
Decisions and Outcomes program, career maturity, 11th graders, 13578
definition & diagnosis & treatment, academic underachievement, 9–18 yr old students, UK, 5–10 yr followup, 4305
development & reliability & validity of Gable-Roberts Attitude Toward School Subjects measure, high school students, 4403
development & usefulness of recognition vocabulary test, 4th–12th graders with severe hearing loss, 4419
dichotic presentation of words & their definitions in one ear & music in the other, vocabulary scores, 7th–9th graders who read 2–4 yrs below grade level, implications for research in hemispheric processing, 6750
discovery vs expository teaching strategy, mathematics achievement, 13.2–15.1 yr olds with analytic vs nonanalytic cognitive style, 2034
effectiveness of expanded guide to taking Scholastic Aptitude Test, high school juniors, 9106
emotional stability as indicated by chronic anxiety levels, 2nd–12th graders in gifted program vs 1st–12th graders in regular classrooms, 11247
epidemiology of refusal to attend school, elementary & junior high & high school students, 6701
evaluation of creative thinking, chemistry students, 9008
evaluation of drug education program, high school students, New Zealand, 6772
expository vs narrative discourse mode & direct vs indirect response mode of writing tasks, construct validity of writing competence scale profiles, 11th–12th graders, 4426
factorial validity of Multidimensional-Multiattributional Causality Scale, assessment of attributions of success & failure, gifted high school students, 11325
field trips, geography fact & skill learning, 8th & 9th graders, 2024
free reading journal in language arts education, learning disabled secondary school students, 9056
goal hierarchy as decision aid, information seeking & processing efficiency in choosing apprenticeship, high school students, 4259
group summer project, school attendance & attitudes & adjustment & involvement of families, female adolescent students, 13587
grouping letters into families, learning handwriting, learning disabled children, 9081
identity development, 9th–12th graders planning vs not planning to attend college, counseling implications, 11294
instruction vs visual imagery vs education, instrument control performance, male technical vs academic high school students, 13787
Instrumental Enrichment program of R. Feuerstein, cognitive performance, retarded adolescent secondary vocational school students, experimental replication, 4358
iterative structured judgment process, established of competency test standards for high school graduation, voters & teachers & principals & counselors as item judges, 4411
knowledge of personal preferences & music performance experience, preference & ability to identify musical &/vs visual art styles, high school students attending summer music camp, 7724
law on minimum competency testing for high school graduation & response of school district, US, 11286
learning & social activities & morality & vocational maturity & interests, 8th–10th graders, USSR, 9029
learning strategies, machine finishing task, vocational high school students, 11227
long term comparative validities of SRA Assessment Survey subtests & Dimensions of Self Concept subscales, prediction of achievement, secondary school students, 4397
measurement error differences due to race assessed by use of K. G. Joreskog's methods, estimation of measurement models of reported parental status characteristics, Black vs White high school seniors, 9116
methodology using algorithms based on graph theory, analysis of structure & process in prose, 14 yr olds, 4394
need for adequate vocational orientation program, high school students, 11306
occupational card sort vs Self Directed Search as career guidance instruments, 8th & 10th graders, 11305
own attitudes & perceived teacher attitudes toward attributions of success to ability vs effort, 5th vs 10th graders vs college students, 4331
paired associate learning strategies, French vocabulary test results, 1st & 3rd yr comprehensive school students, 9001
participation in coeducational volleyball class taught by female teacher, attitudes & motor skills, male vs female 9th–12th graders, 4295
pastoral care, secondary school students, UK, 9104
path analysis, contribution of teacher quality & classroom climate to mathematics attitudes & motivation, 4th vs 7th vs 9th graders, 6694
peer counseling & tutoring program, high school students, 2173
peer praise vs disapproval, group use of praise vs disapproval & music learning, high school music students, 9006
peer vs teacher vs self ratings, classroom task behavior & social interaction, learning disabled & educable mentally handicapped 9th–12th graders, 13635
perceived ideal vs actual classroom learning environment as measured by Individualized Classroom Environment Questionnaire, 7th–9th graders vs teachers, 4317
perception of school, Mexican American high school students, 11234
perceptions of experience with school science education, 9 & 13 & 17 yr olds, implications for instruction of gifted, 2141
phonemic segmentation & word type, 14–15 yr old good readers/poor spellers vs poor readers/poor spellers vs good readers/good spellers, 13609
predictive validity of Career Decision Scale, high school seniors, 13680
preferred vs actual classroom environment, academic achievement, 8th & 9th graders, 6667
prescribed weight training vs basketball programs, basketball skill test scores, 9th graders, 13561
private music instruction, ability to describe musical components, high school music students, 6629
problems in handwriting instruction, learning disabled secondary school students, 9041
racial differences, minimum competency test outcomes & remediation opportunities, Black vs White high school seniors, 2065
reliability & validity, Student Stress Inventory, high school students, 4398
religion vs social studies classes, verbal participation, Christian high school 11th vs 12th grade students & teachers, 6689
school grade structure, self esteem & preferred teacher characteristics & dating behavior & perceived victimization, 5th–9th graders, 9021
school group assertive training, aggressive behavior, adolescent students, 11303
school reentry, 5–17 yr old cancer patients, 11241
school vs individual factors, competency retest score improvements since initial failure, high school students, 4429
self & parent & teacher evaluations, development of personality & cognitive abilities, 9th–10th graders, teacher training implications, 6544
semantic differential & drawings & written compositions, assessment of conceptions of future, 5th & 8th & 11th graders, Sweden, 2143
SES & achievement in labor market orientation training program, job choice, high school students, 2176
SES & locus of control & IQ & self esteem, academic achievement & prediction of academic performance, secondary school students, Nigeria, 11229
sex & grade level & academic achievement, alcohol consumption & drunkenness, high school students, 11237
sex differences, enrollment in mathematics tracks, Black 10th–12th graders, 13581
sex differences, mathematical aptitude & achievement & participation, 7th–8th & 11th & 12th graders, 5-yr longitudinal study, 2057
signaling of expository passages, comprehension & recall, 15–17 yr old high school students, 6672
simulation games vs conventional instruction methods, achievement & retention & attitudes toward subject matter, high school & college students, 6638
simulations of physical limitations of elderly, understanding of aging process & older people, high school students, 13577
social support, single parent families of high vs low achieving 7–18 yr old students, 11231
sociometric status & teacher & peer ratings of personality variables, mainstreamed learning disabled 10th graders, 4363

socioprofessional origin & selection of self representation & sex, vision of personal future & school training, junior high vs high school students, 9020
State-Trait Anxiety Inventory scores, male vs female further education vs certificate of education vs bachelor of education students, Great Britain, 9030
structured time limited values clarification group, interaction & self awareness & identity crisis issues, high school students, 2166
student & teacher sex, teacher evaluation, high school vs college vs postgraduate students, 4334
student characteristics & behavior, classroom behavior, secondary school teachers & students, 13625
teacher education, personal construct systems used to relate to curriculum materials, secondary school & student teachers, 6552
teacher identification & intellectual vs creative giftedness & characteristics of recognized vs unidentified gifted students, gifted secondary students, UK, 4362
time spent with mainstreamed physically handicapped vs normal high school students, classroom teachers, 6724
transition training, coping with crisis experiences, high school seniors, 2015
types & quality of career information resources in secondary schools, 10th–12th graders, 4264
validity of California Abbreviated WISC for Intellectually Gifted, screening, 6–16.6 yr olds referred for gifted placement, 6783
validity of Personal Attribute Inventory for Children, assessment of psychological adjustment, 11315
validity of R. A. Male & D. Perrone's instrument, identification of gifted achievers, junior & senior high school students, 6795
validity of Suinn Test Anxiety Behavior Scale, prediction of academic achievement, Lebanese high school students, 4428
value of M. Taylor's model, analysis of teacher-pupil talk in 1-to-1 tutorials, pastoral tutor & secondary students, 9107

High School Teachers
accuracy in identifying gifted students, primary & secondary school teachers, 2167
attitudes toward deviant behavior, secondary school teachers vs male recidivist convicts, Brazil, 12932
cluster analysis, intrinsic teaching roles, secondary school teachers, 11194
community conflict over school desegregation, subsequent race relations, students & teachers in biracial high school, 4314
concordance vs discrepancy between self & teacher evaluation, acceptance of responsibility & satisfaction, high school students, 9019
correlation between cognitive level of teacher-student questions & responses during class discussion, high school teachers & students, 2071
item construction & factor structure & reliability & validity of teacher communication concern scales, measurement of self & task & impact dimensions, prospective & inservice elementary & secondary teachers, 6807
job satisfaction, 30–55 yr old public vs private secondary school teachers, 13534
peer vs teacher vs self ratings, classroom task behavior & social interaction, learning disabled & educable mentally handicapped 9th–12th graders, 13635
planning processes & strategies, elementary & secondary school teachers, 8976
relaxation-suggestion-imagery, increased internal locus of control, high school teachers, 11188
religion vs social studies classes, verbal participation, Christian high school 11th vs 12th grade students & teachers, 6689
role conflicts & school pressures, coaching, high school physical education teachers, Canada, 6563
skill & values & professional accomplishments, career satisfaction, elementary & high school teachers, 13515
special education labels & student behavior, expectations & behavioral intentions, high school teachers, 4242
student characteristics & behavior, classroom behavior, secondary school teachers & students, 13625
student's handwriting quality, assignment of essay grades, high school teachers, 13532
time spent with mainstreamed physically handicapped vs normal high school students, classroom teachers, 6724
traditional vs androgynous sex role orientation, expression of sexuality in classroom, high school teachers, 1992

High Schools
content analysis of community mental health ideology in high school health textbooks, 13505
development of secondary school reading program adjunctive to physical education curriculum, 2035
financial incentive program, reduction of vandalism, elementary & secondary schools, 8998
implementation of peer counseling program, secondary schools, 9102
parent's social position, educational achievement & inequalities in selection for higher education, junior high & high school & college students, China, 13606
profile of typical education program, secondary school counselors, 1982
strategy used to defeat proposal for abolishment of all counseling positions in high school district, 4225
student background characteristics & school characteristics & level of teachers' education, holding power, secondary schools, Israel, 4214
teaching methods, integration of reading instruction with subject areas in secondary schools, 2036

Higher Education [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Graduate Education, Graduate Psychology Education, Medical Education, Medical Internship, Medical Residency, Postgraduate Training, Psychiatric Training, Undergraduate Education]
applicability of research & theory to practice of adult & continuing education, 4218
caste & ethnic group, response to higher education & utilization of educational facilities, college students, Nepal, 11250
continuing education needs for maintenance of quality of public mental health programs, psychologists, literature review, 8873
cover letter with vs without feedback, mail questionnaire response rate, surveyed high school juniors, implications for surveys in higher education, 6797
current patterns & other issues in training, professional psychologists, Great Britain, 4184
evaluation of course content knowledge structure, 6596
impact of voluntarism & feminism on higher education, 1036
mandatory continuing education, professionals, 11220
model for interorganizational partnerships, adult education, higher education & volunteer-dependent organizations, 2012
preferences for higher education programs designed for older students, older people enrolled in Senior Auditor's Program at University of Colorado & older community residents, 4268
professional orientation & attitudes toward & participation in continuing education, registered nurses, 6523
sex & career pattern, ratings, applicants for deanship, 6564
sex differences, academic achievement & ability & attainment of higher education, 9010
sources of continuing education, behavior therapists, 11102
theory of evaluation for humanities & social sciences in higher education, 6800

Highway Safety
causes & incidence of cyclist-motorist collisions & countermeasures for cyclist safety, New Zealand vs US, 4440
need for system design changes, prevention of road traffic accidents & highway safety, 4458
road crossing at pedestrian crosswalk & role of adults in example setting, behavior, children & accompanying adults, road safety program implications, 2203
sign recall & recognition during daytime vs nighttime driving, drivers, 4450
stop signs, adjustments in driving behavior as danger compensation effect, infrequent vs regular commuters, highway safety implications, 4451

Hinduism
Hindu identity as comprising spiritual & social self, India, 7867
mental health & clinical profile, Hare Krishna devotees, 5515
social identity reflected in evaluation of self & own group & outgroups, high caste Hindus vs scheduled castes vs Muslims, India, 3274
therapist characteristics & Hindu beliefs, psychotherapeutic training, psychotherapists & psychiatrists, India, 11106

Hippies [See Subculture (Anthropological)]

Hippocampal Commissure [See Fornix]

Hippocampus
activity of hippocampal neurons during switching over of alimentary & avoidance conditioned reflexes, rabbits, 2852
age, circadian influence on hippocampal long term potentiation elicited by CA1 and area dentata stimulation, rats, 9601
amygdaloid lesions, increased toxicity of intrahippocampal kainic acid injection & reduced late occurrence of spontaneous recurrent seizures, male rats, 12181

atropine sulfate, hippocampal rhythmic slow activity during locomotor response, male cats, 9823
bilateral transections of temporal stem white matter vs conjoint amygdala-hippocampal lesions, memory deficit, monkeys, test of theories on human amnesia, 2996
complete basal undercutting of septum, hippocampus EEG, rabbits, 12225
CS preexposure with vs without low-level hippocampal vs cortical stimulation, latent inhibition in classical conditioning of nictitating membrane response, rabbits, 2957
dextroamphetamine & nembutal & alpha-methyl-tyrosine & parachlorophenylalanine, sleep-related spike activity & ventral hippocampus spikes, tortoises vs cats, implications for spike potentials as common electrophysiological signal of sleep, 12275
dorsal hippocampal lesions, primacy & recency serial position effects in radial arm maze task, rats, 7545
dorsal hippocampus injections of bethanechol chloride, behavior & limbic seizures & EEG & brain damage, male rats, 12326
early malnutrition, acquisition & maintenance of long term potentiation in hippocampus, adult rats, 9728
electrical stimulation of amygdala vs hippocampus following aversive 1-trial learning, memory modification, male rats, 9760
enriched vs isolated environment, dorsal hippocampus formation, male rats, 9676
environmental enrichment, spontaneous alternation, rats with hippocampal lesions, 7556
evoked potentials of dorsal hippocampus before vs after tetanization of medial septum & dentate fascia, rabbits, 2951
firing repertoires of hippocampal theta cells during motor behavior & slow wave activity, rabbits, 477
genetic selection for shuttle box avoidance learning, proportions of hippocampal syntactic fields, mice & rats, 7339
growth of sympathohippocampal fibers following septohippocampal damage & associated behavior changes, female rats, 9773
hippocampal damage, spatial localization abilities in escape task, male rats, 9786
hippocampal electrical stimulation, cingulate cortex unit activity, squirrel monkeys, implications for functioning of Papez circuit, 7517
hippocampal endogenous & exogenous opiate mechanisms, literature review, 9629
hippocampal norepinephrine depletion, response of perforant pathway during electrical stimulation in slow wave sleep & while alert, male rats, 7491
hippocampal stimulation during delayed spatial matching-to-sample training, long- vs short-term retention, male rats, 2947
hippocampus & fornix lesions, internal inhibition & motor CR, cats, 12233
interactions among prefrontal cortex & hippocampus & caudate nucleus head & thalamic medio-dorsal nucleus during delayed reaction & trace conditioned reflex, monkeys, 2834
learned helplessness &/vs imipramine, neurochemical changes in serotonin & GABA release in neocortex & hippocampus & septum, male rats, 5245
level of thirst & hunger, dorsal hippocampal electrical activity during operant choice of food vs water reinforcer, dogs, 9621
medial septal lesions, function recovery as measured by radial arm maze performance & role of sympathetic sprouting vs residual hippocampal fibers, rats, 9774
neocortex decortication with vs without hippocampal removal, copulation, sexually experienced vs naive male rats, 9790
phencyclidine, pyramidal cell discharges on hippocampus, rats, 3091
physostigmine & transplantation of embryonic septal nuclei to hippocampal formation, functional recovery & connectivity development, female rats with hippocampal lesions, 554
spike amplitudes & reactions of hippocampal neurons during self stimulation, 2946
stimulation of perforant pathway as CS, conditioned avoidance, male rats, 2955
tritiated imipramine binding in hippocampus & occipital cortex, depressed vs Alzheimer's disease patients with mean age of 78 yrs, 10412
unilateral vs bilateral temporal lobectomy &/or stress induced by physical confinement, neurosecretion in hypothalamus, male rats, 9747
vasopressin, firing rate of hippocampal & hypothalamic neurons, normal vs Brattleboro rats, literature review, 3015

Hips
psychosocial factors, incidence & outcome of hip fracture, aged, literature review, 13061

Hiring [See Personnel Selection]

Hispanics [See Also Mexican Americans]
academic & social & motivational characteristics, Hispanic bilingual vs nonminority monolingual college students in science & engineering programs, 4326
auto- vs heterostereotypes, Anglo vs Black vs Hispanic US Navy recruits, 3287
background factors, prevention & treatment, children of South American political refugees, 13110
causal attributions & self efficacy & attitudes toward heroin following success vs failure, White vs Hispanic males in methadone maintenance, support for G. A Marlatt's drug abuse recidivism model, 11059
childrearing practices, Hispanic parents, implications for school psychologists, 4402
contacts with institutions in host country, Latin American political exiles, 12568
cultural factors, group therapy, aged Latino females, 1539
cultural values, Puerto Rican vs Black vs White opioid addicts, implications for treatment of Hispanic addicts, 10511
development of Boston College Auditory Test list, speech audiometry, Spanish speaking 20–32 yr olds, 9393
ethnic differences, analgesic drug related deaths, Black vs White vs Hispanic 19–83 yr olds, 12934
evaluation & assessment, hearing impaired bilingual Hispanic preschoolers, 13016
factor analysis of 7 composite symptom scales, depression, Anglo vs Black vs English- vs Spanish-speaking Hispanics, 4727
high school GPA & Scholastic Aptitude Test scores, bias in prediction of 1st semester GPA, Asian vs Hispanic vs Black vs American Indian college freshmen, 11311
kin & friend & neighbor networks, infant feeding practices, Cuban & Puerto Rican & Anglo families, 957
liberation theology, Indo-Hispano youth, 10128
life enhancement counseling & client characteristics, depression & treatment outcome, Cuban Americans with mean age of 67.2 yrs, 8703
Native American & Hispanic & urban cultural immersion student teaching program, 4244
peer interaction & English language proficiency & language preference, Spanish-preferring 4 yr olds in bilingual preschool, 7714
pollimeter, assessment of attitudes & perceptions of colors, Black vs White vs Asian vs Hispanic college students, 6981
psycho-sociological analysis of transculturation & stages, Chilean exiles, 12585
quality of life & job & education & acculturation, well-being & emotional adjustment, 25–75 yr old Hispanics in bicultural/bilingual urban milieu, 7861
race & ethnicity & economic status, household structure, Black vs Hispanic vs White female headed vs husband/wife families, 3315
racial & ethnic differences in mathematics learning, implications for mathematics instruction, 6674
recruiting source & length of employment tenure, White vs Black vs Asian vs American Indian vs Hispanic store clerks, 2216
religiosity & locus of control & perceptions of mental illness & pastor's role & church activities, mental health & choice of helping person, 13–77 yr old Puerto Rican vs Black members of the Pentecostal Church, 5513
role of machismo & family structure & dynamics & values in etiology of alcoholism, Hispanic males, implications for family therapy, literature review, 12938
role of school counselor & need for career counseling, Puerto Rican youth, US, 6790
sex, career values & aspirations, adult Blacks vs Whites vs Puerto Ricans, 2204

Histamine
diagnostic utility, histamine test, 20–50 yr old medicated vs nonmedicated schizophrenics, 5728
histamine antagonists, attenuation of food-related drinking & vagal stimulation-induced gastric histamine release, male rats, 9731
urinary histamine & methylhistamine, 44–70 yr olds with endogenous depression, 5757

Histidine
histidine & chloropyramine vs ketotifen fumarate vs clemastine vs promethazine vs cimetidine vs atropine vs antagonists of dopamine vs noradrenaline vs serotonin, bizarre behavior, male rats, 677

History [See Also History of Psychology]
anticipation of state-trait theory of anxiety by Cicero, 9222
antiSemitism & Germanic legend, Jewish identity & psychoanalytic work & life of S. Freud, 6940

attitudes & behaviors toward animals & use of animals, 1900–76, 12719
attitudes toward immigration & assimilation into society, Chinese, US, 5509
British colonial policy allowing immigration of Chinese & Indians, present-day plural society, Malaysia, 5520
Cartesian & Kantian notions of mental processes, 11526
changes in criminal asylums over past 35 yrs, 6415
child-woman as means through which male projections concerning female sexuality were structured, 19th century Vienna, 12594
comparative analysis of T. Parson's theories, historical development of societies in socialistic countries, 4654

HMO [See Health Maintenance Organizations]
Hoarding Behavior (Animal) [See Animal Hoarding Behavior]
Hobbies [See Recreation]
Hoffmanns Reflex
auditory stimulation, loss of muscle tone & H reflex inhibition during NREM sleep, 15–40 yr olds, implications for effects of epileptic spikes, 9628
relaxed wakefulness with vs without Jendraissik maneuver, secondary facilitation in recovery function of Hoffmann's reflex, male hyperkinetic 8–12 yr olds, 6015
spatially oriented attention, facilitation of H reflex by electrical cutaneous stimulus, students, 9762
Holtzman Inkblot Technique
Holtzman Inkblot Technique scores, male 13–16 yr old juvenile delinquents, replication of study by E. I. Megargee, 4782
Home Environment
actual & desired living conditions, learning disabled adolescents, Switzerland, 3648
apartment living, development, children, literature review, 3153
consistency of home environment, intelligence & child development, Black vs White 6 mo–3 yr olds, 796
family & school & ego development & social & cognitive needs & academic achievement motivation, children, 9025
family centered home based management, disturbing behaviors, 67–73 yr old females, 1575
family environment, recidivism, juvenile delinquents from single vs 2-parent families, social work implications, 3627

family ethnicity, childhood disadvantage measured by health care & education & home environment, children followed up to 3 yrs of age, New Zealand, 7673
home based group contingency system with reinforcement in school setting, destructive behavior, 8 yr old male mildly retarded special education student, 11264
home environment & attitudes & personality, smoking behavior & attitudes, preadolescents, 5429
home environment & social class, capacity for voluntary learning, 11–12 yr olds & their parents, 12411
home environments, behavior & intelligence & expressive language & motor development, 4 yr olds with minor congenital anomalies, 10318
home instruction methods, teaching deaf children English & Hindi, parents, 6752
home vs laboratory setting & sibling presence & task structure & day of week, mother-child interaction, mother-child pairs with mean child age of 4.9 yrs, 10157
home vs work context, FIRO-B scores, postgraduate students, implications for test-retest reliability, 7054
intellectual & social development, working-class children of socially underprivileged women living with biological family vs adoptive advantaged parents vs placed in protective setting following abandonment, 12368
living situation & social functioning vs psychodiagnostic typology, discrimination of psychiatric chronicity, posthospitalized chronic schizophrenic & chronic nonschizophrenic patients with mean age of 35 yrs, 12879
middle vs working class, frequency & type of question asked & answer given by teachers vs mothers, 3.8–4.3 yr old females, 3152
mother-infant interaction & home experience & motor & mental development of infant, 14–16 vs over 19 yr old mothers & their infants, 7886
needs & attitudes & behaviors as related to students' alcohol/violence related home stress situations, elementary teachers & teachers in training, implications for alcohol education, 11195
number & types of problems & coping skills & skills training program, maintenance of patient at home, 41–71 yr old caretaking relatives of demented aged, 8659
perceived family social climate & well-being, behavior in home environment, 8th graders, 3242
perceptions of workplace & neighborhood & home & school environment, academic achievement, parents & children, 2066
role of family in sex education, literature review, 7904
school & home environment & "latent curriculum", lifelong education, Japan, 4287
sensitivity group training, persistence of personal change & role of home vs group influences assessed by self evaluations, human relations training laboratory participants, 1558
SES & family constellation & parental practices, awareness of & rationales for rules & conventions, Ss with mean age of 4 yrs, 885
similarity in perception of restrictiveness-permissiveness vs acceptance-rejection dimension of home environment, monozygotic vs dizygotic twins vs same vs opposite sex adolescent sibling pairs, 5466
social classification of home areas, family members, 4583
total vs oral communication training in home based mother-assisted language program, language & cognitive development, 18–36 mo olds with Down's syndrome, 8780
treatment integrated into school & home environment, school failure, neurotic children, 8364

Home Reared Mentally Retarded
home care, social & emotional & financial stress & family life, families with infant to 22 yr old mentally handicapped children, Denmark, 1866

Home Visiting Programs
activity charts vs target setting vs suggestion teaching methods in home-based training scheme, skill learning, developmentally delayed & Down's syndrome 5–45 mo olds, 6189
attitudes toward provision of services in home intervention program, parents of Down's syndrome infants, 4020
characteristics & role of skilled social work practices, alleviation of stress of patients receiving home care, social workers, 4052
choice of hospital vs home care for terminally ill children, physicians & parents, 8607
efficacy of home parenting techniques training by childcare worker, parents trying to maintain wardship of their 2 & 4 yr old sons, 10975
home based instruction based on Carolina Infant Curriculum, physical & psychosocial & intellectual development, low SES infants of 14–17 yr old unwed mothers, longitudinal study, 4017
home care treatment by visiting nurse, clinical outcome & social functioning & burden on family, 15–45 yr old schizophrenics, 10702
home intervention sensory integration program, male kindergartner with delayed development & distractible behavior, 9034
home learning program of gross motor training, static & dynamic balance, 7–9 yr old learning disabled males, 8383
home support program of Evergreen Neighbourly Services, aged, Canada, 10942
home visits & modeling & behavior modification by male-female therapist team, marital therapy, low income multiproblem couples under 30 yrs old with children 7 yrs old or younger, 4060

Homeostasis
blood pressure changes during exercise, homeostatic reflex control & role of vagally-innervated receptors, literature review, 9606
bombesinlike peptides, CNS regulation of homeostasis, mammals, literature review, 2851
food & water deprivation, day & night levels of dynorphin in hypothalamus & pituitary, male albino rats, 5086
liver denervation, feeding & water consumption induced by insulin & hyperglycemic metabolic & hypertonic saline challenges, male rats, implications for role of liver glucoreceptors & osmotic receptors, 12178
naloxone, food intake & spontaneous locomotion in winter vs summer, wolves, implications for endogenous opiate regulation of energy intake, 12305
removal of interscapular brown adipose tissue & photoperiod light-dark ratio, body weight control, female hamsters, 12179
stressful stimulation, recovery from stress & response stereotyping, patients with rheumatoid arthritis vs essential hypertension vs migraine headache vs tension headache, 8273

Homicide [See Also Infanticide]
alcohol & multiple drug abuse, violent behavior, accused murderers with mean age of 26.6 yrs, 12916
behavioral control & aggressiveness toward males vs females & sex role stereotypes & disinhibition sensation seeking & heterosexual experience & sexual attitudes, incarcerated male rapists vs murderers vs property felons, 3610
conviction of manslaughter by reason of diminished responsibility, sentencing to prisons vs hospitals, 7909
demographic & psychosocial characteristics, female murderers with mean ages of 24.7 vs 47.2 yrs, 12919
environmental factors & seasonal variations, incidence of rape & assault & robbery, murder, US, 10485
level of hostility, assertion, male murderers vs nonperson offenders, 12941
minority concentration & cultural &/or socioeconomic context, lynching rates in southern counties from 1889 to 1931, Blacks, partial support for H. M. Blalock's power-threat hypothesis, 7837
murders of Black youths in Atlanta in 1979–81, responses, Black vs White parents of other children living in Atlanta vs Cleveland vs Tuscaloosa, 12506
problems with use of hypnosis, murder suspect, 1029
psychoanalytic perspective, lack of criminal clause for patricide, ancient Rome, 12582
sentencing practices, offenders convicted of diminished responsibility manslaughter, England & Wales, 1966–77, 10179
social & environmental characteristics, Black female homicide victims vs offenders, 3612
suicide & homicide & accident mortality rates, US, 1900–75, 3607

Homographs
frequency of homograph meaning, ambiguity detection & meaning classification task performance, humans, 9502

Homonyms
interference effects of homophones vs other interference paradigms, college students, 11906

Homophobia [See Homosexuality (Attitudes Toward)]

Homosexuality [See Also Bisexuality, Lesbianism, Male Homosexuality]
argument against Oedipal triangle origin & abnormality, homosexuality, 8197
behavioral theories of homosexuality, 12612
categorization of homosexuality in psychiatry, 12607
erotic piercing & homosexuality & sadomasochism & bondage & fetishism & tattoos, magazine subscribers who advertised in "dalliance" columns, 12896

hiring of homosexual court counselors as positive role models for homosexual offenders, 8764
homosexual couples, literature review, 7937
homosexuality as consequence of heterosexual frustration & dissatisfaction, 10205
homosexuality, difficulties in personal & social & religious life, 8238
importance of analyzing bisexual research populations independent of homosexuals & heterosexuals, 11596
masculinity-femininity complementarity & views on attachment & autonomy, 21–45 yr old heterosexual & homosexual couples, 7931
overt vs latent homosexuality, student-teacher & tutor-prince relationships & transmission of culture, 7927
productivity &/vs sex roles & sexual ties & repressions & relationships between individuals & society, homosexuals, 7939
self reported childhood play behavior, 15–75 yr old male & female homosexuals vs heterosexuals, 3224
traditional gender role playing, homosexual couples, 7933
treatment of homosexuality in secondary-school sex education programs, 6628
Homosexuality (Attitudes Toward)
history of Christian intolerance of homosexuality, 5594
representation of homosexuality in abnormal psychology & sociology of deviance textbooks, 1037
sex & sexual preference of S & hypothetical person to whom congruent vs incongruent stereotypic characteristics were ascribed, processing of information relative to sex & sexual preference, mental health professionals, 6490
Homovanillic Acid
CSF levels of 5-hydroxyindoleacetic & homovanillic acid & probenecid & serum & CSF levels of tryptophan & tyrosine, 17–73 yr olds with depressive & nondepressive syndromes, 12824
CSF 3-methoxy-4-hydroxyphenylglycol & homovanillic acid & 5-hydroxyindoleacetic acid levels, male schizophrenics with mean age of 35 yrs, 1160
dopamine & homovanillic acid & 3,4-dihydroxyphenylacetic acid content in retina in light vs dark environment & following haloperidol &/vs apomorphine treatment, male rats, 7359
urine levels of 3-methoxy-4-hydroxyphenylethylene glycol & 5-hydroxyindoleacetic & homovanillic & dihydroxyphenylacetic acids, healthy 18–41 yr olds with vs without family history of psychiatric morbidity, 5837
Honesty
performers' internal vs external attributions for performance success vs failure, impressions of performers' honesty & modesty & ability & likeability, college students, 10265
required effort exertion in preliminary task, persistence & cheating in subsequent tasks, college students, 9525
Hong Kong
competence vs incompetence & self effacing vs self enhancing attributions, likability & perceived competence & anxiety, college students, Hong Kong, 3405
family & personal characteristics, battered 6 mo to 13 yr olds, Hong Kong, 8205
family background & demographic & behavioral characteristics, Chinese 19–61 yr old lesbians, Hong Kong, 10209
overreward vs underreward, performance, 9th & 10th grade internal vs external locus of control students, Hong Kong, 3237
Hopi Indians [See American Indians]
Hormones [See Also Adrenal Cortex Hormones, Adrenal Medulla Hormones, Aldosterone, Androgens, Cholecystokinin, Corticosterone, Corticotropin, Cortisone, Epinephrine, Estradiol, Estrogens, Glucagon, Gonadotropic Hormones, Hydrocortisone, Insulin, Luteinizing Hormone, Melatonin, Norepinephrine, Oxytocin, Pituitary Hormones, Prednisolone, Progesterone, Prolactin, Sex Hormones, Somatotropin, Testosterone, Thyroid Hormones, Thyrotropin, Thyroxine, Triiodothyronine, Vasopressin]
calcitonin, food & water consumption, male rats, 700
cholecystokinin & bombesin, consummatory responses, male rats, 9829
corticotropin-releasing factor & dynorphin-(1-8), evidence for multiple bioactive substances in single neurons, rat hypothalamus neurons, implications for neuroendocrine system mediation of stress responses, 5089
hormonal replacement therapy & antidepressants & cognitive behavior therapy, depression accompanying panhypopituitarism, 45 yr old male, 8390
hormones, memory, literature review, implications for effects of adrenergic catecholamines & pituitary & opiate peptides, 5119
ip vs icv vs iv thyrotropin releasing hormone vs its analog DN-1417, pentobarbital-induced sleep, male rats pretreated with icv vs intrahypothalamic atropine methyl bromide, 3056
neurohypophyseal peptide structure, tolerance to ethanol effects, male mice, 3038
number of brain receptors for estrogens vs progestins, male vs female rats, 5087
peripheral epinephrine & drug & hormonal & electrical stimulation of amygdala & adrenal medulla, memory, literature review, 12196
receptors & distribution & precursors & degradation & behavioral effects & involvement in physiological responses & interactions with hormones & other peptides, endogenous opiate peptides, literature review, 7463
serotonergic system activation by levotryptophan & 5-HTP, neuroendocrine response as indicator of hypersensitive postsynaptic 5-HT receptors, 26–63 yr old depressives, 3587
thyrotropin releasing hormone, growth hormone response in diagnosis of schizophrenia, 15–18 yr old chronic patients, 5836
Horses
auditory range & sensitivity, horses vs cattle, 9540
insect harassment, refuge seeking & pest avoidance in mountainous desert area vs barrier island, feral horses, 2755
maternal deprivation & environment, spatial relations & behavior & vocalizations, 2–4 mo old foals, 7301
time of conception & gestation length & tendency to foal at night & weight of foal & fetal membrane, mares & foals, 361
use of Jeffery method in horse training, 11938
Hospice
areas of concern in provision of psychological services in hospice setting, psychologists, 3993
development of & current policy issues relating to hospice care & role of psychologists, 3983
ethical issues in hospice care, 3990
federal support for hospice care, dying patients, 4001
hospice approach to health care, improvement in quality of life, nursing homes, literature review, 1808
hospices, provision of professional training in care of dying, physicians, 4145
mental health training programs, hospice personnel, 4154
public policy debate on nature of services & insurance reimbursement for hospice care, 3979
response bias, assessment of needs, hospice clients, 10900
special characteristics of pediatric hospices, terminally ill children, 4088
Hospital Accreditation
economic impact of Joint Commission on Accreditation of Hospitals standards, hospital practice, psychologists, 13467
review of efforts to modify position of Joint Commission of Accreditation of Hospitals & state mental hospital codes, hospital practice of psychology, American Psychological Association, 4211
Hospital Administration
availability & awareness & use of neuropsychological assessment for patients with head injuries, community hospitals, 1774
hospital vs "city-state", role in modification of hospital decisions, psychologists, 4164
mental health administration, 1976–80, annotated bibliography, 1728
psychiatric hospital patient classification system, aid for administrative decision making about staff-patient ratios, 1817
Hospital Admission [See Also Psychiatric Hospital Admission, Psychiatric Hospital Readmission]
history & establishment of prototype treatment facility & admission criteria & treatment program & aftercare, alcoholism, 20–66 yr old senior US Army personnel & spouses, 3 mo followup, 4122
hospital visiting program, prevention of anxiety & emotional complications upon admission, kindergartners, 6439
involvement in admission process, social workers employed in nursing homes, 4084
normal vs urgent admissions procedure, drug withdrawal, iv drug dependent addicts, 6482
seasonal variations, alcohol related hospital admissions, Finland, 1969–75, 1705
Hospital Attendants [See Attendants (Institutions)]
Hospital Discharge [See Also Psychiatric Hospital Discharge]
court decisions on prediction & risk of violence & risk management, released mental patients, 8729
importance of involvement in decision making regarding post-discharge long-term care, elderly patients & their families, social work implications, 3984

Hospital Environment
cross-validation of equations predictive of assaultive behavior in hospital &/or community, mentally incompetent male felons vs involuntary mental patients with mean age of 31 yrs, 2543
environmental characteristics, residential facilities for mentally retarded, 13377
factors leading to violence in open psychiatric ward & methods of management & recommendations for prevention, 33 yr old male patient, 1814
hospital environment, social work practices, elderly clients, 10956
hospital visiting program, prevention of anxiety & emotional complications upon admission, kindergartners, 6439
intrainstitutional relocation, physical & mental & social functioning, chronic psychiatric inpatients, 8728
methods used in & suggestions for policy changes in limitation of freedom of movement, adult psychiatric units, position of Canadian Psychiatric Association, 11014
new more normalizing residences vs older custodial institutional settings, adaptive functioning, institutionalized mentally retarded with mean IQ 23, 13368
patient-staff interaction, self injurious behavior, autistic vs schizophrenic vs mentally retarded 6–20 yr olds in state hospital, 10991
reprogramming of ward physical arrangement & staff reinforcement & prompting, activity level, 36–93 yr old psychogeriatric patients, 1804
sociotherapeutic environment & formation of active psychiatric therapeutic milieu, child & adolescent psychosomatic inpatient unit, 6437
structural clarity of institutional environment, treatment of schizophrenia, 10995
therapeutic community & role relationships & patient population & treatment & nature, psychiatric hospital, 8724
Hospital Programs [See Also Psychiatric Hospital Programs, Therapeutic Community]
characteristics of consultation-liaison psychiatry programs in hospitals, 6442
development of hospital interdisciplinary spinal cord injury service during acute care stage, orthopedists & psychiatrists & rehabilitation therapists, 1818
general hospital vs geriatric unit treatment, treatment outcomes, 67–91 yr olds, 13365
group therapy, alcoholism, 40–50 yr old hospitalized patients, 4123
history & function of geriatric ward in general hospital, 13384
hospital visiting program, prevention of anxiety & emotional complications upon admission, kindergartners, 6439
intensive care nursery liaison program for parent–staff alliance, parents of critically ill infants, 4089
medical disposition & psychosocial management & direct treatment of patients & specialty & liaison vs consultant model, satisfaction with psychiatric consultation in medical hospital, physicians, 4063
model for multidisciplinary training & education in hospitals, geriatric medicine, 6493
participation in pediatric rounds to provide awareness of psychosocial needs of families & their neonates, infant mental health specialists, 1825
participation in theater project, self confidence & normalization, chronic psychiatric patients, 4081
patient governments & councils, VA medical centers, 8733
planning & direct service & staff education, adolescent medicine unit, consulting psychiatrist, 4066
prevention schema & case detection & staff education & patient & family group education & institutional structural innovations, psychological health, hospitalized medical patients, 4083
psychiatric consultation for family stress, spinal cord injured patients & their families, 6438
psychiatric intervention during prerehabilitation stage of hospitalization, spinal cord injured patients, 1786
psychological service in hospital coronary care unit, 4087
rooming in for 1st 2 days following birth, interaction & child development, low income mothers at high vs low risk for child abuse & their infants observed between birth & 18 mo, 6427
short term family group within private psychiatric hospital alcoholism treatment unit, relatives of alcoholic patients, 1873
spouse participation in treatment, completion of treatment & recidivism, patients admitted to hospital alcohol intervention unit, 1881
Therapeutic Contract Program, promotion of cognitive-coping & self control skills, 18–72 yr old hospitalized psychiatric patients, 1800
transactional analysis approach, inpatient program in hospital alcoholic rehabilitation unit, 8798
video games & biofeedback training & behavioral techniques & other innovations, hospital practice, psychologists, 4078
Hospital Staff [See Medical Personnel]
Hospitalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Psychiatric Hospital Admission, Psychiatric Hospital Readmission, Psychiatric Hospitalization]
choice of hospital vs home care for terminally ill children, physicians & parents, 8607
efficacy of joint hospitalization vs couples therapy vs individual treatment, couples with 1 alcoholic partner, 1-yr followup study, 11077
family oriented psychological intervention program, coping with schooling & financial pressures & information on hospitalization experience, parents of seriously ill children, 4039
inpatient treatment, severe undernutrition, psychomotor performance & developmental quotient, infants, 160-day followup, 6416
inpatient vs outpatient treatment, social functioning, drug abusing delinquents with mean age of 16 yrs, 4108
marital status & social class, risk of alcohol-related hospital admissions, 25–64 yr old females, Finland, 11012
periodic short term hospitalization, caregiver respite & assessment of functional skills, 61–89 yr old males, 8610
"sentimental work", patient's psychological trauma of hospitalization, hospital staff, 6440
Hospitalized Patients
acquisition of taste aversions, 22–72 yr old hospitalized alcoholics vs college students with heavy alcohol consumption vs 18–41 yr old females with anorexia nervosa &/or bulimia, 10320
acupuncture & psychotherapeutic &/vs pharmacological treatment, drug addiction, inpatients vs outpatients, 13417
age & marital status & referral source & diagnosis & length of stay & ward, prediction of psychiatric hospital discharge against medical advice, patients, 8712
alcoholism screening & demographic characteristics, alcoholism-prone hospitalized patients, 3621
alternative approach to teaching mathematics, adolescents hospitalized in psychiatric unit, supplement to D. Marcelli's article, 6412
anxiety & depression & denial & defense mechanisms & emotional activation, patients hospitalized with cancer & other pulmonary pathologies, 6004
auction, reinforcing properties of material reinforcers in token economy programs, 31–69 yr old male inpatients, 1781
audiovisual confrontation, group psychotherapy, adolescent inpatients, 8476
behavior therapy & aftercare, anorexia nervosa, hospitalized 14 yr old aggressive male, 1600
behavior therapy program & pimozide, weight gain & attitude toward treatment, 15–36 yr old anorexic inpatients, 3820
behavior therapy program, body weight & anorectic & neurotic behaviors & attitudes & endocrine variables, 13–29 yr old anorexia nervosa inpatients, followup study, 3914
changes in psychiatric services, suicide rate, inpatients vs former patients of University Hospital, Iceland, 6411
characteristics & assaultive behavior in chronic care medical facility, patients, 1784
characteristics & outcomes, psychiatric patients transferred to state hospital after failure of treatment in general hospital, 8710
characteristics, chronic state hospital patients, 6429
clinical differences & characteristics, inpatients with mean age of 38.8 yrs & anhedonic vs normally hedonic depressive states, 12790
cognitive extinction technique, cognitive & psychophysiological reactiveness, opiate-dependent hospitalized patients, 4110
combined symptom & personality centered psychotherapeutic treatment, relapse rate & cost, neurotic inpatients, 6422
complications & mortality rate from above-knee amputations, psychiatric inpatients with mean age of 72.8 yrs, 12759
construction & validation of Drug & Alcohol Abuse Predictor, identification of alcoholics, psychiatric vs alcoholic inpatients, 2410
coping with suicide on psychiatric inpatient unit, staff, 8717
demographic characteristics & diagnosis & health status & behavioral traits, state hospital patients, implications for results of deinstitutionalization, 8684
efficacy of photodrama, hospitalized patients, 10671
efficacy of short term homogeneous group therapy, schizophrenic inpatients with mean age of 29.8 yrs, 6167
factor structure of Symptom Checklist-90, psychiatric inpatients, 11686
general hospital vs geriatric unit treatment, treatment outcomes, 67–91 yr olds, 13365

group psychotherapy, assistance with identity crisis of hospital discharge, adolescent psychiatric patients, 10767
group psychotherapy centered around health issues & sexuality, 9–12 yr old male psychiatric inpatients, 10766
group therapy, alcoholism, 40–50 yr old hospitalized patients, 4123
homogeneous group therapy, acutely psychotic schizophrenic inpatients, 10997
hospital quarterway house program as preparation for community living, chronic patients, 1813
hospitalized patient's stress, aggressive behavior, nursing staff, 11020
incidence of emotional & cognitive dysfunction, 17–88 yr old hospitalized medical patients, 13387
inpatient psychotherapy, hospitalized 8 yr old female with severe behavior disorder, 8737
internal consistency & interrater & item reliabilities of subscales of Level of Care Survey, psychiatric inpatients, 119
intrainstitutional relocation, physical & mental & social functioning, chronic psychiatric inpatients, 8728
level of hopelessness, hospitalized 17–60 yr olds with acute vs chronic physical disorders, 8301
movie viewing, disturbed behavior, hospitalized male psychiatric patients, 4075
multidisciplinary treatment approach, 22 yr old female hospitalized with multiple injuries from suicide attempt, 13305
need for joint medical & psychiatric consultations, treatment compliance, 28–42 yr old psychiatric inpatients, 6431
need for psychotherapy in treatment of cancer patients, 13357
neuroleptic drugs with hypnotherapy, hospitalized anxiety patients with mean age of 42 yrs, 8358
noninterpretive discussions of spontaneous metaphors in ward community meeting, psychiatric inpatients, 10998
objective & subjective experience & transference & illusion, stability of therapeutic frame, hospitalized borderline patients, 13383
overcontrolled hostility, faking good & bad adjustment on MMPI, male patients in maximum security psychiatric hospital, 12857
parallel task vs process-oriented verbal vs activity group, verbal communication, hospitalized psychiatric patients, 13379
parents' motivation & psychosocial diagnosis & team's relationship with & reaction to parents, interprofessional treatment team members & parents of hospitalized abused children, 1792
perception of curative factors in group psychotherapy, 24–61 yr old psychiatric inpatients, 10757
Present State Examination vs staff diagnosis, psychiatric disorders, hospitalized patients, West Germany vs US vs Great Britain, 1220
prevention schema & case detection & staff education & patient & family group education & institutional structural innovations, psychological health, hospitalized medical patients, 4083
problems of long term hospitalization, chronically ill medical patients, 8739
psychiatric patient characteristics & disposition & outcome & comparison with previous patient populations, US Navy enlisted personnel inpatients at San Diego naval hospital, 11000
psychopathology & symptoms, delinquent vs nondelinquent psychiatrically hospitalized adolescent males, 6434
role conflicts in identification with patient vs senior doctor, physicians, 8895
role of anxiety & depression in depersonalization, 18–67 yr olds with endogenous psychoses treated with phenazepam or clozapine or ECT, 3562
screening for problem drinking, 18–65 yr old patients admitted to general medical ward, 11003
selection & addition of members & bizarre behaviors & group atmosphere & function of silence & verbalization, analytic group therapy, institutionalized psychotic patients, 8477
self reported motivational determinants, self & environment care & play & work, psychiatric inpatients with mean age of 31.9 yrs, 12864
sequence of therapeutic & sociotherapeutic interventions, inpatient drug abusing adolescents, 1887
sex & age, description of pain, hospitalized vs nonhospitalized 9–12 yr olds, 1423
sex & length of admission & diagnosis, risk of suicide, hospitalized psychiatric patients, 1783
social pressure & family problems & self destruction, alcohol intoxication, hospital treated 6–16 yr olds, Finland, 5865
social skills training vs client centered therapy & contingent vs noncontingent reinforcement, social skills, male patients in maximum security psychiatric hospital, 13376
structured learning therapy, social skills & level of pathology, 24–59 yr old chronic psychiatric inpatients, 8732
suicide, hospitalized schizophrenic 24–27 yr old males, 1816
Supreme Court decisions on patients' rights in institutions, 1775
thiothixene serum levels, inpatient violence, 22–53 yr old male schizophrenics, 3962
use of strategic psychotherapeutic technique in psychiatric consultation, hospitalized medical patients, 6419

Hospitals [See Also Psychiatric Hospitals]
communication between acute care facilities & nursing homes, implications for social work, 4064
crisis intervention in medical surgical vs psychiatric centers, Belgium, 1724
development of psychiatric mental health nursing consultation in general hospital, 4069
economic impact of Joint Commission on Accreditation of Hospitals standards, hospital practice, psychologists, 13467
general hospital psychiatry, 1803
intraorganizational power distributions, strategic decision makers in profit vs nonprofit institutions, 9153
management issues of treatment in general hospital emergency rooms, chronic psychiatric patients, 1777
medical staff membership & clinical privileges in hospital practice, psychologists, 4144
methods used in & suggestions for policy changes in limitation of freedom of movement, adult psychiatric units, position of Canadian Psychiatric Association, 11014
need for integration of liaison & geropsychiatry in general hospitals, 13366
review of efforts to modify position of Joint Commission of Accreditation of Hospitals & state mental hospital codes, hospital practice of psychology, American Psychological Association, 4211
role in burn units, psychiatric nurse consultants, 1821
separation of administrative vs educational functions of supervision in social work department of teaching hospital, 4068
social work department roles & professionalization & staff size & involvement in patient care & hospital decision making, New Jersey hospitals, 1709

Hostages [See Crime Victims]

Hostility
anxiety & hostility & depression during pregnancy vs after delivery, females delivered by Caesarean section vs vaginally, 8086
behavioral treatment, aggression & hostility, children & adolescents & adults, literature review, 1576
concurrent validity of MMPI Overcontrolled Hostility scale, assessment of assaultiveness, male psychotic inpatients, 11725
content analysis of anxiety & hostility scales, stability of scores, 4768
extent of prior provocation, effect of erotic stimuli on hostile behavior, male college students, 300
factor analysis of Overcontrolled Hostility Scale of MMPI, male prisoners with average age of 29.2 yrs, 9389
hostility & depression & anxiety, males with hyperprolactinemia, 3698
hostility, incidence of coronary heart disease 25 yrs later, physicians, 12992
hyperprolactinemia, depression & hostility, patients, 5962
lack of validity of Hostility and Direction of Hostility Questionnaire with juvenile delinquents, 12–16 yr old males, 11704
level of hostility, assertion, male murderers vs nonperson offenders, 12941
level of overcontrolled hostility, assertiveness & aggressiveness, 22–51 yr old male prisoners, 3605
locus of control dimensions of Reid-Ware Three Factor Internal-External Scale, Buss-Durkee Hostility-Aggression Inventory, male vs female college students, 1108
organic brain disorders, violent behavior, patients with history of family violence, 8296
overcontrolled hostility, faking good & bad adjustment on MMPI, male patients in maximum security psychiatric hospital, 12857
physical abuse, peer social interaction & hostility, abused 5–10 yr olds, 1245
prolactin levels, distress & hostility, postpartum females, 9706
representational system & eye movements during counseling, perceived empathy & ease of communication & anxiety & hostility, 17–27 yr old clients, 10959

Hot Line Services
demographic differences, utilization of telephone cancer information program, users, 10926
psychodynamics of sex caller & feelings & attitudes of counselors & methods used in working with sex callers, telephone counseling center counselors, 6371

Housewives
characteristics of life roles of worker & student & homemaker, 20–22 yr olds, 7811
scarcity & valuation, consumer choice behavior, housewives, theory verification, 4604
validity of compensatory & spillover models on employment status of wife, marital & job satisfaction, 19–62 yr old spouses, 5541
Housing
apartment living, development, children, literature review, 3153
assessment of needs & proposal for housing & psychosocial support, mentally retarded adults, Austria, 1834
barriers to adequate housing, Blacks, US, 7836
immigrant housing, Netherlands, 5496
psychoanalytic interpretation, secondary & recreational residences, France, 4579
residential building size, personal crime & fear of crime, moderate- & low-income housing project residents, 4577
role of social work in meeting housing needs, aged, 8692
Share-A-Home community based residential alternative, dependent elderly, 4026
simulated site visits as relocation approach, aged, 10968
simulation techniques, model for involving employees in decision making & determining housing & settlement needs & preferences, adults, US & Botswana, 9192
social & demographic factors, suicide, West Germany, 1257
training program, enhancement of services to elderly, municipal housing authority personnel, 4016
Hue
hue matching with vs without inducing stimuli & with vs without correction of chromatic aberration, human Os, 240
individual variation, chromatic Stiles-Crawford II effect, normal Os vs dichromats, 1348
Human Biological Rhythms
age & benzodiazepines treatment, nocturnal sleep & daytime drowsiness, insomniacs, 6286
age, circadian sleep patterns, young adults vs aged, 5125
amplitude of circadian rhythms of deep body temperature & urinary excretion of potassium & sodium & urate, night shift nurses vs college students with irregular sleep schedules, 5121
analysis of frequency distribution by age & sex & time of day & season, death, 10650
basic rest-activity cycle, humans & animals, review of research, 2865
body temperature & sleep cycles, 29–45 yr old males, 2864
circadian changes, testosterone & cortisol concentrations in saliva, 19–33 yr old males, 9686
circadian changes, thermoregulation during quick temperature changes, 29–44 yr olds, 9693
comparison of work shift systems & importance of physiological & psychological & social criteria in design of shifts, police, West Germany, 11343
complementary rhythms & synchronies, mothers & fetuses or newborns, 956
daytime sleepiness, 5110
diagnostic evaluation results & sleep patterns, Ss with excessive sleepiness disorders, 6047
duration of nocturnal sleep, daytime sleepiness, 17–25 yr olds, 5150
electrophysiological sleep patterns & leg movements during nocturnal sleep, daytime sleepiness, adults, 5109
manifestations of fatigue & circadian desynchronization, naval aircraft mishaps, fighter & helicopter pilots, 11340
MAO metabolism & function & neuroendocrinology & biological rhythms in biochemistry, endogenous depression, 10395
modified atmosphere & limitation of motor activity, disturbances in circadian rhythm dynamics as measured by physical exertion & effects of exercise & hypoxic gas, healthy humans, 12174
morningness vs eveningness, diurnal variation of mood & arousal, 18–50 yr old females, 12144
night shift work, sleep patterns & sleepiness, literature review, 6855
periodicities in heart rate during play vs nap time, 44–50 mo old children, 12380
postovulatory predecidual tissue development, baboons & chimpanzees & humans, 2861
prediction of resynchronization after time-zone flights, male students, 9699
season of conception, frequency of postpartum depression, females, Sweden, 12768
sleep & circadian rhythms & cognitive impairment, 52–70 yr old dementia patients with Alzheimer's disease, 10616
sleep disturbances, performance & mood, literature review, 5140
sleep patterns & electrophysiological characteristics & vigilance, Ss with idiopathic CNS hypersomnolence, 5972
temporal isolation, temperature & sleep wake rhythms & sleep stages, 23–30 vs 53–70 yr old males, 9758
time of day, classroom behavior & problem solving performance fluctuations, intermediate-level attention deficit students with hyperkinesis, 13666
time of day of onset of chest pain & secretion level of ACTH & cortisol, patients with myocardial infarction, 1380
time of day, simple task performance, college students, theory verification, 2631
time of dexamethasone suppresssion test administration, 24-hr cortisol secretory patterns, 48–70 yr old major depressives, 12850
time of sleep, sleep & vigilance & self rated activation 30 min after waking vs midday vs early evening, 18–22 yr old males, 512
traffic accidents & biological rhythms, drivers, 12165
Human Channel Capacity
automaticity-control distinction, criticism of human information processing theory of W. Schneider & R. M. Shiffrin, 2634
capacity demands in short term memory for synthetic vs natural lists of monosyllabic words, college students, 2607
field articulation, performance on semantic integration task with high-information load, college students, 272
information load in hand-eye coordination task, performance & risk taking & physiological responsivity, 23–71 yr old males, 11784
magnitudes of coupled slacks, assessment of validity & structure of stochastic network representing mental activities in task performance, 6942
measured mental load involving visual stimulus discrimination, EEG changes, 29–40 yr olds, 7480
pitch & location & duration of tone pips, event-related brain potentials as signs of selective processing, 17–35 yr olds, 4890
residual psychological potential & prognosis for fluctuations in work capacity, mentally ill industrial workers, Romania, 10351
SES & education & intensity & frequency of seizures, estimation of working capacity, epileptic patients, 13043
Human Courtship [See Also Social Dating]
premarital cohabitation vs traditional courtship, subsequent marital adjustment, spouses, 7905
satisfaction with relationship & individual investment & available alternatives, prediction of response to problems in romantic involvement, college students, 1063
SES, remarriage behavior, 23–48 yr old separated or divorced females, 12541
sex differences & life event stress, courtship violence, college students, 8208
social influences on mate choice, Dogon population, Africa, 3293
Human Development [See Also Related Terms]
behavioral content & operational mode, behavioral development in ontogeny & individual human development, 9209
class & sex inequalities & role of media & effects of life cycle, community studies of leisure, 7847
cognitive & developmental conceptions of moral development, literature review, 12503
development of personality trait of mental distance & development of mental tempo, nursery vs elementary vs junior high school students, 5452
developmental perspective, mourning, literature review, 7669
developmental tension, sense of justice, 9–27 yr olds, Finland, analysis of data collected by K. Tamminen, 5326
existence of time & roles in human development & psychoanalysis, 2329
history-graded events, course of life span development, conference proceedings, 4650
humorous science fiction account of human sensory & emotional & cognitive systems, 32
life span developmental framework & alternative strategies, adolescent research, 9910
life span theory of development, implications for school health education, 6600
role of reading in human development, 9914
social context of life course, 3 generation family, 7885
supersensible/spiritual dimension, societal & organizational & group & individual development, implications for management training, 9156
traits theory approach, longitudinal life span research, 7691
Human Factors Engineering
angle of view & character subtense & ambient & back light, reading accuracy of 4-digit liquid crystal display, 18–50 yr olds, 9184

application of ergonomic research & user-oriented development procedures, design of washbasin for use by aged or handicapped persons, 11450
application of ergonomics to development of standards in automobile control instrument design, 11459
approach lighting & variation in visible runway length, perception of approach angle in simulated night landing, 25–60 yr old pilots, 11455
auditory vs visual input & spatial vs verbal central processing & manual vs speech output, performance on simulated flight task, 22–46 yr old right handed male students & US Naval air test center employees, 9188
bifocal glasses & interpolated rest periods, target detection time in radar monitoring task, 40–50 yr olds, implications for air traffic control displays, 4880
changing screen contents by paging vs scrolling, word reading & line searching & sorting, inexperienced Ss, 13793
critique of international standard for response to whole body vibration, implications for operator health & performance & comfort, 4561
deficiencies in ergonomic design of keyboard work, upper limb & neck disorders, keyboard operators, Australia, 13053
design considerations & effectiveness of lightpen as means to interact with computer, children with mean age of 5.2 vs 10.8 yrs, 11554
design issues & methods & human factors in interactive computer software, emergence of direct manipulation, 4696
development & use of design safety review procedures & use of accident & ergonomics & user-testing & market feedback, consumer product design, 11346
direct & reflected glare & flicker & ambient & video luminance & video polarity, discomfort while viewing CRT display, college students, 9182
effectiveness of visual display units, slot designation & tracking & free-hand drawing, 13786
efficacy of fixed vs variable letter width characters for TV screen, 18–30 yr olds, 13784
efficacy of hierarchic list with complete vs implicit numbering, humans, 13795
English vs SEQUEL, solution of computer data retrieval problems, 18–30 yr olds, 13794
ergonomics & working conditions, occupational cervicobrachial disorder, Japan, 13058
errors in manual operation of doors, 6884
experimental central warning system with synthesized voice component, RT, pilots, 11461
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
eyestrain & fatigue & shoulder & arm muscle pain, female office machine operators, Japan, implications for keyboard design, 13064
horizontal vs vertical route information format on timetable, time required to obtain travel information, college students, 11460
illuminance & contrast & color saturation, detectability of instrumental visual display, implications for design of power plant control rooms, 9189
localized fatigue complaints & pain in upper limbs & neck, 17–29 yr old accounting machine operators, 13045
method to predict operator task failure likelihood, evaluation of manufacturing & service costs of equipment features & use in human factors design process, 11462
mock-ups vs simulation studies, design of ships' bridges, ships' officers, 13792
models of individual user characteristics, interactive computer software systems, 4691
occupational cervicobrachial disorder, Japan, literature review, 13046
operator entry-exit system design guidelines based on generally accepted standards for mobile vehicles, 11447
physiologically-determined tolerable angles of joints of shoulders & arms & hands, ergonomic design of typewriter keyboards, 11463
preferred body posture & settings of adjustable work station, 18–56 yr old visual display terminal operators, 9181
preferred settings & body postures, visual display terminal operators, 13785
preferred vs imposed dimensions of visual display terminal workstation, body postures & physical symptoms of static efforts in neck & shoulder & hand & arm, 19–45 yr old female typists, 6878
psychology & standardization of engineering norms in industrial workplace, 9185
review of origins & impact of alternate designs & reasons for success & persistence, standard typewriter keyboard, literature review, 6882
size of 4 dot-matrix for text presentation on color TV screen, task performance, 17–41 yr olds, 13790
skills & rules & knowledge & signals & signs & symbols, design of human performance models, 13791
state-of-the-art reports, naval training equipment design & development, 2224
structural analysis & human factors & learning & use & "hierarchicalness" & congruence, design of command paradigms & naming, computer systems users & experimental Ss, 11449
theory & practice in psychology & computer science & process control, design of representation of on-line computer systems, naive users, 4680
training & testing & evaluation & time management & instructional design/development & student motivation & hardware, computer based training, literature review, 6880
truncation vs vowel drop vs minimum to distinguish vs phonics vs user defined mechanisms to learn & encode & decode abbreviations in limited command-language lexicons, secretaries, 11453
use considerations, design of elevators & stairs as integrated systems, 4572
use of product-relation accident data & ergonomics evaluation, design of safe powered domestic lawnmowers, 11452
weariness & visual fatigue & potential risks, video display terminal operators, 2270
workplace layout design using anthropometric data, male & female machine operators, 11451

Human Females [See Also Daughters, Female Criminals, Female Delinquents, Housewives, Mothers, Unwed Mothers, Widows, Wives, Working Women]
abortion, development of conversion disorder, 25 yr old single female, 8344
academic setting vs nontraditional curriculum & debated definition & knowledge acquisition processes & student role & teacher classroom vs faculty member roles, tensions in teaching psychology of women, college teachers, 6639
activity therapy group, 9–10 yr old females in multiethnic neighborhood & experiencing family-related loss, 8699
adult self image through consciousness-raising groups, social & professional interactions, females, 3346
aerobic exercise, clinical depression, 19–24 yr old females, 10670
age & SES, development of self concept, Euro-American vs Afro-American vs Mexican-American 9–11 yr old females, 3222
age & sex, gender-typed occupational aspirations, low income female elementary & high school students, counseling & education implications, 7792
age, creativity, 23–87 yr old female artists & writers, 5293
analysis of tokenism, female university faculty, criticism of research by C. J. Young et al, 11164
analysis of tokenism, female university faculty, reply to criticism by A. Constantinople, 11193
anorexic behavior, 16–21 yr old female student ballet dancers, 1394
anxiety & hostility & depression during pregnancy vs after delivery, females delivered by Caesarean section vs vaginally, 8086
assertiveness training, drug dependent females, 8787
assessment center predictions & career progress 7 yrs later, female middle level managers, longitudinal study, 6852
assessment of & assistance in dealing with legal issues & problems in drug treatment programs, drug dependent females, 8786
attitudes toward abortion, 16–44 yr old females, New Zealand, 12602
attitudes toward female participation in social activities & professions, urban vs rural teacher trainees, India, 3353
attitudes toward males vs menopausal vs nonmenopausal females vs self, 18–55 yr old females, 7935
attitudes toward mathematics, female 12th graders, 4-yr longitudinal study, 11248
attitudes toward women in management & attributions for success/failure of female managers, male vs female employees, replication & extension of work by 1st author & K. H. Price, 11384
availability & perceived need for sex education or counseling after spinal cord injury, 17–60 yr old females, 6407
basal pulse volume & heart rate & skin resistance & muscle tension & reactivity to sound stimulation, 28.4–36.8 yr old patients with functional vs organic infertility, 3684
behavior rehearsal &/vs self vs other modeling, grooming skills, 19–60 yr old mentally retarded females, 6224
Big Sisters Life Choices Clubs, behavioral consequences & locus of control & values, 9–12 yr old females, 5469

birth rates & sexual activity & abortion & illegitimacy & adoption rates, White vs Black adolescent females, 920
breast biopsy, anxiety & critical thinking & judged duration, 18–60 yr old females, 8629
career development discussion seminars with females working in nontraditional fields, female college students, 2042
changes in female sexuality & sexual behavior & attitudes & mother-daughter communication & differences, mothers with college age daughters & college sophomores, 10173
characteristics of bulimia & "pseudobulimia", 16–21 yr old females, 10624
characteristics of clients & treatment delivery & facility, use of alcoholism treatment agency, female alcoholics, social policy implications, 4109
characterization of archetypal masculine in Western myth & literature as development of ego consciousness & significance for females, 7662
concepts of disease & causes, middle aged females from working class families, 10107
conditioning course, self concept, college age females, 2882
construct validity of Masculine Gender Identity Scale, heterosexual vs homosexual vs transsexual females, 86
course in psychology of women, locus of control & sex role orientation & self perceptions, female college students, 13569
cultural context & symbolism of Pharaonic circumcision, females, Sudan, 940
cultural factors, group therapy, aged Latino females, 1539
current & past drug & alcohol use patterns, female US Army soldiers, implications for drug abuse, 7944
curriculum development & student group process & learning & teaching problems & course evaluation, women's studies course, psychiatry residents, 6489
demographic characteristics, sex role related behavioral preferences, female college students majoring in engineering vs social science, 12593
denial of pregnancy & childbirth, 20–39 yr old females, 3985
denial of pregnancy, single females, implications for role of social workers, 4041
depressive symptomatology & demographic characteristics & life control & perceived accomplishment & derived identity & social support, 22–59 yr old females, 5691
description & intrapsychic roots & treatment, competence loss, females, literature review, 8420
design strategies for effective drug rehabilitation services, female substance abusers, 4117
desire to remain childless vs desire for children, partner selection criteria, single females under age 35 yrs, 7874
development & validity & reliability & correlation of Traditional-Liberated Social Stereotype Scale & Traditional-Liberated Self Concept Scale, 17–67 yr old females, 9317
development of short-term group, females recovering from alcoholism & other addictions, 1883
dexamethasone suppression test based on multisteroid analysis of hydrocortisone/11-deoxycortisol ratio, sensitivity, 22–61 yr old females with primary major depressive disorder, 8121
differences in "women's" fiction as provided by "Redbook" vs "True Story" magazine, 7636
discrimination in job & educational opportunities & earnings & professional status & personal life, females, 10203
disturbed marriage, female psychiatric patients aged 20 or over, Great Britain, 10348
divorce adjustment training program, postdivorce adjustment & empathy & self esteem, 21–47 yr old females, 1-mo followup, 3873
divorce, locus of control, 32–46 yr old females, 8 yr longitudinal study, 12699
domesticity & corollaries of rational friendship & new paradigm of sociality & sexuality & marriage, female aristocrats, 1660–1760, England, 3291
effects of advertising promotion vs other factors, cigarette consumption, female adults, comment on article by J. D. Matarazzo, 11481
emotional adjustment, 49–51 vs 52–55 yr old females, 5454
emotional content, dreams, 59–87 yr old females, 12477
employment of mother during adolescence & attainment of ideal family size, females, attempted replication of D. J. Adamchak's findings, 3314
employment status & job/career options & barriers & recommendations for service systems, disabled females, 1864
endometrial irradiation, therapeutic amenorrhea & frequency of epileptic seizures, 13–44 yr old mentally retarded females, 4006
ethinylestradiol & lynestrenol, hypersomnia caused by menstruation, 16 yr old female, 1663
etiology & dynamics & differential diagnosis & treatment, pathological hypersexuality, males, literature review, 1127
evidence for increasing equivalence in math skills, male vs female 7th & 8th graders, 12407
existing quantitative studies & need for comparative & follow-up studies & behavioral measures, psychology of women courses, college students, 6613
explanatory model of contraceptive use, single female high school & college students, 3226
factor analysis, sexual attitudes & behavior, female college students, 12600
faculty & course offerings related to psychology of women, graduate departments of psychology, 6642
false feedback about personal masculinity/femininity, performance on feminine vs masculine labeled tasks, female college students, implications for role of environmental events on motive to avoid success, 8002
family systems theory & family intervention via model shelter program, battered women, 8675
feminist perspective, treatment of drug dependence problems, females, 11092
finger length & assertiveness, females, 3481
fluctuations in mood & activation levels during menstrual cycle, 22–32 yr old females, 9708
frequency & amplitude perturbation of voices, female 25–49 yr olds, 3118
frontalis EMG biofeedback, autogenic training & progressive relaxation, dysmenorrhea, 20 yr old female, 10821
gonadotropin releasing hormone infusion test, levels of luteinizing & follicle-stimulating & growth hormones & prolactin & thyrotropin, 46–64 yr old depressed vs 54–67 yr old nondepressed postmenopausal females, 10338
group summer project, school attendance & attitudes & adjustment & involvement of families, female adolescent students, 13587
Hand Test performance, differentiation of vocational types measured by Vocational Preference Inventory, female college students, 2477
health & friends & offspring living in same area & educational level, life satisfaction & death anxiety, females over age 65, 916
health & stress & life satisfaction, separated vs divorced French-Canadian & English-Canadian mothers with mean ages of 39.4 & 40.8 yrs, Canada, 10168
health promotion program, drug dependent females, literature review, 8800
history of physical abuse by spouse, 73 & 76 yr old females admitted to geropsychiatric unit for depression, 1162
homemaking as career choice, Black vs White female high school graduates of 1972, longitudinal analysis, 4465
hypnotherapy, lack of sexual desire, 23 yr old female, 1679
identification of most admired persons, female college students, 5680
identity formation & level of autonomy & transference/countertransference, self determination & creativity & cooperation in therapy & decision about goals, females, 1520
ideologic orientations as science fiction readers & writers, females, 741
incest, self injurious behavior, 7–38 yr old female paternal-incest victims, 5848
incidence of depression, drug dependent pregnant females, 8223
incidence of incest, adolescent females admitted to psychiatric hospital for emotional problems, 6420
integration of psychology of women course material into psychology core curriculum, 2007
interaction of academia & scientific discipline of psychology & feminism & women as scientists & content area, advocacy vs scholarship in psychology of women, 6529
intercorrelation of Rorschach & MMPI scores, female college students, 7011
interpersonal & environmental influences supportive of drug dependency & approach to motivation of treatment acceptance, drug dependent females, literature review, 8793
intervention strategies, drug dependent lesbians, 8797
introversion & extraversion, prognosis following mastectomy & breast cancer therapy, females, 6340
issues around sex role behaviors & expectations & norms in counseling of drug dependent females, male counselors, 8809
knowledge of & beliefs about breast cancer, breast self examination, athletic vs nonathletic females, 3472
lateral eye movements & defense mechanisms & somatic symptoms, female college students, 2898

legal action & employer responsibilities & individual response & social support services, sexual harassment, female employees, 6866
legislation & helping programs, economics & lack of work experience & role change & stress, displaced homemakers, 12542
level of Black consciousness, Black female college students, 1973 vs 1979, 3281
life & work & literature of A. Kollontai, encouragement of communality & consciousness raising, females, 3347
life events reported in 6th mo of pregnancy, obstetrical complications, 16–42 yr old females, 7484
lifestyle & conversation, anorexic females, literature review, 8324
locus of control & variable vs consistent food intake instructions in behavioral weight loss program, weight loss, 20–60 yr old obese females, 1592
luteinizing hormone releasing hormone level, female psychiatric patients under chronic neuroleptic therapy, 1630
male support & sponsorship & protection, physical & social tensions & discrimination & sexual harassment & job training, female truckers, 4538
marital status & presence of living children, nature & amount of emotional & social & instrumental support received, noninstitutionalized female life care community residents, 893
marital status & social class, risk of alcohol-related hospital admissions, 25–64 yr old females, Finland, 11012
mastectomy, physiological & emotional reactions to erotic stimuli & attitudes about self & body image & attractiveness & sexuality & relationships with men, 34–57 yr old White & Oriental females with breast cancer, 6318
medical & educational & employment & social concerns, females with disabilities, implications for benefits & services, 1839
medical & social characteristics, 21–49 yr old alcoholic mothers vs childless females, 12917
menarche, identification with mother & relationship with father, females, 761
method & print & nonprint resources, development of college psychology of women course, 6585
Mexican American females in social sciences, literature review, 5522
MMPI similarities & differences, bulimic females with mean age of 25.3 yrs & female alcohol & drug abusers with mean age of 26.5 yrs, 10315
model of premarital intercourse & contraceptive use, female adolescents, literature review, 10087
model of sex role socialization & career choice process, females, 2206
modern perspectives on etiology & behavior patterns in nymphomania, females, 5599
modernity & social status, fertility preferences, females, Taiwan, 3355
modernization, property crime & role participation, females, comparison of 40 countries, 3604
modification of M. Weber's definition of status, implications for applicability to role of women, Australia, 7936
mothers' employment status & role models used, 25–84 yr old female lawyers, 12590
need for comprehensive vocational rehabilitation, disabled females, 11030
need for significant involvement in treatment, 26–62 yr old alcoholic females, 1885
nitrous oxide &/vs naloxone, enhancement of sexual fantasy & orgasmic sexual pleasure, 22–39 yr old females, 12270
nurturing role, effectiveness as pastoral counselors, females, 11097
olfactory stimulation by androstenol, mood variations throughout menstrual cycle, female college students, 5188
operating characteristics of vaginal photoplethysmograph, measurement of genital arousal, females, 9239
opportunities & barriers in rehabilitation, disabled &/or minority females, 1833
oral content of Rorschach responses, obese females in weight reduction program, 6014
organization & conducting of career planning conference for women, 13710
pain sensitivity & coping strategies, dysmenorrheic vs nondysmenorrheic female college students, 1325
parental authority & attitudes toward marriage & dowry, female college & graduate students, India, 10170
participation in coeducational volleyball class taught by female teacher, attitudes & motor skills, male vs female 9th–12th graders, 4295
participation in postsecondary education, females & minority faculty, 11175
pathological separation-individuation process in childhood, object constancy & relationship commitment, males & females, 8013
perceived effectiveness of "whistleblowing" & comprehensiveness of retaliation, female employees who filed sex discrimination complaints, 11432
perceived need for training in gender-specific issues & attitudes toward women in therapy, psychiatric residents with mean age of 31.8 yrs, 13443
perceived support & encouragement from significant others, choice of male- vs female-traditional vocational course, female high school & vocational & community college students, 13711
percentage of females employed in high-status profession, rated prestige & desirability of profession, college students, replication of J. C. Touhey's findings, 4463
perception of rewards & costs & reward-cost balancing, female coal miners, 12597
personality & attitudes & needs measured by EPPS & androgyny scale & attitude toward rape scale, female 19–33 yr old state police recruits, 2261
personality development & identity status assessed through early memories, female college students, 3229
personality maladjustment, functionally vs organically infertile females, 3683
personality profile, females with mean age of 29.1 yrs attending artificial insemination by donor clinic, 8006
phase model of course of 1st pregnancy, females, 5299
phenomenological analysis, perceptions of self & time & environment during premenstruum, females, 5134
plasma androgen levels, sexual behaviors & attitudes, married 21–60 yr old females, 2893
position & power & dominance in family, Black females, 989
position of women in various cultures & progression towards womanhood, International Federation of Parent Education Conference, France, 12595
power-base training model using behavioral rehearsal & feedback & modeling & practice, perceived personal power & involvement in creative problem solving, females, 10768
premenstrual cycle phase, autonomic arousal, 18–30 yr old females, 2874
preoedipal mother-daughter relationship, postincest 26 yr old female in therapy, 1504
prevalence & stress & emotional support in etiology of nonpsychotic postpartum depression, females, literature review, 3524
prevalence of alcoholism, female hospitalized psychiatric patients & felons & narcotic addicts, implications for diagnostic predisposition to alcoholism, 3493
problems & inequalities in women's prisons, 11039
problems with sexuality & intimacy & treatment recommendations, drug dependent females, literature review, 8799
process of growing from girlhood to womanhood reflected in novels of J. Austen, 7658
prolactin levels, distress & hostility, postpartum females, 9706
proposed sanctions for theft vs illegal gambling vs assault vs income tax fraud by aged female, 17–38 yr old females, 12678
psychoanalytic interpretation, portrayal of women in works of I. Bergman, 9903
psychodynamic & sociocultural factors, risk of suicide & morbidity, female psychiatrists, 1930
psychodynamics of trichotillomania, females, 10383
psychological & treatment issues, breast cancer, females, 8309
psychological androgyny & assertiveness, female college students, 12706
psychological factors, attitudes & feelings & conflicts during 1st pregnancy, females, 964
public & private self consciousness & makeup use & attitudes toward makeup & physical attractiveness, female college students, 3456
quadratic equation for curve of cumulative food intake during single-course liquid meals, 19–24 yr old males & females, 59
racial & ethnic & marital status differences, sexual & reproductive behavior, White vs Mexican American vs Black 14–24 yr olds, 7773
rational emotive therapy, fear of sexual intercourse, 23 yr old female, 8419
rigid vs flexible work schedule & marital status & parenthood, job satisfaction & strain reactions & absenteeism, females, 11424
role of breast feeding in interbirth interval, females, literature review, 9685
role of heroine in modern gothic & historical romance novels, implications for socialization & consciousness raising of females, 9908
role of object loss & grief & mourning of father's death in onset of erotomania & psychosis, 34 yr old female, 8108

role pressures & personal maladjustment & social protest, spirit possession, 25–38 yr old females, Trinidad, 3507
salience of rape, sex role attitudes & trust & self esteem, non-raped female college students, 10501
self acceptance & social interaction, neurotic females, 3563
self image disparity & adjustment, young adult females from controlling vs autonomy-granting family backgrounds, 12697
self report questionnaires on anxiety & depression & visual analog scales, detection of psychiatric morbidity, females with mean age of 26 yrs during pregnancy & postpartum period, 9321
SES & education, labor force participation, females, Canada vs Mexico, 10108
SES, choice of parent-caring modality as care provision vs care management, women caring for chronically ill parents & parents-in-law, 8597
SES, remarriage behavior, 23–48 yr old separated or divorced females, 12541
sex composition &/vs short vs long-term work goals &/vs certainty, differentiation of work orientation patterns, male vs female college students, 9122
sex differences, psychodiagnosis, 15–17 yr olds hospitalized for nonpsychotic behavior anomalies, 3494
sex role & age & type of employment & amount of work experience, earning power, females, 12599
sex role identity & loss of control, self esteem & choice of total vs no control of team vs nonparticipation, female college students, implications for rate of female depression, 4967
sex role orientation & parental childrearing practices, female college students, 10208
sex role orientation, female dental vs dental hygiene students vs dental assistants, 6504
sex roles & negative effects of self denial reflected in "Little Women" by L. M. Alcott, 7664
sex roles, career choice, 20–32 yr old female elementary education majors, 12611
sexual arousability & satisfaction, 17–62 yr old lesbian vs heterosexual females, 12589
sexual arousal during REM sleep & waking as measured by vaginal blood flow, 21–35 yr old females, 12132
sexual behavior prior to vs after diagnosis of gynecologic cancer, females with mean age of 52 yrs, 3714
similarities & differences in self concept, Black vs White female alcoholics vs drug addicts, 3591
social club, loneliness & friendship, 50–70 yr old unattached females, 8489
social process of instigating as reporting of what was said behind one's back, Black 7–13 yr old females, 881
social role & cultural artifacts as factors in epidemiology of depression, females, 1193
social support, coping behavior & stress reduction, female heroin addicts with mean age of 25.8 yrs, 3624
socialization practices, moral endo- vs exocentrism, adolescent females, 3230
socioeconomic & anamnestic & psychological correlates, uterus myomatosus & descensus uteri, 35–55 yr old females, 13014
speaking fundamental frequency characteristics, 18–25 yr old females tested in 1945 vs 1981, Australia, 725
specialized intervention in employee assistance program, knowledge about alcoholism & referrals to program, female employees with drinking problems, 11055
staffing issues & interagency coordination & recommendations, community service organization for support of battered females, 10945
stereotyped attitudes toward females, male vs female college students, US vs Turkey, 3352
stimulation of Grafenberg spot, ejaculatory response during orgasm, 24–61 yr old females, 12133
support group led by nurses, depression, 40–60 yr old females, 4024
survey of current status of Black female police officers, 3338
survival skills training, drug dependent females, 8817
symptoms of depression & psychic & somatic anxiety & cognitive impairment & attributions of symptom relief, French speaking 18–65 yr old female psychotropic drug users, 7946
systematic desensitization program, fear of menstrual care, nonverbal severely retarded 16 yr old, 1829
teaching-learning model for psychology of women course, undergraduate seniors & graduate students, 6621
team cohesion & satisfaction & performance, female intercollegiate field hockey players, 4461
techniques employed as coping efforts, severely depressed college females, 10357
testosterone & cotherapy & sex therapy, female sexual dysfunction, couples with mean age of 30.3 yrs, 10691
theoretical basis & example of profile interpretation of Motivational Analysis Test, disadvantaged females with mean age of 26 yrs studied by S. Hinman & B. Bolton, 13708
therapist sex, attitudes toward client & treatment recommendations & sensitivity to client's distress, therapists of 14–64 yr old female rape victims, 1717
thioridazine, inhibition of orgasm, 26 yr old female schizophrenic, 6287
thyrotropin releasing hormone, tension, females with mean age of 26.6 yrs, 705
timing of menopause, psychological impact & distress, 25–72 yr old females, 7478
timing of 1st birth, changes in personal efficacy & psychological consequences, 14–24 yr old females, literature review, 7803
training in positive imagery & rational self statements by student counseling center staff, female basketball players, 2155
trauma levels, 3–18 vs 18–72 yr old female rape victims vs child incest victims, implications for sexual assault treatment programs, 3618
treatment with clomiphene, happiness & well-being as outcome variables, infertile females, 3947
vaginal vs Cesarean delivery & type of anesthesia & participation in decision making & presence of husband, perception of giving birth, 17–33 yr old females, 8604
women's groups, self awareness & respect & esteem, drug dependent females, literature review, 8834

Human Figures Drawing
characteristics of human figure drawings, aggressive vs withdrawn male delinquents, 10461
cognitive development level, figure drawing ability, preschoolers & elementary school children, 5389
distortion of spatial relations of face representations on Draw-A-Person test, 8–16 yr old Western European dyslexics vs 7–18 yr old Australian Aborigines, 8261
figure size on Draw-A-Person test, 18–61 yr old depressed vs nondepressed patients vs nondepressed hospital employees, 2437
human figure drawings by psychiatric patients vs normal Ss, influence of art quality on evaluations, clinicians, implications for validity of figure drawing tests, 2423
human figure drawings, children with mean age of 7.9 yrs referred for gender identity problems vs their siblings vs children with other psychiatric problems, 10513
modernity of dress of human figure drawings, Kipsigis vs Logoli vs Gusii male vs female high school students, Kenya, implications for role of values in drawings, 7806
personality traits & drawing ability & content of drawings of persons, 11–12 yr old males, 3227
scoring scales for graphic tests, measure of sexual differentiation/identification, preadolescents & adolescents, 4712
validity of Draw-A-Person test, measurement of anxiety, literature review, 9381

Human Information Processes [See Cognitive Processes]

Human Information Storage
abrupt changes in visual stimulation, judgments about target form & location, young adults & adults, 7135
accessibility of causal agents in memory, causal attributions, college students, 3422
accessibility of prior information, brand choice, 18–25 yr old consumers, 11480
active searching for common elements in stimuli, paired associate learning vs categorization of geometric figures, college students, 4908
age, speed in encoding in same-different digit matching task, 18–27 vs 56–79 yr olds, 3170
alcohol intoxication, incidental orienting task & recall performance, male college student heavy social drinkers, implications for storage deficit, 7584
answering textually explicit vs implicit vs schema-based vs irrelevant questions following reading, long term free recall, 5th graders, 6686
assignment of reading perspective before vs shortly vs long after reading, recall, high school & college students, 5338
attention to relevant information vs distraction by irrelevant information, search task performance, 19–27 vs 63–77 yr olds, 9992
auditory backward recognition masking & stimulus suffix experiments & partial report paradigms, preperceptual storage concept of information processing models, college students, 11851

auditory suffix-prefix, forward &/vs backward serial recall, college students, 11890
auditory vs visual input & spatial vs verbal central processing & manual vs speech output, performance on simulated flight task, 22–46 yr old right handed male students & US Naval air test center employees, 9188
automatic vs purposive semantic processing of auditory information, language/learning disabled 10 yr olds vs normal 4 vs 10 yr olds, 5893
automaticity-control distinction, criticism of human information processing theory of W. Schneider & R. M. Shiffrin, 2634
category size & within-category spacing & category name cues, list learning, college students, development & test of mathematical model for analysis of category clustering, 11899
coding processes & memory strategies, memory performance, dyslexic children, literature review, 12966
cognitive structure of social information, retrieval, college students, 9507
complexity of visualized instruction & copy vs relational vs hierarchical strategies, list & spatial & concept learning, college students, 9512
concept codability & frequency of concept's label, picture-naming latency, kindergartners through 3rd graders vs graduate students, 5350
consistency of integrative vs discrete social judgments, memorization of trait descriptions, college students, 7182
consistent vs varied mapping, memory search/visual search task performance, females with mean age of 19.9 vs 63.8 yrs, 10004
critical vs above threshold presentation of primes related vs unrelated to target, recognition of targets presented for lexical decision, college students, 7147
deep vs shallow orthography & semantic relationship & language of stimulus word & semantic priming, pronunciation & recognition of printed words, American & Yugoslavian college students, 4949
deficits in verbal memory tasks involving recognition memory & recall after encoding, schizophrenics, literature review, 1147
desirability & applicability to self or well-liked other & positivity vs negativity, memory for trait adjectives, college students, attempt to support theoretical schemata of encoding of personally relevant information, 4943
development of strategies for studying texts, college students, Papua New Guinea, replication of A. L. Brown & S. S. Smiley's study in US, 6675
digit naming speeds & short term serial memory for pictures under rhyming vs nonrhyming conditions, reading disabled vs normal 3rd–5th graders, 5920
discrimination of aligned vs mirror reversed same vs different letter pairs presented to left vs right vs both hemispheres, 7 yr old males with tendency to confuse written symbols, 13008
distance between pronoun and antecedent, eye movements during pronoun assignment, college students & faculty, 7156
disturbances in information storage retrieval & comprehension & speech sounds recognition, 31 yr old female with intractable temporal lobe epilepsy, 1439
duration & variability of system response time & memory load, problem solving, college students, 7149
elaboration vs mnemonic story condition & organization of internal cues & encoding specificity, free recall, college students, 4959
empirical evaluation of S. Sternberg's additive factor method for identification or estimation of stages in RT process, 4924
encoding & storage & retrieval conditions, frequency & accuracy of feeling of knowing judgments in episodic memory vs recall vs recognition, college students, 4961
encoding constancy vs variability produced by use of 1 or more mnemonic devices & semantic context & semantic-orienting tasks, memory performance, college students, 2664
encoding questions, word retrieval, vocational school students, 11886
episodic vs semantic memory tests, recognition failure rates, college students, partial support for Tulving-Wiseman model, 11894
evaluation of measures of clustering in information encoding, 7080
experimental techniques & instrumentation in visual word recognition experiments, 4675
eye fixation as measure of attention, recognition of central & incidental stimuli, kindergartners vs 2nd vs 6th graders, 12441
field dependence-independence & paired associates task, flexibility of information processing & memory recall, college students, 11875
frequency of open vs closed class words, lexical decision time, college students, 7175
generation of final word in determined vs undetermined sentences, recall, 6th–7th graders, 12408
given-new strategy of H. H. Clark & S. E. Haviland, readability & retention of natural expository paragraphs, high school students, 830
hierarchical vs list organization of semantic networks, adults & 10 yr olds, 827
high vs low incentive & same vs shifted perspective, free recall of brief narrative, graduate & undergraduate students, 4962
high vs low separation of representational systems in memory, interlingual transfer of learned word lists, Yoruba-English bilingual college students, Nigeria, 2632
identification of word retrieval difficulties & teacher's role in programing remedial strategies, learning disabled students, 9050
incongruity vs negativity hypothesis, accession of information in memory-based person judgments, college students, 4950
individual differences & information storage style, discrimination learning, college students, 2654
information processing approach to data representation & control structure of cognitive processes, 9498
instructions to choose more vs less frequent word & difference in frequency of presentation of members of word pairs, congruity effect in discrimination RTs, college students, 11883
instructions to encode item &/vs its color &/vs spatial location, intentional & incidental memory, 1st & 3rd & 5th graders, 842
integrative vs abstract encoding of impressions, latency & accuracy in matching emotional tone vs physical characteristics of homogeneous vs mixed trait descriptions, college students, 3424
intentional & incidental learning & instruction to forget, encoding & retrieval processes, college students, implications for understanding of posthypnotic amnesia, literature review, 7185
internal representation of sequence of finger taps, finger tapping performance, college students, 7107
interstimulus interval & task complexity, accuracy & RT, college students, implications for operation of 2 information processing components, 9508
involuntary retention vs voluntary memorization, short & long term memory for adjective pairs, 5th–10th graders, 10016
language processing ability of right cerebral hemisphere, literature review, 261
letter naming & dot enumeration of unstructured & structured arrays, assessment of information processing strategies & hemispheric specialization & thought processes, 18–60 yr old paranoid & nonparanoid schizophrenics, 8139
level of recall & hypermnesia & level of processing & imagery, criticism of article by H. L. Roediger et al, 2646
level of recall & hypermnesia, response to criticism by M. Erdelyi, 2658
level of spreading activation from concepts in working memory, time required to retrieve information from long term memory, humans, 11869
linguistic structure of attribute description of stimulus, encoding & decoding performance, 5 & 7 yr olds, US vs Japan vs England, 813
locus of control, encoding & recall of semantic vs superficial features in word lists, college students, 7157
matching & lexical decisions for words & nonwords in left vs right visual field, college students, 2583
memory for length series, 6–13 yr olds vs college students, 7743
memory of self relevant retrospective data as reflection of self concept, 291
mental images of concealed objects, associative memory, college students, reply to J. M. Keenan & R. E. Moore's criticism, 11885
mental imprints & parapsychology, 10
mental rotation of complex hierarchical stimuli, college students, implications for holistic vs parallel processing, 11863
mental rotation of 1- vs 2-letter images, humans, 11847
methodology, measurement of structural knowledge of domain, college students, 6773
mixed vs blocked frequency presentation, lexical decision RT, 17–36 yr olds, test of serial search vs 2-dictionary vs parallel model of lexical access, 7160
model, development of mechanisms used for assessment of visual location, 4885
monitoring of sentences for target words in idiomatic vs nonidiomatic expressions, RT latencies, college students, implications for processing of idioms as discrete lexical entries, 4905
mood, encoding & retrieval of affectively valent information, 5th graders, 840
multiple presentation of same display, acquisition of visually displayed information, college students, test of multistate Markov model of information acquisition, 281

named vs unnamed pretraining, recall of random shapes, normal vs learning disabled vs deaf children with mean age of 11.4 yrs, 5922
neuropsychological basis of human information processing & mind-brain dualism, literature review, 535
noise & orienting instructions with nonassociated vs associated words, free recall, college students, 295
nonelaborative vs semantic elaborative processing of word lists, recall, college students, simulation of brain damage induced amnesia, 3709
nonverbal stimulus structure variables in match-to-sample task, speed of encoding, mentally retarded Ss with mean age of 27.3 yrs, 8241
noun position, recall of adjective, college students, 4965
organization level of prose measured by 7-point scale, scale validity & relationship between recall & organization level, 3rd & 6th graders & adults, 7073
orienting task, free recall of words, college students, 11891
passage length, recall & recognition, college students, 289
pattern recognition vs stimulus classification tasks, N2 vs N sub A event related potentials, adults, 525
perceptual reference frames, identification of 2-dimensional shapes, college students, support for computational approach to object representation, 9465
personal or societal landmark event as reference point, time accuracy of retrospective reports, adults, 11888
phonic decoding ability, normal 2nd–5th graders vs learning disabled children with mean age of 10.3 yrs, 10521
phonological processing during silent reading, left-brain-damaged aphasic vs right-brain-damaged nonaphasic patients, 10637
phonological recoding, development of word identification & reading comprehension, review of normal adult reading & child reading disability literature, 12963
plan schemata, recall & recognition & memory for goal-directed actions, college students, 4939
practice & organization of to-be-remembered digits, enhancement of memory, normal vs trained vs exceptional memory adults, 2647
preferred vs 2nd language & 1st vs 2nd language experimental sessions, encoding/response times for arithmetic problems, Chinese/English vs English/Chinese & Spanish/English vs English/Spanish bilingual adults, 2629
presentation modality & instructions & list length & organization, word & modality recall, 2nd vs 3rd vs 6th graders vs college students, 2655
processing level of pictorial vs verbal primes vs targets, order of access to stored information, college students, 7162
processing of pictorial vs verbal advertisement, 20–28 yr olds, 11486
processing of word gender & number morphemes, recall, humans, 9513
psychological stress, information processing rate, engineering students, implications for computer operator training, 6835
rated cognitive dimensions of memory experience, college students, 269
recall of rhyming & nonrhyming letter strings, dyslexic 9 vs 12 vs 14 yr olds, 1296
recall vs recognition test expectancy & structural importance & comprehensibility, sentence recall, college students, 11903
recognition of events vs temporal relations among events, patients with anterograde amnesia, implications for consequences of failure to encode temporal relations, 1376
rehearsal with 1- vs multi-item repetitions, free recall of semanticaliy & phonemically related words, learning disabled vs nondisabled 8–10 yr olds, 8267
reinforcing "right" vs "wrong" outcomes on paired associate learning task, subsequent responses, 7184
release from proactive interference & capacity for semantic encoding & temporal order judgments, patients with Korsakoff's syndrome vs verbal amnesia vs affective disorders & receiving ECT, 3761
relevance of characteristics for comprehension of spoken message & encoding, memory of physical characteristics of message, college students, 4944
retrieval of item vs category information, college students, implications for interactive model, 4904
ridiculous imaged stories for linking word-list items, free recall, 43–56 yr olds with chronic organic amnesia, 8315
same vs mixed picture & word pairs, judgments of conceptual size vs associative relatedness, college students, 2639
schema induction, facilitation of analogical transfer, 10th–12th graders, 819
schema theory of memory, literature review, 271
schema-directed processes & memorization of prose material, literature review, 2661
selective impairment of phonological processing ability, 44 yr old aphasic male, 1340
semantic processing vs cumulative rehearsal of words, free recall & retention, educable mentally retarded with mean age of 14.4 yrs, 12957
semantic/syntactic decoding ability, right ear advantage in dichotic listening task, 16–18 yr old males, 7384
sex & sexual preference of S & hypothetical person to whom congruent vs incongruent stereotypic characteristics were ascribed, processing of information relative to sex & sexual preference, mental health professionals, 6490
situational challenge in acquisition & memory tasks, attention to & category formation of central vs peripheral stimuli, Type A vs Type B college students, 3449
skill in use of sign language, learning meaning of formationally similar invented signs, deaf precollege students & hearing staff members, 3758
speed vs accuracy instructions, visual vs acoustic coding in sequential same-different task, humans, 11868
story structure, comprehension & recall, college students, 262
structural importance of prestudy quizzed information, selective attention & memory for quizzed vs nonquizzed information, college students, 4964
structural principles governing hierarchies of harmonic stability, contextual & memory effects in apprehension of musical structure, college students with 11.5 yrs average music experience, 7150
syllable coding, recognition of printed words, 2nd grade & college student good vs poor readers, 5367
targets vs lures as semantic primes & number of primes, RT in word recognition task, college students, 11860
thematically related vs unrelated facts, attenuation of fan effect & consistency judgments & RT, college students, 4960
theory of comprehension of computer programs, structure of knowledge & hypothesis testing process, computer programers, 9243
time compressed vs noncompressed TV commercials, commercial & brand name recall & attitudes & buying intention, females, 4601
truncation vs vowel drop vs minimum to distinguish vs phonics vs user defined mechanisms to learn & encode & decode abbreviations in limited command-language lexicons, secretaries, 11453
use of multiple cues, target word retrieval, 3rd vs 6th graders, 828
user participation in design of command language & structuring rule, command recall, office clerks, 11458
verbal elaboration, facial recognition, college students, 2651
visual & auditory stimulus intensity, reaction time & cognitive processes, humans, 2579
visual imagery & multimodal store model of R. C. Atkinson & R. M. Shiffrin, literature review, 2622
visual imagery, memory, congenitally blind & sighted 7–12 & 19–40 yr olds, implications for A. Paivio's mobility-specific imagery hypothesis, 11909
visual presentation of word in colored ink, color naming latency, females with mean ages of 23.4 vs 72 yrs, support for automatic semantic code activation, 9975
visually presented additive vs nonadditive number sequences & recall interval, short term recall, deaf vs hearing adults, 8314
visually presented letters, short term encoding, congenitally deaf 9–16 yr olds, 1339
word by word presentation of paragraph, recognition RT & accuracy for presented referents & superordinate words, college students, 7155
word frequency & expectation of recall vs recognition memory test, recall & recognition & role of expectancy-specific encoding strategies, 11th & 12th graders & college students, 835
word regularity & consistency, use of visual vs phonological stimulus codes in lexical decision & word naming tasks, college students, support for dual-access vs activation & synthesis models of word recognition, 2609

Human Males [See Also Brothers, Fathers, Husbands, Male Criminals, Male Delinquents, Sons, Widowers]
age differences, demographic & drinking & diagnostic variables, alcoholic males with mean age of 23.8 vs 48.4 yrs, 3600
alcohol consumption, sexual function disturbances, 20–65 yr old alcoholic male outpatients, 10619
alcohol intoxication, sexual arousal during descriptions of mutually consenting sexual intercourse vs rape, 21–33 yr old male social drinkers, 12244
alloplastic genitourinary penile prostheses, erectile impotence, male patients, 4011
androgen replacement therapy, erectile responses to erotic films & fantasies, 21–57 yr old hypogonadal males, 10829

anxiety & depression & femininity & masculinity, adjustment, male college students, 12735
attitudes toward changing sex roles, male varsity athlete vs nonathlete college students, 5596
aversive covert images in covert sensitization procedure, arousal induced by homosexual stimuli, 38 yr old bisexual male, 8494
bidirectional influences between parents & children, compliance & attachment, male 2 yr old twins &/vs singletons & their parents, followup at age 9, 7888
bioelectronic feedback based on EMG as indicator of relaxation, tension & sexual difficulties, 49 yr old male, 10816
body & neck & abdomen shape & head & shoulder posture, attractiveness of male physiques, male vs female college students, Israel vs US, 3415
construction & validity of MMPI Gender Dysphoria subscale, males with vs without gender identity, 82
cooperation vs competition on anagram task with high vs low competence male vs female, response to female competence, male college students, 12591
cultural desire for & presence of male offspring, incidence of sex linked disease, 3774
decorative female models, readership of magazine ads, males, 11503
development of scale, measure of traditional vs liberated sex role attitudes & behavior, male college students, 11673
developmental stages, male 27–55 yr old police officers, implications for D. H. Levinson's model of adult development, 12373
educational level & sex differences, attitudes toward male nurses, 13–85 yr olds, 7797
etiology & dynamics & differential diagnosis & treatment, pathological hypersexuality, males, literature review, 1127
evidence for increasing equivalence in math skills, male vs female 7th & 8th graders, 12407
extent of prior provocation, effect of erotic stimuli on hostile behavior, male college students, 300
factors predictive of rehospitalization after inpatient treatment, male alcoholics, 11087
factors related to peer-perceived dominance, 15–18 yr old males, 10094
heterosocial skills training & covert sensitization, social skills & sexual arousal, 19–39 yr old males with undesired or deviant sexual arousal, 13249
history, profession of psychiatric male nurse, 1924
hostility & depression & anxiety, males with hyperprolactinemia, 3698
imipramine vs nortriptyline, loss of nocturnal penile tumescence, depressed males, 8580
incidence & probability estimates, alcoholism, males, 1957–72, Sweden, 10494
individual therapy & treatment of parents & grandmother, effeminate behavior, 5.5 yr old male, 13169
issues around sex role behaviors & expectations & norms in counseling of drug dependent females, male counselors, 8809
male role models in family background, 3–13 yr old males with gender disturbances, 3249
male support & sponsorship & protection, physical & social tensions & discrimination & sexual harassment & job training, female truckers, 4538
Martin-Bell syndrome of X-linked mental retardation with physical evidence & speech retardation, 12–21 yr old male cousins born to sisters, 3656
methylphenidate, interpersonal speech patterns, hyperactive males with mean age of 9.2 yrs & their mothers, 3936
mother-child relations & body image & development, male transsexuals, 1033
motive ambiguity, interpersonal approach, male college students with attractive confederate females, 7953
multidimensional scaling, ratings of men's names, college students, 12665
nature & diagnosis & prevalence of nonspecific X-linked mental retardation, literature review, 3640
need for psychotherapy & conflicts in treatment & role of racism, Black males, 1511
pathological separation-individuation process in childhood, object constancy & relationship commitment, males & females, 8013
patterns & sources of clothing fashion information seeking & personal characteristics, 15–44 yr old male purchasers of suits, 2295
penile prothesis surgery, psychological & marital adjustment & sexual activity levels, male patients with mean age of 51.1 yrs, 10921
personality traits & future consumption of legal & illegal drugs, males assessed at 19 & 22 yrs of age, 1042
physiology of sexual dysfunction associated with antipsychotic drug therapy, male schizophrenics, literature review, 13290
preparatory erotic stimulation, phallometric assessment of sexual arousal, 15–51 yr old male exhibitionists, 12923
psychodiagnostic evaluation & surgical technique, circumcised males requesting foreskin reconstruction, 3986
psychological & social adjustment & gender reorientation & depression & tension & involvement with female partner, 17–43 yr old female to male transsexuals, 12588
psychological issues in clinical research for development of male contraceptives, 3349
quadratic equation for curve of cumulative food intake during single-course liquid meals, 19–24 yr old males & females, 59
referral to sex therapy, acceptance of recommended treatment, impotent males, 3816
role of machismo & family structure & dynamics & values in etiology of alcoholism, Hispanic males, implications for family therapy, literature review, 12938
satisfaction with & success of vasectomy, males, Guatemala, 1–3-yr followup, 4003
sensation seeking & anxiety, social drinking, 18–29 yr old White males, 10223
SES & other demographic characteristics & risk of death from ischemic heart disease or cerebral stroke or cancer, 30–59 yr old males, longitudinal study, 3753
sex role conflicts & coping behavior & adjustment, disabled males, literature review, 5721
sexual activities, aged males, 5595
sexual status, 14–18.7 yr old males with idiopathic adolescent gynecomastia vs 3.5–15.8 yr olds with congenital virilizing adrenocorticism, 10626
sleep stages & efficiency & movement time, 24–60 yr old impotent males, implications of 1st night effect, 13036
social isolation from political information, male vs female nursing students, 8858
stressful cognitive tasks, heart rate & blood pressure responses, Type A vs Type B adult males with vs without coronary heart disease, 1346
symbolic experiences of creativity vs body oriented ego experiences, evolution of ego-ideal during psychoanalysis, sexually impotent males, 8427
Type A behavior & social desirability & introversion, 17–39 yr old males with elevated systolic blood pressure, 8294
Uni-Curve Thermistor vs Barlow strain gauge, assessment of sexual arousal, 24–30 yr old heterosexual males, 2900
use of poetry in group therapy as catalyst for emotional expression, emotionally isolated 21–48 yr old males, 8465
use of videotape in group psychotherapy, 9–12 yr old males, 6174
validity of Macho Scale, measurement of sex stereotyping & discriminative attitudes, male college students, 4753

Human Migration

age & sex & family status, migration, West Germany, 932
familial attributes & educational attainment & occupational aspirations & personality adjustment & migration status, occupational attainment, males surveyed at 24 yrs previously while high school sophomores, 11407
group counseling, transient elementary school students, 11281
personal mobility rate, health status, non-faculty university employees, 3-mo followup, 11478
preventive model, coping with community relocation, 4057
process topology based on concepts of desired & expected & actual mobility & decision making perspective, migration & residential mobility, adults, 3-yr longitudinal study, 10117
relocation & survivor stress & breathing problems & nightmares, 22 yr old Laotian Hmong soldier, implications for role of shaman & ritualism, US, 13085
simulated site visits as relocation approach, aged, 10968
socioeconomic bonds & satisfaction & background factors, interstate migration, Rhode Island adults, longitudinal study, 3275
urban growth & migration, psychiatric morbidity measured by hospitalization, France, 1146

Human Potential Movement [See Also Assertiveness Training, Consciousness Raising Groups, Encounter Group Therapy, Gestalt Therapy, Human Relations Training, Sensitivity Training, Transactional Analysis]

Beginner's Way, method of getting in touch with own emotions, 3905
survival skills training, drug dependent females, 8817
training in human resource development for business & industry, counselor trainees, 1947

Human Relations Training
"application group" session, application of experiential learning to everyday life, Tavistock conference participants, 10769
efficacy of R. Carkhuff's systematic human relations training model, adult ex-offenders, 1842
film vs audio vs transcribed vignette presentation of situations with persons in distress, perception of helpfulness & response length on oral vs written responses, college students in human relations training, 1559
human relations program, student intergroup relations & affect, students in desegregated elementary schools, 6620
invitational education in coordination & supervision counseling services, school counselors, 1993
microtraining vs systematic human relations empathy training, empathic understanding, 18–63 yr olds, 6186
role change in "application group", application of experiential learning to everyday life, Tavistock conference members & trainers, 10770
spouse training program, marital relationship, spouses of law enforcement officers, longitudinal study, 2227
team development intervention, squadron climate & performance, US Air Force Academy cadets, 6-mo followup, 11359
Human Rights [See Also Civil Rights, Equal Education]
approaches to redress inequities & diminish injustice, powerless & oppressed persons, 7841
behavior modification & human rights, review of E. S. Sulzer's contribution, 1616
development of right to treatment theory, chronically mentally disabled community residents, 1481
functions & performance of human rights committee, officials at state residential facilities for mentally retarded, 4076
need for theory testing & development & D. Black's theory of law as research framework & analysis of legal paths to social order & individual liberty & mental health, sociology of mental health law, literature review, 10184
self actualization theory of A. H. Maslow as framework for concept of children's rights, 763
teaching & role modeling & judicious use or omission of diagnosis & analysis & interpretation of client experiences & other communication techniques, affirmative social action in clinical counseling, psychotherapists, 6114
use of psychiatric commitment as political repression, USSR, 3326
Human Sex Differences [See Also Sex Linked Developmental Differences]
academic & social characteristics, male vs female college engineering students, 2075
academic status & class & sex differences, academic performance problems, college students, 6670
actual vs perceived situational conditions & individual reactions & age & sex & cross cultural differences, stress reactions, 11–18 yr olds, 10065
age & family structure & gender, self concept, Head Start 3.4–6 yr olds, 7788
age & introversion, religiosity, female vs male 11–17 yr olds, 7780
age & physical problems & rejection by perpetrator & misbehavior of child & sex & race & discipline attitudes of perpetrator, severity of child abuse, criticism & reanalysis of D. Gil's & J. R. Seaberg's studies, 3594
age & race & sex & pretreatment pain intensity & character & site, relief by morphine sulfate, cancer patients with chronic pain, 8565
age & sex & agent of external control & connotation, evaluation of locus of control, 6.1–11.7 yr olds, 899
age & sex & alcohol drinking attitudes, alcohol drinking patterns, 14–18 yr olds, New Zealand, 10086
age & sex & body composition, prediction of basic motor task & health-related fitness item performance, 1st–3rd graders, 12434
age & sex & color vision, 11–75 yr olds, 856
age & sex & education, dogmatism, adults, 7817
age & sex & etiology, prevalence of nonspecific mental retardation in British Columbia, 1293
age & sex & family status, migration, West Germany, 932
age & sex & grade level, perception of gifted programs, 8–17 yr old gifted students, 9071
age & sex & handedness & disadvantaged life circumstances, patterns of choosing objects according to formal aspects, children younger vs older than 5 yrs, test of I. Hermann's findings, 12421
age & sex & IQ differences & duration of institutionalization, age perception of self & others & death concepts, mentally retarded 17–62 yr olds, 8255
age & sex & length of service & basic education & professional qualification, propensity to change jobs &/or leave social work related employment, nursing home staff, England & Wales, 8878
age & sex & marital status, depression, 17–70 yr olds, 12789
age & sex & other handicaps & visual factors & use of guide dog & age of onset & travel experience, mobility, former clients of Mobility Training Program at New York Lighthouse, 1848
age & sex & race & birth order & parental presence & family income level & religion & geographic locale & type of delinquency offense, loneliness, 12–18 yr old delinquents, 5886
age & sex & race & marital status & SES & amount of TV watched & relative victimization of fictional counterpart in TV dramas, susceptibility to cultivation of sense of personal risk in real world, adult TV viewers, 5259
age & sex & race & weight, beliefs about causality & responsibility for obesity, nursery school children vs 1st vs 5th graders vs college students, 8307
age & sex, aggressive behavior, clinic-referred vs normal 3–13 yr olds, 10486
age & sex, alcohol consumption, 14–18 yr olds, 10047
age & sex differences, identification of source of message inadequacy in ambiguous listening task, 3–6 yr olds, 5374
age & sex differences, preferences for colors black vs white, Black vs White 6 mo to 4.5 yr olds, 12424
age & sex differences, preferred information sources, 10–14 yr olds, 7783
age & sex, gender-typed occupational aspirations, low income female elementary & high school students, counseling & education implications, 7792
age & sex group norms, Creative Imagination Scale scores, 8–17 yr olds, 2449
age & sex, parent vs teacher ratings of behavioral adjustment, 6–16 yr olds with constitutional delay or growth hormone deficiency or Turner's syndrome, 3717
age & sex, time & error & log error on Gibson Spiral Maze, 20–89 yr olds, 7723
age & sex, use of & reactions to teletext, Ss in households & public sites, 9874
age & sex, 16PF scores, 17 vs 20 yr olds, 7810
age of transgressor, assignment of punishment, male vs female jurors, 3334
allocator motive & gender & Protestant ethic endorsement, reward distribution, male vs female college students in hypothetical business setting, 5649
amount of TV viewing, sex role stereotypes, male vs female 6th–9th graders, 2-yr longitudinal study, 898
analysis of frequency distribution by age & sex & time of day & season, death, 10650
aptitude vs experience, proportional reasoning, male vs female 7th vs 9th vs 11th graders, 6671
ascribing titles to oneself & others, acceptance of stereotypical behavior, male vs female university teachers, 4240
aspects of TAT Card 3BM, perceived sex of figure, 15–58 yr olds, 7015
assertiveness, male vs female college students, 5671
attempted suicide, aggressiveness & associated personality traits, 19–32 yr old males vs females, 10472
attitudes toward extramarital & premarital sex, fundamentalist vs nonfundamentalist males vs females, 5600
attitudes toward oneself vs others, male vs female college students, 5614
attitudes toward women in management & attributions for success/failure of female managers, male vs female employees, replication & extension of work by 1st author & K. H. Price, 11384
attractiveness & sex typed characteristics of novel toys, toy preference & exploration time, male vs female 42–75 mo olds, 10067
audience evaluation level, causal & trait attributions for pursuit rotor task, male vs female college students, 7992
authoritarianism, luck vs skill attributions, male vs female college students, 3413
behavioral correlates of depression, normal 2nd–7th graders, 5439
birth order & sex, socio-political conservatism, college students, 5664
birth order & sibling sex, parental support & involvement with sons vs daughters, 12–16 yr olds, 12565
body & neck & abdomen shape & head & shoulder posture, attractiveness of male physiques, male vs female college students, Israel vs US, 3415
body height, self esteem, male vs female college students, 12710
brief training on spatial tasks, sex differences in visual spatial skills, college students, 237

business education, nurturance, male vs female college freshmen, 4-yr followup, 6589
causal attribution & sex, school performance, 10–15 yr old barrio children, Philippines, 4310
causal attributions for successful leadership performance, males vs females, 7986
characteristics & role & attitudes toward alcoholism & problem drinking & own drinking patterns, role in prevention of alcohol abuse, male vs female bartenders, 11093
characteristics, persistence vs dropping out, male vs female college students, 2085
choice of major & courses & need for counseling, male vs female college students, 9099
circumstance & type of bid & sex of child, responsiveness of caregivers, 24–30 yr olds from low income families in day care, 3302
city vs country residence & sex differences, psychiatric admissions, patients, Western Australia, 10988
classification of socially rewarding incentives & association with personality traits & age & sex differences, 10263
cognitive style, male vs female college art students, 12695
competition vs cooperation & coaction vs alone & sex & item difficulty, performance on Remote Associates Test, college students, experimental replication, 3394
competitive vs cooperative orientation, interaction patterns, same- vs mixed-sex dyads, 10237
concordance rates & sex differences, 18–66 yr old neurotic same-sex monozygotic vs dizygotic twins, 10437
conditional configuration frequency analysis, identification of types of dyslexia, male vs female children, 5908
confederate sex & status, competitive behavior, female vs male college students, 12632
consensus level & attack distinctiveness, affect & causal attributions of attacker's aggressive behavior, males vs females, 7993
content preferences in books & TV, male vs female 4th & 5th graders, 1970–71 vs 1978–79, 878
conversational patterns, same-sex pairs of 18–23 yr old friends, 10061
correlates of job satisfaction, male vs female social workers, 8871
counselor & client sex, expectations about counseling, clients, 10983
counselor gender & personal vs vocational problem, expectations about counseling, college students, 6386
counselor status & weight & client gender, perceptions of counselor expertness & attractiveness & trustworthiness, 18–58 yr old clients, 10974
course & outcome & sex ratio, patients with depression &/vs mania vs schizophrenia, 15-yr followup, 1463
crime victim characteristics, level of police investigative effort, 5552
cross cultural & sex differences, Adjective Check List responses, France vs US, 1098
cross cultural differences, factors scores on Eysenck Personality Inventory, adult males vs females, England vs Germany, 7016
crowding & sex & group size, walking speed, pedestrians, walkway design implications, 4564
death anxiety & ego strength & self esteem, male vs female college students, 8009
degree of realism & amount of violence & age & sex, ability to distinguish real vs TV violence & stimulation necessary to frighten & favorite star, children, 5403
demographic & illness & treatment variables, anxiety & depression, patients undergoing hemodialysis, 8617
demographic characteristics & alcohol drinking patterns, 15–60 yr olds, Shetland Islands, 12613
dental attitudes & perceptions & past dental experiences & anxiety & sex, utilization of dental services, college & graduate students, 8631
development of interpretative & relational & projective competencies, communicative functions & strategies, male vs female 2–5 yr olds in daycare, 7 mo longitudinal study, 5303
development of norms for Japanese translation of Emotions Profile Index, male vs female neurotics vs schizophrenics vs alcoholic males, Japan, 4756
development of rating scales & relationship to age & sex, perceived quality of neighborhoods, adults, 2412
dialectical inquiry vs devil's advocate technique, creativity of problem solving, female vs male college business students, 7153
differentiated brain functioning, reading achievement, male vs female students, 12412
direct vs indirect forms of requests, development of social influence patterns, 41–52 mo vs 54–66 mo old males vs females, 7819
distortion of face reflection in mirror, accuracy & stability of self image, male vs female mentally retarded adults, 8268
distribution & nature & pattern in self reported delinquency, male vs female 11–17 yr olds, 5842
early parental behaviors & coping styles, Type A behavior, male vs female graduate business students, 12691
educational level & sex differences, attitudes toward male nurses, 13–85 yr olds, 7797
ego identity status in occupation & religion & politics & sex role, intimacy status, college-educated male vs female 21–35 yr olds, support for E. H. Erickson's theory, 1112
empathic or self effacing &/vs assertive content of audiotaped statements by males vs females, interpersonal evaluations, male vs female managers, 11396
employment vs unemployment & voting pattern & education & age & sex, explanations for unemployment, 18–68 yr olds, UK, 1069
environmental & social & demographic variables, prediction of smoking cessation, 17–93 yr old male vs female smokers vs nonsmokers, 3363
etiology & sex differences in prevalence, exhibitionism, literature review, 1268
evidence for increasing equivalence in math skills, male vs female 7th & 8th graders, 12407
evidential validity of F. E. Fiedler's contingency model for male vs female leaders, West Point cadets, 5636
exhaustive exercise, REM & NREM sleep & cardiovascular measures & cortisol excretion during sleep, 21–30 yr old males vs females, 2883
expectancy vs self efficacy models of occupational preferences, male vs female college students, 4472
extramarital sex & marital relations, male vs female separated or divorced 20–67 yr olds, 12562
extraversion &/vs psychoticism, attitude toward capital punishment, male vs female college students, replication of S. J. McKelvie & J. Daoussis's study, 8033
factorial invariance of Rosenberg Self Esteem Scale, race & sex differences in self esteem, Black vs White 3rd–12th graders, 7035
familial & genetic correlational analyses & X-linked gene hypothesis of human sex differences, 5050
family & child characteristics & health status, abused & neglected male vs female children vs siblings, Greece, 1258
family structure & parental & household characteristics & parent-child relationships, prediction of delinquency, parents & their male vs female 13 yr olds, 1239
female counselor & client attractiveness, perceived therapeutic effectiveness & expectancies about future success, male vs female clients, 6403
field dependence & sex role perceptions, dichhaptic laterality, male vs female college students, 488
field dependence-independence & learning style & extraversion-introversion, map reading performance, male vs female 14 yr olds, 7695
frequency & pattern of hallucinations, male vs female schizophrenics, Kenya, 12847
gender & assessed masculinity vs femininity & false success/failure feedback, choice of topic area & performance self evaluation, male vs female college students, 5670
gender & self concept, gifted elementary & junior high school students, Taiwan, 894
gender & self confidence, organizational influence strategies, male vs female college students in simulated setting, 5627
gender & sex role identification & adult attitudes, ethnic & language attitude formation, nursery school through 6th grade bilingual students enrolled in French-language schools, Canada, 7818
gender differences & older generations' impact & prevalence & content, family conceptions of parental heritage, White middle-class mothers with mean age of 37.2 & fathers with mean age of 38.8 & children with mean age of 11.1 yrs, 7889
gender related spoken language differences in leadership context, college students, 9893
genetic androgyny vs differences from sociobiological perspective, males & females, 7337
genotype & sex differences in hand preference & left vs right hand skills & developmental language problems, children more than 5 yrs old raised by 2 left-handed parents, 12392
gestational age & sex differences, habituation to repeated vibrotactile stimulus, fetus, 5313
grade & sex differences, expectancy for success & performance of tossing task, 3rd vs 5th graders, 7681
grade level & geographic location & type of school & sex & IQ & SES, perceptions of formal & informal teacher authority, 1st vs 3rd vs 6th graders, 4316

group gender composition, type of reaction to frustration & problem solving behavior in triads, 18–35 yr olds, 7960
group vs individual decision making, polarization of risk/caution, male vs female 17–19 yr olds, 12630
handwriting characteristics, left vs right handed males vs females, 7399
health risks after death of spouse, widows vs widowers, literature review, 1134
historical & political factors & sex differences, differences in drug regulations & usage, 3358
hyperlipemia & high blood pressure & diabetes & obesity, mental illness, females vs males, 12849
ideological theoretical orientation, review of empirical studies of sex differences & sex-role stereotyping in therapy & androgyny, 5603
impulsiveness & venturesomeness & empathy, male vs female 7–15 yr olds, Canada, 12496
incidence & age & sex & marital & vocational status & suicidal motives & methods, foreign vs German suicide attempters, West Germany, 12909
incidence of shyness, male vs female 5th graders, 5444
individual & household characteristics & perceived morbidity & sex & age, prescribed & nonprescribed medicine use, households receiving Aid to Families with Dependent Children, 3359
individual age & age interval & sex composition of sibling dyad & number of toys & presence of mother, sibling interaction, 1.5–2 & 2.5–5.5 yr olds & their mothers, 7876
instructional set & sex guilt & degree of body accessibility & sex, touching, college students, 12638
instrument to measure locus of control & standardized achievement & IQ tests vs school grades, locus of control & academic achievement, male vs female children vs adolescents vs adults, literature review, 5296
intelligence & creativity, male vs female college students, 12720
intelligence, fertility in relation to population as whole, surveyed Black vs White male vs female 25–34 yr olds, 8061
intensity & situational modulation of punishment by parents, male vs female children with mean age of 11 yrs, 12548
internal consistency & reliability & construct validity of Rasmussen's Ego Identity Scale, female vs male 13 & 17 yr olds, 9327
internal vs external locus of control & level of trust, nonverbal communication accuracy with strangers vs intimate others, male vs female married adults, 5637
interpersonal behavior orientations & coping style, Type A males vs females, 5654
invasion of personal space by male vs female approaching from near vs far proximity, withdrawal, male vs female college students, 7962
item analysis of Eysenck Personality Inventory, assessment of group personality correlates, male vs female drug addicts in treatment vs prisoners, implications for management & treatment, 8188
job characteristics & availability & value of various outcomes for good performance & probability of good performance & motivation, male vs female municipal personnel, 9171
judicial treatment of male vs female criminal offenders, 1965–66 vs 1971 vs 1975–76, 10178
knowledge & opinion about cervical smear test, 16–17 yr old male vs female vocational students, 11238
leadership style & sex of leader & follower, leader behavior & subordinate satisfaction & task productivity, college students, 12654
liberal vs strict family upbringing, internal state & frustration & methods of coping with stress, male vs female adults, 7999
life change events & accidents, 19–67 yr old males vs females, 12726
linear regression analyses, WAIS IQ, males vs females with unilateral brain damage, 5979
liver disease & other alcohol related diseases, male vs female general hospital patients, 8193
location of touch & sex of E, ratings of relaxation/comfort, male vs female college students, 7958
locus of control dimensions of Reid-Ware Three Factor Internal-External Scale, Buss-Durkee Hostility-Aggression Inventory, male vs female college students, 1108
male oriented vs balanced-to-sex TAT, measurement of need power & achievement motivation & affiliation motivation, male vs female working managers, 94
male vs female 1st name desirability, responsibility attribution & sanction assignment, male vs female college students, 12667
manifest need satisfaction, male vs female counselors, 8868
marital & parenting satisfaction, parenting behavior in early infancy, primiparous mothers with mean age of 25.8 yrs vs fathers with mean age of 27 yrs, 5533
masculine vs feminine tasks & performance expectancy, preferences for skill- vs chance-determined tasks, male vs female college students, 12718
maternal perception of child's temperament & childrearing techniques & mother-child interaction, mothers & their male vs female 34–53 mo olds, 5532
maternal symptoms & attitudes during pregnancy vs postpartum, development, mothers & their male vs female children, 7–8 yr followup, Sweden, 3149
memory for story with traditional vs nontraditional sex role opinion portrayals, male vs female 1st graders, 12362
memory span & scanning rate & short- & long-term components of free recall & word recognition from long-term memory, male vs female college students, 283
mental health & incidence of emotional disorders, 3rd yr male vs female medical students before & after psychiatric clerkship, 1915
methods used & age & sex & place of residence, suicides committed in Quebec over 7-yr period, Canada, 12897
model, early youth career pattern effects on later careers, 14–24 yr old males vs females, 4469
modernity of dress of human figure drawings, Kipsigis vs Logoli vs Gusii male vs female high school students, Kenya, implications for role of values in drawings, 7806
morbidity & visits to family practices, male vs female 13–20 yr olds, 8625
need for approval & dependence proneness, male vs female college students, 3477
neonate birth order & age & sex & full term vs premature birth, tactile contacts in 1st days following birth, mothers & their neonates, 5543
norm violation & sex & sex role attitude, attribution of blame in rape cases, college students, 12659
occupational duties & professional characteristics & training experiences, male vs female psychologists, New Zealand, 6530
occupational level & sex differences, job satisfaction, full-time employees, 9177

self concept & achievement motivation & internal responsibility & anxiety & psychological makeup, male & female mentally retarded & gifted junior high school students, Taiwan, 1295
self esteem & self concept, male vs female 7th & 8th graders highly gifted vs able vs average in mathematical ability, 7702
self perceived personality change during adulthood, males vs females with mean ages of 20.6 vs 47.8 vs 69.3 yrs, 12495
self report of depression preceding vs subsequent to alcoholism, male vs female outpatient alcoholics, 10450
SES & sex & feedback about social norms on hand-dynamometer task, aspirations for performance, 4th graders, 5471
SES & sex, physical & cognitive growth, 1st–6th graders, Guatemala, 750
setting & sex & physical attractiveness of E vs S, expressions of gratitude for altruistic acts, 7–75 yr olds, 918
sex & accident history & driving exposure, performance on driveometer, drivers, 13707
sex & age & facial expression of drawings of teachers, student's evaluation, male vs female 1st–5th graders, 6697
sex & age & locus of control, moral judgment & attribution, junior high & senior high school students, 923
sex & age & occupation, seasonal variations in suicides, Finland, 1259
sex & age & rules defining REM periods, REM cycle measurements, 19–31 vs 50–60 yr olds, 2876
sex & age, description of pain, hospitalized vs nonhospitalized 9–12 yr olds, 1423
sex & age differences, comprehension of emotional concepts & social attributions, profoundly deaf 14–20 yr olds, 10610
sex & community & grade level, preferences for reading themes, 5th–7th graders, Canada, 5330
sex & education & voting patterns, attitudes toward unemployed receiving social security benefits, 18–76 yr olds, 926
sex & education & voting patterns, attributions for wealth, 18–76 yr olds, 3446
sex & experience of loss & academic underachievement & parents' marital problems & intrafamilial violence, suicidal vs nonsuicidal 5.2–13.9 yr olds, 12924
sex & experience of sexual harassment & sex role attitudes, attribution & assignment of responsibility in sexual harassment, 5597
sex & familial handedness & sensory & hemisphere mode stimulation, stimulus specific & nonspecific responses with greater magnitude on left hand, right handed college students, 5095
sex & familial handedness & Type A personality, lateral dominance of electrophysiological response to emotion, right handed college students, 5132
sex & familial sinistrality, handedness & spatial ability, college students, 419
sex & family configuration, personal & family adjustment, 5th–6th graders from divorced vs intact vs reconstituted families, 5540
sex & father's vs mother's control & influence, perceptions of family decision making & autonomy, 14–16 yr olds, Australia vs India vs US, 10-yr US followup study, 10160
sex & grade level & academic achievement, alcohol consumption & drunkenness, high school students, 11237
sex & handedness & asymmetry of hand & foot length, 4–9 yr olds, 7687
sex & handedness & visual field & standard form vs mirror image of stimulus, mental rotation RTs, college students, 9639
sex & introversion vs extraversion, performance on mathematics tests, 11 yr olds, 7694
sex & job function, salary & educational level & experience, rehabilitation professors & administrators & direct service workers, 13456
sex & language of speakers, perceptions, bilingual Italo-Australian vs Greek-Australian Ss, 3407
sex & length of admission & diagnosis, risk of suicide, hospitalized psychiatric patients, 1783
sex & morality & cross cultural comparison, factor structure of values, college students, Taiwan vs US, 1099
sex & neuroticism & tolerance for dental pain & anxiety & efficacy, dental patients with mean age of 30.5 yrs seeking therapy for reduction of dental avoidance, 8614
sex & persistence, academic achievement, college students, 4303
sex & physical attractiveness & sex role orientation of stimulus applicant, evaluation of suitability for masculine vs feminine vs sex-neutral occupations, 23–58 yr old personnel consultants, 11360
sex & political attitudes, causal explanations for poverty, Conservative vs Labour voters, Great Britain, 931
sex & primary drug problem & treatment environment, treatment outcomes, patients aged 55 or older in federally funded drug treatment programs, 13428
sex & race & age of candidate & candidate-voter similarity, voting preferences, male vs female Black vs White college students, 3336
sex & race, accuracy of high school GPA & Scholastic Aptitude Test scores in prediction of academic performance, Black vs White college developmental students, 11301
sex & religion, political orientations, Christian vs Muslim Arab college students, US, 7866
sex & self rating of health, perceptions of parental health status & attitudes toward personal & peers' aging, Ss with mean age of 21.9 yrs, 8044
sex & SES, reading attitudes, rural vs urban 1st graders, 2086
sex & sex role, group decision making social interactions, college students, 10242

sex & sexual preference of S & hypothetical person to whom congruent vs incongruent stereotypic characteristics were ascribed, processing of information relative to sex & sexual preference, mental health professionals, 6490
sex & time of day, entry into college cafeteria alone vs with others, college students, implications for self presentation strategies, 5687
sex & years of clinical experience & occupation, ethical conflicts related to clinical intervention, mental health workers, 6513
sex &/vs age & level of modernization & pragmatic vs value-laden problems, verbal vs figural creative thinking ability, Arabs, literature review, 10134
sex &/vs racial differences, friendship patterns, West Indian vs White vs Asian 11–16 yr olds, England, 7821
sex bias & degree of expert power, compliance, college students, 12652
sex, career values & aspirations, adult Blacks vs Whites vs Puerto Ricans, 2204
sex, color vocabulary, college students, 9505
sex composition &/vs short vs long-term work goals &/vs certainty, differentiation of work orientation patterns, male vs female college students, 9122
sex differences & consistency of factor pattern, Adult Nowicki-Strickland Internal-External Control Scale, college students, 6996
sex differences & education & need for dominance & personal growth, career aspirations, Ss with mean age of 17.6 yrs entering stratified occupational system in banks, 9132
sex differences & life event stress, courtship violence, college students, 8208
sex differences & morbidity & age & inability to ignore symptoms, legal drug use, White adults, 3364
sex differences & other factors, job attribute preferences & commitment to work, English-speaking Ss aged 18 yrs or older, 11426
sex differences & psychotherapy, addictive vs self realizing love, 7964
sex differences & sex bias on Form A of Boehm Test of Basic Concepts, kindergartners, 13693
sex differences & sex role stereotyping & discrimination & role conflict & marital & employment status, alcohol drinking patterns, adults, 3360
sex differences & social adaptation & social bond theories, marihuana & alcohol & cigarette use, adolescents assessed in 1st grade, 10-yr followup, 3219
sex differences & teacher participation, preferred play activities, 4–5 yr old kindergartners, 9023
sex differences & test anxiety correlates & internal consistency & test-retest reliability, measurement of math anxiety, college students, 11290
sex differences, academic achievement & ability & attainment of higher education, 9010
sex differences, actual vs logged daydream content, college students, 9533
sex differences, career plans, graduates in male- vs female-dominated professional training, 9128
sex differences, changing attitudes toward work & marriage, college students, Turkey, 5590
sex differences, empathy & communication skills, 12634
sex differences, enrollment in mathematics tracks, Black 10th–12th graders, 13581
sex differences, expectancy & attribution patterns & academic achievement, college students, 13616
sex differences, factor analysis of intelligence, parents vs their natural vs adopted 14–22 yr olds, 7727
sex differences, heart rate & blood pressure & perceived environmental arousal & pleasantness, college students in single- vs triple-occupancy dormitory rooms, 4582
sex differences, mathematical aptitude & achievement & participation, 7th–8th & 11th & 12th graders, 5-yr longitudinal study, 2057
sex differences, neuropsychological performance, college students, 12092
sex differences, nonverbal behavior, adults, 1114
sex differences, occupational aspirations & expectations & choice, high school seniors, Australia, 7774
sex differences on WISC-R, 6–6.4 yr olds, findings inconsistent with those of W. Samuel, 7039
sex differences, perception of assertive vs passive behavior, Black college students, 8022
sex differences, perception of vibrotactile sensation magnitudes on tongue, 18–32 yr olds, 9438
sex differences, persistence & alternative occupational choice & long-term academic achievement, unsuccessful applicants to medical school, Israel, 11118
sex differences, reading & spelling & arithmetic, 4–8 yr olds, longitudinal study, implications for learning strategies, 12403
sex differences, recovery, aphasics with mean ages of 48 & 54 yrs, 5940
sex differences, school performance criteria, children, implications for pedagogical practice, 9018
sex differences, self report of emotional distress, urban Black 15–18 yr olds, 3221
sex differences, sleep apnea, 23–38 vs 50–82 yr olds with vs without Alzheimer's disease, 13082
sex differences, socialization & family dynamics & peer influence in heroin use, heroin addicts, implications for drug rehabilitation, 3589
sex differences, superstitious beliefs & behavior, 12–22 yr old basketball players, 5288
sex differences, symptoms of depression, 10403
sex differences, use of hospital & outpatient services & social adjustment, 15–45 yr old schizophrenics, 10708
sex of child, father-child interactions, fathers & their 1 yr olds, 990
sex of child vs parent, kind of parental directives used in construction task, 2.5–5 yr olds & their parents, 955
sex of E, performance on E imposed vs self selected goals, humans, 11910
sex of participant & best friend & type of feeling & participant role, emotional expressivity, college students, 10287
sex of play partner, toy choices & social behavior, 3.1–4.3 vs 4.6–5.6 yr old males vs females, 887
sex role orientation & sex, moral judgment orientation, male vs female 14–16 yr olds & college students & 24–40 yr olds, 781
sex role orientation, attitudes toward Equal Rights Amendment, male vs female college students, 7913
sex role orientation, gifted male vs female 14–18 yr olds, 921
sex role orientation measured by toy preference, cognitive ability, male vs female 3 vs 5 yr olds, 7690
sex roles & illness orientation, utilization of medical services, male vs female 18–59 yr olds, 10908
sex, self actualization, college athletes vs nonathletes, 5662
sex typing of play activities depicted in pictures based on clothing of figures, male vs female preschoolers, 12481
sexual arousal as part of epileptic seizures, 22–55 yr old females with temporal lobe epilepsy, implications for sexual dimorphism in human brain, 9664
situational variables, compliance decisions as reactions in inequitable dyadic relationships, same- vs mixed-sex dyads, 7957
social & environmental & personal factors, self reported self feelings, females vs males with mean age of 13.3 yrs, 12498
social isolation from political information, male vs female nursing students, 8858
socioprofessional origin & selection of self representation & sex, vision of personal future & school training, junior high vs high school students, 9020
somatosensory evoked potentials, male vs female college students with mean age of 22.3 yrs, 453
spatial ability &/vs rote memory, female vs male Black vs White 12–16 yr olds, 7750
speaker's sex, ratings of transcripts of speeches for socio-intellectual status & aesthetic quality & dynamism, male vs female college students & 37–62 yr old community residents, 9894
speech patterns with 1st born 3 yr old son, mothers vs fathers, 5538
State-Trait Anxiety Inventory scores, male vs female further education vs certificate of education vs bachelor of education students, Great Britain, 9030
stereotyped attitudes toward females, male vs female college students, US vs Turkey, 3352
student & teacher sex, teacher evaluation, high school vs college vs postgraduate students, 4334
subliminal stimulation of oneness fantasies, pathological thinking, male vs female schizophrenics, 6127
summer camp & age & sex, knowledge & skills in management of diabetes, 10–15 yr old patients, 10680
target S's sex & physical attractiveness, perceived risk for future susceptibility to mental illness, male vs female college students, 1200
task evaluation & sex differences, task performance & aspirations for future performance, high school students, 12488
task success vs failure & sex differences, attribution & prediction of future task performance, adolescents, 3213
test anxiety, scores on science achievement test, Black vs White male vs female 4th & 8th graders, implications for validity of test interpretation, 4421

test apparatus & sex of S & E, Halstead Category & Tactual Performance Test scores, college students, 11642
theory & research in sex differences, behavior & personal identity & sex-related concepts, literature review, 7930
therapist sex, attitudes toward client & treatment recommendations & sensitivity to client's distress, therapists of 14–64 yr old female rape victims, 1717
topic saliency, speech rate & foot & leg movements, male vs female college students, 9428
type & severity & victim of children's transgressions, maternal discipline, mothers of female vs male 7–9 yr olds, 7884
types & qualities of friendships, male vs female 11 & 12 yr olds, 12501
urban vs rural area & sex differences, prevalence of mental disorders & alcoholism & psychiatric facilities, 6-yr followup, 1118
use of common armrest on airplanes, males vs females, 5663
Verbal vs Performance IQ on WAIS or Wechsler Bellevue Intelligence Scales, males vs females with cerebral dysfunction, literature review, 88
war in infancy, anxiety & subsequent chronic hyperventilation, males vs females, 8347
White male vs Mexican American female E, EMG biofeedback training performance, male vs female White vs Mexican American college students, 7472
withdrawal of love & encouragement of cross gender behavior by mother, need for approval, 31 yr old sons & daughters, 25 yr longitudinal study, 3239
writer & rater sex & organizational position & memo quality, evaluation of business memos, personnel, 1076

Humanism
behaviorist vs symbolic interactionist vs psychoanalytic vs humanistic-experiential approaches to social learning, transactional analysis, 8454
common principles & complementary nature of & barriers to & suggestions for rapprochement, psychodynamic & humanistic & behavioral clinical orientations, 8436
definition of humanistic psychology, 30
differentiating issues, 2 major types of humanists, 28
evidence for & against W. Ouchi's Theory Z, motivation for increased productivity, employees, Japan vs US, 13779
evil & evil behavior & role of humanistic psychology & client centered therapy, reply to letter from R. May to C. Rogers, 35
evil is good, comment on discussion between R. May & C. Rogers, 25
humanism of H. A. Murray's personology & human values, 3475
humanistic approach to psychological experimentation, 9245
humanistic approaches of T. Gordon & C. Rogers, family conflict resolution & socialization of children, 12564
humanistic psychology view of individual in relation to environment, methodologies of foreign language teaching, 11226
humanistic/participatory management, professional development & satisfaction & organizational functioning & effectiveness, institutions of higher education, 1983
intellect & humanism & attitudes on psychotherapeutic processes, biography of S. Arieti, 2325

sociographic & psychoanalytic & Marxist & Freudian-Marxist approaches & cultural & historical & ideological influences, development of social psychology before 1945, Hungary, 9219
teacher education & teaching skills, Hungary, 6557

Hunger
carbohydrate intake, hypoglycemia & appetite & hunger & obesity, humans & rats, literature review, 1364
dosage of iv cholecystokinin, frequency of operant responses for food & water & sucrose solution & radiant heat, hungry vs thirsty vs nondeprived pigs, 12177
icv neurotensin, suppression of norepinephrine- vs insulin- vs muscimol- vs dynorphin- vs starvation-induced feeding, intact vs vagotomized male rats, 2926
intraduodenal glucose infusion, regulation of hunger & satiation, female rabbits, 648
lesion of serotonergic metacerebral cells, biting responses & food arousal, aplysia, 7552
level of thirst & hunger, dorsal hippocampal electrical activity during operant choice of food vs water reinforcer, dogs, 9621
thirst & hunger & subsequent food & water consumption, pleasantness of taste & sight & taste intensity of foods & water, young adults, 7118

Huntingtons Chorea
brain distribution of neurotensin, normals vs schizophrenics vs Huntington's choreics, 10618
calmodulin-calcium abnormality at gene level & diagnosis & treatment, Huntington's disease, 5971
degeneration of components of extrapyramidal system, Parkinson's & Huntington's disease & tardive dyskinesia, literature review, 5966
dementia etiology & severity, confrontation naming ability, patients with Alzheimer's vs Huntington's vs Parkinson's disease, 5941
drug therapy & associated psychiatric & behavioral abnormalities, 26–65 yr olds with Huntington's disease, 2–6 yr longitudinal study, 10556
incidence of conduct disorder & affective illness, 5–47 yr old offspring of Huntington's disease patients, genetic counseling implications, 10313
somatosensory evoked potentials, 29–59 yr old Huntington's disease patients, 3721

Husbands
attitudes toward prenatal diagnosis process & reported stress, females with mean age of 36 yrs & their husbands after amniocentesis, implications for genetic counseling, 1707
method for differentiation of support functions among network members, White professional married males with mean age of 35 yrs vs females with mean age of 38 yrs, 3380
perception of family & work worlds, dual career spouses, 7896
personality & marital relations, psychological functioning, prominent males with mean age of 53.9 yrs in psychiatric treatment, 1145
place of residence & education & age & working status, correlation between husbands' & wives' creativity scores, 16–60 yr olds, 10171
prediction of behavior therapy outcome, agoraphobic females, implications for importance of husband's involvement in therapy, 13248

Hybrids (Biology)
single major gene correlate, central excitatory state, pure-bred black blow flies, 2812

Hydrocephaly
neuropsychological assessment & shunt surgery, medical patient with normal pressure hydrocephalus, 13304
neuropsychological assessment of normal pressure hydrocephalus, 64 yr old male, 10593
schizophrenia associated with hydrocephalus & aqueduct stenosis, 23 & 26 & 60 yr old females, 8079

Hydrocortisone
basal cortisol level & cortisol response to dexamethasone, primary vs secondary depressives, 12885
biological & psychological & occupational characteristics, cortisol & growth hormone secretion, male air traffic controllers, 529
brief peer separation & exposure to novelty, plasma cortisol & vocalization & locomotion & scent marking, juvenile female squirrel monkeys, 2922
circadian changes, testosterone & cortisol concentrations in saliva, 19–33 yr old males, 9686
cortisol suppression index, detection of major depression, 25–74 yr old psychiatric patients, 5734
cosyntropin stimulation test, cortisol response, females with mean age of 36.4 yrs with endogenous depression, 10337
depression & plasma tryptophan & urinary free cortisol, 18–70 yr olds with Cushing's syndrome, 8313
dexamethasone dosage levels, cortisol suppression, normal 23–50 yr olds, 3081
dexamethasone suppression test, discrimination of unipolar vs bipolar depressed psychosis vs schizophrenia, 16–78 yr old patients, 1208
dexamethasone suppression test, hyperactivity of hypothalamic-pituitary adrenal axis, 16–49 yr old bulimic patients, support for bulimia as form of affective disorder, 13029
dexamethasone suppression test vs urinary free cortisol vs growth hormone response to insulin tolerance test vs polygraphic sleep recordings, differentiation of endogenous vs neurotic vs ambiguous depression, 21–52 yr old inpatients, 3515
dexamethasone suppression tests, cortisol & 11-deoxycortisol & corticosterone & 11-deoxycorticosterone & cortisone, 27–58 yr old endogenously depressed females, 10376
diagnostic validity of dexamethasone suppression test, patients with unipolar vs bipolar primary vs secondary depression, 1191
exhaustive exercise, REM & NREM sleep & cardiovascular measures & cortisol excretion during sleep, 21–30 yr old males vs females, 2883
group vs paired vs individual housing, stress-induced cortisol levels, female squirrel monkeys, 497
immobilization stress & adrenalectomy & hydrocortisone, heparin clearance, rats, 5158
mental work vs sensory intake task performance, elevation of physiological & neuroendocrine responses, Type A vs Type B males, 536
methadone, prolactin & cortisol secretions & euphoria & elation & grandiosity, 21–47 yr old acutely manic males, 1646
mother-infant separation, social behavior & increased movement & plasma cortisol & hormonal & adrenocorticoid changes, adult male squirrel monkeys, 2944
physical health change & psychopathology & responses to increased work load, cortisol & growth hormone secretion, male air traffic controllers, 527
physostigmine dosages, levels of arginine vasopressin & cortisol & melatonin & growth hormone & luteinizing hormone & prolactin, males, 9807
plasma cortisol & 3-methoxy-4-hydroxy-phenylglycol levels, 19–66 yr old dexamethasone-resistant depressives, 5771
plasma cortisol secretion & REM period latency, patients with endogenous depression with mean age of 40.8 yrs, 10341
secretion of cortisol & human growth hormone, male air traffic controllers, 528
serum cortisol & fasting blood sugar levels during dexamethasone suppression test, females with endogenous depression, 8159
social interaction & stress following exposure to novelty or snake & ACTH, plasma cortisol & testosterone levels, dominant vs subordinate male squirrel monkeys, 2858
social rank & aggression & group- vs single-housing, circulating levels of cortisol & prolactin, male talapoin monkeys, 12262
thyroid hormones & cortisol & dopamine, blunted thyrotropin response, 20–64 yr old male patients with major affective & borderline personality disorder & alcoholism, 10321
thyroid stimulating hormone & urinary free & plasma cortisol & dexamethasone suppression & CSF 3-methoxy-4-hydroxyphenyl glycol & 5-hydroxyindoleacetic acid levels, 17–67 yr olds with major depression, 10335
time of day of onset of chest pain & secretion level of ACTH & cortisol, patients with myocardial infarction, 1380
time of dexamethasone suppresssion test administration, 24-hr cortisol secretory patterns, 48–70 yr old major depressives, 12850
total sleep deprivation, dexamethasone suppression test, endogenously & nonendogenously depressed 21–76 yr olds, 12819
urinary free cortisol & 3-methoxy-4-hydroxyphenylglycol levels, severely depressed 29–62 yr olds, 1207
weight loss, postdexamethasone cortisol secretion, obese Ss, 1351
Hydrogen
buccal ganglion intracellular injections to decrease hydrogen ion concentration, potentiation of slow inward current, snails, 7374
ethanol concentration, blood oxygen & carbon dioxide & pH & respiration rate, long sleep & short sleep mice, 7590
Hydroxydopamine (6-)
adrenal demedullation with vs without 6-hydroxydopamine, cold water swim & morphine analgesia & adrenal epinephrine & heart norepinephrine levels, male rats, 2907
apomorphine, appetitive conditioning, 6-hydroxydopamine treated rat pups, 3106
catecholamine depletion in visual cortex using 6-hydroxydopamine systemic neonatal injection vs osmotic minipump delivery, neuronal plasticity, monocularly deprived kittens, 11556
electrolytic vs 6-hydroxydopamine lesions of median forebrain bundle vs medial vs dorsal raphe vs nucleus accumbens vs locus ceruleus, tremorine-induced tremor & rigidity, female rats, 585
haloperidol vs 6-hydroxydopamine nucleus accumbens lesions vs apomorphine, dextroamphetamine-induced place preferences, male rats, 5164
haloperidol vs 6-hydroxydopamine, oral drug-taking behavior, rats dependent on etonitazene, 9818
intracisternal 6-hydroxydopamine injection, whole brain dopamine & norepinephrine & open field behavior, rat pups & their untreated mothers, 9803
lesions of ventral tegmental area with 6-hydroxydopamine, cocaine self administration, male rats, 601
morphine & icv 6-hydroxydopamine lesions of limbic vs caudate areas, unit activity in noradrenergically innervated limbic areas, male rats, 9723
pimozide vs haloperidol vs 6-hydroxydopamine nucleus accumbens lesions, cocaine- vs procaine-induced place preference conditioning, male rats, 5165
unilateral striatal electrolytic vs 6-hydroxydopamine-induced denervation, contralateral striatal reduction in dopaminergic function & contralateral asymmetry & circling behavior, male rats, 12256
5,7-dihydroxytryptamine vs 6-hydroxydopamine lateral septal lesions, social interaction & aggression & dominance level, male rats, 2970
6-hydroxydopamine & bilateral radiofrequency lesions of medial hypothalamus, blockade of hypothalamic obesity, female rats, 5151
Hydroxylases
acute vs chronic cold stress, dopamine-beta-hydroxylase activity in locus ceruleus & anterior & posterior hypothalamus, male rats, 542
cold exposure, hypothalamic tyrosine hydroxylase & metabolism of dopamine & 5-HT, 4 vs 18 vs 29 mo old rats, 5146
dopamine-beta-hydroxylase activity & family history of affective illness, 22–65 yr olds with endogenous depression, 10419
inhibition of dopamine-beta-hydroxylase by fusaric acid, duration of sleep induced by 3 vs 4 g/kg ethanol, long vs short sleep, mice, 7598
neuroleptics, plasma dopamine-beta-hydroxylase activity, 19–27 yr old chronic schizophrenics, 8552
plasma dopamine beta hydroxylase activity, 29–62 yr old depressives, 5786
Hydroxytryptamine (5-) [See Serotonin]
Hydroxyzine
clemastine vs diphenhydramine vs hydroxyzine, psychomotor & cognitive performance & CNS arousal, 21–30 yr old male college students, 7615
doxepin vs hydroxyzine, muscle action potentials & GSR following experience of success vs failure on cognitive task, psychiatric anxiety patients, 13295
motivation & cognitive failure & doxepin vs hydroxyzine therapy, concept learning, anxiety disordered male 20–50 yr old inpatients, 10861
Hygiene [See Health]
Hyoscine [See Scopolamine]
Hyoscyamine (dl-) [See Atropine]
Hyperactivity [See Hyperkinesis]
Hyperkinesis
activity level & temperamental factors & intelligence, hyperactive vs nonhyperactive preschoolers, 10634
amount of noncontingent adult attention & group vs individualized teaching vs play, variability of prosocial & problem & task-related behaviors, hyperactive males, 13653
articles on pharmacological management of hyperactivity published between 1968–81, 1644

attention & methylphenidate dosage, methods for measuring event-related potentials, hyperactive children, 10457
attention, visual evoked potential N1 component latency, hyperactive vs normal 7–14 yr olds vs adults, 3689
auditory vs visual stimulus-seeking behavior, hyperactive Ss with mean age of 8.7 yrs, 5947
biofeedback training, classroom behavior, hyperactive learning disabled primary & intermediate school students, 9058
biofeedback treatment, headache & asthma & hyperactivity & muscle dysfunctions & anxiety & emotional disorders, children & adolescents, 3923
characteristic symptoms & child's personality structure & defense mechanisms & parental personality & anxiety, hyperkinetic syndrome, 10614
childhood minimal brain disorder & hyperactivity & familial alcoholism & alcoholism severity & psychopathology, male VA alcoholic inpatients, 10445
chronic alpha-methyltyrosine, locomotor hyperactivity, male rats, 5226
contingent immobilization vs environmental restriction vs time out, out-of-seat classroom behavior, 5 & 8 yr old developmentally disabled males, 2092
continuous vs partial reward, concept identification task performance, hyperactive children with mean age of 9.6 yrs, 10805
continuous vs partial vs noncontingent reward schedules vs reward withdrawal, delayed RT performance, hyperactive children with mean age of 9.6 yrs, 10790
curiosity behaviors, hyperactive 7–11.8 yr old males on vs off methylphenidate, 10837
dosage level of methylphenidate, hyperkinetic-associated behavior, school aged males with strong vs weak nervous systems attention & learning disordered, 10826
educational placement & drug utilization & SES & age, prediction of perceptual motor development, hyperactive 4.2–12.5 yr olds, 13005
effectiveness of Feingold diet, hyperkinesis, literature review, 10692
efficacy of behavior modification vs communications training, parents of hyperactive 6–10 yr olds, 10791
environmental vs individual factors, etiology of hyperkinetic syndrome, literature review, 8330
etiology & diagnosis & therapeutic management of attention deficit disorders, children, 8353
Feingold diet, treatment for hyperkinesis, assessment of research reviews, 10704
food additives & hyperactivity, preschool age children, need for controlled studies, 10644
food additives, hyperkinesis, children, criticism of C. K. Conners's book, 3750
food intolerance & hyperactivity, preschool & school age children, need for improved methodology, 10645
frequency of hyperkinesis, 7 yr olds with preschool perceptual & motor & attentional deficits, 3706
high- vs low-dosage of methylphenidate, 5–15 yr olds with attention deficit disorder with vs without hyperkinesis, 13300
history of childhood hyperactivity, opiate addicts, 12907
inhibitory control & attentional deficits, hyperactive vs normal males with mean age of 9.3 vs 14.2 yrs, 12997
knowledge of normal development & developmental disabilities & comfort in discussing epilepsy vs mental retardation vs hyperactivity, parents & pediatric residents, 3502
length of Y chromosome & psychiatric symptom severity & hyperactivity & parental psychopathology & alcoholism, child psychiatric inpatients & 7–15 yr old inpatients, 10400
level of student hyperactive behavior, perceptions of teacher acceptance & demand, hyperactive males with mean age of 11.0 yrs, 6706
long-term outcome, adolescents & adults diagnosed as hyperactive during childhood, literature review, 13027
maternal stress & self esteem & age of hyperactive child, interaction with siblings, hyperactive males with mean age of 79.9 mo, 5992
meta-analysis of B. F. Feingold's hypothesis, diet modification treatment for hyperactivity, 10687
methylphenidate, attention tasks & perseveration, hyperactive 7.5–11.3 yr olds, 1636
methylphenidate, decrease in motor cortex & increase in subcortical & cerebellar & thalamic & reticular formation glucose metabolism, male rats, implications for pharmacological action in attention deficit disorders, 3938
methylphenidate dosage, heart rate & finger temperature & electrodermal resistance & motor activity & serial RT & impulsive errors, hyperactive 5.9–12.5 yr olds with attention deficit disorder, 1668
methylphenidate dosage, visual EPs during active attention vs passive observing task, hyperactive 7–13 yr olds, 10842
methylphenidate, interpersonal speech patterns, hyperactive males with mean age of 9.2 yrs & their mothers, 3936
minor physical anomalies & obstetrical complications, hyperactive vs psychoneurotic 5–12 yr old males & their families, 10579
operant &/vs modified cognitive behavior modification procedures, on-task behavior, hyperactive learning disabled 7 yr old male, 11274
parent reports & laboratory behavioral observations & cognitive tasks, assessment of hyperactivity & behavior problems, parent-referred 2–3 yr olds, 3690
peer rated popularity & rejection, successful identification of male classmates' hyperactive & aggressive behaviors, preschool students, 4327
pemoline combined with lithium, improvement, 18 yr old with attention deficit disorder & hyperactivity, 13271
physiological correlates of conduct problems & anxiety, hyperactive & learning disabled children with mean age of 10 yrs, 5702
postnatal severe anoxia, motor activity, rats, implications for biochemical & pharmacological basis of hyperactivity, 12207
ratings of children's activity level & symptomatic behaviors, mothers of preschool age children with behavior problems including hyperactivity, 3691
relaxed wakefulness with vs without Jendraissik maneuver, secondary facilitation in recovery function of Hoffmann's reflex, male hyperkinetic 8–12 yr olds, 6015
reward expectations & values & motivations, depressed vs hyperactive children, 10319
sodium valproate vs biperiden, neuroleptic induced akathisia & parkinsonism & hyperkinetic movements, psychiatric patients with mean age of 37 yrs, 13279
stimulant drugs, academic achievement, hyperactive &/vs learning disabled children, literature review, 8561
symptom pervasiveness, biological & psychological & behavioral variables, kindergarten-aged children with hyperactivity, 13006
teacher & peer & self perceptions of males meeting criteria for attention deficit with vs without hyperactivity, 2nd–4th grade teachers & students, 4350
time of day, classroom behavior & problem solving performance fluctuations, intermediate-level attention deficit students with hyperkinesis, 13666
traditional literature review vs meta-analysis, evaluation of effectiveness of stimulant drug therapy, hyperactive children, 8584
treatment of childhood hyperactivity, family physicians vs general practitioners vs pediatricians, 10659
validity of Personality Inventory for Children, prediction of response to methylphenidate, hyperactive 5–15 yr olds, 9387

Hyperphagia
lesions of ventromedial hypothalamus, hyperphagia & role of hyperinsulinemia, chickens, 12239
structural family therapy & directive individual psychotherapy, hyperphagia, 20–24 yr old females, 13137

Hypersensitivity (Immunologic) [See Immunologic Disorders]

Hypersexuality
cyproterone acetate, pathological hypersexuality, adults, 13285
electrical limbic stimulation & testosterone & amphetamine & apomorphine & haloperidol, sexual drive, adult male cats, 9712
medroxyprogesterone acetate, hypersexuality, 25 yr old pedophiliac male sex offender, 13273
modern perspectives on etiology & behavior patterns in nymphomania, females, 5599
pharmacological treatment, hypersexual patients & sexual offenses, 13297

Hypertension [See Also Essential Hypertension]
alpha-methylDOPA, blood pressure & heart rate following fear conditioning, spontaneously hypertensive rats, 7603
alphamethyldopa, depression, hypertensive patients with mean age of 61.9 yrs, 6246
arterial pressure & applied cuff pressure, perception & discrimination of arterial pulsations, normotensive college students, implications for behavioral treatment of hypertension, 3933
biofeedback & relaxation, high blood pressure, patients with mean age of 46.1 yrs, 6-mo followup, 13243
captopril, exaggerated salt appetite, spontaneously hypertensive rat, 640
churches as high blood pressure control centers, Black communities, 1701
circadian rhythmicity of adrenoceptor binding in brain, WKY vs spontaneously hypertensive rats, 12128

circadian rhythms, motor activity & corticosterone levels, hypertensive rats, 5116
clonidine, hypertension & withdrawal from methadone, 35 yr old Vietnam veteran, 6238
company sponsored intervention program, reduction of controllable risk factors of smoking & hypertension & obesity, employees at risk for coronary heart disease, 8635
content analysis, nursing interventions in hypertension education program, 10703
disclosure of personal concerns, borderline & hypertensive 17–78 yr olds, implications for coping styles, 8286
epidemiology of hypertension, rural vs urban Zulus, South Africa, 3754
heart rate & systolic & diastolic blood pressure during rest vs stress, 18–27 yr old sons of hypertensive vs normotensive parents, 519
home use of tape recorded progressive muscle relaxation exercise, tension headaches or chronic anxiety or borderline labile hypertension, male veterans, 3932
hypertension & neurological deficits, spontaneous intracerebral hemorrhage, 12–94 yr old patients, 13030
hypertensive disease & DSM-III diagnoses of depression, psychiatric outpatients, 12853
iv & icv crinia-angiotensin II vs angiotensin II, water intake & hypertension, pigeons & male rats, 3008
job satisfaction & development of psychological & physiological disorders & burnout, air traffic controllers, treatment implications, 11431
lysine vasopressin vs oxytocin, ACTH & corticosterone response to sound stress, female diabetes insipidus vs spontaneously hypertensive rats, 2927
multiple risk factor intervention, reduction of smoking & hypertension & serum cholesterol, 35–57 yr old males at risk for coronary heart disease, 8613
number & focus of meetings & patient participation & emphasis on negative consequences of uncontrolled hypertension in health education program, knowledge & attitudes & compliance & blood pressure, hypertensive patients, 6017
pargyline treatment for concurrent depression & hypertension, manic psychosis, 47 yr old male, 8560
personality & physiological response to verbal & acoustic & color stimuli, male duodenal ulcer vs hypertension patients, implications for identification of persons at risk, 1384
prompting strategies, appointment compliance, hypertensive 15–87 yr old mental health center clients, 6219
randomized response technique, estimation of alcohol consumption & drug therapy compliance, hypertensive patients, 2392
role of behavioral scientists, multiple risk factor intervention & hypertension prevention trials, 10700
sexual functioning & type of & compliance with drug regimen & health beliefs, hypertensive 20–65 yr olds, 1673
stress due to physical restraint & high salt diet, basal heart rate, hypertension sensitive vs resistant rats, 5044
stressful stimulation, recovery from stress & response stereotyping, patients with rheumatoid arthritis vs essential hypertension vs migraine headache vs tension headache, 8273
systolic hypertension program, feasibility of conducting clinical trials of effects of treatment, Ss over age 60, 8384
Type A behavior & social desirability & introversion, 17–39 yr old males with elevated systolic blood pressure, 8294

Hyperthermia
general anesthesia & neuroleptic malignant syndrome following neuroleptic therapy, 49 yr old with psychotic depressive syndrome, 8571

Hyperthyroidism
psychopathology & personality characteristics, 21–40 yr old patients with treated vs untreated hyperthyroidism, 6023

Hyperventilation
breathing & relaxation therapy vs hyperventilation provocation vs drug therapy vs treatment of causal factors, hyperventilation, 6079
visual EPs at rest vs during hyperventilation, 13–26 yr old anorexics, 12990
war in infancy, anxiety & subsequent chronic hyperventilation, males vs females, 8347

Hypnoanalysis [See Hypnotherapy]

Hypnosis [See Also Autohypnosis]
anticipation of hypnotic vs learned relaxation, baseline muscle tension, male college students, 7101
auditory vigilance during hypnosis, college students, 7216
comparison of research methods & results & underlying mechanisms, hypnotic vs nonhypnotic instructed forgetting, discussion of article by R. E. Geiselman et al, 7190
cortical evoked response audiometry under hypnosis &/vs induced muscular tension, normal hearing 25–35 yr olds, 7378
fantasy relaxation technique with hypnotic elements & audio-recordings, test anxiety, male college students, 3910
Freudian concept of unconscious vs hypnotic dissociation, 3448
hidden observer phenomenon in hypnosis, reply to critique by J. R. Laurence et al, 2678
hidden observer phenomenon in hypnosis as laboratory artifact, reevaluation of N. P. Spanos & E. C. Hewitt's study, 2676
hypnosis & hypnotherapy, literature review, 3969
hypnosis as anesthetic, 18 yr old male surgery patient, 8615
hypnosis, cancer prevention, at risk population, 10880
hypnosis, control of subconscious & mobilization of physical & intellectual & psychophysiological reserves, 11928
hypnosis, facial recognition, hypnotically susceptible college students, 2679
hypnosis, physiological & psychological side effects of cancer therapy, 10916
hypnotic induction of limb anesthesia, prism-induced visual displacement aftereffect, college students, 4847
hypnotic procedures based on W. Kroger's abstract conditioning, personality dimensions, 11922
hypnotic revivification of seizures, EEG patterns, 60 yr old male, 7214
hypnotic suggestion with conflicting communication, response to suggestion, college students, 11927
hypnotic susceptibility & demand characteristics of test situation, hypnotic dissociation & duality in age regression, college students, 4977
hypnotic susceptibility, right hemisphere alpha rhythm, adult Ss, 9648
hypnotically induced amnesia, interference with other memory information, college students, 2645
intentional & incidental learning & instruction to forget, encoding & retrieval processes, college students, implications for understanding of posthypnotic amnesia, literature review, 7185
poetic techniques, trance induction potency of poems, 3131
positive-involving posthypnotic suggestion, performance on rotary pursuit task, hypnotized vs awake college students, 2562
problems with use of hypnosis, murder suspect, 1029
properties & functions of interpersonal space & type of hypnosis, hypnotic induction, 9532
rational stage-directed hypnotherapy vs cognitive behavior approach vs hypnosis vs placebo, modification of irrational ideas & test anxiety, 16–21 yr old female nursing students, 8589
real vs simulated hypnosis, hypnotist's interaction with Ss, college students, 9535
skill vs trance induction procedure & expectancies & E modeling, hypnotic responsivity & depth, college students, 4975
somnambulistic hypnotic state, heightened suggestibility & paranormal capabilities, 11
use of confusion & trance in Gestalt therapy, 6148
use of hypnosis in legal testimony, 5579
waking vs hypnotic instruction, accurate vs distorted memory, Ss with high vs low hypnotic suggestibility, 11931

Hypnotherapy
adjunctive hypnotic techniques, families with hemophiliac member, 3972
behavior therapy & hypnosis & psychodynamic psychotherapy, pain relief, 41 yr old female with systemic lupus erythematosus, 8406
cognitive behavioral & hypnotherapeutic & modeling & psychotherapeutic techniques in psychological preparation, alleviation of fear & enhancement of recovery following invasive medical & dental procedures, literature review, 6051
deep muscle relaxation hypnosis, postchemotherapy nausea & emesis, cancer patients, 10890
electrosleep & electrohypnotherapy, symposium papers, 1677
etiology of behavior, hypnotherapeutic intervention, 3971
factors causing & clinical management of resistance to autohypnosis, patients with borderline ego organization & pathology, 3963
family & hypnotherapy, treatment of stress induced abdominal pain, 10 & 11 yr old males, 2 case reports, 1457
group hypnosis as in-depth treatment technique, female delinquents, 11037
hypnoanalysis, differentiation of primary vs secondary pain, 30–40 yr old chronic lower back pain patients for whom surgery was indicated, 8592
hypnoanalytic session in C. Dickens's "Christmas Carol", 7659

hypnoanalytic/behavior modification vs cotherapist/couples-type treatment, 18–36 yr old orgasmically dysfunctional females, 3808
hypnosis & awareness of God & treatment of depression & emotional illness, 1678
hypnosis & hypnotherapy, Australia, literature review, 3970
hypnosis & hypnotherapy, literature review, 3969
hypnosis in treatment of pain, literature review, 8594
hypnosis, modification of immune system, 22–85 yr olds, implications for cancer treatment, literature review, 10882
hypnosis scripts, weight control programs, 10892
hypnotherapy, agoraphobia, 3968
hypnotherapy, cancer patients, 10888
hypnotherapy, dental fear, 3965
hypnotherapy, dental phobia, 30 yr old female, 3964
hypnotherapy, female with hysterical paralysis, 1675
hypnotherapy, hysterical personality, 1680
hypnotherapy, lack of sexual desire, 23 yr old female, 1679
hypnotherapy, multiple personality, adult female caught embezzling, 1676
hypnotherapy, nail paring, female patient, 10879
hypnotherapy, treatment of depression & nausea caused by chemotherapy, 48 yr old cancer patient, 10887
hypnotherapy, trichotillomania, 14–35 yr old females, 10885
hypnotherapy vs relaxation therapy, cigarette smoking 17–56 yr olds, 4120
hypnotherapy, 30 yr old male exhibitionist, 8591
hypnotic desensitization, anticipatory nausea & vomiting, middle aged male undergoing chemotherapy for Hodgkin's disease, 10884
hypnotic imagery, pain, 27–54 yr old cancer patients, 10886
hypnotically induced dreams, treatment of retarded ejaculation, 33 yr old male, 10889
identification & utilization of personal resources, hypnotherapeutic treatment of enuresis, 12 yr old female, 10891
neuroleptic drugs with hypnotherapy, hospitalized anxiety patients with mean age of 42 yrs, 8358
pain as sensory indication of presence of life, 39 yr old male headache sufferer, implications for hypnoanalysis, 8593
personality correlates & pharmacotherapy & hypnotherapy, digestive diseases, 13037
problems with hypnotherapy, pediatric cancer patients, 10881
psychosocial & hypnotic interventions, pain management, 25 & 29 & 53 yr old female patients, 8588
rapid induction technique, hypnotherapy, 10893
rational stage-directed hypnotherapy vs cognitive behavior approach vs hypnosis vs placebo, modification of irrational ideas & test anxiety, 16–21 yr old female nursing students, 8589
relaxation & hypnotherapy through home use of audio cassette, 15–71 yr old tinnitus patients, 8590
resistance in hypnotherapy, borderline & narcissistic & psychotic patients, 8587
role of unconscious, implications for hypnotherapy, 3966
theological implications of hypnosis, 13301
transpersonal perspectives, clinical hypnotherapy, 3967
Hypnotic Drugs [See Also Amobarbital, Apomorphine, Chloral Hydrate, Codeine, Flurazepam, Glutethimide, Methaqualone, Nitrazepam, Pentobarbital, Phenobarbital]
brotizolam vs temazepam, insomnia, outpatients with mean age of 50 yrs, 10836
clinical features & treatment of poisoning due to psychotropic drug overdoses, literature review, 6037
development of tolerance to short elimination half-life benzodiazepine hypnotic drugs, early morning insomnia, humans, 13284
personality characteristics, sedative-hypnotic drug abusing 21–69 yr olds, 5860
problems with use of hypnotic drugs, treatment of insomnia, implications for development of new drugs, 6257
reasons for drug use & context of overdose & prior treatment experiences, sedative/hypnotic drug overdose patients, 8227
stimulant & tranquilizing drugs & sedatives & hypnotics, vigilance & RT & verbal memory, literature review, 9826
triazolam vs flurazepam, sleep & daytime sleepiness & performance & mood, 64–79 yr old insomniacs, 3941
triazolam vs nitrazepam, sleep, 18–60 yr olds with sleep disturbances, 13274
Hypnotic Susceptibility
EMG biofeedback & progressive relaxation training, hypnotic susceptibility, adults, 8530
hemispheric specificity during lateralized tasks, hypnotizability, adults with mean age of 25.6 yrs, 523
hypnotic responsiveness, childhood & adult memories & fantasies & psychic experiences, 19–63 yr old females, 2322
hypnotic susceptibility & demand characteristics of test situation, hypnotic dissociation & duality in age regression, college students, 4977
hypnotic susceptibility factors & mental imagery of visual scenes vs visual/kinesthetic actions, college students, 2557
hypnotic susceptibility, male college student heroin users, 3357
hypnotic susceptibility, right hemisphere alpha rhythm, adult Ss, 9648
hypnotic susceptibility, thermal regulation using biofeedback, college students, 12164
hypnotizability expectations, scores on hypnotic susceptibility scale, college students, 2677
hypnotizability, 21–59 yr old females with snake or spider or rat phobias, 12815
real vs simulated hypnosis, hypnotist's interaction with Ss, college students, 9535
waking vs hypnotic instruction, accurate vs distorted memory, Ss with high vs low hypnotic suggestibility, 11931
Hypochondriasis
classification of delusional hypochondriacal states, schizophrenics, 8163
evaluative situations, self report of physical symptoms & illness, hypochondriacal college students, 12740
hypochondria as psychotic reaction during transference, 39 yr old female, 13138
item level & subscale analyses, Hypochondriasis & Depression & Hysteria & Defensiveness scales of MMPI, chronic pain patients with mean age of 44.1 yrs, 7074
marital relations & sexual dysfunction & spouse emotional illness, patients with hypochondriasis vs chronic pain vs obesity vs myocardial infarction, 12760
patient & illness characteristics, prognosis for treatment outcome, 17–60 yr olds with hypochondriacal neurosis, 10604
polysurgery, 20 yr old female, 5701
psychodynamics & cognitive misinterpretation of bodily sensations & somatic symptoms & socially learned illness behavior, hypochondriasis, literature review, 1329
staff evaluation of mental status & hypochondriasis & depression, 50–95 yr olds at day care center for frail &/or impaired elderly, 8663
Hypogastric Plexus [See Autonomic Ganglia]
Hypoglossal Nerve [See Cranial Nerves]
Hypoglycemia
carbohydrate intake, hypoglycemia & appetite & hunger & obesity, humans & rats, literature review, 1364
hypoglycemia, carbohydrate appetite, criticism of P. J. Geiselman & D. Novin's hypothesis, 1426
hypoglycemia, prolactin response, acutely depressed 16–65 yr olds, 5765
understanding of hypoglycemia & hyperglycemia, 9–22 yr olds with insulin dependent diabetes & their parents, 13010
Hypogonadism [See Turners Syndrome]
Hypomania
chronic hypomanic states formed within acquired cyclothymia, patients, 1194
hypomania, middle aged female with brain damage from attempted suicide, 1434
hypomanic symptoms following desipramine withdrawal, 18 & 50 yr old males, 6273
methadone, prolactin & cortisol secretions & euphoria & elation & grandiosity, 21–47 yr old acutely manic males, 1646
morphine sulfate vs lactose & beta-endorphin infusion, locomotor response & switch from hyporesponsiveness to hyperresponsiveness, male rats, model for onset of depression & mania in bipolar affective disorder, 691
slow progressing schizophrenia characterized by depressive disorder & chronic hypomania, patients, 8145
Hypophysectomy
hypophysectomy, conditioned taste aversion following lithium chloride vs ionizing radiation, rats, 12235
hypophysectomy, suckling-induced prolactin release & maternal aggression, parturient mice, 5179
inescapable shock & hypophysectomy & dexamethasone, long term analgesia & shuttlebox escape deficit, male albino rats, 555
Hypopituitarism
hormonal replacement therapy & antidepressants & cognitive behavior therapy, depression accompanying panhypopituitarism, 45 yr old male, 8390

Hypotension
graded exposure to anxiety-evoking stimuli, fainting & vasovagal syncope with hypotension & bradycardia, 22 & 37 yr old male patients, 10789
Hypothalamo Hypophyseal System
deafferentation of medial basal hypothalamus, habituation & acquisition & retention & extinction in escape & avoidance & operant food conditioning, male rats, 12236
hypothalamic distributions of cholinergic & adrenergic systems having pituitary-adrenal control functions, male rats, 7430
vasopressin receptor antagonist 1-deaminopenicillamine, 2-(O-methyl) tyrosine arginine-vasopressin, stress induced ACTH & corticosterone release, male rats, 12306
Hypothalamus [See Also Hypothalamo Hypophyseal System]
acute vs chronic cold stress, dopamine-beta-hydroxylase activity in locus ceruleus & anterior & posterior hypothalamus, male rats, 542
afferent pathways to hypothalamus area controlling cardiovascular responses accompanying emotions, male baboons, 2819
amygdala electrical stimulation, 2-deoxyglucose uptake in hypothalamus & subcortical structures, male rats, 2958
castration & chlorpromazine, open synapses in arcuate nucleus of hypothalamus, male rats, 12194
corticotropin-releasing factor & dynorphin-(1-8), evidence for multiple bioactive substances in single neurons, rat hypothalamus neurons, implications for neuroendocrine system mediation of stress responses, 5089
cross-immunoreactivity of brain alpha-bungarotoxin binding sites with peripheral anti-acetylcholine receptor poly- & monoclonal antibodies, rats, implications for hypothalamic mediation of ingestive behavior, 9654
discriminant analysis of localization of electrodes in hypothalamus to induce fights, male rats, 7527
electrical stimulation of hypothalamus & nucleus locus ceruleus & dorsal & median raphe nuclei, acquisition & extinction of operant task, rats, 5172
electron microscopic autoradiographic analysis of spatial & local organization of connections between visual cortex & hypothalamus, cats, 7415
entromedial hypothalamic lesions, role of sensory vs postingestive properties of quinine on food intake, male rats, 9757
estrogen pellets in left vs right hypothalamus, behavioral & hormonal sexual differentiation, female rats, 672
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
hypothalamic chlorpromazine vs chlordiazepoxide vs tricyclic antidepressants vs atropine vs norepinephrine vs serotonin, antimuricide & catalepsy & cortical EEG, male rats, 12273
hypothalamic electrical stimulation, latency of sensorimotor cortex single unit activity during eyeblink conditioning, awake cats, 12222
hypothalamic injection of levorphanol vs dextrorphan vs codeine vs ketocyclazocine vs phencyclidine, food intake, male rats, 3095
hypothalamic stimulation prior to CS-UCS pairing, rate of acquisition of eyeblink CR, cats, 12215
hypothalamic-pituitary-adrenal axis function, depressed alcoholic patients with mean age of 37 yrs, implications for usefulness as marker for endogenous depression, 5724
hypothalamic-pituitary-adrenal axis, 19–70 yr old alcoholics, 10463
ip apomorphine & clonidine or 5-methoxy-NN-dimethyltryptamine, approach & escape reactions induced by hypothalamus or mesencephalic central gray stimulation, BALB/c vs DBA/2 mice, 2909
ip vs icv vs iv thyrotropin releasing hormone vs its analog DN-1417, pentobarbital-induced sleep, male rats pretreated with icv vs intrahypothalamic atropine methyl bromide, 3056
iv phenoxybenzamine vs phentolamine vs yohimbine, heart rate deceleration induced by hypothalamic electrical stimulation, rabbits, 7582
lesions of sexually dimorphic nucleus of preoptic area, sexual behavior, male rats, 7541
lesions of ventromedial hypothalamus, hyperphagia & role of hyperinsulinemia, chickens, 12239
location of sexual center in basomedial tuber cinereum, treatment of sexual disorders, 467
luteinizing hormone response to progesterone & estrogen responsiveness of progestin receptor induction in pituitary gland & preoptic-hypothalamic brain & uterus, neonatally estrogenized female rats, 5206
MIF-1 hypothalamic tripeptide vs naloxone, antagonism of leucine-enkephalin cardiovascular effects, dogs, 3083
morphine, release of cholecystokinin & neurotensin & substance P from hypothalamus, cats, 667
morphine, reward facilitation for shuttlebox self stimulation of various brain sites at threshold vs suprathreshold current levels, rats, 9765
naloxone, feeding induced by hypothalamic stimulation, male rats, 7569
neuronal structure in preoptic area of brain, prepubertal male vs female macaque monkeys, implications for reproductive physiology & behavior, 5055
neurotensin injection into paraventricular hypothalamus, suppression of food intake, rats, 9860
norepinephrine &/vs electrical brain stimulation, food intake, male rats, 12187
noxious radiant heating of hindfoot skin, inhibition of dorsal horn responses by medial preoptic & septal stimulation, cats, 434
palatable food reward, hypothalamic opiate binding & concentrations of beta-endorphin vs dynorphin, male rats, 12084
passive avoidance behavior, arginine-vasopressin levels in hypothalamic & extrahypothalamic nuclei, male rats, implications for memory, 9644
peripheral pimozide vs nucleus accumbens alpha-flupenthixol, lateral hypothalamic self stimulation using reward summation function technique, male rats, 12320
physiological stress, ir-dynorphin levels in cortex & hypothalamus, rats, implications for physiological role of dynorphin in appetite & temperature regulation, 7502
pimozide, runway & Skinner box performance rewarded with electrical stimulation of medial forebrain bundle in hypothalamus, male rats, 3025
presentation of aversive taste vs medial forebrain bundle rewarding stimulation as CS, unit activity in gustatory cortex & amygdala & hypothalamus, rats with conditioned taste avoidance, 9625
role of peripeduncular-hypothalamic pathways, lordosis, female rats, 5079
role of suprachiasmatic nucleus as circadian rhythm pacemaker, literature review, 5082
strength-duration characteristics, reward-related neurons electrically stimulated in lateral hypothalamus & ventral periaqueductal gray, rats, 576
suprachiasmatic nuclei symmetrical innervation by retinohypothalamic tract, entrainment of circadian rhythms, blinded male rats & hamsters, 2992
testosterone, electrically induced medial preoptic/anterior hypothalamic & arcuate/median eminence & medial forebrain bundle neuronal responses, intact vs castrated male rats, gonadotropin release & sexual behavior implications, 9729
testosterone propionate, ejaculatory response & penile reflexes & hypothalamic preoptic area androgen receptors, female rats, 5249
testosterone propionate vs estradiol, neuronal response in lateral hypothalamus, male rats, 3066
unilateral forebrain ablation, ipsilateral hypothalamic stimulation reward, male rats, 2991
unilateral vs bilateral temporal lobectomy &/or stress induced by physical confinement, neurosecretion in hypothalamus, male rats, 9747
vasopressin, firing rate of hippocampal & hypothalamic neurons, normal vs Brattleboro rats, literature review, 3015
Hypothalamus Lesions
bilateral lesions of ventrolateral geniculate nuclei & optic tracts vs unilateral suprachiasmatic nuclei with vs without blinding, entrainment of circadian rhythms, male rats, 2971
deafferentation of medial basal hypothalamus, habituation & acquisition & retention & extinction in escape & avoidance & operant food conditioning, male rats, 12236
entromedial hypothalamic lesions, role of sensory vs postingestive properties of quinine on food intake, male rats, 9757
feeding schedules, circadian rhythms, male rats with suprachiasmatic nucleus lesions, 7553
hypothalamic lesions, lordosis, female rats, 5180
iv noradrenaline & dopamine, food intake, male rats with lateral hypothalamic lesions, 9754
large vs small lesions of substantia nigra with vs without lesions of medial preoptic area, maternal behavior, rats, 2986
lesions in medial preoptic area, effect of testosterone stimulation on scent marking & sexual behavior, castrated male gerbils, 605
lesions of medial hypothalamus vs accumbens nucleus, mouse killing behavior, male rats, 2962
lesions of ventromedial hypothalamus, hyperphagia & role of hyperinsulinemia, chickens, 12239
meal feeding vs free feeding schedule & subsequent blindness vs suprachiasmatic nucleus lesions, water intake, male rats, 7550

medial preoptic hypothalamus anterior lesions, aggressive & sexual & mouse-killing behavior, male rats, 2966
sagittal cuts in near vs far lateral preoptic area-hypothalamus, ultrasonic vocalizations, female hamsters, 598
septal vs suprachiasmatic vs ventromedial hypothalamic lesions, anticipatory activities preceding food delivery under restricted feeding schedule, male rats, 593
suprachiasmatic nucleus lesions, circadian feeding rhythm & food intake, male rats, 5176
unilateral electrolytic lesions of far lateral hypothalamic area, sensorimotor impairment & recovery & reappearance of impairment during aging, male rats, 2990
ventromedial hypothalamic lesions, development of conditioned taste aversion, lean vs obese rats, 2981
6-hydroxydopamine & bilateral radiofrequency lesions of medial hypothalamus, blockade of hypothalamic obesity, female rats, 5151
Hypothermia
brain site of neurotensin injection, hypothermia & pain threshold elevation & dopamine turnover, male rats, implications for etiology of schizophrenia, 9832
ethanol, body temperature & righting response, 8 vs 18 vs 28 mo old male mice, 5253
hypothermia, Q10 of auditory brain stem responses, rats, 2945
icv neurotensin, catalepsy & relationship with hypothermia, male mice, 9809
iv vs icv vs periaqueductal gray nicotine &/vs naltrexone, cardiac & respiratory rates & analgesia & miosis & hypothermia & restlessness & emesis, female beagles, 3043
life-threatening event vs familiar environment, hypothermia-induced retrograde amnesia, male rats, 2937
neurotensin & related peptides, hypothermia & pain sensitivity, mice & rats, 9801
pimozide vs domperidone pretreatment, hypothermia induced by apomorphine vs dopamine receptor agonist RDS-127, rats, 5184
prior pentobarbital-lithium chloride pairings, pentobarbital-induced hypothermia, male rats, 3093
strain differences, sensitivity & development of tolerance to hypothermic effects of ethanol & behavioral responses, inbred mice, 631
Hypothesis Testing
Bayesian inference as theoretical framework for hypothesis evaluation, literature review, 9254
cross-validation procedure, comparison of suitability of alternative models for covariance matrices, 9401
cumulative distributions of adjusted coefficient of determination derived from Monte Carlo simulation, evaluation of statistical significance of models developed by stepwise regression, 181
derivation of statistical hypotheses from scientific hypotheses, 7087
discriminant analysis vs hypothesis agglutination techniques vs conventional linear statistical procedures, diagnostic decision making, 6999
hypotheses & goals in sociological research, 20
hypothesis testing & confidence interval procedures for randomized response technique to reduce bias due to embarrassment in self report surveys, high school students, 2395
methods to approximate probability that population with largest mean will have largest sample mean in comparing normal distributions with unknown &/or unequal variances, 2551
misunderstandings attributed to hypothesis testing methodology, 71
multivariate generalization procedure, hypothesis testing of rated differential response patterns in multigroup pharmacological studies, 3080
philosophical logic & philosophy of mathematics & mind & psychological theory testing, review of posthumous publications of L. Wittgenstein, 6915
systematic scheme & decision aid for conducting 2-sample profile analysis with Hotelling's T squared & univariate tests, 9413
tests of significance vs Bayesian hypothesis testing, empirical research, 11754
theory formulation & testing in social science, 58
univariate classification procedure as alternative to traditional 2-group single response variable design, 2516
utility of reporting critical levels & p-values in psychological hypothesis testing, 7079
Hypothyroidism
levothyroxine, hearing improvement, sensorineural hearing impaired 61–92 yr old myxoedema patients, 13292
withdrawal of lithium & thioridazine therapy, disappearance of hypothyroidism & delirium, 55 yr old female, 1654
Hypoxia [See Anoxia].
Hysterectomy
hysterectomy, sexual receptivity & food intake & running wheel activity & lordosis & hypothalamic estrogen & progestin receptors, rats, 607
Hysteria [See Also Mass Hysteria]
Briquet's syndrome & hysteria, 8150
differential diagnosis of factitious disorders from hysteria or malingering, 10 & 12 yr old males & 13 yr old female, 10407
item level & subscale analyses, Hypochondriasis & Depression & Hysteria & Defensiveness scales of MMPI, chronic pain patients with mean age of 44.1 yrs, 7074
physiological disturbances, patients with neurosis vs phobia vs hysteria vs neurasthenia, 5797
serotonin & acetylcholine metabolism & MAO inhibition, patients with hysteria & neurosis & personality disturbances & psychopathy, 5817
therapist role, hysteria, female patients, 13198
Hysterical Color Blindness [See Color Blindness]
Hysterical Neurosis (Conversion) [See Conversion Neurosis]
Hysterical Neurosis (Dissociation) [See Dissociative Neurosis]
Hysterical Paralysis
physical therapy & exercises, obesity & coordination & anxiety & dependency & lack of socialization, 15 yr old male with hysterical paralysis, differential diagnosis implications, 4105
Hysterical Personality
diagnosis of hysteria, psychoanalytic & nonanalytic psychiatrists, literature review, 12825
historical discussion, hysterical personality, 8119
hypnotherapy, hysterical personality, 1680
obsessive vs hysteric personality traits, field dependence, college students, 5660
parricide themes & hysterical personality features as factors in G. Flaubert's epilepsy, comparison with life & work of F. M. Dostoevsky, 3741
personality & obsessional traits, Briquet's syndrome patients with mean age of 31.4 yrs & hysterical personality patients with mean age of 31.5 yrs, 10377
Iceland
changes in psychiatric services, suicide rate, inpatients vs former patients of University Hospital, Iceland, 6411
Id
Myth of Id in 20th century, 29
Ideal Self [See Self Concept]
Idealism
difficulty with heterosexual relations & idealism & magical/mystical world views & tendency toward denial as characteristics, 26–29 yr old Unification church members, 10125
historical context & nature & importance of psychology of J. F. Fries in criticism of I. Kant's idealism, 11536
Ideation [See Also Imagination]
algebraic structure of idea set, implications for knowledge acquisition, 290
demographic & personality characteristics, depression & suicidal ideation, 13–16 yr olds, 12793
hopelessness & depression & previous suicide attempts, suicidal ideation, outpatient alcoholics with mean age of 38 yrs, 10449
Identical Twins [See Monozygotic Twins]
Identification (Defense Mechanism)
expressed fears of & identification with animals, 5 yr olds, 10038
perceived age similarity & dying vs not dying patient, willingness to telephone or visit, Ss with mean age of 68.8 yrs, 10084
preferences for black vs white boxes & identification, Black vs White 5 yr olds, 5431
psychological depression & older age identification, Ss with mean age of 75.5 yrs, 10035
symbolization & identification with parental figures as defense process, conversion hysteria, discussion of cases described by Freud & J. Breuer, 3572
Identity (Ethnic) [See Ethnic Identity]
Identity (Personal) [See Self Concept]
Identity Crisis
brief psychodynamic psychotherapy, late adolescent developmental crisis involving separation individuation, college students, 6104
crisis of individuation, ulcerative colitis, children, 13089
family's role as social agent, identity development & identity crises, children, 7770
group psychotherapy, assistance with identity crisis of hospital discharge, adolescent psychiatric patients, 10767

psychosocial crisis resolution, insomnia, 60–89 yr olds & college students, examination of E. H. Erickson's developmental theory, 13090
structured time limited values clarification group, interaction & self awareness & identity crisis issues, high school students, 2166
Idiocy [See Mental Retardation]
Ileum [See Intestines]
Illinois Test Psycholinguist Abil
construct validity of primary abilities measured by Illinois Test of Psycholinguistic Abilities, learning disabled 7–10.3 yr olds, 4784
usefulness & validity & reliability of Illinois Test of Psycholinguistic Abilities in occupational & physical therapy, 7010
Illiteracy [See Literacy]
Illness (Physical) [See Disorders]
Illness Behavior
adjustment to multiple sclerosis, male vs female 8–50 yr old patients, 7-yr longitudinal study, 3685
advice by relative/friend vs police/employer/teacher/bystander, help seeking behavior after injury or sudden illness, patients, 8600
behavior therapy program, body weight & anorectic & neurotic behaviors & attitudes & endocrine variables, 13–29 yr old anorexia nervosa inpatients, followup study, 3914
chronic illness in self or sibling, goal setting behavior & family climate, 7–11 yr old asthmatics vs diabetics vs siblings of asthmatics vs healthy children from healthy families, 3716
conservation withdrawal & mental retardation & need for differential diagnosis, withdrawal & apathy & inactivity in medical & surgical patients, hospitalized 28 yr old male & 44 yr old female, 8084
construction & reliability & validity of UAB Pain Behavior Scale, chronic pain patients, 7062
demographic characteristics & lifestyle & illness role & degree & perception of disability & achievement of rehabilitation goals, coping behavior, chronically ill 18–65 yr olds, 8348
depression & anhedonia & illness behavior & pain estimate, patients with chronic facial & back pain, 13049
dimensions & typology of sick role & potential role of social work, chronically & terminally ill, review of evidence for classical Parsonian model, 3713
intercultural conflicts, noncompliance following renal transplantation, 12 yr old Turkish female, West Germany, 5958
parental modeling & reinforcement for illness, illness behavior, healthy Ss with mean age of 29 yrs, replication of I. D. Turkat's study with diabetics, 1443
psychodynamics & cognitive misinterpretation of bodily sensations & somatic symptoms & socially learned illness behavior, hypochondriasis, literature review, 1329
sex roles & illness orientation, utilization of medical services, male vs female 18–59 yr olds, 10908
social reinforcement & modification of type & dosage & time of medication, chronic pain, adults, 1671
sociology of medicine & illness as legitimized deviance, effects of religious affiliation & religiosity on decision making, physicians, 13442
stage in movement from independent to medically determined existence, conflict with nursing home staff, old-age nursing home residents, 4080
Illumination [See Also Photopic Stimulation]
acetylcholine, transfer of information about light-dark environment to hypothalamic-pituitary-gonadal axis, male hamsters, 5065
ambient illumination, detection of moving objects in peripheral vision, male miners using cap lamps, 9477
angle of view & character subtense & ambient & back light, reading accuracy of 4-digit liquid crystal display, 18–50 yr olds, 9184
approach lighting & variation in visible runway length, perception of approach angle in simulated night landing, 25–60 yr old pilots, 11455
background & illumination & length & size, distance perception, 22–24 yr old graduate students, 4862
change in illumination by masking part of eye to simulate night, shedding & assembly of photoreceptor membrane, locusts, 571
constant darkness, entrainment of circadian drinking & activity rhythms to various period lengths & to skeleton photoperiods, male rats vs hamsters, 12208
dark vergence & retinal eccentricity, binocular vergence responses, 19–28 yr olds, 4866
dark vs illuminated adaptation field & black vs white square preceded vs followed by flash of light, apparent size, college students & postgraduates, 2600
darkness vs illumination, horizontal eye position & corneo-retinal potential at electrooculographic registration of saccadic eye movements, humans, 7365
direct & reflected glare & flicker & ambient & video luminance & video polarity, discomfort while viewing CRT display, college students, 9182
food deprivation & FI food delivery schedule & light/dark cycle, iv self administration of acetaldehyde, male rats, 3059
illuminance & contrast & color saturation, detectability of instrumental visual display, implications for design of power plant control rooms, 9189
illumination & dextroamphetamine vs pentobarbital, response suppression, pigeons, 7591
illumination & stimulus pattern, optomotor response, weak-electric mormyrid fishes, 7226
illumination changes, contact with stiff vs soft inanimate surrogate mothers, infant male macaques, 355
incandescent &/vs near-ultraviolet illumination, wheel running, male mice, 565
information transmission in perceptual modality & illumination perception of body position, human Ss, 7117
interference & illumination, visual retention & duration of phenomenal image, 12–14 yr old males with vs without eidetic imagery with equivalent visual memory capacity, 7741
interpersonal distance & lighting level, eye-gaze discriminability & overestimation bias as measured by signal detection, graduate students, 1074
light-dark cycle, patterns of drinking water & ethanol, male mice, 9695
light-dark shift stress, cellular immune response & serum corticosterone & plasma-free fatty acids & blood glucose & peripheral leucocytes & adrenal gland & spleen weight, female rats, 2923
ontogenetic & diurnal changes, behavioral responses to light & pressure & gravity, crab larvae, 500
phosphorylation of rhodopsin in retinal rods, frogs, 12116
receptive field & electrophysiological response properties of lateral geniculate cells, dark-reared cats, 2925
red vs blue lighting, gambling & risk taking, 18–22 yr old card players, psychoanalytic theory & psychophysiological & choice shift implications, 1065
red vs level of white light illumination, navigation test performance, navigation school students, 9187
total darkness, use of echolocation, male harbor seal, 5032
VI reinforcement & minimum detectable luminance levels, stimulus discriminability & response bias, 7255
voluntary regulation of lighting in Skinner boxes, domestic fowl, 346
Illusion (Autokinetic) [See Autokinetic Illusion]
Illusions (Perception) [See Also Afterimage, Perceptual Aftereffect, Spatial Distortion]
amodal completion of moving patterns, alternating expansion & shrinkage of visual space, findings counter to G. Kanizsa's work, 11788
amodal completion with 3-dimensional objects, apparent surface, 11809
apparent motion of & distance between dots on CRT display, extent of visual momentum illusion, 4878
auditory fillers, perceived interval duration, 18–42 yr olds, implications for filled duration illusion, 11772
caloric-induced electronystagmus, assessment of critical illusions during flight, aircrew, 7141
convergence distance, dynamic wallpaper phenomenon, 11806
correlation between regularity of dot pattern & number of dots, subjective correlation & numerosity illusion, college students, 7127
development of Ponzo pattern without depth cue, adult Ss, 11815
direction of hand movements relative to body in haptic tracing of lengths, radial-tangential effect, college students, test of T. S. Wong's moments of inertia hypothesis, 11776
distance judgments in reduced vs structured viewing conditions before vs after induced phoria, college students, 11822
duration of simultaneously vs successively presented dots, filled duration illusion, 11804
estimation of length of line on vs perpendicular to axis, kindergartners, 3194
illusion of continuous motion under conditions of oscillatory motion, 216
induction of illusory motion in frontoparallel plane vs stereoscopic distance, male Os, 2589
information on line Poggendorff, occurrence of dot Poggendorff illusion, 17–43 yr olds, 11813

inspection time, assimilation vs contrast illusions, adults with 20/25 or better Shellen acuity, literature review, 7132
intensity & frequency of auditory sound, illusory changes in sound source with fixed vs free head position, college students, 249
loom-zoom visual subsystem for explaining paradoxical apparent size & distance of moon illusion & spiral aftereffect, 222
luminance, salience of diffuse- vs abrupt-edge illusory figure, humans, 9479
luminance-dependent visual latency, Hess effect & Pulfrich effect, female college students, 11828
objective & subjective experience & transference & illusion, stability of therapeutic frame, hospitalized borderline patients, 13383
optical illusion test, paranoid schizophrenics, 12814
perceived brightness for diffuse vs sharp-edged illusory circles & rings, human Os, 229
perceived depth of subjective vs objective contour patterns, humans, 9454
perceived length of obliques, magnitude of Zollner illusion, college students, 11789
simultaneous & successive Delboeuf illusions, college students, implications for theory of set, 11808
stimulus parameters, Morinaga misalignment illusion, college students, 4864
symptoms of space motion sickness & spatial illusions & countermeasures, cosmonauts, USSR, 4576
tachistoscopic presentation of Ponzo-like illusion to left vs right visual field, overestimation of line length, 12080
viewing through moving aperture, illusions in size perception & role of lateral geniculate & visual cortex, humans, 11797
visual field, increment thresholds at modified Hermann Grid intersections at photopic vs mesopic vs scotopic adaptation levels, human Os, 239
visual perception variables, apparent eccentricity of concentric arcs drawn in different sectors having same angular extent, 9482
visual phantom phenomena, comments on research by P. Tynan & R. Sekuler & C. R. Genter II & N. Weisstein & M. E. McCourt, 11799
Image (Body) [See Body Image]
Image (Retinal) [See Retinal Image]
Imagery [See Also Conceptual Imagery, Spatial Imagery]
affective imagery training, cognitive perceptions & attributions & aggressive behavior, angry & aggressive 8–11 yr olds, 6202
age of reading acquisition & imagability of nouns presented to left vs right hemifield, naming accuracy, adults, 5104
analysis of behavior rules & goal values & images, day care center staff, Italy, 13517
anxiety arousing vs reducing instructions, level of anxiety & kind & quality of images, 11916
categorical long term iconic memory & imagery, recall, 7192
conceptual analysis, mental imagery, 2637
content & length of cognitive pain-control strategy instructions, pain tolerance, college students, 7487
cross cultural differences, production of sound vs nonsound images on Sounds & Images, college students, US vs Hungary, 12722
development & construct & concurrent validities of scale to assess sense of identity, assessment of figural & mimetic & symbolic imagery, college students, 4736
evaluation of texts & text elements on semantic properties of concreteness & imagery & meaningfulness, 18–28 yr old trade school students, 2050
fantasy relaxation technique with hypnotic elements & audio-recordings, test anxiety, male college students, 3910
fear stress & fear imagery, psychophysiological reactions, college students with snake phobia vs public speaking anxiety, 12159
film ambiguity & emotional content, ongoing thought & imagery, college students, 9510
geometrical transformation of iconic material, temporal course of recognition, college students, 7198
high vs low imagery abilities & descriptive/narrative vs abstract material, reading time & memory, college students, 2616
historical background, mental imagery research, 2624
hypnotic susceptibility factors & mental imagery of visual scenes vs visual/kinesthetic actions, college students, 2557
iconic memory & backward masking & imagery, literature review, 4843
imagery & free association in psychoanalysis, client-therapist communication, 8430
imagery & learning, 9511
imagery ability, out-of-body experience & lucid dreams, college students in parapsychology & psychology courses, 11509
imagery elaboration through hook technique vs role rehearsal, recall of French article noun pairs, college students, 6595
imagery for chess-specific information, chess novices vs masters, 9503
imagery in learning & psychotherapy, 9495
imagery value of verbal stimuli, memory, 4941
imagery-concreteness of prose passages used in advance organizer studies, college students, 11215
in vivo with vs without imaginal exposure to snakes, fear enhancement, female college students, implications for H. J. Eysenck's vs W. C. Gordon et al's avoidance theories, 10798
instruction vs visual imagery vs education, instrument control performance, male technical vs academic high school students, 13787
instructions to imagine palatable food vs to decrease salivation vs placebo administration, salivation rate, college students, 530
instructions to use color in forming interactive image of word pairs, memory, college students, 7187
integration of psychodynamic & family systems theories & use of critical identity image, family therapy, 3882
internal vs external imagery, biceps EMG activity & ocular responses, male college students & faculty experienced vs inexperienced in weight lifting, replication of E. Jacobson & P. J. Lang's findings, 2886
ipsative variability in expression of achievement motivational imagery, reliability & validity of responses elicited by TAT, male college students, 137
level of recall & hypermnesia & level of processing & imagery, criticism of article by H. L. Roediger et al, 2646
matrix size, accuracy of locational representative in imagery, college students, implications concerning nature of imagery, 4899
mental imagery training, ESP functioning, volunteers, 2310
mental images of concealed objects, associative memory, college students, reply to J. M. Keenan & R. E. Moore's criticism, 11885
mental images, reading of technical drawings, 13732
mental rehearsal & visual literacy, implications for teaching, literature review, 2014
methodological analysis, mental rotation experiments, 2390
methodological issues, research on visual imagery & eye movements during wakefulness, literature review, 2638
modality of imagery, eye movements, college students, implications for R. Bandler & J. Grinder's theory, 9627
mythic imagery in J. Heller's Catch-22, 9905
neuropsychology of mental imagery, literature review, 9626
parental images & other factors, homosexuality, 28 yr old male homosexual, 8183
personal vs standard connotative images of word concepts & personality traits & social desirability, college students, 5665
physiological aspects & levels of abstraction in verbal & nonverbal representation & role in human thought, imagery, 9497
pictures vs nouns of high imagery, immediate vs 48 hr recall in verbal vs pictorial mode, college students, 7196
progressive relaxation & coping imagery & self instruction strategies, basketball performance, female players, 1602
progressive relaxation vs imagery with vs without tension release, sleep onset insomnia, 19–71 yr olds, 13264
relaxation & visualization & psychotherapy, seriously ill & terminal patients, 13153
relaxation imagery, pediatric cancer patients, 10883
relaxation-suggestion-imagery, increased internal locus of control, high school teachers, 11188
repeated presentation of sound stimuli, production of original verbal images, professionals, 12721
ridiculous imaged stories for linking word-list items, free recall, 43–56 yr olds with chronic organic amnesia, 8315
skill imagery, bilateral transfer of pursuit tracking, male high school students, 3203
structure & formation process of visual image, literature review, 2623
therapeutic use of spontaneous imagery, 10683
use of imagery in test construction & heuristic value of images evoked by free association personality assessment & development of educational programs to encourage independent thinking, 4787
validity of G. H. Betts's Questionnaire Upon Mental Imagery, prediction of affluence, 9329
verbal rehearsal vs visual imagery, reading comprehension, learning disabled children with mean age of 8.9 yrs, 10527
visual imagery & multimodal store model of R. C. Atkinson & R. M. Shiffrin, literature review, 2622
visual imagery, eye movements & hemispheric differences in alpha activity, college students, 7351
visual imagery, language & sociocultural education, 6633

visual imagery, memory, congenitally blind & sighted 7–12 & 19–40 yr olds, implications for A. Paivio's mobility-specific imagery hypothesis, 11909
visual imagery training, paired associate learning, 20 yr old male with sectioned corpus callosum, 13071
visual images & memory & imagination in rehabilitation, newly blinded Ss, 6465
visual vs auditory presentation, interference in acquisition of abstract vs concrete sentences, 18–27 vs 34–45 vs 62–76 yr old males vs females, implications for imagery vs mediational strategy, 10024
visualization of one's own death, psychological benefits, college students, 4296
"wise old man" therapeutic technique as modification of J. D. Stevens's imagery technique, 8429
Imagery (Conceptual) [See Conceptual Imagery]
Imagination
age & sex group norms, Creative Imagination Scale scores, 8–17 yr olds, 2449
age, ability to complete story, 4 vs 5 yr olds, 12458
analysis of flow of program segments & commercials, TV program "Fantasy Island", 9872
catathyme image experience, use of imagination in psychotherapy, 8439
developmental functions of pretend & sociodramatic play, children, 5329
EEG studies, psychophysiology of waking fantasy, literature review, 2848
fantasy life & media use of sex roles, college students, 9877
frequency & type of fantasy in maternal speech, mothers & their 12–27 mo olds, 976
history of research on social class & level of imaginative play, children, criticism of article by V. C. McLoyd, 5475
hypnotic responsiveness, childhood & adult memories & fantasies & psychic experiences, 19–63 yr old females, 2322
imaginative play & role of caregiver, development of oral language, preschool age children, 10028
imaginative play training, prosocial behavior & creativity, institutionalized 3–6.2 yr olds from deleterious home environments, 4085
methods to overcome ambiguity in solution of verbal problems requiring logic vs imagination, 7166
phenomenological perspective, imagination, 4902
pleasure &/vs pain & subjective distance & directedness & duration & imagination, emotions, 3478
psychoanalytic interpretation, myth of omnipotent servant, 11543
self as fantasy in psychoanalytic theory, 8014
SES & sociodramatic play, imagination & self concept & academic achievement, Black 10–11 yr olds, followup study, 9915
sexual fantasies, sexually distressed vs nondistressed adults over vs under 35 yrs of age, implications for sex therapy, 13228
social class & imaginative play, children, reply to articles by B. Sutton-Smith & P. K. Smith, 5449
structure of play objects, type of pretend play, Black & White low income 3.5 vs 5 yr olds, 7804
understanding of physical factors in depression, dreams & fantasies & menstrual pain, adolescent females, 13012
validity of Symbolic Play Test & levels of imagination shown during free play, language delayed vs normal 46–60 mo olds, 2475
visual images & memory & imagination in rehabilitation, newly blinded Ss, 6465
visualized imagination phenomenon, children & adolescents with borderline nervous/psychic disorders, 10390
Imbeciles [See Severely Mentally Retarded, Trainable Mentally Retarded]
Imbecility [See Mental Retardation]
Imipramine
behavior therapy with vs without imipramine vs supportive psychotherapy & imipramine, phobia, 21–45 yr olds, 6103
bubropion vs imipramine, antidepressant response & side effects, endogenously depressed 23–72 yr old outpatients, 10867
chronic desipramine, levels of normetanephrine & imipramine recognition sites & beta-adrenoceptors & norepinephrine-adenylate cyclase activity, rats, 12311
distal colon tone, prediction of antidepressant response to fenfluramine vs imipramine vs clomipramine, depressed outpatients, 10853
efficacy of clomipramine or imipramine, 23–65 yr olds with obsessive compulsive disorder, 6267
efficacy of psychotherapy & alprazolam vs imipramine, moderately to severely depressed 61–81 yr old outpatients, 1488
imipramine & desipramine binding as biochemical tools for study of depression, 5-HT & noradrenaline uptake, literature review, 12291
imipramine & mianserin, site & function of neural receptor recognition sites, literature review, 12243
imipramine & self-exposure homework & therapist-aided exposure vs relaxation, agoraphobia, patients, 6081
imipramine, agoraphobics with vs without panic attacks, comments on studies by C. M. Zitrin et al & I. M. Marks et al, 6265
imipramine, chronically bulimic 16–55 yr old females, 6279
imipramine or amitriptyline, clinical response, depressed 4–16 yr olds with cancer, 13294
imipramine therapy & dosage level, clinical response & remission, 7–12 yr olds with major depressive disorder, 1657
imipramine vs amitriptyline vs doxepin vs amphetamine vs chlorpromazine vs caffeine vs diazepam, transition from FR to FI schedule, male rats, 9819
imipramine vs amitriptyline with neuroleptic drugs, 19–61 yr olds with postpsychotic clinical depression, 6289
imipramine vs nortriptyline, loss of nocturnal penile tumescence, depressed males, 8580
imipramine with vs without physostigmine vs platform size, reversal of memory disruption caused by REM sleep deprivation, male rats, 2921
learned helplessness &/vs imipramine, neurochemical changes in serotonin & GABA release in neocortex & hippocampus & septum, male rats, 5245
lithium & prothiaden or lithium & mianserin & chlorpromazine, endogenous depression, 64 & 66 yr old males resistant to prothiaden or imipramine or phenelzine or lithium or mianserin or chlorpromazine, 10849
multiple crossover design, evaluation of clinical effects of imipramine, 30–63 yr old depressed outpatients, 4676
platelet 3H-imipramine binding, euthymic bipolar patients with mean age of 36.7 yrs, 1144
platelet 3H-imipramine binding, 21–83 yr old psychiatric patients & 27–81 yr old manic melancholic patients, 1190
psychodynamic vs cognitive-behavioral group therapy vs imipramine vs doxepin, depression, geriatric outpatients with mean age of 67 yrs, 1474
rolipram vs Ro-20-1724 vs ICI 63 197 vs imipramine, antagonism of reserpine-induced hypothermia & hypokinesia & yohimbine lethality as predictors of clinical antidepressant effectiveness, male mice, 12328
serotonin reduction by tryptophan-free diet & parachloroamphetamine, inhibition of muricidal behavior by imipramine vs desmethylimipramine vs amitriptyline, male rats, 3018
trazodone vs imipramine, treatment of depression, outpatients, 8559
tritiated imipramine binding in hippocampus & occipital cortex, depressed vs Alzheimer's disease patients with mean age of 78 yrs, 10412
Imitation (Learning)
acquisition criteria & model's statements & activity requested from Os, conservation learning when modeled judgments not supplemented with justifications, 5.9–7.5 yr olds, 9966
age & number of demonstrations, modeling of ladder-climbing performance, college students vs 4th–5th graders, 809
age & predictability of imitative & contraimitative responses by confederate, imitative behavior, kindergartners through 3rd graders, 3254
behavior modeling for supervisory & management training, 2245
behavior rehearsal &/vs self vs other modeling, grooming skills, 19–60 yr old mentally retarded females, 6224
classroom modeling with vs without fading or reinforcement, sentence responding, language deficient mentally retarded 10–13 yr olds, 2124
didactic instruction with vs without modeling & practice with feedback, intake interviewing skills, graduate students in rehabilitation counseling, 4181
effectiveness of written or videotape model &/vs role play practice, counselor trainees, 8861
efficacy of assertiveness training based on narrow vs broad definition of assertive behavior & modeling &/vs rehearsal with instructions, unassertive Ss, 6217
examination of hypotheses, facilitative effects of imitation on lexical acquisition, 1.3–2 yr olds, 9988
flooding vs instruction & modeling vs videotape feedback & discussion, public speaking problems, college students, 1597
imitation of adult facial gestures, 0.7–71 hr olds, 7688
live model vs doll vs photograph vs line drawings, ability to mimic & describe poses, 3–6 yr olds, 9982
mastery vs coping modeling, reduction of fear of dental treatment, 4–12 yr olds, 13247

modeling & instruction & behavior rehearsal in social skills training program, 35 yr old male homosexual, 8492
modeling of speech sounds, development of spoken language, deaf children, 6305
modeling, parenting & infant development, 29 yr old father & 26 yr old mother & 6 yr old son & 8 mo old daughter in treatment for son's behavior problems, 6169
models & self control & self reinforcement, learning not to drink, nondrinking 12–17 yr olds, 12502
parental modeling & reinforcement for illness, illness behavior, healthy Ss with mean age of 29 yrs, replication of I. D. Turkat's study with diabetics, 1443
participation & symbolic modeling & graduate exposure, reduction of fear of dentistry, 19–53 yr olds, 8499
perceived motivation for imitation by peer & attraction toward imitator, reactions to being imitated, 10–12 yr olds, 10089
perception of equity vs inequity & interesting vs dull task & helping vs nonhelping model, altruistic behavior, college students, 12636
Piagetian cognitive conflict vs social learning rule-consistent modeling, acquisition & transfer & retention of conservation, 1st graders, 5412
predictability of modeling vs contingent vs noncontingent vs consistent imitation by O, imitative behavior, 2nd graders, 3255
preschool program using discussion & role playing & social modeling, listening skills & perspective taking, 3–5 yr olds, 13556
presence of laughing vs nonlaughing model during reading of cartoon, laughter & ratings of humorousness, college students, 7955
presentation of model before vs during trials, performance on balance task, 7 vs 9 yr old males, 7707
programed instruction in mountain hiking safety, safety-related behavioral intentions & influence of social environment, military cadets, 2228
relationship to spontaneous performance & nonlinguistic context effects, language evaluation using elicited imitations, 2.6–3.7 yr olds, clinical implications, 5927
skill vs trance induction procedure & expectancies & E modeling, hypnotic responsivity & depth, college students, 4975
social behavioral stimuli, visual discriminative control, rats, 7238
symbolic altruistic models, sharing behavior, 3rd vs 6th graders, 10056
type of action modeled by mother vs unfamiliar female, imitation, 12 vs 17 vs 22 mo olds, 895
type of message & modeling, questioning behavior, nursery school & kindergarten students & 1st graders, 3176
urban vs rural & positive vs negative modeling, volunteering, college students, verification of theory of R. O. Hanson et al, 3412
variable vs constant practice &/vs modeling vs physical information mode, motor learning, right handed college students, 9435
visual discrimination & initiation of facial expressions, neonates, 7674
Immaturity (Emotional) [See Emotional Immaturity]
Immigrants [See Immigration]
Immigration
attitudes toward immigrant students, educators, England, 6575
attitudes toward immigration & assimilation into society, Chinese, US, 5509
attitudes toward Indo-Chinese immigrants, residents, US, 5519
British colonial policy allowing immigration of Chinese & Indians, present-day plural society, Malaysia, 5520
Christian church membership & rhetoric, sociocultural adjustment & ethnicity & identity & mental health, Chinese immigrants, 950
contacts with institutions in host country, Latin American political exiles, 12568
cultural assimilation & return to country of origin, immigrants, extension of M. M. Gordon's paradigm, 5503
cultural beliefs & attitudes toward health services & style of education & role of school health personnel, Southeast Asian refugee children, 13496
cultural bias of Test of Children's Learning Ability, assessment of learning ability & progress in English language, 7–8 yr old immigrants, Great Britain, 13698
epidemiology, mental disorders, children of Greek guest worker families, West Germany, 8166
folk healing practice, urban Greek immigrants, 13321
immigrant housing, Netherlands, 5496
immigration, mental health, Chinese, US, 5500
intermarriage, European-Oriental ethnic integration, Israel, 5514
job satisfaction, foreign industrial workers, West Germany, 2268
network analysis, study of assimilation & integration of immigrants, 4661
nursing, Indochinese refugees, 13315
personal losses & culture shock & patterns of acculturation & coping strategies, clinical manifestations of stress, Vietnamese refugees, 1126
premigration life situation & access to opportunities in new setting & status within ethnic group, achievement, migrants, India, 937
prevalence of health problems & treatment, Southeast Asian refugees, 8409
problems in medical treatment, West Indian immigrants, US, 10914
psychiatric prevention program, anomie, political refugees, South America, 13335
psycho-sociological analysis of transculturation & stages, Chilean exiles, 12585
psychological problems, Greek immigrants, Australia, 948
separation from family members & culture shock & adjustment difficulties, depression & anxiety & somatization, 13–73 yr old Southeast Asian refugees resettled in Canada, 1128
strong integration into own ethnic group, facilitation of social integration, foreigners, West Germany, 10127
verbal vs written components of bilingualism, academic achievement, 10.9–14.6 yr old Spanish immigrant 6th graders with normal vs failing school records vs 3rd–4th graders with school failures, France, 11230
Immunogens [See Antigens]
Immunoglobulins
chromosome complement & tuberculin & dinitrochlorobenzene response & immunoglobulin levels, patients with senile dementia vs functional psychiatric illness, 1381
immunoglobulin allotypes Gm & Km in etiology, chronic schizophrenic inpatients, 10415
serum immunoglobulin levels, institutionalized profoundly mentally retarded 7–18 yr olds, 8253
Immunologic Disorders [See Also Allergic Disorders, Allergic Skin Disorders, Food Allergies]
autoimmunity & disease course, schizophrenics maintained on long term neuroleptic therapy, 8131
behavioral conditioning, delayed hypersensitivity reaction to tuberculin, adults, 13260
hypnosis, modification of immune system, 22–85 yr olds, implications for cancer treatment, literature review, 10882
Immunology
chromosome complement & tuberculin & dinitrochlorobenzene response & immunoglobulin levels, patients with senile dementia vs functional psychiatric illness, 1381
CNS, regulation of immune response, literature review, 5067
hope & hopelessness, immune system function, 27–57 yr old in danger of imminent loss, 3767
hypnosis, modification of immune system, 22–85 yr olds, implications for cancer treatment, literature review, 10882
immune function of polymorphonuclear neutrophils, 22–42 yr old depressives, 12798
light-dark shift stress, cellular immune response & serum corticosterone & plasma-free fatty acids & blood glucose & peripheral leucocytes & adrenal gland & spleen weight, female rats, 2923
parasite resistance, evolution of plumage coloration, birds, criticism of W. D. Hamilton & M. Zuk's hypothesis, 2803
psychological events & immunology, literature review, 5143
psychosomatic treatment involving autogenic & relaxation training, skin allergic responses & immunologic reactions, patients with urticaria, implications for etiological role of emotional stress, 3859
separation from mother, cellular immune response, infant bonnet monkeys, 7461
Immunopathology [See Immunology]
Implosive Therapy
demographic characteristics & pretreatment level of depression & anxiety & reactivity & habituation, effectiveness of exposure & response prevention treatment, obsessive compulsives with mean age of 34 yrs, 1578
exposure & fear reduction, reply to criticism of T. L. Boyd & D. J. Levis, 1574
exposure as necessary condition for fear reduction & behavior change, criticism of work by P. de Silva & S. Rachman, 1564
exposure in vivo & social skills training & cognitive modification, psychogenic vomiting, 23 yr old male with social phobias, 13262
factors influencing outcome of flooding therapy, 8513
flooding vs instruction & modeling vs videotape feedback & discussion, public speaking problems, college students, 1597
in vivo exposure & response prevention, obsessive compulsive rituals & tics, 11 yr old female, 8547

in vivo with vs without imaginal exposure to snakes, fear enhancement, female college students, implications for H. J. Eysenck's vs W. C. Gordon et al's avoidance theories, 10798
Impotence
alloplastic genitourinary penile prostheses, erectile impotence, male patients, 4011
diagnosis & treatment, male impotence, 3675
imipramine vs nortriptyline, loss of nocturnal penile tumescence, depressed males, 8580
referral to sex therapy, acceptance of recommended treatment, impotent males, 3816
serum testosterone & prolactin levels, impotent males, 13079
sleep stages & efficiency & movement time, 24–60 yr old impotent males, implications of 1st night effect, 13036
symbolic experiences of creativity vs body oriented ego experiences, evolution of ego-ideal during psychoanalysis, sexually impotent males, 8427
zinc, sexual functioning, 39–63 yr old males on hemodialysis with uremic impotence, 10875
Impression Formation
automobile body styles, perceived characteristics of owners, 18–45 yr olds, 7976
cognitive complexity & construct system abstractness, listener-adaptive persuasive communication strategies, college student dyads, 3374
cognitive complexity in interpersonal relations & impressions formed of political figures, college students, 7975
competence vs incompetence & self effacing vs self enhancing attributions, likability & perceived competence & anxiety, college students, Hong Kong, 3405
congruency of situational vs dispositional item attribute with initial impression, recall of item, college students, 3410
ecological approach to studies of social & emotion perception & impression formation & causal attribution & comparison with cognitive approaches, literature review, 10271
ethnic stereotypes, impression formation of individuals, reply to criticism by A. Locksley et al, 3416
ethnic stereotypes, judgments of individuals, criticism of study by P. R. Grant & J. G. Holmes, 3420
event situation, generation of plausible causal attributions, college students, methodological implications, 12663
incongruity vs negativity hypothesis, accession of information in memory-based person judgments, college students, 4950
integrative vs abstract encoding of impressions, latency & accuracy in matching emotional tone vs physical characteristics of homogeneous vs mixed trait descriptions, college students, 3424
interaction with depressed individual, social response & willingness to share negative response, college students, implications for therapeutic concept of cognitive distortion, 12655
mothers' vs fathers' perceptions & relationship between former spouses & feelings toward each other, noncustodial father's involvement with children, ex-spouses, 12539
negative vs positive evaluation, perception of evaluator, college students, 12662
perception of unity vs distinctiveness, attraction, college students, 12672
performers' internal vs external attributions for performance success vs failure, impressions of performers' honesty & modesty & ability & likeability, college students, 10265
reward distribution & work inputs & sex of allocator & observer & situational context, evaluation of allocator, college students, 3429
Impression Management
attributional self presentation as actor vs O in success vs failure, college students, 5648
impression management & escalation of incidents involving aggression & violence, 18–65 yr old ex-mental patients & ex-criminal offenders & Ss from general population, 3596
impression management vs self image conflicts, reward allocation, college students, 3368
positive vs negative incentives, attraction for similar vs dissimilar other, college students, 12639
sex & time of day, entry into college cafeteria alone vs with others, college students, implications for self presentation strategies, 5687
Imprinting
Adler's concept of "Gegenspieler" & "Folgenspieler," learning process of imprinting & maturation into autonomy, implications for psychotherapeutic process, 8426
age & developmental level & caregiving history, attachment, 6–30 mo old polymatrically reared Gusii infants, Kenya, failure to find evidence for sensitive phase for imprinting in humans, 10079
brain homogenates from imprinted donor, imprinting, chickens, 3078
characteristics of auditory discrimination learning after hatching vs imprinting to visual stimuli, precocial & semiprecocial birds, literature review, 7221
imprinting stimulus as reinforcer, temporal pattern of operant responding, chicks, 5013
rearing with conspecifics vs imprinting stimuli & reduction in group size, distress calls, Peking ducklings, 7222
Impulsiveness
caffeine & impulsivity & task demands, visual search task, undergraduates, implications for arousal dimension common to caffeine consumption & body temperature, 7558
cognitive behavior modification, impulsive responding in Porteus Maze Test & Matching Familiar Figures Test, institutionalized aggressive impulsive 10–16 yr olds, 13236
critical analysis of theoretical foundations & empirical work, cognitive style dimension of impulsivity-reflection, literature review, 12744
impulsiveness & venturesomeness & empathy, male vs female 7–15 yr olds, Canada, 12496
impulsivity & caffeine, recognition memory performance, college students, 2643
inhibitory control & attentional deficits, hyperactive vs normal males with mean age of 9.3 vs 14.2 yrs, 12997
Matching Familiar Figures Test vs Eysenck Personality Questionnaire, impulsiveness measure, 16–58 yr olds, 7027
mother-child reflection-impulsivity & maternal teaching style, interaction during teaching/learning task, 2nd grade males & their mothers, 10153
PPVT & Columbia Mental Maturity Scale & Auditory Discrimination Test & WISC Digit Span subtest & WISC-R Verbal Comprehension Factor, academic achievement prediction, impulsive vs reflective 1st graders, 2170
reflection-impulsivity & personality measured by 16PF, cognitive functioning, 18–30 yr olds, 5651
reflectivity/impulsivity, usefulness of strategy training & transfer & metamemory scores, 2nd & 3rd graders, 5285
speed & accuracy of judgments on Kansas Reflection-Impulsivity Scale for Preschoolers & length discrimination task, 3.6–5 yr olds, implications for behavioral flexibility vs cognitive style, 9978
use of latency & errors as cues for inferring personality characteristics, reflective vs impulsive 5th graders, 882
Incarceration
age at commitment & history of drug use & type of offense & type of sentence, institutional misconduct, male prisoners, 11027
incarceration, academic achievement, learning disabled 12.1–17.2 yr old juvenile delinquents, 11023
incarceration of parent, coping, children & family members of inmates, 11026
incarceration, physical & mental health, 11042
overview, workshop on issues of local incarceration of mentally ill, implications for intervention, 6450
racial discrimination vs involvement in criminal activity, racial disproportionality in state prisons, US, 6446
social & cultural & political conditions, incarceration of criminals & mentally ill, 17th–19th century, 6413
strategy for change in correctional services for female offenders, Canada, 1836
Incentives [See Also Monetary Incentives]
alcohol, simultaneous incentive contrast, female rats, 5198
behavioral incentive systems with vs without back-up contingencies & feedback, points earned for job seeking behavior, 20–48 yr olds in job search program, 11354
classification of socially rewarding incentives & association with personality traits & age & sex differences, 10263
high vs low incentive & same vs shifted perspective, free recall of brief narrative, graduate & undergraduate students, 4962
incentive program, seat belt use when incentives were vs were not distributed & at 2-week followup, munitions plant employees with mean age of 45 yrs, 13701
information, cooperative behavior, pigeons, 2698
model, extension of incentive theory to concurrent chained reinforcement schedules, 335
motivational incentive strategy, seat belt usage, blue collar vs white collar workers, 11341
motivational incentives & achievement motivation, movement performance on combined tracking & acoustic & visual RT task, 16–23 yr olds, 3137

Incest
case management & legal & therapeutic issues in handling of child sexual abuse cases in juvenile court, families with sexually victimized children, 1031
childhood incest & parental alcoholism & parental child abuse, adult psychosexual adjustment, 24–59 yr old psychiatric patients, 1228
childhood sexuality & sexual abuse of children, review of monograph literature, 1978–82, 8178
community treatment programs, sexual abuse, children, 1742
counseling child rape victims, chaplains, 6379
educational treatment in open environment, incestuous brother & 18 yr old sister, 13098
epidemiological & demographic studies of hebephilia & pedophilia, literature review, 1236
family treatment, child sexual abuse, 1546
harmfulness & genetic consequences & clinical presentation, incest, 10475
historical view of childhood sexuality & child sexual abuse, literature review, 1269
identification & reporting & intervention, sexual child abuse, school psychologists, 1971
incest & client characteristics, 9–17 yr old inpatients with severe psychiatric problems, 10992
incest & development of hysterical seizures, 1123
incest, self injurious behavior, 7–38 yr old female paternal-incest victims, 5848
incidence of incest, adolescent females admitted to psychiatric hospital for emotional problems, 6420
interagency cooperation & volunteer support & self-help & humanistic therapy, Child Sexual Abuse Treatment Program of Santa Clara County, California incest victims & their families, 1729
negative aspects of criminal justice procedures in prosecution of child sex abuse cases, 1023
preoedipal mother-daughter relationship, postincest 26 yr old female in therapy, 1504
psychotherapeutic management, incest, 3845
reform of judicial procedures in prosecution of parent-child incest, 7920
sexual abuse & issues for social work, children, literature review, 1232
sexual abuse, children, literature review, 1231
social work & treatment & prevention of child sexual abuse, 1760
trauma levels, 3–18 vs 18–72 yr old female rape victims vs child incest victims, implications for sexual assault treatment programs, 3618
Incidental Learning [See Also Latent Learning]
alcohol intoxication, incidental orienting task & recall performance, male college student heavy social drinkers, implications for storage deficit, 7584
attention to background words, learning & memory of background & target words, college students, 4954
attention to context of verbal stimuli, learning of target words & incidental learning of background items & memory, college students, 4957
incidental pair rehearsal & rehearsal interval & expectation of interruption, recall & recognition & pair memory & associative learning, college students, 4955
incidental vs intentional learning, memory for structural vs variable features of places, college students, 11901
instructions to encode item &/vs its color &/vs spatial location, intentional & incidental memory, 1st & 3rd & 5th graders, 842
intentional & incidental learning & instruction to forget, encoding & retrieval processes, college students, implications for understanding of posthypnotic amnesia, literature review, 7185
metaphors in text, incidental learning, college students, 5268
prior information about speaker vs speaker location, incidental memory for speaker voice on tape recording of unrelated sentences, college students, 7186
semantic vs nonsemantic orienting task, false recognition of incidentally learned material, college students & staff, 11896
suggestions for organization of classroom for time management & promotion of incidental learning, 8996
trait vs distinctive feature incidental learning, RT & recall vs recognition memory for context, college students, 11897
Income (Economic)
control over family finances, spouses in 1-income families vs families with wife earning more vs less than 30% of total income, 12545
difficulty of vocational training & personal needs of male vs female, judgment of appropriate income, Ss with preference for equitarian vs egalitarian allocation, 7971
home care, social & emotional & financial stress & family life, families with infant to 22 yr old mentally handicapped children, Denmark, 1866
living with both vs 1 biological parent vs stepparent vs adoptive mother family & demographic characteristics, children, 7667
social pressures vs health status vs income, prediction of early retirement intentions, 46–66 yr old industrial workers, 13762
Income Level [See Also Lower Income Level, Middle Income Level, Upper Income Level]
command over family income & resources over time, single mothers, 7872
demographic characteristics & income maintenance mechanisms, widows, 5539
economic & educational & caretaking functioning, nontraditional families, 12540
economic well-being & crime behavior, ex-offenders, analysis of R. A. Berk & D. Rauma's study, 3615
perceived threat of economic inflation & family income, changes in economic behavior & life stress, college alumni, US, comparison with replication study conducted in Israel, 10103
sex role & age & type of employment & amount of work experience, earning power, females, 12599
structural equation method used to evaluate 6 models, fertility & education & tastes & income & labor force participation, wives, 2488
validity of G. H. Betts's Questionnaire Upon Mental Imagery, prediction of affluence, 9329
Incontinence (Fecal) [See Fecal Incontinence]
Incontinence (Urinary) [See Urinary Incontinence]
Independence (Personality)
Adler's concept of "Gegenspieler" & "Folgenspieler," learning process of imprinting & maturation into autonomy, implications for psychotherapeutic process, 8426
anxiety & extraversion & critical independence & sensitivity & shrewdness & inhibition, moderation of impact of psychological impact of life stress, college students, 1095
identity formation & level of autonomy & transference/countertransference, self determination & creativity & cooperation in therapy & decision about goals, females, 1520
independence- vs dependence-provoking situation, child's behavior, mothers & their 10–11 yr old sons vs other males, 12489
masculinity-femininity complementarity & views on attachment & autonomy, 21–45 yr old heterosexual & homosexual couples, 7931
parental autonomy-granting & self image disparity, college students, 8010
professional autonomy, senior nursing students from hospital diploma vs associate degree vs baccalaureate degree programs, 1933
prolonged status as student, emotional independence & sense of adequacy & self esteem & vocational maturity, 20 & 24–25 yr old students, 5427
sex & father's vs mother's control & influence, perceptions of family decision making & autonomy, 14–16 yr olds, Australia vs India vs US, 10-yr US followup study, 10160
unrestricted vs limited vs no access to car, daily life & time spent with friends & freedom from parental control & socially responsible behavior, teenage males, 5468
weight reduction program, independence, obese 12–17 yr olds, 10678
Independent Party (Political) [See Political Parties]
Independent Study [See Individualized Instruction]
Independent Variables
ANOVA 3-variable paradigm, control for nonrandom organismic variables in experimentation, 6971
children as independent variables, changes in behavior & cognitions & affect, adults, implications for child-effects in adult-child interactions, 10048
dissociation of shock-frequency reduction vs shock delay as independent variables, Sidman avoidance, 6948
measurement & design factors & dependent & independent variables & S & setting characteristics, self control research in classroom setting, learning &/or behavior handicapped students, literature review, 4381
perception of work in overall life pattern as additional outcome criterion in occupational interest inventories, 4470
India
actor oriented analysis, mistress-servant relations in urban Christian households, South India, 10120
alcohol-related arrests & convictions, juveniles & adults, US vs India, 1263
altitude & cultural factors, fecundity/fertility, high altitude Himalayan population, India, 12522

attitudes toward female participation in social activities & professions, urban vs rural teacher trainees, India, 3353
classroom environment, satisfaction, college students, India, 9032
development of conservation of number & mass & volume, rural vs urban 5–7 & 10–12 yr olds, India, 5341
development of Freudian psychoanalysis & its impact on psychology & psychiatry, India, 6945
direction of code switching in language, North India, 9897
explanations for poverty & comparison with British explanations, Hindu vs Moslem vs Christian vs Parsee college students, India, 12519
family & suicide patterns, India, 5853
governmental action projects for development & care & welfare, children, India, 10947
Hindu identity as comprising spiritual & social self, India, 7867
juvenile correctional institutions, India, 11038
juvenile justice system, India, 10199
need for improvement of educational status for improvement of social conditions, India, 927
organizational characteristics, supervisory-management relations, 21–60 yr old supervisors from manufacturing organization, India, 11394
parental authority & attitudes toward marriage & dowry, female college & graduate students, India, 10170
parental decision making patterns & conjugal conflict resolution techniques reported by offspring, middle-class urban high school students, India vs Ireland vs US, 10169
personality traits, deprived & undeprived 17–20 yr olds, India, 5684
personality traits, high vs low creative 13.2–15.5 yr olds, India, 5413
physical & mental characteristics & problems, aged, India, 12384
premigration life situation & access to opportunities in new setting & status within ethnic group, achievement, migrants, India, 937
reasons for job change, 26–30 yr old junior & middle level managers, India, 2247
reliability & validity, Purdue Creativity Test, mechanical engineering students, India, 6802
religion & caste & sex & social class, educational aspirations, college students, India, 2088
SES background & reasons for involvement in prostitution, 16–22 yr old female prostitutes, India, 10496
SES, Level I & Level II mental abilities, 6–7 vs 8–9 yr olds, India, implications for A. R. Jensen's theory, 12416
SES, movement patterns for purposes of medical treatment, rural village residents, India, 10915
sex & father's vs mother's control & influence, perceptions of family decision making & autonomy, 14–16 yr olds, Australia vs India vs US, 10-yr US followup study, 10160
social conditioning & sex roles, female criminality, India, literature review, 10489
social desirability responses, Bengalese tribal vs nontribal 30–40 yr olds, India, 5681
social identity reflected in evaluation of self & own group & outgroups, high caste Hindus vs scheduled castes vs Muslims, India, 3274
test anxiety, 7th graders & college students, Iran vs India vs US, 3252
therapist characteristics & Hindu beliefs, psychotherapeutic training, psychotherapists & psychiatrists, India, 11106
type of corporate ownership, motivational climate, industrial organizations, India, 11425
Indians (American) [See American Indians]
Indifference [See Apathy]
Individual Counseling [See Individual Psychotherapy]
Individual Differences
actual vs perceived situational conditions & individual reactions & age & sex & cross cultural differences, stress reactions, 11–18 yr olds, 10065
anodal polarization of parietal cortex, latent period of salivation as measure of individual characteristics of experimental Ss, dogs, 9763
anxiety arousing vs reducing instructions, level of anxiety & kind & quality of images, 11916
assessment of individual differences, control of intensity of sensory stimulation, 4858
benzodiazepines & zopiclone, physiological & subjective & cognitive & motor performance correlates of drug response & plasma concentrations, patients, 10831
chlordiazepoxide effects on exploration as measure of variability of response to benzodiazepines independent of motor activity, male rats, 9812
cognitive style & ability & aptitude & computer-managed mastery learning, individual differences in achievement & learning rate, US Navy trainees, 11356
construct validity of brain EPs, indicators of individual differences in cognitive style & ability & aptitudes, US Navy recruits, 12085
curriculum materials & media & books & teaching methods, acceptance of individual differences, handicapped & nonhandicapped students, 4366
development of individual strategies for coping with perceptual disturbances, elementary school students with learning problems, 9045
differences in self reported vs actual heart rate changes during stress, subsequent control of heart rate during feedback, 18–26 yr old males, 9707
elaborative strategy used during acquisition, learning speed, college students, implications for general theory of paired associate learning, 11907
excellence as personality variable, mediation between attitude toward & intention to enter master's program in business administration, new students, support for predictive effectiveness of multiattribute attitude model, 13612
eye dominance, individual differences in stereoscopic fusion, medical & dental students, 2599
fear & anger & joy factors, individual emotionality profiles, questionnaire respondents, 8042
field articulation, performance on semantic integration task with high-information load, college students, 272
FORTRAN IV program, sorting individual differences multidimensional scaling data, 4699
genetic vs role-model vs cohort vs sociocultural factors, intelligence & morality & eminence & leadership & life span & reign span, European hereditary monarchs, 5685
geographical dialect & general developmental processes & individual variability, acquisition of fricatives, 3 yr old monolingual Spanish-speaking children, 9963
geometric- vs schematic-picture analogies with vs without cues, individual differences in analogical reasoning strategies, college students, 2635
high vs low imagery abilities & descriptive/narrative vs abstract material, reading time & memory, college students, 2616
individual & age differences, suggestibility, preschoolers vs 1st graders, 5415
individual characteristics & school environment & workshop characteristics, utilization of knowledge, educational personnel, 4257
individual differences & attributional processes, organizational socialization, 11417
individual differences & information storage style, discrimination learning, college students, 2654
individual differences, coming-out process, 18–74 yr old homosexual males, 5601
individual differences in activation state & trait & reaction, male college students, 12149
individual differences in musical ability, accomplished musicians vs music students vs school children, 8036
individual differences in speech rates & pauses vs rates of other psychomotor acts, 18–30 yr olds, 7114
individual differences, information seeking, consumers, criticism of W. L. Moore & D. R. Lehmann's study, 11498
individual differences, information seeking, consumers, reply to N. K. Malhotra's criticism, 11496
individual differences, meanings attributed to survey response categories, college students, 6792
individual differences, preferences for particular stimulus matches to begin sequence, pigeons, 342
individual differences, spectrographic patterns of vocalized text & text writing, humans, implications for neural coordination of vocalization & handwriting, 449
individual patterns of locus of control attributions & psychosocial competence, members of religious congregations with mean age of 39 yrs, 8038
individual responses, nest moving behavior, ants, 5027
individual variation, chromatic Stiles-Crawford II effect, normal Os vs dichromats, 1348
individual variation, color discrimination & potential role of mechanisms at photopigment vs opponent-process neural level, normal vs color deficient Ss, 1378
individual variation in color vision as measured psychometrically & by cone pigment absorbance, squirrel monkeys, 454
individual variation in mating success, evolution of sexual dimorphism, red-winged blackbirds, 12051

individual variation, increment-threshold spectral sensitivity, squirrel monkeys, 9541
interindividual differences, habituation of electrodermal responses, 18–29 yr old males, measurement implications, 7447
interpersonal dynamics & individual differences, frequency & nature of games & conflicts, dyads of females from 22 to 25 mo old, 7812
language fostering experiences & race & social class differences & preschool deficiencies in language skills & achievement vs demand, opportunities for language & personality development, infants & preschoolers, 5306
life span developmental framework, variations in stress, adolescents, 7762
mean length of utterances & morphology comprehension & PPVT scores, assessment of language abilities, 20 mo olds, 9949
methodological & conceptual problems in research on interactions between attributes & treatment, 11644
multivariate observational data & lack of independence between behaviors & group vs individual differences, methods of data analysis in social & behavioral research, 2541
nonshared within-family environmental variation, IQ, children, 5381
sex role conventionality & race inequality, despair, adults, 10114
simultaneous vs alternating vs massed response strategy, multiple vs single task performance, 18–35 yr old males, 7154
social content & personal significance, memory, Ss with mean ages of 17.1 & 21.1 yrs, 11873
sociology of psychological knowledge & Marxist-Leninist ideology & belief in genetic basis for individual differences in intelligence, 9220
task structure & over- vs undermanned conditions & manipulated competence of individual Ss, group task performance, male college students, evaluation of R. G. Barker's theory, 3399
traditional psychometric vs experimental psychosemantic approach to organization of data, empirical study of individual differences, 6984
unique patterns of self regard development during 7 mo period, 2–5 yr olds, 5416
universals & individual differences paradigms, study of language acquisition, 9261
use of videotaped psychiatric ratings to evaluate French translation of AMDP psychopathological & somatic scales, depressed & psychotic patients, 12774
work related vs individual difference & family dynamics factors, quality of life, dual career spouses, 10165

Individual Psychology
Adler's concept of "Gegenspieler" & "Folgenspieler," learning process of imprinting & maturation into autonomy, implications for psychotherapeutic process, 8426
Adler's individual psychology, 4621

Individual Psychotherapy
demographic characteristics & group vs individual psychotherapy, satisfaction with services at psychiatric walk-in clinics, clients, 10935
developments in methods & evaluation of clinical interventions, literature review, 3818
DSM-III categories & individual psychotherapy, schizophrenia, 13172
ethical issues, individual psychotherapy with married client, 13473
group counseling with vs without individual psychotherapy, heroin addicts on methadone maintenance, 8805
individual psychotherapy, posttraumatic stress disorders, Vietnam veterans, 1509
individual psychotherapy, schizophrenia, 3855
individual therapy & treatment of parents & grandmother, effeminate behavior, 5.5 yr old male, 13169
individual vs conjoint vs family treatment in divorce therapy, 3896
individual vs family therapy, children & adolescents, 1473
naltrexone maintenance with vs without individual psychotherapy, treatment compliance, detoxified heroin addicts, 8813
structural family therapy & directive individual psychotherapy, hyperphagia, 20–24 yr old females, 13137

Individual Therapy [See Individual Psychotherapy]

Individualism [See Individuality]

Individuality
Asian relational vs Western individualistic concepts, behavioral science, 11534
behavioral science & planned social change & role of symbols & metaphors & value of individualism in dealing with social problems, 934
proposal for undergraduate course on individuality, 13593
psychological individualism & 19th century law & criminal justice policy, 1014

Individualized Instruction
amount of noncontingent adult attention & group vs individualized teaching vs play, variability of prosocial & problem & task-related behaviors, hyperactive males, 13653
complementary program & service system vs traditional team approach, development & implementation of individualized education programs, learning disabled & emotionally disturbed & educable mentally retarded elementary school students, 11268
contingency training program, monitors for personalized physics instruction, 8981
contingent reinforcement with external vs self determined standards, work completion on individualized curriculum, 5th graders, 11225
cooperative vs individualistic learning experiences, interaction & interpersonal attraction & achievement, handicapped & nonhandicapped 11th graders, 4348
cooperative vs individualistic learning experiences, interactions & relationships with nonhandicapped peers, severely adaptively handicapped 7th graders, 9061
definition & diagnosis & treatment, academic underachievement, 9–18 yr old students, UK, 5–10 yr followup, 4305
field test of self instructional time management manual, managerial staff of residential institution, 11387
format for writing individual education programs, mentally handicapped students, 13636
free & appropriate special education & educational environments & individualized education programs & parent involvement in decision making, handicapped children, 4369
Ginn Reading Management System criterion-referenced & mastery level tests, individualized instruction & reading performance prediction, 1st–3rd graders, 11302
individualization of instruction, mainstreamed handicapped children, 13652
individualized education &/vs psychological treatment, emotional stability & intellectual ability & academic achievement & vocational aspirations & personal contentment, underachieving emotionally disturbed 8–16 yr olds in therapeutic community, 11004
individualized feedback & instructions, ability & effort attributions & spelling achievement, 3rd graders, 11223
instructor pacing flexibility, performance in personalized introductory psychology course, college students, 2052
peer training of safety related skills, performance in emergency situation, 18–60 yr old institutional direct care experienced & new staff, 13385
perceived ideal vs actual classroom learning environment as measured by Individualized Classroom Environment Questionnaire, 7th–9th graders vs teachers, 4317
Personalized System of Instruction with vs without student-student component, performance in elementary statistics course, college students, 13560
procedure for formulation of long term goals & short term objectives in individual education programs, students receiving special education services, 9047
teacher self help Individualized Educational Programs rating scale, 9048

Indonesia
ecology & behavior & habitat, Mentawai macaques, Indonesia, 417

Induced Abortion
abortion as developmental step, unconscious staging of mourning, 10901
abortion, development of conversion disorder, 25 yr old single female, 8344
attitudes toward abortion, surveyed, Blacks vs Whites, 1972–80, 10149
attitudes toward abortion, 16–44 yr old females, New Zealand, 12602
attitudes toward legal abortion & suicide & euthanasia & capital punishment, survey respondents 18 yrs of age & over, 10116
birth rates & sexual activity & abortion & illegitimacy & adoption rates, White vs Black adolescent females, 920
definition & classification of child abuse in 19th century, France, 1238
demographic characteristics & attitudes, pro- vs anti-abortion organization members, 3342
function & practice, abortion & infanticide, Pilaga aborigines, Argentina, 7856
prostaglandin, termination of pregnancy & maternal behavior & sexual receptivity, female rats, 687
psychological conflicts resulting from awareness of mother's abortion, children, literature review, 5322

Inductive Deductive Reasoning [See Also Inference]
computer implementation of Theory of Model Dimension, syllogism solution, 9258

convergent & divergent thinking, verbal vs figural creativity, 10 yr olds, 5292
cue redundancy & logical inference, deductive reasoning task, graduate students, 11848
detection of logical inconsistency between premises & conclusions in stories, 5 vs 6 vs 7 yr olds, 12457
development of causal reasoning about social &/vs physical phenomena, 3 yr olds to adults, literature review, 7700
induction & experience of randomness, 2627
inductive approach & study of necessary & sufficient conditions for production of normative & nonnormative responses, statistical intuitions & inferential rules, discussion of points raised by D. Kahneman & A. Tversky, 4906
interpretation of syllogistic propositions, 254
model of response choice & information processing, analogy & series completion & classification induction tasks, college students, 7179
rule vs discovery instruction, syllogistic reasoning, gifted 7–11 yr olds & normal 6th graders, 6617
Industrial Accidents
job experience level, incidence of occupational injuries, 18–61 yr old industrial workers, 11342
program to involve citizens in dissemination of information about radiation levels after Three Mile Island, response to criticism by W. Key, 2277
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, 2276
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, criticism of B. G. Gricar & A. J. Baratta's article, 2278
response to evacuation warnings for flood vs volcanic eruption vs nuclear accident, community residents, 7831
socio-psychological factors in labor safety & labor related accidents, geological prospecting, 13702
Industrial Personnel [See Business and Industrial Personnel]
Industrial Psychologists
professional services performed & professional issues encountered & interest in business & industrial settings & professional collaboration, counseling psychologists, 4203
values, organizational research, researcher & client & client organization & research enterprise, 4173
Industrial Psychology
analysis of theories of social & organizational psychology & application to US corporate management, 13743
application of comprehensive rehabilitation psychology concept of W. Witte to field of industrial psychology, humanization of work, 4527
content & structure of research on organizational administration, developing countries, literature review, 2248
diversity & application of organizational research, 2264
history of development & future trends of industrial/organizational psychology, 4452
industrial practicum, university industrial & engineering & organizational psychology majors, 6630
industrial psychology perspective, management of older workers, 4502
influence of psychoanalytic theories & practices on clinical & industrial psychology, 6919
issues in personnel selection & equal opportunity & productivity & human resource management in industrial/organizational psychology, 4448
magnitude & angle of reach & separation distance, asymmetrical simultaneous reaching motion, male college students, implications for industrial work performance, 205
methodological problems & developments in personnel & industrial relations research, application to job analysis & pay equity, 13782
open-systems framework of D. Wren in terms of general systems precursor theory, evolution of human resources/personnel management into metadiscipline, 13744
past & present & future of industrial/organizational psychology, 4447
psychology & organization theory & social science, development of worker managed businesses, 6845
psychometric techniques in industrial psychology & personnel recruitment, 7058
training in human resource development for business & industry, counselor trainees, 1947
typology of types of employee ownership, implications for social science research, 13781
values, organizational research, researcher & client & client organization & research enterprise, 4173
Industrial Safety [See Occupational Safety]
Industrialization
ecological consciousness in industrialized nations, 11467
industrial organization, social structure, socialistic society, 5494
industrialization & urbanization, crime, 1845–1910, US, 1244
proposal for university based children's center, educational bridge between cultural heritage appreciation & acquisition of cognitive skills necessary in modern urban society, Nigeria, 4285
religious cults as social phenomena of urban-industrial society, 949
Industry [See Business]
Infancy [See Infants]
Infant Development [See Also Neonatal Development]
biological preprogramming, adaptation & behavior, infants, 3150
Brazelton Neonatal Behavioral Assessment Scale scores at 12–15 days of age vs rating scale assessment of nursing couple at 6 wks of age, validity of rating scale for measurement of development, 18–44 yr old mothers & their infants, 143
characteristics of ordinal scales of infant development, literature review, 4715
clinical utility of infant development assessment scales based on Piagetian theory, 11667
component analysis, Bayley Scales of Infant Development, high-risk infants at 92 wks postconceptual age, 121
development of grooming & sexual & play & aggressive behavior, 0–2 yr old captive baboons, 7329
home based instruction based on Carolina Infant Curriculum, physical & psychosocial & intellectual development, low SES infants of 14–17 yr old unwed mothers, longitudinal study, 4017
inpatient treatment, severe undernutrition, psychomotor performance & developmental quotient, infants, 160-day followup, 6416
maternal nutritional supplementation, infant mental & motor development, 19–30 yr old low income mothers & their 8 mo olds, Taiwan, 8385
modeling, parenting & infant development, 29 yr old father & 26 yr old mother & 6 yr old son & 8 mo old daughter in treatment for son's behavior problems, 6169
mother-infant interaction & home experience & motor & mental development of infant, 14–16 vs over 19 yr old mothers & their infants, 7886
perinatal methadone & heroin, delayed development, infants, 8182
pre-birth parent characteristics & parent-infant & infant behavior during 1st yr, parent-child interaction & infant development, 1 yr olds, 883
reliability & validity of Infant Caregiving Inventory, assessment of perceptions of influences of caregiving practices on infant's present & future well-being & development, mothers, 4795
rooming in for 1st 2 days following birth, interaction & child development, low income mothers at high vs low risk for child abuse & their infants observed between birth & 18 mo, 6427
screening & assessment of psychosocial dysfunction in private pediatric practice, first borns screened at birth & 1 mo & 14–17 mo, longitudinal study, 6320
stability of scores on task orientation & test affect/extraversion & activity, identical vs fraternal twins tested at 6 & 12 & 18 & 24 mo, 5317
syntactic theoretical model of infant development & assessment procedure, 12361
virus infection of CNS during 1st yr of life, intellectual abilities, 5.7–8.8 yr olds, 5951
Infant Vocalization
development of vocal interactions, Down's syndrome vs normal infants from birth to 6 mo & their mothers, 5888
pain-induced vocalization, evaluation of pain, prelingual children, literature review, 1391
premeaningful vocalizations, Down's syndrome vs hearing impaired vs normal infants, extension of study by B. L. Smith & D. K. Oller, 5722
responses to infant distress, mothers vs fathers & their 4 wk old infants, 1001
use of semantic differential scales for classification of cry types, infants, 753
Infanticide
aggressive mate takeover & infanticide & subsequent breeding, bigamous territorial female northern jacana, 2785
competition among males for females & tenure length of harem males, infanticide as adaptive reproductive strategy, blue monkeys, 2725
definition & classification of child abuse in 19th century, France, 1238
domestication & genotype & family group & sex, infanticide & parental behavior, non-lactating wild & laboratory house mice, 2753

function & practice, abortion & infanticide, Pilaga aborigines, Argentina, 7856
infanticide & paternal behavior, male Arctic ground squirrels, 12033
male relationships, infanticide, bisexual troops of red howler monkeys, 12052
social status & copulation, infanticide, male laboratory mice, 2752
Infantile Neurosis [See Childhood Neurosis]
Infantile Psychosis [See Childhood Psychosis]
Infants [See Also Neonates]
abnormal or rough handling, periosteal thickening of long bones, children with mean age of 1.2 yrs, 1272
acquisition of language routines, 1–10 yr old Cakchiquel speaking Indians, Guatemala, 10025
acquisition of noun pluralization patterns in Hebrew, 1.8–2.8 yr olds, 834
activity charts vs target setting vs suggestion teaching methods in home-based training scheme, skill learning, developmentally delayed & Down's syndrome 5–45 mo olds, 6189
age & cultural & environmental differences, rates of fussing & crying, 2 vs 4 vs 7 vs 11 mo olds in kibbutz vs Bedouin vs institutional care, Israel, 3236
age & developmental level & caregiving history, attachment, 6–30 mo old polymatrically reared Gusii infants, Kenya, failure to find evidence for sensitive phase for imprinting in humans, 10079
age & number & novelty of toys, toy preferences, 8 vs 12 mo olds, 5364
age & sex differences, preferences for colors black vs white, Black vs White 6 mo to 4.5 yr olds, 12424
age differences, listening preference for rhyme vs tone vs baby vs adult talk by mother, Down's syndrome vs normal infants at developmental ages of 9 vs 18 mo, 5901
age differences, perseveration & selective use of information in search behavior, 9 mo through 4 yr olds, 7755
age differences, use of sound to guide search behavior in object permanence task, 7–9 mo olds, 5343
age, emotional attachment to objects & sucking habits 1.5–7 yr olds, longitudinal studies, 3240
age, frequency & repertoire of interaction-initiating behaviors with adult caregivers, 13–24 mo olds, 905
age, interpersonal spacing toward adult caretakers vs playmates, 6–60 mo olds, 3212
age of child, maternal speech characteristics in book-reading context, mothers & their 1.5–6 yr olds, 1000
age, pattern preference & visual acuity, neurologically normal vs abnormal preterm vs full-term infants, 6001
analysis of syntactic & semantic & functional relations of mother's questions & child's responses, middle class mother & her firstborn daughter from age 6 mo to 2.5 yrs, longitudinal study, 9991
arousal level, visual preferences, premature infants, 766
attention & memory, 9–16 mo olds with cerebral palsy, 1401
attention to mothers & appearance of having fun during interactions, high risk infants, 5704
attentional inertia, 4 & 7 mo olds, 7740
attitudes toward provision of services in home intervention program, parents of Down's syndrome infants, 4020
attitudinal & normative factors & stated intention, infant feeding from birth to 6 wks, primiparous vs multiparous mothers aged 16–40 yrs, support for M. Fishbein & I. Ajzen's theory of reasoned action, 12551
auditory & verbal pattern evoked potentials techniques, diagnosis of perceptual deficits, 16 mo old, 8323
behavioral context of Early Social Communication Scales, assessment of social development & communicative competencies, 0–30 mo olds, 11713
categorization behavior, recognition of visual forms, 3–4 mo old infants, 3159
cerebral lateralization of intermodal speech perception, 5–6 mo olds, 12422
changes in risk status, infants & children at risk for behavior & learning & mental disorders, literature review, implications for screening & prevention, 5697
child custody issues & mother child relations, unmarried incarcerated female & her infant, 1003
classical views vs recent work on early sensory mechanisms & cognitive capacities, spatial reference, infants, 7711
clinico-psychological examination, infants & children up to 3 yrs of age with borderline psychic disturbances at neurotic level, 3547
coaching of mothers in techniques to improve interaction with infants, activity of mothers & visual attentiveness of infants, preterm infants with delayed psychosocial development & their mothers, 6187
Colorado Adoption Project, nature-nurture contribution to cognitive development, adopted children under 7 yrs old & their biological & adoptive families, longitudinal study, 5388
community based early intervention program, infants & toddlers to 3 yrs of age at risk for developmental deviation or physical or emotional impairment, 8668
community-oriented infant psychotherapy intervention program, mutual adjustment, mother-infant dyads, 3900
complexity of maternal verbal output, verbal performance, 20–24 mo olds, 7756
comprehension vs production of agent-action-patient word order, 23–31 mo olds at Stage I in language development, 5392
consultation services of infant mental health program, evaluation & treatment of custody cases, families & their children up to 3 yrs of age, 1732
cross-modal visual recognition for solid object vs their graphic representation, 1 yr olds, 7746
cueing, recall of operantly learned & forgotten contingency, 8 wk olds, 5353
current public policy & recommendations, infant daycare, US, 10202
day care, review of studies & suggestions for future research & impact on cognitive & emotional & social development, infants & preschool age children, 5286
degree of paternal caretaker involvement, preference for mother vs father, infants observed at ages 8 & 16 mo, Sweden, 5537
demographic characteristics & maternal mood & responsiveness to infant, perceptions of infant temperament, mothers of high risk developmentally delayed infants, 10143
depressed maternal facial expression, behavioral reactions, 3 mo olds, 873
description of motor behavior during interaction, parents & their 1.5–4.3 yr olds, 7870
descriptive mental growth curve, 1–16 yr olds with Down's Syndrome, 12971
design & calibration, error sources in use of corneal reflex technique to analyze visual scanning patterns, infants, 11560
development of ethical norms from birth to adolescence, implications for ethical education, 7824
development of family health center which provides infant mental health services, 1755
development of personal space & self-boundary structures, infants, literature review, 10055
development of spoken & signed language, prelingually hearing impaired male 1 yr old, 8300
development of vocal interactions, Down's syndrome vs normal infants from birth to 6 mo & their mothers, 5888
Developmental Education Birth through Two early intervention project, fine motor & social & language skills & subsequent student placement, at-risk & handicapped children with mean age of 16 mo & their parents, 2125
diagnostic & prognostic & therapeutic reconceptualization of failure to thrive, 3692
disturbance in mother-child relationship & phase-specific anxieties, sleep disturbances, infants, 8289
duration & content of presented utterances, attention as operant control of stimuli, 93–119 day olds, 5366
early intervention program planning, delayed development, high risk infants, literature review, 6089
emergence of body self during 1st 15 mo of life through separation-individuation, infants, implications for psychosis & Gilles de la Tourette's syndrome & phantom limb disturbances, 7800
emergence of front & back vowels, female at 17 & 29 mo of age, 793
etiology & treatment of colic, infants, literature review, 3671
examination of hypotheses, facilitative effects of imitation on lexical acquisition, 1.3–2 yr olds, 9988
excessive alcohol usage during pregnancy & use of drugs known to potentiate alcohol effects, congenital abnormalities of infants, 19–42 yr old mothers, 1412
experience with children, voice pitch when addressing infant or small child, 21–30 yr old parents vs nonparents, 5267
experimental design using standard vs reverse transposition test, delayed visual search for objects concealed in containers, 12 & 15 mo olds, 7736
factors affecting attendance at primary health care clinics, 10 mo to 5 yr olds, Nigeria, 3980
familiarity with frustrator & repetition of trials & sex, facial expression of anger, 7 mo olds, 910
Family & Child Resource Program, parent-child interaction, mothers aged 19–26 yrs & their 1.4–2 yr olds, implications for early child development, 11196

family ethnicity, childhood disadvantage measured by health care & education & home environment, children followed up to 3 yrs of age, New Zealand, 7673
family SES & maternal age at time of delivery & psychosocial problems in etiology, child abuse, children under age 5 yrs & mothers, 8228
FI reinforcement & role of verbal behavior, task performance & operant responding, 9 & 10 mo old infants, 7737
filming methodology, neonates & young infants, 11575
fine motor skill development, performance consistency of rod placement, 8 mo longitudinal study of 12 mo olds & cross sectional study of 18–22 vs 26–30 vs 36–40 mo olds, failure to support modular theory of motor skill, 9996
form-function relationships & language development in composition of meaning in 1st words, 18 vs 28 vs 37 mo olds, 12395
frequency & type of fantasy in maternal speech, mothers & their 12–27 mo olds, 976
frequency of presentation of lexical concepts, lexical acquisition, 1–1.3 yr olds, 846
functional & referential changes in maternal speech, mothers and their infants at age 3 & 6 mo, 984
Gaensbauer Scales & Michigan Infant Affect Scales, assessment of affect development, infants, 11718
gestational age & intrauterine growth & sex & postnatal growth rate, age of appearance of visually directed prehension, infants up to 4 mo of age, 3190
Golgi & electron microscopic analysis of cortical tissue, structural alteration in dendrites of pyramidal & nonpyramidal neurons, 4.5–22 mo olds with neurobehavioral retardation, 3653
habituation rate as reflection of information processing speed, free exploration tempo, 4 mo olds, 9999
heart rate response as reliable & stable measure reflecting perception & affect, infants, literature review, 9934
hidden objects & relative positions of subject & apparatus, localization & retrieval of objects, 16–24 mo olds, 3185
history of perinatal complications, rightward headturning bias & duration of postural reflex & lateralization, 4–10 wk olds, implications for development of left-handedness, 7735
home based instruction based on Carolina Infant Curriculum, physical & psychosocial & intellectual development, low SES infants of 14–17 yr old unwed mothers, longitudinal study, 4017
impact of multiple traumas in 1st 2 yrs of life, therapy, children, 10735
individual age & age interval & sex composition of sibling dyad & number of toys & presence of mother, sibling interaction, 1.5–2 & 2.5–5.5 yr olds & their mothers, 7876
individual differences in mental development, monozygotic vs dizygotic twins, 15-yr longitudinal study, 5409
infant age, characteristics of maternal speech, mothers & their infants at 4 vs 12 vs 24 mo, 993
infant behavior & maternal psychological reactions & mother-infant interaction patterns, mothers & their premature infants, literature review, 992
infant facial expression vs configuration, ratings of physical attractiveness, college students, 5305
infant mental health training, community services, 1753
inpatient treatment, severe undernutrition, psychomotor performance & developmental quotient, infants, 160-day followup, 6416
instructional materials, acquisition of basic skills, infants & kindergarten & primary students & developmentally delayed children, Australia, 13650
interaction with mother under seeing &/vs hearing conditions, affect, 3 mo olds, 5346
interpersonal & noninterpersonal behavior, 3–32 mo olds with failure to thrive, 3747
interpersonal dynamics & individual differences, frequency & nature of games & conflicts, dyads of females from 22 to 25 mo old, 7812
intrauterine growth & gestational age, psychomotor development, infants at 4 vs 8 vs 12 vs 18 mo, Brazil, 3189
involvement in infant assessment as intervention & education, parents, 11655
judgments from videotapes of reactions by 3 & 10 mo olds to caregivers vs objects vs being alone, college students vs parents, 5430
language fostering experiences & race & social class differences & preschool deficiencies in language skills & achievement vs demand, opportunities for language & personality development, infants & preschoolers, 5306
level of intellectual development, auditory EPs, 3 yr olds, 7678
limitations of normative assessments, high risk infants, literature review, 4725
maintenance of community register, infants at high risk for hearing loss, 6353
malnutrition & subsequent nutritional rehabilitation, quiet sleep, 6 wk–14 mo olds, 6093
marital & parenting satisfaction, parenting behavior in early infancy, primiparous mothers with mean age of 25.8 yrs vs fathers with mean age of 27 yrs, 5533
maternal life stress & social support & satisfaction with life & parenting, maternal attitudes & mother-child interactions, mothers & their premature vs full term infants, 958
maternal perceptions of infant behavior, mother-child interaction & cognitive & language competence, infants assessed at 13 & 24 mo of age, 778
mental health outreach project, high risk parents & their infants, 1735
mental health treatment & preventive services, infants in severely disorganized families, 1745
method of eliciting reflex & extent & direction of head turning, asymmetrical tonic neck reflex, 4–10 wk olds, 758
milk-flow rate, sucking rate during breastfeeding, mother-infant pairs, 751
modeling, parenting & infant development, 29 yr old father & 26 yr old mother & 6 yr old son & 8 mo old daughter in treatment for son's behavior problems, 6169
models & analysis of catching skills, 34–36 week olds, 5406
mother-child picture book reading, vocabulary acquisition, 17–22 yr olds, 5385
mother-infant interaction & home experience & motor & mental development of infant, 14–16 vs over 19 yr old mothers & their infants, 7886
motor abnormalities, cognitive functioning, children assessed at infancy through early school years, 5960
movement of random lights vs lights placed on moving S's limbs & joints, discrimination of biological motion patterns, 2–6 mo olds, 814
multidisciplinary provision of preventative & clinical services, infants & parents with emotional problems, 6364
nature of cognitive development, Down's syndrome 12–22 mo olds vs normal 9–21 mo olds, 6-mo longitudinal study, 3649
need for parent support system including community services & social expectations, 1754
number & organization of elements in facelike patterns & fixed trial vs S-control over onset &/vs offset of trials methodologies, responses, 10 wk olds, 768
organizational patterns of sensorimotor intelligence, Down's syndrome infants with mean CAs of 15.3 & 13 mo enrolled in home- vs center-based early intervention, 8246
pain, facial expressions & soothing time required, infants with mean ages of 2.1–19.2 mo, 5438
paired gestural & vocal communication, cleft palate 12–13 mo olds, 5990
parent child interaction & attitudes, parents of brain damaged vs Down's syndrome 1.7–11.8 yr olds, 1131
parent coping behavior & functioning & infant temperament, 19–48 yr old mothers & fathers of 2–3 mo olds, 997
parental speech during free play with child, mothers vs fathers & their 1.5 vs 2.5 vs 3.5 yr olds, 979
path analysis, relative contribution of genetics vs environment to stability of cognitive ability, 1 & 2 yr olds & their adoptive & biological families, longitudinal study, 5340
pattern of interaction between children & between children & personnel, mixed age groups of 7 mo to 12 yr olds in multipurpose day care center facilities, 13326
patterns of bilateral coordination & lateral dominance, leg movement, infants from 2–26 wks of age, longitudinal study, 5333
pediatric examinations, emotional responses & coping behavior, 6–12 vs 18–36 vs 42–60 mo olds, 3988
peer interaction in presence vs absence of toys, 5.2–7.8 mo olds, 7786
perceived emotions in their 1–18 mo olds, mothers with mean age of 28 yrs, 886
perception of causality assessed by differential dishabituation of looking technique, 24–38 wk olds, 3178
perseveration & search on 5-choice visible displacement hiding task, 8–10 mo olds, 9958
predictive validity of infant performance on Gesell Developmental Schedules, WISC-R Performance & Verbal IQ & PPVT & Wide Range Achievement Test scores at age 12, middle class males, longitudinal study, 2459
predictive validity of intelligence tests, infants, 11670

premeaningful vocalizations, Down's syndrome vs hearing impaired vs normal infants, extension of study by B. L. Smith & D. K. Oller, 5722
presentation of compound stimuli of squares vs facial features &/vs frame, scanning behavior, newborns through 2 mo olds, 7738
prewalking use of infant walker, onset time of independent walking, infant twin pairs, 7745
primitive reflex profiles & motor activity, infants, 754
profiles of developmental progress of skill gain, developmentally delayed 5–45 mo olds, implications for early intervention, 9918
psychological meaning of pregnancy & fetus/infant, neonatal perceptions & mother-infant relationship & mothering behavior, mother & daughter pairs, 5523
psychomotor development, 1 yr olds with Werdnig-Hoffman disease vs Walton's congenital benign muscle hypotonia, 3775
psychopathology of mother during perinatal period, cognitive & psychomotor & social & emotional development, children of neurotic-depressive vs schizophrenic vs personality disordered mothers, 2.5 yr longitudinal study, 1209
quality of language addressed to Down's syndrome children from age 12–24 mo, mothers, 5910
quantitative techniques for measurement of abnormal motor movement in handicapped, nonhandicapped 7–15 mo olds, 6978
recognition of correspondence between aurally & visually presented speech sounds, 18–20 wk olds, 831
reconstruction using computer graphics of microtubular disarray in cortical dendrites & compared to normal microtubular array in mouse, cortical tissue from mentally retarded infants, 3632
referential-expressiveness of infant, communicative intent & focus of attention & evaluation characteristics of maternal speech, mothers & their 1.3–1.7 yr olds, 959
reinforcement of leg kicking, kinematic analysis of temporal & topographic characteristics of kicking, 3 mo olds, 855
reliability & validity & scalability of Mental Development Scales, children from birth to 3 yrs of age, 11723
reliability & validity of Preschool Play Scale, measurement of play, 4 mo–6 yr olds, 4732
reliability of O & mode of stimulus presentation, Behavioral Observation Audiometry, mild to severely handicapped 7–129 mo olds, 10312
removal from abusive family & placement in foster care, recovery of physical & cognitive & behavioral functioning, neglected & abused 3 yr old male & 9 mo old female, 3619
research on infant development & mother-infant relationship, psychoanalytically oriented psychotherapy of children & infants & adolescents & training of psychotherapists, 1513
response interruption device, prevention of self excoriation of grafted skin, 15 mo old female burn victim, 9280
rooming in for 1st 2 days following birth, interaction & child development, low income mothers at high vs low risk for child abuse & their infants observed between birth & 18 mo, 6427
screening & assessment of psychosocial dysfunction in private pediatric practice, first borns screened at birth & 1 mo & 14–17 mo, longitudinal study, 6320
screening & diagnosis & treatment, handicapped infants, literature review, 5698
search behavior on multi-choice hiding tasks, 9–10.5 mo olds, evidence for infant comprehension of spatial relationships, 9957
selective adaptation & visual habituation, infants during 1st 6 mo of life, 9960
sensorimotor & language development & symbolic activities, 10–30 mo olds, 10023
severe malnutrition, development, children under 3 yrs of age, East Africa, 1349
sex of child, father-child interactions, fathers & their 1 yr olds, 990
similarity of stimulus to real face, visual fixation & expressed interest & heart rate, 2–8 mo olds, 5372
sleep EEG recordings, neonates & infants & young children, 775
sleep patterns & attention span & temperament, infants less than 8 mo old, 3154
social desirability, report of marital & child adjustment & parenting attitudes, spouses with 2–13 yr olds, 10161
spatial frequency, visual EPs, 6 & 14 wk olds vs adults, 12374
stability of attachment behavior, infants, critique of study by R. Thompson et al, 5478
stability of attachment behavior, infants, reply to criticism by E. Waters, 5476
stability of mother-infant relationship, infant crying, mothers & their infants at 2–5 wks of age, 7900
stability of scores on task orientation & test affect/extraversion & activity, identical vs fraternal twins tested at 6 & 12 & 18 & 24 mo, 5317
structure of parental speech to infants prior to 8 mo of age, parents & their 1st born infant, longitudinal studies, 3282
styles of maternal involvement & proposals for manual & computer systems to record mother-infant movement, infant psychotherapy, infants & mothers, 6135
synchrony in activity level & responses to stimulation, interaction, 17–30 yr old mothers & their infants, 12558
taxonomic level of nouns used in speech to young children, nursery school teachers & their 2–4 yr old students & mothers & their 18–30 mo old children & college students, 9947
therapeutic intervention & mother-child & mother-psychiatrist relationship, 6136
tone frequency, auditory thresholds, 6–18 mo olds, 7709
total vs oral communication training in home based mother-assisted language program, language & cognitive development, 18–36 mo olds with Down's syndrome, 8780
traditional vs nontraditional paternal involvement in childcare & security of mother- & father-infant attachment, sociability with strangers, 11–13 mo olds, Sweden, 891
training as infant specialists, community mental health clinicians, 1899
treatment of infant death in fiction, 3120
type of action modeled by mother vs unfamiliar female, imitation, 12 vs 17 vs 22 mo olds, 895
typological analysis of family & social situation & physical & psychological development, identification of risk groups, children assessed at 3 & 9 & 18 & 36 mo, 5291
vestibular response & neurological & motor & cognitive functions, high risk 3–24 mo olds, implications for use of postrotary nystagmus test in developmental evaluation, 1120
viewing of happy vs sad videotaped facial expressions, asymmetrical brain activity, 10 mo olds, 3134
visual EPs, diagnosis of visual problems, infants, 6036
visual information, vestibular head righting response, 3.2 & 4.2 mo olds, 9979

Infants (Animal)

age at lesion of corpus callosum vs optic chiasma, interocular transfer, cats & kittens, 9784
age, development of locomotion & grooming, preweanling vs adult male rats, 5028
age, development of orientation columns in striate cortex demonstrated by 2-deoxyglucose autoradiography, 2–5 wk old cats, 7444
age differences, scanning of complex geometric forms, rhesus monkeys from birth to 7 weeks, 4983
age, ECS-induced wet-dog shakes & face washing, preweaning vs older rats, 2953
age, susceptibility to kindling-induced seizures, suckling vs adult rats, 12217
aggregation & species discrimination, newborn brown vs garter snakes, 11985
anterior vs posterior corpus callosum lesions, visual acuity, kittens, 2972
apomorphine, appetitive conditioning, 6-hydroxydopamine treated rat pups, 3106
before vs after weaning, preferences for sibling vs mother, Dalesbred & Jacob twin lambs, 7318
binocular deprivation during rearing & cortical lesions, single unit responses in lateral suprasylvian visual area of cortex, kittens, 7508
calf development & mother-calf spatial relationships, southern right whales, 2786
catecholamine depletion in visual cortex using 6-hydroxydopamine systemic neonatal injection vs osmotic minipump delivery, neuronal plasticity, monocularly deprived kittens, 11556
chronic alpha-methyltyrosine, locomotor hyperactivity, male rats, 5226
chronic atropine into 1 vs both eyes, development of visual acuity, kittens, 12319
chronic-pre- & postnatal morphine, naloxone induced suppressed food intake & role of brain opiate receptor development, rat pups, 12242
constant early visual exposure to vertical &/vs horizontal stripes, subsequent visual acuity, cats, 567
corticosterone vs dexamethasone & sex, play fighting & male sexual behavior & testosterone levels, Norway rat pups, 5222
development & stability of dominance hierarchy, 26–30 day old pigs, 7323
development of cross-modal object recognition, infant pigtail monkeys, 4981

development of infant-caregiver relationships, captive common marmosets, 7306
development of mating behavior, prepuberal rams, 2788
development of sequential organization of hoarding, hamster pups reared in isolation vs with mother & littermates, 11998
development of visual functions & social responsiveness, infant rhesus monkeys, 2765
developmental patterns of heart period activity & respiration frequency, rat pups between birth & 24 days of age, 2684
developmental stages, play & fear type mouth displays & grimaces, infant pigtail macaques, 2757
early experience & rearing condition & sex differences, peer group socialization & play, nursery-reared vs mother-reared 6–12 mo vs 36–42 mo old baboons, 2730
early malnutrition, acquisition & maintenance of long term potentiation in hippocampus, adult rats, 9728
environment, mother-infant interaction, sows & piglets, 7327
estradiol binding to blood plasma & brain cytosols, male & female perinatal ferrets, 12279
factor analysis of open field behavior, 1 & 4 & 7 day old chicks, 5037
feeding of young spiderlings, female social spiders, 391
fostering, calf suckling & growth, cross-bred cows, 2775
frequency & intensity of chick distress calls, maternal foodcalling behavior, chickens, 5022
functional behavioral recovery & cortical reinnervation following early lateral olfactory tract section, golden hamster pups, 12238
high fat protein supplemented diets during breeding & gestation & lactation, reproduction & pup growth & maternal behavior, female rats, 2906
home nest odor & subsequent footshock & age differences & retention intervals, conditioned aversion to odor, 12 vs 16 day old rat pups, 4994
illumination changes, contact with stiff vs soft inanimate surrogate mothers, infant male macaques, 355
immigration of adult male, abortions & infant death, baboons, 12040
in utero ethanol exposure, prenatal & postnatal development & decline of ethanol tolerance, mice, 12309
in-utero exposure to odor stimulus paired with lithium chloride, conditioned aversion to odor, 10 day old rats, 347
inbreeding, infant mortality, captive primates, 406
individual vs litter rearing, exploratory behavior, Beagle & German Shepard puppies, 11936
individuality of parental vocalizations, recognition of parent, young children, 863
interest in sources of lamb odor, ewes, 2715
intermittent vs continuous milk delivery, sucking & nipple attachment, rat pups, 2721
intracisternal 6-hydroxydopamine injection, whole brain dopamine & norepinephrine & open field behavior, rat pups & their untreated mothers, 9803
irradiation during fetal vs neonatal period, electrocorticogram, adult vs aged mice, 7501
low level neonatal lead exposure & scopolamine, visual acuity & quinuclidinyl benzilate binding in retina & central visual system, rats, 12267
male relationships, infanticide, bisexual troops of red howler monkeys, 12052
marginally vs severely zinc deficient diets in utero & during neonatal period, brain development & passive avoidance learning, mice, 12184
maternal & paternal cues of origin, kin recognition, frog tadpoles, 2718
maternal deprivation & environment, spatial relations & behavior & vocalizations, 2–4 mo old foals, 7301
maternal deprivation & refeeding, blood pressure, 12–14 day old rats, 12204
mating patterns & randomness of paternity, captive rhesus monkeys who are members of maternal sibships, 408
monomethyltin trichloride & trimethyltin chloride exposure, learning deficiencies, rat pups, 3063
mother &/vs milk as reinforcers, learning & retention of T-maze spatial discrimination task, preweanling rats, 9563
naloxone vs naltrexone, food intake, preweanling rats, 614
neonatal & adult hemidecortication vs removal of frontal cortex, behavioral sparing & morphogenesis of remaining cortex, rats, 2978
neonatal & pubertal testosterone injection, sexual differentiation of open field behavior & head-dipping, male vs female rats, 12321
neonatal exposure to medroxyprogesterone, subsequent development of play behavior, male vs female rats, 12246
nest changing & feeding unrelated fledglings, ospreys, 404
nursing termination & resting behavior, sows & piglets, 7314
nutritive & suckling deprivation & gastrointestinal fill & milk availability, sucking & milk intake, rat pups, 2722
orientation sensitivity of dorsal lateral geniculate neurons to moving light bars, kittens, 9617
orphaning, foster mother-orphan & peer interaction & depression & play & social development, free ranging male rhesus infant, 2717
perinatal glucocorticoid administration, body & brain weights & spatial learning task acquisition, male rats, 635
physical development & reproductive parameters & family relations & infant mortality, free-ranging hamadryas baboons, 7319
postnatal dark rearing prior to daily prismatic reversal of retinal image, development of interocular orientation disparity in visual cortex vs ocular dominance patterns, kittens, 12205
pre- & post-hatching vocalizations, hens & their chicks, 12064
prenatal & neonatal administration of cimetidine, hypoandrogenization in adult life & development of androgen-dependent tissues & testosterone, male rats, 610
prenatal exposure to alcohol, T maze performance, 1 mo old rats, 7621
prenatal maternal ethanol dosing, delayed development & abnormalities, infant pig-tailed macaques, model of fetal alcohol syndrome, 12248
prenatal stimulation of familiar vs alien sound, postnatal heart rate & emotionality, ewes & lambs, 4988
prenatal taste/odor stimulation, taste preferences & pituitary/adrenal activity, rat pups, 7320
presence of intact vs castrated vs ovariectomized juveniles, aggressive interactions, adult male rats, 2993
presence of 2nd litter produced by postpartum mating & length of 2nd gestation, interaction of mother with 1st litter, Norway rats, 7297
protein vs carbohydrate premeal, subsequent protein vs carbohydrate food selection, male weanling rats, 552
punishment & amount of acquisition training, resistance to extinction of keypecking, 1 vs 4 day old chicks, 5012
rearing with conspecifics vs imprinting stimuli & reduction in group size, distress calls, Peking ducklings, 7222
rearing with mother vs brooder with vs without littermate, social attachments & response to novel stimulus, kittens, 12007
REM sleep deprivation induced by daily preweanling clonidine, brain growth in enriched vs standard environment, male rats, 12198
repeated separation from familiar mother surrogate, high energy activity & protest response, 2 yr old squirrel monkeys, 2929
separation from mother, cellular immune response, infant bonnet monkeys, 7461
sex & age differences & rearing experience, preferences for nest odors from lactating vs nonlactating rats, pre- vs post-weanling rats, 359
sex of strange vs familiar cage mates & strange vs familiar cage bedding, huddling, rat pups, 367
short term induced strabismic vision, striate cortex binocular receptive field recovery, kittens, 5160
social development during 1st 3 mo of life, Indian langur monkeys, 9576
social rank of mother, sex ratios of infants, rhesus monkeys, 407
space use for excretory behavior, suckling piglets, 7313
statistical method to assess sensory thresholds obtained by conditioned suppression, dark-reared cats, 49
structure of physiologically classified neurons in dorsal lateral geniculate nucleus, neonate & adult cats, 446
temporal pattern of chronic neuromuscular stimulation, acceleration of synapse elimination at neuromuscular junction, neonatal rats, 12221
time of conception & gestation length & tendency to foal at night & weight of foal & fetal membrane, mares & foals, 361
type & odor of food & anosmia induced by zinc sulfate, dehydration anorexia, weanling rats, 2908
unilateral neonatal cortex lesions, bilateral deoxyglucose uptake, 1 day & 30 day old rats, 5177
urination & defecation behavior, piglets, 2724
vagotomy vs methyl scopolamine vs sympathectomy & guanethidine vs propranolol, role of vagus nerves in heart rate response to auditory & olfactory & painful stimulation, preweanling & neonatal rats, 7493
vocal communication & recognition, ewes & their own vs alien lambs, 5034
vocal patterns & non-vocal stimulation, instigation of parental feeding behavior, ring-billed gull chicks, 12034
weaning, behavioral changes in maternal sexual cycle & next pregnancy & mother-infant contact, male chimpanzee infants reared in captivity vs natural habitat, 7300

Infarctions (Myocardial) [See Myocardial Infarctions]
Infections [See Infectious Disorders]
Infectious Disorders [See Also Gonorrhea, Neurosyphilis, Parasitic Disorders, Rubella, Tuberculosis, Venereal Diseases, Viral Disorders]
amphotericin B treatment for disseminated histoplasmosis, acute dysphoria & agitated confusion & suicidal ideation, 39 yr old male, 1674
bereavement, increased susceptibility to infectious diseases & altered biochemistry & chemotherapy vs psychotherapy, literature review, 10580
incidence & risk of specific physical diseases, patients with schizophrenia & affective disorder, 10439
infectious mononucleosis & acute schizophreniform psychosis, 32 yr old male, 1115
information for counselors about sexually transmitted diseases, Christian counseling, 4048
life change, yeast infections, 17–34 yr old females, 13093
Inference
ability to understand others' beliefs & prediction of their actions & understanding of deception, 3–4 vs 4–5 vs 5–6 vs 6–9 yr olds, 7705
automobile trouble-shooting inference task, hypothesis generation & subjective judgments of probabilities of hypotheses, expert vs novice college students, 7168
availability of immediate taste perceptual data at time of processing initiation, role of information aggregation vs self perceptual inference in attitude formation, 21–61 yr old females, 9509
Bayesian inference as theoretical framework for hypothesis evaluation, literature review, 9254
bias & error in human inference, literature review, 9500
computer aid based on Bayes' theorem, decision making, military intelligence analysts, 40
contextual information & intonation, detection of irony, 1st vs 3rd grade vs college student listeners, 7706
degree of social category-attribute association, speed & confidence of social inference, college students, 3409
formula for measuring inference load of texts, 6614
formulation of classical theory of direct inference, 9506
importance of errors in study of cognitive processes, reply to criticism of J. St. B. T. Evans, 4917
inductive approach & study of necessary & sufficient conditions for production of normative & nonnormative responses, statistical intuitions & inferential rules, discussion of points raised by D. Kahneman & A. Tversky, 4906
inference & probability judgment, reply to criticism of R. Beyth-Marom & H. R. Arkes, 2613
inference, memory for prose, kindergartners & 2nd graders, 10020
initial comprehension vs later questions as mediating influences, attributional inferences about intention & traits of actor & event cause & affective judgments, college students, 10277
judgments of linear correlations & scatterplot comparisons, comments on experiments of W. S. Cleveland et al, 256
memory load & memory aids, transitive inference tasks, 5 vs 6 vs 7 vs 8 vs 9 yr olds, 9939
objective vs subjective judgments of attractiveness, stereotyped personality inferences, male college students, 12666
parental educational level, parent-offspring correlations for spatial ability & rule inference test scores, families, 9600
performance feedback, extrapolation of constant velocity & acceleration trajectories, college students, evidence for nonveridical internal model, 4915
presentation & number of clues in narrative story, generation & monitoring of inferences, 5–10 yr olds, 7752
psychology of social inference, literature review, 1979–81, 4909
relationship between class inclusion developmental levels & ability to make logical necessity inferences, judgment, 2nd–6th graders, support for theory of Piaget & G. Henriques, 9956
signal detection theory, solution by Bayesian inference of A. Tversky & D. Kahneman's cab problem, 11840
simple vs expanded premise, inferential reasoning fallacies, 7 vs 10 yr olds vs college students, support for biconditional vs comprehension theory, 10009
spatial vs linguistic processes, formulation of transitive inferences, learning disabled 7 vs 9 vs 11 vs 13 yr olds, 3635
use of Bayes' theorem vs method of information presentation, probability estimation, criticism of study by J. J. Christensen-Szalanski & L. R. Beach, 2612
use of context to infer sentence meaning, cognitively impaired patients with senile dementia vs cardiac patients vs normal elderly vs normal young adults, 10613
verb schemata, activation of instruments in sentence comprehension, college students, 2618
working memory measured by Reading Span Test, reading comprehension & inference ability & long term memory for text information, college students, 4952
Inferior Colliculus
antero- vs retrograde axonal transport of horseradish peroxidase, analysis of interneuronal connections in auditory system, horseshoe-nosed bats, 6950
inferior colliculus lesions, auditory brain stem responses, rats, 9777
Inferiority (Emotional) [See Emotional Inferiority]
Infertility
basal pulse volume & heart rate & skin resistance & muscle tension & reactivity to sound stimulation, 28.4–36.8 yr old patients with functional vs organic infertility, 3684
personality maladjustment, functionally vs organically infertile females, 3683
treatment with clomiphene, happiness & well-being as outcome variables, infertile females, 3947
Infirmaries [See Hospitals]
Inflection
acquisition of noun pluralization patterns in Hebrew, 1.8–2.8 yr olds, 834
appropriate vs inappropriate prepositions preceding nouns in Serbo-Croatian, lexical decision times, college students, 7167
canonical sentence form & word order & inflectional perceptual strategies, comprehension of simple transitive sentences, English vs Italian vs Serbo-Croatian vs Turkish speaking monolingual 2–4.4 yr olds, 5399
contextual information & intonation, detection of irony, 1st vs 3rd grade vs college student listeners, 7706
importance of contextual variation, semantic analysis of intonational system effects in conversation, 730
perception of morphemic structure of written polymorphemic words, college students, 3117
prefixation or suffixation of verbs, comprehension of tense & aspect, 2.6–3.6 yr olds, Poland, 860
word order & inflections & discourse context, sentence comprehension, 2.6–3.6 yr olds, 861
Influence (Interpersonal) [See Interpersonal Influences]
Influences (Social) [See Social Influences]
Information (Concepts) [See Concepts]
Information (Messages) [See Messages]
Information Exchange
availability of information regarding welfare services & benefits, aged, England, 13333
model of motivation for marketing information acquisition & knowledge transfer, implications for advertising, 2290
myths held about family feedback conferences & interference with diagnostic process, clinicians, 3817
Information Processes (Human) [See Cognitive Processes]
Information Processing (Automated) [See Automated Information Processing]
Information Retrieval (Automated) [See Automated Information Retrieval]
Information Seeking
ability to obtain desired relevant information during encounters with obstetricians, lower vs middle vs upper class pregnant females, 10923
age & sex differences, preferred information sources, 10–14 yr olds, 7783
approaches to literary experience & inquiry by S. C. Pepper & J. Dewey, 5271
call-in radio program for questions about childrearing & parenting concerns, 713
cognitive appraisals of coping resources, problem-directed coping behaviors following exam failure, college students, 11242
cognitive dissonance level, tendency to seek consonant & avoid dissonant information, 15–17 yr olds, 816
goal hierarchy as decision aid, information seeking & processing efficiency in choosing apprenticeship, high school students, 4259
gratifications sought & obtained, dependency on network evening news vs 60 Minutes program, male & female household heads, 720
individual differences, information seeking, consumers, criticism of W. L. Moore & D. R. Lehmann's study, 11498
individual differences, information seeking, consumers, reply to N. K. Malhotra's criticism, 11496
model of information search behavior, new automobile purchasers, 2296

model of motivation for marketing information acquisition & knowledge transfer, implications for advertising, 2290
models, information search & choice behavior, consumers, 6898
models, information search & choice behavior, consumers, comment on R. J. Meyer's article, 6897
mood, helping behavior & attraction & information acquisition, college students, 10266
parallel vs serial vs truncated information search patterns, causal analysis, undergraduates & state employment agency workers, 2636
patterns & sources of clothing fashion information seeking & personal characteristics, 15–44 yr old male purchasers of suits, 2295
sex typed labeling of toys, exploratory behavior & information seeking & retention, preschoolers with mean age of 66.2 mo, 12397
tolerance for ambiguity & utility of information & threat to self esteem, opinion-related information seeking, male college students, 12643
Information Storage (Human) [See Human Information Storage]
Information [See Also Related Terms]
analytic problems, case studies of law, 1022
consensus vs consistency vs distinctiveness information, causal attribution, male high school students with mean age of 17 yrs, replication of L. A. McArthur's experiment, 12669
decision situation framing & information availability & potential nontransitivities of contextual relation, regret models of judgment & choice, 4926
diagnostic-prescriptive information systems approach to instruction, attrition, college freshmen, 13597
information, cooperative behavior, pigeons, 2698
information gathering efforts, incidence of child abuse & neglect among handicapped, US, 5699
information introduced after event, eyewitness testimony, college students, 3323
medical information for procedure authorization, implications for court intervention ordering treatment for child over parental objections, 5551
National Institute of Mental Health information campaign, stigma of mental illness & employment of recovered patients, 8763
negativity & extremity of information about working conditions, biases in evaluative judgments, 7985
neurophysiological bases of temperament & emotionality & extraversion-introversion & neuroticism, "need-information" theory of emotion, 9709
payoff & informational cues, free & fixed recall, low- vs medium- vs high-functioning schizophrenics, 3522
presentation of psychological information in news format via TV evening news program, 715
prior information about speaker vs speaker location, incidental memory for speaker voice on tape recording of unrelated sentences, college students, 7186
procedure for using occupational labor market information in rehabilitation counseling, 1862
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, 2276
program to involve citizens in dissemination of information about radiation levels after Three Mile Island, response to criticism by W. Key, 2277
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, criticism of B. G. Gricar & A. J. Baratta's article, 2278
prompting & feedback & type & amount of information provided, learning from concept-programed material, college students, 2011
random vs sequential consistent vs inconsistent information about previously seen incident, loss of original memory for incident, college students, 4937
structured experience &/vs information, response to & initiation of interaction with 6–18 yr old severely emotionally disturbed pupils, 1st–6th graders, mainstreaming implications, 4359
type & time of delivery of subsequent information & length of retention interval, memory for reactions & facts, college students, 2649
types & quality of career information resources in secondary schools, 10th–12th graders, 4264
utility of scientific information in practical problem solving, difficulties of implementation, 4174
videotaped expectancy shaping vs informational preparation strategies, success in transfer to outpatient community, aftercare psychiatric inpatients with mean age of 35.8 yrs, 10941
Inhibition (Personality)
alcohol content of beverage vs alcohol expectancy, incidence of graffiti following experimental task, male college student heavy social drinkers, 12289
Inhibition (Proactive) [See Proactive Inhibition]
Inhibition (Retroactive) [See Retroactive Inhibition]
Injections [See Also Intravenous Injections]
injectable molindone vs haloperidol, acutely agitated schizophrenics, 1667
rate & site of cerebral ventricular injection of cholecystokinin-8, feed intake, sheep, 7576
Injuries [See Also Brain Concussion, Burns, Electrical Injuries, Head Injuries, Self Inflicted Wounds, Spinal Cord Injuries]
EMG biofeedback training, trauma-induced vs tension headache patients, 10820
financial need & daily living activity level & occupational therapy, return to work, 18–65 yr olds with hand injuries, 11024
incidence & type of injuries, institutionalized mildly vs moderately vs severely vs profoundly mentally retarded, 4082
interdisciplinary investigation of incidence & characteristics & injuries & familial social characteristics, abused newborn to 10 yr olds, Greece, 1225
lack of comprehensive plan for compensation & resultant inequities, injured Ss, Australia, 10102
psychoanalysis, depressed male teenager with injury crippled right hand, 13163
psychosocial factors, incidence & outcome of hip fracture, aged, literature review, 13061
rehabilitation needs, 18–59 yr old patients recovering from minor fractures, longitudinal study, 1849
wrist vs hand vs foot bone fractures, length of absence from work, 18–59 yr old employees, 8319
Inmates (Prison) [See Prisoners]
Innate Behavior (Animal) [See Instinctive Behavior]
Inner City [See Urban Environments]
Inner Ear [See Cochlea]
Innovativeness [See Creativity]
Inquisitiveness [See Curiosity]
Insanity [See Mental Disorders, Psychosis]
Insecticides
lindane & dieldrin & related chlorinated hydrocarbon insecticides, CNS, mammals, 12284
neurotoxicity of carbamate pesticides, literature review, 12304
organophosphate pesticides, open field activity & rotorod performance & conditioned escape & nerve conduction velocity & blood & brain cholinesterase levels, rats, 12293
sarin exposure, EEG, monkeys & industrial workers, 12999
Insects [See Also Ants, Bees, Beetles, Butterflies, Cockroaches, Diptera, Drosophila, Larvae, Moths, Wasps]
adaptation to host tree & natural selection & outbreeding depression, population sex ratio, black pineleaf scale insects, 12071
change in illumination by masking part of eye to simulate night, shedding & assembly of photoreceptor membrane, locusts, 571
color of polymorphous caterpillar prey, risk of predation, insectivorous birds, 393
environment, spatial coordination of prey catching movements, earwig, 7284
gregarization vs solitarization pheromone, social behavior, desert locust, 12003
insect harassment, refuge seeking & pest avoidance in mountainous desert area vs barrier island, feral horses, 2755
insect prey characteristics, prey-attack behavior, European blackbirds, 12048
natural conditions & development, orientation of escape behavior, wood crickets, 9570
partial bivoltinism, model of evolution of sex ratios, various insect species, 9611
unsynchronized chorusing, coneheaded katydid, 12006
Insecurity (Emotional) [See Emotional Security]
Insensitivity (Personality) [See Sensitivity (Personality)]
Inservice Teacher Education
group consultation techniques & format of seminars & observations to assist 1st yr 6th grade teachers in classroom management & parent communication, 4229
individual characteristics & school environment & workshop characteristics, utilization of knowledge, educational personnel, 4257
inservice career guidance experiences, educators who work with handicapped vs disadvantaged vs special need learners, 6576
inservice program, teaching sex education, teachers of deaf, 11166

inservice training, attitudes toward mainstreaming, physical education directors, 4241
inservice training program, participation in Individual Educational Program decision making process, multidisciplinary team members, 11254
inservice workshop on hearing loss, mainstreaming of hearing impaired children, educators, 1979
knowledge of children's legal rights, teachers, implications for inservice training, 13531
Program for Effective Teaching inservice staff development program, achievement, 4th–6th grade students & teachers, 4232
teacher education, personal construct systems used to relate to curriculum materials, secondary school & student teachers, 6552
teacher inservice instruction regarding A. H. Maslow's hierarchy of needs, self concept, 3rd–8th graders from intact vs divorced families, 2082
teacher training in group dynamics, comprehension & participation, 1st & 2nd graders, Zaire, 11172
training in behavioral tutoring procedures, reading errors & progress of 11–12 yr old low-progress readers, mothers & classroom teachers, 11273
Inservice Training (Mental Health) [See Mental Health Inservice Training]
Insight
understanding & insight in discourse, 4932
Insight Therapy
family & occupational satisfaction & reality vs self awareness therapy, psychological & behavioral improvement, alcoholic inpatients, comparison with study by E. Bromet & R. H. Moos, 8832
group experiential psychotherapeutic procedure to maximize insight process, 19–56 yr old chronic schizophrenics, 3869
MMPI & SCL-90 test results, clinical evaluation of patient ego strength & motivation for change, patients selected for short-term anxiety-provoking vs brief vs insight group therapy, 1541
Insomnia
abrupt withdrawal from long term flurazepam therapy, symptoms, 37 yr old male with chronic insomnia, 6239
age & benzodiazepines treatment, nocturnal sleep & daytime drowsiness, insomniacs, 6286
biofeedback/stress reduction, sleeplessness, 64 yr old female, 8542
brotizolam vs temazepam, insomnia, outpatients with mean age of 50 yrs, 10836
development of tolerance to short elimination half-life benzodiazepine hypnotic drugs, early morning insomnia, humans, 13284
dosage & side effects of flurazepam vs temazepam drug therapy, insomnia, 10852
explicit demand in paradoxical intention instructions, sleep onset, 18–55 yr olds with sleep onset insomnia, 8395
flurazepam, sleep time & efficiency & latency & intermittent waking time, 23–44 yr old insomniacs, 3950
icv CSF transfer from normal vs paradoxical sleep-deprived cats, restoration of paradoxical sleep & slow wave sleep increase, parachlorophenylalanine pretreated insomniac cats, 3082
midazolam vs flunitrazepam vs placebo, midwinter insomnia, 18–60 yr olds living north of Polar Circle, Norway, 10854
neurological lesions, insomnia, 5943
pathophysiological processes, insomnia & sleep apnea & nocturnal myoclonus & daytime sleepiness, aged, 10608
problems with use of hypnotic drugs, treatment of insomnia, implications for development of new drugs, 6257
progressive relaxation vs imagery with vs without tension release, sleep onset insomnia, 19–71 yr olds, 13264
psychosocial crisis resolution, insomnia, 60–89 yr olds & college students, examination of E. H. Erickson's developmental theory, 13090
self monitoring technique, chronic insomnia, 68 yr old male, 13234
stimulus control, insomnia, 60–75 yr olds, 10808
stimulus control techniques, sleep-maintenance insomnia, 31–59 yr olds, 10800
subjective estimate of sleep latency, insomniacs vs good sleepers, 13025
triazolam vs flurazepam, sleep & daytime sleepiness & performance & mood, 64–79 yr old insomniacs, 3941
Instability (Emotional) [See Emotional Instability]
Instinctive Behavior
aggregation & species discrimination, newborn brown vs garter snakes, 11985
ambiguity of word "instinct" as used in work of C. Darwin & H. Spencer & modern day ethologists, 6916
anesthesia of olfactory membrane, orientation ability, homing pigeons, 12282
duration of social-investigatory behavior, measure of conspecific recognition & social memory, male rats, 411
ethanol, body temperature & righting response, 8 vs 18 vs 28 mo old male mice, 5253
exposure to calls with various repetition rates, species identification, duckling embryos, 2740
food & social status & body size & frequency of aggressive interaction, protandric sex change, male anemonefish, 9577
individuality of parental vocalizations, recognition of parent, young children, 863
maternal & paternal cues of origin, kin recognition, frog tadpoles, 2718
metapsychology of narcissism & Freud's formulation of instinctive theory, 11549
morphology & physical characteristics of eggs, evoked incubation & feeding responses, herring gulls, 9568
occurrence & functions of flehman, feral goats, 2769
past experiences, emotional responses to color, college students, 9431
pecking & flashes, electrical phenomena in telencephalon, pigeons, 7355
rocking body motions & detection of worms, American woodcocks, 394
silences & elements, recognition of dialect, corn bunting birds, 5030
spatial distribution & association & phenotype matching & recognition alleles in kin recognition, animals, 9580
species-specific song recognition, skylarks, 11970
vocal communication & recognition, ewes & their own vs alien lambs, 5034
Instinctive Behavior (Animal) [See Instinctive Behavior]
Institutional Release [See Hospital Discharge, Psychiatric Hospital Discharge]
Institutional Schools
employment & training, psychologists working in institutional education, 11191
psychological development, 1st & 2nd graders in boarding school for parentless children, 2-yr longitudinal study, 6430
psychosocial characteristics, 1–17 yr old delinquents discharged from approved school, Nigeria, 1958–76, 1854
residential school, autistic children, England, 4070
status of schools in psychiatric institutions or wards, children & adolescents, 8744
Institutionalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Hospitalization, Incarceration, Psychiatric Hospital Admission, Psychiatric Hospital Discharge, Psychiatric Hospital Readmission, Psychiatric Hospitalization]
achievement of behavior change, mentally retarded & psychiatric patients in long-stay institutions, implications for staff behavior, 8745
age & sex & IQ differences & duration of institutionalization, age perception of self & others & death concepts, mentally retarded 17–62 yr olds, 8255
alternative ways to manage residential institutions, well being & social development, institutionalized mentally retarded, literature review, 13382
"Back to Farm Day" activities program involving farm animals, stimulation of reminiscence & interaction, institutionalized aged, 8658
child's social adjustment & degree of emotional disturbance, decision to place in institutional vs foster family care, social workers, 1762
clinical judgment, foster care vs institutional placement of emotionally disturbed children, social workers, criticism of S. Briar's study, 1765
dangers of institutional care, psychotics, 6443
effects of "TV diet" of prosocial programs, social behavior, institutionalized behavior disordered 8–18 yr olds, 8741
institutionalization, process mediated by CNS & speed of response & cognitive processes, nursing home residents, 1806
kinship & family's everyday meaning, assignment of family status in treatment & informal relations, nursing home & residential treatment center & rehabilitation hospital patients, 6070
level of disability & economic factors & family caring capacity & physical & sociopsychological factors, institutionalization vs home living, Ss aged 65 yrs & over, Japan, 4073
new more normalizing residences vs older custodial institutional settings, adaptive functioning, institutionalized mentally retarded with mean IQ 23, 13368
objectives & methods of residential program, male sex offenders, 11022

outdoor gardening program, institutionalized geriatric patients, 8725
role of social worker, families of institutionalized aged, 10982
traditional student role as meaningful social role, institutionalized 50–77 yr olds, 8731
treatment, institutionalized abandoned minors, Brazil, 8720
validity of Hand Test, assessment of individual variability in levels of self care & organic dysfunction & personality, institutionalized 65–101 yr olds, 9335
Institutionalized Mentally Retarded
affective illness with vs without early childhood psychosis & schizophrenia, hospitalized mentally retarded 16 yrs old & older, 1315
alternative ways to manage residential institutions, well being & social development, institutionalized mentally retarded, literature review, 13382
behavioral participative management procedure, improvement of performance in patient interaction, staff members of residential institution for 10–18 yr old severely & profoundly retarded, 1780
binaural interaction in auditory brain stem responses, institutionalized mentally retarded 16–65 yr olds vs nonretarded 20–38 yr olds, 1289
choice discrimination tasks, learning & retention, institutionalized mentally retarded, implications for ecological validity of laboratory-type research, 12954
clinical evidence of dementia, 25–64 yr old institutionalized patients with Trisomy-G Down's syndrome, 3657
environmental characteristics, residential facilities for mentally retarded, 13377
functions & performance of human rights committee, officials at state residential facilities for mentally retarded, 4076
guidelines based on British National Formulary, amount & frequency of drug administration, 20–59 yr olds in hospitals for mentally handicapped, 10845
importance of & techniques for esthetic training, institutionalized profoundly retarded adults, 6441
incidence & type of injuries, institutionalized mildly vs moderately vs severely vs profoundly mentally retarded, 4082
individual & environment characteristics & level of bladder control, institutionalized mentally retarded, 8245
modified table game, social skills training, institutionalized retarded & dually diagnosed 20–47 yr olds with behavior problems, 13244
new more normalizing residences vs older custodial institutional settings, adaptive functioning, institutionalized mentally retarded with mean IQ 23, 13368
origin & dissemination of rumors, retarded institutional residents, 13363
patient-staff interaction, self injurious behavior, autistic vs schizophrenic vs mentally retarded 6–20 yr olds in state hospital, 10991
prenatal & natal & postnatal symptoms, institutionalized mentally retarded children, 5914
public posting & individualized feedback, delivery of verbal praise & nontargeted behavior & resident on-task behavior, hospital staff & mentally retarded inpatients, 1927
Quick Test vs Stanford-Binet Intelligence Scale, IQs, 16–76 yr old institutionalized mentally retarded, 7047
replacement of psychiatric nurses by residential care assistants in training center, reduction in need for tranquilizers, mentally retarded, 1793
right to habilitation or training, involuntarily committed mentally retarded persons, discussion of Youngberg v Romeo case, 1004
scale of aversiveness of behavioral decelerators, behavior modification experts, implications for use with institutionalized mentally retarded, 13254
treatment based on social learning theory & language, behavior problems, institutionalized mentally retarded, 4086
Institutions (Correctional) [See Correctional Institutions]
Institutions (Residential Care) [See Residential Care Institutions]
Instruction [See Teaching]
Instruction (Computer Assisted) [See Computer Assisted Instruction]
Instruction (Individualized) [See Individualized Instruction]
Instruction (Programed) [See Programed Instruction]
Instructional Media [See Also Educational Audiovisual Aids, Motion Pictures (Educational), Programed Textbooks, Reading Materials, Textbooks]
curriculum materials & media & books & teaching methods, acceptance of individual differences, handicapped & nonhandicapped students, 4366
development of educational multimedia learning packages, 13583
factors affecting role & duties, school media specialists, 1978
instructional materials, acquisition of basic skills, infants & kindergarten & primary students & developmentally delayed children, Australia, 13650
instructional media selection models, literature review, 4297
method & print & nonprint resources, development of college psychology of women course, 6585
readability grade levels of US Navy technical school curricula, 13579
student learning style & ability, selection of teaching methods & materials, literature review, 6598
Instructional Objectives [See Educational Objectives]
Instructions (Experimental) [See Experimental Instructions]
Instructors [See Teachers]
Instrumental Conditioning [See Operant Conditioning]
Instrumental Learning [See Operant Conditioning]
Instrumentation (Flight) [See Flight Instrumentation]
Insulin
caloric intake following insulin administration, male rats, 650
cholecystokinin, insulin secretion & availability & satiety, free-fed rats, 701
circadian rhythms, fasting effects on plasma glucose & insulin & free fatty acid, male rats, 5159
dexamethasone suppression test vs urinary free cortisol vs growth hormone response to insulin tolerance test vs polygraphic sleep recordings, differentiation of endogenous vs neurotic vs ambiguous depression, 21–52 yr old inpatients, 3515
icv neurotensin, suppression of norepinephrine- vs insulin- vs muscimol- vs dynorphin- vs starvation-induced feeding, intact vs vagotomized male rats, 2926
insulin tolerance test, glucose response, patients recovering from pure familial vs bipolar depression, 5780
lecithin dietary supplements, secretion of catecholamines & ACTH & insulin & neurobehavioral profiles, 23–35 yr old males, 12310
lesions of ventromedial hypothalamus, hyperphagia & role of hyperinsulinemia, chickens, 12239
liver denervation, feeding & water consumption induced by insulin & hyperglycemic metabolic & hypertonic saline challenges, male rats, implications for role of liver glucoreceptors & osmotic receptors, 12178
peripheral & icv glucose & insulin, peripheral & CSF glucose & insulin levels, male rats, 7612
Insurance [See Also Health Insurance, Workmens Compensation Insurance]
lack of comprehensive plan for compensation & resultant inequities, injured Ss, Australia, 10102
Insurance Agents [See Sales Personnel]
Integration (Racial) [See Social Integration]
Intellectual Development [See Also Language Development]
college grades & subsequent vocational achievement & acceptance of responsibility & intellectual development, college graduates, 9345
consistency of home environment, intelligence & child development, Black vs White 6 mo–3 yr olds, 796
construction & construct validity, Scale of Intellectual Development, college students, implications for W. G. Perry's scheme, 4745
early abuse, intellectual development & academic functioning & personality characteristics, 7–17 yr olds, longitudinal study, implications for prevention, 10465
intellectual & social development, working-class children of socially underprivileged women living with biological family vs adoptive advantaged parents vs placed in protective setting following abandonment, 12368
intellectual development & reflective judgment, college students, implications for counseling & educational intervention, 11159
intellectual development, left- vs right-handed preschool children with orthopedic disabilities, 10-yr longitudinal studies, 10545
knowledge of banking, 11–16 yr olds, Netherlands, replication of study performed in Scotland, test of sociocognitive explanation of development of understanding of information-dependent systems, 824
level of intellectual development, auditory EPs, 3 yr olds, 7678
model of intellectual growth, mentally retarded, 5915
reanalysis of longitudinal & cross sectional data, adult intellectual development, Ss with mean ages of 22–67 yrs at 1st testing, 21-yr longitudinal study, 10011
role of play in social-intellectual development, review of developmental theories & research, 12363
usefulness of biographical information for understanding development of intelligence, outstanding individuals, 3172
verbal aptitude & justification of beliefs, adolescents & college & graduate students, test of reflective judgment model, 2-yr longitudinal study, 5368

weak vs strong gestalt vs analytic strategy training, performance on gestalt vs analytic progressive matrices items, 4th vs 6th vs 8th graders, implications for intellectual assessment, 5369
Intellectually Gifted [See Gifted]
Intelligence
activity level & temperamental factors & intelligence, hyperactive vs nonhyperactive preschoolers, 10634
age & intelligence & physical fitness & self concept & parent-child relations, creative thinking abilities, gifted elementary & junior high school students, Taiwan, 802
age, development & nature & functions & intelligence & wisdom & cognitive ability, 805
birth order, intelligence & personality & behavior problems, 1st born vs laterborn children, 10082
confluence model of cross cultural data, family configuration & intelligence, comment on R. B. Zajonc & J. Bargh's study, 6994
consistency of home environment, intelligence & child development, Black vs White 6 mo–3 yr olds, 796
constraints approach to cognition & intelligence, 260
differentiation & complexity of factorial structure of intelligence, 9 yr olds of average vs below vs above normal IQ, test of K. H. Wewetzer's divergence hypothesis, 794
divergent & convergent production on Family Test, prediction of intelligence & school achievement, 15–16 yr olds & college students, 5361
exposure to mercury, nerve conduction velocity & short term memory & intelligence & somatic disorders & vigilance & mood, industrial workers, 13086
factor analysis of screening battery, assessment of personality & intellectual & demographic & behavioral variables, incarcerated male & female delinquents, 9325
genetic determination of intelligence, 5051
genetic vs role-model vs cohort vs sociocultural factors, intelligence & morality & eminence & leadership & life span & reign span, European hereditary monarchs, 5685
hair lead content & intelligence & school achievement & motor impairment, rural 5–16 yr olds, 10642
hereditary & environmental factors, intelligence & school achievement, implications for school psychology, 1966
individualized education &/vs psychological treatment, emotional stability & intellectual ability & academic achievement & vocational aspirations & personal contentment, underachieving emotionally disturbed 8–16 yr olds in therapeutic community, 11004
intelligence & creativity, aged, Scandinavia, 5282
intelligence & creativity, male vs female college students, 12720
intelligence & memory recall & neuroticism & social desirability, suggestibility, Ss with mean age of 31.8 yrs, 8015
intelligence & personality traits, heterozygotes for lipidoses, 8312
intelligence & training, creativity, 10–11 yr olds, 5396
intelligence, fertility in relation to population as whole, surveyed Black vs White male vs female 25–34 yr olds, 8061
intelligence measured by British Ability Scales, children with mean age of 7.5 yrs from regional vs standardization samples, 11661
long term exposure to lead & mercury, psychomotor & emotional disturbances & intellectual deterioration, 5709
ontogenic structures & factorial dimensions, theories of intelligence, 5693
organizational patterns of sensorimotor intelligence, Down's syndrome infants with mean CAs of 15.3 & 13 mo enrolled in home- vs center-based early intervention, 8246
relationship between attention & intelligence, 11867
RT & movement time & intelligence, 9th grade females, replication of A. R. Jensen & E. Munro's study, 7713
SES, Level I & Level II mental abilities, 6–7 vs 8–9 yr olds, India, implications for A. R. Jensen's theory, 12416
sex differences, factor analysis of intelligence, parents vs their natural vs adopted 14–22 yr olds, 7727
sociology of psychological knowledge & Marxist-Leninist ideology & belief in genetic basis for individual differences in intelligence, 9220
stability of intellect & personality, chronic schizophrenic patients with mean age of 41 yrs, posttreatment followup, 10359
teacher identification & intellectual vs creative giftedness & characteristics of recognized vs unidentified gifted students, gifted secondary students, UK, 4362
theory of process of cognition & theoretically important aspects of individual mental performance, concept of & tests to measure intelligence, 4913
type of task & level of task difficulty & type or volume of noncontingent punitive stimulation & intelligence & personality & motivation, problem solving, human Ss, 11870
validity of confluence model, prediction of intelligence from birth order & family structure & parental IQ, 5694
validity of WAIS Information & Vocabulary subtests, prediction of self rated intelligence, college students, 2424
virus infection of CNS during 1st yr of life, intellectual abilities, 5.7–8.8 yr olds, 5951
Intelligence Age [See Mental Age]
Intelligence Measures [See Also Frostig Development Test Vis Percept, Goodenough Harris Draw A Person Test, Illinois Test Psycholinguist Abil, Peabody Picture Vocabulary Test, Porteus Maze Test, Raven Coloured Progressive Matrices, Raven Progressive Matrices, Remote Associates Test, Stanford Binet Intelligence Scale, Wechsler Adult Intelligence Scale, Wechsler Bellevue Intelligence Scale, Wechsler Intelligence Scale Children]
achievement & intelligence test-retest performance, 5–16 yr olds with leukemia or solid tumors, 1-yr followup, 3762
administration of McCarthy Scales of Children's Abilities by machine vs trained examiner, test scores, 8–8.5 yr olds, 9355
characteristics & recommendations for administration of Perkins-Binet Tests, visually impaired children & adolescents, 158
correlations between Cognitive Abilities Test Form 3 & Ross Test of Higher Cognitive Processes, gifted 4th–6th graders, 11692
court decisions on validity & cultural fairness of individual intelligence tests, Black schoolchildren, 7906
cultural bias in group intelligence tests, South Africa, 126
development of theoretical basis for diagnostic procedures in assessment of cognitive development, literature review, 75
E evaluation of S performance, assessment of projective intelligence test, vocational counselor interns, 9305
factor structure & reliability of Galo Intelligence Test & subtests, primary school children, 4811
hazards of standardized IQ tests, identification of gifted students, 4408
hierarchical cluster analysis of short test battery, assessment of intelligence & perceptual motor coordination & academic achievement, 6–16 yr olds, 9392
inadequate level of difficulty of WPPSI, gifted 4–6 yr olds, 4759
instrument to measure locus of control & standardized achievement & IQ tests vs school grades, locus of control & academic achievement, male vs female children vs adolescents vs adults, literature review, 5296
legal issues in educational & intelligence testing & PL 94-142, 2165
long term reliability of intelligence test scores, children with spina bifida tested at 5 & 10 & 16 yrs of age, 4805
long-term test-retest reliability of Wonderlic Personnel Test, measurement of intelligence, 17–69 yr olds, 99
predictability of intelligence test performance, 9 & 10 yr olds, 2445
predictive validity of infant performance on Gesell Developmental Schedules, WISC-R Performance & Verbal IQ & PPVT & Wide Range Achievement Test scores at age 12, middle class males, longitudinal study, 2459
predictive validity of intelligence tests, infants, 11670
problems in intelligence measurement, school age children, 4765
proposals for new intelligence tests, 7038
Quick Test vs Stanford-Binet Intelligence Scale, IQs, 16–76 yr old institutionalized mentally retarded, 7047
race of examiner, intelligence test performance, literature review, 2430
reliability & validity, Expressive One-Word Picture Vocabulary Test, children, 81
reliability of German version of WAIS vs Leistungsprufsystem, psychometric single-case diagnosis, brain damaged patients, 2470
sex differences & sex bias on Form A of Boehm Test of Basic Concepts, kindergartners, 13693
structure of intellect model of J. P. Guilford, description of & means & ranges for scores on 24 subtests of Structure of Intellect Test & applications in vocational guidance, 11699
Structure of Intellect test, assessment of abilities based on J. P. Guilford's conceptualizations of intelligence & prescriptions of remedial exercises & academic & vocational guidance, 11712
teacher vs peer nomination vs pupil product vs Draw-A-Man test vs Leiter International Performance Scale, identification of intellectual superiority, Black kindergartners & 3rd graders, 9108
theory of process of cognition & theoretically important aspects of individual mental performance, concept of & tests to measure intelligence, 4913
validity & reliability of Leiter International Performance Scale, nonverbal assessment of intellectual development, kindergartners, 4786

Intelligence Quotient
academic achievement & IQ, working class school age children who had been adopted at age 4 mo by upper-middle class families, 9929
academic achievement & teachers' perceptions of academic ability & social behavior & instructional behavior, mainstreamed learning disabled 4th–6th graders with high vs low IQs, 9054
age & sex & IQ differences & duration of institutionalization, age perception of self & others & death concepts, mentally retarded 17–62 yr olds, 8255
attractiveness, IQ, college students, failure to support predictions of E. Berscheid & E. Walster & S. Chaiken, 2619
comparative IQs, Japan vs US, criticism of R. Lynn's study, 3444
early delays in walking &/or talking, prediction of IQ & reading difficulties, children assessed at 3 & 7 yrs of age, New Zealand, 1323
EEG slow frequency & WISC-R Verbal & Performance IQs, 9–14 yr olds, implications for detection of learning disabilities & behavior problems, 3487
eidetic imagery ability & memory for random shapes & IQ & reading ability, 8–9 yr olds, 7757
examiner's race & mistrust of Whites, Stanford-Binet Intelligence Scale performance, Black 9–11 yr olds, 12453
grade level & geographic location & type of school & sex & IQ & SES, perceptions of formal & informal teacher authority, 1st vs 3rd vs 6th graders, 4316
hair mineral levels, physical & mental & behavioral disorders & intelligence, literature review, 8081
hand-eye & ear laterality & familial handedness, WISC-R scores, 12–14 yr olds, 12420
heredity vs environment, IQ differences, 8017
heterogeneity of IQs, urban Head Start children, 3156
inbreeding, mental ability scores on 11 WISC subtests, Ss with mean age of 8.6 yrs, Japan, 3173
intelligence & personality, effect of low intensity continuous vs intermittent noise on mental performance, 10 yr olds, 5309
intensive treatment at preschool psychiatric day center, clinical ratings & behavior & IQ & family variables, 8 yr olds, 5-yr followup, 8672
interpretation of WISC-R Verbal-Performance IQ discrepancies, 11641
inverse relationship of Selz-Reitan index of scatter to IQ, 9288
IQ & adaptive behavior & SES, prediction of mathematics & reading achievement, White vs Black vs Mexican American 7–14 yr olds, 776
IQ & subtest scores on WAIS vs WAIS-R, male military veterans with mean age of 52 yrs referred for neuropsychological evaluation, 124
IQ advantage, monozygotic twin with larger birth weight, 770
IQ discrepancy patterns between Stanford Binet Intelligence Scale & WISC-R, 6.1–15.9 yr olds with developmental problems, 9310
IQ gains over last generation & current norms, children, Japan vs US, 7019
IQ level & sociocultural background, academic & social success, disordered gifted children in psychiatric center, 5719
IQ, performance on Halstead-Reitan Neuropsychological Test Battery for Older Children, 9–14 yr olds with seizure disorders, 4793
learning disabilities, adolescents with high IQ scores, 3637
linear regression analyses, WAIS IQ, males vs females with unilateral brain damage, 5979
long term reliability of intelligence test scores, children with spina bifida tested at 5 & 10 & 16 yrs of age, 4805
Matching Familiar Figure Test norms based on IQ, 8 yr olds, 2454
memory & consequences of knowledge of child's average vs above average IQ, parents of 6–15 yr olds, 960
methodological & statistical issues in research on biometrical genetic model for discrimination of genetic vs environmental influences on IQ, 5043
nonshared within-family environmental variation, IQ, children, 5381
personal problems & further education, IQ, former slow learners, followup at 30 yrs of age, 12983
predisposition for alcoholism defined by parental alcoholism, WISC IQ, 12 yr olds, Denmark, 12911
prekindergarten program participation, IQ & school achievement, children evaluated during 6th–8th grades, 8987
psychosurgery, performance on psychometric & projective tests, 16–70 yr old psychiatric patients, 8609
racial & age differences, adoption effects on intelligence, White vs Black & interracial 4–11 & 18–22 yr olds, 5398
reading remediation, reading skills & achievement & IQ & cognitive & psychomotor test scores, 7–13 yr olds with reading disorders, 4345
reliability & stability of WISC & WISC-R & WAIS Full Scale IQs, mentally retarded adolescents & young adults, 4800
reliability of French adaptation of WISC-R, IQ, 6–16 yr olds, France, 2417
resemblance of IQ to biological vs adoptive parents, 5 to over 10 yr olds, 5363
Stanford Binet & WISC-R IQs, 4–6 yr olds, New Zealand, 7071
unusual first names & SES, IQ & emotional adjustment, literature review, 12750
validity of regression equations, estimation of premorbid IQ from demographic data, brain damaged patients, 1335
validity of Vocabulary-Block Design subtest combination for estimation of WAIS-R Full Scale IQ, psychiatric patients with mean age of 42 yrs, 2462
Verbal vs Performance IQ on WAIS or Wechsler Bellevue Intelligence Scales, males vs females with cerebral dysfunction, literature review, 88
Verbal-Performance IQ discrepancy, perception of rhythm & timbre, college students, 7145
Verbal/Performance IQ differences on South African WAIS, determination of brain damage, adults, 129
visual instruction as complement to programed instructional units, achievement, college students, 11216
WAIS Verbal IQ & MMPI measures of organicity, psychiatric patients with mean age of 53 yrs, 113
WAIS-R scores & performance on reading & spelling & arithmetic achievement tests, 25–30 yr olds diagnosed as dyslexic during childhood, 10518
Intelligence Scales [See Intelligence Measures]
Intensity (Stimulus) [See Stimulus Intensity]
Intentional Learning
incidental vs intentional learning, memory for structural vs variable features of places, college students, 11901
intentional & incidental learning & instruction to forget, encoding & retrieval processes, college students, implications for understanding of posthypnotic amnesia, literature review, 7185
reading ability & age, intentional forgetting & recall of to-be-remembered items, normal vs reading delayed 1st–5th grade males, 5900
Interaction (Double Bind) [See Double Bind Interaction]
Interaction (Interpersonal) [See Interpersonal Interaction]
Interaction (Social) [See Social Interaction]
Interaction Analysis (Statistics)
characteristics & interpretation, statistical interaction, 2487
generalized discriminant analysis as descriptive technique associated with multivariate general linear model, 2546
methodological & conceptual problems in research on interactions between attributes & treatment, 11644
Intercourse (Sexual) [See Sexual Intercourse (Human)]
Interdisciplinary Treatment Approach
admissions group, adjustment following nursing home facility, frail aged, 6433
art & verbal group therapy, 32 yr old chronically depressed self destructive female with psychosomatic complaints, 10662
behavioral health's challenge to academic & scientific & professional psychology, comment on article by J. D. Matarazzo, 10722
behavioral medicine, literature review, 6085
behavioral observation centers, multidisciplinary diagnosis & treatment recommendations, children & adolescents, Switzerland, 6409
collaboration between therapeutic & correctional systems, treatment, drug offenders, Australia, support for Milwaukee Model of F. A. Aprill et al, 11094
conflicts on hospital teams, psychiatrists & psychologists, criticism of article by P. Hartocollis, 8914
cooperation between health care & social welfare systems, Finland, 10925
course & consequences & cognitive & emotional & behavioral effects of doctor-patient relationship, application of T. Tomaszewski's depiction of situation as system of values & possibilities, 10681
definition & diagnosis & treatment, academic underachievement, 9–18 yr old students, UK, 5–10 yr followup, 4305
development of family health center which provides infant mental health services, 1755
development of hospital interdisciplinary spinal cord injury service during acute care stage, orthopedists & psychiatrists & rehabilitation therapists, 1818

development of multidimensional general hospital psychiatric unit, patients with severe character disorders, 13362
developmental & preventive & multidisciplinary treatment approach, children of divorcing parents, 1486
dilemma experienced working with socially isolated 11 yr old female in residential facility, child care worker in multidisciplinary team, 1807
evaluation of family practice residency program with vs without behavioral science emphasis, senior residents, 11124
geriatric clinical evaluation training course, multidisciplinary assessment of aged clients, 4163
holistic treatment based on high level wellness, alcoholism, 11048
identification & assessment procedures & intervention strategies & service delivery model, secondary prevention of child abuse by At Risk Parent Child Program, parents of young children, 1715
integration of child psychiatrist into pediatric-surgical service, 6327
interagency cooperation & volunteer support & self-help & humanistic therapy, Child Sexual Abuse Treatment Program of Santa Clara County, California incest victims & their families, 1729
interdisciplinary investigation of incidence & characteristics & injuries & familial social characteristics, abused newborn to 10 yr olds, Greece, 1225
joint legal & marital counseling, separating couples, 1528
liaison psychiatry & gastroenterology, irritable bowel syndrome & anorexia nervosa & obesity, 8366
liaison psychiatry, burn patients, 11007
medical disposition & psychosocial management & direct treatment of patients & specialty & liaison vs consultant model, satisfaction with psychiatric consultation in medical hospital, physicians, 4063
model for integration of patient services during transitions between hospital & community mental health care, 3997
model for multidisciplinary training & education in hospitals, geriatric medicine, 6493
multidisciplinary approach to diagnosis & treatment, learning disabled children & adolescents, 10712
multidisciplinary provision of preventative & clinical services, infants & parents with emotional problems, 6364
multidisciplinary treatment, acute schizophrenia, 8396
multidisciplinary treatment approach, 22 yr old female hospitalized with multiple injuries from suicide attempt, 13305
multidisciplinary treatment plan & review form, 8397
music as reinforcement & behavior modification techniques, music therapy, developmentally disabled & mentally retarded & juvenile delinquents & students & patients, literature review, 8517
need for community involvement in family violence intervention, 8643
need for joint medical & psychiatric consultations, treatment compliance, 28–42 yr old psychiatric inpatients, 6431
new ideas & part-time institutional practices, child & adolescent psychiatry, 8734
parents' motivation & psychosocial diagnosis & team's relationship with & reaction to parents, interprofessional treatment team members & parents of hospitalized abused children, 1792
part-time institutional action & multipolar approach to therapy & inclusion of family & school, 6 yr old emotionally disturbed female, 8392
participation in pediatric rounds to provide awareness of psychosocial needs of families & their neonates, infant mental health specialists, 1825
pediatrician & psychiatrist as cotherapists in treatment, 14 yr old female with anorexia nervosa, 10742
planning & direct service & staff education, adolescent medicine unit, consulting psychiatrist, 4066
prevention schema & case detection & staff education & patient & family group education & institutional structural innovations, psychological health, hospitalized medical patients, 4083
psychological interventions, treatment of cancer, literature review, 13151
psychosomatic research & behavioral medicine & holistic health care & general hospital psychiatry & interdisciplinary collaboration & transformation of consultation model, consultation-liaison psychiatry, 4183
psychotherapeutic treatment strategy for transactional analysis game "allergic" as incorporating medical & psychological treatment, patient & family, 8375
psychotherapy & gastroenterology, gastrointestinal disease, 8414
role as coordinators & organizers of multidisciplinary treatment team, psychiatrists, 1489
role expectations within multidisciplinary mentally retarded/developmental disabilities unit, psychologists, 4206
role in management of hemophilia, rehabilitation counselors, 4091
role of biofeedback, behavioral medicine, 10711
substance abuse & mental health problems, need for coordinated intervention networks, aged, 1725
treatment integrated into school & home environment, school failure, neurotic children, 8364
Western history & current models & treatment & empirical methodology, pain, literature review, 13123

Interest Inventories
concurrent & predictive validity of revised Strong-Campbell Interest Inventory, prediction of college majors, college students, 6777
construct validity of COPSystem Interest Inventory scales based on Vocational Preference Inventory, occupational interest assessment, college students, 11316
principles for development & application of inventory of vocational interests, 2163

Interest Patterns [See Interests]

Interest Scales [See Interest Inventories]

Interest Surveys [See Interest Inventories]

Interests [See Also Occupational Interests]
anticipated reverse smoking rule & duration & importance of meeting, perceived distraction, 21–50 yr old smokers vs nonsmokers, 7988
content preferences in books & TV, male vs female 4th & 5th graders, 1970–71 vs 1978–79, 878
cultural enhancement vs work fatigue compensation, motivation for leisure activity, Ss with mean age of 28 yrs, 7849
development of educational orientation index, assessment of perceived ability to learn & educational needs & interests & locus of control & use of free time & barriers to participation in educational/cultural events, 55–81 yr olds, 4423
development of school related & recreational & personal & social interests, gifted elementary & middle school students, Taiwan, 3-yr longitudinal study, 774
interests in role of society vs community vs family vs individual status in health & illness, medical students, 6533
participation in performing arts workshop & sex differences, interest & participation in aesthetic & athletic & leisure activities, entering college students & high school students, 5422
perception of equity vs inequity & interesting vs dull task & helping vs nonhelping model, altruistic behavior, college students, 12636
personality-environment congruence & differentiation of interests, job satisfaction, teachers, 13541
teaching interests in & through reading, children, 13558
topical knowledge & interest, prediction of listening comprehension, 1st graders, 9007
utilization of student interests in planning college reading programs, 13586

Interference (Learning) [See Also Proactive Inhibition, Retroactive Inhibition]
acoustical spectra of Spanish vs English vowels, implications for interference in bilingualism, 731
automatic reading using Stroop test, prelingually deaf 12–25 yr olds, 1392
aversive stimulation & conditioned drinking response, passive escape behavior, mice, 2711
blocking phenomenon in Pavlovian conditioning, literature review, 7305
characteristics of distractor material, comparability of experimental results in recall/recognition experiments, 11882
concurrent interocular inversion of monocular discriminative stimulus, visual discrimination learning, albino vs hooded rats, 11952
concurrent undirected introspection, thinking in concept identification, college students, 11853
concurrent verbal vs spatial task, RT to lateralized light flash, right handed college students, 465
context associations & signaled vs unsignaled UCS, interference effects, male rats, 2691
context extinction using conditioned emotional response, latent inhibition, male rats, 4990
CS preexposure with vs without low-level hippocampal vs cortical stimulation, latent inhibition in classical conditioning of nictitating membrane response, rabbits, 2957
curriculum development & student group process & learning & teaching problems & course evaluation, women's studies course, psychiatry residents, 6489
differentiating cue noun & semantic similarity of stimulus adjectives, interference in paired associate learning, 2653
directed forgetting tasks, strategies to eliminate interference from irrelevant information in memory, 7 vs 9 vs 11 yr olds, 12398
duration of CS preexposure & interference effects, toxicosis learning, rats, 2714

experience in sport skills & contextual interference, learning & transfer, 1st–3rd graders, 12404
eye fixations & random letters & digits & gratings as space fillers between words & delayed onset of space fillers, interference in eye movements during reading, adults, support for 2-process theory of eye movement control, 231
hypnotically induced amnesia, interference with other memory information, college students, 2645
interference effects of homophones vs other interference paradigms, college students, 11906
intertrial interval & sample durations, delayed matching-to-sample performance, pigeons, 11958
lipreading vs reading as distractor task, free & backward recall, college students, 11876
neutral message about consumer product brand in context of predominantly positive vs negative messages about other similar brands, delayed evaluation of neutral brands, 2626
peripheral vs central visual presentation of large letter stimuli composed of same vs different small letters, letter identification RT & associative interference, female college students, 9461
picture/word interference in unilateral stimulus presentation, college students, 7404
presence of conspecific, simultaneous & subsequent observational acquisition of bar press, male rats, 7245
prior conditioning to 1 component of compound CS & trace interval between compounds of CS, blocking effect in conditioned suppression, male rats, 11940
reverse interference on Stroop Color-Word Test, 18–55 yr old schizophrenics, 12764
sensory preconditioning & blocking, tolerance to morphine analgesia, male rats, test of Pavlovian conditioning model of drug tolerance, 12257
Stroop Color Word Test, interference in speed & accuracy of responses, autistic 8.7–16.4 yr olds, 5739
time course analysis of response competition hypothesis, Stroop phenomena, college students, 258
visual vs auditory presentation, interference in acquisition of abstract vs concrete sentences, 18–27 vs 34–45 vs 62–76 yr old males vs females, implications for imagery vs mediational strategy, 10024
word & color priming, interference on Stroop task, female college students, 11858

Intergroup Dynamics
group membership, role of attitude change vs attribution to competing out-group in cognitive dissonance reduction during contrary argument composition task, members of campus group supporting R. Reagan for president, 10268
human relations program, student intergroup relations & affect, students in desegregated elementary schools, 6620
intergroup theory & racial attitudes, patterns of association & intergroup dynamics, Black & White managers, 6842
level of group privilege & member status, ratings of adjacent vs nonadjacent in- vs outgroups, college students, 7967
perceived economic gap between groups & type of personal-group relative deprivation, group discontent & role in sociopolitical attitudes, 22–50 yr old Francophones vs Anglophones, Quebec, 10110
social identity reflected in evaluation of self & own group & outgroups, high caste Hindus vs scheduled castes vs Muslims, India, 3274
structure & relationship to corporate network, intercorporate elite, Italy, 13756
style of personal boundary management, social involvement/disengagement reflected in nonverbal behavior during small self study groups vs intergroup activities, college students, 10240
team locus of control, aspiration level & bargaining outcomes, college students, 3384
3rd party consultation in intergroup conflict resolution, literature review, 10230

Interior Design
creativity expressed through home decoration & garden organization, working classes, 4575
locus of control & introversion vs extraversion & score on Least Preferred Coworker scale, office desk & seating arrangements, university faculty members, 13527
social reality, spatial design & architecture, 4570
spatial arrangements of residential group care settings, 1805
use considerations, design of elevators & stairs as integrated systems, 4572
workplace layout design using anthropometric data, male & female machine operators, 11451

Intermarriage [See Exogamous Marriage]

Intermediate School Students
Bayesian weighting of Progressive Achievement Test scores, estimation of true scores, intermediate school students, 4826
biofeedback training, classroom behavior, hyperactive learning disabled primary & intermediate school students, 9058
time of day, classroom behavior & problem solving performance fluctuations, intermediate-level attention deficit students with hyperkinesis, 13666

Intermittent Reinforcement [See Reinforcement Schedules]

Internal External Locus of Control
achievement attributions & locus of control, 3rd & 6th grade learning disabled males, 5904
achievement locus of control & expectations of academic success, gifted high school students, 9043
age & sex & agent of external control & connotation, evaluation of locus of control, 6.1–11.7 yr olds, 899
anxiety level & health locus of control & social supports & number of life events & illness severity & demographic variables, health clinic utilization, 18–65 yr olds, 8674
attitudes toward counseling & counselors & level of career indecision & locus of control, college students with vocational problems who did vs did not seek counseling, 6813
Behavioral Internal-External Scale, assessment of relationship between verbalized beliefs & behavior, college students, 7065
Big Sisters Life Choices Clubs, behavioral consequences & locus of control & values, 9–12 yr old females, 5469
cognitive style & locus of control & personality traits, White vs Native American juvenile offenders, 12949
comparison of J. B. Rotter's locus of control theory vs S. Schachter's theory of obesity vs attribution theory & their potential integration into social learning theory, 7997
construction, locus of control scale for children's perceptions of social interactions, 3rd–6th graders, 9323
correlates of life satisfaction & desired control, elderly residents of partial-support apartment complex, 8747
course in psychology of women, locus of control & sex role orientation & self perceptions, female college students, 13569
defensiveness & locus of control, ability to cope with life stress, male college students, 5683
demographic & cognitive & experiential variables, presurgical anxiety, 18–65 yr old patients, 8608
development of educational orientation index, assessment of perceived ability to learn & educational needs & interests & locus of control & use of free time & barriers to participation in educational/cultural events, 55–81 yr olds, 4423
divorce, locus of control, 32–46 yr old females, 8 yr longitudinal study, 12699
educational & social & psychological correlates, vocational maturity, 9th–12th graders, 7793
evaluation of therapeutic day camp, adjustment & behavior, internal vs external control 8–12 yr olds, 1470
external locus of control, choice of therapy or training, 8387
family type & age at onset of father absence, locus of control, college students, 12734
health locus of control & MMPI-assessed personality variables, alcoholic inpatients with mean age of 46.6 yrs, 10482
health locus of control, participants vs dropouts vs nonparticipants in physical fitness program, 3461
increase in personal control over environment, activity & happiness & perceived control, 69–89 yr old nursing home residents, 10996
individual patterns of locus of control attributions & psychosocial competence, members of religious congregations with mean age of 39 yrs, 8038
instrument to measure locus of control & standardized achievement & IQ tests vs school grades, locus of control & academic achievement, male vs female children vs adolescents vs adults, literature review, 5296
internal vs external locus of control & level of trust, nonverbal communication accuracy with strangers vs intimate others, male vs female married adults, 5637
juvenile awareness program, self concept & locus of control, 12–17 yr old male delinquents in residential treatment program, 13395
knowledge of diabetes & locus of control, diabetic control, 5–19 yr old insulin-dependent diabetics, 3711
locus of control & coping & defense mechanisms, US Marine Corps recruits with average age of 18.9 yrs, 12747
locus of control & expectations, relaxation of frontalis muscle using EMG biofeedback, college students, 2894

locus of control & extent of social support, weight reduction, female employees, 8378
locus of control & extraversion, autonomic activation during biofeedback training of EEG alpha, 20–53 yr olds, 7476
locus of control & field dependence & need for power, efficacy of electroconditioning aversion program with vs without covert sensitization & preferred vs nonpreferred beverage, male alcoholics, 4118
locus of control & inductive vs deductive instruction methods, mathematics achievement, college students, 2013
locus of control & introversion vs extraversion & score on Least Preferred Coworker scale, office desk & seating arrangements, university faculty members, 13527
locus of control & repression–sensitization, acute schizophrenic vs schizophrenic criminal vs criminal psychiatric males, 3506
locus of control & search for self concept & environmental freedom, adolescent & young adult workers, 5435
locus of control & self serving bias & attitudes toward safety, pilots, 11345
locus of control & uncertainty & self confidence in future coping & fear of future occurrence of negative events & depression, Asian vs White 65–82 yr olds, 3445
locus of control & variable vs consistent food intake instructions in behavioral weight loss program, weight loss, 20–60 yr old obese females, 1592
locus of control &/vs syllabus orientation, attitude toward project work & academic outcome, "open university" students, 9022
locus of control, action taking, literature review, 8026
locus of control, adjustment to long term care, aged nursing home residents, 4072
locus of control, aggression inhibition through aggressive humor appreciation, female college students, 10301
locus of control, choice of skill- vs chance-determined reinforcement, college students who volunteered for extra credit, implications for experiment volunteers, 12729
locus of control, coping with stress of spouse's chronic illness, wives of hemodialysis patients, 8340
locus of control dimensions of Reid-Ware Three Factor Internal-External Scale, Buss-Durkee Hostility-Aggression Inventory, male vs female college students, 1108
locus of control, encoding & recall of semantic vs superficial features in word lists, college students, 7157
locus of control, prediction of success in jaw-wiring program, obese females with mean age of 32.5 yrs, 13122
locus of control, sociopolitical & protest behavior, 8059
locus of control theory & usefulness in social casework, literature review, 1766
locus of control, unwed adolescent fathers vs nonfathers, 12493
locus of control, 4–14 yr olds with psychosomatic asthma or ulcerative colitis vs chronic illnesses affecting same organs, 3763
mother loss, locus of control, male vs female college students, 10298
overreward vs underreward, performance, 9th & 10th grade internal vs external locus of control students, Hong Kong, 3237
parental & school influences, development of attitudes about control, talented & gifted adolescents, 10096
participation in preschool efficacy oriented intervention to internalize locus of control for success/failure, academic achievement, kindergartners & 1st graders, 6657
physical attractiveness & locus of control, 3rd–6th graders, 5316
power position & generalized self efficacy, situational self efficacy & outcomes in negotiation networks, female college students, 7966
powerlessness & belief in external control, paranoia, 18–65 yr olds, 12842
presence of sons in family, locus of control, 32–46 yr old mothers living with vs without spouses, 961
prior absenteeism & group cohesiveness & health locus of control & other factors, prediction of absenteeism, manufacturing plant employees with mean age of 34 yrs, longitudinal study, 13728
prognostic utility of Rotter's Internal-External Locus of Control Scale, 18–65 yr old agoraphobics in behavioral & pharmacological treatment, 10696
psychometric properties of Multidimensional Health Locus of Control Scales, male alcoholic inpatients with mean age of 45.5 yrs, 7066
race & locus of control & self esteem, prediction of parent vs peer orientation, Black vs White 12th graders, 10045
refinement of measures of locus of control & people orientation & study habits & attitudes, hearing impaired college students, 7014
relaxation-suggestion-imagery, increased internal locus of control, high school teachers, 11188
reliability of locus of control scales, measurement of locus of control & verbal ability, 3rd–6th graders, 5302
religiosity & locus of control & perceptions of mental illness & pastor's role & church activities, mental health & choice of helping person, 13–77 yr old Puerto Rican vs Black members of the Pentecostal Church, 5513
remedial vocational & academic skills program, locus of control, 16–21 yr old disadvantaged high school dropouts, 8959
role of family & social learning theory & usefulness in psychotherapy, development of locus of control, 1086
scores on Perceived Competence vs Perceived Contingency Scales, performance on intentional vs incidental task, internal vs external Ss, 12707
self concept & locus of control, prediction of achievement, deaf 13–19 yr olds in residential schools, 2120
self esteem & locus of control, sex role perceptions of self vs opposite sex, male vs female adolescents, Philippines, 3260
self monitoring, locus of control change, educable mentally retarded children, 1569
SES & locus of control & IQ & self esteem, academic achievement & prediction of academic performance, secondary school students, Nigeria, 11229
SES, obesity & nutritional knowledge & self perception, mothers & their 2–14 yr olds, implications for prevention, 10589
sex & age & locus of control, moral judgment & attribution, junior high & senior high school students, 923
sex differences & consistency of factor pattern, Adult Nowicki-Strickland Internal-External Control Scale, college students, 6996
social relations & locus of control, healthy elderly, 10090
teacher expectations & student locus of control, self concept & academic achievement motivation, 5th graders & teachers, Taiwan, 2080
team locus of control, aspiration level & bargaining outcomes, college students, 3384
training in problem solving techniques, academic achievement & locus of control & emotional stability, college students, 13229
trait anxiety & anger & religiosity & locus of control & authoritarianism, 11th graders, 5436
use of internal vs external causal information, attribution for another's essay-writing behavior, depressed college students, 12674
validity of locus & stability scores derived from S's causal ascriptions according to taxonomy of Weiner et al, 11864
validity of questionnaire for measurement of illusion of control & skill orientation, Ss playing games with different levels of chance & skill, 11691

Internal Rewards
endogenous catecholamine &/or opiate rewards, implications for reinforcing prosocial behavior, 5073

International Relations
motivation & resolve & capabilities of protagonists, outcomes of interstate disputes, implications for conflict management & escalation, 10105
problems in conceptualizing war & reasons for war-proneness of nations, 5561
psychological reactions to severance of US relations, college students, Taiwan, 7830
social psychological assessment, prospects for Israeli-Palestinian peace, Y. Arafat, 12571
3rd party consultation in intergroup conflict resolution, literature review, 10230

Internists
frequency & type & treatment of mental disorders among medical patients, internists & surgeons, 10904
internal medicine & concept of "person", US, 3987

Internship (Medical) [See Medical Internship]

description style in referential task, child's communication task performance, 4 yr olds & their mothers vs teachers, Japan vs US, 3187
development of communicative process, 3196
dialog of psychiatric consultation, psychiatric symptom reduction, 13180
diffusion of news about attempted R. Reagan assassination through mass media vs other persons, 9875
formal structure & status problems, interaction & communication, interdisciplinary research team, 13759
grammatical complexity & expression & perception of communications of positive vs negative emotions, college students, 5264
health & affection & communication in & quality of relationship with adult children, personal & family adjustment, parents aged 61 yrs & over, 7892
hypnotic suggestion with conflicting communication, response to suggestion, college students, 11927
importance of marginals in flow of information between groups, 3403
interaction patterns & communication deviance, normal vs disturbed families, literature review, 5749
interpersonal communication difficulties, dysphasic children, 10541
investigation of elements identified by H. H. Clarke & addition of 3 elements, understanding of indirect requests, merchants, Japan, 12335
item construction & factor structure & reliability & validity of teacher communication concern scales, measurement of self & task & impact dimensions, prospective & inservice elementary & secondary teachers, 6807
nemawashi as interpersonal empathic communication mechanism, Japan, literature review, 3286
personality & communication style, collective production, managers, USSR, 13750
prior knowledge of autistic child's language problem, communicative behavior with nonverbal autistic 4 yr old male vs his fraternal twin brother, female preschool teachers, 3555
problem identification & organizational structure & resident/staff communication, social activity, residents of home for aged, 13353
quality of S's message, evaluation of accuracy of listener's feedback about comprehension, Ss with mean age of 59 vs 72 vs 82 mo, 749
relevance of characteristics for comprehension of spoken message & encoding, memory of physical characteristics of message, college students, 4944
role of social referencing in affective communication, criticism of S. Feinman's conceptualization, 870
roles & communication as co-workers, psychologists & physicians, 13459
self monitoring strategies, message modification & social cognitive effects, college students, 12673
situational & occupational factors & strategies, delivery of news of death, physicians & nurses & law enforcement officers & clergy, 8847
talkativeness, structural complexity & discourse features in dyadic interactions with adult female, 3.5 yr old females, implications for language acquisition, 5404
theory & measurement, design & evaluation of marital communication skills training programs, literature review, 8491
therapist-patient communication, establishment of internal order & noncontradictory perception of reality, psychiatric patients, 6145
type of comforting communication, crying, 2–6 yr olds in day nurseries, 6215
type of interpersonal communication that results in creation of new interpersonal system, 10236
uses of paradoxical communication as interpersonal influence in family therapy, 3863
verbal interactional patterns during supervision sessions, satisfaction, supervisors & counseling trainees, 6507
videotape & written feedback, interpersonal communication & problem solving skills, happy vs distressed married couples, 8469
Interpersonal Compatibility
development of Relationship World Index, measure of agreement in intimate dyads, adults, 11720
group member compatibility, peer group learning, college students, 5638

importance of communality of background & sense of easy rapport, therapeutic alliance, therapists & clients, 13149
perceived similarity & subordinate sex, performance ratings, manager-subordinate dyads, 4516
similarity-complementarity on therapist effectiveness rating variable & level of accurate empathy, male college student dyads, 10239
thought patterns & compatibility, social workers vs lawyers, 8882
Interpersonal Distance [See Personal Space]
Interpersonal Influences
advice by relative/friend vs police/employer/teacher/bystander, help seeking behavior after injury or sudden illness, patients, 8600
anxiety & reactions of significant others & individual psychoanalytic psychodrama, epileptic attacks, children, 3838
authoritarian vs anti-authoritarian vs egalitarian legal attitudes & similarity to defendant in race & SES, individual & group decisions, college students as mock jurors, 7916
authority & peer pressure, evaluative responses to videotaped counseling sessions, counseling psychology graduate students, 11131
bidirectional influences between parents & children, compliance & attachment, male 2 yr old twins &/vs singletons & their parents, followup at age 9, 7888
bind situations vs unpleasantness vs conflict, ambiguous &/or indirect &/or evasive verbal messages, college students, 5261
children as independent variables, changes in behavior & cognitions & affect, adults, implications for child-effects in adult-child interactions, 10048
clarification of Gestalt therapy concept of figure/ground, focus of therapy, reply to criticism of S. F. Crocker, 4640
collaborative vs controlling vs lack of influence orientation, management decision making, college students, 13749
concurrent validity of College Self Expression Scale & person & situational & interactional influences, measurement of assertiveness, female college students, assertiveness training implications, 9342
construction & reliability & validity of 3 dimensional test, measurement of R. W. White's construct of effectance motivation, adults, 120
contextual determinants of failure management strategies or "accounting" behavior, college students, 10245
course & consequences & cognitive & emotional & behavioral effects of doctor-patient relationship, application of T. Tomaszewski's depiction of situation as system of values & possibilities, 10681
debate of proposed contact/boundary interference termed "proflections" in Gestalt theory, criticism of work of S. F. Crocker, 4627
expectation of high- vs low-intensity shock & presence vs absence of male vs female companion, arousal & attributions for arousal & attraction to companion, male college students, 12650
fathers' behavioral/personality traits & childrearing practices & peer influences, adolescent marihuana usage, male college students, 7765
friend vs stranger & single vs multiple instances of aid & ego- vs non-ego-relevant task dimensions, affect & self & helper evaluations, male college students, 5634
give & take process, analytic relationship, analysts & patients, 10725
individual age & age interval & sex composition of sibling dyad & number of toys & presence of mother, sibling interaction, 1.5–2 & 2.5–5.5 yr olds & their mothers, 7876
inferred sex differences in status, gender stereotypes about social influence, college students, 1034
interaction with confederate enacting depressed vs neutral vs elated mood state in role of helper vs stranger, mood induction, college students, 2669
interpersonal dynamics & individual differences, frequency & nature of games & conflicts, dyads of females from 22 to 25 mo old, 7812
interpersonal performance standards & self efficacy judgments, depressed vs nondepressed college students, 12817
legal control & peer & parental influences & marihuana use & perception as risk taking behavior, White vs Native American middle & high school students, 7827
level of self esteem, perception of other's liking for them & liking for others, college students, 12683
life influence of elementary school teachers, aged, 4328
mobility channel preference & educational aspirations, 15–18 yr olds, Costa Rica, 5482
model for training in influencing skills & confrontation, counselor trainees, 1929
multilevel approach for assessment of peer group interaction, individual & group behavior & affective responses, nurses, 10246
observation by friend vs stranger, felt embarrassment & attribution of responsibility, college students, 12671
operant theory, analysis of leader influence, methodological implications, literature review, 12629
optimal vs over- vs underuse of resource & low vs high usage variance & high vs low trust, resource use over time & vote to give up free access in favor of leader, college students, 5615
parental & school influences, development of attitudes about control, talented & gifted adolescents, 10096
parental vs peer influence, religious orientation, 16–18 yr olds, Australia, 5425
peer influence & modeling, prediction & correlates of marihuana usage, 14–18 yr olds, US vs France, 7790
peer vs adult & physically present vs videotaped model, observational learning of conservation, 6.2–7.9 yr olds, 12436
peer vs parental influence & orientation, sexual behavior, 14–19 yr olds, Nigeria, 5455
perceived support & encouragement from significant others, choice of male- vs female-traditional vocational course, female high school & vocational & community college students, 13711
perception of unity vs distinctiveness, attraction, college students, 12672
personal & interpersonal power, model of organizational power & control, 11430
pleasure &/vs pain & subjective distance & directedness & duration & imagination, emotions, 3478
positive vs negative feedback from supervisors vs co-workers vs clients, prediction of motivation & job performance, nurses, 13471
potentially stigmatizing events related to suicide of relative or friend, self reported stigma, 15–65 yr olds, 10505
praise vs blame & help giving vs neglect & assignment of easy vs difficult tasks & pity vs anger, implied evaluation of ability & target person's self perception, 12645
presence of laughing vs nonlaughing model during reading of cartoon, laughter & ratings of humorousness, college students, 7955
presence vs absence of target person, severity of judgments, college students, 7968
proflection & Gestalt theory, reply to J. Latner's criticism, 4626
race & locus of control & self esteem, prediction of parent vs peer orientation, Black vs White 12th graders, 10045
reciprocal influences, 4th grade students & teachers, 6717
self monitoring strategies, message modification & social cognitive effects, college students, 12673
sex bias & degree of expert power, compliance, college students, 12652
sex differences, socialization & family dynamics & peer influence in heroin use, heroin addicts, implications for drug rehabilitation, 3589
social & environmental & personal factors, self reported self feelings, females vs males with mean age of 13.3 yrs, 12498
social pressure & family problems & self destruction, alcohol intoxication, hospital treated 6–16 yr olds, Finland, 5865
social process of instigating as reporting of what was said behind one's back, Black 7–13 yr old females, 881
social support, adherence to medical treatment & modification of smoking & overeating & other health related habits, literature review, 13109
training in persuasion & interpersonal influence processes, counselor trainees, 1926
uses of paradoxical communication as interpersonal influence in family therapy, 3863
validity & stability of measurement & use with at-risk groups & effect on caretaker-child relations, temperament, children, literature review, 12483

interrater reliability of Infant Rating Scale, screening of educationally at risk students, 5–7 yr old students, 11323
interrater reliability of scoring of protocols for Developmental Test of Visual-Motor Integration, kindergarten teachers & school psychology externs screening 5.2–7.5 yr olds, 13685
interrater reliability of Southern California Postrotary Nystagmus Test, 4–5 yr olds with mental retardation or communication disorders or neurological or hearing impairment, 145
interrater reliability, past vs present symptomatology, chronic schizophrenics, 5768
item reliability & interrater agreement, short form of Teacher Temperament Questionnaire, preschool teachers & 3–6 yr old students, 4412
mother vs father vs child evaluation of severity & duration of child's depression, 6–13 yr old inpatients & their parents, 10379
observational design, generalizability of motor performance ratings, raters, 9412
reliability, lifetime diagnoses & symptoms in psychiatric patients with current disorder, psychiatric social workers & psychiatrist, 3798
reliability of O & mode of stimulus presentation, Behavioral Observation Audiometry, mild to severely handicapped 7–129 mo olds, 10312
reliability of 4 quadrant model of self control, adjective checklist results, experts in Type A & East/West & sex role psychology, 4794
reliability, peer judgments of psychology research proposals, ethical review committee, 13453
structure & reliability of Inpatient Multidimensional Psychiatric Scale, psychiatric inpatients, 11657
suggested changes in administration & interpretation of Adaptive Behavior Scale, handicapped, 7042
test & interscorer reliability of oral reading tests, professors & graduate students, 6801

Interresponse Time

chlorpromazine & septal lesions and lesions of ascending norepinephrine system, operant response parameters & emotionality in DRL schedules, rats, 7494
inter-response time contingencies & monetary reinforcement, button pressing 18–22 yr olds, 2663
metergoline & naloxone, cyclazocine induced disruption of operant responses, male rats, implications for opioid & serotonergic bases of cyclazocine action, 3035
postreinforcement pause & interim & terminal behavior in FI responding, male pigeons, 9551
required response force in FR schedules, response rate & interresponse times, pigeons, 4996
tandem & chain & FI schedules of reinforcement & interreinforcement intervals, response rates, pigeons, failure to replicate L. R. Gollub's study, 2713
temporal patterns of keypecks & behavioral adaptation to reinforcement contingency & dissociation between tacit knowledge & knowledge, pigeons, 7267
uncued shuttlebox avoidance situation, development of scalar timing, 90–110 day old female rats, verification of J. Gibbon's hypothesis, 2692

Intersensory Processes

auditory &/vs visual stimulus pairs, inter- & intrasensory paired vs serial recall errors, 9–13 yr old males in normal vs primary vs secondary reading diagnostic groups, 12969
conflict between visual & vestibular stimuli, motion sickness, squirrel monkeys, 12189
correlation between lateral preference & cross-modal sensory integration, 4th graders, 12402
cross-modal visual recognition for solid object vs their graphic representation, 1 yr olds, 7746
development of cross-modal object recognition, infant pigtail monkeys, 4981
exposure of fathers to Agent Orange in Vietnam, sensory integration level, 4–8 yr olds, 1332
exproprioceptive information available in optical flow arrays induced by curved paths of observation, 11819
finger tapping & verbal vs visuo-spatial tasks, hemispheric differences in interference, left vs right handed vs stuttering Ss, 7442

genetic & environmental influences, auditory-visual integration & reading achievement, 1st & 2nd grade twin pairs, 9972
geometric stimuli, confusion matrices, college students, test of gravitational model of form perception, 7120
head tilting & visual display rotation & vertical vs horizontal seating, somatosensory & vestibular & visual interactions in spatial orientation task, college students, 9448
inter- vs intramodal processing of sensory specific stimuli, college students, 11773
interaction with mother under seeing &/vs hearing conditions, affect, 3 mo olds, 5346
left vs right monaural & monocular stimulation, magnitude of oblique effect as behavioral manifestation of simple cells, right- vs left-eye dominant college students, 235
odor-taste vs taste-taste pairing before aversive stimulation, strength of aversion to target taste vs odor, female rats, 4992
perceptual harmony judgments between pulsed pure tone of varied pitch & gustatory sensations of beverages & food, humans, 11781
reading comprehension level & auditory & cross modal short term memory & digit span, 5th graders & college students, 5387
recognition of correspondence between aurally & visually presented speech sounds, 18–20 wk olds, 831
relative difficulty of concurrent bilateral tasks, performance tradeoffs, normal vs commissurotomy patient with bilateral language, test of perceptual interference vs resource limitation models, 2828
relative vision vs hearing dominance, pleasure &/vs arousal judgments about environment, college students, 2558
selective attention to stimuli presented in 3 modalities, regional cerebral blood flow, carotid angiography patients, 526
speaker &/vs listener training, transfer of learning, 5 yr olds, 7754
taste-taste vs odor-odor vs taste-odor stimulus mixtures, suppression effects in perceived intensity, adults, 9440
unexpected sensory & postural support conditions, environmental context adaptation of postural reactions & simple arm movement execution, humans, 203
verbal vs nonverbal scaling, establishment of universal semantic representations of qualities of multimodal objects & objects related to interpersonal perception & role of synaesthesia & metaphor, literature review, 76
visible &/vs odorous prey objects, interaction of visual & olfactory systems in guiding prey catching behavior, salamanders, 12027
visual & auditory stimuli in same-different decision task, decision time, mentally retarded Ss with mean age of 16.3 yrs, 8252
visual tracking task concurrent with auditory discrimination task, saccadic eye movements, adult males, 11775

Interstimulus Interval
auditory fillers, perceived interval duration, 18–42 yr olds, implications for filled duration illusion, 11772
brief silent gaps in white noise, auditory startle reflex inhibition, rats, 334
characteristics of & conscious identification of word vs pictorial prime & stimulus duration & interstimulus interval, semantic representation & latency in naming & automatic access to meanings vs names of target words & pictures, college students, , 255
food presentation & anticipation & elicitation, feeding behavior & schedule induced drinking, rats, 7264
interfood interval, type & frequency & distribution of activity, male pigeons, 9552
interstimulus interval & task complexity, accuracy & RT, college students, implications for operation of 2 information processing components, 9508
interstimulus interval of short tone bursts, scalp distribution of auditory vertex response & magnetic counterpart, 21–39 yr olds, 2826
location & time interval & spatial separation between 2 stimuli, apparent movement, college students, 4863
primary vs secondary CS-UCS interval in 2-presentation conditioning, flavor aversion, male rats, 5005
prior conditioning to 1 component of compound CS & trace interval between compounds of CS, blocking effect in conditioned suppression, male rats, 11940
repetitive trigeminal & acoustic & visual stimuli & interstimulus interval, habituation of blink reflex, 20–30 yr olds, suggestions for role of interneurons, 2837
respiration phase & information about response choice in RT task, cardiac cycle time effect, male college students, 513

Intertrial Interval
ACTH, habituation of startle response at various intertrial intervals, male rats, 12278
degree of sequential ordering of stimulus & semantic vs nonsemantic orienting tasks & retention interval, recognition, college students, replication & extension of work of J. J. Jenkins et al, 11887
diazepam, anxiolytic effects in exploratory behavior, male mice, implications for time of day & intertrial interval & multiple use of test animals in 2-chambered model system of anxiety, 3004
environment & study & testing phase intervals & word overlap in stimulus variations, recognition memory & perceptual enhancement, college students, 4947
FR reinforcement with vs without pretrial timeouts, interresponse times, pigeons, 339
intertrial interval & sample durations, delayed matching-to-sample performance, pigeons, 11958
intertrial interval, food hoarding reinforced running behavior, male golden hamsters, 5007
intertrial interval, simple RT, mentally retarded 12–16 yr olds, 3629
intertrial intervals in spaced practice, psychomotor reminiscence, college students, implications for inhibition vs consolidation theories, 11908
intertrial intervals, response-reinforcer pairing viewed as stimulus event vs response strengthener, pigeons, 7274
knowledge vs postknowledge of results-delay interval & intertrial interval, motor performance, college students, 11782
UCS duration & trial spacing & intertrial intervals, autoshaped responding, chicks, 7252

Interval Reinforcement [See Fixed Interval Reinforcement, Variable Interval Reinforcement]

Intervals (Stimulus) [See Stimulus Intervals]

Interviewing
clerkship in family medicine with vs without training in interviewing, interviewing skills, medical students, 6517
didactic instruction with vs without modeling & practice with feedback, intake interviewing skills, graduate students in rehabilitation counseling, 4181
geographical clustering & interview effects, attitude survey precision, 2287
interviewing technique to enhance self expression of problems in school counseling, 4437
need for & barriers to increased legal advocacy, client interview form & guide, mentally retarded, 10523
problems of sampling & interviewing, elderly persons, 13807
reliability of computer interview, collection of drug use/abuse data, high school students, 12904
workshop on interviewing skills & equal opportunity laws, compliance with inappropriate interviewer requests, college students, 6804

Interviews [See Also Job Applicant Interviews, Psychodiagnostic Interview]
analysis of family interview strategy by M. Selvini-Palazzoli et al, 13227
anxiety-producing interview, vocal & kinesic hesitation phenomena in spontaneous speech, college students, 736
attitudes & treatment approaches & techniques & evaluation of effectiveness, brief interviews, social workers, 8701
critical significance of 1st interview, transactional analysis treatment, criminal offenders, 8782
critical-incident approach with interview & cassette taping, assessment of work related attitudes & behaviors, police officers, evaluation of T. R. Berry's study, implications for participant-oriented training programs, 2229
development & validation of Adult Vocational Maturity Assessment Interview, disadvantaged adults experiencing delayed career development, 11696
effective communication, performance appraisal interviews, managers, 4504
objectives of initial interview, behavioral consultation, literature review, 1498
Personal Management Interview, prevention of regression after team building seminars, supervisors & subordinates, 2237
preparatory interview by training coordinator concerning expectations about group therapy experience, neophyte group therapists, 4132
reliability, Michigan Alcoholism Screening Test & Lifetime Drinking History, 16–58 yr olds with alcohol-related problems, 9383
reliability of oral communication, American Board of Psychiatry certification process, psychiatric candidates, 11141
representational system & eye movements during counseling, perceived empathy & ease of communication & anxiety & hostility, 17–27 yr old clients, 10959

scheduling considerations & base ratio & response rate criteria & evaluation of methodology & data, telephone interviews, consumers 18 yrs of age & older, 11494
semistructured interview & picture sequence task, assessment of friendship expectations, 2nd & 4th graders, 2356
use of interview vs questionnaire & type of questions in data collection, identification & perceptions of delinquent & nondelinquent youths, neighborhood residents, 5650
Intestines
dextroamphetamine & clonidine & clonazepam, rectal phasic activity, 15–52 yr olds with high vs low intestinal tone, implications for drug therapy, 6262
dextroamphetamine & fenfluramine & clonidine, rectal phasic activity, 15–51 yr olds with high vs low intestinal tone, drug therapy implications, 6261
etiology & assessment & treatment with protein-sparing modified fast & surgical bypass & behavior modification, obesity, 1484
intraduodenal glucose infusion, regulation of hunger & satiation, female rabbits, 648
phase locking of pyloric system network with commissural ganglia as basis for stomatogastric ganglia motor pattern generation, lobsters, 5081
role of pyloric network neurons in bursting pacemaker potentials, stomatogastric ganglia motor pattern generation, lobsters, 5080
synaptic organization of pyloric neurons as underlying basis for stomatogastric ganglia motor pattern generation, lobsters, 5066
Intimacy
change in apparent interactive distance & interviewer eye contact, heart rate & pulse amplitude, college students interviewed across interactive TV, 9704
conceptual model of dynamic pattern underlying marital conflict & intimacy, 5529
ego identity status in occupation & religion & politics & sex role, intimacy status, college-educated male vs female 21–35 yr olds, support for E. H. Erickson's theory, 1112
internal vs external locus of control & level of trust, nonverbal communication accuracy with strangers vs intimate others, male vs female married adults, 5637
interrelationship between intimacy & self actualization, 18–30 yr old urban college students, 5677
intimacy letters, closeness-avoidant couples, 3881
intimacy of self disclosure of confederate in situation with goal of information exchange vs conversation with vs without liking, descriptive vs evaluative intimacy vs topical reciprocity in responses, female college students, 1048
productivity &/vs sex roles & sexual ties & repressions & relationships between individuals & society, homosexuals, 7939
rage & self hate & dependency & violence, intimate & bonded heterosexual relationships, 8187
self centeredness & long- vs short-term consequences & competitiveness vs cooperativeness & social status & intimacy, compliance gaining, college students, 5617
self disclosure & marital intimacy, spouses, 3318
Intoxication [See Toxic Disorders]
Intoxication (Alcohol) [See Alcohol Intoxication]
Intra Aural Muscle Reflex [See Acoustic Reflex]
Intravenous Injections
increase in iv use of pentazocine/tripelennamine & adverse reactions, Black male 20–30 yr olds & drug addicts, 1977–81, 10497
Intrinsic Motivation
development of scale to measure effort-avoidance motive, implications for learning difficulties in school situations, reply to U.-J. Jopt, 11918
distinction between risk & uncertainty & ambiguity in risky choice & risk preference & planning & goals & aspirations & economic model, psychological concept of risk, 4972
extrinsic rewards & achievement related motives, intrinsic motivation in risk taking game, children, 12377
intrinsic task motivation, 5.5–10 yr old rewarded actors vs Os, 7805
intrinsic vs extrinsic motivation for volunteering, quality of volunteer commitment, 2265
participative vs assigned goal setting, intrinsic motivation for interesting vs boring tasks, male college students, 11911
personality feedback emphasizing intrinsic vs extrinsic motivational orientation & time restraints on game performance, intrinsic interest in game, male college students, 3467
provision of reward, intrinsic motivation, mentally retarded 7.5–10.3 yr olds, 1308
theoretical problems with models of effects of tangible rewards on intrinsic motivation, literature review, 7205
Intrinsic Rewards [See Internal Rewards]
Introspection
critical analysis of theoretical foundations & empirical work, cognitive style dimension of impulsivity-reflection, literature review, 12744
role of introspection & empathy in psychoanalysis & H. Kohut's advocated shift from psychobiology to psychology emphasis, 8444
Introversion
age & introversion, religiosity, female vs male 11–17 yr olds, 7780
astrological sun signs & extraversion & neuroticism, 18–65 yr olds, replication of J. Mayo's results, 12738
biological bases of personality & introverts' vs extroverts' response to sensory stimulation, comment on T. J. Paisey & G. L. Mangan's neo-Pavlovian temperament theory, 7998
caffeine & overhabituation & dishabituation, arousal, extraverted vs introverted college students, partial support for H. J. Eysenck's hypothesis, 3089
categories of & school practices for introverted students, 2076
depression & social introversion & neurotic & psychotic tendencies & hysteria, habitually physically active vs sedentary 40–60 yr old males, 12728
development of Vanderbilt Psychotherapy Process Scale, assessment of patient & therapist characteristics predictive of outcome, male college students with symptoms of anxiety & depression & introversion, 11705
extraversion/introversion & emotional stability/neuroticism, guessing task performance, Ss in groups vs individually, 8050
extraversion/introversion, preference for high vs low activity interpersonal vs noninterpersonal events, 60–92 yr olds, 3465
factorial dimensional analysis of various personality scales with emphasis on emotionality & extraversion/introversion, 2407
family size, introversion-extraversion, obedient vs disobedient students, 12487
field dependence-independence & learning style & extraversion-introversion, map reading performance, male vs female 14 yr olds, 7695
introversion & extraversion, prognosis following mastectomy & breast cancer therapy, females, 6340
level of activation & internal vs external orientation, creativity, 18–38 yr olds, 10294
locus of control & introversion vs extraversion & score on Least Preferred Coworker scale, office desk & seating arrangements, university faculty members, 13527
neurophysiological bases of temperament & emotionality & extraversion-introversion & neuroticism, "need-information" theory of emotion, 9709
sex & introversion vs extraversion, performance on mathematics tests, 11 yr olds, 7694
stimulus person's self description vs actual behavior in conversation, ratings of introversion-extraversion & attributions about behavior, college students, 10262
Type A behavior & social desirability & introversion, 17–39 yr old males with elevated systolic blood pressure, 8294
uncommon tiredness, depression & anxiety & emotional instability & introversion & competitiveness & perception of stress & academic performance, college students, 13056
Intuition
intuition & other right-brain skills, decision making, public & private sector managers, 4491
Inventories [See Also Biographical Inventories, Interest Inventories]
Alcohol Use Inventory, prediction of drinking, male heavy social drinking college students, 9369
Bem Sex Role Inventory androgynous protocols evaluated by t-score vs median split vs intersect methods, college students, 9289
conceptual foundation for development of Family Routines Inventory, measurement of routinization in family daily life, 9314
concurrent validity of Self Description Inventory scores vs supervisor's ratings, success, managers, 13737
construct validity of factor structure of Occupation Analysis Inventory, derivations of human work dimensions, 4738
construction & reliability & validity of inventory, measurement of anxiety & depression & irritability, nonpsychiatric Ss, 7032
development & reliability & validity of Family Routines Inventory, measurement of routinization in family daily life, Black & White families, 9337
development & validity of alternative selection inventories, federally employed attorneys, 11358
dimensionality & reliability of abbreviated Relationship Inventory, measurement of empathy & regard & congruence in marital relations, wives, 7070
DSM-III vs MMPI D scale vs Beck Depression Inventory, diagnosis of depression, alcoholics, 4762

factor analysis, reports of parental behavior, 7–11 yr olds living with divorced mother vs married parents, 917
factorial validity, Bem Sex Role Inventory, 24–60 yr old females, 11653
internal consistency of Leadership Inventory, assessment of potential leadership ability, gifted 4th–7th graders, 4737
item & factor analysis & construct validity of short & long forms, German version of Beck Depression Inventory, college students, 9339
Learned Helplessness Inventory performance, prediction of learning performance following solvable vs unsolvable task, college students, 152
performance on Student Developmental Task Inventory, college students in remedial vs regular English classes, 6796
Reasons for Living Inventory, differentiation of suicidal vs nonsuicidal Ss, general public & psychiatric inpatients, 123
reliability & discriminant validity of job components inventory, analysis of jobs requiring limited skill, 84
reliability & validity of Dutch translation of EMBU, Swedish inventory for assessment of memories of parental rearing behavior, normal & phobic & obsessive-compulsive Ss, 11650
reliability & validity of Infant Caregiving Inventory, assessment of perceptions of influences of caregiving practices on infant's present & future well-being & development, mothers, 4795
reliability & validity of Parent Perception Inventory, assessment of perception of parental behavior, 5–13 yr olds, 4760
reliability & validity, Student Stress Inventory, high school students, 4398
sex role orientation, stress & health, female college students, implications for scoring of Bem Sex Role Inventory, 12610
standard 21-item vs short 13-item forms of Beck Depression Inventory, internal consistency reliability & validity, college students, 7029
subjective weighting of inventories of life events, prediction of depression, college students, 11729
test-retest reliability of Beck Depression Inventory, consistency of classification & effects of prior exposure, college students, 4758
validity & reliability of French version of Beck Depression Inventory, college students, 90
validity of Wagner Preference Inventory, behavioral assessment of cerebral dominance, college students & athletes & artists, 9388
Inventories (Attitude) [See Attitude Measures]
Inventories (Personality) [See Personality Measures]
Inventories (Preference) [See Preference Measures]
Invertebrates [See Also Ants, Arachnida, Arthropoda, Bees, Beetles, Butterflies, Cockroaches, Crabs, Crayfish, Crustacea, Diptera, Drosophila, Earthworms, Echinodermata, Insects, Larvae, Mollusca, Moths, Octopus, Snails]
biologically active dissolved substances, marine invertebrates, 12131
coordination between stem & nectophores & effectors & conducting elements, diphyid siphonophore, 12107
environmental factors, swimming activity, Sarsia tubulosa, 12020
Investigation [See Experimentation]
Involvement [See Also Job Involvement]
announcement & moratorium & focusing phases, pattern of development of subjective emotional involvement in pregnancy, 1st time expectant fathers, 3309
cognitive dissonance & expectations & product involvement & performance, product evaluations, college students, 2292
college grades & subsequent vocational achievement & acceptance of responsibility & intellectual development, college graduates, 9345
concept of interaction involvement, high school & college students & adults, 3214
depression & behavioral engagement, females with mean age of 77.2 yrs, 10285
development & validity of construct of psychological involvement, 8048
free & appropriate special education & educational environments & individualized education programs & parent involvement in decision making, handicapped children, 4369
frequency & quality of social involvement, subjective well-being, 55–95 yr old nursing home residents, 10077
individual preferences, involvement in special vs regular education, parents, 4355
intrinsic task motivation, 5.5–10 yr old rewarded actors vs Os, 7805
involvement in social activities & smoking habits of parents & siblings & friends & attitudes toward smoking, risk of smoking, secondary school children, 1-yr followup, 3244
involvement of S, moderation of performance cues & leader behavior descriptions, college students, 12675
need for significant involvement in treatment, 26–62 yr old alcoholic females, 1885
peer vs vertical relationships, psychological involvement, Ss aged 21 yrs or older, 12649
perception of parental interest & academic achievement, disadvantaged 4 yr olds, 4309
personal attributes & work environment, work involvement, engineering students, 11245
teachers' presentations of classroom tasks & students' task engagement, 4th–6th grade students & teachers, 13546
uninformed vs informed consent & participation models of parent involvement in educational goal planning, parents of disabled children, 4371
Ions [See Electrolytes]
Iran
beliefs & attitudes toward drugs & drug use, male 14–18 yr old drug users vs non-users, Iran, 10030
birth order of nonsurviving children, subsequent contraceptive use in pregnancy interval, females, Iran, 10910
perception of supervisor's behavior & satisfaction & group performance, managers, Iran, implications for cross cultural differences in leader behavior, 6844
self descriptions & social background & personal & family relationships, prediction of drug & alcohol usage & cigarette smoking, 14–18 yr old males, Iran, 908
test anxiety, 7th graders & college students, Iran vs India vs US, 3252
Ireland
demographic characteristics, prescribed psychoactive drugs & benzodiazepines, Ireland vs other countries, 1966–80, 3948
development of guidance & counseling, Republic of Ireland, 6375
item analysis & reliability & validity of Quick Measure of Achievement Motivation, 1st yr unsponsored apprentices with mean age of 17.3 yrs, Ireland, 11702
parental decision making patterns & conjugal conflict resolution techniques reported by offspring, middle-class urban high school students, India vs Ireland vs US, 10169
psychological issues involved in enterprise, Ireland, 13739
sex role patterns measured by Bem Sex-Role Inventory, female vs male college students, Ireland, 12606
Iris (Eye)
iris color & corneal sensitivity, males, 507
Iron
haloperidol, dopamine supersensitivity & brain iron metabolism, iron-deficient rats, 616
Irradiation [See Radiation]
Irrational Beliefs
irrational aspects of individual decision making, 1097
irrational beliefs & coping with stress, college students, 8051
irrational beliefs & demand for approval & high self expectations & anxious overconcern & problem avoidance, self esteem, college students, counseling implications, 10284
irrational beliefs, anxiety & anger & unhappiness & drinking behavior, male heavy social drinking college students, 2674
irrationality, psychiatric symptomatology, college students, 8169
rational emotive theory explanation of procrastination by A. Ellis & W. Knaus, 302
rational stage-directed hypnotherapy vs cognitive behavior approach vs hypnosis vs placebo, modification of irrational ideas & test anxiety, 16–21 yr old female nursing students, 8589
rational vs irrational self verbalizations, anxiety & persistence on performance task, male college students, 3930
review of rational emotive model of A. Ellis & role of irrational beliefs, etiology & treatment of emotional distress, literature review, 3576
self hate & self esteem & self acceptance & role of irrational ideas & treatment implications, 8418
Ischemia [See Also Cerebral Ischemia]
induced ischemic pain, pain & thermal & tactile threshold elevations & reversal by naloxone, 20–28 yr olds, implications for endogenous opioids & adenohypophyseal system, 2933
Islam
distinctions between culture & nature & view of supernatural, Susu, West Africa, 7868
patrilateral parallel cousin marriages, birth rate & divorce, Muslim community, Lebanon, support for Westermarck hypothesis, 12554
sex & religion, political orientations, Christian vs Muslim Arab college students, US, 7866
social identity reflected in evaluation of self & own group & outgroups, high caste Hindus vs scheduled castes vs Muslims, India, 3274

Isocarboxazid
isocarboxazid, depression, 18–61 yr olds with nonpsychotic & nonmelancholic anxious depression, 10878
Isolation (Social) [See Social Isolation]
Isolation Effect
recall conditions & list position, isolation effect, female college students, 4951
serial position & color as isolating factor, free recall vs recognition of nonsense syllables, female college students, 11889
Isoproterenol
dosage of angiotensin I converting enzyme inhibitor MK-421, isoproterenol induced drinking behavior, female rats, 7585
yohimbine & tolazoline with vs without isoproterenol or angiotensin II, water intake, female rats, 7586
Israel
age & cultural & environmental differences, rates of fussing & crying, 2 vs 4 vs 7 vs 11 mo olds in kibbutz vs Bedouin vs institutional care, Israel, 3236
attitudes toward social & intellectual characteristics of typical Israeli Arab vs Jew, Arab vs Jewish college students, Israel, 3277
body & neck & abdomen shape & head & shoulder posture, attractiveness of male physiques, male vs female college students, Israel vs US, 3415
complicating factors & difference from 1st marriage, concept of remarriage, war widows, Israel, 10166
correlation between occupational & other measures of social class & health characteristics, community residents, Israel, 39
cross cultural differences, educational aspirations, Israeli vs Moroccan vs Rumanian parents of 9th graders, Israel, 4311
development of national drug treatment program, Israel, 1882
dissimilarity in values & social structure & job characteristics & job satisfaction, work-leisure relationships & leisure activities, kibbutz vs urban residents, Israel, 10118
epidemiology, alcoholism, Ashkenazi vs Sephardi vs Oriental Jews, Israel, 3622
etiology & prevention & incidence of suicide following death of sons in wars, fathers, Israel, 5861
evolution of position of family & implications of family for economic & social control & sex roles, kibbutzism, Israel, literature review, 935
family therapy approaches, families of soldiers who were patients in psychiatric unit, Israel, 13216
feelings of tedium & exhaustion & job & life satisfaction, managers, Israel vs US, 2243
growth of religious extremism, Judaism, Israel, 12527
high vs gradually increasing stress levels during training with vs without ceiling, performance of visual search task under stress, military officer trainees, Israel, 4474
intermarriage, European-Oriental ethnic integration, Israel, 5514
interpretive cues, probabilistic assignment of sentence relations, Hebrew speaking college students, Israel, 257
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father, 3.5–11.5 yr olds, Israel, 12480
perceived threat of economic inflation & family income, changes in economic behavior & life stress, college alumni, US, comparison with replication study conducted in Israel, 10103
proximity to tense northern border & population size of settlement, fear, 6th–8th graders, Israel, 7794
religious orthodoxy, likelihood of informing patients of their illness, Orthodox vs Conservative Jewish vs nonreligious physicians, Israel, 4193
social psychological assessment, prospects for Israeli-Palestinian peace, Y. Arafat, 12571
student background characteristics & school characteristics & level of teachers' education, holding power, secondary schools, Israel, 4214
tolerance of political rights of Israeli Arabs, adult Jewish citizens, Israel, 952
Italy
analysis of behavior rules & goal values & images, day care center staff, Italy, 13517
cultural analysis, evil eye as synthetic image, Italy, 944
early observation of disturbances in mother-child relationship, child abuse prevention, mothers during pregnancy & postdelivery, Italy, 6345
factor analysis, WISC scores, 6–15 yr olds, Italy, 4755
infant day care programs, Italy, 1748
Lomest area psychiatric case register, statistics for monitoring prevalence of treated mental illness, residents, Italy, 10398
meanings ascribed to city center & sociophysical position, cognitive representations of city center, residents of Milan, Italy, 11841
mourning ritual obligations in traditional area of Naples, Italy, 12532
psychoanalytic perspective, lack of criminal clause for patricide, ancient Rome, 12582
reading education, Italy, 4300
reliability & validity of Attitudes Toward Pregnancy Scale, females in the last trimester of pregnancy, Italy, 11668
role of psychologist working for socio-sanitary services, Italy, 6526
statistical analysis of Semantic Differential applied to family, family members with medium-high SES, Italy, 12547
structure & relationship to corporate network, intercorporate elite, Italy, 13756
Item Analysis (Statistical)
applicability of item response theory using restricted factor analysis, development of personality & attitude scales, 11647
application of linear logistic test model & linear logistic model with relaxed assumptions, 2499
BASIC program, calculation of score ability estimates from item difficulty data, 2530
characteristic curve method to determine appropriate transformation for independent estimates of item parameters from 2 data sets, 11646
classical latent-additive test model, dimensionality analysis of Freiburg Personality Inventory & diagnostic indices, 7095
computer simulation & item response theory, development of "TEST-LEN" to assess impact of criterion referenced test length on reliability & validity of test results, 9095
correspondence between objective measures vs subjective judgments of multiple-choice test item characteristics, introductory astronomy students, 11297
cultural differences, item difficulty patterns on WISC-R verbal subtests, Anglo vs Black vs Chicano vs Bermudian 7.5 vs 10.5 yr olds, 141
distribution-free procedure & optimization procedure, measurement of Scholastic Aptitude Test item difficulty, 2522
estimation of item & person parameters by computer program LOGIST allowing specification of prepotency level & assumption of unidimensionality with multidimensional latent trait space, 11638
exploratory techniques for Rasch model, 2529
FORTRAN program, accumulation of test item reliability information & ancillary item statistics, 2391
graded response latent trait model, attitude measurement with Likert-type scales, 2443
item & factor analysis & construct validity of short & long forms, German version of Beck Depression Inventory, college students, 9339
item & factor analysis of German short form of WAIS, males with mean age of 19.2 yrs, 9377
item analysis of Eysenck Personality Inventory, assessment of group personality correlates, male vs female drug addicts in treatment vs prisoners, implications for management & treatment, 8188
item characteristics & reliability & validity of Inquiry Mode Questionnaire, assessment of thinking style, 9316
item difficulty & content bias of WAIS-R subtests, 15–77 yr old patients referred for psychological or neuropsychological assessment, 11654
item passing-odds curve & ability distribution, characterizing manifest probabilities of latent trait models, 2497
item response models, estimating domain scores in criterion referenced tests, 2508
item response theory & observed item responses & standard summary statistics, detection of unusual response patterns, 2547
latent class analysis, testing of hierarchical & nonhierarchical learning models, 2538
latent trait method, estimation of intrajudge inconsistency in L. Nedelsky vs W. H. Angoff techniques of objective setting for mastery testing, 2403
masculine bias of Freiburger Personality Inventory, 2431
methodology & test construction use, assessment of item convergent validity of nonobjectively scored items, 139
metric recovery capabilities of BICAL & LOGIST, 2489
modified parallel analysis, detection of violations of unidimensionality that interfere with parameter estimation in item response models, 11736
multitrait-multimethod analyses on items vs factor scores, assessment of convergent & divergent validity & detection of method/halo effect in rating data, 9297
normative data & item difficulty & reliability, Embedded Figures Test, 60–74 yr olds, 11675

number of dimensions & items & Ss, effects of violations of linearity assumption on robustness of linear factor analytic techniques for binary items, 11639
number of response categories on teacher evaluation rating scale, item means & variances & internal consistency, 9286
procedure based on generalizability theory, assessment of adequacy of item groupings generated by domain-referenced testing system, 11643
psychometric properties of Remote Associates Test items, 14–17 yr olds, 7031
Rasch model vs classical item analysis of Stanford Diagnostic Mathematics Test, ability estimates, 2nd–8th graders, 2164
reliability & consistency & comparison with Scholastic Aptitude Test verbal score, C. C. Brigham's 1932 synonym verbal test, college students, 11292
scoring sheet for Boehm Test of Basic Concepts, item analysis & single score assignment for immediate clinical interpretation, 133
unidimensional ordered class latent distance model, assignment of Ss to classes & score computation using response patterns, 7081

Item Analysis (Test)
construction & item analysis & reliability of BELA questionnaire, measurement of stress reactions to various stressors, 89
dimensionality & concurrent validity of Handler Anxiety Index, 16–47 yr old medical & psychiatric patients, 11717
examinee judgments, model for detection of ambiguous or misinterpreted items on teacher-made criterion-referenced tests, college students, 9109
interaction structure analysis as method of orthogonality evaluation of factorially simple structured tests, 11674
internal consistency & reliability & construct validity of Rasmussen's Ego Identity Scale, female vs male 13 & 17 yr olds, 9327
item & factor analysis, Drug Abuse Screening Test, drug & alcohol abuse clients with mean age of 32.5 yrs, 9303
item analysis & reliability & validity of Quick Measure of Achievement Motivation, 1st yr unsponsored apprentices with mean age of 17.3 yrs, Ireland, 11702
item intercorrelations of Memory Scale of Luria-Nebraska Neuropsychological Battery, psychiatric & brain damaged patients with mean age of 40.0 yrs, 9331
item intercorrelations on Luria-Nebraska Neuropsychological Battery, interpretation of results, brain damaged psychiatric patients with mean age of 40 yrs, 106
item level & subscale analyses, Hypochondriasis & Depression & Hysteria & Defensiveness scales of MMPI, chronic pain patients with mean age of 44.1 yrs, 7074
item vs factor analysis in development of attitude scales, college students, 7048
items on Reading scale vs other scales of Luria-Nebraska Neuropsychological Battery, normal vs brain damaged vs psychiatric patients with mean age of 40 yrs, 105
labeling of endpoints only vs all points & number of response options on positive vs negative end of continuum, mean score for questionnaire rating scale items, college students, 2399
norm of even-handedness, contextual linkage effects on evaluative opinion survey responses, 9302
number of objects/stimuli, fatigue & boredom & practice effects on multidimensional scaling reliability using method of complete triads, college students, 2419
number of response categories on teacher evaluation rating scale, item means & variances & internal consistency, 9286
procedure based on generalizability theory, assessment of adequacy of item groupings generated by domain-referenced testing system, 11643
reliability of English language version of Swedish EMBU inventory, assessment of parental rearing behavior, college students & 16–24 yr old patients & 27–60 yr old employees, 2461
reliability of tests with 3- vs 4-alternative multiple choice items, reanalysis of R. G. Swanson's & R. G. Straton & R. M. Catts's studies, 9324
sex differences & consistency of factor pattern, Adult Nowicki-Strickland Internal-External Control Scale, college students, 6996
use of item bank, construction of local college mathematics placement test, college students, 11318
validity & internal consistency & item analysis, Native American Value-Attitude Scale, American Indian 4th–8th graders, 134
verbal difficulty of questionnaire items, frequency of indefinite & affirmative responses & coefficients of selectivity & stability, 2474
wording of items on role conflict & ambiguity scales, criticism of scales developed by J. R. Rizzo et al, 4763

Item Content (Test)
egocentric bias & item content & length of relationship, agreement within couples about interactions, married couples & dating college student couples, 11566
item construction & factor structure & reliability & validity of teacher communication concern scales, measurement of self & task & impact dimensions, prospective & inservice elementary & secondary teachers, 6807
test content validity, literature review, 2425
validity of obvious vs subtle MMPI Paranoia subscales, prediction of paranoid behavior, male college students, 7037
weak vs strong gestalt vs analytic strategy training, performance on gestalt vs analytic progressive matrices items, 4th vs 6th vs 8th graders, implications for intellectual assessment, 5369

Jails [See Prisons]

Jamaica
childrearing practices & attitudes, mothers of 31–60 mo olds from economically depressed areas, Jamaica, 7883
ethnicity & social stratification & political economy, national culture, Jamaica, 5504
preference for male vs female shapes, male vs female 16–30 yr olds, Jamaica vs Cayman Islands, implications for sexual symbolism, 3253
ritual patterns in church-based clinic, Jamaica, 6319
sociocultural factors, integration of religious healing & traditional medical & psychiatric care, staff & patients of healing ministry, Jamaica, 1697

Japan
achievement motivation & desire for self improvement, elementary & secondary students, Japan, implications for lifelong education, 4322
attitudes toward school curricula, parents of elementary & secondary school students, Japan, 4258
attitudes toward terminal cancer, Japan, 3732
aural vs visual stimulus presentation, commonality & repetition of word association response, college students whose native language is French vs Japanese vs English, 11861
breakdown of family & parental authority & competitiveness of schools & age group, school phobias, school phobic children, Japan, 8174
comparative IQs, Japan vs US, criticism of R. Lynn's study, 3444
curriculum development, lifelong education, Japan, criticism of S. Masui's article, 4286
description style in referential task, child's communication task performance, 4 yr olds & their mothers vs teachers, Japan vs US, 3187
development of norms for Japanese translation of Emotions Profile Index, male vs female neurotics vs schizophrenics vs alcoholic males, Japan, 4756
diagnosis using DSM-III criteria & prevalence of mental disorders, college students, Japan, 5818
epidemiology & prevention of suicide, Japan, 3623
ergonomics & working conditions, occupational cervicobrachial disorder, Japan, 13058
evidence for & against W. Ouchi's Theory Z, motivation for increased productivity, employees, Japan vs US, 13779
evolution of human resources management, Japan, implications for US management, 4506
eyestrain & fatigue & shoulder & arm muscle pain, female office machine operators, Japan, implications for keyboard design, 13064
historical & cultural factors in development & current status & future trends in guidance & counseling, Japan, 6404
history & characteristic research areas, environmental psychology, Japan, literature review, 4571
history of quality circles & labor relations, Japan, 13745
investigation of elements identified by H. H. Clarke & addition of 3 elements, understanding of indirect requests, merchants, Japan, 12335
IQ gains over last generation & current norms, children, Japan vs US, 7019
level of disability & economic factors & family caring capacity & physical & sociopsychological factors, institutionalization vs home living, Ss aged 65 yrs & over, Japan, 4073
linguistic structure of attribute description of stimulus, encoding & decoding performance, 5 & 7 yr olds, US vs Japan vs England, 813
measurements of nen-field by use of silicon diode, parapsychologically gifted S, Japan, 2317
nemawashi as interpersonal empathic communication mechanism, Japan, literature review, 3286
occupational cervicobrachial disorder, Japan, literature review, 13046

policy making & management in management-labor vs business-government vs industry-environment vs business-business relations, Japan vs US, 4507
prevalance of child abuse, Japan, 5862
psychosomatic education in medical schools, Japan, 13490
purpose & effectiveness, lifelong education, Japan, 4289
role & deed variables, judgment of wrongdoing & actor's responsibility, survey respondents, US vs Japan, 12523
school & home environment & "latent curriculum", lifelong education, Japan, 4287
sociocultural factors, psychosomatic disorders, Japan, 1327
spectographic analysis of spoken & sung words & structural limitation of auditory sensation & Japanese phonic sound structure, tonal sense, 21–51 yr olds, Japan, 5269
targets surrounded by Hirakana vs Katakana vs alphabet vs object shapes, RT, 1st vs 2nd grade good vs poor readers, Japan, 5359
use of story grammar in teaching students to analyze stories, Japan vs Western countries, 2027
utilization of human resources in management, Japan, 4525
Japanese Americans [See Asians]
Jaw
EMG activity of masticatory muscles during licking water vs sucrose vs sodium solution, male rats, 492
Jealousy
psychodynamics & constructive use of envy, female in early 20's with borderline personality, 10432
Jews [See Judaism]
Job Analysis
attitudes toward job components, sources of satisfaction, university physician faculty, 6516
autonomy dimension of job properties model, performance & self reports of satisfaction, college students, implications for model of J. R. Hackman & E. E. Lawler & G. R. Oldham, 4484
behavioral characteristics of jobs, prediction of job stress, 6872
cluster analysis, intrinsic teaching roles, secondary school teachers, 11194
computer technology, job characteristics, biscuit making operators, Scotland, 11404
construct validity of factor structure of Occupation Analysis Inventory, derivations of human work dimensions, 4738
countermeasure equipment for monitoring vigilance for prevention & factors underlying causes, train collisions & derailments, locomotive engineers, 4460
description of work responsibilities, special education teacher consultants, 6562
dissimilarity in values & social structure & job characteristics & job satisfaction, work-leisure relationships & leisure activities, kibbutz vs urban residents, Israel, 10118
experiential learning theory of D. A. Kolb, framework for assessment of person-job interaction, 11438
factors affecting job-person relationships, design of developmental work systems, 13754
generalizability analysis, point-method job evaluation instrument, graduate students, 11666
impact of technology on future role of school media specialists, 1967
initiated vs received task interdependence, experienced responsibility for work & personal outcomes, insurance company employees, implications for J. R. Hackman & G. R. Oldham's theory of job design, 4486
interrater reliability, judgment of job functional levels & skill requirements using job analysis scales, graduate students, 9375
job characteristics & availability & value of various outcomes for good performance & probability of good performance & motivation, male vs female municipal personnel, 9171
job description, technical level social service workers, 8848
job modification, employment continuation to older age, blue collar workers & managers, 4552
job type & level within occupational hierarchy, comparability of job evaluation & rating methods, 11439
medical staff membership & clinical privileges in hospital practice, psychologists, 4144
methodological problems & developments in personnel & industrial relations research, application to job analysis & pay equity, 13782
model of personnel system integrated into larger system, job analysis & sequential model of human resource planning, 9151
multivariate approach using triple cross validation design, analysis of job characteristics & job satisfaction, public sector employees, 2521
need for achievement & job features, work satisfaction & motivation, employees, test of validity of model of J. R. Hackman & G. R. Oldham, 9170
objective task changes & informational cues from supervisors, perceptions of task attributes & affective responses & productivity, employees, 11386
occupational demands, emotions & family life & marital & life satisfaction & coping behavior & social support, 30–60 yr old probation & parole & aftercare services administrators, 2238
occupational skill & task characteristics, cognitive & noncognitive dimensions of occupational differentiation, 11433
psychosocial aspects of work, job dissatisfaction & work-related exhaustion, male vs female workers, Finland, 11420
rating scale, measurement of job time-demands conflicting with time for family responsibilities, employed divorced mothers with children under 13 yrs of age, 7040
reactions to & perceptions of job characteristics by task performers vs nonperformers, steel industry employees, Netherlands, 11397
redesigning jobs & organizational change, 2257
reliability & discriminant validity of job components inventory, analysis of jobs requiring limited skill, 84
reliability of simple averaging vs 6-item scale methods for combining supervisors' & employees' estimates of training needs, social workers & supervisors in public welfare agency, 8838
role in management, controllers, 4520
roles & training responsibilities & perceptions of resident needs, staff of residential care institution for mentally retarded, 8740
salary & training & job design by job enrichment methods, motivation of Black employees for advancement, South Africa, 9134
theoretical orientation & clinical practice activities & client characteristics, members of child-oriented professional psychology sections & divisions within American Psychological Association, 8922
work activities, mental health personnel in private vs state inpatient facilities, 8915
work assignments & inservice training & academic preparation needs, comment on article by R. E. Matkin et al, 11104
work assignments & inservice training & academic preparation needs, rehabilitation administrators & supervisors, 11123
Job Applicant Attitudes
graduate training & employment strategies & role in business & industry, counseling psychologists, 4198
happiness with life, satisfaction with job counseling services, job applicants, 2211
Job Applicant Interviews
methodological problems & interview strategy & criteria dimensionality & purpose of interview validity & reliability, female officers who interviewed 20–77 yr old female candidates for officers' school, 11365
workshop on interviewing skills & equal opportunity laws, compliance with inappropriate interviewer requests, college students, 6804
Job Applicant Screening
applicant's right to privacy &/vs employer's need for accurate assessment of prospective employee, personnel selection, 9140
assertive job seeking behaviors, enhancement vs diminishment of employment chances, job applicants, 6830
content of handwriting sample & knowledge level of analyst, interrater reliability & validity of graphological inferences, adults, implications for use of handwriting analysis in job applicant screening, 6833
decision analysis approach, color vision testing & application to employment screening, 1328
history & present status of mental health evaluation, candidate selection, US Air Force space crew members, 13720
interest in & ethics of receiving results of psychological evaluation, clients & job applicants, 6484
monocular vision, visual strategies & surveillance tasks in aircraft navigation, pilots, implications for employee selection, 4477
physical attractiveness & neatness & grooming & professional demeanor, faculty ratings of social skills & professional commitment, medical residency applicants, 8841
sex & career pattern, ratings, applicants for deanship, 6564
sex & physical attractiveness & sex role orientation of stimulus applicant, evaluation of suitability for masculine vs feminine vs sex-neutral occupations, 23–58 yr old personnel consultants, 11360
specific vs no examples & numerical data vs adjectives & favorable vs unfavorable statements in letter of recommendation, perceptions of recommendee, personnel directors, 11361
Job Applicant Testing [See Job Applicant Screening]
Job Change [See Career Change]
Job Corps
behavioral management & measurement at Turner Job Corps Center, youth development, 16–21 yr olds, 11218
Job Descriptions [See Job Analysis]

Job Enrichment
salary & training & job design by job enrichment methods, motivation of Black employees for advancement, South Africa, 9134
Job Experience Level
academic rank & age & experience, evaluation by students, college teachers, 13519
academic status & work experience & validity of J. E. Marcia's categorization system for ego identity, college students, Taiwan, 2069
age & education & yrs in position & teaching & practice, role orientation & role strain, nurse faculty in baccalaureate programs, 1935
age &/vs experience, performance on speed vs skill jobs, garment industry workers, 13726
flight experience, naval aircraft mishaps, pilots, 6818
job experience level, incidence of occupational injuries, 18–61 yr old industrial workers, 11342
legislation & helping programs, economics & lack of work experience & role change & stress, displaced homemakers, 12542
problem recognition & counselor sex & experience, counseling self termination following single counseling session, clients, 10960
problems encountered in 1st yr of teaching, early childhood teachers, 1977
sex & job function, salary & educational level & experience, rehabilitation professors & administrators & direct service workers, 13456
sex & years of clinical experience & occupation, ethical conflicts related to clinical intervention, mental health workers, 6513
sex role & age & type of employment & amount of work experience, earning power, females, 12599
theoretical orientation & professional experience, diagnostic & prognostic & process expectancies, psychologists, 1909
Job Involvement
biological & psychological & occupational characteristics, cortisol & growth hormone secretion, male air traffic controllers, 529
concepts of work commitment in organizational research, 11353
enjoyment of work, surveyed full time employees, 1955–1980, US, 11414
expected utility of present vs alternate civilian role & behavioral intention to complete enlistment & to reenlist, prediction of turnover, US Marine Corps enlistees, 4-yr longitudinal study, 13783
goal change, satisfaction & organizational commitment & absenteeism, secretarial staff, 13751
intrinsic vs extrinsic motivation for volunteering, quality of volunteer commitment, 2265
job attitude & involvement & role stress & intrinsic motivation & role ambiguity & conflict, prediction of satisfaction, lower & middle & higher level managers, 11388
job involvement & organizational identification, married employees with working vs nonworking spouses with vs without children, 6858
job rewards & costs & investment & alternatives, job satisfaction & commitment & turnover, nurses vs junior accountants with mean age of 24 yrs, 12-mo longitudinal test of investment model, 13773
model of importance of work, 9130
occupational status & job involvement, job anxiety, supervisors & blue collar employees, 13777
paraprofessional training as weight management specialist & involvement in specialist role, weight loss & maintenance & self esteem & well being, 20–65 yr olds, 8924
participation in pay decisions, commitment to pay plan & organizational & job involvement & job satisfaction, professional personnel, 4528
role conflict, job commitment & work alienation & job satisfaction & tension, supervisory & administrative personnel, 2250
sex role identity, career involvement, 25–45 yr old professional women in dual career families with children, counseling implications, 10152
Job Mobility [See Occupational Mobility]
Job Performance [See Also Employee Efficiency, Employee Productivity]
age &/vs experience, performance on speed vs skill jobs, garment industry workers, 13726
age differences in work attitudes & behavior, literature review, 2200
attitudes toward management style & employee performance, managers in state administration, 11381
attitudes toward stuttering & effects on job performance, employers, 3666
attribution training, assembly task performance, mentally retarded 20–55 yr olds working in sheltered workshops, 13414
autonomy dimension of job properties model, performance & self reports of satisfaction, college students, implications for model of J. R. Hackman & E. E. Lawler & G. R. Oldham, 4484
behavior management intervention with conjunctive token reinforcement, client contacts & sales & listing performance, 22–64 yr old real estate agents, 2235
behavior modification, work performance, mildly retarded adults, 1573
behavioral participative management procedure, improvement of performance in patient interaction, staff members of residential institution for 10–18 yr old severely & profoundly retarded, 1780
being traded to same vs other league team during vs between seasons, batting performance, major league baseball players, 13724
bestowal of earned vs unearned high-status job title, performance, college student workers, 6837
causal attributions & affect & expectations, perceived job performance, 21–61 yr old nurses & manufacturing employees, 9173
components & evaluation of task checklist system, performance improvement, university staff, 11162
conceptual model, patterns of staff organization & utilization & meanings of "doing a good job", staff of urban vs rural mental health centers, 8647
countermeasure equipment for monitoring vigilance for prevention & factors underlying causes, train collisions & derailments, locomotive engineers, 4460
critical incidents technique, performance evaluation, personnel, 9147
critique of international standard for response to whole body vibration, implications for operator health & performance & comfort, 4561
development & validity of instrument, assessment of C. A. Perrow's dimensions of work-unit technology, government employees, 2484
effort level & direction, job performance, real estate representatives, 9146
employee support systems, attitudes & quality of services provided, mental health personnel in psychosocial rehabilitation setting, 1916
employee training vs organizational changes, employee performance, 4481
factors affecting long term performance on fault finding task, college & graduate students, 9144
goal acceptance, goal setting & task performance & motivation, employees, 11411
interpersonal relations & job satisfaction & performance, employees of therapeutic institutions, 6496
interpersonal relations, cooperation & physiological correlates, female work crews, 6836
job characteristics & availability & value of various outcomes for good performance & probability of good performance & motivation, male vs female municipal personnel, 9171
job satisfaction & job performance as rated by supervisors & clients, counselors, 11147
knowledge of process behaviors, job performance, operators, 11366
legal basis & responsibility of personnel professional to counsel management & employer liabilities, comparable worth/pay equity & performance appraisal systems, 6849
market & organizational characteristics, job attitudes & performance, bank employees, 6859
miniature job training & evaluation approach, prediction of job performance, low aptitude navy recruits, 2232
model of worker development & outline & graphic representation of performance appraisal system, 9145
nonpiecework vs piecework compensation, standard deviation of employee output as percentage of mean output, blue & white collar workers, 13734
on-the-job training, work unit performance, 4475
peer training of safety related skills, performance in emergency situation, 18–60 yr old institutional direct care experienced & new staff, 13385
perceived importance of different job skills & roles, job performance, top- vs middle- vs lower-level managers, 4513
perceived similarity & subordinate sex, performance ratings, manager-subordinate dyads, 4516
perceived threat of management vs co-worker sanctions, employee deviance, retail & manufacturing & hospital employees, 2259
performance feedback & token economy intervention, improvement in cleaning activities, 18–75 yr old hotel housekeeping personnel, 2234
personality traits, job performance, salespeople, 13731
planning behavior in normal vs emergency situations, aircraft pilots, 13727

positive vs negative feedback from supervisors vs co-workers vs clients, prediction of motivation & job performance, nurses, 13471
potential for advancement &/vs availability of assessment center information &/vs current position &/vs sex, management promotion decisions, managers, 11370
quality of visual cues & physical factors, simulated carrier landing performance, naval aviators, 6824
reasons for non-use of positive reinforcement for job performance, managers, 11390
recruitment source, employee performance & attendance & tenure, packaging plant workers, 11364
reliability of Behavioral Anchored Rating Scales, measurement of job performance, nursing home nurses & aides, 11714
research & development work climate, work group behavior & innovation & attitude & work performance, managers in semiconductor industry, 9150
satisfaction with performance appraisal system, managers vs employees, 2231
selection & training program in Florida's Department of Health & Rehabilitative Services, performance & workload levels, foster parents, 6369
self efficacy theory vs response outcome expectations, insurance sales performance, 19–63 yr old sales representatives, 11367
societal expectations, teacher performance, 8942
staff development program vs target date assignment, supervisory task completion, supervisors, 11377
supervisory & peer group interaction & organizational work facilitation, role ambiguity & conflicts & job performance & satisfaction & propensity to leave job, 22–59 yr old nurses, 1901
tilt-induced body fluid shifts, physiological & behavioral responses & auditory thresholds, college students & 28–32 yr olds, implications for testing susceptibility to motion sickness in astronaut candidates, 5163
type of educational preparation, job effectiveness, nursing staff, 8888
work environment assessment by liaison psychiatrist, morale & patient care, burn unit staff, 13464
work shift, ratings of patient behavior, nurses, implications for multidisciplinary team decision making, 13477
Job Performance Evaluation [See Job Performance, Personnel Evaluation]
Job Promotion [See Personnel Promotion]
Job Requirements [See Job Analysis]
Job Satisfaction
age, work values & job rewards & job satisfaction, 16–61 yr olds, 10062
alternate work schedules, job satisfaction, personnel, 4554
androgyny & dual career relationship, personal & work & relationship satisfaction & stress, assistant professors with mean age of 35 yrs, 12605
attitudes toward co-workers, attitudes toward work, nonmedical hospital staff, 13472
attitudes toward job components, sources of satisfaction, university physician faculty, 6516
autonomy dimension of job properties model, performance & self reports of satisfaction, college students, implications for model of J. R. Hackman & E. E. Lawler & G. R. Oldham, 4484
burnout syndrome & coping strategies, counterproductive behavior & job dissatisfaction & drug & alcohol use & job search & illness rates, 26–86 yr old geriatric counselors & service workers, 8898
conceptual model, patterns of staff organization & utilization & meanings of "doing a good job", staff of urban vs rural mental health centers, 8647
consistency & self enhancement theories & self esteem, need gratification & work satisfaction, managers & administrators with mean age of 42.3 yrs, 9159
correlates of job satisfaction, male vs female social workers, 8871
correlation between occupational needs & rewards, work satisfaction, social workers, 4205
demographic characteristics, job satisfaction, hospital personnel, 4189
development of survey to study mentoring, frequency & benefits & relationship to job satisfaction & burnout & future mentorship, teachers vs police officers vs nurses, 4235
dissimilarity in values & social structure & job characteristics & job satisfaction, work-leisure relationships & leisure activities, kibbutz vs urban residents, Israel, 10118
employment & job satisfaction, recent graduates from master's program in psychology, 8856
employment in community programs, job satisfaction & problems, former state mental hospital employees, 13486
enjoyment of work, surveyed full time employees, 1955–1980, US, 11414
extraversion & neuroticism, job preferences & satisfaction, 18–64 yr old Civil Service employees, 11442
facet importance as weighting component, scaling of job satisfaction, registered nurses, 9318
feelings of tedium & exhaustion & job & life satisfaction, managers, Israel vs US, 2243
goal change, satisfaction & organizational commitment & absenteeism, secretarial staff, 13751
hierarchical level, flextime effects on productivity & satisfaction, employees of high technology organization, 4547
initiated vs received task interdependence, experienced responsibility for work & personal outcomes, insurance company employees, implications for J. R. Hackman & G. R. Oldham's theory of job design, 4486
instrumentality &/vs valence variables, prediction of job satisfaction, recent high school graduates starting 1st permanent job, longitudinal study, 6870
interpersonal relations & job satisfaction & performance, employees of therapeutic institutions, 6496
job attitude & involvement & role stress & intrinsic motivation & role ambiguity & conflict, prediction of satisfaction, lower & middle & higher level managers, 11388
job rewards & costs & investment & alternatives, job satisfaction & commitment & turnover, nurses vs junior accountants with mean age of 24 yrs, 12-mo longitudinal test of investment model, 13773
job satisfaction & development of psychological & physiological disorders & burnout, air traffic controllers, treatment implications, 11431
job satisfaction & expectation of job alternatives, job & organizational turnover, retail sales employees with mean age of 31.7 yrs, 13764
job satisfaction & job performance as rated by supervisors & clients, counselors, 11147
job satisfaction, foreign industrial workers, West Germany, 2268
job satisfaction, nursing home administrators, 13439
job satisfaction, 30–55 yr old public vs private secondary school teachers, 13534
leadership & structure initiation & participation & feedback behavior of supervisors, role stress & job satisfaction, industrial salespersons, 2267
motivational variables, absenteeism & productivity & job satisfaction, 11423
multivariate approach using triple cross validation design, analysis of job characteristics & job satisfaction, public sector employees, 2521
need for achievement & job features, work satisfaction & motivation, employees, test of validity of model of J. R. Hackman & G. R. Oldham, 9170
occupational level & sex differences, job satisfaction, full-time employees, 9177
participation in pay decisions, commitment to pay plan & organizational & job involvement & job satisfaction, professional personnel, 4528
participation vs ownership, motivation & satisfaction & attitudes toward change & trust in organization, employees, 4505
perception of supervisor's behavior & satisfaction & group performance, managers, Iran, implications for cross cultural differences in leader behavior, 6844
perception of work in overall life pattern as additional outcome criterion in occupational interest inventories, 4470
personality-environment congruence & differentiation of interests, job satisfaction, teachers, 13541
powerlessness & job satisfaction & content & intrinsic reward & social alienation, problem drinking, employed males aged 21 or older, 10225
psychosocial aspects of work, job dissatisfaction & work-related exhaustion, male vs female workers, Finland, 11420
readability of 3 job satisfaction inventories, 2473
reciprocal effects of job tension & satisfaction, nurses, 5 mo longitudinal study, 13433
relationships between work & life satisfaction, workers, 4530
residents' levels of functioning & treatment progress, job satisfaction, direct-care workers in psychiatric institutions, 4137
rigid vs flexible work schedule & marital status & parenthood, job satisfaction & strain reactions & absenteeism, females, 11424
role conflict & ambiguity as job stressors & social support, job outcomes, federal government employees, 9175
role conflict & ambiguity, job satisfaction & job-related tension & propensity to leave, 27–70 yr old secondary school counselors, 13538

role conflict, job commitment & work alienation & job satisfaction & tension, supervisory & administrative personnel, 2250
satisfaction with role in medical education, volunteer faculty members in teaching hospital, 6525
shift work schedules, physical & psychological health & job shift satisfaction & preference & turnover intentions, 25–34 yr old plant operators, 9178
sick leave vs well-pay program, absenteeism & productivity & job satisfaction, employees of nonprofit organization, 11415
skill & values & professional accomplishments, career satisfaction, elementary & high school teachers, 13515
socioeconomic bonds & satisfaction & background factors, interstate migration, Rhode Island adults, longitudinal study, 3275
status & self direction & increased bureaucratization, work dissatisfaction & alienation, nonfactory & nonoffice workers, 4555
supervisory & peer group interaction & organizational work facilitation, role ambiguity & conflicts & job performance & satisfaction & propensity to leave job, 22–59 yr old nurses, 1901
type of employment & length of search for current job & job search method & reason for choice of major, job satisfaction, college psychology graduates, 6867
validity of compensatory & spillover models on employment status of wife, marital & job satisfaction, 19–62 yr old spouses, 5541
value importance, value fulfillment/job satisfaction, state vs bank employees vs US Navy cadets, 13755
Job Security
ethical responsibility to employees & employment security during reassignment, public employers, 11416
motivation for job advancement & individual future perspective, 15–21 yr old worker trainees, 4466
Job Selection [See Occupational Choice]
Job Status [See Occupational Status]
Job Training [See Personnel Training]
Jobs [See Occupations]
Joint Disorders [See Also Arthritis, Rheumatoid Arthritis]
management of & correcting misconceptions about chronic musculoskeletal & joint disorders, aged, 1353
Joints (Anatomy)
posture & movement & role of CNS in controlling muscular length/tension ratios at joints, literature review, 5058
Journalists
multiplexed values, communicating to public, scientists & journalists, 4166
threat of redundancy, minor psychiatric morbidity, newspaper journalists, 3543
Joy [See Happiness]
Judaism
age at onset of social smiling, Sephardi vs Ashkenazi premature vs full-term infants, 747
antiSemitism & Germanic legend, Jewish identity & psychoanalytic work & life of S. Freud, 6940
central vs peripheral choice of seating position in classroom, White vs Black vs Oriental vs Jewish college students, 4320
childhood & mental illness of S. Sevi, implications for psychoanalytic theories of manic depressive illness, 1155
diagnosis & treatment, Orthodox Jewish families, 1551
epidemiology, alcoholism, Ashkenazi vs Sephardi vs Oriental Jews, Israel, 3622
epidemiology of manic depression & affective psychosis, hospitalized Jewish psychiatric patients, 10990
ethnopsychiatric discussion of case history, Jewish Hasidic male psychiatric patient, 12832
eye color & ethnic origin & family size & birth order, cognitive performance & emotional stability, 20–26 yr old Sephardi vs Ashkenazi Jewish males, 3285
fear of personal death & its attribution & factor structure & relation to religious beliefs, 18–30 yr old Jewish males, 10289
growth of religious extremism, Judaism, Israel, 12527
Holocaust, family life, Jews born immediately after World War II, 12546
Jewish contribution to development of sexology, 3344
Jewish viewpoint, allocation of limited medical resources, 13317
Judaism & medicine, 10920
Judeo-Christian myth of Fall of man as expression of body/spirit duality & fundamentals of Freud's work, directed reverie therapy, 8445
nature of Jacob's rebuke of Simeon & Levi, implications for attribution processes & halo effects, 939
psychohistory & psychoanalysis & Jewish identity, 19
religious orthodoxy, likelihood of informing patients of their illness, Orthodox vs Conservative Jewish vs nonreligious physicians, Israel, 4193
sociology of Jews, 5518
tolerance of political rights of Israeli Arabs, adult Jewish citizens, Israel, 952
Judgment [See Also Probability Judgment]
abrupt changes in visual stimulation, judgments about target form & location, young adults & adults, 7135
acquisition criteria & model's statements & activity requested from Os, conservation learning when modeled judgments not supplemented with justifications, 5.9–7.5 yr olds, 9966
attitude of S, polarization of judgment of others' attitudes, college students, implications for data collection & analysis, 5647
bias & error in human inference, literature review, 9500
contextual effects, social judgment, college students, support for range-frequency theory & methodological implications, 12676
cross vs within racial judgments of attractiveness & aesthetic criteria used, Chinese vs White vs Black graduate & college students & volunteers, 7969
decision situation framing & information availability & potential nontransitivities of contextual relation, regret models of judgment & choice, 4926
educational level & academic major, level of reflective judgment, college freshmen vs seniors majoring in engineering vs humanities vs social science, 2089
examinee judgments, model for detection of ambiguous or misinterpreted items on teacher-made criterion-referenced tests, college students, 9109
explication of common sense using A. Bandura's theory of self efficacy, college students, 4931
incongruity vs negativity hypothesis, accession of information in memory-based person judgments, college students, 4950
interpersonal performance standards & self efficacy judgments, depressed vs nondepressed college students, 12817
methods based on selection of individual judgments vs integration of multiple judgments, market share estimations, graduate business students, 9199
negativity & extremity of information about working conditions, biases in evaluative judgments, 7985
practice & new contextual stimuli, persistence & transfer of directional error in anticipating speeds, female college student athletes, 9464
presence vs absence of target person, severity of judgments, college students, 7968
relationship between class inclusion developmental levels & ability to make logical necessity inferences, judgment, 2nd–6th graders, support for theory of Piaget & G. Henriques, 9956
requirement to justify judgments, nature of judgment behavior, high school students, 3225
role & deed variables, judgment of wrongdoing & actor's responsibility, survey respondents, US vs Japan, 12523
self evaluation &/vs audience evaluation of relative performance & similarity of competitor, judgment of task relevance, male college students, evidence for self evaluation management strategies, 12684
speed & accuracy of judgments on Kansas Reflection-Impulsivity Scale for Preschoolers & length discrimination task, 3.6–5 yr olds, implications for behavioral flexibility vs cognitive style, 9978
stimulus frequencies, range-frequency model of absolute judgment, 11578
student social class & spelling mistakes, judgment of 3rd grade student's essay, student teachers, 13506
thematically related vs unrelated facts, attenuation of fan effect & consistency judgments & RT, college students, 4960
verbal learning, similarity judgments of iconic concepts, implications for understanding of cognitive processes, 11855
Jung (Carl)
definition of numinous experience in work of Jung & frequency of occurrence of archetypes & role of numinous images & rituals in psychic change, implications for psychotherapy, 6926
Jung's relationship with Freud as expressed in Jung's "Answer to Job", comments on H. Slochower's article, 4637
mysticism & Jung, 4634
nature of creativity & enhancement by transcendental levels of awareness & use of transcendental meditation techniques, 8052
Jungian Psychology
biographic & intellectual & Nazi political context of J. F. Rittmeister's criticism of Jungian archetype theory, 2332
characterization of archetypal masculine in Western myth & literature as development of ego consciousness & significance for females, 7662

classical epistemology vs meta-modeling & "epistemotherapy" as extension of Jung's approach, psi & modern physics & psychophysical interaction, 4615
definition of numinous experience in work of Jung & frequency of occurrence of archetypes & role of numinous images & rituals in psychic change, implications for psychotherapy, 6926
depth psychology & Jungian approach to psychoanalysis, aged patients, 8464
Jungian analysis of Hilda in H. Ibsen's "Master Builder", 3127
Jungian viewpoint & syntonic countertransference reactions & value of fairy tales & legends, beginning phase of psychoanalysis, 8417
link between M. Fordham's theory of deintegration of self & Jung's transcendent function of ego, 6947
philosophical & Nazi political context of Jungian theory of archetypes, 2343

Junior College Students
predictive validity of V. Tinto's model of withdrawal, college students at residential vs community 2- vs 4-yr institutions, 13689

Junior Colleges [See Colleges]

Junior High School Students
academic & nonacademic self concept & teacher perception of self concept, 9–13 yr olds, 4325
Academic Success Groups, improvement of time management & study skills, failing 7th–8th graders, 9115
accuracy in identifying gifted students, primary & secondary school teachers, 2167
age vs grade as independent measure of psychosocial development, 4th–9th graders, 7822
amount of stimulation received in mixed-ability classes, bright 7th graders, 2117
aptitude vs experience, proportional reasoning, male vs female 7th vs 9th vs 11th graders, 6671
behavior modification using teacher reprimand vs self monitoring, disruptive behavior, 7th & 8th graders with emotional/behavioral disturbances, 4361
California Psychological Inventory scores & family background, prediction of GPA, 8th–12th graders, Greece, 6798
career education & vocational guidance, gifted elementary & secondary school students, 2106
class time use, achievement & behavior & attitudes in English vs mathematics classes, junior high school students, 8935
class-tutor affect, achievement in Chinese & math, 7th graders, Taiwan, 2058
components of test anxiety, 6th–8th graders, 7816
concurrent validity of Mathematics Anxiety Rating Scale for Adolescents, 7th–11th graders, Lebanon, 11328
concurrent validity of School Attitude Measures, assessment of academic self concept & motivation & performance, 5th vs 8th vs 11th graders, 4399
construction & test of theory of transportability of reasoning ability measurement across cultures, 14–20 yr old secondary students, Spain & France & US, 9101
construction of test, assessment of Optacon reading performance, 11–18 yr old visually handicapped Optacon readers, 11309
construction procedures & reliability & error analysis, performance on Florida State Student Assessment Test Part II, 3rd & 5th & 8th & 11th graders, 2150
contribution of work sample items & items on self reported past & predicted grades, predictive validity of Orleans-Hanna Algebra Prognosis Test, 8th graders, 4407
cooperative vs individualistic learning experiences, interactions & relationships with nonhandicapped peers, severely adaptively handicapped 7th graders, 9061
coping skills training program, resistance to test stress & achievement & coping strategies, 7th graders at risk for failure, 6810
coping with poor mathematics achievement, 5th–9th graders, 4324
covert behavior modification to develop self control in managing frustration, academic achievement & successful mainstreaming, secondary school learning disabled students, 13632
definition & diagnosis & treatment, academic underachievement, 9–18 yr old students, UK, 5–10 yr followup, 4305
development & usefulness of recognition vocabulary test, 4th–12th graders with severe hearing loss, 4419
developmental changes in causal schemata of ability vs effort in academic achievement & attributions of over- vs underachievers, 3rd vs 4th vs 5th vs 6th graders vs college students & junior high school students, 13620
dichotic presentation of words & their definitions in one ear & music in the other, vocabulary scores, 7th–9th graders who read 2–4 yrs below grade level, implications for research in hemispheric processing, 6750
drug education course, drug attitudes & knowledge & usage, 7th & 8th graders, 6645
efficacy of & teacher attitudes toward special class placement & achievement rating, mentally retarded junior high school students & teachers, Taiwan, 2097
efficacy of youth effectiveness training vs L. Kohlberg's cognitive-developmental model of affective education, self esteem & moral judgment, 5th–8th graders, 11199
emotional stability as indicated by chronic anxiety levels, 2nd–12th graders in gifted program vs 1st–12th graders in regular classrooms, 11247
epidemiology of refusal to attend school, elementary & junior high & high school students, 6701
field trips, geography fact & skill learning, 8th & 9th graders, 2024
free reading journal in language arts education, learning disabled secondary school students, 9056
group summer project, school attendance & attitudes & adjustment & involvement of families, female adolescent students, 13587
Instrumental Enrichment program of R. Feuerstein, cognitive performance, retarded adolescent secondary vocational school students, experimental replication, 4358
knowledge of criterion task, comprehension & recall, normal vs learning disabled 5th–7th graders, 4380
learning & social activities & morality & vocational maturity & interests, 8th–10th graders, USSR, 9029
occupational card sort vs Self Directed Search as career guidance instruments, 8th & 10th graders, 11305
paired associate learning strategies, French vocabulary test results, 1st & 3rd yr comprehensive school students, 9001
parents' & teachers' attitudes, truancy, junior high school students, 13623
pastoral care, secondary school students, UK, 9104
path analysis, contribution of teacher quality & classroom climate to mathematics attitudes & motivation, 4th vs 7th vs 9th graders, 6694
perceived ideal vs actual classroom learning environment as measured by Individualized Classroom Environment Questionnaire, 7th–9th graders vs teachers, 4317
perceived victimization & anonymity & self esteem & preferred teacher characteristics, nonlabeled vs gifted & talented 5th–8th graders, 9027
perceptions of classroom environment, affective & cognitive outcomes, junior high school students, 2073
perceptions of experience with school science education, 9 & 13 & 17 yr olds, implications for instruction of gifted, 2141
predictive validity of Stanford Mathematics Test, Black vs White male vs female 6th & 8th & 9th graders, 11326
preferred vs actual classroom environment, academic achievement, 8th & 9th graders, 6667
pregnancy & educational programs in child development & child care, adolescents, 1998
presence in preferred classroom environment, academic achievement, junior high school students, 4304
previewing of short stories, comprehension & recall, 8th graders with low reading ability, 6735
problems in handwriting instruction, learning disabled secondary school students, 9041
Rasch model vs classical item analysis of Stanford Diagnostic Mathematics Test, ability estimates, 2nd–8th graders, 2164
reading achievement, global self concept, 8th graders in low reading classes, 9009
reading preferences in settings & characters & group interactions, Mexican American 7th graders, 6707
reasons for underachievement & programs to make school more meaningful, gifted middle school students, 2100
reports of negative vs positive classroom interaction, 8th graders & their teachers, Norway, analysis of comments from earlier study, 11240
research findings in neuroscience & electronic media, reading assessment & instruction, 10–14 yr olds, 6579
schema theory, reading education, elementary & middle school students, 4291
school attendance rates & reading problems & social disadvantage, 11–12 yr old students from 2 neighborhood comprehensive schools, England, 13618
school grade structure, self esteem & preferred teacher characteristics & dating behavior & perceived victimization, 5th–9th graders, 9021

school group assertive training, aggressive behavior, adolescent students, 11303
school reentry, 5–17 yr old cancer patients, 11241
score correlations between WISC-R & PPVT-R, 6.2–14.5 yr old students referred for psychiatric services, 13696
semantic differential & drawings & written compositions, assessment of conceptions of future, 5th & 8th & 11th graders, Sweden, 2143
SES & locus of control & IQ & self esteem, academic achievement & prediction of academic performance, secondary school students, Nigeria, 11229
sex differences, mathematical aptitude & achievement & participation, 7th–8th & 11th & 12th graders, 5-yr longitudinal study, 2057
social support, single parent families of high vs low achieving 7–18 yr old students, 11231
socioprofessional origin & selection of self representation & sex, vision of personal future & school training, junior high vs high school students, 9020
sources of multidimensionality of achievement test scores & causes of changes in underlying structure between pre- & posttests, 7th graders, 4387
student characteristics & behavior, classroom behavior, secondary school teachers & students, 13625
system based on algorithm underlying response pattern vs conventional scoring of achievement tests, reliability & dimensionality of test scores, 8th graders, 9089
teacher education, personal construct systems used to relate to curriculum materials, secondary school & student teachers, 6552
teacher identification & intellectual vs creative giftedness & characteristics of recognized vs unidentified gifted students, gifted secondary students, UK, 4362
teacher inservice instruction regarding A. H. Maslow's hierarchy of needs, self concept, 3rd–8th graders from intact vs divorced families, 2082
teaching method, motivation & attitudes toward mathematics, 3rd–8th graders, 4278
teaching remedial spelling with music, junior high school students, 9070
test anxiety, scores on science achievement test, Black vs White male vs female 4th & 8th graders, implications for validity of test interpretation, 4421
time costs vs learning gains of mastery learning, 7th graders, 6581
validity of California Abbreviated WISC for Intellectually Gifted, screening, 6–16.6 yr olds referred for gifted placement, 6783
validity of Personal Attribute Inventory for Children, assessment of psychological adjustment, 11315
validity of R. A. Male & D. Perrone's instrument, identification of gifted achievers, junior & senior high school students, 6795
validity of teachers' evaluations, assessment of classroom behavior, 12–13 yr old males with learning problems, 6784

Junior High School Teachers
accuracy in identifying gifted students, primary & secondary school teachers, 2167
attitudes toward deviant behavior, secondary school teachers vs male recidivist convicts, Brazil, 12932
cluster analysis, intrinsic teaching roles, secondary school teachers, 11194
efficacy of & teacher attitudes toward special class placement & achievement rating, mentally retarded junior high school students & teachers, Taiwan, 2097
job satisfaction, 30–55 yr old public vs private secondary school teachers, 13534
perceptions & attitudes & reporting of child abuse/neglect, elementary & junior high school teachers, 8204
planning processes & strategies, elementary & secondary school teachers, 8976
reports of negative vs positive classroom interaction, 8th graders & their teachers, Norway, analysis of comments from earlier study, 11240
student characteristics & behavior, classroom behavior, secondary school teachers & students, 13625
teacher inservice instruction regarding A. H. Maslow's hierarchy of needs, self concept, 3rd–8th graders from intact vs divorced families, 2082
time management program, instructional behavior, junior high school resource room teachers, 11174

Junior High Schools
development of secondary school reading program adjunctive to physical education curriculum, 2035
financial incentive program, reduction of vandalism, elementary & secondary schools, 8998
implementation of peer counseling program, secondary schools, 9102
orientation program, adjustment to academic pressures & different organization of junior high school, 5th graders, 4312
perception of community dissatisfaction, school organizational structures, junior high & middle school administrators & teachers, 13524
profile of typical education program, secondary school counselors, 1982
service coordination role, city-county middle school counselors, 4231
student background characteristics & school characteristics & level of teachers' education, holding power, secondary schools, Israel, 4214
teaching methods, integration of reading instruction with subject areas in secondary schools, 2036

Jury [See Adjudication]

Justice
ability &/vs effort &/vs performance, perceptions of justice of equal vs unequal allocations of monetary rewards, 12681
concept of justice & need to consider own & others' ethical systems in correctional counseling, 4095
consideration of need in allocations & justifications, preschoolers, 7676
developmental tension, sense of justice, 9–27 yr olds, Finland, analysis of data collected by K. Tamminen, 5326
evolution of brain, implications for use of power & justice & law, 5046
fairness of opponent's behavior & merit of power & performance experience, threat frequencies & strategy decisions & outcome & satisfaction, 3395
level of fairness reasoning & values, participation in justice-related events, graduate students with mean age of 36 yrs, 8054
nature of sense of justice, 5575
psychological individualism & 19th century law & criminal justice policy, 1014

Juvenile Court [See Adjudication]

Juvenile Delinquency
age-based theory of delinquency, 3593
application of medicine & psychology, prevention & treatment of juvenile delinquency, 12893
attachments to peers & parents, delinquent behavior, 10–18 yr old males, test of social control vs differential association learning theories of causes of delinquency, 8190
discriminant analysis, offenders sentenced under Federal Youth Corrections Act rehabilitative vs regular punitive disposition, 11028
distribution & nature & pattern in self reported delinquency, male vs female 11–17 yr olds, 5842
educational background, juvenile court workers & personnel of detention facilities, 1939
evaluation of proposal to lower jurisdictional age of juvenile court, 5582
family structure & parental & household characteristics & parent-child relationships, prediction of delinquency, parents & their male vs female 13 yr olds, 1239
juvenile correctional institutions, India, 11038
juvenile justice standards, implications for mental health services, 7919
lack of validity of Hostility and Direction of Hostility Questionnaire with juvenile delinquents, 12–16 yr old males, 11704
learning disorders, delinquent & criminal behavior, literature review, 1119
parental supervision, juvenile delinquency, literature review, 12910
perceived problems & recommendations, guided peer group interaction treatment programs, troubled 13–17 yr olds & staff members, 1531
perceptions of juvenile delinquency, mothers & high school & college students & junior & senior high school teachers & police probation officers & psychologists & correction service personnel & delinquents, 3613
presence of plainclothes patrol officers issuing juvenile citations, criminal incidents, 13394
school influences, delinquency & delinquency prevention, 8189
self concept & norm & attributed neuralization & norm violation, working class males examined as 6th & 9th graders, 10448
self concept, subsequent delinquency, high school students, 10510
sequence of traumatic childhood events vs onset of delinquency vs initiation of illicit drug use, drug addiction, opiate addicts, 1266
trust & anger & client characteristics & family dynamics & parental denial of problem, violent adolescents, 8207

Juvenile Delinquents [See Also Female Delinquents, Male Delinquents]
age & sex & race & birth order & parental presence & family income level & religion & geographic locale & type of delinquency offense, loneliness, 12–18 yr old delinquents, 5886
alcohol-related arrests & convictions, juveniles & adults, US vs India, 1263
attitudes toward juvenile rehabilitation, lawyers & judges & correctional administrators & legislators & prison guards & inmates, 13393
behavioral & family intervention, recidivism, juvenile delinquents, 4106
change in Virginia state juvenile code, intended vs actual penetration into juvenile justice system, juveniles arrested during 1-yr period, 3331
cognitive style & locus of control & personality traits, White vs Native American juvenile offenders, 12949
community-based day care treatment, spelling & math achievement & personality & intelligence & recidivism, juvenile delinquents, 13389
coping with indeterminate sentences, violent 14–18 yr olds in juvenile vs adult facility, 13399
development & application of individual choice model, demographic & sociocultural factors which influence type of crime committed, 10–18 yr olds charged with property offenses, 3597
efficacy of vocational rehabilitation, 14–17 yr old delinquents, methodological implications, 13403
factor analysis of screening scales, incarcerated juvenile delinquents, 9384
family affiliation, decision to petition court for formal hearing & hold in preadjudicatory detention, arrested 10–18 yr olds, 3327
family construction & SES & academic career & achievement & educational & occupational expectations & type & frequency of misbehavior, juvenile delinquents, 3608
family environment, recidivism, juvenile delinquents from single vs 2-parent families, social work implications, 3627
family interactions, delinquents with mean age of 12 yrs apprehended for assaultive crimes vs stealing vs nondelinquents, 5868
functional behavior analysis, 13–17 yr old residents & 20–60 yr old staff of juvenile detention center, 13390
group therapy, parents of delinquent children, 10747
Holtzman Inkblot Technique scores, male 13–16 yr old juvenile delinquents, replication of study by E. I. Megargee, 4782
incarceration, academic achievement, learning disabled 12.1–17.2 yr old juvenile delinquents, 11023
inpatient vs outpatient treatment, social functioning, drug abusing delinquents with mean age of 16 yrs, 4108
interparent agreement on Behavior Problem Checklist, mothers & fathers of delinquent vs nondelinquent 10–18 yr olds, 2440
juvenile diversion program, recidivism, 8–17 yr old delinquents, 6467
mobilization of grandiose self & utilization of wake-dream analysis during psychoanalysis, juvenile delinquent, 6118
music as reinforcement & behavior modification techniques, music therapy, developmentally disabled & mentally retarded & juvenile delinquents & students & patients, literature review, 8517
parole supervision discharge, recidivism, youths, 11033
perceptions of individual vs group fights & correlation with deviant lifestyle & background & attitudes, 18–19 yr olds, 1233
perceptions of juvenile delinquency, mothers & high school & college students & junior & senior high school teachers & police probation officers & psychologists & correction service personnel & delinquents, 3613
personality subgroups delineated from cluster analysis of Eysenck Personality Questionnaire, number of previous convictions &/vs type of offense, 14–17 yr old delinquents, partial support of H. J. Eysenck's theory of criminality, 8212
personality type, recidivism during 3-yr followup, 15–21 yr old male delinquents, 8213
problems & needs, juveniles confined in adult detention facilities, 6464
psychoanalytic theory, criminal behavior & treatment in correctional setting, delinquents & criminals, 11021
psychosocial characteristics, 1–17 yr old delinquents discharged from approved school, Nigeria, 1958–76, 1854
psychosocial treatment, appetitive & addictive disorders, delinquents, 1879
psychotherapeutic techniques & processes during middle phase of psychotherapy, antisocial adolescents, 6105
Quick Test & WISC-R & Wide Range Achievement Test performance, White adolescents in juvenile detention center, 2453
role of social workers, counseling juvenile delinquents, 1770
situational factors, disputes leading to criminal violence, 16–20 yr old & adult offenders, 10469
use of interview vs questionnaire & type of questions in data collection, identification & perceptions of delinquent & nondelinquent youths, neighborhood residents, 5650
values & self concept, normal males with mean age of 17.1 yrs vs 16–19 yr old juvenile delinquents, 8219
Juvenile Gangs
factors related to successful rehabilitation, seceders from organized criminal gangs, 4097
police program for employment, police detentions, 14–16 yr old gang members, 11044
Karyotype Disorders [See Chromosome Disorders]
Kenya
age & developmental level & caregiving history, attachment, 6–30 mo old polymatrically reared Gusii infants, Kenya, failure to find evidence for sensitive phase for imprinting in humans, 10079
feeding behavior, adult yellow baboons, Kenya, 405
frequency & pattern of hallucinations, male vs female schizophrenics, Kenya, 12847
modernity of dress of human figure drawings, Kipsigis vs Logoli vs Gusii male vs female high school students, Kenya, implications for role of values in drawings, 7806
prevalence & frequency of K. Schneider's 1st rank symptoms, schizophrenics, Kenya, 12846
Keypunch Operators [See Clerical Personnel]
Kibbutz
dissimilarity in values & social structure & job characteristics & job satisfaction, work-leisure relationships & leisure activities, kibbutz vs urban residents, Israel, 10118
evolution of position of family & implications of family for economic & social control & sex roles, kibbutzism, Israel, literature review, 935
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father, 3.5–11.5 yr olds, Israel, 12480
Kidney Transplants [See Organ Transplantation]
Kidneys
lithium, 24 hr variations in plasma & red blood cell lithium & drinking behavior & body & kidney weight & corticosterone levels, male rats, 5244
nephrectomy vs food deprivation, spontaneous & angiotensin induced drinking, male rats, 7492
psychological adjustment to kidney transplantation, 25 yr old male, 6323
renal sex secretion & male hierarchy, mating & reproduction, male adders, 5123
Kinases
cyclic adenosine monophosphate-dependent protein kinase, input resistance & voltage-dependent potassium current in type B photoreceptors, nudibranch Hermissenda crassicornis, 5183
Kindergarten Students
aural & visual segmentation ability, reading ability, preschool & kindergarten & 1st grade students, 3155
behavior analysis, assessment of effectiveness of organized games in prevention of aggression on playground, kindergartners through 2nd graders, 2029
code systems instruction, perceptions of purpose & nature of reading & reading ability, kindergartners, 8984
conflict between teaching & parenting roles, participation in home tutoring program, parents of culturally deprived kindergartners & 1st graders, 4299
efficacy of tutoring in visual information processing, visual processing & academic achievement, Hispanic kindergartners through 2nd graders determined to be poor visual processors, 2033
enrichment program in kindergarten, psycholinguistics & psychomotor & visual perception & social skills, preschoolers with minimal brain dysfunction, longitudinal study, 13647
evaluation of Guard Training Program vs Pedestrian Safety Instructional Package, quality of instruction given by crossing guards & children's street crossing behavior, kindergartners & 1st graders & adult crossing guards, 13598
exposure to collection of Oriental art, color & texture & composition of drawing, kindergarten through 6th grade students, implications for school curricula to foster development of right side of brain, 11198
home intervention sensory integration program, male kindergartner with delayed development & distractible behavior, 9034
incorporation of play experiences & materials into curriculum, development of appropriate classroom behavior, kindergartners, 2019

individual vs group nutritional & social skills training, kindergarten students, 2046
instructional materials, acquisition of basic skills, infants & kindergarten & primary students & developmentally delayed children, Australia, 13650
logical reasoning ability & visual-motor integration & verbal development, achievement scores in kindergarten & 2nd & 3rd grade, kindergartners, 13611
motor performance & self concept, mainstreamed handicapped vs nonhandicapped kindergartners through 3rd graders in physical education classes, 4356
naturalistic assessment of teacher commands & child compliance & positive vs negative teacher feedback, teachers & kindergartners through 3rd graders identified as making vs not making good social adjustment, 13629
participation in preschool efficacy oriented intervention to internalize locus of control for success/failure, academic achievement, kindergartners & 1st graders, 6657
play activities & reading achievement, kindergarten students, 2061
predictive validity of Screening Test of Academic Readiness, incoming kindergartners, 11333
preschool experience & family environment, cognitive & social development, kindergartners measured at entry & end of school year, 1-yr followup, 780
program &/vs classroom design changes, book related activities during free-play time, kindergartners, 4292
program of motor & cognitive tasks, cognitive & motor skills, learning disabled kindergartners, 13572
prompting with vs without fading in beginning reading instruction, word recognition, kindergartners, 8986
rate & form of behavior problems & rate of teacher attention, mentally handicapped preschool & kindergarten students in mainstreamed vs treatment classes, 9039
reasons for student referral for psychoeducational evaluation & attributions for students' school problems, teachers of kindergartners through 6th graders, 9090
same/different discrimination techniques & readiness training & song vs no song tonal pattern training, tonal & rhythmic aural perception & vocal performance, 5.3–6.5 yr old female vs male kindergartners, 8977
score correlations between Revised Test of Visual-Motor Integration & Bender Visual-Motor Gestalt Test, kindergartners through 3rd graders, 13692
sex differences & sex bias on Form A of Boehm Test of Basic Concepts, kindergartners, 13693
sex differences & teacher participation, preferred play activities, 4–5 yr old kindergartners, 9023
teacher vs peer nomination vs pupil product vs Draw-A-Man test vs Leiter International Performance Scale, identification of intellectual superiority, Black kindergartners & 3rd graders, 9108
temperament, adjustment to group settings, children in kindergarten vs Head Start program with mean ages of 68.6 & 46.7 mo, 2078
training games, phonetic segmentation skills, kindergartners, 4267

Kinesthetic Perception

battery of stereognostic tests, differentiation between normal Ss & patients with focal brain lesions, 8275
conflict between visual & vestibular stimuli, motion sickness, squirrel monkeys, 12189
direction of hand movements relative to body in haptic tracing of lengths, radial-tangential effect, college students, test of T. S. Wong's moments of inertia hypothesis, 11776
electrical stimulation of cutaneous & muscle nerves & noxious vs innocuous mechanical stimulation of muscle & tendon & cutaneous tissues & intra-arterial algesic substance injection, ventroposterolateral nucleus responses, cats, 12216
exproprioceptive information available in optical flow arrays induced by curved paths of observation, 11819
hypnotic susceptibility factors & mental imagery of visual scenes vs visual/kinesthetic actions, college students, 2557
mental practice & standing vs supine position, accuracy of blind kinesthetic positioning, 18–44 yr old college students, 7119
occurrence of reference stimulus in variable temporal contiguity with rapid voluntary muscular contraction, perceived temporal sequence of stimulus & contraction, humans, 11778
unexpected sensory & postural support conditions, environmental context adaptation of postural reactions & simple arm movement execution, humans, 203

Kinship Structure

barriers to helping relationship & understanding & utilizing strengths & ecosystem of Black families, social workers, literature review, 6384
birth of child, relationship between daughters & mothers & mothers-in-law, 7879
construction of social reality, ties to kin, families, 7893
discrimination between full & half sisters, honey bees, 9599
disinheritance patterns as illustrations of kinship reciprocity & destruction, literature review, 5544
family & kinship structure & rights & obligations, Filipino Americans, 10144
geographical dispersion & patterns of kinship ties, adults, 3297
inheritance practices, preliterate vs complex societies, literature review, 5499
kinship & family's everyday meaning, assignment of family status in treatment & informal relations, nursing home & residential treatment center & rehabilitation hospital patients, 6070

Knowledge Level

age, development & nature & functions & intelligence & wisdom & cognitive ability, 805
algebraic structure of idea set, implications for knowledge acquisition, 290
attitudes toward & knowledge of mental illness & mental health services, rural residents, 10674
brief study of aging, knowledge & attitudes toward elderly, 1st yr students of osteopathic medicine, 1956
conceptualization & investigation of common sense knowledge, 9501
cue sentences with vs without knowledge of relevance to subsequent problem solving task, use of cue information, college students, 7171
curvilinear impetus belief, observations & interactions with moving objects, college students, 4852
development of Elderly Persons' Attitudes Toward Children, assessment of affective & cognitive & behavioral attitudes toward children under 12 yrs, aged, 3148
dilution of predictive information about individual by receipt of poorly correlated information, use of predictor variables, college students, 1085
domain knowledge vs strategies, age differences in processing speed, children vs adults, 7749
drug education course, drug attitudes & knowledge & usage, 7th & 8th graders, 6645
education & knowledge, adaptive responses during emergencies & in threatening situations, college students, 13660
efficacy of sex education program, mildly & moderately retarded Ss with mean age of 22 yrs, 2134
encoding & storage & retrieval conditions, frequency & accuracy of feeling of knowing judgments in episodic memory vs recall vs recognition, college students, 4961
experience in sport skills & contextual interference, learning & transfer, 1st–3rd graders, 12404
gerontological knowledge, attitudes toward aged, religious college & graduate students, 3283
grade level & reading ability, knowledge of orthographic structure, 1st vs 2nd vs 3rd graders, 5380
group cohesiveness, attitude polarization & knowledge acquisition in strategic planning context, business students in role of product manager vs strategic planner, 9161
health screening program vs health education learning module, health knowledge, 4th graders, 11206
knowledge & opinion about cervical smear test, 16–17 yr old male vs female vocational students, 11238
knowledge & orientations toward medicines vs abusable substances, urban kindergartners through 6th graders, 5289
knowledge & tactics for development of strategic reading skills & comprehension, beginning readers, 13607
knowledge & use of & attitudes toward biofeedback, physicians, 1618
knowledge of & attitudes toward educational placement of handicapped children, New York City Committee on Handicapped, 6723
knowledge of & attitudes toward solvent & aerosol abuse, Saskatchewan retailers, 8194
knowledge of & beliefs about breast cancer, breast self examination, athletic vs nonathletic females, 3472
knowledge of answer to question to be relayed, relaying vs answering of question, 5.5–9.9 yr olds, implications for apparent errors in interpretation of directives "ask" vs "tell", 853
knowledge of being in control group, performance on & attitudes toward experimental task, college students, 4701
knowledge of children's legal rights, school psychology graduate students vs interns prior to employment, 13528

knowledge of children's legal rights, teachers, implications for inservice training, 13531
knowledge of diabetes & locus of control, diabetic control, 5–19 yr old insulin-dependent diabetics, 3711
knowledge of experimental hypothesis & instructions to play role of cooperative S, perception of experiment, college students, partial support of D. E. Carlston & J. L. Cohen's work, 11564
knowledge of L. Kohlberg's moral development theory, moral development stage, college behavioral science students, 762
knowledge of normal development & developmental disabilities & comfort in discussing epilepsy vs mental retardation vs hyperactivity, parents & pediatric residents, 3502
knowledge of process behaviors, job performance, operators, 11366
knowledge of special education legislation for handicapped children, physicians, 4171
knowledge-as-status perspective on epistemology, 2330
learning of high risk for premature heart disease, psychological stress response syndrome, 35–57 yr old males, 13028
levels of depth of understanding & clarity, process of understanding written texts, 9504
mobilization of prior knowledge, free recall, college students, 2657
model of motivation for marketing information acquisition & knowledge transfer, implications for advertising, 2290
necessary information about diagnosis & special education, parents of learning disabled children, 1313
need for knowledge about diverse cultures & health beliefs & oneself, health workers in cross cultural settings, 13461
onset asynchronies of complex stimulus sport problem & mask & level of athletic expertise, response accuracy, basketball players with mean age of 22.1 yrs, 7158
ontological knowledge, judgments of sentence meaningfulness, college students, attempted replication of F. Keil's study, 7651
organizational type, information/privacy values & beliefs & attitudes & behavioral intentions, adult Ss, 12583
perceptions of knowledge adequacies & inservice training needs & identification of vital instruction areas, rehabilitation educators, 8854
performance on French language test intended for 11–12 yr olds, college students & primary & secondary school teachers, France, 7652
rationale for informed consent, human Ss, 11760
reasons for growth in vocabulary knowledge, elementary school age children, 12417
repetition of statements of uncertain truth value, changes in perceived truth of statements, college students, 268
results of questionnaire to assess self evidence of basic principles of psychology, college introductory psychology students, 13574
self estimated & actual knowledge of gender traditional & nontraditional occupations, male & female college students, 9133
sex education, perception of own vs practicing physicians' sex knowledge & attitudes, sophomore medical students, 6522
sex knowledge & attitudes, Arab vs American medical students, 1931
skill in use of sign language, learning meaning of formationally similar invented signs, deaf precollege students & hearing staff members, 3758
sociology of psychological knowledge & Marxist-Leninist ideology & belief in genetic basis for individual differences in intelligence, 9220
specialized intervention in employee assistance program, knowledge about alcoholism & referrals to program, female employees with drinking problems, 11055
staff inservice training on behavior modification, staff knowledge & client behavior, residential care facility staff & mentally retarded 23–60 yr olds, 8928
stimulus infants identified as male or female, knowledge of & application of gender stereotypes, 1st–2nd graders, 5465
subject knowledge & attitudes, recall & recognition of passages, college students, 294
summer camp & age & sex, knowledge & skills in management of diabetes, 10–15 yr old patients, 10680
target salience & time pressure & prior knowledge, judgments of target's influence in social situation, college students & 16–18 yr olds, 913
thematically related vs unrelated facts, attenuation of fan effect & consistency judgments & RT, college students, 4960
topical knowledge & interest, prediction of listening comprehension, 1st graders, 9007
validity & reliability of Aging Sexuality Knowledge & Attitudes Scale, assessment of sexual attitudes & knowledge with reference to aged, aged & family members & co-workers, 2479
validity, measures of drug usage & knowledge & attitudes, male inmates, 11700
validity of self reported confidence & rated importance of knowledge of research competencies & attitudes toward educational research as predictors of research quality & quantity, graduate & postgraduate education students, 4432
validity, tests measuring nutritional information level, 4th graders, 9093

Knowledge of Results
feedback, performance of Piagetian conservation tasks, 6.5–7.5 yr olds, Nigeria, 12432
knowledge of results & goal setting, maintenance of RT speed, female college students, 7208
knowledge of results & goal setting mode, causal attributions, college students, 3408
knowledge vs postknowledge of results-delay interval & intertrial interval, motor performance, college students, 11782
self attentiveness & outcome feedback, task persistence, college students, 3471
training & feedback, voluntary physical exertion, 4851

Korsakoffs Psychosis
release from proactive interference & capacity for semantic encoding & temporal order judgments, patients with Korsakoff's syndrome vs verbal amnesia vs affective disorders & receiving ECT, 3761
retraining of verbal orientation through reality orientation approach, 68 yr old female with Korsakoff's psychosis, 1499
support for residual memory capacity, 31 yr old male with Korsakoff's syndrome, 8371
verbal & visual shape & visuospatial location information, short term retention, alcoholic Korsakoff amnesics vs alcoholics vs nonalcoholics with mean age of 60 yrs, 13026

L Dopa [See Levodopa]

Labeling
advances & problems caused by PL 94-142, handicapped, 13656
advantages of special & compensatory education without labeling, low-achieving elementary school students, literature review, 9067
analysis of social labeling theory, 5646
ascribing titles to oneself & others, acceptance of stereotypical behavior, male vs female university teachers, 4240
assigned attributes & mentally retarded label for videotaped children, attitudes & acceptance, undergraduate vs graduate regular vs special education teacher education students, 4374
attribution, implications for labeling, literature review, 1078
client psychosocial factors, colloquial descriptions & subsequent clinical decisions & patient care, physicians, 8602
determinants of self esteem, educable mentally retarded adolescents labeled as deviant, 10531
emotionally disturbed vs behaviorally disturbed labels, attitudes toward target groups, preservice & inservice regular & special education teachers, 13518
familiarity, popularity of names, 4841
family interaction & parental pride & children's personality adjustment, families with 1 vs both children attending gifted school programs, 757
formal vs familiar vs adolescent forms of common 1st names, inferences about personality of name bearers, college students, 3419
labeling & noncategorical approaches to service delivery, handicapped students, literature review, 13642
labeling as drug user, semantic source for built-in treatment failure, 11062
labeling, etiology of mental illness, literature review, 1163
labeling of child as high vs low SES, ability rating, college students, 3411
labeling theory implications, diagnosis & treatment, mentally ill prisoners, 6455
labeling via placement in segregated classroom vs regular classes, self vs maternal ratings of self concept, learning & behavior disordered 8.8–13 yr olds, 4340
labels & assigned attributes, ratings of peers, 4th graders, implications for teacher-student relations, 5474
methodological comments on labels & traits & interaction & types, femininity & masculinity & androgyny, reply to criticism of J. T. Spence, 4803
multidimensional scaling, ratings of men's names, college students, 12665
myth of learning disability in school systems, literature review, 2128
necessary information about diagnosis & special education, parents of learning disabled children, 1313
pros & cons of DSM-III, 5839

sex typed labeling of toys, exploratory behavior & information seeking & retention, preschoolers with mean age of 66.2 mo, 12397
special education labels & student behavior, expectations & behavioral intentions, high school teachers, 4242
therapeutic effects of pathological label, functioning, members of marital or family system, 6162
unusual first names & SES, IQ & emotional adjustment, literature review, 12750
verbal labeling of random nonsense shapes, probe-type serial-recall task performance, high vs low comprehending reading disabled 10 yr old males, 8250
viewing peer labeled as slow vs fast learner estimate recall & attempt to remember items, estimates of own recall & actual memory, educable mentally retarded 12.9–14.9 yr olds vs nonretarded 8–14.9 yr olds, 1303
Labor (Childbirth)
childbirth educator communication skills training, postpartum reports of pain during labor, new parents, 6314
factor analysis, intrapartum fetal heart rate patterns, neonates, 759
fetal heart rate during last hr of labor, attention-orientation & temperament & arousal, 2–3 day olds, 760
Labor Management Relations
application of arbitral decision policies, labor arbitrators, 4496
collective bargaining simulation exercise combined with lecture & discussion & case analyses, learning & attitude, college students in labor-management relations course, 6651
history of quality circles & labor relations, Japan, 13745
labor-management issues, quality of work life & productivity, comment on E. E. Lawler's article, 11444
organizational characteristics, supervisory-management relations, 21–60 yr old supervisors from manufacturing organization, India, 11394
organizational climate & occupational stress as reasons for 1981 strike, unionized air traffic controllers, 4526
policy making & management in management-labor vs business-government vs industry-environment vs business-business relations, Japan vs US, 4507
potential sources of conflict with employing organization, technical & professional employees, 2269
representatives' power within own organization, outcome of negotiations, college students, implications for labor management bargaining, 3387
role of lay councils in democratic decision making, employees, 4501
Labor Relations [See Labor Management Relations]
Labor Union Members
organizational climate & occupational stress as reasons for 1981 strike, unionized air traffic controllers, 4526
Labor Unions
attitudes toward trade unions & employee self government, industrial employees, Poland, 6862
DEMOS project, support of local union action & research for democratization of planning in work life, 11437
Laboratories (Educational) [See Educational Laboratories]
Laboratories (Experimental) [See Experimental Laboratories]
Laborers (Construct and Indust) [See Blue Collar Workers]
Laborers (Farm) [See Agricultural Workers]
Labyrinth (Anatomy) [See Also Cochlea, Semicircular Canals, Vestibular Apparatus]
complete cochlear & complete vs partial vestibular hair cell destruction, round window & cortical auditory EPs, guinea pigs, 12227
ethanol, recovery from vestibular disturbance following labrinthectomy, guinea pigs, 3069
mechanoelectrical transduction & structure of hair cells in acousticolateralis system, literature review, 12097
Labyrinth (Apparatus) [See Mazes]
Labyrinth Disorders [See Menieres Disease, Motion Sickness]
Lactation
access to diets varying in fat vs carbohydrate vs protein content, body weight regulation during pregnancy & lactation, female golden hamsters, 9688
classical conditioning, reflex of milk ejection, lactating dairy cows, 7275
domestication & genotype & family group & sex, infanticide & parental behavior, non-lactating wild & laboratory house mice, 2753
lateral midbrain tegmentum lesions, sexual behavior & lactation, rats, 592
light vs auditory stimulation during suckling period, milk ejection, pinealectomized lactating rats, 599
pregnancy & lactation, reactivity to nest odors, female rats, 7456
responses to stressful stimulation, milk production in loose housing, cow breeds, 2924
Lag (Response) [See Reaction Time]
Landscapes [See Topography]
Language [See Also Adjectives, Adverbs, Alphabets, Antonyms, Bilingualism, Conversation, Cursive Writing, Dialect, Ethnolinguistics, Etymology, Foreign Languages, Form Classes (Language), Grammar, Handwriting, Handwriting Legibility, Homographs, Homonyms, Inflection, Language Development, Letters (Alphabet), Linguistics, Literacy, Metaphor, Monolingualism, Morphemes, Morphology (Language), Multilingualism, Nonstandard English, Nouns, Numbers (Numerals), Orthography, Paragraphs, Phonemes, Phonetics, Phonology, Phrases, Printing (Handwriting), Pronouns, Psycholinguistics, Public Speaking, Readability, Semantics, Sentence Structure, Sentences, Sign Language, Syllables, Synonyms, Syntax, Transformational Generative Grammar, Verbs, Vocabulary, Words (Phonetic Units), Written Language]
acoustical spectra of Spanish vs English vowels, implications for interference in bilingualism, 731
African American language & American English in education, African American children, 13499
attitudes about communicative efficiency & social aspects of Tok Pisin pidgin language, indigenous vs expatriate speakers, Papua New Guinea, 732
attitudes toward children's home language & English language in schools, Muslim fathers in families who came from India, UK, 12347
aural vs visual stimulus presentation, commonality & repetition of word association response, college students whose native language is French vs Japanese vs English, 11861
categorization & naming of colors, speakers of Tarahumara language, Mexico, 7648
Developmental Education Birth through Two early intervention project, fine motor & social & language skills & subsequent student placement, at-risk & handicapped children with mean age of 16 mo & their parents, 2125
digit span size & pronunciation speed, capacity for short term memory of digits, Ss speaking Cantonese & English, 7103
English vs SEQUEL, solution of computer data retrieval problems, 18–30 yr olds, 13794
evaluation of language function by Wada Test & cortical stimulation & clinical examination, 23–45 yr old Chinese- & English-speaking polyglots with aphasia or dysphasia, 3749
